**VIPs AND BEEFSTEAK** . . . Looking over some of Poly's prize beef, and chatting informally during the state judges conference over the weekend, are, left to right, Lyman Bennion, head of the Animal Husbandry department; Tevis Paine, director of public relations for the Los Angeles County fair; Jim Crawford, A. H. major; and Vard Shepard, dean of agriculture. The conference, sponsored by Western Fairs Association and Cal Poly, was held in the new cafeteria for judges at western fairs. (photo by Martin Pigoten)

## Forty Candidates On Class Ballots

Forty candidates vie for 15 offices in class elections with voting scheduled from 9 a.m. to 5 p.m. today and 9 a.m. to 1 p.m. tomorrow in front of the post office.

"This is probably the largest turnout for candidates Cal Poly has had in years, or possibly ever had, and I think the biggest on the coast this year," commented Inter Class Council Chairman Dan Haley.

Twelve candidates are on the senior class ticket and include Don Ferguson, Gerald Cleaver, Bill Farnini and Robert Yount for president; James Hart, Peter Reitz, Mary Ann Tomasini and Joe Cotchett, write-in, for vice-president; Richard Nute for secretary; Dan Gottlieb and John Isaac for treasurer; and Al Boyce and Richard Abrams, write-in for S. A. C. representative.

Junior class candidates number 18 and are Tom Lingham and Tom Rasmussen for president; Sue Gibson, Bill Green and Bob Lucas for vice-president; Charlene Cobb and Sherrie Keller for secretary; Dick DeField, John Hindman and Zell McLelland for treasurer; and Dick Chilson, Jerry Kechter and Patay Rodriguez for S. A. C. representative.

Sophomores had the biggest turnout with 18 candidates. Running for president are Joan Estes and Lee Forman; for vice-president are Jim Corsino, Bruce Henison and Jack Keyes; for secretary are Zoe Bessack and Barbara Hannon; for treasurer, Elaine Manson, Charles Johnson, Patti Soule and Dick Warner; and for S. A. C. representative are Al Amaral, Jim Clark, Mary Crowe and Dave Kosoff.

Results of voting will be announced at the spring football game tomorrow night.

## Barb Wright, Ron Pardini Lead Pop Crew Next Year

Song girls and yell leaders for next year have been elected by the rally committee and will put in their first appearance at the opening football game in September.

Heading the song girls will be Barbara Wright, San Luis Obispo. Other song girls are Barbara Rhodes, Huntington Park; Berta Keeble, Concord; Mary Murphy, Laguna Beach; Faye Clausen, King City; and Joan Estes, Burbank.

Ron Pardini returns to head the yell leaders and will be aided by Gale Manley, Hugh Dayton, Frank Garcia and Morris Skendarian.

Try-outs were held before the rally committee. Twelve students tried out for each of the positions.

## Winner Urges Seniors To Participate in Graduation Program

"All graduating seniors are encouraged to participate in the commencement exercises scheduled for the football stadium at 3 p.m. Saturday, June 13," said Paul Winner, associate dean of admissions.

"If individuals find they will not be able to attend the exercises, they should notify the Recorder's Office at the earliest possible date," he said.

Diplomas for graduating seniors who cannot attend commencement will be mailed as soon as possible after the program.

## Musicians Perform For Monday Club

The Cal Poly Women's Glee club will sing at the Monday club in San Luis Obispo Thursday for members and their husbands.

Bill Jones and the Collegiate Quartette are also scheduled to appear on the program. Jones will sing several solos accompanied by Basil Hubiak on the piano.

## Circle K Wins Homecoming Theme Contest

"Mardi Gras Holiday" has been chosen for the 1959 Homecoming theme, Oct. 24. Circle K, club submitting the theme, will be first to have its name inscribed on a perpetual plaque awarded annually for the best theme.

Jim Evans, parade chairman, said, "This theme gives a wide variety for float entries so there will be no duplications."

"Letters are being sent to all recognized living groups and clubs with preliminary instructions and an entry blank," explained chairman Jerry Cleaver. "Applications may be submitted to the A.S.B. office anytime until the deadline of Oct. 9. It is to the organizations' advantage to submit entries before summer in order to have first choice of ideas."

A new division has been included in the parade. A first place trophy, and second and third place ribbons will be awarded to winners in recognized on and off campus living groups.

## Battle of Sexes Set for Discussion

The battle of the sexes will be discussed at Open Forum tomorrow night at 8 in Adm. 212.

Monism and the roles relationships of men and women in our seemingly confused society and what they should be will be considered, according to Bob Bailey.

"To lead the slaughter (present the case) for the natural superiority (or inferiority—have it your own way) of women (or men) will be Miss Ena Morrison of the English department and Mrs. Mary Etta Murray, associate dean of students," Bailey said.

"Open Forum, non-partisan student inspired and unorganized invites you to come and join the fray (for your side or the other or neither—mugwump!)," commented Bailey.

## Future Depicted in Theme of Poly's Annual Report

A theme of "Building for the Future" highlights the 1958-59 Cal Poly annual report just released by President Julian McPhee.

Referring to the year in the foreword of the report, President McPhee describes it as "a year of building—of building for the future." The college has been quietly, steadily at work laying the foundation of a greatly increased potential for service.

## College Judging Contest Slated For Thursday

The 1959 edition of the all-college judging contest enters the ring Thursday at 4 p.m. in the livestock pavilion, according to A. O. "Oz" Nelson, general chairman.

The 4 p.m. time is set in the hope of avoiding conflicts with regularly scheduled classes, Nelson says.

Contestants will give oral reasons Thursday evening in B-8. The contest is open to all students on campus regardless of previous experience, and is organized and sponsored by the members of the 1958 livestock judging team.

Committee members are: Lilla Hunter and Don Tompkins, horses; Dave Rikansrud and Doug Snyder, beef cattle; Dave Rykebosch and Nelson, swine; and Jim Cody and Malcolm Kingdaz, sheep.

Former judging team members, beyond the 1958 vintage, will be invited to serve as the official judges of this year's event. Winners, in addition to having their names engraved on the "J. I. Thompson Judging Plaque," will receive stockman's sashes from the Boats and Spurs club.

John Panagakis

## Griddler Named Board Chairman

John Panagakis, junior Physical Education major from San Francisco, has been named chairman of the Board of Athletic Control for the 1959-60 school year.

Panagakis attended City College of San Francisco before coming to Cal Poly. He has played football two years here and will be back for his last year in the '60 season. He has also been active in the intramural program.

As chairman, Panagakis will be the Board's representative to S. A. C.

The function of the board is to coordinate the athletic program between the board, the associated students and the general public; to promote good sportsmanship both during and between athletic contests; to stimulate interest in athletics; to formulate and approve policy of intercollegiate athletic schedules and to establish ticket prices, distribution and seating arrangements.

"Our building effort has been far flung. It has concerned physical plant, faculty recruitment, curriculum, and administrative procedures and organization. Actual physical construction reached a new high for the history of Cal Poly with more than \$15 million worth of building currently in progress on the San Luis Obispo campus alone. On the Kellogg-Voorhis campus a complete new college plant is rising."

A section of the report dealing with the construction program shows that a \$41 million building program will be completed here and at Kellogg-Voorhis by 1960 and another totaling \$48,000,000 is planned for completion by 1963.

The report pointed out the fact that although needs represent only 10 per cent of the student body, they constitute 18 per cent of those on the latest scholarship honor roll.

Development of the student health service is reflected in the report that 25,000 student visits are now being made annually at the health center here.

Building of confidence among the industries of California is reflected by the placement report which shows the growth of the industrial interest in Cal Poly graduates over a four-year period and the high monthly starting salaries ranging from \$470 to \$810 for various categories of engineers which were paid to graduating seniors in the summer of 1958.

Statewide character of Cal Poly is stressed throughout the report with charts showing that students come from every area of the state.

## Eurokan To Head College Union Staff

Chairman of next year's College Union Board is Paul Sullivan, Dairy Husbandry major from Eurokan.

Elected by the outgoing Board, Sullivan has served as chairman of the assembly committee this past year. He transferred from Humboldt State College last year, and since then has been active in the Dairy club and on the Dairy Judging Team, as well as College Union. He will be replacing Paul Wilson.

Other officers of the Board for 1959-60 are vice-chairman for Personnel, Jack Charlson; vice chairman for Public Relations, Stan Brager; corresponding secretary, Barbara Hannon; and treasurer, Sue Bromley. A recording secretary is yet to be named.

The remainder of the Board is composed of chairmen of six activity committees and three advisors. New chairman are: Peter Reitz, assembly; Tom Bragg, dances; John Crow, drama; Fred Blacksmith, games and hobbies; Allan McCoy, outings; and George Maybee, socials.

Gene Rittenhouse is President's representative to the Board. Dr. Arnold Dean is Faculty Advisor, and Mrs. Kay Williams is activities advisor, as well as sponsor for each committee.

New officers were installed Monday night at a banquet in the South Cafeteria.

After the dinner, the College Union Board presented a satirical skit entitled, 'College Union Board' in which each member gave characterization of another member.

**SIDEWALK SUPERINTENDENTS** . . . Supervising construction of the gym, and biting nails while watching the two men connect the steel beam, are these "between classes" students. Erection of the overhead beams caused considerable interest Friday as the two men on top dangled on the ends of the beam while the derrick worked them into place. The gym is scheduled for completion September 1. (photo by Steve Mott)

## McPhee Pays Tribute To Dean C.E. Knott

Following is a letter from President Julian McPhee to C. E. Knott, acting dean of engineering, who is retiring after 38 years of service to Cal Poly. (See story page 5)

Dear Elgin:

When a man has served one institution with his full heart and soul for 38 strenuous but fruitful years and decides the time has come for him to retire, what can be said to express the appreciation of his co-workers who know how much of himself he has given to the California State Polytechnic College?

I have written many letters accepting the resignations of faithful employees who have decided to retire. In each case, it has been difficult to express adequately in mere words the appreciation I have had for their loyal efforts. But, Elgin, your case is actually the most difficult of all. I know of no Cal Poly employee who has served longer, more faithfully and made a more lasting contribution than you. And you have always done your work in the quiet, humble and unselfish manner of a true Christian gentleman.

I was thrilled this year, as I know you were, when the students recognized your foresight and fortitude in the development of the engineering program at Cal Poly by naming you the "Father of Engineering" at Cal Poly. It is truly an appropriate and significant title and one that you richly deserve.

It was kind of you to give credit in your letter of April 28 to your co-workers, including Dean McCorkle, Dean Hayes, and myself, for the work that we, too, have done in helping to develop the engineering program at Cal Poly. It is certainly true that nothing much of value in this world is accomplished except by the combined efforts of many people. But as a teamworker few are your equal, Elgin, and this attribute of yours of being both a good leader and a good teamworker has resulted in much of what is fine and lasting in Cal Poly's growth.

You can take much personal credit, Elgin, for the development of Cal Poly from a small vocational high school to the great college that it is today. It has been a real pleasure to have been associated with you during the last 38 years of your 58 years at Cal Poly.

To make this letter accomplish its official purpose, I say, regretfully, that I accept your resignation to become effective August 31, 1959. I sincerely hope that starting on September 1, you and Mrs. Knott will have many years of happy retirement ahead of you. Alma joins me in wishing you and Pearl much enjoyment in the travel plans which you have laid out for yourselves. We hope, of course, that you will always keep San Luis Obispo as your home base and that you will come and see us at our home or the office whenever you find it convenient to do so.

Very sincerely,  
Julian A. McPhee  
President.

### Good Named President Of International Club

Madan Sharma, Electrical Engineering student from India and past president of the International Relations club, turned over the gavel to Lisa Fye during club elections last week. Lisa, born of American parents in Brazil, will take office with S. S. Virk from India, vice-president; Neil Butt from India, secretary; and Mike Parhi, from Israel, treasurer.

Miss Fye represents the first need to hold the president's office in the club.

Ex-president Sharma was given credit for promoting better understanding among all nations and planning several international activities. Co-workers with Sharma were Henry Caspades from Cuba as vice-president; Conrad Bryant from U. S. as secretary; Jimmy Naka from Jordan as treasurer; and Ahmad Salehi of Iran as program chairman.

William Kirkpatrick will remain faculty advisor.

### EE Wives. . .

The last meeting of the year of Electrical Engineering Wives is scheduled for tomorrow night in Lib. 110 at 8 p.m.

Installation of new officers is on the program. New officers are: Betty Zimmerman, president; Pam Ledgerwood, vice-president; Dorothy Thurn, secretary-treasurer; Peggy Pate, social and publicity chairman; and Joyce Oberholser, membership chairman.

### ROTC Honors Go To Six Students

Distinguished Military Student honors for six students have been announced by Captain Dewey E. Brown.

Receiving the honors are Fred Angell, Ron Lamson, Mike Meabrocker, Ronald Reich, Dan Suzuki and Bruce Wilson.

I was passing a sportsfield just as the javelin thrower made a record throw.

## Mein Kempf

by Dave Kempf

**INGENIUS STUDENTS** can always find a way to solve parking problems. We have noticed several male students have put into operation this solution:

### What Do You Think?

Do you think students want a campus radio here? Why?

Bruce Cowie, Porra

Animal Husbandry

"Yes, it would make for a better variety in musical programs."

Hugh Dayton, Long Beach

Electrical Engineering

"Yes, it would insure better programming, music and otherwise. Students could publicize more activities. It would be a definite asset to our campus, as everyone does not like the music on the Cal Poly show."

Lynn Boynton, Bakersfield

Home Economics

"Yes, all school events would be better publicized. A radio station would also enhance our 'learn by doing' methods."

Judy Willard, San Luis Obispo

Elementary Education

"I think if properly managed, to the majority's satisfaction, it would be a very worthwhile asset to campus life."

Howard Coburn, Paso Robles

Animal Husbandry

"Yes, it would give Poly a voice in San Luis Obispo and give the townspeople a chance to know the college better, as well as give students more of their own kind of entertainment, whatever it may be."

Paul Grill, Long Beach, New York

Animal Husbandry

"Yes, if programs were directed toward the interests of the general student body, eliminating departmental conflicts. I think this would be an excellent opportunity for students to be entertained and quickly informed of campus activities."

Ellis Fall, Modesto

Mechanical Engineering

"Yes, students who want to go into radio will gain practical experience aiding them in obtaining jobs after graduation."

Martin Fagan, Los Angeles

Electronics

"Yes, it will give students training in the actual operation of an educational-type radio station."

Judy Keener, South Plains, N. J.

Social Science

"Yes, it would give students a chance to exercise writing and speaking abilities, also giving them the entertainment they desire. A campus radio station would also be a good way to better relations between the college and San Luis Obispo. If we establish this station, it should be entirely student-run, with advisors, of course."

Bob Alberti, San Luis Obispo

Physical Science

"Yes, however, students haven't shown any interest thus far. Maybe if they realized that it actually could be established, a more active interest would be taken."

- 1—Get married.
- 2—Get wife a full time-job on campus
- 3—Have her collect the staff parking sticker due her.
- 4—Put sticker on family car. Result: Park in staff slot, while you go to class and she checks in to work.

—Main Kempf—

We see that Open Forum is going to discuss the battle of the sexes, so we decided to add our two bits worth with an interview of D. R. T. McElthy, campus playboy.

Q: "What makeup do boys like girls to wear, D. R. T.?"

A: "Boys like girls to wear as little as possible."

Q: "What would you do if your date was taller than you?"

A: "Everytime we came to a doorway, I'd tell her to duck."

Q: "Is holding hands permissible?"

A: "Holding hands, man, this is college, get with it Clyde."

Q: "Then one should kiss on the first date?"

A: "Yeah, no, make out like crazy."

Q: "Do men like possessive women?"

A: "Depends on what they possess. If it's money—OK, if it's a big fest, then bag her."

Q: "Now in conclusion Mr. McElthy, what advice do you have for the readers?"

A: "Yes, remember, there are a lot of couples who don't park in parked cars, the woods is full of them."

—Main Kempf—

**THAT REAL LONG face** you see around campus belongs to Everett Dorrrough, El Corral fountain manager. He's a Yankee fan. While Everett mopes, the rest of the baseball world snickers while the world champs wallow in the collar.

—Main Kempf—

And while we're talking about the Yankees, Manager Casey Stengel famous for his double talk came out with this one last week: "Baltimore sure has a bunch of lousy infielders, but what's the difference when their pitchers strike you out everytime?"

—Main Kempf—

Gold

White And Green Gridders Set For Intersquad Game

A chance to see the two best football teams in the CCAA conference perform will be in the offing tomorrow night when the Golds meet the Whites at 8 p.m. in Poly stadium. The annual intersquad game climaxes 20 days of spring football drills. Tabbed as two of the best and most evenly matched

teams in the history of Poly, the Whites will be coached by Sheldon Harden and Dick Mannini while Coach Howie O'Daniels and Bob Beathard will lead the Golds.

A preview of tomorrow's encounter was given Saturday in a short scrimmage that saw the Whites out-score the Golds 12 to 6. Both teams showed strong offensive clubs that can run or pass.

Gold quarterback Tom Klosterman hit six out of eight passes and John Panagakis, signal caller for the Whites, connected five for seven. All of Panagakis' passes went to end Curtis Hill, one for a touchdown.

The Golds scored first when Willis Hill drove across the goal line with a fourth and one situation. The touchdown climaxed an 80 yard march that saw hard-driving fullback Jim Criner make consistent good gains through the White line and some fine pass catching by ends Rich Tucker and Darwin McGill.

The Whites tried to bounce right back with the running of Benny Martin and the Panagakis to Hill passes, but they lost the ball when Claude Turner fumbled on the Gold 80 yard line.

Nevertheless, the Whites held the Golds to five yards in four

plays and took over on downs. Curtis Hill made a shoestring catch to put the ball on the three yard line. After a line plunge failed, Panagakis again threw to Hill which was good for six points.

The Whites second score came via halfback Roger Kelly on a 15 yard run around left end.

Sylvester "Boxcar" Cooper, 200 pound tackle from Bakerfield put on an outstanding performance in the Gold line. The big lineman frequently broke through the White line to stop running plays and hurry passes.

Quarterback Ted Tollner threw the longest pass, hitting halfback Tom Darnell for a 50 yard gain.

This will be the last intersquad game for juniors Rich Max, Carlos Gonzales, Klosterman, Turner, McGill, Bob Williams, and Panagakis.

Mustang Leftfielder Gains Mythical Nine

Bob Williams, Poly leftfielder, led his teammates in being the only Mustang chosen for a first string berth on the All-CCAA horsehide squad.

Pitchers Dave Regalio, 6-8 and Jim Newkirk, 5-8, were named to the all-conference second team.

Leading the green team with 16 conference RBI's Williams' .360 average helped him to gain the mythical squad along with Jimmy White, second base; Mike Mathison, shortstop; Leroy Gregory, pitcher, and Jim Lester, third base all of Fresno; Jerry Smith, first base; Gerald Wayne, outfield, and Robert Imley, pitcher, all of San Diego; Robert Hall, outfielder, Long Beach; Don Isaac, pitcher, Los Angeles, and Don Hauser, utility player Santa Barbara.

Poly Hoopster Stars On Frankfurt Team

Theo Dunn, former Cal Poly cage great, drew praise for his play in a recent service game held in Germany.

Although playing on the losing Frankfurt Allstars, Dunn scored 17 points. The NACOM Chronicle, military publication, called Dunn the defensive star of the night, and continued, "Dunn entered the game to stop the near rout and to keep the Allstars in the game throughout the first half. The superb rebounding of the big center moved the Allstars within six points with four minutes remaining in the first half only to have the margin increased to 18 points." Final score 97-65.

Dunn expects to return to college next year. He has one more year of eligibility which draws smiles from Coach Ed Jorgensen.

Poly Places Four Times in Regional Track, Field Meet

Vic Hall, Poly's versatile track man, won two events, setting a new record in the NCAA Pacific Coast small college track and field meet Saturday at Chico. Of four Poly men sent, three placed in the meet.

The splendid sprinter erased the old mark of 9.5 set by Mike Agostini of Fresno last year and put his own name in the record book with a 9.7 effort. Hall also won the 200 in 21.8.

Other Poly men placing in the meet were Charles Smith, tied for third in the high jump, and Dennis Hester who was fourth in the 440.

A new meet record was set in the high jump at 6-4 1/2 by Bob Sims of Pepperdine. Winning time in the 440 was 48.5 by Wayne Anderson of Redlands.

Eight new records were set in the 16 events.

Hall's next outing will be at the Modesto Relays, Memorial Day. He will be running against San Jose's world record holder Ilay Nerton and 1956 Olympic champion Bobby Morrow. This will be the third time this year the Poly trackman has run against the other two speedsters. Hall ran against them in the West Coast Relays at Fresno and at the Coliseum Relays in Los Angeles.

Hall is also slated to run in the NCAA national finals at Lincoln, Nebraska early in June.

Politics Stop Trip For Boxing Coach

Cal Poly's Coach Tom Lee does not think too kindly of politics these days.

The hard working boxing mentor almost extended his ring teachings to Burma but the trip was scuttled because of political unrest in the south eastern Asian country.

The story began in January when the department of state in Washington D.C. contacted Lee seeking his services for the International Educational Exchange Program. The likeable Mustang coach was to go to Burma to assist the National Fitness Council of Burma and the Burma Amateur Boxing Federation for one year prior to the 1960 Olympics to be held in Rome.

The program called for Lee making visits to Mandalay, Moulmein and other principal cities conducting basic boxing programs for all interested youth and giving more specialized training to advanced boxers and clinics for prospective coaches. Lee was to work with Burma's best boxing prospects for the 1960 Olympic Games and accompany the boxers to Rome.

The college had given approval for Lee's leave of absence. But Lee found the meaning of "politics is everywhere" when the trip was canceled by the state department because of political uncertainties in Burma.

If it is any consolation, Lee can rest on the comforting thought that his reputation as a boxing coach is spreading.

Ping Pong Tourney

Twenty-three men participated in this year's Cal Poly table tennis tournament last week at the T.C.U.

Semi-finals found Anthony Masraff vs. Grant Calkins, and Gordon Chan vs. Lyle Holloway in competition. Masraff took the first two games of his set, while Chan won the tie-breaking third game of his set, 21-18.

The final set for the championship was between Masraff and Chan, who was last year's winner. A fast and furious set found Masraff winning the first game 21-15 while Chan took the second 21-16. A big crowd assembled to watch Masraff pull through in the last game to a 21-15 win and this year's championship.

LOOKING TO THE FUTURE . . . Two year all-American swimmer Gene Lens has been named Cal Poly's athlete of the year and winner of the Oscar Van Horn Memorial trophy. Lens is presently preparing for the national AAU championships to be held in Los Altos, July 6, 10, 11. (Photo by Geiger)

Poly's All-American Swimmer Named 'Athlete of the Year'

After breaking more than 50 swimming records, Gene Lens, was named Cal Poly's athlete of the year and will receive the Oscar Van Horn Memorial trophy. This award has been presented since 1939. The trophy is named for Oscar Van Horn, a Cal Poly track star, who died in 1938. Lens was selected by

for a place on an American swim team that will tour Japan. Coach Anderson feels that Lens also has a chance to make the Pan-American swim team.

Van Horn winners are: 1940- Herb Brownies (track, football), 1941- John Bohrakoff (football, baseball), 1942- Leroy Lieb (football, basketball), 1943- Roy Kammer (basketball), 1944- Jim Yates (football), 1945- Hank Moroski (basketball), 1946- Vern Bobbino (football, baseball), 1947- Marshall Samuels (football, track), 1948- Jim Dowe (wrestling), 1949- Doss Sims (football, basketball, track), 1950- Jerry Neufeld (swimming), 1951- Sheriff (football), 1952- Bob Neal (football), 1953- Jeter (football, baseball), 1954- Eduardo Labastida (boxing), 1955- Gentry (football, baseball).

Over the past three years, Lens has practically rewritten the Cal Poly swimming record book. Of the 19 records listed he figures in 12 individual and relay marks. At one time he held five state college meet records, but now the number stands at four.

This year, almost every time the Mustang swimmer plunged into the pool a record fell. In the state college meet Lens lowered the 220 yard freestyle time from 2:11.9 to 2:05.7, and trimmed 11 seconds from the 440 yard freestyle, leaving the mark at 4:38.9. He also took a minute and 14 seconds from the 1000 meter swim with a time of 18:54.

Lens has done most of his record breaking in the 440 yard and 1500 meter freestyle events. In the former he set 24 new school and pool standards and rewrote 19 in the latter. "There's no telling how many other school records he's broken," says Anderson.

Coach Anderson contributes Lens' success to his tremendous desire to win. The Mustang mentor also praised Lens for being an all-around individual to work with.

Lens has been named to the All-American swimming team the past two years and this year he was the highest finishing American in the 1000 meter event held at Cornell University in Ithaca, N.Y.

Previous Van trophy winners include Stan Sheriff, former line-backer for the San Francisco 49ers and Perry Jeter, standout halfback for the Chicago Bears. Last year's winner was Lew Gentry, who lettered at end three years on the Green and Gold varsity football team and won three athletic awards as a Mustang baseballer.

Although Lens will have completed his swimming eligibility this year, the Santa Maria youth has another year at Cal Poly before he completes work for a degree in Architectural Engineering.

The popular merman is presently working out for the Amateur Athletic Union Championships to be held July 9, 10, and 11 in Los Altos. He hopes to qualify

## Editorially Speaking:

## Pay Parking—Ugh!

Paying for parking on a college campus is the most ridiculous thing we've heard in ages! Especially on this campus. Apparently none of the senators studying the measure have seen Cal Poly. Can anyone imagine trying to police the parking on this campus in terms of ticket-giving for someone who hasn't paid his money for his own little parking space? Hardly!

Administrators can already see a lot of fences lowered to provide free parking, but they also point out that the state will allot the college no money for wire fences around parking lots. There is no end to the problems paid parking would create.

Just imagine finding someone else's car in a space you have rented for \$5. Need we say more?

Night students and those attending evening meetings plus visitors and visiting organizations on campus must be considered, too. What do you charge them?

The \$5 fee entitles one to no more than he has right now on this campus, except for the fact that only about 1,700 spaces would be rented, which is approximately the number of parking spaces on campus. We can hunt for nothing now, why shell out \$5 for the privilege.

Have a ball, senators! You've taxed almost everything else. However, we haven't noticed a pay turnstile on the restrooms yet.

## Flood of Candidates

Forty candidates for class officers! And with support from their classmates, these candidates could make this the best class election in the history of Cal Poly.

It takes so little time and effort to vote that it's a shame not to take a few seconds to mark your choice for your class officers. And since that many students have shown interest in leading your class, it's the least that can be done in their behalf to show you appreciate their efforts.

It's not often that you have such a wide selection of candidates, either. There's engineers, aggies and arts and sciences majors running, so there has to be one to meet your approval. Coeds, too, are on the class tickets.

Take a few seconds today or tomorrow to mark your "X." Then you have a right to complain to your heart's content.

## OUT OF THE DIN

Contributions to "Out Of The Din" should not exceed 175 words. Editors reserve the right to edit and/or condense all letters received and to decline publishing letters that are in the opinion of the editor, in poor taste or libelous. All communications must be signed by the writer. If a name is placed in a signature, it is permissible, but the editor must know the true name of the author.

## Patched Again...

To the Editor:

If the editorial staff of this paper will recall my last letter, it was on the very same subject that you are remarking about. If you feel that my letters are "petty complaints," what are yours?

As for my protective shield of "patched," could it be that I'm not looking for publicity? However, I don't believe that I love to explain my philosophy or stand to you or anyone else.

While I've got the floor, I'd like to make a few remarks about the honor system. I do believe that it would work if it weren't for people like those who claim that all people are basically dishonest and others who blame the cheating on the girls. I feel that 90 per cent of the cheating in any school can directly be traced to the instructors. Those who doubt this can read a very fine work entitled "Practices that Diminish the Value of Examination" by W. F. Jesse (presently in the hands of B. Price, English department). The other 10 per cent belongs to the school of others - do - it - and - if - I - don't - I'll - be - penalized. Bull!

"Patched"

## Aggie Popularity...

To the Editor:

The main reason for the Ag division's popularity, both on campus and abroad, is due to the fact that it dwells upon quality and not quantity. This can readily be seen in the tremendous participation of the "aggies" in club activities, student government and numerous extra-curricular activities.

If the so called El's are "aroused" enough, they had better start building a name for their department by following in the footsteps of the proud "aggies."

We have nothing against the "engies" and welcome the competition wholeheartedly.

The Prowd 'Aggies'

## Mein Kempf

Just comparing budgets: San Diego State, which boasts an enrollment of around 9,500, lists a budget of \$116,544 compared to our \$145,841 with 4,000 students.

—Mein Kempf—

## Farlough Takes Alpha Phi Omega Presidential Post

Herman Farlough has been elected president of Alpha Phi Omega for the 1959-60 school year.

Other officers elected were Vince Fleming, first vice-president; Bob Cole, second vice-president; Mike Mirata, recording secretary; Tom Campbell, alumni secretary; Steve Ryan, treasurer; Chis Jones, historian; and Tom Eastman, sergeant at arms.

## Distribution of Yearbooks Set Shortly After June 1

The 1959 El Rodeo will be available for distribution sometime after June 1, according to editor Ken Carpenter. The books will be distributed in the A.S.B. office.

All students who purchased a book should pick it up before leaving school... no books will be mailed to students unless a

## Mechanical Engineer Wins Physics Achievement Prize

Victor Staggs, Mechanical Engineering major from Burbank, has won the 1958-59 physics achievement award for excellence in beginning physics.

The award, a deluxe copy of the Handbook of Chemistry and Physics, given by the Chemical Rubber Publishing Company, was presented by Dr. W. E. Bowls, Physical Sciences department head.

Staggs was a student in the first quarter general physics class, and won the award in a

50 cent mailing charge has been paid.

Less than 100 El Rodeos are still available, at \$5 with an A.S.B. card. The 122-page yearbook features a huge sports section, representation of more clubs and living groups than ever before, pictures of 710 seniors, drawings and facts about the new buildings on campus, and a student index. Nearly 2,000 photographs in the book cover student activities from fall quarter registration to Poly Royal.

runoff competition with 24 other students in the 12 fall and winter sections of the course.

## El Mustang

California State Polytechnic College (San Luis Obispo Campus)

Editor—Dave Kempf  
Associate Editor—Gale Mardel  
Sports Editor—Norm Golow  
Advertising Manager—Jennette Briggs  
Business Manager—Pauline Ashby  
Production Manager—Bill Whaley  
Phil Edwards

Published twice weekly during the school year except holidays and examinations. Owned by the Associated Students, California State Polytechnic College, San Luis Obispo, California. Printed by students majoring in Printing, Division of Engineering. The opinions expressed in this paper in signed editorials and articles are the views of the writers and do not necessarily represent the opinion of the staff, views of the Associated Students Body, nor official opinion. Subscription price \$2.00 per year in advance. Office, Room 21, Administration Building.

## ARCHIMEDES

makes another great discovery...

It's what's up front that counts

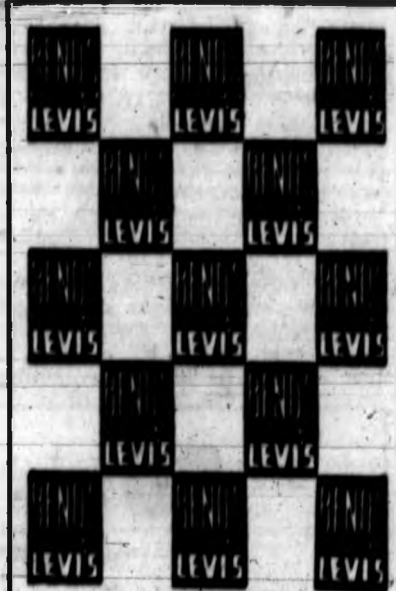

You can reproduce the experiment. It's easy as  $\pi$ . (Yes, you can do it in the bathtub.) Assuming that you have first visited your friendly tobacconist, simply light your first Winston and smoke it. Reasoning backwards, the discovery proceeds as follows: first, you will notice a delightful flavor, in the class of fresh coffee or of bread baking. Obviously, such

flavor cannot come from the filter. Therefore, it's what's up front that counts: Winston's Filter-Blend. The tobaccos are selected for flavor and mildness, then specially processed for filter smoking. This extra step is the real difference between Winston and all other filter cigarettes. Besides, it's why Winston is America's best-selling filter cigarette.

"Eureka! Winston tastes good... like a cigarette should!"

W. J. REYNOLDS TOBACCO CO., WINSTON-SALEM, N.C.
