I am pleased to acknowledge and support the above-entitled Academic Senate resolution with the noted exceptions:

1. Line 29: Due to resource constraints, the limit for minor programs, regardless of their department, will be removed. The individual academic programs will continue to make determinations regarding the major and support courses.

2. Line 33: Due to technical constraints, students will not be limited to “one option” to change their grading basis. Instead, student will be able to change their grading basis more than once prior to the deadline.

Well-developed academic policies contribute to student success. I would ask the Academic Senate to consult administrative partners in the formation of such policies, and to consider undertaking a review of Cal Poly’s long-term policy on CR/NC grading and course withdrawals during the next academic year.

I appreciate the Senate’s timely response to ensure student success during the unusual circumstances that have resulted because of COVID 19. As a university, we need to continue to work together to adapt and change as necessary to ensure student success remains our top priority. Please express my appreciation to the Academic Senate Executive Committee and the full Academic Senate for their attention to this important curricular matter.
