A RESOLUTION IN SUPPORT OF CONTINUED FOREIGN STUDENT ENROLLMENT AT CAL POLY

WHEREAS, the enrollment of international students in Cal Poly has declined from nearly 5% in 1965 to less than 1% today.

WHEREAS, such a reduction in foreign students tends to deprive California students of a valuable resource which should be a part of a well-rounded educational experience.

WHEREAS, Cal Poly has a long tradition of support for international educational programs.

WHEREAS, The Education Code Section 22522 permits the continued enrollment of foreign students in order to insure "a balanced" program and a "quality curriculum."

BE IT RESOLVED THAT:

As a matter of policy each school within this university should support the concept that 5% of their allotted enrollment shall be reserved for the admission of qualified foreign students.

Subject: Resolution Regarding Class Scheduling

Whereas: The enrollment at Cal Poly has continued to increase;

whereas: Cal Poly facilities have not kept pace with enrollments;

whereas: many departments are now required to offer classes at 7:00 AM or after 5:00 PM;

whereas: scheduling of classrooms has been based on possession from prior years, with little adjustments among departments or schools during prime hours. (Prime hour is defined as between 8:00 AM and 5:00 PM), therefore,

be it resolved that scheduling of classrooms both during prime hours and other hours be in approximately the same ratio for all departments, based on totals for the three quarters, Fall, Winter, and Spring.

JUL 12 1976

CAL POLY - SLO

At the last meeting of the Academic Council, the attached memo and attachments from Donald Coats to Dr. Hazel Jones were distributed. As provided in CAM, the academic calendar is reviewed with appropriate groups, including the Administrative Council, prior to it being forwarded to President Kennedy for approval. It is the intent of the Academic Council to take action on the proposed academic calendar at its first meeting in the fall. This meeting will likely occur prior to, or virtually on the same date as, the first meeting of the Administrative Council.

In order that members of the Administrative Council might have an opportunity to review and react to the proposed calendar in advance of action by the Academic Council, the proposed calendar is being distributed to you in this manner for your comment. It would be helpful if you would have your comments and reactions submitted to my office by September 7 so that I might combine them for review by Vice President Andrews and forwarding to Vice President Jones.

Memorandum

Hazel J. Jones
Vice President for Academic Affairs

Date : June 7, 1976

From : Donald M. Coats
Associate Dean, Educational Services

Subject: Proposed Academic Calendar -- 1977-79

Guidelines for the academic calendar are included in CAM, Section 481. The Vice President for Academic Affairs will propose the calendar to the President. The date for approval of the calendar is coincidental with the printing deadlines for the catalog, therefore it is apparent that an approved 1977-79 calendar will be needed early in the fall quarter. To meet that deadline, the attached calendars are proposed for review by the various consultative groups during the summer, which would be followed by a final review by the Academic Council at the first meeting of the fall quarter.

The consultative procedure to be used in considering calendar recommendations is outlined in CAM and is as follows:

Each school council shall submit their recommendation directly to the Vice President for Academic Affairs and differences between those recommendations should be reconciled between the Vice Presidents and the Dean of Students. Any unreconciled differences should be pointed out to the President by the Vice President for Academic Affairs at the time the proposed calendar is submitted for the President's approval. Following consultation by each council as outlined below, the proposed calendar will be submitted to the Vice President for Academic Affairs:

1. Academic Council
 - a. School Councils
 - b. Academic Senate
 - c. Student Affairs Council
2. Administrative Council
 - a. Staff Senate
 - b. Foundation
3. Student Personnel Council

Att. III-A 8/10/76
Ex. Comm. Agenda

CAM guidelines used in developing the calendar are as follows:

- A. Four quarters, each approximately same length
- B. Whenever possible, summer quarter ends prior to Labor Day
- C. Fall quarter includes fall conference days
- D. Whenever possible, spring quarter ends prior to second weekend in June
- E. Minimum number of instructional days -- 48 each quarter except that whenever possible, the spring quarter will include 49 1/2 days. The Chancellor's Office has suggested that calendars include a minimum of 170 academic year workdays, including one day per quarter for instructors to evaluate student performance and turn in grades.
- F. Final exams -- four days per quarter (Monday through Thursday whenever possible)
- G. Registration -- Two days per quarter whenever possible
- H. Commencement -- First Saturday after spring quarter finals
- I. Quarter breaks -- Minimum, 5 calendar days whenever possible
- J. Holidays
 - 1. Required by Government Code, Section 6700
 - a. Admissions Day
 - b. Veterans Day
 - 2. Other recognized state holidays whenever possible

The attached proposed calendars meet the CAM guidelines except that the time between the winter and spring quarters does not meet the number of days suggested by the guidelines. In order to allow additional time between those quarters, the spring quarter would run quite late into the month of June. Also, we do not meet the guidelines in several instances where one and one-half day registration periods are suggested and, again, this is necessary in order to meet the early June ending for the spring quarter.

One addition which is new is that at the end of each quarter, there has been added an academic workday which does not involve instruction but does enable us to meet the Chancellor's Office suggested 170 day per academic year minimum.
