Registration Totals Climb Over 4,700

With a 13 per cent increase in freshman enrollment, Cal Poly official registration total has climbed to 4,719. Pomona campus reports a total of 3,386.

Two of Poly's three instructional divisions showed large increases with Arts and Sciences reporting almost 400 more students than last year at the same time.

Agriculture, which is reportedly slumping at many other agricultural colleges, increased 115 over last fall's totals and showed decreases only in Dairy Husbandry, Poultry Husbandry and Agricultural Engineering but increases in the other 11 departments.

Largest increase in Arts and Sciences was in Business which showed a 68 per cent higher enrollment than last year's and Biological Science which had a 35 per cent increase over last year. The 1,565 total in Arts and Sciences is slightly more than 25 per cent above last year's total.

Engineering, the leading instructional division in size with 1,926 students dropped by 101 students, and Architectural Engineering increased 13 per cent. Metallurgical Engineering, new only last year, doubled its enrollment over 1959's total.

The 1960 school year began with 220 coeds and 3,490 male students. Enrollment breakdown shows 1444 freshmen, 1311 sophomores, 1054 juniors, 460 seniors, 53 post-graduates and 183 limited students.

Jazz Group Highlights Activities Carnival

"The Octet," campus jazz group will be the featured attraction at Thursday's annual activities carnival.

Members of the musical group include Bill Sharp, trumpet; Bruce Allan, trombone; Clark Johnson, tenor saxophone; Harold Hinkle, piano; Chuck Stefanetti, bass; Gill Gillivan, guitar; Barry Larson, drums and Rich Anderson, Collegian manager, baritone sax. Director is George Beatie.

Booths representing freshman, sophomore, junior and senior classes, College Union Committees and various other recognized campus organizations will participate with persons present to answer any and all questions, say College Union officials.

Best booth exhibit will receive a \$5 prize, based on the judging of Instructors Carl Beck, William Armentrout and Dick Hall.

A barbeque will be served from 11 a.m. to 1 p.m. in Poly Grove with entertainment by the "Jazz Octet" and a folk singing group composed of three freshmen, Jim Hayes, Ken Bloum, and Mike Sheehy who made their debut at Welcome Week Camp.

McPhee Delegates Authority To SAC

"I believe in student government and want the students to run it," stated President Julian McPhee in presenting the Delegation of Authority to the Student Affairs Council Oct. 5 in Lib. 114.

McPhee pointed out that as President of the college he is personally responsible for all functions, including student activities. "Irresponsible student behavior reflects on the college, but never has this been a problem at Cal Poly," he said.

President McPhee praised the Student Body officers and emphasized the high caliber of students at Cal Poly. He charged the Student Affairs Council to do their best and to remember that they are the representatives of the student body. Student President Tom Bragg accepted the authority on behalf of SAC and the Associated Student Body.

Ron Pardini gave SAC members a report on future activities planned by the Rally Committee. A roster's bus is scheduled for the Cal Poly-Fresno State game this Saturday. As this is Fresno's homecoming, Pardini urged students to make a good showing in attendance.

A committee is looking into the possibilities of incorporating the Associated Student Body. Stan Kellurp is chairman, while Don Longacre, Vic Leedy and Mary Fran Crowe are assisting him.

Thirty-eight campus clubs received their charters Wednesday. Many of the clubs have over 10 years active service.

SAC meets tonight in Lib. 114 at 7 p.m.

Health Center Welcomes Ailing, Allergic Freshman Students

Dr. Earl Lovett, Head Medical officer, urges any freshman or incoming students who have received a recall from the Health Center, to come in promptly to be checked for the ailment.

"The Health Center is for the good of the student, and a recall doesn't mean that the student will be doomed," said Lovett. "Out of 15 per cent of the heart murmur recalls, less than one per cent had any heart damage. The same applies to X-ray recalls."

Any allergies to penicillin or other drugs are to be reported to the health center, he said.

Seniors are asked by the Registrar's Office to check the list for their name on the summer placement bulletin board in the basement of the Administration Building.

"If you plan to graduate in June and your name does not appear on the list, says Saxon Wraith, registrar go to the records office immediately."

Coed Needed to Wear Crown For Homecoming Weekend

Eligible Poly coed! Now is the chance for you to reign over the Homecoming festivities as Homecoming Queen Chairman Bill Gilbert announces the opening of the Homecoming queen contest.

"Polynesian Holiday" is the theme for the Homecoming weekend Nov. 4 and 5 which will be highlighted by a parade, Coronation Ball and football game with Los Angeles State.

All Cal Poly girls who are a sophomore in standing, are not married or engaged, and who have a 2.0 grade point average are eligible. The five finalists will be selected at the Queen's reception which will be held Oct. 20 in Lib. 114. The crowning

of the queen will be during the Coronation Ball, Fri., Nov. 4, in the Men's Gymnasium.

Entry blanks may be obtained in the Associated Student Body office on Wed., Oct. 12, and must be returned to the student body office no later than 5 p.m., Oct. 17. Bill Gilbert will kick off the contest by making contestant information available to all women on campus living groups today.

Float applicants are also available in the ASB office. Clubs should base their themes on "Polynesian Holiday." Float themes will be accepted on a first come preference basis. Clubs will be informed as to duplication and float standards.

Student Teachers Named for Fall

Student Teaching assignments have been announced for the Fall Quarter.

A total of 24 students will participate in the program lasting from 6 to 12 weeks in various California Schools.

Elementary Education Majors assignments are: Len Ballas, Merro Bay; Nadine Blackman, San Luis Obispo; Edna Doring, Santa Maria; Margaret Lawrence, Pismo Beach; Donna Martin, San Luis Obispo; Sheri McElvay, Atascadero; Dick Pierce, San Luis Obispo; Sally Sims, Pismo Beach; Joyce Thompson, San Luis Obispo; Roxy Verstraen, Santa Maria, and Carol Kistinger, Morrow Bay.

Vocational Agriculture: Donald G. Kurts, Arroyo Grande; Buck E. Gdrant, Gilroy; Jack L. Hays, Gonzales; Thomas L. Bowles, Handford; Duane O. Seaberg, Hollister; James C. Hart, Madera; Sam Baker, Riverdale; Pirus Abraham Jr., San Luis Obispo; and James A. Klaustermeyer, Santa Paula.

Poly Men In Mexico

Ducks aren't the only form of life that head south for the winter. Take the case of ex-Mustang footballers Rich Max, Pat Lovell, Tom Klosterman and Bob Thetford. All four gridirers have matriculated at the University of Mexico in Mexico City. Their assignment? To play football. Kinda like a paid vacation.

In case any of Cal Poly's railbirds were uninformed about last season's Van Horn Memorial Trophy winner, given to the outstanding Athlete of the year, football-baseball star Bob Williams who is still plugging away at the exits of the campus degreewise, grabbed top honors amongst a bevy of outstanding Mustang athletes.

Students Beware . . .

Students planning to invade the campus of Fresno State College prior to game time Saturday night with intentions of re-decorating their campus... forget it!

In compliance with a mutual non-aggression pact initiated in 1958 with the consent of both Cal Poly and Fresno State student bodies, any student from either college apprehended on the other's campus one-week prior to the Cal Poly-Fresno State football game will be subject to immediate suspension from college.

The non-aggression pact, as initiated in 1958, (and still effective) is posted on the ASB Bulletin Board.

Governor To Speak At Rally Friday

California's Gov. Edmund G. "Pat" Brown will be on campus Friday, Oct. 14, Earl Rubin, president of the Young Democrats club announced today.

The governor will make a short appearance at a Young Democrat Club rally at 9 a.m., in front of the library after driving here from Morro Bay where he will attend a kickoff breakfast for the Kennedy campaign.

Rubin said that Clyde Fisher, dean, of the college, will greet the governor before he appears for the club gathering on the library lawn due to the absence of President Julian McPhee.

President McPhee and Vice President Robert E. Kennedy will be at the Pomona campus attending a meeting of the new State College Board of Trustees.

Rubin said the college emphasized that the governor's appearance is a political one and that similar campus appearances by Republican leaders are planned in the near future by the Young Republicans Club on campus.

Freshman Class Elects Officers for 1960

Jim Fuels, Crops major from Greenfield, has been elected freshman class president.

Serving under Fuels as officers are Mike Walsh, Mechanical Engineering, Pasadena and Vice president; Pat Vent, Business major, Redondo Beach, secretary.

Treasurer is Linda Jain, Home Economics major from Redwood City. Brian Cameron, will represent the Freshman Class on SAC. Cameron is an Architectural Engineering major from Oakland.

OPEN DANCE DATES

"There are still open dates on the calendar for clubs to sponsor Collegian dances," announces Linda Schickley, secretary of the Dance Committee.

Any organization wishing to sponsor such an event may pick one of the vacant dates listed in the ASB office with Arlene Vokoun, Activities Adviser.

The Dance Committee supplies the sponsors with funds and supplies to decorate. At the end of the year a trophy is given to the group which has sponsored the best dance.

HUNGRY PERFORMERS . . . A two hour program of flamenco songs and folk song arrangements will fill the Men's Gym tomorrow night. Bud and Travis are on a tour of the West Coast Colleges after recently performed at the Hungry I and the Purple Onion.

Get Your Baby's Sister

Cal Poly Mustang and Student Women Basketball Club is still accepting members, according to Mrs. Vincent Gates, secretary. There are no fees or dues to pay. Basketball is conducted cooperatively within the club, with each member receiving equal playing time. Interested persons may call Liberty 3-5613.

These are the silver wings of a U. S. Air Force Navigator. As a flying officer on the Aerospace team, he has chosen a career of leadership, a career that has meaning, rewards and executive opportunity.

The Aviation Cadet Program is the gateway to this career. To qualify for this rigorous and professional training, a high school diploma is required; however, two or more years of college are highly desirable. Upon completion of the program the Air Force encourages the new officer to earn his degree so he can better handle the responsibilities of his position. This includes full pay and allowances while taking off-duty courses under the Reserve education program. The Air Force will pay a substantial part of all tuition costs. After having attained enough credits so that he can complete course work and residence requirements for a college degree in 6 months or less, he is eligible to apply for temporary duty at the school of his choice.

If you think you have what it takes to earn the silver wings of an Air Force Navigator, see your local Air Force Recruiter. Ask him about Aviation Cadet Navigator training and the benefits which are available to a flying officer in the Air Force. Or fill in and mail this coupon.

There's a place for tomorrow's leaders in the Aerospace Team.

Radio Engineers Hear Top Speaker

Investigations are being held on the radiation belts circling the earth, according to Dr. Walter C. Rost, guest speaker at the first meeting of Cal Poly's Institute of Radio Engineers student section.

Dr. Rost, who is presently chairman of the Los Angeles section of the I.R.E. and associated with General Electric in Santa Barbara, gave the talk in conjunction with his work on the Argus Project in August, 1949.

"There are several radiation belts circling the earth, called the Van Allen belts after the scientist who postulated them, he said.

Engineers and physicists have been interested in these belts for some time in connection with their effort on communications. Of primary interest was the effect which these belts would have upon satellite-to-earth communication.

Dr. Christopher of the University of California's Lawrence Radiation Laboratory proposed that we disturb the belt by setting off internal atomic explosions within it and then test the effects." He continued, "This was the purpose of the Project Argus. In August, 1949, communications between New Francisco and Japan were suddenly blighted out, an occurrence which is noted occasionally during a magnetic storm on the sun. Reflections of radio waves bounced upward were recorded and analyzed during the disturbance."

March Band Finds America With Music

The 1949 Cal Poly marching band made its second appearance of the year at the last Saturday night's game with a jotted up version of Columbia's discovery of America.

The band, totaling a total of 57 members this fall, formed a ship coming over the horizon and moved down the field playing the familiar "Swing."

"Chris," dressed at this time, had taken a landing party ashore, where he found a whole new type of housing development. Here the band, aided by the script of Chuck Buchanan and the enthusiasm of Bruce Allen, formed a tempo and played a typical Indian theme.

Alan, Columbia discovered the natives to be rather anti-social, as a low and arrow were formed and the arrow flew over the field. Columbia returned, the band formed a cannon and with the "1812 Overture" in the background and a cannon ball was fired over the field.

Columbia made a hasty retreat to wait until the Indians moved off a bit. The band returned to the field playing "Bye Bye Blues."

Letters to the Editor

Dear Editor:
I have heard a rumor to the effect that the administration has decided that all girls will wear skirts or dresses at all meals in the new cafeteria. It is true that the administration is so concerned about us, but why are they so concerned about what we wear?

Who has complained about hemlines or skirt lengths being worn in the work area? Some people probably aren't happy about the regulations of this campus but they must admit that it does have its charm. The eggs are still here and they will be a part of this campus for a long time to come. May I submit to those unhappy people that boys, who often look as neat as any old skirt thrown on at the last minute to dash to the cafeteria.

It should also be pointed out that people at home do not dress for dinner unless the occasion calls for it. In the meals and atmosphere of the cafeteria call for more than hemlines?

Let me say that I am not an apple and I don't own a pair of legs. I do own a pair of hemlines which are suited to the atmosphere of cafeteria eating.

Dresses are appropriate for most classes and for campus wear. Hemlines are appropriate for weekends in the dorm. They are also appropriate for weekends in the cafeteria.

What the Clubs are Doing....

Church "has may" activities have been announced by the Inter-Faith Council as a new series for the students of Cal Poly.

According to Bob Ottman, Inter-Faith Council chairman, signs will be posted every Sunday during the year containing the transportation schedule for many of the downtown churches for both sporting and social programs. Signs will be posted in front of the library and at the corner in front of Benjamin Hall.

For further information, contact the Inter-Faith Council representative at Bob Ottman, Box 1771.

The Cal Poly Chess Club is slated to meet in the Agricultural Building, Box 241. All chess players including beginners are invited to attend the daily meeting at noon, according to David Seitz, president.

Both students and faculty members may engage in Cal Poly's quarterly chess tournament. The tournament is open to all players, and handicaps are allotted to the weaker players.

Two Sigma, honor engineering society, offers free tutoring on Tuesdays, Wednesdays, and Thursdays from 7 until 9 p.m. in EE 2. The service is made available by the senior members to aid undergraduate students in understanding and solving engineering problems.

The Camera Guild is offering a course in photography covering all the technical aspects from the camera to the final print.

According to Roy Wells, club secretary, the darkroom will be open for the members of the guild. Meetings are held the first and third Tuesday of every month.

Signup for the Homecoming Homecoming of the Cutting and Running Club to be held Nov. 8 is

Wofford Places 12th

Cal Poly's Jack Wofford placed 12th in the seventh annual AAU cross-country meet last Saturday at Santa Barbara. Wofford covered the 3.6 mile course in the time of 19:24. The meet was won in the time of 18:28 by Fernando Leon, a USC varsity runner.

HIGH NOON HIGHLIGHTS

James Michener's long-time fiction bestseller, "Hawaii," will be discussed on Oct. 10 by Mark Beale of the Counseling Center, at Books At High Noon.

The novel, long, but strongly plotted and carefully designed, represents Michener's choice of Hawaii as the peaceful corner of the world in which to live. Beale, having lived in Hawaii for two and one half years, is a sympathetic reader and critic.

Colts Clout Fresno 44-0

Coach Tom Lee's Freshmen grid-men won their first game of the season Friday as they smashed Fresno State 44-0. The Colts picked off seven Fresno passes and ran back five for touchdowns.

Cal Poly's only offensive score came four minutes after the opening kick-off as halfback Earl Ragata plunged over from the four yard line. Scampers by Ragata and fullback Ron Atterberry sparked the drive for the Colts. The conversion try fell short and the Colts led 6-0.

One minute later, guard John Albee intercepted a Fresno pass and ran back 85 yards for another score. Quarterback Dick McBride passed to Ragata for the two point conversion.

From then on it was entirely a defensive show by the locals, being unable to put together an offensive drive. But the Colt defenders were able to stop Fresno at will. The farthest the invaders from the valley were able to penetrate was early into the first quarter when they advanced to the Colt 19 yard line.

With two minutes left in the first half, Atterberry raced 68 yards after picking off a Fresno McBride "rolled over" for the conversion behind a block by Mike Maynard that took out two would be tacklers.

A few seconds later, end Clark Tuthill picked off a Fresno pass on the Bullpup 88 yard line and

Water Poloists Face Bulldogs Thursday

Cal Poly's water polo team will host Fresno State in their league opener Thursday at 4 p.m. in Poly pool.

The 1960 schedule follows:

Oct. 13 Fresno, Here, 4 p. m.

Oct. 14 Long Beach State, There, 8 p. m.

Oct. 27 Los Angeles State, Here, 8 p. m.

Oct. 29 California, There, 10:30 p. m.

Nov. 4 San Fernando State, Here, 4 p. m.

Nov. 10 San Francisco State, Here, 8 p. m.

Nov. 11 Santa Barbara State, There, 8 p. m.

Nov. 18-19 State College Tournament at San Francisco

rambled untouched into the endzone. Maynard made a nice catch of McBride's pass for the conversion and Cal Poly led 80-0 at half time.

After a scoreless third period, the Colts got two more TD's on a 80 yard run back by Tuthill and a 60 yarder by Atterberry.

Although the Colts didn't show much of an offensive drive, they were crowd pleasers. Fullbacks Atterberry and Jack Clark were able to rattle off good gains and Ragata broke loose several times.

Paul Ehrmann, Tony Sousa, Con-the Colts defensive forward wall that held Fresno to 119 total yards gained.

Although the Bullpups gained 119 yards on their total offense the big-five of the Colts front line limited them to a -18 yards on the ground.

MIGHTY BIG COLT . . . Fred Whittingham, Colts 240-pound end, goes into the air to grab one of Dick McBride's passes with Fresno State defenders, Rich Lopana (24) and Bruce Esajian (21) putting on the defensive pressure. The Colts romped to a 44-0 win over the Bullpups.

Mustangs Lose Heartbreaker to Montana State, 22-18

By Wendell Miner

After spotting the Bobcats from Montana State 10 points in the third quarter the scrappy Mustangs came storming back in the final stanza only to fall seven yards short and lose 22-18 in last Saturday's non-conference tilt at Poly Stadium.

The fired-up Mustang eleven started the fourth quarter trailing 22-18. A balanced running and passing attack began to click with veteran signal caller Ted Tollner at the helm. The bulk of the running attack was centered around All CCAA Fullback Carl Bowser. Bowser carried the pigskin 20 times during the evening even though Cal Poly only ran 87 rushing plays. During those 20 carries Bowser picked up a total of 73 yards.

Mid-way in the final period the Mustangs got back in the game with a toss from Tollner to Roger Kelley from 12 yards out to set the score at 22-18. After holding the Bobcats, the Cal Poly crew got their hands on the ball for the final time with less than four minutes remaining in the game. They marched from their own 46 yard line and neither the clock nor the line slowed up when the Mustangs penetrated as deep as the MSC seven.

If your a person who looks at statistics you will wonder how the Mustangs lost the ball game. They outgained the Bobcats in net yards 350 to 309, in first downs 17 to 13, in passes completed 14 to 7. Also punts MSC 4, CP 3; fumbles MSC4, CP1, and total plays from scrimmage MSC 67, CP 66.

Curt Hill continued to put on a show for the local patrons in the pass-catching department. The deceptive end hauled in eight aerials for 106 yards Saturday night to run his three game total to 21 catches, 292 yards, and three TD's (one in each game).

The game was a hard fought, disappointing loss for the Mustangs, but there was greater sor-

row in the Cal Poly locker room when it was learned that number two signal caller, John Ramsey was sidelined for the remainder of the 1960 wars because of a broken bone fracturing play occurred in the second quarter on an attempted two point conversion. With the loss of Ramsey to the Green and Gold the load of the offensive duty will be on Ted Tollner while reserves Wayne Sorensen and Dick McBride alternate at the defensive position. The Mustangs face Fresno State next Saturday night at FSC's Ratcliffe Stadium.

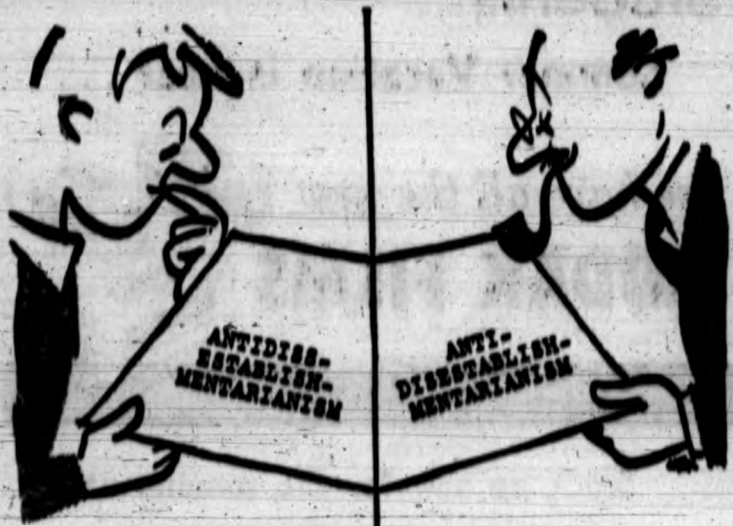

More than 175 million vehicles have been produced in the United States since 1896, reports the National Automobile club.

March Band Finds America With Music

The 1960 Cal Poly marching band made its second appearance of the year at the last Saturday night's game with a jazzed up version of Columbus' discovery of America.

The band, boasting a total of 77 members this fall, formed a ship coming over the horizon and moved down the field playing the familiar "Sailing."

"Chris," amazed at this new land took a landing party ashore, where he found a weird new type of housing development. Here the band, aided by the script of Chuck Stefanetti and the authentic "Italian" of Bruce Allan, formed a tepee and played a typical Indian theme.

Alas, Columbus discovered the natives to be rather anti-social, as a bow and arrow were formed and the arrow flew down the field. Columbus retaliated, the band formed a cannon and with the "1812 Overture" in the background and a cannon ball was fired down the field.

Columbus made a hasty retreat to wait until the Indians cooled off a bit. The band returned to the ship formation and sailed off the field playing "Bye Bye Blues."

Letters to the Editor

Dear Editor:

I have heard a rumor to the effect that the administration has decided that all girls will wear skirts or dresses at all meals in the new cafeteria. It is fine that the administration is so concerned about us, but why are they so concerned about what we wear?

Who has complained about bermudas or pedal pushers being worn on the week ends? Some people probably aren't happy about the casualness of this campus but they must admit that it does have its charm. The aggies are still here and they will be a part of this campus for a long time to come. May I submit to these unhappy people that bermudas often look as neat as any old skirt thrown on at the last minute to dash to the cafeteria.

It should also be pointed out that people at home do not dress for dinner unless the occasion calls for it. Do the meals and atmosphere of the cafeteria call for more than bermudas?

Let me say that I am not an aggie and I don't own a pair of levis. I do own a pair of bermudas which are suited to the atmosphere of cafeteria eating.

Dresses are appropriate for most classes and for campus wear. Bermudas are appropriate for week-ends in the dorm. They are also appropriate for weekends in the cafeteria.

What the Clubs are Doing....

Church "bus stop" schedules have been announced by the Inter-Faith Council as a new service for the students of Cal Poly.

According to Bob Oltman, Inter-Faith Council chairman, signs will be posted every Sunday during the year containing the transportation schedule for many of the downtown churches for both morning worship services and evening college student programs. Signs will be posted in front of the library and at the corner in front of Sequoia Hall.

For further information, contact the Inter-Faith Council representative or Bob Oltman, Box 1771.

The Cal Poly Chess Club is slated to meet in the Agricultural Building, Rm. 841. All chess players including beginners are invited to attend the daily meeting at noon, according to David Sullivan, president.

Both students and faculty members may engage in Cal Poly's quarterly chess tournament. The tourney is open to all players, and handicaps are allotted to the weaker players.

Tau Sigma, honor engineering society, offers free tutoring on Tuesdays, Wednesdays, and Thursdays from 7 until 9 p.m. in EE 8. The service is made available by the senior members to aid undergraduate students in understanding and solving engineering problems.

The Camera Guild is offering a course in photography covering all the general aspects from the camera to the final print.

According to Roy Wells, club secretary, the darkroom will be open for the members of the guild. Meetings are held the first and third Tuesday of every month.

Wofford Places 12th

Cal Poly's Jack Wofford placed 12th in the seventh annual AAU cross-country meet last Saturday at Santa Barbara. Wofford covered the 8.5 mile course in the time of 19:26. The meet was won in the time of 18:56 by Fernando Leon, a USC varsity harrier.

HIGH NOON HIGHLIGHTS

James Michener's long-time fiction bestseller, "Hawaii," will be discussed on Oct. 18 by Mark Beals of the Counseling Center, at Books At High Noon.

The novel, long, but strongly plotted and carefully designed, represents Michener's choice of Hawaii as the peaceful corner of the world in which to live. Beals, having lived in Hawaii for two and one half years, is a sympathetic reader and critic.

being conducted now. The horseshow is open to all students. Trophies and ribbons will be awarded through fifth place.

Classes include western pleasure; western equitation; cutting; stock horse; pole bending; English pleasure; and calf roping horse, for rope horses.

Spring, 1960, issue of Poly Syllables, a collection of drawings, stories, articles, and poems written by Cal Poly students of every division in the campus, is still on sale in the Associate Student Body office. Poly Syllables is sponsored by the Writer's Forum. Anyone interested in writing stories, poems, articles, or in working on the magazine may contact Art Vinsel, president.

All women students are invited to attend an organizational meeting of the Poly Mermaids Tues., October 11, at 8:30 p.m. in the annex to the Women's Gymnasium.

Anyone who is interested but cannot attend is asked to report to the Women's Gym office. No experience is needed to join the group.

Edward W. Hendry, a Project Tool engineer from Douglas Aircraft, will be the guest speaker at the ASTME meeting Wed., Oct. 12, at 7 p.m. in Sc E22. Hendry will supplement his program with movies, slides, and displays.

There are 4,700 drive-in theaters in the United States, reports the National Automobile club.

Colts Clout Fresno 44-0

Coach Tom Lee's Freshmen grid-men won their first game of the season Friday as they smashed Fresno State 44-0. The Colts picked off seven Fresno passes and ran back five for touchdowns.

Cal Poly's only offensive score came four minutes after the opening kick-off as halfback Fred Ragatz plunged over from the four yard line. Scampers by Ragatz and fullback Ron Atterberry sparked the drive for the Colts. The conversion try fell short and the Colts led 6-0.

One minute later, guard John Albee intercepted a Fresno pass and ran back 85 yards for another score. Quarterback Dick McBride passed to Ragatz for the two point conversion.

From then on it was entirely a defensive show by the locals, being unable to put together an offensive drive. But the Colt defenders were able to stop Fresno at will. The farthest the invaders from the valley were able to penetrate was early into the first quarter when they advanced to the Colt 19 yard line.

With two minutes left in the first half, Atterberry raced 68 yards after picking off a Fresno McBride "rolled over" for the conversion behind a block by Mike Maynard that took out two would be tacklers.

A few seconds later, end Clark Tutill picked off a Fresno pass on the Bullpup 88 yard line and

Water Poloists Face Bulldogs Thursday

Cal Poly's water polo team will host Fresno State in their league opener Thursday at 4 p.m. in Poly pool.

The 1960 schedule follows:

Oct. 18 Fresno, Here, 4 p. m.
Oct. 16 Long Beach State, There 8 p. m.

Oct. 27 Los Angeles State, Here, 8 p. m.

Oct. 29 California, There, 10:30 p. m.

Nov. 4 San Fernando State, Here 4 p. m.

Nov. 10 San Francisco State, Here 8 p. m.

Nov. 11 Santa Barbara State, There, 8 p. m.

Nov. 18-19 State College Tournament at San Francisco

rambled untouched into the end-zone. Maynard made a nice catch of McBride's pass for the conversion and Cal Poly led 80-0 at half time.

After a scoreless third period, the Colts got two more TD's on a 80 yard run back by Tutill and a 60 yarder by Atterberry.

Although the Colts didn't show much of an offensive drive, they were crowd pleasers. Fullbacks Atterberry and Jack Clark were able to rattle off good gains and Ragatz broke loose several times.

Paul Ehrmann, Tony Souza, Con-the Colts defensive forward wall that held Fresno to 119 total yards gained.

Although the Bullpups gained 119 yards on their total offense the big-five of the Colts front line limited them to a -18 yards on the ground.

MIGHTY BIG COLT . . . Fred Whittingham, Colts 240-pound end, goes into the air to grab one of Dick McBride's passes with Fresno State defenders, Rich Lappens (24) and Bruce Esajian (21) pulling on the defensive pressure. The Colts reaped to a 44-0 win over the Bullpups.

Mustangs Lose Heartbreaker to Montana State, 22-18

By Wendell Miner

After spotting the Bobcats from Montana State 10 points in the third quarter the scrappy Mustangs came storming back in the final stanza only to fall seven yards short and lose 22-18 in last Saturday's non-conference tilt at Poly Stadium.

The fired-up Mustang eleven started the fourth quarter trailing 22-18. A balanced running and passing attack began to click with veteran signal caller Ted Tollner at the Helm. The bulk of the running attack was centered around All CCAA Fullback Carl Bowser. Bowser carried the pigskin 20 times during the evening even though Cal Poly only ran 47 rushing plays. During those 20 carries Bowser picked up a total of 75 yards.

Mid-way in the final period the Mustangs got back in the game with a toss from Tollner to Roger Kelley from 12 yards out to set the score at 22-18. After holding the Bobcats, the Cal Poly crew got their hands on the ball for the final time with less than four minutes remaining in the game. They marched from their own 46 yard line and neither the clock nor the line slowed up when the Mustangs penetrated as deep as the MSC seven.

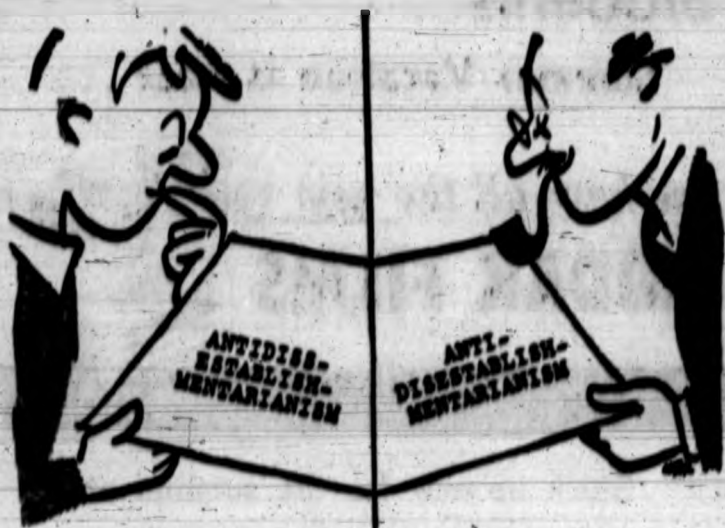

If your a person who looks at statistics you will wonder how the Mustangs lost the ball game. They outgained the Bobcats in net yards 280 to 209, in first downs 17 to 18, in passes completed 14 to 7. Also punts MSC 4, CP 2; fumbles MSC 4, CP 1, and total plays from scrimmage MSC 67, CP 66.

Curt Hill continued to put on a show for the local patrons in the pass-catching department. The deceptive end hauled in eight aerials, for 105 yards Saturday night to run his three game total to 21 catches, 293 yards, and three TD's (one in each game).

The game was a hard fought, disappointing loss for the Mustangs, but there was greater sor-

row in the Cal Poly locker room when it was learned that number two signal caller, John Ramsey was sidelined for the remainder of the 1960 wars because of a broken bone fracturing play occurred in the second quarter on an attempted two point conversion. With the loss of Ramsey to the Green and Gold the load of the offensive duty will be on Ted Tollner while reserves Wayne Sorenson and Dick McBride alternate at the defensive position. The Mustangs face Fresno State next Saturday night at FSC's Ratcliffe Stadium.

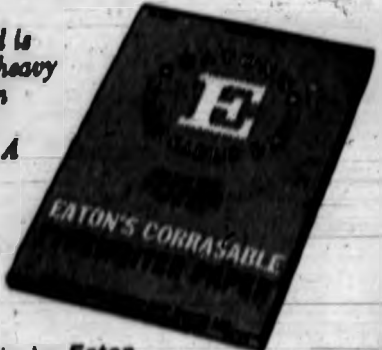

More than 175 million vehicles have been produced in the United States since 1900, reports the National Automobile club.

NOT A SIGN OF A SLIP-UP!

Typing errors disappear like magic when you use Eaton's Corrasable Bond. Never a trace of the word that was erased; errors can be flicked off Corrasable's special surface with an ordinary pencil eraser. Saves re-typing, time and money. And the sparkling new whiteness gives all typing a new brilliance. You can't make a mistake getting Eaton's Corrasable. (Rhymes with erasable.)

Eaton's Corrasable Bond is available in light, medium, heavy and onion skin weights. In convenient 100-sheet packets and 500-sheet ream boxes. A Berkshire Typewriter Paper, backed by the famous Eaton name.

Gallons And Pounds Served Daily

By Frank Jacinto

The efficiency of the IBM system has outmoded the standing in line for registration, so that the students now get their standing up exercises queued outside the cafeterias.

But before anyone blames the cafeteria personnel for fallen arches, take into consideration the fact that 1400 dinners are being served in an outmoded cafeteria equipped with obsolete facilities intended to serve only 880 persons. "To serve the 6100 people per

day consuming 600 gallons of milk, 1000 pounds of beef, 800 dozen eggs and 500 pies, the cafeterias are being operated on a 24-hour basis," according to Claude Batschior, cook supervisor at the north cafeteria.

This schedule will continue until the new cafeteria is opened and the now existing cafeterias are abandoned. To relieve the noon meal rush, 400 lunches are being served in the two new girls' residence halls.

The meals are cooked in the

cafeterias and trucked to the halls in heated units. It is served entirely by student help with the exception of Mrs. Carmine in Santa Lucia and Mrs. Blain in Trinity. The overall operation is under the immediate supervision of John Lee, catering supervisor.

When it comes to dishwashing, science and chemistry have come to the girl's aid in the form of the disposable dishes and tableware that is used exclusively.

The arrangement seems to work out fine for everyone, said Lee.

ASB Committees Seek Interested Members

Openings on four ASB committees are available to students, announces George Maybee, ASB vice president.

Constitution and Codes, Donation and Drives, and Elections Committees need replacements for outgoing members. Interested students should contact Maybee or other student body members in the ASB office.

Bob Rooster, chairman of Finance Committee, says three seniors, two juniors, one sophomore, and one freshman are needed for his group. Contact ASB President Tom Bragg or Rooster for further information.

Appears California Poly football teams (San Luis Obispo and Pomona) are air minded and doing right well. The National Collegiate Athletic Bureau statistics show that Cal Poly, Pomona ranks second among the smaller colleges in the nation in passing offense. The San Luis Obispo gridgers rank third. The southern campus gridgers have an average of 231 yards through the air in two games this year. Local gridmen have averaged 228 per game for the same number of outings.

Pay For Parking Plan Permanent

The "pay for parking" plan is here to stay, Clyde P. Fisher, Dean of the College announced today. The parking plan will be in effect on days on which classes are in session from 7:30 a.m. to 10 p.m., and 8 a.m. to 12 noon on Saturday.

Because of certain legal interpretations it will no longer be possible to pay parking and other non-moving violation citations to the Associated Student Body. All citations will now be cited to the San Luis Obispo Justice Court.

"We hope no staff member or student will have to appear before Judge Jackson for parking violations," Fisher says.

Collegians Make Debut; New Sound Promised

For the first time in the history of the Cal Poly Music Department, the tryouts for the various musical organizations were completed in one week.

"There were four positions open in the Collegians, and twenty fellows tried out," Harold P. Davidson, chairman of the Music Department said, "we had a good group of fellows, and we wish we could have used them all."

Last year the members of various musical organizations on campus sent personal invitations to the incoming students who had any background in music. This is one of the reasons for the good turn out, said Davidson.

The Collegians will make their

Drama Society Will Present Theater In Round Production

Eleven parts are available in the forthcoming play "The Importance of Being Earnest" to be presented by the Poly Drama Society. Four female parts are open and seven male roles remain vacant. Casting will be conducted October 12 and 13. Everyone interested is welcome to try out, says the Drama Society.

"The Importance of Being Earnest" was written by Oscar Wilde as a stage production but the drama committee is planning a new twist to the production. The play will be presented as "Theatre" in the round style, which permits the audience to surround the stage rather than just one side of it.

Usually presented in Victorian fashion it will instead be done in modern British college vernacular and dress without disrupting Oscar Wilde's witty and Victorian style.

debut at the dance following the game with Long Beach State on Oct. 22. "There is definitely going to be a new sound," Rich Anderson, manager of the Collegians promises.
