

Emergency phones installed on campus

Emergency call boxes are now operational at several locations on campus.

Anyone picking up the phone at one of the bright yellow boxes is linked instantly to the campus's Public Safety emergency line with the push of one button.

Five of the first phones to be activated are in parking lots: The H14 lot opposite the Beef Unit, the southwest corner of the library lot (H2), the G1 lot opposite Sierra Madre and two in the R1 lots above Trinity Hall. The other four are at the OH Unit, Crops Unit, new Foundation Warehouse and Beef Cattle Evaluation Center.

Additional emergency phones are planned for some labs and other indoor locations.

Lewitzky Dance Co. to perform Sept. 28

The Cal Poly Arts 1991-92 season will open with a celebration of dance by the world-renowned Lewitzky Dance Company.

The first performance, at 11 am on Saturday, Sept. 28, is part of the Family Arts Series and is designed for children and their significant elders. Called "Dance Exploration," the program will offer a glimpse behind the curtain as Bella Lewitzky explains the process of creating dance and training dancers. The program's finale treats the audience to a total dance experience, followed by a question and answer session.

The evening concert, which kicks off the CenterStage theater and dance series, features the company in three full-length works.

With the death of Martha Graham, the 75-year-old Lewitzky has become the grande dame of American modern dance. She continues to lead her ensemble through the conventional to the experimental, earning the Los Angeles-based company an international reputation as a trailblazer in modern dance.

Tickets for the evening performance are \$16 and \$14 for the public and \$14 and \$12 for students and senior citizens. Tickets for the 11 am family show are \$8 and \$6 for the public and \$4 for students, senior citizens and children. Reservations and credit card orders may be made by calling ext. 1421 between 10 am and 4 pm Monday through Friday. Unpaid reservations will be held until 48 hours before curtain time.

Official state business travel information

Procedures for travel expenses

The CSU board of trustees has amended several sections of the CSU "Internal Procedures Governing Travel Expenses and Allowances," which are retroactive to July 1. Following are the changes that are of interest to the campus community:

1. Employees may receive a travel advance no sooner than 30 days before a travel expense is to be paid or incurred. The travel advance must be a reasonable estimate that does not exceed anticipated expenses. Travel advances for trips that are canceled or postponed indefinitely must be returned no later than 30 days from the date of the advance. The Travel Expense Claim must be submitted to substantiate travel expenses as noted on the IA form, no later than 10 days after the trip. If the claim and reimbursements for excess advances, if applicable, are not submitted within 120 days after the expense is paid or incurred, the amount will be deducted from the next payroll warrant.
2. Receipts for parking fees of \$6 or less are not required.
3. CSU employees who pilot private aircraft on state business are required to complete an annual self-certification noting they have the minimum level of insurance. The Office of Insurance and Risk Management no longer reviews aircraft insurance certificates for employees flying privately owned, rented, or leased aircraft used for state business.

Sacramento travel

Cal Poly employees who travel to Sacramento should be aware that the repairs to the northbound lanes of Interstate 5 American River Bridge route are expected to continue through mid-October.

The first phase has reduced the number of northbound lanes from four to three, and the second

phase will result in the closure of an additional lane, the northbound Richards Boulevard on-ramp, and the Garden Highway off-ramp.

Since the General Rent-A-Car (GRAC) facility in Sacramento is located off Interstate 5 and Richards Boulevard, the repair project directly impacts Cal Poly employees arriving in Sacramento who require a vehicle. Employees using the Interstate 5 American River Bridge route may experience delays from 30 minutes to three hours. In an effort to minimize the inconvenience to renters, GRAC has taken the following steps.

- ✓ An alternate route through Discovery Park will be used by GRAC shuttle buses to and from Sacramento Metro Airport.

- ✓ Maps that identify alternate routes available to travelers will be distributed by GRAC.

It is recommended that Cal Poly employees allow additional time for travel to and from the Sacramento Metro Airport. Upon arrival at the airport, the courtesy phones located in the baggage claim area should be used to confirm availability of a vehicle and shuttle bus pickup service from GRAC. In the event GRAC is out of vehicles, a No Car Available number will be issued over the phone. This will allow employees to lease a vehicle from an alternative vendor located at the airport.

Airfares announced for official business

The Department of General Services issued a request for bid for air travel involving San Luis Obispo, but no airline submitted a bid. As a result, regular airfares will have to be paid during the current fiscal year. Delta is currently allowing a government rate as shown below. Since there is no state contract involving San Luis Obispo, there is no requirement to use a particular airline. However, employees are reminded that it is state policy to use the least expensive method of transportation.

Current airfares are as follows:

SLO to Los Angeles

Delta's government fare\$86 one way

Regular fares are:

no advance, no penalty\$303 round trip

3 day advance, no penalty\$148 one way

SLO to San Francisco

no advance, no penalty \$182 or \$204 one way (depending upon availability)

3 day advance, no penalty\$163 one way

SLO to San Jose

Same fares as SLO to San Francisco

SLO to Sacramento

no advance, no penalty\$340 round trip

3 day advance, no penalty\$162 one way

7 day advance, no penalty\$259 round trip

14 day advance, no penalty\$188 round trip

Questions on either of these issues should be directed to Crystal Burgstrum, ext. 2291.
