

Students Will Decide New Government Plan

The fate of the proposed changes to the constitution and by-laws will be decided at a special Student Body election to be held Tuesday and Wednesday. There is a great deal of interest and controversy over the issues in question by student leaders familiar with government problems. The pros and cons of the matter

Special ASB Assembly Monday

ASB President Ed Slevin has called a special student body assembly to be held in Crandall Gym, Monday, at 7 p.m. The purpose of this assembly is to present to the student body information on the proposed amendments to the constitution and by-laws that they will vote on Tuesday and Wednesday. "We plan to have well versed speakers present who will give the pros and cons of the issue," Slevin said. Following the speakers there will be a question and answer period.

Monte Carlo, Dance on Tap

By Polly Gadabout
Tonight's the night for Poly's own Monte Carlo with gambler's everything (with play money). That's tonight from 8 to midnight in the Temporary College Union.

There's a College Union sponsored dance at the TCU tomorrow night. Music will be furnished by top-notch entertainers from all over the country on record. Don't forget the special election for student body constitutional amendments. Polls will be open from 8 a.m. to 5 p.m. Tuesday and 8 a.m. to 1 p.m. Wednesday.

Hurr Shufert, back for a repeat performance, will be featured in the College Union assembly Thursday, May 10, in the Eng. Aud. He is, as you know, a noted cartoonist. The Freshman Class presents Red Mitchell and his Quartet on Friday, May 17, from 7 to 11 p.m. Featured in this jazz concert in the Veteran's Memorial Building is Lorraine Feller, piano; James Clay, Tenor sax; Billy Higgins, bass. Admission prices are \$1 for students and 1.25 general admission.

The Green Machine rolls along—or at least it will be when the lucky winner drives it away. It's a benefit fund drive for the Poly Phase Club (20 per cent of the profits go to College Union). The Green Machine, a Model A runabout Ford according to Poly Phaser Herb Hunt, will be presented to the holder of the lucky ticket drawn at the SAC meeting of May 21. Tickets may be purchased from any Poly Phase member at 25-cents each or five for \$1. The winner need not be present for the drawing.

Pro and Con Arguments Presented

Following is a statement in favor of the constitutional amendments to appear on the Student Body election ballot Tuesday and Wednesday. It was prepared by Hurr Tunsil, chairman of the Student Government Committee, and other proponents.

One of the basic problems inherent in our present form of student government is lack of adequate representation of all students. The representatives to the present Student Affairs Council were chosen from three sources, these being class organizations, Inter-Club Council, Inter-Departmental Council, and the boards.

The class organizations and the two councils have experienced considerable difficulty in obtaining a quorum at their meetings. This leaves their representatives on SAC with very little control by the parent group.

The boards (Poly Royal, Music, Publications, Athletics, College Union) at best are representing special interests.

The three divisional councils, Engineering, Arts and Sciences, and Agriculture, working together with the Student Government Committee, have proposed some basic constitutional changes. These proposed changes, if adopted, will have two important effects: (1) adequate representation by the groups represented. This will be accomplished in the following manner:

Each of the three divisions will have two representatives. Each division will then get one more representative for each 500 students in the division. The representatives will be chosen by election within each division, each department supplying part of the divisional representation. Each representative will sit on the divisional council and be directly responsible to it. This plan would give the following distribution of representatives: Engineering, six; Agriculture, four; and Arts and Sciences, eight. No division will be allowed to have a majority at any time, regardless of enrollment.

are taken up in the form of opinions solicited from these student leaders.

Opinion of Guy Kuncir
Arts and Sciences Council
Chairman

The changes we propose to make to the present student body constitution will in effect hit at the following problem areas.

At present we have not only inadequate but also misrepresentation of student affairs on SAC. There is much confusion right now on the part of students who are not sure of what class to affiliate with and who therefore do not know their representative on SAC. The cause of this comes from several situations. First, classes meet seldom and meetings are poorly attended. IDC and ICC, when they do meet, are hard put to have a quorum present to vote on student matters. The whole situation becomes unwieldy then and as a result the individual students wishes are lost in the process.

As the chairman of the Arts and Sciences Council I have worked with the other two councils throughout the year on this new form of government and it has been my experience that there was a great deal of mutual interest for the other man's problems and wants. I feel this is a reflection of the type of cooperation we will get in the future with the changes we advocate.

Opinion of Bob Bailey
Student Government Committee
Member

I am strongly opposed to the new form of student government for the following reasons.

I am convinced that in essence there will be a narrowing of channels by which student leaders are to be selected if the newly proposed changes to student government are implemented. I can see the possibility of the selection of those students who may be potential leadership material lessened if they don't see eye-to-eye on matters with their clubs or departmental advisors. The mere fact that the faculty will become more influential will tend, I feel, to limit the chance whereby students can voice their opinion.

The new form of government advocated is deceptively simple on the surface, but I believe it bodes ill for the student body. An undesirable feature in the proposals will tend to split the student body by putting things on a divisional basis and not on Cal Poly the college.

Opinion of Jack Varian
Agricultural Council Member

The major changes we propose to make in student government are as follows.

There will be representation based on divisions and their current enrollment. These representatives will come directly from departmental clubs and will be responsible directly to their clubs.

(Cont. on page 4)

El Paso Mustang

CALIFORNIA STATE POLYTECHNIC COLLEGE

VOL. XVIII NO. 35

SAN LUIS OBISPO, CALIFORNIA

FRIDAY, MAY 10, 1957

WATCHING ALL THE football players go by as they await football season are these five Poly beauties who will grade the gridiron as 1957 Song Leaders. From left to right, they are Claudette Fitzpatrick of Oakland, Jane Randall of Long Beach, Greta Garten, head song leader of Daly City, Barbara Brewer of Long Beach, and Ruthie Holbrook of Santa Maria. The girls, coached by Mrs. Tom Reynolds, Women's P. E. instructor, will practice their routines twice a week till the end of the quarter. They were chosen after two eliminations by the Rally Committee, which is in the process of okaying new costumes for the troupe.

Loiselle Gets Alaska Post

ROTC head Col. P.A. Loiselle has received orders to report to Fort Lewis, Wash., for assignment to the Sixth Army in Alaska.

Col. Robert A. Ports, currently president of the Regular Army Augmentation Board at Fort Bragg, North Carolina, will replace Loiselle. A 1939 West Point graduate, Ports had extensive troop and command duty in the Pacific theater during World War II.

Loiselle has been at Cal Poly since the summer of 1953 when he took over as head of the Military Science and Tactics Department.

"Observing the growth of student cadets from raw freshmen to polished, mature seniors," says Loiselle, "is what I will miss the most. I will long remember this campus, well known for its friendly atmosphere among students and faculty."

"From its initial start five years ago," says Loiselle, "the department has progressed rapidly as is evidenced by the past record at the annual Fort Lewis summer camps."

Finance Committee Balances Budget; No Student Charge for Athletic Events

A 1957-58 student body budget totaling approximately \$126,120 has been balanced by Finance Committee, and will be turned over to SAC on Tuesday for approval, Tom Avenell, committee chairman, announced this week.

The budget, which totals about \$10,000 more than this year's, will be submitted without a recommendation for charges to students at campus athletic events, Avenell said.

Schmidt Elected President of State Grange Youth

George Schmidt, truck crops major from Gustine, was chosen chairman of the California State Grange youth organization by 120 delegates to the third annual Easter Conference of the State Youth Committee held here recently.

Schmidt is Grangemaster of the Cal Poly campus Grange, the only subordinate Grange on a western campus, which helped host the annual affair. In charge of the program was ex-youth chairman Bob Austin, of Lancaster, supervised by adult members of the Youth Committee.

Main item of business resulted in a request to California's county and district fairs to establish an exhibit division for Youth Grangers.

The conference program, themed this year "Democratic Leadership," included panel discussions, workshops dealing with various phases of organizational activity, and agricultural demonstrations by Cal Poly students of the project-type training for which the college is internationally known.

Polio Protection Given by County

All students and other campusites due for their second polio shots are particularly urged by College Physician "Doc" Lovett to take advantage of the free shots announced for the County Public Health Department, May 14-18-19.

Any person up to forty years of age, says the Health Center head, is eligible for shots but he is especially interested in notifying the "second-shooters" since present short national supplies have made it impossible for the campus health center to obtain vaccine at this time.

The County Public Health Department is on Johnson avenue, just across the street from the General hospital. Hours for administering the shots on the three days will be 1-1:30 and 6-8:30.

mendation for charges to students at campus athletic events, Avenell said.

"We don't expect the hassle in SAC this year that occurred when last year's budget was brought up," said Avenell. We've tried to make this budget as fair as we can, and we think it is a sound one."

The biggest allotment is being made for athletics, which is assigned \$50,000, with football being the biggest budgetary item, taking \$23,000. ASB General is assigned \$28,000. Publications, \$14,000; Poly Royal, \$11,000; Music, \$6,000; College Union, \$6,000; and others, \$8,000.

The biggest income item will be student body cards, which will bring approximately \$60,000. Football is expected to bring in about \$25,000, publications, \$14,000, and Poly Royal, \$10,000.

Of the \$126,120 available, three per cent will go into the contingency fund, leaving approximately \$120,000 in the budget.

Student's Car Rolls In Weekend Accident

An automobile driven by Carlos Gonsoles, a student, failed to make the turn at California and Entrance Way Sunday afternoon and rolled over at least twice, according to Security Officer William Gunther.

Gonsoles was returning to Chase Hall from off campus and apparently failed to make the turn "due to high speed," said Gunther. Some witnesses claimed the car rolled over three or four times before coming to a stop.

Gonsoles sustained minor injuries and was not treated.

Dates Still Open To Sponsor Dance

Five dates are available for organizations to sponsor dances next fall, according to Glenn Farber, Dance Committee vice chairman.

Christmas Formal and orientation dance dates are still open, as well as Oct. 12 and 19, and Nov. 2. Applications are still available in the ASB office and should be returned to the Dance Committee box in the same office.

Collegians supply music for the dances, and Dance Committee will allot \$20 for decoration expenses.

The Customers Always Write....

'Hear Both Sides'

Dear Editor:

We, the undersigned, openly urge all students who are truly interested in Cal Poly's student government, and not just the mere heresay as put out by the opponents of the new form of government (amendments), to attend the Student Body meeting in Crandall Gymnasium, Monday, May 13, at 7 p.m.

This meeting has been planned to give you, the student, an idea as to the truthfulness of the opponents' criticisms and also to bring to you the good points in the amendments. The members of the student government committee have worked diligently throughout the year on this form of government and we believe that their presentation at Monday night's meeting will relieve you, without a doubt, of all the criticisms or questions you may have. Come to the ASB meeting Monday and VOTE YES on Tuesday and Wednesday.

Thank you

Guy Kuncel,
Chairman Arts & Sciences Council
Clem Kalhoff,
Chairman, Engineering Council
Dick Wilson,
Chairman, Ag Council

Take Your Choice

Dear Student:

Do you, as students of Cal Poly, want your student government run by the department heads? If so, vote yes on the new form of student government, or amendments to the old form, as it is called by some.

In this so called amendment, the social clubs and SAC boards and committees are completely left out. They have no voice in student government. The three divisional councils will have a voting bloc; they will, under the supervision of advisors, be controlling the student government of Cal Poly. And the student government controls you, the student.

We believe that the Student Body should strive for the best type of student government that can possibly be obtained. When the Student Body takes a step it should know that it is in the right direction. Let us not step backward, and let's not have this proposed student government.

Gary Garfield
Rally Committee Chairman
John Lawler
IDC Representative to SAC

To Freshmen

Dear Freshmen:

You elected me as your president, to represent you in student activities this year. With this in mind, I believe it is my duty to inform you of the election to be held May 14 and 15 on the new constitution.

As your president, I say this constitution is not the sort of document that we wish to be governed by for our next three years at Poly. Besides many faults, our class representation is omitted. Vote no on Tuesday.

John Valentine
Freshman Class President

Not the Best Now

Dear Student:

On Tuesday we must make an important decision on whether or not we wish to replace our present constitution with a new one.

I am one of the first to admit that our present constitution is not the best, but I really doubt if the proposed one is any better. I believe it is based on theory and perfection, but it is not practicable.

Let's not junk our old one to experiment around. Let's wait for something sound that has had ample time and study put into it.
Norman Gomes
HAC Chairman

Dishearted Believer

Dear Editor:

Last April during the elections one of the candidates running for Student Body president said if he was elected he would have a new "C" placed along side of the "P" on Poly-Hill. Also, the same candidate had in his platform a golf course for the Student Body.

Also, the same candidate was going to provide evaluation sheets for the students as means to help the student-teacher relations.

I would like to ask one question: What happened to the new "C", the golf course, and the evaluation sheets that WERE boldly stated by our new President of the student body?

A Dishearted Believer in the Truth

Talk Without Reason

Dear Editor:

With the new amendments coming up for vote on the 14th and 15th, there has been a lot of talk against them without reason. The boards, ICC-IDC, and class representation has been purposely

changed because, (1) the boards are set up to handle one situation and have no business discussing other student problems (2) ICC-IDC do not function properly, in fact, they have had quorums only occasionally since 1945 (3) the classes do not have meetings where they contact their members.

Is this what you want as representation or do you want a representative who comes directly from your divisional club whom you know since he is in your department and will be at your departmental meetings which are held AT LEAST once a month.

Go, listen, and VOTE YES next week.

Roger Packard
Vice-President Elect
Junior Class Rep.

New Government

Dear Editor:

Hurrah for the new proposed form of government. To me it makes good, common sense. This is what Cal Poly students have needed for a long, long time. Congratulations Student Government Committee and council chairmen.

I understand there is some opposition, but I also understand the opposition is opposed on what it is opposing.

Thanks, Delta Sig

Dear Editor:

Congratulations for giving credit where credit is due to Delta Sigma Phi for their fine job on the new hillside "P". I'm sure all of the students appreciate this and the other numerous contributions that this group, as well as others, have made to the college. It's too bad that the powers that be at our fine college don't appreciate their deeds enough to recognize them on campus. Perhaps they would be happier without all of the money expended by these groups. How sad it is that a college that is rapidly becoming widely recognized as one of the better institutions of higher learning in this area doesn't recognize an organization that is recognized by 33 other schools.

I would gladly support any efforts made toward gaining recognition on our campus for these groups.

I am not a member of Delta Sig trying to wave a banner. Just an interested party.
(Name withheld on request)

Cal Poly Thanked For FFA Meeting

The sincere appreciation of the State Bureau of Agricultural Education and the state Future Farmers of America organization is contained in a letter to the State Bulletin and El Mustang.

"Never has the hospitality and friendliness of Cal Poly been more magnificently demonstrated than last week. Literally hundreds of those from the administration, faculty, and student body, worked long hours to assist the Bureau in virtually every function. We would like to thank each person individually, but scores of persons assisted spontaneously—we don't even know who they were.

"The Future Farmer guests, their local chapter advisors and the Bureau staff members present were outspoken in their expression of gratitude. Cal Poly has done much to retain old friends, and make hundreds of new ones among the more than 1400 boys and adults here during the five days."

ASTE To Install Wednesday Night

Thayne D. Wilson, industrial engineering major from Port Hueneme, will be installed chairman of American Society of Tool Engineers, Cal Poly chapter, at an installation banquet Wednesday.

Others to be installed are Fred K. Tarver of San Luis Obispo, first vice chairman; Leroy Brown of Pampa, Tex., second vice chairman; Sam Kitaguchi of Lompoc, secretary; and William W. Worden of San Luis Obispo, treasurer. Francis Whiting, machine shop department head, will continue as chapter advisor.

A display of diamonds and industrial diamond products will highlight the program, "Modern Diamond Mining," to be presented by D. A. Treseott and K. B. Dunn of Super-Cut Distributors, Inc. A sound-color movie on diamond mining in Africa will also be shown.

The banquet, for all ASTE members, their wives, girl friends, and all other interested persons, will be held at 7 p.m. in the Motel Inn banquet room, and the menu will feature sirloin steak.

Admission Applications Reach 1,000 Mark

Admission applications totalled 1,000 on May 1 as compared with 854 a year ago—an increase of 17.3 per cent. Included were applications from 120 women. Agriculture had 205 applications compared with 258 last year, Engineering 450 compared with 448, and Arts and Sciences 145 compared with 158.

Mustang Athletes Awarded Letters

Thirty-nine athletes in five sports have been awarded letters for competitive action this year, it was announced recently by the board of athletic control.

Atwood Grandberry, basketball, Roger Booth, gymnastics, Norm Gomes and Jack Del, wrestling, and Eduardo Labastida and Frank Loduca, boxing, Ted Trendt, Karl Bell, swimming, received Mustang letters for the third time.

Letters in the various sports were awarded as follows: Basketball: Theo Dunn, Flemon Hardy, Mike Simmons, Len Oswald, Grandberry, Doug Taylor, Will Strong and Ed Krlenko. Boxing: Labastida, John Zamora, Ed Murakami, Bob Gow, Ed Alpa, Frank Loduca, Don Adams, Gordy Martinez, and Tom Reynolds, Mgr. Wrestling: John Lucas, Lynn Dyche, Gomes, Del, John Allen, Paul York and Leo Carano (Mgr.). Gymnastics: Booth, Don Shoop, Herman Farlough, and Gordon Wall.

Swimming: Ted Trendt, Karl Bell, Bob Loeffler, Gene Lens, Lee Eby, Jerry Googing, Don Smoot, Jerry Tressler, Bill Duflock, Norm Bourreau, and Bob Wright.

Handball Sign-up

Sign-up for the intramural handball tournament will start May 18. There will be a sign-up sheet on the bulletin board in the gym. The tournament will start May 20, and will include both singles and doubles matches.

Records Tumble as Bulldogs Dominate League Track Meet

The Fresno State Bulldogs of Coach Flint Hanner dominated the CCAA track and field meet here Saturday to retain their championship for the fifth consecutive year.

Final results found Fresno on top with 72 points followed by Los Angeles State, 34½; Santa Barbara, 22; San Diego, 20; Long Beach State, 4½; and Cal Poly, 2.

New Poly records were established in all but three events. Undisturbed records were the javelin, 215 ft. 7 in. by Santa Barbara's Don Pickart; discus, 158 ft. 2 in. by Fresno's Robert Goss, and two mile run, 9:34.4 by Steve Reason of San Diego State. The three old marks were set in 1950.

The Bulldogs, in amassing 72 points, broke two CCAA records and tied two more.

Jack Wilcox, Fresno State, set a new record for the mile run with a time of 4 min. 12 sec. Mike Agostini, also of Fresno State, tied the CCAA record in the 220 at 21 sec flat. Ancel Robinson, Bulldog hurdler, equalled his own conference mark in the high hurdle event winning in 14.2 seconds. Bob Bakeman, Fresno State, set a new league record in the high jump with a leap of 4 ft. 5½ in. The old mark was 6 ft. 5½ in.

The Mustangs only place winners were Fred Ford, fourth in the broad jump and Don Meredith, fourth in 120 high hurdles.

There will be no cinder action for the Mustangs this weekend.

Fall Admission Requests Total 830; 122 Above Year Ago

Application for fall admission stood at 830 on April 16 as compared with 708 a year ago, according to the Staff Bulletin. Agriculture has 177 as compared with 266 last year, engineering 531 as compared with 352 a year ago and arts and sciences 122, almost equalling the 180 a year ago. Women applicants totalled 115.

Mustang Nine to Entertain Long Beach, Fresno Bulldogs

Toting a league mark of 5-7, the Mustang baseball crew meets Long Beach here today and entertains the Bulldogs of Fresno State tomorrow. Both will be single games starting at 2 p.m. and will be CCAA encounters.

The Mustangs brought home two wins in five outings over the past weekend, defeating Long Beach twice and losing to San Diego State once followed by a double loss to Fresno State.

Low Gentry leads the locals in the batting average department hitting near the .400 mark. He socked a home run and a double accounting for both of Poly's runs

Coeds at MPC Playday

Six members of the Women's Athletic Association attended Sports day at Monterey Peninsula College, Saturday.

In tennis, Jo Ellen Jarvi and Tracy Snow, doubles, beat Monterey, 6-2, and lost to Hartnell, 6-3. Miss Snow won over a San Jose State girl 6-4 in the singles.

Edith McCullough and Virginia Wilson topped San Jose State 20-14 and tied Hartnell 17-17 in badminton. Sandi Tyler beat a Hartnell girl 20-12 and lost to San Mateo 20-14.

Participants in the events were Cal Poly, Oakland JC, City College of San Francisco, San Jose State, East Contra Costa, San Mateo JC, Santa Rosa JC, College of Marin, and Vallejo JC.

Bicycle Riders Plan Baywood Hills Trek

Poly cycling enthusiasts are invited to take part in a bicycle ride to Baywood Park Sunday, with the Garden Street Cycling Club of San Luis Obispo.

"Plan to pack a small lunch and join us at 1131 Garden St. at 9 a.m.," invited William Small, president of the organization. He added, "We would also like help in planning our first racing event June 2. The races will be sponsored by the YMCA."

The Garden Street Cycling Club is affiliated with the American Bicycle Association, and its members are eligible for Olympic tryouts.

in the curtain raiser at Fresno. Rookie Bob Williams led the Mustang hit barrage in the nightcap with four base knocks in five at-bats.

In the five game weekend the locals collected a total of 40 hits for 27 runs while their opponents gathered 43 hits and 34 runs.

In the Saturday twin bill with Long Beach, John Freddi and Jerry Hurley each gave up six hits, but allowed only one and four runs respectively to pick up the wins.

San Diego has clinched the league title by virtue of their win over the Mustangs and a Saturday victory over Santa Barbara.

Teemen Seek Title In Circuit Tourney

Being strong contenders for the CCAA golf crown, Coach Charles Hanks and his Mustangs go into the final day of the conference golf tourney today at San Diego.

Defending champion Fresno State and San Diego State are also among the top contenders.

Coach Hanks indicated that providing Tom McFadden and Dennis Palmer come through with good matches the Mustangs have a fair chance of winning the first Poly golf championship. Feature of the 54 hole event will be the fight for medalist honors between Fresno's Gil Taber and McFadden. Hanks continued that his number one man, McFadden, is not out of the running for the honor which carries with it the title of outstanding CCAA golfer. Taber fired a 227 last season, compared to McFadden's 225.

The Mustangs have been set back by Fresno twice this year in dual competition. They have posted an 8-4 mark this year, but have not played San Diego. Wins have been over Occidental, USB, and Los Angeles State. Hanks' squad holds double triumphs over Santa Barbara and a trio of victories over Long Beach. Besides Fresno, other losses have been at the hands of San Jose State and San Francisco State.

Sportsmanship on the Links!

Harlan Griswold, Mustang golfer, has been commended by Francis A. Watson, first vice-president of the Northern California Golf Association for his action at the recent intercollegiate tourney held at Pasaletempo Country club. Harlan was entitled to his first match by default due to failure of his opponent to appear on time. However, Griswold asked that his opponent be allowed to play without penalty. The association, by letter, commended Griswold and Coach Charles Hanks.

Riders and Ropers Take First Victory

Larry Fanning broke his riding hand on his first ride at the Ellensburg, Washington rodeo last week, but took ten more animals during the rodeo to lead the Poly team to victory.

Marvin "Monte" Roberts, co-captain of the team and last year's National Intercollegiate Rodeo Association bull-dogging champion, won the all-around cowboy title and was first in the bull-dogging event.

The Poly team captured their first win in three starts this spring with 476 points. Washington State collected 300 and Oregon Technical Institute, second at the Poly Royal rodeo, was third with 250 points. Teams from eight colleges competed at the riding and roping contest.

Fanning was the only contestant in the entire rodeo to make a qualifying ride in the bull-riding.

Other members of the Poly team placed high in several events adding points to the team total.

George "Hoot" Putnam, a brone riding specialist, returned home to find his wife had presented him with a six pound six ounce baby girl.

Locals at San Diego In CCAA Net Finale

Winding up the net season, the Mustang tennis team is in San Diego today in the final day of the CCAA tennis tournament.

Coach Ed Jorgensen indicated that defending champ Santa Barbara should retain its title with ease in the two day affair.

In dual matches this year, the Mustangs picked up only two wins opposed to eight setbacks. They downed Westmont and Long Beach State and were topped twice by the defending CCAA champs, twice by Fresno State and once by Long Beach and Pepperdine. They also dropped a pair of matches to the San Luis Obispo Tennis club.

The Mustangs are headed by Roger Hing, Frank Johnson, Chuck Harbor, and Bill Jibbs, while Jerry Jorgensen and Joe Leonard complete the squad.

Aero Man Is Second In Paper Competition

Robert C. Erickson, senior aero major, presented a paper which won second prize in the undergraduate division of the Seventh Annual Institute of Aeronautical Sciences Student Conference.

Topic of the paper was "A Simplified Shock Tube for Aerodynamic Study." The shock tube described was designed, built, and operated in conjunction with his senior project.

The winning paper was one of nine presented at the Los Angeles conference. Delegations from eleven of the West Coast's engineering colleges were in attendance. Erickson is an El Cerrito high school graduate and a Navy veteran.

Collegiate FFA To Hear Leadership Talk by Couper

George Couper, assistant state FFA advisor, will speak to the Collegiate FFA Monday night, on "Qualities of Leadership Every Future Farmer Should Possess." The meeting will be held at 7:30 p.m. in Adm. 210.

Election of officers will take place. Other major points of business will include discussion of the FFA judging day and Poly Royal button sales. Preparation for the spring picnic will also be on the agenda.

Door prizes and refreshments will be given. All interested persons are invited to attend.

V. W. Club

The newly-organized Volkswagen Club is holding its second rally this Sunday leaving from the College Square at 10 a.m. The rally will be a "Have and Hound" rally. All campus Volkswagens are invited to attend the rally.

Opinions

(Cont. from page 1)
Boards will be non-voting members of SAC and as such their scope of influence will be limited to their own functions. They will have membership on the proposed ASB president's cabinet and can there review matters pertinent to their functions.

There will be no class or IDC representation as such on SAC. All students will be, I feel, adequately represented through their elected representative on SAC. This will also be an advantage in that any departmental club member will know who his SAC representative is and can more easily contact him.

Opinion of Don Walker, Student Body Vice-President
Heading the list of reasons of why I'm opposed to the new form of government is the lack of communication on campus in preparation of the changes. I feel there has been too short notice and too little time spent in drawing up these changes.

Secondly, the matter of separating divisions. I believe the new proposals will tend to drive a wedge between divisions throwing division against division. As an example of this is the matter of the unfair balance of votes that will result in the Engineering Council having more by virtue of numbers. In short they will have partial control of SAC.

As far as the established boards are concerned, I feel they should be left in voting control of matters which directly concern their organization. The new form will leave them at the mercy of people unfamiliar with board functions.

Lastly, I can see where faculty advisors will wield too much influence over the students representing their divisions and that because of this we might not see true student wishes.

Junior Class Picnic Scheduled For May 19

The Junior Class is planning a class picnic on May 19 at Morro Bay State Park, says Maynard Kepler, class president at 12 a.m.

Free to class card holders and 50 cents to non card holders, a barbecue, games, and swimming will be featured. Tickets are available in the Student Body Office.

If anyone would like to help with arrangements, according to Kepler, they should contact him through Box 1405 or Class Secretary Paul McIver through Box 1555.

Silver City Clothes 'Disappear' From Line

Another clothes line theft has been reported to security officers. Mr. and Mrs. R.M. Brown of 356 Poly View reported that about \$7 worth of clothing articles, including tee shirts, baby wear, and woman's garments, "disappeared."

Security Chief Robert Krag says this is the fourth such incident reported to his office this year. One woman was apprehended in the act earlier this year, but apparently, according to Brown, it's a different clothes thief this time.

Lifetime Subscription

From the Spartan Daily (San Jose State) centennial edition: "If the amount of clothing worn by San Jose State College coeds continues to decrease proportionately over the next 100 years, the Spartan Daily of April 29, 2057 will make very interesting reading."

"What greater or better gift can we offer the republic than to teach and instruct our youth."—Cicero

Engineers Can Finish Freshman Physics in Two Summer Sessions

Information on summer quarter chemistry and physics has been announced by Physical Science Department Head Woodford E. Bowls.

According to Bowls, "Students intending to enroll in degree chemistry for the Fall Quarter must have completed preparatory chemistry (Chem 4) or have passed the placement examination in chemistry. The placement test may be taken at the testing center. Chemistry 4 will be offered in the six-weeks quarter this summer."

"Although both Physics 181 and 182 have never previously been taught in the summer quarter

they will be this summer. Phys 181 will be taught during the four-weeks period and Phys 182 during both the four and six weeks period. If engineering students have completed these courses by the end of the summer, they will have completed all the physics required during the entire freshman year."
