Satisfaction Expressed By Students In Opinion Poll

"Associated Student Body Opinion Poll taken during the Spring Quarter registration has shown confidence in allocation of Student Body funds," said Dan Lawson, dean of activities. Lawson continued by saying that the majority of students prefer to leave things the way they are with the exception of funds allocated to El Mustang. Voting on El Mustang showed the majority of people felt that the paper should receive more money.

"Approximately 80 per cent of the total ballots cast were counted," said Lawson. "We felt that since it was an opinion poll, 80 per cent was an ample sampling."

College Union films also received votes for an increase in funds. However, there was not a majority vote favoring any change in the allocation to this section.

Other groups receiving more votes for an increase than a decrease were College Union assemblies, concerts and dances.

Under Poly Royal activities the following received a favorable vote: publicity, barbecue, carnival, carnival dance, coronation ball and carnival dance, coronation ball and rodeo. Homecoming and Campus Radio also received more votes for an increase.

Students voted that the following athletic events receive less money: administration and awards, golf, swimming, tennis, water polo, wrestling, baseball, cross country, track and gymnastics. However, none of these sports has an income.

College Union activities receiving votes for a decrease were: administration, games and hobbies, outings and publicity and personnel. Music tour, women's glee club, administration and awards received votes for a decrease under music activities.

Other activities voted a decrease were: Model United Nations, Rally Committee, Rose Parade float, spring leadership, welcome week campus activities, dairy judging teams, livestock judging teams, rodeo team, flower judging team, soccer team and Writers Forum. All of these activities with the exception of spring leadership, welcome week campus activities, dairy judging teams and livestock judging teams have no income.

Students Ask Action On Traffic Problem

"College administrators are not the only people concerned with the campus traffic problem," says Clyde P. Fisher, dean of the college. "Now students themselves are taking action."

Fisher was commenting on a petition presented to him by John Morgan, Animal Husbandry sophomore. The petition was signed by 89 students asking that action be taken to combat the traffic problem on campus.

Fisher says that on Jan. 31, a Special Parking Committee was appointed to study, and submit recommendations to improve the campus in traffic matters. The committee has met several times and has submitted several recommendations for assisting in traffic control.

Some of the recommendations which have already been approved or are being considered are the addition of stop signs, cross walks, and 15 mile per hour limits for certain roads on campus.

Several methods for reducing speed on campus were proposed, including the possibility of placing risers across the streets at vital points, which was also recommended in the student petition. Information was obtained from traffic enforcement officers in cities which have used such risers, and led the committee to the conclusion that such risers caused more accidents than they prevented. It was found that too many drivers lost control of their vehicles when unexpectedly hitting such risers. The campus committee did not recommend that risers be installed.

April 14 Date Set For Home Concert

Students in the Music Department are practicing for the 20th annual Home Concert to be held April 14, at 8 p.m. in the new Men's Gymnasium.

A diversified program will be presented during the two-hour concert. It will feature the Men's and Women's Glee Clubs and a mixed glee; 12-man barbershop group known as the Majors and Minors; men's quartet; newly-formed women's sextet, and the Collegians, highly-rated dance band. The men have just returned from a successful tour to the Los Angeles area.

Under the direction of Harold P. Davidson, now in his 25th year as head of the Music Department, the concert will include novelty songs and skits as well as the traditional serious numbers.

Tickets for the concert may be obtained from members of the various music groups. Admission prices are \$1.25 for adults and 75 cents for students of all ages. The seating capacity of the gymnasium is limited—so interested persons are advised to get tickets early.

This is the first year the Home Concert has been presented on only one night. On Thursday evening this year a closed session will be held for rehearsal and recording. Due to understandable recording conditions, the public will not be allowed to attend this rehearsal.

Poly Coeds Enter Beauty Contest

Four Cal Poly coeds will vie for the title of Miss San Luis Obispo on April 22 in the second annual pageant to select a contestant to represent the city in the "Miss America Contest" to be held in Santa Cruz.

The winner will be chosen on the basis of talent, appearance in a bathing suit and in a formal gown. Contestants entering are: Sandra McCaffrey, Physical Education freshman from Berraville; Jo Jean Witcosky, Elementary Education junior from San Miguel; Judy Arnold; Elementary Education sophomore from Alhambra; and Carol Kly, a senior Physical Education major from Riverside.

Hughes Resigns As Coach; Succeeded By Harden

"Football is losing a great guy!" This was a comment made by one of several leading football coaches from all over the country upon hearing of the retirement of head football coach, LeRoy B. "Silver Fox" Hughes, following the 1961-62 grid season.

SAC Report

Winter Quarter '62 For Campus Radio

In a report given to the Student Affairs Council Tuesday night, Derek Maitland Mills announced that campus radio is making definite progress. Forty-five members have signed up and are willing to work in either the technical or announcing end of the broadcasting system. "It is hoped that the station will be coming over the air waves exclusive to the Cal Poly campus no later than Winter Quarter 1962," said Mills.

The station will have no commercial advertising, but student activities and events will be publicized.

Rally Committee chairman Bob Schieve was given permission by SAC to send a cheerleading group to Ventura Senior High School. The group will instruct students in the Ventura County Inter-school Cheerleader Clinic May 27 and 28. Instructions will be given free but Ventura High will pay for the trip expenses.

SAC members voted to send the three ASB officers and the officers-elect to a conference of the Pacific Student Presidents Association. This is a meeting held annually to inform and instruct college leaders in the areas of student leadership and relations involving administration and students.

Castenholz Enters Mac Short Contest

Bill Castenholz, Mechanical Engineering major, is Cal Poly's representative in the annual Mac Short Award competition among Southern California colleges. He won the local nomination after competing with Bob Fuller and Ron Garcia, also Mechanical Engineering seniors.

The Mac Short Memorial Award, made annually by the Society of Automotive Engineers to the Southern California student who contributed the most to engineering during the year, is in memory of Mac Short, vice president of the Lockheed Aircraft Corp., and designer of the P2V Neptune aircraft.

Cal Poly has won the award 7 out of 10 years. For the past four years the trophy has been on display in the Mechanical Engineering laboratory. Elliot D. Brown was last year's winner.

Castenholz, as Cal Poly's nominee will take part in the final eliminations later this month in Los Angeles before a board of 30 professional engineers at which time he will explain the development of his project, a single-cylinder test engine. Completely handmade, it utilizes a double overhead camshaft with a displacement of 13 cubic inches.

Judging of the local competition took place March 20, at which time Fuller explained his project, a bi-propellant liquid rocket engine, and Garcia revealed his advanced strength of materials study of a stress analysis of a curved I beam.

Judges for the campus competition were: Leon Osteyee, Mechanical Engineering department head; Richard Kombrink, faculty adviser of Cal Poly's student chapter of the Society of Automotive Engineers; and the society's executive officers.

The winning student from all Southern California, in addition to having his name engraved on the trophy, will receive an engraved certificate and a pen set.

Middle West Team In Mercy Bowl

A champion from a Middle West football conference and from California will clash in the Cal Poly Mercy Bowl next Thanksgiving Day at 11 a.m. before an anticipated sell-out crowd in the Los Angeles Memorial Coliseum. Announcement of preliminary plans for the charity football contest was made this week by the Mercy Bowl Football Game Committee.

Final decisions on the conference to be represented in the coliseum grid contest will be announced later this month, a committee spokesman said.

Proceeds of the Mercy Bowl will help pay for hospitalization and medical care for survivors of the air disaster last Oct. 29 in Toledo and will aid families of students killed in the crash.

The game is sponsored by the California Collegiate Athletic Association and conference president Roy Hughes of Cal Poly. Dr. Ferion Losos of Los Angeles State is game director and is assisted by Jess Hill, athletic director of the University of Southern California.

Serving on various committees from Cal Poly are Dr. Clyde Fisher, dean of the college; George Mayhew, student body vice-president; Vince Gates, public relations director; John Healey of the Technical Journalism Department; Bob Spink, graduate manager; and Dr. Bob Mott, Physical Education Department head.

PETITION DEADLINE

Noon tomorrow is the deadline for petitions for candidates entering the Associated Student Body election, April 14-15. Petitions are required to be turned into the ASB office for the office of president, vice-president and secretary.

Education Loan Blanks Available

Students interested in applying for a National Defense Education Act Loan for the next college year have been asked to come to the office of Everett Chandler, Dean of Students, to obtain application forms.

Students attending Cal Poly this year, whose 1961-62 loan applications are approved after the review, will have funds available about the first or second week of October, 1961.

Loans may be granted to a maximum of \$1,000.

"Interest payments are 8 percent on the unpaid balance which, of course, is a low interest rate," Chandler said.

A student has ten years in which to repay the loan after his graduation. Students who enter and are active in the teaching profession may have up to one-half of the total amount they have borrowed cancelled.

"Although there is competition for the loans, any student who is in need should not hesitate to obtain an application and submit it for review by the Loan and Scholarship Committee," Chandler emphasized.

Poly To Represent Nepal At Model UN

Nepal, a small landlocked kingdom of Southeastern Asia, will be represented by Cal Poly at the 11th annual model United Nations. The event will be held April 12-15 at the University of Oregon.

Representing Poly will be Gloria E. Jannel, Thomas C. Brown, Allen F. Ochs and Derek M. Mills, accompanied by advisor Dr. M. E. Smith, Social Science instructor.

Over 1000 participants from numerous western universities and colleges are expected to attend.

Highlights of the MUN sessions will be speeches by Frederick H. Boland, president of the General Assembly of the UN and delegate from Ireland, and Senator Wayne Morse of Oregon, a member of the Senate Foreign Relations Committee.

Water Shortage Threatens Agricultural Departments

BY JUDY KENT

"What are we going to do when the well runs dry? That is a question people in the State of California are asking, and on campus the agricultural departments are planning and planting with a water shortage in mind.

Lyman Bennion, head of the Animal Husbandry Department; Howard C. Brown, head of the Ornamental Horticulture Department, and William Troutner, acting head of the Crops Department, all have plans for the future of their departments—with respect to meeting the threatened dry year ahead.

Physical Sciences Hold Open House

High School students will be given a preview of the college Physical Science Department tonight with a "Science Preview," announces Dr. W. Eugene Bowls, head of the Physical Science Department.

Invitations have been sent to high school science instructors and counselors urging attendance by students in their junior and senior years so that they can see a college science department in action.

An informal meeting of high school students, parents and instructors will begin in the El Corral Snack Bar at 6 p.m., to be followed by a tour of the science facilities, demonstrations, discussions and a refreshment period to be held in the Science Building.

Poly Royal Brochures Available To Students

Brochures for the 29th Annual Poly Royal are available to the members of the student body, according to Al Pease, general superintendent. The brochures will be distributed at the following locations: student body office, El Corral book store and snack bar. In order to make the brochures available to all members of the student body, it is necessary to limit the number issued to four per person.

These brochures are mailed out under a school permit and are not to be mailed individually. All those receiving brochures are requested to address them and return them to the location where they were issued. The deadline for the return is Thursday afternoon, April 13 by 5 p.m. They will be sorted Thursday night and mailed Friday morning.

Homecoming Chairman Positions Now Open

Persons interested in being a committee chairman for Homecoming next year have been invited to pick up application forms in the Associated Student Body office. Interviews for positions will be conducted next week.

Positions to be filled are: Coronation Ball chairman, queens chairman, and chairmen of the trophies, judging, publicity, and parade committees, according to John Quinn, Homecoming committee chairman.

SAN LUIS OBISPO

"That last inch of rain we had in early March assures us of a fair hay crop, although there will have to be more rain before the range feed will reach normal growth," said Bennion. "This season more rain dropped in the San Luis Obispo area than in the surrounding areas."

"The college will suffer economically due to the increased cost of feed," Bennion predicted. "This increased feed cost may cause an increase in cattle sales which in turn floods the cattle market."

"We might have to bring cattle in off the range 30 days early, depending on the rain," Bennion continued. "Every day lost on range feed is considered a loss of 1.5 pounds per steer, at approximately twenty-five cents a pound. We are hoping for at least two or three more inches of rain to give the grass a final boost and insure sufficient summer range feed," Bennion said.

"If the rain doesn't come, the springs and wells will dry up and the cattle and sheep may have to be brought in, or water will be hauled to them," said Bennion. "We had a good early grass season but need more rain to keep the grass alive. More important we need rain to swell our underground water supply," said Bennion.

The Crops Department is taking action now, according to Troutner, and selecting crops that don't require much water.

"In our planting we are abandoning marginal productive fields. We are utilizing sprinkler irrigation only under optimum conditions and cultivation to remove weeds is being used to the fullest to save water," according to Troutner.

"Partial action is being taken right now, and our planting is being dictated by the water problem as it is further aggravated or improved," Troutner said.

The Ornamental Horticulture Department is feeling the effects of the water shortage to some extent too, although Brown doesn't foresee the time when water for the small home garden will be affected by the shortage in this area.

"At the present time we are using native plant materials adapted to minimum water conditions for our landscaping on campus," Brown said.

The Ornamental Horticultural and Grounds Departments are emphasizing better irrigation and more thorough utilization of water, and is doing much of their watering at night to avoid evaporation and moisture runoff.

"Our future plans are to expand if the water problem clears. We are hoping to do more planting on land near Camp San Luis as soon as we are sure of enough water," Brown concluded.

Fresh Sponsor Dance

"Whiz Bang" will be the name of the Freshman class sponsored dance in Crandall Gymnasium. The dance scheduled from 9:30 to 12:30 Saturday night will include in its decorations, golden horse shoes.

Hot-Cold Mustang Baseball Nine Hosted By Bulldogs

After opening the league with two wins and one loss against the Matadors of San Fernando State College last weekend, the Mustangs travel to Fresno State to open up a three-game set this afternoon. Fresno, boasting a 18-3 record for the season, played four games last week in the San Diego Marine tourney. The Bulldogs will field a team with five 300-plus hitters with Augie Garrido being tops at .386 and Jerry Pritchett at .361.

In the Mustang competition last weekend, San Fernando was edged out in the first two games of the series but came back to blank the locals in the nightcap of Saturday's double-header.

Pitcher Rich Guerra went the distance in the first contest, allowing only four hits in the 8-3 victory. Wayne Maples and Renny Russell led the sluggers. Maples had three for four and two runs batted in while Russell picked up a double and a home run for three RBIs.

Rally Rounsaville stole home with two out in the last of the eleventh to break up a thriller Saturday. Relief chucker Don Smallwood picked up the win after relieving Bruce Anderson. Ken Anderson pounded two home runs and a double and drove across three tallies and Nick Montero batted in two runs.

In the final game of the series, Brad McFadden yielded only three scratch hits but Bucheda of the Matadors hurled a two-hitter for the 1-0 conquest. The only run of the game came in the first inning after two were out, on an error and two broken bat singles.

Golfers Win 50-4 Over UCSB Gauchos

John Callin and Buddy Joe Petty tied for medalist honors with 74's as the Cal Poly golf team swamped the Gauchos of Santa Barbara 50-4 on the fairways of the San Luis Obispo Country Club last Monday.

Terry Inglett shot a 75, Warren Jones and Steve Wilburton carded 79 apiece, and Ford Willy finished with an 81 to round out the victory for the Mustangs. Jerry Patch was the Gaucho medalist with a 79.

Palm Springs will be the scene of the next action for the duellers of Coach C. J. Hanks. They will compete in the southern California Intercollegiate tourney, played on the Bermuda Dunes Country Club course on April 14.

Music Tour Successful

H. P. Davidson has announced that the annual week-long music tour of various Los Angeles high schools was a tremendous success. Attendance totaled 25,000 at the concerts given by the Men's Glee Club, Majors and Minors and the Collegians.

On His Feet Again...

HOME AT LAST . . . Sports Editor of the Telegram-Tribune, John Nettleship makes his first appearance out of sickbed since the tragic accident in October in which he suffered multiple injuries of the legs and chest. By his side are two players who survived the accident, Ted Tollner and Dick McBride. Nettleship returned home two weeks ago.

Hardballers Split Pair With San Diego Marines

Staving off a last inning rally by the Mustangs, the San Diego Marines were able to pick up a win in the second game, 5-3, after being drubbed 18-3 the previous day.

Coach Bill Hicks' crew splattered 17 hits to take the first game behind the chucking of Rich Guerra. Jim Harper led the assault with four hits in five trips. Ken Anderson got three hits and Renny Russell banged out two. Eight others chipped in with one hit apiece.

In the second game Jim Harper drove across the first tally and Rally Rounsaville added a home run. The ninth inning rally was stopped short with the bases loaded when Russ Croninger was cut down in a run-down between third and home.

Originated in 1883 at Trinity College, Hartford, Conn., the first national collegiate tennis championships were sponsored by the United States Lawn Tennis Association.

Boxing Finale at Chico Tournament

Coach Tom Lee and his band of fistic gladiators will conclude the current boxing season tonight when they are hosts of Chico State College in a six-team tournament.

Fresh from two victories, over Santa Clara 7-1 and Chico State 5-4, the Mustangs 8-man contingent will try to improve their successful overall season record of 6-2.

Bobby Gow (6-2 record), "Cowboy" Clayton Oilar (5-1), and Frank Godines (7-1) head up the list of top performers along with Jerrold Gebbie (6-2), Bob LaBelle (3-1-1), Darrell Fletcher, Don Tessier, and heavyweight Al Muro.

Cal Poly's team is competing in the California Collegiate Boxing Conference for the first time after several seasons as an independent. In the new conference, Coach Lee's squad maintains nine weight classes with an average of three men in each class.

Prophecy wise, Coach Lee states: "Our prospects for the tourney appear as bright as anybody's when you consider our over-all record. It has been gratifying this season when you consider the few returning boxers with experience."

49'ers, Aztecs Go Against Netters

In a close contest which saw the Mustangs leading until the final stages, the Santa Barbara Gauchos dumped the Cal Poly netters 4-3 on the strength of two doubles victories last Monday at the UCSB campus.

Tom Lingham and Marshall Wright of Cal Poly came through for important victories over Lloyd Roth and Jim Lodas, respectively, by identical scores of 3-0, 6-1, 8-0 in the first singles matches.

Rawson Lloyd (CP) defeated Lee Reid 8-0, 6-1 while Don Lord (CP) lost to Don Gaynor 6-0, 6-2. In the doubles affairs Reid and Gaynor defeated Lloyd and Lord (CP) 6-3, 3-6, 6-4. Roth and Atkinson downed Wright and Lingham (CP) 8-0, 6-1, to complete the match.

Today the netters of Poly will go against Long Beach State at 2:30 on the home courts. Tomorrow morning at 10 San Diego's Aztecs will invade the Mustang corral for the third CCAA encounter for the stalwarts of Coach Ed Jorgensen.

The national collegiate tennis championships are the oldest of the NCAA championship series and the second oldest of the national tennis fixtures.

Cindermen Road To Fresno

Fresno State College will be the scene of track action tomorrow as Coach Walt Williamson takes his injury laden athletes to meet the team rated as the powerhouse of the CCAA.

Though small in number the Mustangs boast some of the nation's top individual performers in Tom Pagani, weight-thrower, half-miler Louis Rodriguez, and high-jumper Dennis Jones. Ace sprinter Pierpont Laidley is on the shelf with injuries and will not make the trip.

Coach Williamson's charges re-

turned with three first place ribbons in their tri-meet with San Francisco State and Santa Clara Valley Youth Village this past weekend. The winners for the Mustangs were high-jumper Jones (6'8"), half-miler Rodriguez in 1:52.6, and pole vaulter Gary Kuehn 12'.

Ten new meet records were set and another tied in the 17-event program of the 1960 NCAA track and field championships.

Food Throwers

Dear Editor:

Somehow during the course of events, a newly opened, somewhat esthetic cafeteria has become a haven for a juvenile display of vocal antics, a variety of salt, pepper, and sugar table tricks, and a nauseating game of food throwing. What has happened to the mature, adult atmosphere prevalent in our cafeteria those first few days after its opening? Perhaps this article will prompt that small majority of guilty students to consider a venture into the adult world!

Hughes Resigns

(Continued from Page 1)

1962. Hughes has been a member of the NCAA-TV committee for three years and was re-elected to a two-year term in Pittsburgh in February.

Hughes received his bachelor's degree at the University of Oregon in 1941 and a master's degree at Stanford in 1950. He was a four-sport letterman in football, basketball, baseball and swimming at Polytechnic High School, San Francisco, and at San Mateo Junior College, and played basketball for the Olympic Club, San Francisco, at the age of 17.

At Oregon where he starred in basketball, he also assisted Coach Billy Reinhardt in producing winning hoop teams of the Pacific Northwest. Hughes later became physical education teacher and coach at Monterey High School and coach of football and basketball at Menlo Junior College. He served in World War II as an officer in the Navy's physical fitness program.

Hughes' record in football coaching at Cal Poly notes an impressive 66-24-1, won, lost and tied. His Mustangs have won or tied four years out of 11 in the CCAA conference, being undefeated and untied in 1958. He turned out several stars who became professional football players, including Alex Bravo, Stan Sherin, Perry Jeter and Freddie Ford.

Sheldon Harden, a three-year football letterman at Santa Clara University under Lawrence T. "Buck" Shaw and Leonard Cannova, has been one of Hughes' assistants for 11 years and has been head wrestling coach with an outstanding record in Pacific Coast collegiate competition.

Harden's comment on being named Hughes' successor was brief: "Roy Hughes has had an impressive record at Cal Poly and it will be hard to fill his shoes. It will be our endeavor to continue to field a representative team from Cal Poly in football competition."

Foreign Students Receive Invitation To Grant Home

A program began last quarter to give foreign students a place to go on the weekends will be continued this Saturday night. Foreign students are invited to the home of Dr. David Grant, English instructor.

The evening will begin at 8 p.m. at the Grant home at 209 Chaplin Lane.

YOUNG MAN

The only suit is The Vented Suit... look here, the mohair-vented suit vented in linen. A suit that you put on in March, wear through September. The mohair, the non-shiny kind, cool, very much in the news and typically Cricketer. Shoulders all your own,
