FFA Convention On Campus May 3

More than 700 delegates and guests of the California Future Farmers of America are expected to participate in the annual convention on campus May 3-5.

Both National President Lyle Carpenter and National Vice-President John Creer will attend and address the convention during the three-day event.

Creer was elected to his position at the national FFA convention in Kansas City last October, and served as Utah's State FFA President in 1959-60 and was the state FFA public speaking winner in 1958.

Visiting national officer Lyle Carpenter, elected to his position last fall, has served as Colorado's State President, president of the Freshman Class at Colorado State University, delegate to Boy's Nation and held the governorship of Colorado Boy's State.

The state judging contests May 6, will bring more than 1,000 boys and teachers, a few of whom have stayed over from the convention.

"Altogether we will have from 1,300 to 1,800 different Future Farmers on campus," says George P. Couper, state supervisor for the Bureau of Agricultural Education.

State officers who will direct the state convention include three Cal Poly freshmen students, Roy Killgore, state president; Tom Brasil, state secretary; and Jim Fuitts, state treasurer. Jerry Diefenderfer, San Luis Obispo high school senior, is the state sentinel. He plans to enroll at Cal Poly fall quarter.

Next Year's Chiefs

"UNITED WE STAND"—Pictured wishing each other the best of luck for next year are newly elected ASB officers Dave Hettlinga, vice-president; Mary Fran Crowe, secretary, and Lee Foreman, president. The new officers will assume their duties next Fall Quarter.

SAC Report

Residence Hall Council Not Ready for SAC

"Residence Hall Council, following a meeting of their Executive Council, Monday night, does not feel this is the right time to ask for representation on Student Affairs Council," reported RHC advisor Robert Bostrom, at Tuesday night's meeting. Skeet Collier, RHC president, also noted that "the Residence Hall Council is not ready at this time for representation on Student Affairs Council."

Following a lengthy—some 30 minutes—talk discussing the college's on-campus living system, Bostrom squelched all thought of a good inter-council debate with the announcement.

Representation on SAC by the Residence Hall Council had been proposed earlier this quarter and was introduced for preliminary hearing at last week's student governing council meeting.

At that time much opposition was evident with the general opinion of the representatives that residence hall students are all represented once or twice through other organizations.

During the past few weeks there has apparently been many rumors flying. At the conclusion of Bostrom's discussion, Student Body President Tom Bragg noted, "this is a good stop-gap on trying to do away with some of the rumors started recently on campus."

One of the RHC's objections in requesting a seat on SAC concerned the added representation gained by on-campus students over off-campus students. Credits living off campus in approved housing have representation indirectly through Women's Residence Association to Residence Hall Council.

The only other subjects covered at the action-less meeting was the reading of a letter from the Class of 1960 giving authority to transfer \$255.25 to the Cal Poly Memorial Fund.

George Maybee, ASB vice-president announced that 1260 students had voted in the election from 8 a.m. to 5 p.m. Tuesday. He also noted that 810 had taken part in class elections.

ASB Office Houses PR Headquarters

A Poly Royal information center and headquarters will be set up in the Associated Student Body Office next week. The center will operate Tuesday through Saturday.

The hours for department displays will be Friday, 10 to 5 p.m. and Saturday 9 to 5 p.m. "If any department desires to remain open longer there will be no restriction," announced Al Pease, Poly Royal chairman.

Buses will be used for transporting visitors from parking areas to various points around the campus, and to outlying units including aero, dairy and swine.

"I'd like to ask the cooperation of the entire student body in working together to make this one of our better Poly Royals. A helpful direction to a lost visitor or just an extra push on the department's display will make this a Poly Royal to be remembered and enjoyed," said Pease.

Rhodes Is Crowned Miss Mathematics

Miss Mathematics, Barbara Rhodes, will welcome high school students to the campus during the statewide math contest to be held during Poly Royal.

Barbara, 22, graduated in March and is now working for a general secondary credential. She attended Compton Junior College before coming to Cal Poly.

The pretty brunette was a song leader and is now resident manager in Trinity Hall. She is minor- ing in Physical Education.

BARBARA RHODES

After receiving her secondary credential, Miss Rhodes hopes to become an airline hostess before settling down to teaching math in high school.

Movie Tonight Features "The Last Angry Man"

"The Last Angry Man" will be presented in the Air Conditioning Auditorium tonight at 7 and 9 o'clock. The film stars Paul Muni, Betsy Palmer and David Wayne.

The film is based on a best selling novel and tells the story of a self-sacrificing doctor interested in the good of humanity.

A Vote For Lawson

Too much administration control in school affairs you say? Well seemingly one student tends to disagree with the majority.

Dan Lawson, dean of student activities, received a vote for Associated Student Body President in this week's election.

Avila Beach Warning . . .

By THE GRAPEVINE

Avila Beach 302 scholars are warned that the flunk-out rate could be high this weekend.

San Luis Obispo County Supervisors heard reports earlier this week of near-riots last weekend when an estimated 16,000 visitors jammed the tiny beach community.

A special riot squad from the sheriff's department and roving deputies are expected to patrol the streets in the future. Also expected to visit the area are members from the State Department of Alcoholic Beverage Control and the California Highway Patrol, checking for drinking in and about automobiles.

Official Results

1574 Votes Registered In ASB Election Race

A tumultuous applaud greeted Lee Foreman, Dave Hettlinga and Mary Fran Crowe, newly elected Associated Student Body officers, as the official announcement was released in the new El Corral Snack Bar Wednesday night. The election brought out 1547 voters to the polls which registered only 88 per cent of the student body.

Class Elections

Paxton, Killgore, McDearmon Take Presidential Posts

Class elections are truly cases where the minority rules. A combined total of only 408 students cast ballots this week in the class elections.

"Considering the fact that we have more than 10 times that many students enrolled, it was a poor turnout," said George K. Maybee, ASB vice-president and Elections Committee chairman.

"However," he said, "even at that, this was almost twice as many as voted in the elections last year."

With a narrow margin of only six votes, Lee Paxton took the position of senior class president. Paxton had a total of 48 votes, while his opponent, Glen Douglas, totaled 42.

Jim Hanson won the Vice-Presidential position for the class by defeating Gerry Gillivan 50 to 30, with four votes voided. Mary Halahan, running unopposed for secretary, collected all but one vote, and that was void.

Other winners were Jim Hummel and George K. Maybee with 79 to 88 votes respectively for the position of treasurer and SAC representative. Six other votes were voided because of improper ballot marking.

Bob McDearmon won the presidential office from write-in candidate Bill Papadopoulos 87 to 17 in the Junior Class elections, with eight votes declared void.

Running unopposed, Ron Wilkins, Caroline Cooper and Dave Burton won the respective positions of vice-president, secretary, and treasurer. Each candidate received 108 votes, with the other votes being split between write-ins and voids.

In the race for SAC representative, Via Dollants defeated George (Continued on page 2)

Foreman, 20, Business major from Willits, won handily in the presidential race. He tallied 880 votes to Jack Keyes 587 and Derek Mills 241. There were 85 write-ins.

When asked how he felt after being told he had won, Foreman said, "I don't know, I just feel numb all over." Questioned as to his first venture in office, Lee replied, "I have found out that the school makes out the school calendar and then has the approval of the state, so I will work with Dean Everett Chandler and Registrar Stanton Wraith to arrange a more suitable schedule for students, as this was one of my points in my platform."

In the vice-presidential race a battle developed between Dave Hettlinga and Jan Arndt with Hettlinga pulling the majority of votes. The new vice-president elect Dave Hettlinga, 20, is a Dairy Manufacturing major from Westminster.

Hettlinga registered in the first choice column 718 votes, Jan Arndt had 418 and Neil Norum received 199. There were seven write-in votes and 48 void ballots. This did not give Hettlinga a majority, so Norum's second choice votes and the seven write-ins were divided between the leading candidates, and this gave Hettlinga the needed number to win the vice-presidential spot.

Asked how he felt about being elected, Dave replied, "I feel very elated, very relieved; I thought it was going to be a close race, and it was." When asked what would be one of the first measures he would try to have adopted, he answered, "To establish a foreign student orientation program and a full-time advisor."

Mary Fran Crowe, Technical Journalism from Millville, won the secretary post with ease. She received 1087 votes against her opponent Peter Ashton's 488, with six write-in votes and 48 ballots voided.

Mary Fran expressed her gratitude at being elected and hoped that she would do a satisfactory job. She said her main objective would be to improve communications between the Student Affairs (Continued on page 4)

Breakfast Planned By Newman Club

The Newman Club's Poly Royal Breakfast will be held Sunday, April 30 at 10 a.m. in the staff dining room. The annual affair will feature Owen Servatius as guest speaker, and will honor Newman alumni, past officers and advisors. Poly Royal Queen Anne Miller will also attend.

A short film strip taken at the Cardinal Newman Weekend held at Santa Catalina Island will be shown and slides of other province events will be seen.

President Tony Massa will give a resume of the club's activities and achievements. He invites all Newman Club members, parents and guests to attend.

Tickets are being sold by Newman Club members at \$1 each. Don Hamilton, head of the breakfast committee, has asked that tickets be purchased by Tuesday, April 25. They may be obtained from Dee Osargent, Santa Lucia Hall; Mary Correia, Trinity Hall; Maasa, Palomar 32; Leo Rapp, Shasta 2; Pete Sparaco, Diablo 1; Don Hamilton, Tenaya Hall, and Carol Ann Rizzo, Santa Lucia Hall.

A table will be set up in the snack bar patio Monday and Tuesday at which time tickets will be sold between 11 a.m. and 1 p.m., according to Hamilton.

Peace Corps Volunteers Deferred From Service

BY MIKE CASSITY

Can Peace Corps candidates expect to go abroad and return home and train for peace and then return home to train for war under the current Selective Service program? The Selective Service Act established in 1955 made it mandatory for every United States male citizen who met

First Spring Sing Attracts 16 Clubs

College Union and Residence Halls Council will present Cal Poly's first Spring Sing Contest Friday, May 26 in the new Men's Gym.

In the women's division, Santa Lucia Hall, Home Economics Club and Trinity Hall have entered the contest.

Wesley Fellowship and Newman Club are entered in the mixed division; Heron Hall, Mustang Wrestling Club, Fremont Hall Heights and Rally Club have entered the production division.

The speciality division leads in entries with the Corinthians Sailing Club, Osondailers, Roger Williams Fellowship, Muir Hall Heights, Chase Hall, Hillal Club and Block "P" Lettermans Club entering.

"Five trophies called 'Must Awards' will be awarded to winning groups, and all groups are reminded to be prepared for the try-outs on May 3 and 4," said General Spain, chairman of College Union.

Book Display Honors Library Week

"Today we need both wisdom and strength and that's the reason why Americans should 'wake up and read,'" said President John F. Kennedy when expressing the motto of the American Library Association which is sponsoring National Library Week April 16-22.

At Cal Poly's library, in observing Library Week, an assortment of new books are displayed which are directed at students with varied interests. Among the books are: "Elements of Physical Chemistry" by Samuel Glasston and David Lewis, "The Image of the City" by Kevin Lynch, and "Law—for the Veterinarian and Livestock Owner" by Hannah Storm.

This is the fourth annual celebration of National Library Week which is a citizen's movement to encourage lifetime reading habits and the use and support of libraries by everyone.

National Library Week, through a wide range of national and local events, provides a dramatic focus for year round community reading.

Class Elections

(Continued from page 1)
Spain 77 to 84, with one vote declared invalid.

Winner of the Sophomore Class presidential office was Roy Killgore. Killgore defeated Mike Brundy 118 to 91.

Ken Lewis, running unopposed for the office of vice-president, totaled 183 votes, with six write-in candidates and voids splitting the other 21 votes.

Bonnie Bandy defeated write-in candidate Sandy Hayman 188 to 81 for the position of secretary, with 10 votes declared void.

Mae Dyer won the treasurer position from Sue Spencer by a slim margin of two votes, 100 to 98, with eight votes declared void.

In the closest race in the class elections, Joe Zallen defeated Jana Mosgar-Zoual for the SAC representative position 99 to 98. There was also one write-in and eight void ballots for the position.

qualifications to serve in the armed forces between the ages of 18 and 26—if drafted for a period of two years of reserve training. Subsequently, Peace Corps volunteers all over the country have asked, "Will we be deferred?"

According to Lt. Gen. Lewis B. Hershey, director, Selective Service System, Peace Corps volunteers can be deferred from military service under the present Universal Military Training and Service Act.

"The relationship of the Selective Service System with registrants who become members of the Peace Corps can be handled administratively," Hershey wrote in a recent bulletin from Washington D.C.

"The power to defer registrants who perform functions in national health, safety, or interest now exists," continued Hershey.

But what happens to the Peace Corps member when he returns home? Important factors listed by Hershey for consideration when the volunteers returns home include his age, physical condition, marital status, the regulations which apply when he is released, and whether or not the registrant on his return from service with the Peace Corps engages in an activity which permits him to be deferred in the national health, safety, or interest."

Hershey concluded by saying that if the member returned home and engaged in no activity that prevented him from qualifying from further deferment such as work in the interest of national safety or welfare, possible draft into the armed forces could be affected.

How does this affect Cal Poly students who have expressed interest in applying for the Peace Corps? Currently, our program here would not apply to Hershey's statements. However, once the applicant has volunteered and received notice of his acceptance, the Selective Service would take necessary action.

Any student who would be interested in seeing the bulletin concerning draft deferment for Peace Corps candidates should inquire at the El Mustang editorial office.

New Technique In Fraction Teaching

Speaking before the National Council of Teachers earlier this month in Chicago, Dr. George H. McMeen, mathematics instructor, spoke on the problem of making the teaching of fractions more meaningful to children. Dr. McMeen's speech was entitled, "Division Of A Fraction—A New Approach."

By utilizing several wheels of different circumferences that are rolled along a grooved measuring stick, Dr. McMeen explained that children will be able to visualize fractions and the mathematical relations of parts to a whole more easily.

Dr. McMeen devised the wheel-measuring stick and an explanatory text for the purpose of making the teaching of fractions more meaningful to children. The device will also provide elementary teachers of the subject with a simplified visual aid.

Spikers To Host LA State In CCAA Clash Tomorrow

Track Coach Walt Williamson sends his charges against the Los Angeles State Diablos tomorrow at 2:30 on the local oval in what promises to be the biggest meet staged at Cal Poly in quite some time. An exhibition hammer throw by Tom Pagani at 2:15 will precede the afternoon's CCAA action.

Coach Williamson stated, "The track is in the best shape of its history and it will be especially fast for this meet against the Diablos. In spite of a lack of depth on our behalf, it will be a close meet all the way and will be an excellent attraction for the spectators."

Los Angeles boasts of some of the CCAA's top performers. Al Harris, pole vaulter, is defending CCAA champion in that event and has an all-time best of 14-3/4. Joe Womack leads the sprinters with bests of 9.8 in the 100 and 21.2 in the 220. John Kershaw is one of the tops in the conference in the 440 and 880. Len Blutzreich who has a 158-9 toss this season, in the discus should also be a mainstay in the LA attack.

Louis Rodriguez, Tom Pagani and Dennis Jones will again carry the brunt of the Mustang attack in their specialty events the 880, shot-put and highjump, respectively.

Coach Williamson has announced his probable entries: Andy Boyd in the 100. His best so far is 10.2 in the event.

In the 440 will be Bill Hammat, best of 51.5, and possibly Pierpont Laidley who has not seen action

CCAA Swim Finals At Santa Barbara

Cal Poly is a slim choice to capture the team honors in the California Collegiate Athletic Association swimming championships which are now taking place at the UCSB pool. The events will last until tomorrow.

Led by All-American Jack Adam, the strong Mustang squad is expected to edge out Los Angeles State and Long Beach State for the title. Adam holds the CCAA records for the 220 and 440 yard freestyle events.

Last year's winner, Long Beach State, will be led by Ron Renison. The 4Ders hold a 2-4 dual meet mark. Los Angeles State will feature Weldon Madison, diver, who is undefeated this season.

The favored Mustangs, cracked nine school records in one meet this year. Besides Adam, the Mustangs have Frank Brooks in the butterfly events and Courtney Childs in the 100-meter freestyle event. Cal Poly has also turned in the best 400-meter freestyle relay clocking this year, with a 4:50.1 race.

Intramural Track Meet Monday at 4

Intramural Chairman Bill Miller has announced that the track meet which will have the freshman, sophomore, junior and senior classes competing will be held Monday at 4 p.m. Trophies will be given to the first place winners in all events.

Sign-ups for all events will take place on the field before the meet gets under way. There will be relays, field events and sprints up to 220 yards. There will not be a mile run.

Participants are limited to only two track and one field event or one track and two field events. The scoring will be 5 for first, 3 for second, and one for third place and the points will be tallied to determine the winning class.

Los Angeles State Next Net Opponent

Coach Ed Jorgensen's netters will meet the Los Angeles State Diablos this afternoon at 2:30 on the home courts. This will be the first meeting of the year for the two clubs.

The Mustangs will try to get back on the winning track today following last Tuesday's loss to the Santa Barbara Gauchos. Santa Barbara dumped Poly for the second time this season with a 4-3 score.

Dr. Mott Speaker At AANPER Confab At Albuquerque, N.M.

Dr. Robert A. Mott, head of the physical education faculty at Cal Poly will be one of the principal speakers at the 26th annual convention of the Southwest District, American Association for Health, Physical Education, and Recreation when it opens in Albuquerque, N.M., April 19-22.

Dr. Mott is chairman of the professional education section's program, "Professional Education—Today and Tomorrow," to be held Friday, April 21, at 1 p.m. All sessions of the convention will be held on the University of New Mexico campus.

Some 800 delegates from California, Arizona, Utah, Nevada and Hawaii will attend.

Santa Barbara Gauchos Here

Resuming CCAA baseball action this weekend, the Cal Poly nine will play host to the Gauchos of the University of California at Santa Barbara today at 2:30 and tomorrow at 12:30.

In the last league action two weeks ago the Mustangs were dumped three times by the Fresno State Bulldogs. The losses set the Cal Poly mark at two wins and four defeats in loop play. Non-conference action last weekend saw Coach Bill Hicks' squad down San Jose State in two of three contests.

In their two wins, the Mustangs combined clutch hitting and solid front line pitching to dump the Spartans 9-4 Friday and 8-0 in Saturday's nitcap. Ray Walters

hurled a two-hitter to win the 8-4 day.

After 27 games, three Mustangs are hitting above the .300 mark, Ken Anderson .379, Cameron Best .378 and Jim Harper .318. In the slugging department, Anderson and infielder Jerry Williams each have four home runs. Williams leads the RBI parade with 17. Shortstop Rolly Rounsaville is tops in stolen bases with eight steals in nine attempts.

Hurler Dick Guerra heads the Mustang hurlers with a 5-3 record, and has totaled 51 strikeouts in 17 innings. Reliever Don Smallwood (3-2) has whiffed 26 batters in 24 innings. Newcomer Ray Walters (1-1) has accrued an impressive 0.75 earned run average.

Is your future up in the air?

As the communications needs of our nation become steadily greater and more complex, the Bell Telephone System is continuing its pioneer work in microwave by "taking to the air" more and more to get the word across.

To this end, Western Electric—the manufacturing arm of the Bell System—has the monumental task of producing a large part of the microwave transmission equipment that knits our country together by shrinking thousands of miles into mere seconds.

In spite of its great technological strides, the science of radio relay is a rapidly-changing one. And new break-throughs and advances are common occurrences. A case in point: our Bell System "TH" Microwave Radio Relay. This newest development in long-distance telephone transmission will eventually triple the present message-carrying capacity of existing long-haul radio relay installations. A full-scale system of 6 working and 2 protection channels can handle 11,000 telephone messages at the same time.

To make microwave work takes a host of special equipment and components: relay towers, antennas, waveguides, traveling-wave tubes, transistors, etc. But just as important, it takes top-caliber people to help us broaden

our horizons into such exciting new areas as communication by satellites!

And microwave is only part of Western Electric's opportunity story. We have—right now—hundreds of challenging and rewarding positions in virtually all areas of telephony, as well as in development and building of defense communications and missile guidance systems for the Government.

So, if your future is "up in the air," you owe it to your career to see "what's up" for you at Western Electric.

Opportunities exist for electrical, mechanical, industrial, civil and chemical engineers, as well as physical science, liberal arts, and business majors. All qualified applicants will receive consideration for employment without regard to race, creed, color, or national origin. For more information, get your copy of "Western Electric and Your Career" from your Placement Officer. Or write College Relations, Room 6106, Western Electric Company, 198 Broadway, New York 7, N. Y. And be sure to arrange for a Western Electric interview when the Bell System recruiting team visits your campus.
