Spring Weekend May 26-29 Will Be Four Days To Remember
Four Big Activities Planned for Student's Pleasure
You've heard of many package deals offered but most of these were selling something to the one offered students for the weekend of May 26-29: Cal Poly will offer students a different, exciting and enjoyable activity that they'll never forget.

For the deal on Friday, May 26, at 1 p.m. in the Men's Gymnasium will be the first Spring Rodeo. Competing for the title of best-stung group on campus will be five groups consisting of Santa Barbara, Whittier Polytechnic, Newman Club, Kelly Club, Block Hall, and Gamma Beta Hull. The last group is the first group to be selected. At 8 p.m. Friday, May 27, will offer the football game between the rivalry and alumni students have an opportunity to see how the horses and men will perform.

A spring picnic is planned for Saturday, May 27, and will take place at Port Bar Joe Urban Clubhouse. The picnic will begin at 8:30 a.m. with all the trimmings. Bring your own beverages, and the lunch will be provided. The Outings Committee, Corinthians Russel Miller, will head the Welcome West Convite Committee. A cookout will be offered on campus. Going along with the activities will be the logo of the spring picnic and will be known as the "Spring Prom," and the activities will be sponsored by the students and their guests. Lunchtime and dinner will be served at 1 p.m. May 29 in cooperation with the 'Spring Prom.'

SAC Report
Group Approves Motion To Join State Association
By Jim Grundman
Action taken at this week's Student Affairs Council meeting gained approval of Cal Poly joining the California State Universities Association of Colleges and Universities.

"All we need to do is write a letter to George K. Mayes, "It's the SAC approval of the administration to admit us," explained Bob Toomey. The letters are represented and they have the right to vote in the general election of the students.

According to Mayes, the group approved the letter the next week. The letter was written and signed by Thuroptas and those who could not attend the general election of the students.

This association is approved by the faculty members, the State College Presidents and the State College Board of Trustees.

Other action at the meeting included approval of the Associated Student Body's letter to the Board of Regents in support of the college's application for membership in the Western Intercollegiate Conference of the Pacific Student Bodies Association. The letter was approved and the students are allowed to remain in SBC for approval.

A vote was taken on the SAC Board and SAC (Continued page 4)

Rodeo Team In Bid For Another Title
Cal Poly's national intercollegiate rodeo team is in strong competition for another championship this year. Competing from the regional finals at Palm Beach, May 15-19, were a total of 99 participants and the team placed 18th overall in all events for a total of 187 points.

The team finished 15th in the team standings, with 187 points. This was not enough to advance to the semi-finals.

Enrollment Next Fall Could Reach 5000

"Application for admission next fall are running closer than ever this year to the plan of the university," said Paul Winner, associate dean of admissions.

Last year's Fall Quarter total enrollment was 400. Indications at present show that Fall Quarter of this year enrollment will be approximately 5000 if the current rate of applications continues, predicts Winner.

members agreed to have an additional meeting on Tuesday, May 30, even though the day is usually a holiday. This according to Assistant President O'Toole, is the only way the students can have a vote on the books before the end of the year.

Richard Sullivan, Architectural Engineering student, presented a program concerning the cultural activities on campus.

The ten points of his program were:
1. The creation of a campus radio station, R.
2. The presentation of more theatrical events such as plays, concerts and operas on campus.
3. The presentation of more lecture from off-campus persons.
4. The utilization of lectures, from our campus at high schools and communities, S.
5. The encouragement of more exhibits from campus and community groups, both temporary and permanent exhibits being set up in the cultural center of the community, T.
6. The need and value of an honor system, U.
7. The promotion of more group discussions of sociological issues, V.
8. The creation of a cultural publication that would publish not only campus written but community talent as well, W.
9. The need for greater and more intensified interests at this campus.

Bill in Legislature Would

Change Education Training

One of the bills standing before the legislature at the present time is the much-amended Fisher bill, SB17, designed to spell out the academic training required for new teachers in California. What is the Fisher bill? Basically, the Fisher bill, introduced by Sen. Hugo Fischer (D-San Diego), tells prospective teachers to spend most of their time learning subjects they're going to teach rather than the techniques of teaching.

The main debate over the Fisher bill is whether teacher education should be a five or four year program and whether professional schools should be placed in the training.

Two major changes have occurred in the Fisher bill since it was approved by a 26-15 vote in the senate on April 19. Recently the subcommittees of the assembly education committee changed the credential program back to five years. This will make the Fisher program last was amended to four years.

Also the bill now calls for junior college teachers to take some professional training. Previously the bill stated that only teachers who would qualify to teach high school would have to take how-to-teach courses.

After the recent subcommittee amendments, the California Education Federation of Teachers voted to endorse the Fisher bill. In brief, the CFT would like to see the standardization of schools throughout the state.

The CFT's support of the Fisher bill comes as a request from the student body at the California State Polytechnic College in San Luis Obispo.

Price's Affair" Tops Saturday Movie Bill

When a bachelor, a college student and a merchant are all in love with the same girl and what happens when the girl gets the wrong idea is the plot of "Price's Affair" which opens at 7:30 p.m. in the AC Auditorium.

D. P. Sturges, producer-director, has an excellent cast, with Ken Murray, Bob Hope, Luella Parker and Aline MacMahon.

The three penniless army de-lavers find themselves in a town and when what comes along is a pretty girl, they just can't resist her. The next thing that happens is that children can be regulated and controlled and a better future, in this case, can be possible after the exercise, according to Winner.

writing for all to see, praise of new athletic director was voiced.

There seemed to be five points at which Bragg pointed these out.

1. "We encourage the development of a strong program of scholarships for students..." The new Board of Trustees will have to decide that scholarships should be awarded through the proper college channels and the scholarship applications must be approved and approved by the regular college scholarship committees which exist on all colleges, we are opposed to any form of "free" aid for athletes but we do have the proper college channels which athletes may want to play a part in the type of work and for the same hourly pay is awarded, and we believe in this guideline a restriction that the Board of Trustees will have to make a "slipping boy" out of 4.

2. The last question asked of Bragg concerned the new Board of Trustees of the State Colleges—when it takes over administration of the state colleges July 1 it will permit six colleges to play under a five-year rule.

3. "The only non-state college in the CCAA—University of Northern California at Santa Barbara—will be permitted to play under a two-year or four years to get the conference to change the rule," revealed Bragg.

4. "In 1961 Cal Poly may be the only college in the CCAA conference playing under a two-year or two-year rule, says Bragg, that I'll wager that by 1962 the trustees will have taken steps to eliminate an athletic eligibility rule that is subject to criticism across the nation."

5. "The old-timer who wants to make a "slipping boy" out of it."
