Subject: Special Meeting

The special meeting of the Academic Senate of yesterday, May 27, was recessed at 5:30 p.m. for lack of a quorum. We had not completed our study and discussion of the Curriculum Committee report on catalog copy for the 1970-71 catalog.

The meeting will reconvene tomorrow, Thursday May 29, at 3:15 p.m. in Science North (new BldgSci) in Room 215. We have about five pages of the report to cover (School of Engineering material), and we must complete it tomorrow.

I will appreciate your being there.
