CALIFORNIA STATE POLYTECHNIC COLLEGE *

MERCY BOWL

Mercy Bowl tickets are now on sale in the ASB office and downtown stores. The football classic is scheduled for Thanksgiving Day with all proceeds from the game going to the Cal Poly Memorial Fund. We hope to see you there!

Campus, SLO Set Joint UN Week Celebration

Foreign students robed in their national dress will adorn the campus this week as San Luis Obispo and Cal Poly celebrate the 18th anniversary of the founding of the United Nations.

A speech by Daniel Montenegro of the U. S. State Department on "The U. N. at the Crossroads" will begin the observance. Sponsored by the city of San Luis Obispo and the Cal Poly Foreign Affairs Council, Montenegro will speak at 8 o'clock tonight in the Veterans' Memorial building.

During halftime ceremonies at Saturday's Cal Poly - San Diego Marines football game, Cal Poly's marching band will play a portion

of the Swedish national anthem, in remembrance of the untimely death of U. N. Secretary - General Dag Hammarskjold.

About 20 downtown merchants will feature displays depicting the themes of different countries of the world.

John Meriam, liaison officer between Cal Poly and the Citizens' Committee of San Luis Obispo, announces that all students are invited to attend this week's ceremonies.

PEACE TO ALL MEN . . . At this time men from all over the world are working toward world peace through an organization called the United Nations. Today, Oct. 24, is UN Day. Pictured above is the winning poster in the local high school "United Nations Poster Contest."

Thanksgiving Classic

All California Is Behind Mercy Bowl, Says Losee

"The entire American public who are interested in sports are well aware of the feelings of the Cal Poly student body regarding the tragedy of last year," said Dr. Ferron Losee, athletic director of Los Angeles State College, and chairman of the Mercy Bowl Committee. Dr. Losee further said, "We are behind your cause in every way, and will go all out to help you in any way we can."

Dr. Losee was guest speaker at the weekly Mercy Bowl Booster Committee of San Luis Obispo's breakfast, held yesterday morning. Also in attendance was Warren Dorn, supervisor of the 5th District of Los Angeles and chairman of the Los Angeles Coliseum Commission.

Dorn said, "The Mercy Bowl is not just another athletic event pitting one group against another. No, it is a charitable event, a part of the American way of life where people will go out of their way to aid and assist those who are less fortunate than themselves."

"Los Angeles is going all out for the Mercy Bowl," said Booster Club chairman, Lee Holmes. "But the state of California is looking towards San Luis Obispo for the leadership and incentive."

"This is why it is so important that we have as many people from the San Luis Obispo community and the college campus repre-

senting us at the Thanksgiving Day event," he stressed.

All over the state various groups are contributing time and money to the Mercy Bowl cause.

Billboard companies have donated 250 billboards from Los Angeles to San Francisco to advertise the Mercy Bowl. Another company is paying for the printing of the billboard signs. These two ventures will cost over \$50,000.

The National Football League has donated \$7500. Los Angeles has donated the Coliseum facilities (usual operating cost \$7400) for \$1. The Los Angeles Metropolitan Transport System will supply transportation free of charge, from the train depot to the Coliseum and back, for people traveling by train from San Luis Obispo.

"You don't have to be present at the game if you buy a ticket," stressed Booster Committee Chairman Holmes. "Your purchase of a ticket can act as a donation to the Memorial Fund, and your seat at the Coliseum will be given to a Boy Scout, veteran or a serviceman."

Tickets for the Mercy Bowl Classic can be obtained from the Associated Student Body office and from downtown merchants.

Alumni Named Winners In National Contest

Richard Banta, 1950, and Homer Delawie, 1951, have recently been named award winners in the 1961-62 Western Home Awards program sponsored by Sunset magazine and the American Institute of Architects.

Banta and Delawie were among 22 architects out of more than 200 entries from the Western U.S. to win awards.

SAC Preview

Special Meeting Explains Athletic Costs To Frosh

Student Affairs Council will explain to freshmen and new students the reason for an admission charge to campus athletic events when the group meets tonight at 7 in room 114 of the Library.

Sam Burke, freshman class representative, has asked for the clarification, because most new students do not understand the conditions which resulted from the voting down of an ASB fee increase proposal last year.

During last Winter quarter, students at both the Kellogg-Voorhis and San Luis Obispo campuses were asked to endorse a \$5 yearly increase in the price of student body cards. The increase was needed, it was explained, to continue the financing of the broad co-curricular activities program at both campuses.

The controversial increase, which would have brought the yearly price of student body cards to the \$20 state college maximum, needed a two-thirds vote to pass. The San Luis Obispo vote fell 248 short

with 1181 students voting yes, and 981 voting no.

Thus the increase proposal lost and the admission price for most activities is the result.

The activities program would have had to be cut down if admission prices were not charged for many events.

George K. Maybee, Mercy Bowl committee representative, will report on further progress on the Thanksgiving day event. Last week SAC passed a resolution pledging "full and complete support to the Mercy Bowl classic and to assist in any way possible to further the goals of the Incorporated Cal Poly Student Memorial Fund."

Also on tonight's agenda: George Spain, College Union Program Board chairman, will report on the group's activities; John Quinn, Homecoming Committee chairman, will give final plans for this weekend's events; Dave Hettling, ASB vice president, will give a report from the Constitution and Codes Committee, and ASB President Lee Foreman will appoint members to various sub-committees.

Jerry Gray Band Set For Coronation Ball

Jerry Gray, with his 18-piece band and featured vocalist, will appear Friday, Oct. 27, for the Homecoming Coronation Ball.

The crowning of Homecoming Queen Cathy DeGasparis, and the presentation of her court by John Quinn, Homecoming Chairman, will be the highlight of the dance.

The IE department, dance sponsors, are handling all arrangements. Carrying out the theme "Polynesian Holiday," the decorations will display a tropical atmosphere. The entire gym ceiling will be hung with fishing nets, having sea shells and starfish intermingled throughout. The Queen's throne and the bandstand will be tropical huts with thatched palm roofs. For additional effect there will be a tropical island. The plans for this were begun six months ago.

The dance will begin at 9:30. Admission is \$1.25 per person.

College Union Sends Duo To Region Meet

George Spain and Mrs. Ariens Vokoun will represent Cal Poly at Region 11 conference of the Association of College Unions at Western Washington State College, Bellingham, Nov. 2-4.

Spain is College Union Program Board chairman and Mrs. Vokoun is College Union advisor.

Most college unions in the U.S. belong to this association, and its aim is primarily establishing a mutual understanding of campus problems.

'Thunderbirds' Highlight Aeronautical Field Trip

A performance by the U. S. Air Force "Thunderbird Aerobatic team" highlighted a recent field trip to the Vandenberg Aerospace Fair by Aeronautical Engineering students.

The world-renowned Thunderbirds, who have performed for

81 million spectators since their 1958 organization, flew F-100 Super Sabre Jets as they did a series of loops, corkscrews, slobberleaf turns and changeovers.

The field trip fulfilled a course requirement in Aviation Orientation and History.

Foreign Student Enrollment

Campus Population Represents World

Nearly 800 students from more than 50 countries substantiate the fact that Cal Poly has become a focal point for foreign students from around the world. They are represented in 88 of the college's 87 departments.

Foreign students in the Engineering division lead with a total of 128. The Agricultural division follows with 108, Applied Sciences, 88; Applied Arts, 19. Only 18 of

the 298 students are women.

Fall quarter total shows an increase of 43 foreign students over last year. As usual, Iran leads this year with a total of 80.

The student total by countries is: Afghanistan 2, Argentina 2, Australia 1, Belgium 1, Bolivia 2, Brazil 2, British Guiana 1, Bulgaria 2, Burma 1, Cambodia 6, Canada 4, China 5, Colombia 10, Denmark 1, Egypt 2,

Ethiopia 1, Germany 1, Great Britain 6, Greece 7,

Guatemala 5, Hong Kong 42, Iceland 4, Iran 80, Iraq 4, Israel 8, Italy 1, Japan 6, Jordan 2,

Lebanon 12, Liberia 1, Morocco 8, Nicaragua 2, Pakistan 4, Panama 4, Peru 8, Philippines 7, Portugal 1,

Switzerland 1, Syria 2, Tunisia 4, Turkey 4, Venezuela 2, Viet Nam 6, and other countries not recorded individually, 15.

The Traveling Man

BREAKING THE BARRIER . . . Jim Fahey (44) scores one of Poly's touchdowns which gave us our first league victory of the year downing Long Beach State 21-14. (full story on page 8)

Roving Reporter

By NEIL NORUM
The question of Red China being admitted to the United Nations will again be brought up this year: do you believe it should be admitted?

Robert Hall, soph, Greenville.

Yes, Red China should be admitted, but I personally don't want them in. We should stop and think things over. They will be a world power in the future. They're a big country with a lot of people, whereas Nationalist China represents only a small part of the Chinese people.

T. S. Bhata, M.E. frosh, India

Yes, it is one of the largest countries in the world and the U.N. is for all the peoples. If the U.N. does not recognize them and admit them, a great danger will develop between Democracy and Communism. If we want peace, Red China should be admitted to the U.N.

Gus Wu, M.E. Jnr, Hong Kong

No, I don't. There is a big difference between the aims of Red China and the U.N. If Red China's government had been chosen by the people and expressed the will of the people, less question would arise concerning their admission.

C. Munene, Math frosh, Kenya.

Yes, it should be for the simple reason that the longer she is out the harder it becomes to let her in. The problem can only be solved from within the U.N. We might consider the government and let it in.

Santa Barbara Editor Tells About John Birch Society

By WAYNE COX, Staff Writer

Paul Veblen, executive editor of the Santa Barbara News-Press, told more than 180 professional and undergraduate newsmen about "One City's Experience With The John Birch Society" at last Saturday's Sigma Delta Chi, national professional journalism society, regional conference luncheon, held on campus.

Leading newsmen from California, Arizona, Nevada and Hawaii heard Veblen say, "the John Birch Society problem can best be solved by government agencies. People are entitled to their own political beliefs and if the government starts investigating societies, where will they stop?"

The first John Birch Society movement, according to Veblen, reached Santa Barbara's intellectual and political-active climate only last year. College professors, ministers and other leading community citizens began receiving anonymous phone calls accusing and affiliating them with communism. The News-Press, aware of the problem, began collecting information.

On Jan. 29, the News-Press published its first editorial on "The Birch Society And Who Is Behind It."

A second Birch movement came in the form of Freedom Clubs, which infiltrated the University of California campus at Santa Barbara and a local high school.

Essay contests on the subject, "Grounds for the Impeachment of the Chief Justice," were sponsored by the extreme conservatives, and a continuous flow of speakers followed.

A third movement resulted in the infiltration of organizations, real estate and women's clubs with anti-UN inspirations.

On the national scene, a letter from a small Ohio town-school teacher reached the News-Press. The teacher wanted to know why her daughter, taking a driver's training course, came home accusing prominent national figures of being communists.

By this time, United Press International picked up the Birch issue, and "ran a commendable series of articles," added Veblen.

In his closing remarks, Veblen said that Governor Brown asked the State Legislature in April to investigate the John Birch Society.

Veblen feels that the government should investigate the finances of the John Birch Society and its false front activities, but the overall problem can be handled effectively by newspapers.

At the evening dinner session, Dr. Warren Agee, Chicago executive director of Sigma Delta Chi, spoke to the group on the journalism society's expanded activities and growing number of chapters. San Jose State, University of Nevada, and Los Angeles area colleges sent student chapter representatives to the Cal Poly sessions.

SAC Minutes Available

SAC minutes are available to all students, faculty members, and recognized organizations. Contact Mary Fran Crowe, ASB Box 3, to be put on the mailing list.

Comment Corral

Contributions to "Comment Corral" should not exceed 300 words. Editors reserve the right to edit and/or condense all letters received and to decline publishing letters that are, in the opinion of the editor, in poor taste or libelous. All communications must be signed by the writer. If a name or address is desired as a signature, it is permissible but the editor must know the true name of the author.

EDITOR:

I think there's a shady deal being pulled on the students of Cal Poly. On both the activities calendar on sale in the bookstore and on the social events cards distributed by the College Union, it is stated that the Friday night flecks this quarter are supposed to include such films as "Vertigo", "The Solid Gold Cadillac", and other top-notch films.

So far we've been treated to such goodies as "Joe Butterfly", "Four Strikes Out", etc. I expect to see Tom Mix come riding across the screen any day now. I'm amazed to see absolutely nothing concerning this matter in El Mustang or anywhere else for that matter.

What's the matter with this campus? Is everyone asleep?
Philip Flintner

Editor's Note:

We plan to follow up on this story and you can expect the full story within the next few issues.

. . . EDITOR

Thanks For The Truth

EDITOR:

I would like to compliment you for printing the story about the confusion that took place during the counting of the ballots for

Homecoming Queen and the Election Code action resulting from it. I feel that these things should be brought to light. The student body has a right to know what is really going on.

EL MUSTANG represents the student body and therefore has an obligation to print the truth. It is up to EL MUSTANG to keep the students informed on the many situations that are going on around campus. This includes any and all things which take place, good or bad. In the past many college newspapers have been silenced in various ways and have not been allowed their basic right . . . that of printing the truth.

A free press is one of the vital checks and balances in our society—a protection against politicians who get carried away with their own sense of power—a weapon for exposing injustice—an independent means of keeping the public informed of what is really going on.

Although not all newspapers exercise their opportunity to do these things, the mere fact that they are able to do so has been a potent factor in keeping our country free. Keep up the good work and keep the truth coming!
Colleen Parrott

on the inside

In this column last Friday we reported to the student body that EL MUSTANG was looking forward to the day when we would have the same rights and liberties guaranteed to all American newspapers. But, last Friday someone stuck a thorn in our side.

Someone had the audacity to place in nearly every copy of EL MUSTANG a mimeographed sheet urging students to "arise and throw off the bondage that has oppressed them."

The point we are striking is that the editorial staff of EL MUSTANG has been accused by many of being responsible for this action.

This is ridiculous and fantastic. True, we are looking forward to the day when total freedom of the press will be granted to EL MUSTANG, but it will not come by any revolutionary action.

We are not asking students to "arise" and do anything drastic. It is our belief that we will attain our goal of freedom of the press for EL MUSTANG by proving that we are capable, responsible journalists, who understand that freedom of the press is granted only to those who have earned that freedom.

The author of the anonymous mimeographed sheet said: "I've never heard of anyone or thing being chastised too greatly for telling the truth and being able to prove it." Yet he accuses the administration of suppressing the students, but isn't man enough to sign his name to the sheet. If he can prove the accusations he had made, then why is he afraid to sign his name? In other words why doesn't he practice what he preaches? Or is he like many others in his category who make wild statements and hope that others will do the dirty work?

In another paragraph the author states: "The day EL MUSTANG prints a story that is based on cold, hard facts, unvelling scandal or telling of corruption at Cal Poly, then, that is the day we will know that we still live in a free society with a liberal free education for all." In the first place, we have never printed a story that wasn't based on cold, hard facts. All our stories must be factual before they are printed. If they are fiction we send them to 'Poly Syllables' for consideration. Secondly, EL MUSTANG is not operated on, nor dependent upon, "exposés" for news. It is very difficult to compete with a magazine like "Confidential"—and you know what happened to that!

Our duty is to report news which we believe to be in the best interests of the student body of Cal Poly.

By the way, we provide space for student opinion in "Comment Corral" with the author's signature. This means of expressing yourself will be appreciated by the EL MUSTANG staff, if you wish to use our medium.

Head Basketball Coach Jorgenson Greets 15 Hopefuls

Head Coach Ed Jorgenson greeted 15 varsity basketball hopefuls last Monday, Oct. 16 to start practice for the upcoming 1961-62 campaign.

Only three returning lettermen are available this year and the brunt of the load will be carried by JC transfers and Fresh lettermen.

Rally Rounsaville, leading scorer last year for the Mustangs is back, along with Ken Anderson and Bill Warmerdam. Rounsaville, who averaged 14.0 points a game last year is being counted upon to do much of the scoring again this year. Lack of height will again hurt the Mustangs, but Coach Jorgenson hopes to counter this with plenty of speed.

Cal Poly opens their season at the Pasadena Nazarene College on December 1st. From there they engage in a 91 game season plus a Christmas tournament at Chico State.

This year the CCAA could prove one of the roughest conferences on the Coast. Long Beach State will have all five of its starters back and will probably rule as the pre-season favorite. Santa Barbara and San Diego should prove dangerous as ever, while Hatch Elliot's Diablos from LA State always have a fine squad. San Fernando State, now eligible for competition against the other members of the league, could be rough on any given night although they lack the depth to be a title contender. Fresno facing the same situation as do the Mustangs, must do a rebuilding job this year, but will prove no push-over.

All in all, it could prove to be an exciting year.

Sports Round-Up

by BILL RICE, Sports Editor

COED VOLLEYBALL

Entries for coed volleyball are still available, but will soon be closed. About four more teams are needed to start the round robin tournament!

SOCCER

Soccer league is under way and games will be played on Sundays. We have three teams and if you are interested in playing come to the stadium on Monday afternoon.

TABLE TENNIS

Entries are now open for the table tennis tournament. The games will be played at the players' convenience. This will be a double elimination event.

BASKETBALL

Open basketball tourney got under way last Tuesday night and there are signs that it will be a real fight right down to the wire. This is a single elimination tournament.

TENNIS—HANDBALL

Tennis and Handball schedules are posted in the IM bulletin board and you are urged to consult the board to get your opponent's name and complete the matches as soon as possible. Turn in the results to the IM office as soon as the games are completed.

TOUCH FOOTBALL

Touch football league got under way last week with a real exciting display of rough, tough football. Some teams showed lack of practice, but in general, the brand of football was very good.

In Wednesday's action, Mat Pica '61 eked out a hard-fought 6-0 victory over the Soil Science club. In the other games the Industrial Engineers used their slide rules and worked out a 18-0 victory over Modoc-Plumas. Thursday's action saw the Horseholders beating El Dorado dorm in overtime. The game of the week was played Thursday when the Choppers met Duell dorm. Duell managed to sneak by the Choppers 7-0.

Poly Mermen Drowned By 49'ers

Long Beach State, pre-season pick to win the CCAA water polo championship, demonstrated its might against the Mustangs last Friday and came out on top 8-5.

Cal Poly took a 2-0 lead in the first quarter and looked like they might hold the advantage until the 49ers suddenly jelled and ran up a 4-2 advantage by halftime.

The teams played on even terms in the third quarter with both teams putting on an offensive display that ended with a 7-4 lead for the visitors.

The Mustangs, going with their first unit all the way, seemed to tire in the final stanza and were unable to catch the Long Beach team, who maintained their three-

point lead until the final gun sounded the first league defeat for the Poly team.

The Mustangs, 2-1 in league play, now have three non-league tilts to tune up for their important contest with Los Angeles State Nov. 4. El Camino, Corritos and Hancock will serve as the competi-

Mustangs Bump 49ers For First League Win

BY CHUCK YOAKUM, Staff Writer

A fighting Mustang eleven repulsed two Long Beach drives in the waning minutes to capture their first league victory with a 24-14 win over the 49ers Saturday night in Mustang Stadium. Halfback Paul Lewis intercepted a 49er pass in the Mustang end zone and returned it 94 yards to the Long Beach

six to thwart one scoring thrust, and with only 18 seconds left and the visitors camped on the ten yard line, Fred Whittingham broke through to throw Long Beach quarterback Curtis Bennett for a loss as the gun sounded to seal the victory.

It was all Cal Poly for the first three quarters as they passed the visitors daisy and ran up a 21-0 lead. But in the final stanza, the 49er depth began to pay off as they began to eat up yards with ground plays. With 10 minutes left in the game Don Arissee sliced two yards off tackle to bring the visitors to within one touchdown of the Mustangs.

Following the kickoff, a Tollner pass was intercepted by Dallas Moon on the Mustang 80 and returned to the 17 yard line. Two running plays were smothered, setting the stage for Lewis' long run with the intercepted pass. Long Beach dug in on their own goal and held the home team for three plays.

Coach Hughes then called on Fred Whittingham to kick a field goal, but the 49er line broke through to block the attempt and give the Long Beach squad one more chance to score. Starting on their own 20, the 49ers ground out the yards through the Mustang's tired line. Their drive car-

ried them to within 10 yards of the cherished land, but Whittingham's defensive effort quelled the uprising and sent the 4800 tense onlookers into delirium.

Paul Lewis put the Mustangs in front in the first quarter, diving two yards off tackle, following a long drive sparked by the passing of Tollner and Reynolds. Whittingham scored the two point conversion on a pass from Tollner to give the home team an 8-0 lead.

In the second quarter Jim Fahey took a swing pass from Tollner and darted three yards into the end zone, putting Poly in front 14-0. With both their honor and title hopes at stake, the Long Beach team fought back and with two minutes left in the half, Steve Harteman raced 27 yards to tally for the visitors. The teams left the field at halftime with the Mustangs in charge 14-0.

Following an exchange of punts early in the third quarter, the Mustangs took up where they left off in the first half, and culminating a long drive, Bob Parker plunged through from three yards out to give the Green and Gold a 21-0 lead, going into the final quarter.

Ugly Man Contest, Election Underway

Who is the ugliest man on campus? Four men entered in the Ugly Man Contest will be campaigning this week hoping to win the title.

The contestants and their sponsors are as follows: Bob Nigra, Fremont; Gary Mitchell, Cutting and Reining; Dennis Woodson, Poly Phase; Gary Rego, Dairy Club. Posters and personal appearances will be among their publicity stunts.

Since yesterday, a polling place has been open behind the College Dining Hall. It will be open from 7 a.m. until 7 p.m. throughout the week, until noon Friday, Oct. 27.

Each donation of one penny will constitute one vote, and "stuffing the ballot box is recommended," according to the contest committee.

Proceeds will go toward Poly Grove Improvement.

The winner will be crowned at the Coronation Ball, being allowed a kiss and a dance from the Homecoming Queen.

Ag Ed Scholarship Offered

Applications are now being accepted for a \$500 scholarship in Agricultural Education sponsored by Prentice-Hall, Inc. and the American Vocational Association.

The scholarship was established to encourage outstanding college graduates to teach vocational agriculture and to further their study for this purpose.

Interested applicants should contact H. H. Buringham in room 218 of the Agriculture Education Building.
