1. The first part of the paper is devoted to a generalization of the well-known result of L. B. Fuchs concerning the structure of the group of automorphisms of a free group.

2. In the second part we consider the problem of the structure of the group of automorphisms of a free group of finite rank.

3. The third part is devoted to the study of the structure of the group of automorphisms of a free group of infinite rank.

4. In the fourth part we consider the problem of the structure of the group of automorphisms of a free group of finite rank over a field of characteristic  $p$ .

5. The fifth part is devoted to the study of the structure of the group of automorphisms of a free group of infinite rank over a field of characteristic  $p$ .

6. In the sixth part we consider the problem of the structure of the group of automorphisms of a free group of finite rank over a field of characteristic  $p$ .

7. The seventh part is devoted to the study of the structure of the group of automorphisms of a free group of infinite rank over a field of characteristic  $p$ .

8. In the eighth part we consider the problem of the structure of the group of automorphisms of a free group of finite rank over a field of characteristic  $p$ .

9. The ninth part is devoted to the study of the structure of the group of automorphisms of a free group of infinite rank over a field of characteristic  $p$ .

10. In the tenth part we consider the problem of the structure of the group of automorphisms of a free group of finite rank over a field of characteristic  $p$ .

11. The eleventh part is devoted to the study of the structure of the group of automorphisms of a free group of infinite rank over a field of characteristic  $p$ .

12. In the twelfth part we consider the problem of the structure of the group of automorphisms of a free group of finite rank over a field of characteristic  $p$ .

13. The thirteenth part is devoted to the study of the structure of the group of automorphisms of a free group of infinite rank over a field of characteristic  $p$ .

14. In the fourteenth part we consider the problem of the structure of the group of automorphisms of a free group of finite rank over a field of characteristic  $p$ .

15. The fifteenth part is devoted to the study of the structure of the group of automorphisms of a free group of infinite rank over a field of characteristic  $p$ .

16. In the sixteenth part we consider the problem of the structure of the group of automorphisms of a free group of finite rank over a field of characteristic  $p$ .

17. The seventeenth part is devoted to the study of the structure of the group of automorphisms of a free group of infinite rank over a field of characteristic  $p$ .

18. In the eighteenth part we consider the problem of the structure of the group of automorphisms of a free group of finite rank over a field of characteristic  $p$ .

19. The nineteenth part is devoted to the study of the structure of the group of automorphisms of a free group of infinite rank over a field of characteristic  $p$ .

20. In the twentieth part we consider the problem of the structure of the group of automorphisms of a free group of finite rank over a field of characteristic  $p$ .

21. The twenty-first part is devoted to the study of the structure of the group of automorphisms of a free group of infinite rank over a field of characteristic  $p$ .

22. In the twenty-second part we consider the problem of the structure of the group of automorphisms of a free group of finite rank over a field of characteristic  $p$ .

23. The twenty-third part is devoted to the study of the structure of the group of automorphisms of a free group of infinite rank over a field of characteristic  $p$ .

24. In the twenty-fourth part we consider the problem of the structure of the group of automorphisms of a free group of finite rank over a field of characteristic  $p$ .

25. The twenty-fifth part is devoted to the study of the structure of the group of automorphisms of a free group of infinite rank over a field of characteristic  $p$ .

26. In the twenty-sixth part we consider the problem of the structure of the group of automorphisms of a free group of finite rank over a field of characteristic  $p$ .
