## RECORD 6,300

# Enrollment Hits High

By DIANA VOS

Rapidly increasing enrollment at Cal Poly, according to college officials, has brought Fall quarter's total to "over 6,300."

Jerald Holley, registrar, said with late registration, enrollment would "probably reach the 6,400 mark."

As of 8 p.m. registration day, 6,247 students were enrolled, a jump of over 500 compared to last year's Fall Quarter total.

Although enrollment for women has increased to 1,521, very few "young eligibles" should be sitting home weekends, with 8.1 men to every woman on campus. There are 4,726 men at Cal Poly.

Still holding the largest enrollment, spokesmen continued, Engineering has gained almost 300 new students, with 2,086 registered. Not far behind, Applied Arts has climbed to 1,778 compared to 1,688 a year ago. And close on its heels, Agriculture has 1,477 enrollees. Applied Sciences is also steadily growing with 159 new students, a total of 881.

It was also reported that English, reactivated as a major, has 65 new students. And horsebacking, a noncredit course offered due to the need for skilled men in this field, has gained 18 potential horse-

shoers. This course is taught for one quarter only and is the equivalent of 18 units of work. Twenty-five students were listed as no major.

Due to the growing influx of students, housing has become a major problem for Cal Poly. According to Associate Dean (Women), Mrs. Arlene Vokoun, "Each year we have to estimate, through percentages based on past years, the number of students who will return housing licenses. Far more students, both men and women, applied for housing this year than ever before," she said.

"We were faced, then, with a decision between trying to find adequate space for these students or denying them housing," the dean continued. "This has almost become a more crucial problem for men than for women since several hundred more men applied for housing than we anticipated. Consequently, many had to be turned away, and went to other schools."

"For many women, it was a matter of either getting housing or no school. So to prevent this problem we have many women sleeping in the study rooms of the upper dorms. However, this situation should be cleared up by the

end of the quarter," Mrs. Vokoun stated.

The dean of women also said that two new off-campus approved halls for women have somewhat alleviated the problem. These halls are Palm Royal, directly adjacent to campus on California Avenue, and Marguerite Hall, on Johnson Avenue, about six blocks from campus. Presently with a few vacancies, Marguerite Hall is the first housing unit to offer both room and board. Bayles House, another off-campus approved unit, houses 16 women, and eight women are being housed at the Campus Motel.

"The problem has become so serious for men that we are even putting two in each room of the dorms known as 'The Cardboard Jungle,'" Dean Vokoun reported.

"But off-campus housing for men has been expanded by the construction of Garfield Arms, a 14-man capacity unit, located just off Monterey on Grand Avenue. In operation again this year are Hewson House, with a few vacancies, Men's Wesley House, and the Judge's House. These house approximately 225 men," she continued.

"As for new residence halls in the future," Mrs. Vokoun concluded, "there are none scheduled."

**NEW AWARD . . .** Charles "Cap" Peake, senior class president, and Clark Pantigam, right, junior class president, admire the new Clarence Brown award plaque for the winner of the annual Soph-Fresh Brawl. The award will be presented at the "Brawl Award Stomp" the night of the annual contest. (Photo by Leap)

## Charles Peake Holds 4 Campus Positions

Holding four campus leadership positions at the same time will be a singular experience this year for Charles "Cap" Peake, Business major from Whittier.

Peake is now senior class president, chairman pro tem of the Inter-Class Council, president of the National Honorary Society of Seaboard and Blade, and Brigade Commander of the Cal Poly ROTC cadets. As if these positions wouldn't take up enough of his time, Peake is also resident hall manager of Whitney Dorm.

Peake earned the rank of colonel in the ROTC cadet organization by placing first of 81 Cal Poly cadets at the 6th Army ROTC summer camp at Fort Lewis, Wash. during the first six weeks of summer.

By scoring the maximum number of points on the physical combat proficiency test, Peake was one of five cadets out of the 1,500 plus at the camp to win a medal for the event.

"Summer camp was a wonderful experience," Peake said. "In six weeks I learned a lot about military life. Besides a three-minute run before breakfast, getting 4 to 5 hours of sleep a night, cleaning the barracks and running everywhere, it was enjoyable!" he added.

"There were outstanding students from colleges and universities throughout the middle and far West. Cal Poly was represented there by 81 cadets," Peake continued.

"Training consisted of weapon firing, individual and unit tactics, field first aid, map reading and other subjects," Peake said.

## Frosh-Soph Brawl Training Begins

Freshman and sophomores can start training now, for the annual Frosh-Soph Brawl which is slated for Oct. 5 starting at 1 p.m.

Each year the two classes compete in 10 events to determine who will take possession of the Brawl Plaque. The losing class will maintain the "P" on the hill for the school year.

The events scheduled will be designed for both male and female students. The competition will include a tire drag, burden relay, greased pole climb and a tug-of-war.

Each person participating in the Brawl should bring an old T-shirt or sweat shirt to be dyed either green or gold. Vats of dye will be available all morning at the field to dye shirts when desired. No one will be allowed to participate unless they have a dyed shirt.

Junior class members will run the brawl with senior class members being the judges.

White paint will be available for the losers so the "P" can be painted immediately following the brawl.

A Brawl Awards Stomp will be held in Crandall Gym that night with the winning class officially taking possession of the Clarence Brown Perpetual Brawl Plaque.

## College Union Plans For Many Activities

Many concerts and assemblies are being planned throughout the year by the College Union Committee, according to Miss Ruth Dietterle, activities adviser.

The College Union Fine Arts Committee is sponsoring a world knowledge series, "The World Around Us."

Athens to the River Danube, a fascinating world in itself is shown as Gene Winako presents the color film "Greece and the Mysterious Balkans." From the Acropolis and the Oracle of Delphi to the Temple of Diana and Rhodes; Macedonia, Montenegro, the Black Mountains; even Albania, will be the first of a series of five different films. It will be presented October 18.

Other films that will be shown are: "Easter Island," "Along Across Asia," "Taiwan Today" and "Tuscany—Italy's Golden Province." All films will be held in the Little Theater at 8:00 p.m.

Season tickets for all five films may be purchased for \$5.00 or single admission \$1.25. Student admission is \$1.50. Tickets are sold at the door or at the Associated Student Body Office.

The College Union Assemblies

committee will present their first assembly on October 31. The assembly will feature Dick Gregory, Vince Guaraldi's Trio and Margie McCoy. Admission is \$1.75 for student body card holders and \$2.75 for the public.

Other entertainers that will be appearing on campus later in the year are Roger Williams on Wednesday, January 29 and the Smothers Brothers on Saturday, March 21.

## Registrar Holley Warns On Oct. 7

### Add-Drop Deadline

Oct. 7 is the deadline for turning in add-drop cards, Jerald Holley, college registrar, reminded students today.

The cards, used for making class schedule changes should be turned into the data processing office, Adm. 130. Students should have the cards signed by their advisors, Holley declared.

Failure to turn in the card by the Oct. 7 deadline will be considered a missed administrative appointment, and students will be charged a fee, Holley warned.

"The cards should not be sent in by mail, and they are not to be left with the student's advisor," according to Holley.

In order to complete a course change, add-drop cards must be signed by all instructors concerned and the student's advisor, according to the registrar.

The cards should not be bent, Holley said.

## Placement Annual Free To Seniors

The "College Placement Annual," for 1964 free to seniors, is now available in the Placement Office, Ad. 203.

Published on a nonprofit basis as a service to the college and university seniors, graduate students and alumni of Canada and the United States, the "College Placement Annual" presents the occupational needs normally anticipated by the more than 1,700 corporate and governmental employers listed.

# Housing Project Proposed

An \$8 to \$9 million project that would provide housing for approximately 1,600 students was outlined Tuesday night to the San Luis Obispo city planning commission.

Proposed by Lew Litsie, a Fresno architect and a member of Cal Poly's first graduating class in architectural engineering in 1982, the development would be constructed on slightly more than 13 acres of property on Santa Rosa Street west of the railroad tracks.

Pedestrian access to the college would be provided, according to

Litsie, and the development would include dining facilities that could seat 1,000 students at a time.

About 800 parking spaces would be provided at the project, Litsie said.

The fourth large-scale student housing development to be proposed in San Luis Obispo this year, the project received a tentative go-ahead from city officials Tuesday night.

Litsie, who is proposing the project in association with the Fresno Land Development Corporation, will seek city permission to construct the development

under San Luis Obispo's planned development zoning ordinance.

Under the laws, city officials would retain certain time limitations and building restrictions on the project.

Litsie told the commission that he has talked "informally" with college officials about the large-scale student housing project and that he plans to operate it under college specifications.

Dean of Students Everett M. Chandler, said Thursday that Litsie has talked with him and that if the project is constructed,

the college would give "its blessing" to the development.

The dean of students pointed out, however, that the college can have no direct supervision over a private housing development.

Kenneth Schwartz, planning commission chairman and a Cal Poly architectural engineering instructor, told Litsie he could see "some problems" in providing access to the college from the housing development.

The project will come before the commission for public hearings and action next month. Later, it will come before the city council.

## Optional Health Fee Deadline Is Oct. 9

The deadline for purchasing optional health coverage, available for \$6, is Oct. 9 at 5 p.m. The fee may be paid to the cashier in the Administration Building.

Dean of Students Everett M. Chandler reminds all students, "It should be remembered that Health Center services are available whether or not the fee has been paid, but those who do not pay the fee are charged considerably higher rates."

# Income Decline Brings \$5,000 Loss To Student Body—Spink

Lack of projected income from last year's budgetary groups caused the Associated Student Body to operate \$5,000 in the red, according to Graduate Manager Bob Spink.

Spink made the news known in his Graduate Manager's report at the first Student Affairs Council meeting Tuesday.

Acting quickly, the council accepted Spink's recommendation to cut appropriations to 10 different budgetary groups, reduce contingency from \$5,000 to \$3,485 and thus make up for the deficiency.

Spink recommended that the following changes be made which will add \$3,485 to the contingency: Baseball budget reduced by \$200; cross country reduced by \$70; golf reduced by \$150; tennis reduced by \$165; drama reduced by \$1,000; films reduced by \$700; fine arts reduced by \$500; band

reduced by \$300; tour reduced by \$200; and the leadership conference budget reduced by \$200.

In the complete financial report to the members of SAC, the graduate manager estimated that the total ASB budget for the coming fiscal year will be \$200,450 and the estimated ASB card income will be \$195,395. The difference being \$5,055 that will have to be derived from income events.

Spink said, "This is actually my job, to get the additional money to balance the budget."

One of the main topics was a recommendation to make all club dances that are open to students operate as any other College Union dance with the sponsoring group receiving 20 per cent of the net profits up to \$100. The sponsoring group will be held responsible for any deficit from the dance.

The recommendation was postponed for two weeks so that SAC members could discuss the matter with the respective groups they represent.

In the long discussion, points were brought up concerning types of music played and conflicts in dates.

Harold Hinkle, who represents the Collegians, said there were times last year when "atamps" were held on the same night or weekend as the college band played, resulting in a loss of income for the Collegians. ASB Vice President Steve Scofield mentioned that perhaps the Collegians were not playing the type of music that the students want, and that some sort of compromise might be in order.

SAC also approved a recommendation to re-evaluate Wel-

come Week Camp and campus budgets.

A recommendation to have a donation drive to buy station wagons was referred to the Finance Committee for consideration.

Recommendations to hire an assistant graduate manager full time or raise the present graduate manager's salary, and to purchase a three-wheel vehicle for transportation will be discussed at a later date.

Accepted as Finance Committee members with approval from SAC were Tom Brazil, Barbara Smith, Curtis Perry, Steve Snow and Bob Newsom. SAC did not approve Jim Hill's position on the committee because he is an officer of a budgeted group on campus.

SAC also approved Judy Kent, representative of the Board of Publication, to sit as a member of SAC.

Requiring final approval from

SAC was the cross country athletic schedule submitted by Spink. The schedule was approved as follows: Oct. 5 at Fresno, Oct. 12 at Santa Barbara, Oct. 19 at Fresno, Nov. 2 open, Nov. 9 at Santa Barbara, and Nov. 16 CCAA championships.

In Spink's financial report to SAC, he reported that athletics had an expense last year of \$49,439.14 with an income of \$20,185.35; College Union spent \$21,140.56 and had an income of \$19,885.27; Music expenses were \$8,100.17, income \$1,410.86; Poly Royal cost \$18,886.63 with an income of \$17,747.81; Publications expenses were \$23,761.84, income \$20,927.07; and miscellaneous expenses were \$22,853.81 with an income of \$13,379.28.

The next meeting of SAC will be held in the College Dining Hall at 7 p.m. Tuesday, Oct. 1.

## Injury-Plagued Team Looks For First Win

Coach Sheldon Harden's "Green Machine" travels to San Fernando tomorrow night to oppose the once powerless San Fernando State Matadors. Last week the Matadors showed they will be a team to reckon with as they set team records with a season-opening 14 to 0 victory over U.C. Riverside.

Meanwhile, the Mustangs lost to highly regarded San Francisco State College by a score of 33 to 22. From the Mustang camp comes word that three first team players sustained injuries in the game. Paul Lewis injured his knee and will be lost for the remainder of the season, while end Roy Scialabba suffered a shoulder bruise and halfback Jim Ramos dislocated a thumb. The latter

two players are expected to be ready for the Matadors.

Coach Harden is expected to field about the same team against the Matadors as he started in last week's encounter. Bill Brown and Scialabba will hold down the end spots and Frank Blakemore will start at center. The interior line will find Bob Mattes and Willie Tinnen at the tackles, while Bob Walker and Tony Tomasso will man the guard positions.

Dick Eschbach holds down quarterback and Jack Clark will again open at fullback. Gary Walker and Jim Ramos will start at halfback.

The game will be played at Monroe High School located at the corner of Haskell and Norhoff boulevard in Reseda.

## New Faces

Willie Tinnen, a transfer student from Bakersfield Junior College, has moved right in to a first team position on the Mustang football team. The 6-foot-1, 235-pound tackle attended Bakersfield High School prior to junior college. He is a junior majoring in Industrial Arts.

## Intramural Football to Organize Soon

With the opening of the fall quarter, Coach Vaughn Hitchcock presents his fall Intramural Sports Program which is designed to offer the students a diversified sports program in which everyone can participate regardless of level of skill or ability. Cal Poly has excellent facilities for an outstanding intramural program.

To kick off the quarter, Hitchcock has scheduled an organizational meeting for all team managers on Tuesday, October 1, 7:30 p. m., in Room 122 in the MPE Building. He plans to get the entire quarter planned and discuss the upcoming touch football league that will get underway October 7.

This year the touch football leagues will follow the national collegiate rules. This will present a few changes from last year. Some of the changes will include: eight man teams, thirty plays will decide a half, no kicking for the extra point, and making the touch from the neck to the knee. Coach

Hitchcock is also thinking of setting up an AA League and an A League to provide better competition within the leagues. This will all be decided at the meeting Tuesday night.

One of the teams that is expected to be returning to the field will be the Animals United squad, which will be trying to defend its championship of 1962. Other teams that will be trying to upend the Animals will be Mat Pica Pi, Fremont, Tenaya, Muir, Sequoia, Duel, Dairy Project, and some independent organizations.

Any organization can enter the touch football league and is urged to attend the meeting Tuesday. Awards will be given for the Champions and the Runners-up. Also points for the overall intramural sports trophy will be awarded to teams that finish in the top four places in each league.

It looks like a good year for intramural sports, but only the participation of the student, for whom the program is designed, can make it successful.

## Freshman Class Slate Elections

Elections for freshmen class officers will be held Monday September 30 at 7:30 p.m. in the Air Conditioning Auditorium.

Students nominated for president are John Macy, George Parry, John Havens, David Smith and Carl Flores, a write in candidate; vice president, Carter Smith, Leighton Richerson, Jerry Ehmke, Clement Hooper and Bill MacPhee; secretary, Margaret Linker, Pam Scoville, Michele LePere, Andrea Lounsbury and Eileen Phillips; treasurer, Bob Hedgas, Kathy Sager, Ron Pickus, Mike Bradshaw and Marie Trillingham; SAC representative, Hubert Bromma, Ron Strickland, Bob Cummings and Larry Deane.

All freshmen are urged to attend. Only students with class cards may vote, but cards will be on sale at the door.

## 17 Attend Marine Platoon Classes

Seventeen students who attended Cal Poly last school year busily learned what military life was all about as members of Platoon Leader Classes held throughout the country by the U.S. Marine Corps.

According to information received by the college, the young men completed work that, upon their graduation from college, will lead to a Marine officer's commission.

Under the plan, each college student participates in at least two summer training programs during his collegiate career. After receipt of his commission as a second lieutenant, he is assigned for further schooling before beginning his duties as a ground or air officer.

Those from Cal Poly participating in the program this summer included five seniors, six juniors, five sophomores and one freshman.

## Stanley Barr Leads Books At High Noon

A discussion of drama will be presented at the Books At High Noon program next Tuesday by Stanley L. Barr of the English and Speech Department. Barr will talk about his random thoughts on the plays he saw this summer.

Barr, who participated in last fall's lively conversation on plays in the United States and England, will include observations on such matters as theme, subject matter, style, presentation, staging, acting and other performances of the same plays.

The High Noon program will be held in the Staff Dining Room. All students are welcome, but those interested in plays are particularly invited to this program, a spokesman said.

## Ticket Sellers Wanted

Some 15 to 20 ticket sellers are wanted by the Associated Student Body, according to Bob Spink, graduate manager. Sellers would work as ticket takers at all campus social events. Pay is \$1.50 per hour and interested persons can contact Spink or Lew Holzman in the ASB office.

## SCARAB Lists Officers

SCARAB, an honorary professional architect fraternity, starts the quarter with Don Chappell as the newly elected president. He is assisted by vice-president, Kim Bra; secretary, Bob Dodd; treasurer, Larry Hauer; corresponding secretary, Larry Turli; sergeant at arms, Dave Chavez; pledge master, Carl Shulbert and activities, George Coates.

## Hillel Club Meeting Set For Thursday

There will be a Hillel Club meeting for Jewish students Thursday in So. E 29 at 7:30 p.m.

All interested students are invited to attend. Plans for the year will be discussed.
