

Enrollment period set for health insurance

The annual health insurance open enrollment period has been scheduled for **May 1 to July 14, 1989. All open enrollment actions will be effective August 1, 1989**, the start of the new health insurance contract year.

The Public Employees' Retirement System is responsible for administering the health insurance program for state employees. Due to the unforeseen financial problems of two major health insurance carriers (First Farwest and Maxicare) and the change in the open enrollment period from fall to spring, key decisions on issues such as premium costs and deadline dates have been delayed. Because of this delay, the open enrollment period has been extended to July 14.

Open enrollment literature, such as the health plans comparison chart will be distributed through campus mail as soon as guidelines and premium costs are confirmed by PERS.

May 15 - Insurance Reps to Be on Campus: Representatives of the health insurance carriers, credit unions, home loan program, and automobile/homeowners insurance carrier will be on campus Monday, May 15, from 9 am to 2 pm in UU 220. They will be available to answer questions on a one-to-one basis. There will also be representatives from the Personnel Office to answer questions and to process open enrollment forms.

First Farwest Termination: Former First Farwest enrollees who have not yet changed enrollment out of the PERS-CARE plan may submit a plan change no later than July 14 for an effective date of the first of the month following the date the plan change request is received by the Personnel Office. Addition

of family members must be submitted as a regular open enrollment action to be effective August 1. Former First Farwest enrollees who have already submitted a plan change out of PERS-CARE may change plans again as a regular open enrollment period action.

Dental and Vision Insurance: The dental and vision insurance open enrollment periods will not be held concurrently this year with that of the health insurance program. The next dental insurance open enrollment period is scheduled for October 1989, and the next vision insurance open enrollment period is expected to be held in 1990.

President's Art Award to go to local couple

San Luis Obispo artist Arne Nybak and his wife Margaret will receive the Cal Poly President's Art Award on Friday, May 12, at the Art\$alute gala.

Nybak earned the award for the vision he has nurtured on the Central Coast. He was instrumental in spearheading the San Luis Obispo Art Association's creation — the Gray Wing of the downtown Art Center, which is the only permanent exhibition space in the community not on the Cal Poly campus.

He has also served as the curator of the Art Center's Gray Wing, bringing quality art exhibits to the Central Coast.

Nybak began his artistic career at the age of 16, over 70 years ago. He studied drawing and painting with artist David Erickson, a student of Whistler's. His murals, portraits, and still lifes are in collections across the country, and his work has been featured in national magazines.

Nybak keeps a studio on the corner of Chorro and Higuera Streets in San Luis Obispo. He has taught classes at the Art Center and has sponsored high school scholarships for outstanding students in the community.

The Nybaks will receive the award at the second annual Art\$alute from President Baker.

World premiere is scheduled at Theatre

Warren Keith, a professional actor who has worked on stage and in film, will have the leading role in the Theatre and Dance Department's world premiere presentation of "Pirandello's Wife." The play is scheduled for Thursday, Friday, and Saturday, May 11, 12, and 13, at 8 pm in the Theatre.

Part of the department's New Play Festival, "Pirandello's Wife" was written by Lynn Elliott of Chico State and will be directed by Al Schnupp, a Theatre and Dance Department faculty member.

The play is set in an insane asylum where Antonietta, wife of world-famous playwright Luigi Pirandello, persuades the patients to perform a play she has written. The performers, directed by an inept nun, become confused when the script is rewritten by The Direttore of the institution.

The distinction between reality and illusion grows obscure, and chaos reigns as the play moves toward a startling ending.

Keith, who appears as The Direttore, is a graduate of Wesleyan University and the Yale School of Drama and has worked extensively in regional theaters throughout the country. His movie

credits include "Raising Arizona," "The Manhattan Project," and "Hiding Out."

Playwright Elliott has had two short television plays produced on PBS — "The Eye" and "The Image." His stage play "My Town" won the Playwright's Center of San Francisco Drama Contest in 1983.

Designing the set and costumes for the production will be Lisa Sturz, a department faculty member.

Sturz has worked on numerous films and television shows, including "Who Framed Roger Rabbit," "Howard the Duck," "D.C. Follies," and "Animal Crack-ups." She works as a consultant for Walt Disney Imagineering.

Tickets for "Pirandello's Wife" are \$6 for the public and \$5 for those with Cal Poly I.D. They are available at the Theatre Ticket Office between 10 am and 4 pm on weekdays. Reservations can be made by calling ext. 1421.
