Instructor Writes On Magazine Ads

Loren Nicholson, journalism instructor, today announced his co-authorship in a book entitled "Principles of Advertising." The book, published by Pitman and Co. of New York, is available to colleges and universities.

Nicholson is responsible for the chapter dealing with magazine advertising. He said that his experience as a member of the advertising department of Sunset Magazine and as advertising director of the Record Searchlight in Redding help qualify him to write the chapter.

Nicholson said that the text will be used as supplementary material in advertising classes at Cal Poly.

SAC Disqualifies Frosh Class Officer

Freshman Treasurer Not Accepted For Rule Infraction

By MEL REMSBERG

A decision to disqualify one of the newly elected freshman officers for an infraction of the ASB election rules was upheld by the Student Affairs Council at the Tuesday night meeting held at the Staff Dining Hall. Inter-Class Council representatives, Charles Peak and Clark Puntigam, recommended that SAC accept the following as Freshman Class officers: John Macy, president; Carter Smith, vice-president; Larry Dean, SAC representative; Eileen Phillips, secretary; and Bob Hedges, treasurer.

★ ★ ★

McPhee Delegates Authority To SAC

Authority to govern was officially given to the Student Affairs Council Tuesday night in an annual presentation by President of the College Julian A. McPhee during a special meeting of SAC in the Staff Dining Hall.

"I have the greatest confidence that the members of SAC will continue to make good decisions," McPhee said. He went on to say that, "Your success will depend on working as a team."

McPhee declared during his delegation of authority presentation, "I am 100 per cent for anything you want or that will make Cal Poly a success."

Later in the evening, President McPhee and ASB President Roy Killgore presented charters to presidents and representatives of campus organizations.

The presentation of the charters, which were actually seals to attach to the charter, will enable the various organizations of officially function this year.

All the officers were accepted with the exception of Hedges. It was brought out in the discussion that Hedges' posters were up after 5 p.m. on election day, an infraction of the ASB election rules, as explained by ASB Vice President Steve Scofield.

Puntigam, ICC representative, argued that the election did not come under the jurisdiction of ASB rules, he also said that ICC has the power, given to them by the ASB Election Code, to decide if an infraction should disqualify the candidate.

"We have found no reason important enough to disqualify any officers," Puntigam said. "What we are arguing now are points of law. If you defeat our recommendation, you will be defeating the Freshman Class."

Discussion revealed that there was no written contract pertaining to the election rules for the Freshman election, but Scofield did meet with the election committee to inform them of the ASB election code.

"Were the rules broken?" asked ASB President Roy Killgore. Peak and Puntigam again explained that their committee does have the power to decide whether an infraction should disqualify a candidate, the power given to them by the ASB Election Code.

Jana Moscar-Zouali, ASB secretary, said, "Rules are not to be followed, not to be used at the discretion of anybody," Puntigam retorted, "How moral is it to disqualify a person just because he had his posters up after 5 o'clock."

Chuck Cruikshank, Ag Council representative, brought the discussion to a close. "It is time to set a precedent that no infractions to the election code be tolerated."

Also SAC officially approved the athletic and water polo schedules for the coming year. Reports were given on Welcome Week Camp, and the Homecoming queen contest, in which queen candidates will have to be sponsored by campus organizations this year. George Soares and Harold Mantle were accepted as Finance Committee members by SAC.

Lynne Prindle was accepted as Board of Publications representative. SAC granted to the Board of Athletic Control approval to operate under a proposed code for one quarter.

The next SAC meeting will be held on Tuesday Oct. 8 at 7 p.m. in Lib. 126.

ELECTION CONTROVERSY... President Roy Killgore, right, raises a point during last Tuesday night's SAC meeting. Representing the Inter-Class Council is Charles "Cap" Peaks, Senior Class president, left, and Clark Puntigam, Junior Class president, center.

RECEIVES CHARTER... Joe Cummings, president of Alpha Phi Omega, receives a smile and a handshake from ASB President Roy Killgore. Cummings also obtained his club charter. Looking on is President of the college Dr. Julian A. McPhee and ASB Vice President Steve Scofield. (Photo by Leap)

PAINT BRUSH OR PLAQUE

Frosh-Soph Brawl Slated Tomorrow

The classes of 1967 and 1968 will square off on the track oval northwest of the library tomorrow to decide which group will get a plaque and which will have the duty of keeping the campus "P" neat and clean for the rest of the year.

Beginning at 1 p.m., the two classes will compete in balloon popping, three-legged races, ice drags, burden relays, greased pole climbs and tug-of-wars to determine which class is the mightier in the Frosh-Soph Brawl.

White paint, shovels and large brushes will be available so that the losing class can begin work on the "P" immediately after the brawl.

With members of the senior class acting as brawl judges, all

students participating in the mock fracas will wear old T-shirts and will go without shoes and belts. Sophomores will dye their shirts green while the freshmen will color theirs gold. Vats of dye will be available for all participants on the track oval by 10 a.m., brawl officials report.

No one will be allowed to participate without a dyed T-shirt, they said.

"The sophomores don't have a chance. Freshmen don't have time for such trifles as painting the 'P,'" John Macy, newly elected Freshman Class president, said Wednesday.

Flint Freeman, president of the Sophomore Class, doesn't agree with this statement at all.

"It seems that the sophomores have more class spirit."

The freshmen must be poor losers because they are already complaining about having to maintain the "P" and they haven't even lost yet," he retorted.

The two class presidents, who made their statements while surfaced and still out of breath, came to a draw in an arm-wrestling match held in the El Mustang office Wednesday.

Besides having the Senior Class act as judges of the brawl, the juniors will run the fracas.

After the Brawl is over, an awards stomp will be held in Crandall Gym Saturday night to award the winning class with the Clarence Brown Perpetual Brawl Plaque.

State Legislative Action Changes Education Major

By LANI CAIN

Recent legislative action has changed Elementary Education at Cal Poly.

The California State Board of Education adopted regulations last May to implement the 1961 Credential Law. According to Dr. Walter P. Schroeder, head of the Education Department, this action requires all new students seeking a standard elementary teaching credential to select and complete a degree major other than the "Curriculum in Elementary Education" as listed in the Cal Poly college bulletin.

It will be necessary for persons who have not completed two years of college work, 90 quarter units, and have not been formally admitted to a teacher education program on or before Nov. 1, 1963, to choose a subject matter degree major and a teaching minor.

According to Dr. Schroeder, acceptance into a college with a freshman or sophomore status does not constitute "formal" acceptance into a teacher education program.

A student wishing to go into the field of Elementary Education will have to declare a major and a minor, one of which must be in an academic subject matter area and one of which may be in a nonacademic subject matter area normally taught in the public schools.

Successful completion of a ma-

for in Biological Sciences, English, Mathematics, Physical Science or Social Science will satisfy the undergraduate degree requirement for the standard Elementary Teaching Credential.

In addition to the above majors, which have been defined as "academic" by the State Board of Education, Cal Poly offers majors in Home Economics, Technical Arts and Physical Education. Successful completion of one of these three majors will also satisfy the undergraduate degree requirement for the Elementary Teaching Credential.

However, students choosing a major from these three areas who later qualify for elementary teaching credentials will be authorized to teach only in the subject areas of their major and teaching minors.

Students choosing a major from the list of academic subject matter majors will be authorized to teach all subjects in kindergarten and grades one through nine.

In addition to subject matter major, elementary teaching credential applicants are required to complete a teaching minor. Teaching minors are available in Botany, Chemistry, English, Zoology, Home Economics, Technical Arts, and Physical Education.

Supplementary to the major and minor will also be certain education requirements such as curriculum methods, psychology and student teaching.

Dr. Schroeder believes two

things are expected to happen to elementary education area of the department. "Much of the instruction will be shifted to the graduate level and greater coordinating responsibilities between departments dealing with teacher education will result," he said.

The campus is the scene of an impressive international "melting pot" as officials from Mexico, Jordan, Argentina, Greece and Nyassaland visit.

International visitors this week include a group of 13 from Mexico, two from Jordan, and five from Argentina.

First to arrive are five from Argentina who are studying all phases of agricultural instruction. Their visit is connected with the work of a five-man survey team from the college which recently spent five weeks studying agricultural education in Argentina.

Accompanied by Fred Mayer of the United States Department of State's Agency for International Development staff, members of the Argentine group include Ingeniero Robert Arano, director general of Agricultural Education; Ingeniero George Stagnaro,

Inspector general of Agricultural Education; Ingeniero Eric Holander, Ingeniero P. A. Mira, and Ingeniero Alberto Novelli, all directors of three of Argentina's schools of agriculture.

Following their visit at Cal Poly, the group will spend several

Evaluations Scheduled For Seniors

C. Paul Winner, dean of admissions, reports that seniors planning to graduate in the spring of 1964 are scheduled to receive notices to report to a designated room for a graduation check or transcript evaluation.

Winner urges students eligible to graduate to start checking their campus boxes for the notice. "Students should check their campus boxes regularly and come in at the earliest possible time after receiving the note," the dean said.

Evaluation checks are run according to major so all students aren't evaluated at once. Winner stresses that just because a friend receives his note first doesn't mean another student won't get one.

This graduation check is automatically run in the middle of the quarter before the student designates he is to graduate. At this time the evaluation office will inform the student of the classes he must successfully complete for graduation.

According to Winner, "This is merely a graduation check and does not absolve students from the responsibility of maintaining their own records." He explains that the evaluation office is not infallible and each student should know all the classes he has taken and must take.

The list of graduating seniors if received from the records office and composed of names of students who, at registration time, have declared intentions to graduate.

eral days visiting agricultural operations in California's San Joaquin Valley and other parts of the state.

The Argentine visitors will leave Saturday.

A two-day visit here will wind up a two-week stay in California for the 11 students and two agricultural educators that make up the party from Mexico.

Sponsored and made possible by the Sears, Roebuck and Co. United States and Mexico Foundations, their tour of California agriculture is similar to one made earlier this year by a like group from Cal Poly.

Purpose of the Sears, Roebuck Foundations' program tours is to help agriculturalists in both nations become familiar with agricultural practices in the other.

During their stay at Cal Poly members of the Mexican group will be guests at a special dinner in their honor.

Dr. Oscar Brauer and Ingeniero Ramon Cobarruvias, both members of the faculty at the National School of Agriculture, Mexico's leading college of agriculture, are leaders of the group and Jorge Raigado, a representative of the Sears, Roebuck Mexico Foundation, is accompanying them.

Also, currently visiting the Cal Poly campus are Mohamed Nassal al-Armouti, under secretary, Ministry of Interior, and Abdel-Kader el-Jasuni, public relations officer, United Nations Relief Works Agency, both from Jordan.

Their visit in San Luis Obispo is sponsored by the Governmental Affairs Institute for the Department of State's Bureau of Education and Cultural Affairs, Washington, D. C.

In addition to visiting with Shawkut Alkhas, a Jordanian now studying at Cal Poly, al-Armouti and el-Jasuni will survey the college's Technical Journalism Department and Public Relations Office and will visit the San Luis Obispo City Police Department where they will talk with Chief of Police William Schofield.

The party from Nyassaland will visit Cal Poly from Oct. 7 through Oct. 11, and the visitor from Greece will be at the college from Oct. 11 through Oct. 18.

Campus Republicans Confused by 'Birch' Notices

Some students were puzzled Wednesday when typed notices appeared on various campus bulletin boards invited them to attend an organizational meeting of the "Freedom Club, the Cal Poly chapter of the John Birch Society."

Probably surprised most by the small notices were the Cal Poly - California College Republicans.

The notices called the "Freedom Club" meeting for 7:30 p.m. in Sci. A-12—the same time and place set for Republican group's meeting.

Lew Holtzman, president of the Cal Poly chapter of the California College Republicans, said, "It seems to me that the flyers passed around the campus were the work of a group of pranksters whose

sole purpose was to scuttle the organizational meeting of the Cal Poly chapter of the California College Republicans. . . We will not put up with this kind of childish action. I will be happy to personally debate any member of this so-called 'Freedom Club.'"

Holtzman emphasized that his group group is in no way affiliated with the ultraconservative John Birch Society.

"Any faction whose sole purpose is to scuttle or disorganize the California College Republicans will be dealt with by legal means if necessary," Holtzman continued.

When the Republican group met Wednesday night, there was no sign of anyone representing the

John Birch Society.

Dr. Dan Lawson, associate dean of activities, said the college and the student body would not necessarily be opposed to the formation of a John Birch Society group on campus. "But we want to know who we're doing business with."

He said it was not known who had put up the "Freedom Club" meeting notices. "We want to meet this group eyeball to eyeball, and we want them to come out and face the sunshine," Lawson said.

Holtzman said the notices, which may have been put up by a "prankster," were individually typed. He said his group does not blame the Young Democrats for the incident.

ROCKING UP... "Rocking Regents" will roll out their popular surfing music tonight in Crandall Gym from 8:30 to midnight. Pictured (l to r) are Charlie Bell, a Business major, piano; Corby Wood, an Electronics major, guitar; Steve Schlusser, a Business major, guitar; and Russ Haas, a Social Science major, bass guitar. Not pictured is Jim Blier, a Business major, drums. (photo by Hoffmann)

Needed: More Seat Belts

A Cal Poly freshman died needlessly Thursday in a traffic accident about five miles south of San Luis Obispo on U.S. Highway 101.

Stephen Kree, an 18-year-old industrial engineering major, and four of his friends were on their way to Avila Beach to escape last week's stifling heat wave when the car in which they were riding went out of control and overturned on the divider strip.

Kree was thrown from the car onto the pavement. He died almost instantly, officials reported.

Had the young freshman been wearing a seat belt, he would have sustained only relatively minor injuries, according to the California Highway Patrol.

Although a recently adopted state law requires that all new cars sold in California be equipped with seat belts, the vast majority of automobiles—those made before the 1964 model—do not have to meet the seat belt requirements.

Agencies such as the California Highway Patrol, the National Safety Council and the New Car Dealers Association have continually advocated the use of seat belts, but to little or no avail.

America's motoring public apparently does not like to be "fenced in."

While we realize that coming out for seat belts is something like backing motherhood, deploring litterbugs and saying that it's nice to have turkey on Thanksgiving, the importance of the "safety straps" cannot be underestimated.

Many groups, including the campus Society of Automotive Engineers, departmental club of the Mechanical Engineering Department, have staged seat belt sales in the past. Often, too, community service organizations such as Lions and Exchange club groups sell seat belts at a special discount.

Maybe later this year, some campus group will stage a seat belt sale.

If so, we hope you patronize it.

Off And Running-College Union Plans Varied Program; BB Film Tonight

BY FRAN SEYMOUR

College Union's off and running. The 1963-64 calendar of events kicked into gear Wednesday, Oct. 2, when prospective College Union members gathered in the AC Auditorium to hear this year's plans.

The bill is varied, busy and promises something for everyone. Each week 1 will be bringing you forthcoming events planned and sponsored by the various committees of College Union.

There is still time, for those of you who were unable to attend the pledge meeting, to join College Union. Contact Ruth Dietterle or Linda Mamm in the ASB office no later than next Friday.

Tonight at 7 o'clock and 9:30 p.m., the CU Film Committee is proud to announce the showing of Brigitte Bardot and Jacques Charrier

in "Babette Goes to War." The second attraction will be the "San Fernando Football Game." These films will be shown in the Little Theatre, and admission is only 25 cents.

Monday, Oct. 7, at 7 p.m. in MSD 212 will be your last chance to try out for "Blithe Spirit," the fall drama production. In addition to casting, people are needed for publicity, ticket selling, props, sets and lighting. No previous experience is required.

Friday, Oct. 11, is the date for this quarter's night club, "Club Indigo." It will be held in the Staff Dining Hall from 9-12, and the cost is only \$1 per couple. The Collegian Combo will be the band for the evening, and the attire will be dressy dress.

After the football game, Saturday night, Oct. 12, the first street dance of the year will be held. This gala event is scheduled for the Home Economics Parking lot (across from the library) and everyone is invited to come and "Mingle."

The College Union Fine Arts Committee will be presenting a world knowledge series, entitled "The World Around Us." This series consisting of five excellent color films will be presented in person by distinguished explorers, life scientists and travel authorities. The admission price for students will be only 50 cents not \$1.50 as previously quoted. The first film entitled "Greece and the Mysterious Balkans" will be shown on Friday, Oct. 18, at 8 p.m. in the Little Theatre.

ATTENTION ALL COEDS!!! Your chance is coming (Oct. 20) to ask that special guy to the Saddle Hawkins Day Dance.

CU soon!!!

Realistic Look: Peace Corps Volunteer

By Roger Ebert

WASHINGTON, D.C. (CPH)—"In most of the world, it's six o'clock in the morning—and it's dead," Dave Pearson said.

"When the Peace Corps Volunteer moves from a highly mobile society into a sleepy, dawning world where progress is slow and sometimes feared, he must adapt rapidly if he is to be successful."

Pearson, a Peace Corps information officer, said it has been this challenge—and not wild animals—that has created the most problems for Volunteers in the field.

During the first two years of Peace Corps operation, Volunteers had a few complaints about living and working conditions. Indeed, many governments went out of their way to see that Corpsmen had adequate living conditions.

But over and over, field representatives heard stories of loneliness, boredom and solitude. In many areas, Volunteers were the only people with an advanced education, or even with the ability to read and write.

Almost all Volunteers managed to succeed in

spite of these problems, however, and in many cases they reported that for the first times in their lives they were learning to "really live."

"I had been exposed to an education," Volunteer Ralph Gilman, working on a Ghana project, said. "But I began to feel I'd had enough of second-hand knowledge which had been picked over for my consumption. Now was the time to learn directly from people struggling in life."

Gilman found the slow, underdeveloped society of Ghana a challenge. But in it he found a need to be fulfilled in himself as well as in the society.

"Peace Corps service is not glamorous," he said in a CPH interview. "We've never said it was, it's hard, and tiring, and sometimes discouraging."

"And so the question before us is now that the newspapers, in interviewing returning Volunteers, have made it clear that boredom and apathy go hand-in-hand with excitement and progress in the Corps, will young Americans still be willing to take up the burden?"

(NEXT: RESEARCH TO IMPROVE PEACE

IE Major Heads Frosh

John Macy, Industrial Engineering major from Costa Mesa, will head the Class of '67 as president.

He will be assisted by Vice-President Carter Smith, Electronics major from Los Gatos; Secretary Eileen Phillips, Biological Science major from Los Gatos; Treasurer Ron Pickus, an Electronics major from Garden Grove; SAC Representative Larry Deane, Architect major from Laguna Beach.

There will be a Freshman Class meeting tonight at 7 o'clock in the AC Auditorium.

BURIAL FLAG

The Veterans Administration disburses 170,000 burial flags annually.

Foreign Student Picnic Saturday

American and international students are invited to a potluck picnic to be held Saturday, Oct. 5 at 12:30 p.m. in Poly Grove. The annual picnic is coordinated and sponsored under the auspices of the Cal Poly Women's Club and the campus chapter of People-To-People.

All Cal Poly students are invited to attend with the qualification that American students and faculty will bring a salad, a main dish, relish, hot dogs, fresh fruit or dessert, if possible.

Music from many countries, singing, races and volleyball will be organized at the afternoon picnic.

Committee Selects 'Autumn Holiday'

"Autumn Holiday" has been selected by the Homecoming Committee as the theme for the 1963 Homecoming activities the weekend of November 15-16.

A total of 29 entries were received from various campus groups and clubs. Chuck Patterson, Society of Automotive Engineers president, submitted the winning entry for his club. SAE will have its name engraved on the perpetual plaque and keep it for the forthcoming year.

The Homecoming Committee would like to thank everyone who submitted entries which made this year's Theme Contest a success, said Terry Schwab, chairman.

SLIDE RULE INSURANCE

By RUDY SILVA, R.J.
Registered Jeweler
American Gem Society

It has been said that the venerable firm of Lloyd's of London will insure the most fantastic risks today. Perhaps these good gentlemen will even insure a Cal Poly student's slide rule, for a suitable fee, of course.

Meantime, the custom of engraving your name on your slide rule still serves to protect it somewhat. And it's an old custom here at Brasil's to engrave it while you wait and with OUR COMPLIMENTS.

Come and see for yourself, at:

Brasil's Jewelers
957 Monterey St.
Hotel Anderson Bldg.

ERASE WITHOUT A TRACE ON EATON'S CORRASABLE BOND

Touch-type, hunt-and-peck, type with one hand tied behind your back—it's easy to turn out perfect papers on Corrasable. Because you can erase without a trace. Typing errors disappear like magic with just the flick of an ordinary pencil eraser. There's never a telltale erasure mark on Corrasable's special surface.

Corrasable is available in light, medium, heavy weights and Onion Skin. In convenient 100-sheet packets and 500-sheet ream boxes. Only Eaton makes Corrasable.

FROSH-SOPH PREVIEW . . . John Macy, Freshmen Class president, battles with Flint Freeman, sophomore Class president over who will win the Soph-Frosh Brawl. This contest was a draw. Tomorrow's brawl probably won't be and the loser must maintain the "P". (photo by Knepper)

PLANNING CELEBRATION . . . Four Nigerian students, (l to r) Patrick Obi Ngoddy, Archie T. Akpan, Chukuma Obuegbie and Amos Adepoju, are planning a dance and open house for tonight in the TCU to celebrate Nigerian Republic Day. The festive occasion will be open to all students. Featured will be dances of the southern culture and the Nigerian high-life dance in the native dress and custom. Refreshments will be served at the dance that will last from 8 p.m. to midnight. The official Nigerian Republic Day was Tuesday, Oct. 1, but because of classes, the celebration was scheduled for tonight.

Officers Of Agricultural Division Clubs Announced

Agricultural Division club and council officers were announced recently.

Elected as officers of the Agricultural Council were chairman, Ray Milani of Petaluma; vice-chairman, Tom Mora of Templeton; secretary-treasurer, Fred Bohman of Los Angeles; Ag. Council representative to SAC, Jack Engle of San Luis Obispo; and speaker chairman, Randy Hamill of San Luis Obispo.

The Farm Management Club named as president, Ken Lewis of San Luis Obispo; vice-president, Karl Sullivan of Gardena; secretary, Jack Mayes of La Mirada; treasurer, Joe Orchard of Avenal; Poly Royal representative, George Betz of Watsonville; activities, Anthony Tognazzini of Guadalupe and Ag. Council representative, Art Duarte of San Luis Obispo.

Cal Poly Farm Bureau's new officers are president, Jim Clark of San Luis Obispo; vice-president, Art Boster of San Luis Obispo; secretary, Kathy Clark of San Luis Obispo; treasurer, Chuck Cruikshank of McArthur and Ag. Council representative, Del Peterson of Cotati.

Agricultural Business Management Club's newly elected officers are president, Al Amaral of San Luis Obispo; vice-president, Ron Licht of Paso Robles; secretary, Teta Laint; treasurer, George Soares of Hanford and Ag. Council representative, Stan Portugal of Hanford.

Food Processing Club elected the following: president, George Spiliotopoulos of San Luis Obispo; vice-president, Mike Burns; secretary, John Horning of Berkeley; treasurer, Jim Cornaglis of Chowchilla and Ag. Council representative, Bill Weir of San Mateo.

Poultry Club officers include president, Larry Rathbun of San Luis Obispo; vice-president, Rodney Evangelho of Hanford; secretary, Jack Engle of San Luis Obispo; treasurer, Victor Snell of San Pedro; Historian, Winfred Jess of Apple Valley; and Ag. Council representative, Alan Johnson of San Luis Obispo.

Cutting and Reining Club elected president, Jack Young of San Luis Obispo; vice-president, Tom Fox of Bakersfield; secretary, Mary Ann Bearer of Porterville; Ag. Council representative, Tom Fox and Poly Royal chairman, Nicki Shorey of Carmel.

Young Farmer officers are president, Tom Mora of Templeton; vice-president, Floyd Perry of Gilroy; secretary-treasurer, John Grimman of Anderson and Ag. Council representative, Jeff Jeffery of Winters.

4-H Club officers are president, Melanie Dudley of Gazelle; vice-president, Stan Sears of Montague; secretary, Lyndell Slickton of San Luis Obispo; treasurer, Susie Weges of Maricopa; reporter, Susan Knipper of Gilroy; and Ag. Council representative, Mike Giles of San Luis Obispo.

IE Majors Receive 3 Scholarships

Winning scholarships, something that has become a habit for Industrial Engineering majors, have been awarded to Larry Myhre, Robert Kofsky and Robert Young. Myhre and Kofsky received \$600 and \$100, respectively, from the Solar Aircraft Co., while Young was the recipient of the \$300 award from Mattie Toys, Inc.

The three IE students from the San Luis Obispo campus and two from Kallio-Voorhis campus automatically become eligible upon recommendation for the \$100 Solar Junior award.

From the five winners of the Junior scholarship, one is chosen to receive the \$500 senior award the proceeding year.

9 Future Farmers Win Santa Fe Railway Awards

Nine outstanding Future Farmers of America whose records have earned for them an educational award from funds provided by Santa Fe Railroad were honored in special ceremonies in the Administration Building Lobby Wednesday with Julian A. McPhee, college president, attending.

They are Mike Francioni of Gonzales, Wayne Jensen of San Miguel, Tom Filbin of Manteca, Bob Mattes of Manteca, Frank Mello Jr. of Manteca, Jim Edgerly of Dinuba, Gary Dutto of Tulare, Dan Chatman of Madera and Jack Hafelfinger of Auburn.

In addition to the award, each received a certificate of merit signed by Byron J. McMahon, chief of the California Bureau of Agricultural Education and State FFA Advisor.

Francioni, Jensen, Filbin, Mattes, Edgerly and Dutto are candidates for the American Farmer degree, highest award in the FFA program.

Francioni developed a strong crops program which netted him \$13,000 in labor income and a net worth of about \$12,000. He was chapter president and secretary, regional secretary, regional Star State Farmer and attended state and national conventions. He was a scholarship winner.

Jensen owns 12 registered Herefords, two show steers, 60 commercial steers and 128 acres of grain crops. He had a net worth of \$4,150, with labor income of more than \$6,200. He was chapter president, secretary and reporter, a scholarship winner and attended the national FFA convention.

Filbin owns six purebred cattle, a one-third interest in 100 commercial cattle, and full ownership of 133 acres of pasture land. His FFA projects brought him about \$6,000, and his current net worth is more than \$12,000. He was chapter reporter and president, regional and state FFA reporter, and was a scholarship winner.

Mattes owns 26 head of registered Angus cattle. His FFA projects have netted him more than \$5,300, and his current net worth has reached about \$7,400. He was chapter president, regional reporter and state FFA secretary. He won a college scholarship based on his grades, and is also an outstanding athlete.

Mello is state FFA reporter. His projects have included 31 registered Suffolk sheep and some grade ewes. He made an excellent record in farm safety, winning highest honors in his school, community and county; and helping the Manteca chapter win the state farm safety award. He won the section public speaking title, a vocational award, county Ag-Business award and three gold medals in project competition.

Edgerly owns 45 head of registered and producing Jersey cattle. His FFA projects have earned him \$11,500, and his current net

Campus Clocks Run Helter-Skelter, But Offices Still Have Same Hours

Time around our campus may always be a little off kilter, but it never stands still.

Office hours and business hours were set according to schedule before the clocks took it upon themselves to run helter-skelter.

So set your watches, call time and here's the schedule for the Fall Quarter.

LIBRARY

Library hours during regular sessions differ according to sections. The Circulation (Room 100), Reference Room (108), and Periodicals (Room 206) Monday through Thursday are from 7:45 a.m. to 5 p.m. and 7 p.m. to 10 p.m. Friday: 7:45 a.m.-5 p.m.; Saturday: 8 a.m.-5 p.m. Sunday: 6 p.m. to 10 p.m.

Reserve (Room 210) Monday through Thursday 7:45 a.m. to 10 p.m. Friday and Saturday, 7:45 a.m. to 5 p.m.; Sunday: 6 p.m. to 10 p.m.

Curriculum Library (Room 208) Monday through Thursday: 8 a.m. to 5 p.m. Friday and Saturday: 8 a.m. to 5 p.m. Sunday: Closed.

Between sessions, during examination periods and summer sessions the hours will be posted. The library will be closed the evening before a holiday.

Everything from toothbrushes to textbooks and back to sweat-shirts can be had for the buying at the El Corral Bookstore Monday through Friday from 8 a.m. to 4:30 p.m. and Saturday from 8 a.m. to noon.

SNACK BAR

Find yourself craving that double dish apple-pie almonds with a side of fries and a donut at odd times of the day? The Snack Bar located across from the Men's Gym and the back door of the Science building is equipped to serve breakfast, lunch, dinner and in-between meal snacks Monday through Saturday from 6:30 a.m. to 11 p.m. and on Sunday from 8 a.m. to 11 p.m.

CAFETERIA

For those students who have meal tickets, the Cafeteria is open Monday through Friday for Breakfast from 6:30 a.m. to 8:15 a.m.; Lunch, 11 a.m. to 1:30 p.m.; dinner, 5 p.m. to 7 p.m. Saturday and Sunday: Lunch is from noon to 1:30 p.m. and dinner from 5 p.m. to 8:30 p.m. If a student is not able to attend lunch because of

a class or project, he can pick up a sack lunch. The student must present a note from his instructor or advisor giving the days on which the student will not be able to attend the meal. He may then pick up a sack lunch during the breakfast hours in Line 3 on the specific days.

POST OFFICE

Letters from home and goodies from grandma can be picked up at the Post Office on campus 24 hours a day if they fit in your mail box. If not, the post office window is open for business from 11 a.m. to 1 p.m. and from 2 p.m. to 4 p.m. Monday through Friday. Packages can usually be picked up all day back of the office.

DORMS

Dorm hours for the lucky men students belong in the twilight zone. They can come and go as they please. But, the protected women students must adhere to strict regulations. Visiting hours in the women's halls are from 11:45 a.m. to 10:15 p.m. Monday through Thursday, Friday and Saturday the hours are from 1 a.m. to 1:15 a.m. and Sunday from 10 a.m. to 10:15 p.m. Women with a 2.0 grade point average or better are allowed to stay out until

midnight on weekdays, while freshmen and transfers are to be in by 10:30. Friday and Saturday night the coeds are to be in by 1:30 a.m.

The Cal Poly Residence Hall switchboard L13-6350 which connects all brick halls is open from 10 a.m. to 10:15 p.m. Sunday and 11:45 to 10:15 p.m. Monday through Thursday. Friday and Saturday the switchboard is open from 10 a.m. until midnight. The emergency phone number is L13-6352.

Mountain halls, cardboard jungle and the halls on College Avenue can be phoned any time of the day. The phone numbers are located in the phone book.

HEALTH CENTER

The Health Center is open for emergency around the clock. There is a nurse on duty and a physician on call. The regular clinic hours are from 8 a.m. to 5 p.m. with five doctors on call regularly. For your own convenience it is better to use appointment system for physicians.

BUSINESS OFFICES

Business offices in the Administration Building are from 8 a.m. to 5 p.m. Monday through Friday and on Saturdays until noon.

THE DEAN YOU SAVE MAY BE YOUR OWN

Colleges are complicated and bewildering places, filled with complicated and bewildering people. Today let us examine one of the most complicated and bewildering—yet fetching and lovable—of all campus figures. I refer, of course, to the dean of students.

Policeman and confessor, shepherd and seer, warden and oracle, proconsul and pal—the dean of students is all of these. How, then, can we understand him? Well sir, perhaps the best way is to take an average day in the life of an average dean. Here, for example, is what happened last Thursday to Dean Killjoy N. Dampier of the Duluth College of Belles Lettres and Feminism.

At 6 a.m. he woke, dressed, lit a Marlboro, and went up on the roof of his house to remove the statue of the Founder which had been placed there during the night by high-spirited undergraduates.

At 7 a.m. he lit a Marlboro and walked briskly to the campus. (The Dean had not been driving his car since it had been placed on the roof of the girls dormitory by high-spirited undergraduates.)

At 7:45 a.m. he arrived on campus, lit a Marlboro and climbed the bell tower to remove his secretary who had been placed there during the night by high-spirited undergraduates.

At 8 a.m. he reached his office, lit a Marlboro, and met with E. Muribus Ewbank, editor of the student newspaper. Young Ewbank had been writing a series of editorials urging the United States to annex Canada. When the editorials had evoked no response, he had taken matters into his own hands. Accompanied by his society editor and two proofreaders, he had gone over the border and conquered Manitoba. With great patience and several Marlboro Cigarettes, the Dean persuaded young Ewbank to give Manitoba back. Young Ewbank, however, insisted on keeping Winnipeg.

At 9 a.m. the Dean lit a Marlboro and met with Robert Penn Sigafos, president of the local Sigma Chi chapter, who came to report that the Deke house had been put on top of the Sigma Chi house during the night by high-spirited undergraduates.

At 10 a.m. the Dean lit a Marlboro and went to umpire an intramural softball game on the roof of the law school where the campus baseball diamond had been placed during the night by high-spirited undergraduates.

At 12 noon the Dean had a luncheon meeting with the prexy, the bursar, and the registrar, at the bottom of the campus swimming pool where the faculty dining room had been placed during the night by high-spirited undergraduates. Marlbors were passed after luncheon, but not lighted, owing to dampness.

At 2 p.m., back in his office, the Dean lit a Marlboro and received the Canadian Minister of War who said unless young Ewbank gave back Winnipeg, the Canadian army would march against the U.S. immediately. Young Ewbank was summoned and agreed to give back Winnipeg if he could have Moose Jaw. The Canadian Minister of War at first refused, but finally consented after young Ewbank placed him on the roof of the metallurgy building.

At 3 p.m. the Dean lit a Marlboro and met with a delegation from the student council who came to present him with a set of matched luggage in honor of his fifty years' service as dean of students. The Dean promptly packed the luggage with all his clothing and fled to Utica, New York, where he is now in the aluminum siding game.

At 3 p.m. the Dean lit a Marlboro and met with a delegation from the student council who came to present him with a set of matched luggage in honor of his fifty years' service as dean of students. Colts Debut: Face Gauchos

Coch Victor Buccola's Junior Varsity team will stage its 1963 grid debut this afternoon at 2:30 o'clock in Mustang Stadium playing host to the U.C. Santa Barbara Franchise.

This will be the first test of the season for both squads. For the first time in many years the Colts appear to have a well-rounded squad with depth.

Joan Carter, a speedy fullback with tremendous moves is slowly recovering from a pulled muscle. It will not be known until game time as to whether or not he will be able to play. If he is given the go ahead, the visitors will have their hands full trying to contain him.

Also on the injured list is speedy John Davis, a second year man. According to doctors, Davis will be back in the line-up very soon if present progress continues. It is possible John may see some action today to test his injured limb.

Colt quarterback Ronald McNabb will be calling the signals and it is anticipated that he will employ his passing attack that has impressed many in practice.

McNabb's prize target is end Larry Cormier from Edison High School in Fresno. Cormier was selected to the second team All-Northern California football squad last year.

Halfback Allan Johnson, a 5-foot-10, 180 pound, 9.9 sprinter from Bakersfield, should give the Mustangs an extra lift. Mike Foster, right tackle; Mickey Workman, right guard; and Robert Howard, defensive safety add to the Colts strength and should see a lot of action against Santa Barbara.

CROSS COUNTRY SCHEDULE			
Oct. 5	Fresno State	There	
Oct. 12	AA Run at UCSB	There	
Oct. 19	Fresno State	Here	
Nov. 2	Open		
Nov. 9	UCSB	Here	
Nov. 16	CCAA Championships	Long Beach	

BIG GAINER . . . Bruce McPherson, hard-running Junior Varsity halfback, gains yardage in recent game-type scrimmage. He is expected to be in the starting backfield when the Colts take the field against the U.C. Santa Barbara Gauchos this afternoon in Mustang Stadium.

Armchair Athletes

As the World Series heads toward the "Smoggy City of the South," it is anyone's guess who will be drinking the bubbly stuff and who will be tasting the goats milk.

Taking a backward glance, which is always easier than in the other direction, the whole thing is summed up by the statements of both managers. "Whoever gets the breaks will win." So far, the most important break has been in Sandy Koufax's curve ball.

In the opener, (the only game played as this is being written) Koufax did just about what everyone expected him to do: strike out a few Yankees. Quite a few in fact.

For the first four innings, the Yankees looked more like over-worked roulette wheels. They just kept going around and around. It wouldn't take a Daniel Boone for the Yankees to find the trail from the plate to their dugout. They spent so much time on that path that a blindman could lead guided tours on it.

"We were just a little rusty today," said Yank manager Ralph Houk. "We just need a little work to get rid of the cobwebs."

In the other corner, "Smoky" Alston was hoping that those same cobwebs would form on his bullpen gate.

Dodger Stadium is built a little different than "the house that Ruth built." With its 380-foot foul lines, as compared to the 298-foot shots at Yankee Stadium, the Dodger speed will play an even more important role. Speedsters Maury Wills, Willie Davis and Tom Davis hit very few out, but have a lot of fun spraying the ball around the spacious pasture.

While the Yanks are conceded by everyone to have the more powerful club, the fact remains that in 91 trips to the plate, their vaunted sluggers, Roger Maris and Mickey Mantle hit only one homer between them in the Dodger Stadium.

It's tough to bet against the Yankees, no matter who they are playing. Over the years they have been the most successful team in line to pick it up.

But the Dodgers have come too far, having fought off the Giants and the Cards, to die easy now.

As I said before, the Dodgers over the Yanks in six, C.O.Y.

MEDIC-ALERT TAG

More than 100,000 Americans are wearing a tag called medic-alert, designed to warn of a hidden medical condition from which the wearer suffers. In case of accident the band acts as a signal to warn doctors and others of hidden conditions which the patient cannot describe himself. According to the Reader's Digest, 40 million Americans have some condition for which medic-alert band should be worn.

It is hoped that the extramural program will enlarge during this coming year," said Annar Arjo, president of WAA.

Annar went on to say that any interested co-ed may come to the first meeting of the Intramural volleyball program, Tuesday, Oct. 8 at 6:45 p.m. in Crandall Gym. A short meeting will precede a game of volleyball.

Talk On Scandinavia

Dr. Doris Linder of the Social Science faculty will speak on international understanding and her recent visit to the Scandinavian countries, Monday, in Sci H5 at 7:30 p.m. at the first meeting of the International Relations Club, according to Om Prakash Tenaga, president.

Also included on the agenda will be introduction of officers and musical interludes.

All interested students are invited to attend. Refreshments will be served.

Strategy plans . . . Varsity football coaches H. O'Daniel and Walt Williamson discuss offensive and defensive tactics with some of their players. The Mustangs travel to San Diego to face last year's CCAA Champions, the Aztecs from San Diego State.

INJURIES HIT AGAIN

Undeclared San Diego Gridders To Oppose Poly's Machine

Coch Sheldon Harden's injury-ridden Mustangs hit the south-bound road for San Diego today for tomorrow's 8 p.m. game with the undefeated, defending CCAA Champions, San Diego State College. The game will be in Aztec Bowl.

The Aztecs have racked up an impressive 2-1 early season record and appear to be on the championship road once again as they pulverized hard hitting Cal Poly of Pomona, 42-7, in a non-conference game last weekend.

On the other hand, after suffering a 33-22 set back at the hands of San Francisco State in their first encounter, the Mustangs came from behind to defeat the San Fernando State

Matadors, 19-11. Two more Mustangs were victims of injuries last week. Ron Oxley, right guard and linebacker, is now in Los Angeles undergoing surgery on a damaged knee. He will be out of action for the remainder of the season, according to Harden.

Tackle Bob Mattes is not expected to see action against the Aztecs Saturday due to a badly injured ankle and knee.

Just last week came word from the Mustang camp that speedy halfback Paul Lewis injured his knee and would be lost for the remainder of the season. This now brings the season's player-loss roster to two and possibly three,

depending on Mattes' outcome. Going into tomorrow's game, Poly is the underdog to the 80 per cent senior Aztec squad. The San Diego men have tremendous speed and boast a powerful interior line. The Mustangs lack depth due to their injury list.

The probable starting line-up for the Mustangs includes Willie Tinnen, right tackle; Bob Erbland, left tackle; Bob Cardozo, right guard; Bob Walker, left guard; Frank Blakemore, center; Gary Chilleot, right end; and Wayne West at left end. The backfield will consist of Gary Walker and Jim Ramon at the halfback positions, Jack Clark at the fullback spot and Dick Eschbach calling the signals.

CCAA Roundup

For the moment, the Cal Poly Mustangs find themselves in a rarefied atmosphere in the California Collegiate Athletic Association. As a result of its 19 to 14 victory over San Fernando Valley State, the "Green Machine" is in first place.

Although there were no other CCAA games last weekend, most of the league teams were involved in nonleague contests.

San Diego took right up where it left off last year as the Aztecs thumped Cal Poly Pomona by a score of 42-7. Kern Carson, All CCAA last year, started the Aztec masser with a 51-yard first quarter touchdown run.

In other action, Fresno State lost its second game of the season Saturday as the Montana State Bobcats scored a convincing 29 to 7 victory over the Bulldogs.

UC Santa Barbara gained its second win of the young season with a hard fought 9 to 7 win over Whittier College. Long Beach lost 20-16 to San Francisco State.

Champs Shaping-Up

With the opening kick-off of the 1963 intramural football league just around the corner, the 1962 champion Aztecs and Mustangs are continuing to put the finishing touches to their team in preparation to defend the title.

The Aztecs ran up an impressive record of 10 wins against no defeats last year. After running away with their league, they proceeded to sweep the playoffs, shutting out Duell, Dairy Project, and Sefton.

During the season the Aztecs' defense was very strong. It gave up only one touchdown in 10 games. Their single-wing offense scored a total of 206 points for a game average of 20.6.

Leagues are expected to start Monday, October 7, and run for approximately 8 to 10 weeks.

CCAA Champion Aztecs Boast All-Star First Team

Bringing in a starting line averaging 250 pounds, the San Diego Aztecs will open defense of its CCAA crown Saturday night when they host the Cal Poly Mustangs in the Aztec Bowl.

The 1963 version of the Border City team seems to be as good if not better than last year's squad. In its season opener last week, the Aztecs dumped Cal Poly of Pomona 42-7 to serve as notice to other CCAA members.

Head coach Don Coryell's Aztecs have one of the biggest and most seasoned lines around. All of the starting members of the forward wall are letterman, and all are seniors with the exception of John Harris, a 261-pound junior tackle.

Starting in the line for the Aztecs will be Joe Meeker (6-2, 225) and Neal Patten (6-2, 201) at ends; Dave Lay (6-4, 250) and Morris (6-4, 251) tackles; Joe Gibbs (6-0, 216) and Dave Henman (5-11, 226) at the guard slots and Warren Himm (6-0, 240) at center.

In the backfield Coryell can call on another experienced group. With Ken Carson and Mario Mendez at the halfback slots and John Butler at the fullback position, the Aztecs have an all-letterman backfield with the exception of Rod Dowhower, the starting quarterback.

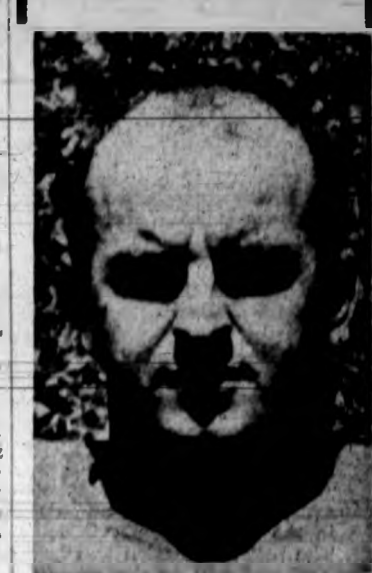

Dowhower, a transfer from Santa Barbara, shows plenty of promise and may be the leader the Aztecs need. In last week's game, Dowhower completed six of 15 passes for 96 yards.

Carson, a two-year letterman paces the rushing game of the Aztecs. In 10 carries, the speedy back has gained 140 yards or an 8.8 yards-per-carry average.

The Mustangs will be out to even up the series between the two schools which began in 1912. The Aztecs currently hold a 9-8 edge in the 17 game series. The southlanders have taken

the last two contests with a 9-6 win in 1961 when Neal Petties picked up a fumble and raced into the end-zone in the last minute of play, and again in 1962 by a 35-14 score.

New Faces

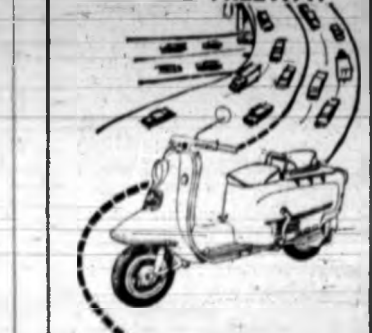

QUANTIFIABLE . . . Dick Eschbach, up from last season's JV squad is proving to be a fine passing quarterback in his first varsity season for the Mustangs. A 22-year-old sophomore Physical Education major, he hails from Chula Vista.

Rifle, Pistol Club Plans Oct. 9 Meet

The Cal Poly Rifle and Pistol Club, sponsored by the ROTC, will hold its first meeting of the year Wednesday, Oct. 9. The meeting will be held in Lib. 120 BC.

Although the club is ROTC sponsored, it is not exclusively for ROTC members. All students and faculty members of Cal Poly are welcome to join. The campus club is a member of the National Rifle Association.

The club has access to both indoor and outdoor ranges. The indoor ranges are for .22 caliber pistol and rifles. Forty-five and .38 caliber pistols and .30-06 and other large bore rifles are to be used on the outdoor range. The club has guns available for members' use.

Authorized in the Winter Quarter, the club entered a Varsity shooting meet during the Spring Quarter and brought back 32 of 36 trophies presented. Top California police force members were among the competitors.

DOCTOR SHORTAGE
A serious doctor shortage threatens the country, according to the October Reader's Digest. If present trends continue there will be only 86 doctors for every 100,000 people by 1975. This contrasts with 108 per 100,000 population 26 years ago.

ELEANOR ROOSEVELT
The late Eleanor Roosevelt insisted on using public transportation most of her life, and would occasionally even hitch a ride with a stranger who offered her a lift. She was also the first "First Lady" to hold press conferences in the White House.
