

Library Newspapers Have Colored Keys

A color-keyed filing arrangement for current copies of the library's 25 newspapers goes into effect this week.

Newspapers have been placed together on racks according to type. Wall racks hold international news, capital news and California news. On the four standing racks are industry and labor news, foreign student news, literary news and county news.

Spring Sing Show Slated For May 8

"Spring Sing, the student sponsored musical, will be held May 8 in the Men's Gym," announces Pat Palmer, chairman.

The new officers for Spring Sing are chairman, Pat Palmer; vice-chairman, Sally Clark; secretary, Linda Wolf; treasurer, Mac Graham; arrangements chairman, Jim Kenney; arrangements design chairman, Avril Klapper; publicity chairman, Jim Harper; participant publicity, Rachel Boswell; coordinations chairman, Corky Bryant and follow-up committee, Wally Starr.

"The purpose of Spring Sing is to provide an outstanding program for the audience and a competitive, fun-filled contest for the participants," says Miss Palmer.

Attention Smokers! Library Has 'It'

"Smoking and Health," a 387-page report of the advisory committee of the Surgeon General of the Public Health Service, is available for reference use in the documents area of the Library, according to Mrs. Joy Berghell, acting head of the reference section.

Hearst Offers Scholarship For Agriculture Students

Cal Poly students living in San Luis Obispo County are now eligible for a \$3,000 scholarship program announced jointly today by President Julian A. McPhee and A. J. Cooke of the Hearst Foundation.

According to President McPhee, the funds received from the foundation, a part of the world-wide Hearst Corporation, publisher's of many of the nation's oldest and best-known daily newspapers, will provide ten \$300 scholarships.

The awards will go to students residing in San Luis Obispo County who are pursuing careers in agriculture that have application in the county. Such programs would be in one of 11 departments in Cal Poly's Agriculture Division or in Agricultural Journalism.

President McPhee indicated that awards of the Hearst Foundation scholarships would begin with the Fall Quarter which begins in September, 1964.

In making today's announcement, Cooke expressed the Hearst organization's long and continuing interest in San Luis Obispo County and its youth.

It was this interest that prompted the foundation's specification that recipients of the scholarships be county residents and students of some phase of agriculture.

Hearst interests in the county center around Hearst Castle, former home of the late William Randolph Hearst, founder of the corporation, and other property owned in the county. The former home, now a California State monument, is located along San Luis Obispo's north coast.

Cal Poly degree programs included under the new scholarship program are Agricultural Education, Agricultural Business Management, Agricultural Engineering, Mechanized Agriculture, Animal Husbandry, Crops, Dairy Husbandry and Manufacturing, Farm Management, Food Processing, Ornamental Horticulture, Poultry Industry, Soil Science, Agricultural Chemistry, and Agricultural Journalism.

EDITORIALS

Our Secret Affairs Council

Following Tuesday night's Student Affairs Council meeting, our representatives held a closed session—no reporters, no gallery members allowed.

We do not know what went on there because our representatives were sworn to secrecy.

We consider SAC a quasi-legislative body and therefore subject to the restrictions of the Brown Act of California.

We quote:

Section 54950. The legislative finds and declares that public boards and councils and other public agencies in this state exist to aid in the conduct of the people's business. It is the intent of the law that their actions be taken openly and that their deliberations be conducted openly. The people of this state do not yield their sovereignty to the agencies which serve them.

Section 54959. Each member of a legislative body who attends a meeting of such legislative body where action is taken in violation of any provision of this chapter, with knowledge of the fact that the meeting is in violation thereof, is guilty of a misdemeanor.

It seems strange to us that 26 people have a right to keep affairs that are of extreme importance to the Student Body from the 6,200 students they supposedly represent.

The question that always penetrates our thoughts is, "What are they doing behind our backs?"

It's almost frightening when you realize that 26 members have the power over us to decide what we should know and what we shouldn't.

Are SAC members afraid that we won't agree with them if they confide in us? Are they afraid that we'll find out they're not really representing us, only themselves?

In fact, are they representing us?

Can't Please Everyone

We found the real truth in this maxim last Tuesday morning when an irate engineer slapped down his El Mustang on our desk and bellowed, "Why didn't you put our article in the paper?"

When we determined the nature of his complaint, we showed him his article—on page three.

We explained how we were sorry that we could not use pictures he had so thoughtfully submitted with the story and that the article was placed on page three.

"But you promised us front page for that story," he insisted, his eyes snapping with anger. "We sent it in weeks ahead of time."

What are you—some kind of aggie?" he asked, referring to last issue's front page story on the Animal Husbandry banquet.

No, journalism," we said, smiling to ourselves. Well, that's pretty poor journalism," he retorted, referring to the third page placement of his story.

"Do you realize that our organization is the largest club on campus, representing 300 members and some 600 interested students?" he demanded.

We replied that we represent over 6,000 students. That was the last straw. Muttering some vague threat, the big engineer stormed out of the office.

Such incidents occur over and over each quarter. Certain individuals are displeased with the way El Mustang's editors handle their news items. Invariably, these persons feel that more play should be given to their functions than to others.

Very often El Mustang gets caught in the middle.

When certain individuals tell the editor what to print, how to display the story and which pictures to use, it seems that they should be the ones with all the worry and headache of putting out a good newspaper, not the editor.

Shades of Hitler, freedom of the press and Thomas Paine, but this will never come to pass as long as we remain in this editor's position.

We will continue to keep the readers in mind as we determine which stories will receive preferential treatment and which will be relegated to third page.

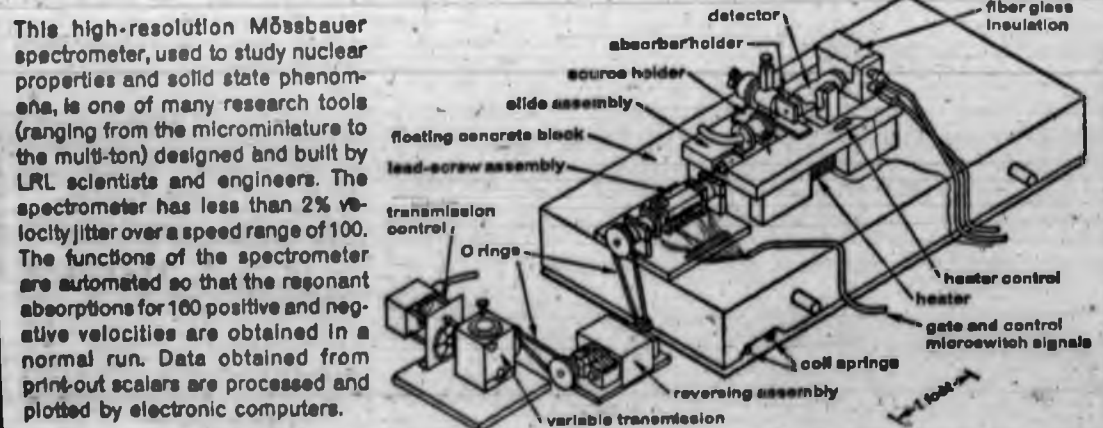

We will continue to exercise an editor's prerogative in what will be published in El Mustang and what will not. No other person should have the authority to dictate the content of the paper.

After all, what is an editor for?

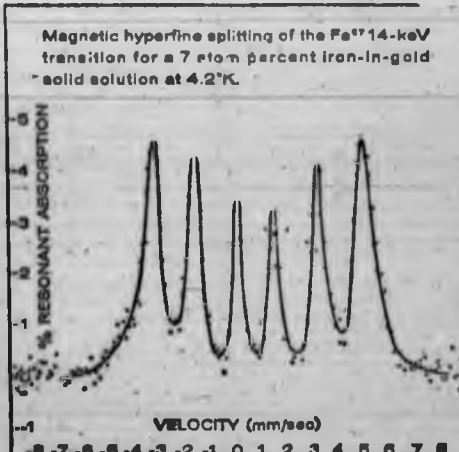

NUCLEAR ENERGY RESEARCH AT LAWRENCE RADIATION LABORATORY

LIVERMORE, CALIFORNIA

MAJOR PROGRAMS NOW UNDER WAY: PLOWSHARE—Industrial and scientific uses for explosives. **WHITNEY**—Nuclear weapons for national defense. **SHERWOOD**—Power production from controlled thermonuclear reactions. **PLUTO**—Nuclear reactor for propulsion of a ramjet missile. **BIOMEDICAL**—The effects of radioactivity on man and his environment...far-reaching programs utilizing the skills of virtually every scientific and technical discipline.

This high-resolution Mössbauer spectrometer, used to study nuclear properties and solid state phenomena, is one of many research tools (ranging from the micro-miniature to the multi-ton) designed and built by LRL scientists and engineers. The spectrometer has less than 2% velocity jitter over a speed range of 100. The functions of the spectrometer are automated so that the resonant absorptions for 100 positive and negative velocities are obtained in a normal run. Data obtained from print-out scalars are processed and plotted by electronic computers.

Official Ballot Statement For March 3-4 By-Laws Election

Proposition 1
Art. VIII, Section I, F. meetings, 1. now reads: "Each board shall elect and recommend to the SAC for its approval candidates for the chairmanship of the board during the next year. Such candidates shall be elected at a meeting held not later than the eighth week of instruction of each Spring Quarter."
Shall the ASB of Cal Poly amend its bylaws by changing Art. VIII, Section I, F. meetings, 1. to read: "Each Board shall elect and recommend to the SAC for its approval one candidate elect for the chairmanship of that board during the next year. Such individuals shall be elected at a meeting held not later than the eighth week of instruction of each Spring Quarter."

Proposition 2
Art. VIII, Sec. IV, n. membership, 1. student, (b) of the associated Student Body bylaws now reads: "Two representatives elected by each established organization within the Music Department." Shall the Associated Student Body of Cal Poly amend its bylaws by changing Art. VIII, Sec. IV, n. membership, 1. students, (b) of the Associated Student Body bylaws to read: "Three representatives elected by each established organization within the Music Department."

Proposition 3
Art. VIII, Sec. VI, a. membership, 1. student, (e) of the Associated Student Body bylaws now reads as follows: "One representative of the press club selected from its membership." Shall the Associated Student Body of Cal Poly amend its bylaws by striking out section (e) and inserting in its place "(e), Business manager of student publications" and by adding section (g) "Advertising manager of El Mustang."

Proposition 4
Art. VIII, Sec. VI, a. membership, 2. of the Associated Student Body bylaws now reads: "Faculty, one of whom shall be elected by the board as its advisor." Shall the Associated Student Body of Cal Poly amend its bylaws by changing Art. VIII, Sec. VI, a. membership, 2. of the ASB bylaws to read: "Faculty" and by adding under Art. VIII, Sec. VI, a. membership, 2. a section to read as follows: (e) one faculty representative to be elected by the Board as its advisor."

Proposition 5
Art. VIII, Sec. VI, b. of the ASB bylaws now reads: "All members shall have voting power." Shall the Associated Student Body of Cal Poly amend its bylaws by changing Art. VIII, Sec. VI, b. of the bylaws to read: "All members shall be voting members except the faculty representative appointed by the President of the California State Polytechnic College who shall have veto power."

Proposition 6
Art. VIII, Sec. II, a. membership, 1. student, (b) of the ASB bylaws now reads: "Five representatives at large appointed by the president of the Associated Students Incorporated." Shall the Associated Student Body of Cal Poly amend its bylaws by changing Art. VIII, Sec. II, a. membership, 1. student to read: (b) One representative from each recognized sport and by inserting (c) One representative who shall be a Cal Poly let-terman appointed by the president of the Associated Student Body, and by inserting (d) president of the Black "P" Society.

Proposition 7
Art. VIII, Sec. II, a. membership, 2. (a) for the ASB bylaws now reads: "Director of Athletics." Shall the Associated Student Body of Cal Poly amend its bylaws by changing Art. VIII, Sec. II, a. membership, 2. (a) to read: "Coordinator of Athletics."

Proposition 8
Art. VIII, Sec. II, a. membership, B. alumni (a) of the ASB bylaws now reads: "Two members of the California State Polytechnic College alumni association appointed by the President of the Alumni Ass'n." Shall the ASB of Cal Poly amend its bylaws by changing Art. VIII, Sec. II, a. membership, B. alumni (a) to read: one member of the CSPCAA and not employed by the college appointed by the President of the Alumni Association. And by changing Art. VIII, Sec. II, b. (2) from "two alumni association representatives" to "The Alumni Association Representative."

Proposition 9
Art. XVII, Sec. I, procedure b. of the ASB bylaws now reads: "The date of the filing of the petition and notices of the election, with a full statement of the amendment shall be posted conspicuously and shall be run in the columns of the newspaper of the Associated Student Body for one week previous to the election." Shall the Associated Student Body of Cal Poly amend its bylaws by changing Art. XVII, Sec. I, procedure, b. of the ASB bylaws to read: "The date of the filing of the petition and notices of the election, with a full statement of the amendment shall be posted conspicuously on campus bulletin boards for one week and in the columns of the paper of the ASB for three consecutive issues prior to the election."

Proposition 10
Shall the ASB of Cal Poly amend its bylaws by inserting the following in Art. X, Sec. II, of the Associated Student Body bylaws: "Spring Sing Committee—It shall be the duty of this committee to plan, promote and present student sponsored musical show called "Spring Sing," the purpose of which is to provide an out-standing program for the audience, and a clean, competitive fun-filled contest for the participants."

Proposition 11
Art. X, Sec. II, E. of the ASB bylaws is now entitled Fall Leadership Conference Committee and reads as follows: "It shall be the duty of this committee to plan and conduct a Fall Leadership Conference to help develop understanding and unity among student leaders and provide opportunities for training in leadership techniques."

THE BELL TELEPHONE COMPANIES SALUTE: DICK PACK

Dick Pack (B.S., Business Technology, 1961) has made a significant contribution to every job Mountain States Telephone has assigned him.

He was directed to study the effectiveness of new policies on inventory control. So sound were his recommendations that they were passed up the line and considered for use throughout the State of Idaho.

Five months after joining the company, Dick was named Manager of the Weiser, Idaho, exchange. He ran his own shop well and, as a result, was promoted to Unit Manager in Twin Falls. Then, a special honor: enrollment in the company's course at Northwestern University.

Dick's ability and reputation for quick starting will take him far with Mountain States Telephone.

Dick Pack, like many young men, is impatient to make things happen for his company and himself. There are few places where such restlessness is more welcomed or rewarded than in the fast-growing telephone business.

These Businesses Support Cal Poly SUPPORT THEM

Jockeying Around

Everybody loves a winner. When a school has a winner, the spirit is high, players feel great, coaches look good and everything is rosy.

This year, the Cal Poly basketball team did not come out on top in most of its games. In numerous games, they almost came out the winner, but not often enough to have a good season.

The team may not have won the championship, but it did contain a champion, Bob Horwath.

Last Friday night, Horwath closed his college career against Fresno State and scored 20 points. He now owns the CCAA scoring record with 617 points in three years of league play.

His career scoring record here is 1,157 points. In the 1961-62 season, Horwath scored 401 points in 22 games and netted 473 in 23 games his junior year. This year, he scored 263 markers and was in the top five in CCAA scoring statistics. He scored 168 points in 10 league games.

Horwath's method of shooting was somewhat phenomenal to say the least. He made many Poly basketball followers sit with their mouths open. He made shots that seemed impossible. Sometimes he was nearly on his back, at other times he would shoot with two or three opponents guarding him.

Married and a proud father of a 21-month-old son, Frank, Horwath was a threat every time he got his hands on the ball, as evidenced when other teams double and triple teamed him. No, the Mustangs didn't win the CCAA title, but we are proud that a champion such as Horwath has attended Cal Poly. He deserved every point he scored.

Speaking of basketball, the Mustangs may be in for a good basketball season come 1964-65. If the Colts' 12-3 season record is any indication of next year's potential.

Coach Dick McElvany and his Colts had a "highly successful" season. A number of his boys have good size.

With only five returnees from this year's varsity squad, McElvany believes any one of his starting five should be able to push somebody on the varsity next year.

Ray Freedy, who led the team with a 16.6 point per game average, made more than 50 per cent of his shots and is a good ball handler. Frank Davis (12.4), Ed Fair (12.2), John Russell (9.4) and Jim DePue (8.4) were all important in the Colts' impressive record this year.

Almost any coach will tell you that it is difficult to win with sophomores. We hope that the 1963-64 Colts will prove this theory wrong. "Mac."

Last Tuesday night, something happened that was thought to be impossible—Cassius Clay won the heavyweight crown from Sonny Liston. I know you Liston fans don't think Clay should have won.

Everyone is entitled to his own opinion, but from the way it sounded on the radio, Clay made Liston box his kind of fight. One judge had Liston ahead 58-56, another judge had Clay 58-56 and the referee had it 57-57. Clay was unblemished and Liston had both eyes cut.

When the fight was over, most experts said that Clay would have been the new champion in a post as well as a boxer, I would like to dedicate this second poem to Cassius Clay.

"Ode to Cassius Clay"
The fight is all over and Clay has the crown
And who cannot say he won it hands down.
He predicted round eight and it ended in seven.
How did he do it? With help from heaven.
"I am the greatest," quoted Cassius the king.
In round seven, Sonny couldn't enter the ring.
At the end of the bell, dethroned Sonny just sat on his stool.
In fear that loud Cassius would make him a fool.
To each his own, say what you might
It's all over now and "Mac" was right.

"Edgar Allan" McPherson

CCAA Title At Stake For Cal Poly Matmen

Cal Poly's Mustang grapplers will be defending their 1963 California Collegiate Athletic Association championship title at the CCAA wrestling championships tomorrow at Fresno State College.

The Mustangs, who possess a fine 12-2-1 dual meet record for the 1963-64 season, will face rough competition from CCAA title rivals San Diego State and the Fresno State Bulldogs. The SDSU Astores boast a 4-0-1 CCAA record placing them in a tie with the Mustangs.

Still doubtful as a competitor in the championships is junior grappler, Terry Wigglesworth. Wigglesworth injured his knee in the match against the Fresno State Bulldogs, Feb. 21.

Wrestling at 115 pounds will be Pete Frankland; 125, Kris McNulty; 130, Jim Teem; 137, Sam

Gymnasts Win 2; Host SDS, SJS

Following two impressive victories last week, Coach Vic Buccola's gymnastics team is looking forward to a pair of dual meets against San Jose State and San Diego State tomorrow at 3 p.m.

The Mustangs gained their first victory of the season last week by coming from behind to down the UC, Santa Barbara club, 641-604.

Cal Poly was 10 points down with only two events remaining, but managed to win the meet by grabbing first and second places in the rings and tumbling events.

High man for the Mustangs was Rick O'Bannon with 16 points, followed by Clayton Christman who earned 13 markers.

Saturday night, Feb. 22, the Mustangs squeaked by San Francisco State, 621-601.

High point man for the Mustangs was Christman with 14 points. O'Bannon grabbed 10 points in helping the Mustangs up their season record to 2-4.

Coach Buccola indicated that Steve Endicott has shown improvement in the tumbling event and that Mark Fleming has been doing a better job on the high bar.

SLIDE FOR SECOND... Mike Higgins, varsity second sacker, hits the dirt in Santa Barbara game last week. Higgins collected four hits in seven times at bat to help the Mustangs win the first game 4-3 and tie the nightcap 5-5. The baseball team travels north this weekend to meet Stanford and San Francisco State.

Horsehiders Go North To Face Tough Foes

Cal Poly's varsity batters will get some stiff opposition this weekend when they face Stanford University tomorrow on the Indian's diamond and the San Francisco State Gators in a doubleheader Saturday afternoon at San Francisco.

The Mustangs, who recorded a 4-3, 5-5 doubleheader score in the season opener against the University of California at Santa Barbara, will start Terry Carl on the mound against the Indians. Hurling in Saturday's doubleheader will be Steve Fox and Tom Kemp.

Last year, Poly's diamond nine split games against Stanford with scores of 4-2 and 0-8. In three times out against San Francisco, Cal Poly lost by scores of 2-1, 8-5, and 4-0.

Coach Bill Hicks said that Poly's baseball squad "has a little work to do. Base running is one of our big problems, but our pitching battery is strong."

The Mustangs will field Wayne West at the catcher spot; Ed Schum at first base, Ernie Bingham at second, and Mike Williams at third. Junior Hob Phillips will start at shortstop.

In the outfield against Stanford and San Francisco will be senior Jim Ramos in left, junior Don Cole in center, and sophomore Joe Zinani in right.

The Mustang batters posted a batting average of .231 and their opponents .228 last year. Cal Poly had a .949 fielding average and the opponents fielded .945.

WAA NEWS

LYNDELL SLICTON

Excitement and activity took place in women's athletics on the Cal Poly campus Feb. 21. In a basketball game with Westmont College, Poly won, 58-10. Tennis competition Friday afternoon involved Bakersfield College and Cal Poly. Those playing for Poly were Pat Stone, Carolyn DeKosa, Carolyn Johnson and Jay Ellington.

The intercollegiate basketball team participated in one of the most exciting and vital games of the season against UC at Santa Barbara Feb. 23.

When the final buzzer went off, the score was tied 25-25, and an overtime was called. Final score was Cal Poly 27, UCSB 25. Very well done gals. Keep it up!

Thinclads Enter Relays After Winning Opener

The Cal Poly track team will be one of the six CCAA squads in tomorrow's Long Beach Relays at Veterans Stadium in the southland. For most of the CCAA squads, this will mark the start of the 1964 outdoor season.

Coach Walt Williamson will chief his varsity cindermen run over Westmont 85-65 in their first meet of the season last week. Poly dominated the meet with 13 first places to overbalance Westmont's four.

Mike Ferguson became the athlete of the week. Friday night, playing basketball at Fresno, he scored 24 points. He returned to campus at 4 a.m. and left at 8 a.m. with the track team for Westmont.

He managed to capture first in broad jump and to tie for first in the high jump. He was also on the winning 440 relay team.

Gary Walker was on the 440 relay, placed first in 120-yard relay team placed first in 120-yard high hurdles, second in 330 low hurdles, and first in pole vault. Gary Curtis, another member of the 440 relay, placed first in the 100 and 220-yard dashes.

Bruce Larson took number one

in the shot put and third in the javelin. Jon Dana scored first in the 440 and 330 low hurdles. Other firsts were scored by Ben Laville in the javelin event, and Charles Smith in high jump. Al Huffman finished ahead of the pack in the 880 and Lloyd Petrosie sailed the discus 156 feet to win his event.

Westmont swept distance events including the two mile, mile, triple jump and the mile relay.

ACTIVE COACH

Vic Buccola, football and gymnasium coach, participated in football, boxing and track while a student at Poly. He was an all-CCAA griddle four years and was named to the Little All-American team his senior year.

What is a Diamond Importer?

An Importer may buy diamonds which have actually passed through the hands of several brokers, thus the term "Importer" in itself is no guarantee of price savings!

We buy direct from the CUTTER to give you lowest possible prices, at:

Brasil's Jewelers

557 Monterey St.
Hotel Anderson Bldg.

Gymnastics Meet In Intramurals

"They swing through the air with the greatest of ease" is what many people will be saying about the annual Intramural Gymnastic meet Tuesday at 7 p.m. in the gymnasium room.

Chairman John Garcia has set-up six events for the men, which will include the high bar, parallel bars, tumbling, trampoline, peg board and the rope climb.

The women events will be trampoline, balance beam, tumbling and the parallel bars. It will be all run on the point system with the judge's word final.

FITTING TOKEN OF
Life's greatest
moment!

Modern diamond
bridal
ensemble.

A diamond is so important. It symbolizes so much and it is worn so prominently and for such a very long time. Should it not then merit the utmost care and diligence in its selection? We like folks who watch their pennies and who "shop around" before they say "OK. Wrap it up". They become life-long friends of ours. Come and shop where they do.

\$50.00
and up.

Pay as low as 50c a week
No interest or carrying charges
