CALIFORNIA STATE POLYTECHNIC COLLEGE

VOL. XXVI, NO. 44

SAN LUIS OBISPO, CALIFORNIA

TUESDAY, MAY 26, 1964

CU Building Election Starts Today

A special election for a proposed College Union Building will be held today and tomorrow.

The proposal must receive a two-thirds majority for passage. If approved, a fee now estimated to be \$16 per year, will be assessed each full-time student beginning in Fall 1966, when the building is scheduled to open.

The polls will be located at the El Corral Snack Bar patio, post office and the Math and Home Economics Building.

The El Corral voting booths

will remain open from 8 a.m. to 9 p.m. today, while the others will have hours of 8 a.m. to 5 p.m.

The El Corral booth will be open at night to accommodate limited students who attend school at night. The building election will be the first at which limited students are permitted to vote.

On Wednesday all three polling places will be open from 8 a.m. to 1 p.m. The IBM ballots will be

counted at 3 p.m. in the Administration Building.

The fee for regular students is set in the ballot at a maximum of \$20 per year. But the College Union Building Planning Committee expects that it will be less.

The committee has proposed fees begin in the 1966-67 academic year that would be as follows:

Full Winter Spring
Reg. Students: \$6 \$5 \$5
Ltd. Students: \$3 \$2.50 \$2.50

Total cost of the building and all equipment is set on the ballot to be not more than \$3.5 million.

If the College Union Building proposal passes, a 25-year loan will be secured to pay \$3 million of the cost.

The other \$500,000 will be paid out of accumulated profits from the El Corral Bookstore.

Plans for the building have not been drawn. However, a book of specifications known as the B2 Form has been compiled by the College Union Building Planning Committee.

If the proposal passes, an architectural firm will be hired to design the building with committee advice. Construction, estimated to take from 10 to 12 months to complete, will begin when the plans are finalized.

After the building is open, profits from included concessions such as bowling alleys and the bookstore will be used to help finance the building.

EDITORIALS

Planning Ahead, 1935-1966

Almost 30 years ago President Julian A. McPhee was thinking about a College Union Building for Cal Poly.

He set up the first campus bookstore in 1935 and decreed that its profits be put aside in a fund that eventually would finance a bigger and better store.

The store changed location several times over the years, but the profits always went into the fund, never anyplace else.

"Don't think I haven't guarded it with my life," says President McPhee of the bookstore fund. Everybody wanted to use it for some trip or some project, relates the president.

"But I saved it," he says proudly.

Today the fund has grown to \$500,000 and the plans for a bigger and better store have grown into plans for a College Union Building.

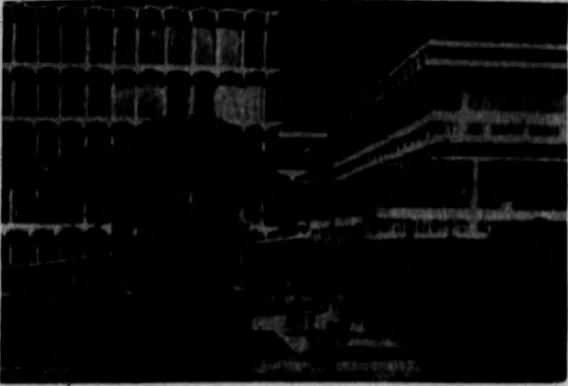

Because President McPhee planned ahead 30 years ago, there is a down payment available for the building. And students won't have to help finance the building through fees until the building is built.

"No taxation without representation," goes the old campaign slogan.

At Cal Poly that slogan has a new form: "You won't pay for it until you can use it."

It's possible, thanks to President McPhee.

DARRYL SKRABAK

CU Model . . . Architecture students built six College Union Building models as a class exercise. Specifications for models were provided by B2 Form, a design book written by College Union Planning Committee. Final design for building, if approved in election, will be decided next year.

Yearbook Sales Lagging; Affects Next Year's Budget

Sales of 1963-64 El Rodeo yearbooks will determine the health of this year's Associated Student Body budget, said Graduate Manager Bob Spink last week.

Only 1,058 yearbooks have been sold out of an order of 2,000 to be delivered at the end of May.

Each yearbook left unsold will put the ASB \$6.50—the price of the book—in debt, Spink explained.

Remaining to be sold are 842 books, or \$5,478 worth. About 100 books will be given away.

According to a motion passed during budget hearings at Student Affairs Council last week, the yearbook staff must sell at least 800 1963-64 books or forfeit a \$300 editor's salary and money to pay for color printing in the 1964-65 El Rodeo.

Kemp Will Take Oath At Tonight's SAC Meet

Malcom Kemp, Associated Student Body president-elect, will receive his oath of office at tonight's Student Affairs Council meeting in Lib. 126 at 7 o'clock.

Dean of Students Everett Chandler will swear in Kemp and other officers-elect, vice-president Bob Mattes and secretary Sandy

Wright. The new slate of officers will take over ASB government reins June 15.

College President Julian A. McPhee will delegate authority to SAC for the 1964-65 year at the meeting. State education legal codes require McPhee to make the delegation annually.

Most of the remainder of the meeting will be taken up with year-end reports.

Scheduled to make reports are the Sophomore Class, Applied Science and Applied Arts Councils, Campus Radio, All-Poly Weekend, Finance Committee, and baseball, golf, tennis, track and swimming athletic teams.

Dancers, Polystrings To Perform Wednesday

A joint concert given by the Modern Dance Club and the Polystrings will be presented at the Little Theater at 8 p.m., Wednesday, May 27. There is no admission fee.

Philosophy Is Topic Of Stewart Address

Former Cal Poly philosophy instructor Dr. David A. Stewart will speak on "The Perils of Philosophy" tomorrow at 7 p.m. in Science E 27.

Dr. Stewart, whose Cal Poly instructional appointment was terminated late last year, will use excerpts from his new book, "Money, Power and Sex" in his speech.

Currently a San Luis Obispo clinical psychologist, Dr. Stewart holds a bachelor of arts degree from Dalhousie University, and both a masters and a doctorate from Toronto University. In addition, he has done graduate work at Marburg University in Germany,

Queens University and Edinburgh University.

His books include "Know Yourself," "Preface to Empathy," and "Money, Power and Sex." Dr. Stewart was the featured speaker at last year's "Last Lecture" program.

The former Cal Poly instructor was a teaching fellow at Queens University from 1955-56; head of the department of philosophy and student counseling at the University of New Brunswick from 1945-54, and from 1955 to the present time he has been a clinical psychologist in Toronto, Los Angeles and San Luis Obispo.

Salinger To Speak At Library Today

Former White House Press Secretary Pierre Salinger, candidate for the Democratic nomination to the U.S. Senate, will speak from the steps of the Walter P. Dexter Memorial Library today at 8 p.m.

Following the speech, Technical Journalism students and representatives of news media from throughout the Central Coast area will question Salinger at an "invitation only" press conference-reception in the library.

Spring Quarter Final Schedule

1. One hour lectures are limited to one hour final examinations.
2. All holding and holding shop and laboratory classes will hold their finals the last class or laboratory session.

Spring Band Concert Will Be Held Friday Night Under Baum's Baton

The annual Spring Band Concert will be presented in the Little Theater at 8 p.m., Friday, May 29, bringing to a close a successful year for both band and director J. M. Baum.

One of the main objectives of the concert is to stress variety. This has been accomplished by featuring a number of groups as well as the entire band.

Selections such as "Water Music Suite" by George Frederick Handel, "The Black Horse Troop" by John Phillip Sousa, and "Mutiny On The Bounty" have been combined in one program to include music for every listener's taste.

Featured numbers include the "Dixieland 7" and the "Modern Jazz Quintet" playing two totally different versions of "That's A Plenty"; a trombone trio consisting of Doug Ebersole, Jerry Pyle, and Ron Koroch playing David Rose's "Holiday for Trombones" and "The Dream of Olwen" featuring Ken Fitzhugh on the piano.

Highlighting the concert will be the first public performance of a march written by band member Donald McGuire. McGuire, who comes from Paso Robles, will direct the yet unnamed march.

The concert band, which consists of 61 members, has traveled 1200 miles and has performed before well over 30,000 people. Appearances include Pasadena (at the

Rose Bowl), King City, Santa Cruz, Salinas and Gonzales.

Working with the band as officers for the past year have been Ken Fitzhugh, president; Don Robidoux, vice-president; Beth Juri, secretary; Jim Crowley, manager; Sue Evans, MBOC representative; Sue Webberley, Applied

Arts representative; Nancy Bucy, librarian; Dave Holdsworth, MBOC chairman and drum major; and Les Berven, stunt chairman.

Admission price for the performance is 50 cents for students and \$1 general. Tickets may be purchased from any band member and at the door the evening of the performance.

Campus Capers

GRADUATION REHEARSAL
Mustang Stadium will be the scene of a 45-minute graduation

rehearsal at 11 p.m. on June 11.

Big Beat At Beach; Surfside Stomp

By GORDON JONES

Surfing happens at the beach, right?

Surfing music—Regents style—happens in Crandall Gym, check?

Why, you wonder, don't the two get together?

Well nine truckloads of sand, 40 million gallons of water, 93 rocks and two clumps of seaweed are officially barred, in roughly that order from Crandall Gym.

So eager to find a solution for this pressing problem, College Union Social Committee came up with an answer.

That answer is the Surfside Stomp, featuring Cal Poly's Regents, bonfires, sand, surf, sand fleas, more sand, girls, still more sand . . . but not necessarily in that order.

The stomp will be held at Port San Luis on Saturday, May 30. Activities kick off at 7:30 p.m.; the Regents come on at 9 o'clock and continue to midnight.

Car people will have to park in Avila Beach—no autos will be allowed to cross the bridge to Port San Luis.

Transportation from the bridge to the beach will be by magnificent motor coaches (buses to you).

Toll at the bridge: 75 cents each.

Carless people can catch a bus at 7:30 or 8 p.m. in front of the Men's Gym for a ride to the beach. Tariff for this service will be 25 cents for a round trip.

ME SMOKER

The Mechanical Engineering Society's annual smoker will be held Thursday at the IDES Hall on Mill Street from 6-9 p.m.

Skits, steak and refreshments will be the fare. Society members will be admitted free; others for \$1.

CHEMISTRY QUALIFICATIONS

Students who plan to take their first college chemistry course during 1964 Summer, Fall or Winter Quarters are requested by the Physical Science Department to take a qualification test.

Tests are scheduled today through Friday at Ag E 106. Hours are 8 a.m. to noon and 1 to 5 p.m.

SENIOR CLASS BARBECUE

A senior class barbecue will be hosted by alumni in Lopez Canyon at 1 p.m. on June 11.

A 16-ounce steak will be free to seniors. Guests will be charged \$1.50.

ROTC AWARDS

Nineteen ROTC cadets will be presented awards at the annual ROTC president's review today at 11:10 a.m. in Mustang Stadium. It is open to all students and staff.

President Julian A. McPhee and Col. William Boyce of the ROTC will inspect the units before the awards presentation.

ASB AWARDS BANQUET

Recognition of outstanding scholarship, leadership and cocurricular activities will be given to deserving students at the twelfth annual Spring Awards Banquet to be held Sunday, May 31, at 5 p.m. in the Staff Dining Hall.

Tickets at \$2.50 apiece will be available at the ASB Office until May 29.

SENIORS: CHECK OUT

Registrar Gerald Holley has issued a notice to all graduating seniors to check out of college at the Records Office according to regular check out procedure.

Mustangs Salvage Third In NCAA Tourney

Blair field in Long Beach, site of the 1964 National Collegiate Athletic Association tournament, trembled last Saturday afternoon as the Mustangs blasted out 23 hits, setting the table for a 16-2 win over Chapman College and a third place in the four team tourney.

Wasting little time, the Mustangs belted across three runs in the first inning. Johnny Garcia singled followed by walks given to Ernie Bigham and Jim Ramos to load the bases. Wayne West hit a sacrifice fly scoring Garcia and Mike Williams' line shot single scored Bigham and Ramos.

In the second inning, consecutive hits by Ed Schum, Tom Kempf, Garcia, Bigham and Ramos resulted in two more additional runs for the Mustangs.

Two hits by Schum and Kempf and a sacrifice fly by Garcia brought across the first run of a Poly three-run third inning. Bigham's walk was followed by hits by Ramos and West to score Kempf and Bigham.

Williams, starting his first game after a long absence with a broken wrist, hit pay dirt as he led off the 4th inning with a double. Phillips and Schum both walked for a full house and Kempf singled across Williams and Phillips. Garcia's sacrifice fly scored Schum.

Ramos belting four hits in five trips to the plate, hammered a

triple in the fifth and scored on West's double. Phillips followed with a safety to score West.

NCAA all-star selection Bigham and Ramos teamed up to score a run in the sixth inning as Bigham tripled and Ramos singled to bring across the other half of Poly's double play combination. The 7th and 8th innings were idle with neither team able to score.

The Mustangs added two more insurance runs in the 9th. Ward singled, Phillips walked, and Fred Del Dotto hit a safety scoring Ward. Garcia followed with his final hit of the game that scored third sacker, Phillips.

Tom Kempf pitched an outstanding game as he hurled his aspirin tablets past the bewildered opposing nine. Chapman College was allowed only seven hits while scoring once in each the 4th and 9th innings.

Poly lost Friday's opening game to Sacramento State by a score of 10-3.

Mustang pitcher Steve Fox was shelled in the second inning for six runs, breaking the spirit of the Poly nine. Pete Cocconi came in to relieve and pitched six and two-thirds innings of good ball but was unable to bring back to life the dejected Mustangs.

Bill Hicks, coach of the varsity team expressed great satisfaction with the team's effort.

CBS, NBC Election Teams To Meet

CBS and NBC election reporting teams for the June 2 primaries will hold organizational meetings this week.

NBC precinct will gather Thursday night at 7 o'clock in GA 226 to receive assignments, press kits and final instructions.

Journalism major Jack Hill is heading the NBC effort, which is backed by the Journalism Department as an instructional project.

The CBS crew will meet tonight in ScE 27 at 7:30 p.m. to get instructions.

Social Science major Mike Grogan heads the CBS team. CBS workers will be paid a minimum of \$7 apiece, according to Grogan.

An additional meeting for NBC office workers is scheduled on Monday, June 1, at 7 p.m. in GA 226.

Kemp Looks For Radio, Student Judiciary In '64-65

By MIKE GROGAN

"If there were no problems for us to face, there would be no need for student government."

Speaking was newly elected ASB President Malcom Kemp. In a recent interview, Kemp outlined some of the problems he anticipates Cal Poly will face next year. Optimistically, Kemp saw as two major possibilities on campus a radio station and a judiciary.

The fate of campus radio, Kemp said, is now awaiting administration decision as to the curriculum changes necessary to implement a student-operated radio station. At the present, plans call for broadcasting at a date no earlier than Thanksgiving.

In the early stages, broadcasts will be limited to an AM frequency, with the current being transmitted along existing wires to all of the dorms on campus. There will be about four hours of programming each day, five days a week.

Asked what the program would consist of, Kemp replied, "Study type, non-Beatle music." What about the people who like the Beatles? There will be

"... some hours of lectures, Beatles, classical, and other kinds of music."

The minimum staff of 25 students would probably be enrolled in a class for units, Kemp said, much like the El Mustang Staff.

SAC has already established a joint student-faculty committee to study the establishment of a student judiciary, Kemp said. The committee recommended a resolution, which SAC has forwarded to the administration.

This fall, if all goes well, a general ASB election will be held to amend the By-Laws so as to set up a judiciary.

Essentially, there will be two branches, Kemp explained. One branch will handle technical conflicts among the various ASB codes and also election disputes. The other division will handle disciplinary problems.

Kemp said that last fall's barbecue incident, in which two coeds were suspended, would probably have been handled by this second branch had there been a student judiciary.

The subject of awards, Kemp said, merits examination. In this

direction, Kemp hopes to set up a committee next year to review the awards program. A budget of approximately \$4,000 is involved, so the problem is significant.

At issue is the fact that people who win awards in one area, such as music, or El Mustang, or Rally Committee, also receive points towards ASB awards. But people who devote a great deal of time to student government committees only receive points for the ASB awards. "There is an inequality here," Kemp said, "but I'm not sure who is right or wrong."

Echoing his campaign promises, Malcom Kemp looks forward to a "productive year" in which communications will be improved between students and government. Towards this goal, Kemp, along with the Vice-President and the Secretary, will establish office hours. At these times, and any other time as well, the new president will be happy to talk to anyone.

And if anyone wants to put a problem before SAC, they are invited to make the necessary additions to the agenda. This is posted on the bulletin board in the ASB office.

Tollner Leads Alumni Over Varsity, 20-14

Something which most people had expected took place in Saturday's alumni football game. The alumni won.

The score, however, was somewhat more respectable than last year's 27 to 0 shellacking as the varsity lost a close one, 20-14, before a crowd of close to 1,000.

The varsity team blew a possible tie when it fumbled the pigskin on the ten yard line with less than two minutes left to play in the game. The alumni took over on fourth down and all Coach Sheldon Harden's crew could do was watch the seconds tick away to defeat.

The varsity retired to the locker room at half time carrying with them a slim 14-12 margin.

The scoring for the varsity began 3:53 into the first quarter of play. They had worked their way down field into scoring position when quarterback Fred Richelleu fired a pass to Dick Doerr in the endzone. Richelleu again hit Doerr for the two point conversion attempt and the underdogs led by 8.

The alumni came back to make it 8-6 as Jack Clark powered his way around right end. The conversion attempt failed.

The alumni got into the scoring column again, this time with only eight seconds to go in the first quarter. End Bob Parker, who was down field all by himself, reached up and pulled down a toss from

quarterback Ted Tollner and galloped 74 yards for the T.D. The conversion attempt failed as Tollner's pass to Carl Bowser went incomplete making the score 14-8 in favor of the alumni.

The last scoring of the half came when Richelleu found his receiver, Bill Schwerm, who took it in for six. The P.A.T. was no good leaving the varsity out ahead at half time 14-12.

Apparently the alumni had their half time refreshments vitamin-fortified as they did the only scoring in the second half.

It came in the third quarter as again Tollner threaded the needle this time on a screen pass to Fred Brown who sped around right end to pay dirt. The P.A.T. was good as Tollner found Parker for two more points making the final score 20-14.

Petroelje Sets Mark At Modesto Relays

A school record and a fifth place finish in the 100-yard dash by the only girl member of the Mustang track team highlighted Cal Poly's entry in the Modesto Relays Saturday.

Lloyd Petroelje unleashed a 165 feet 4-inch throw to break his old school standard by six inches. The rugged performer failed to place in the competition despite his top performance.

Chris Ibersen, competing for the first time this year, ran a 11.3 sec. 100-yard dash. The 5-foot 6-inch physical education major placed fifth behind the worlds fastest woman sprinter, Doreen Porter from New Zealand, who ran a 10.8. This was the first competition for Ibersen and coach Walt Williamson said, "she did a real fine job."

Williamson also took Gary Curtis, Gary Walker and Ben Laville to the meet, but all three failed to place.

Next weekend the Modesto performers (excluding Ibersen) and Don Fields and Roland Lint will be entered in the Southern Pacific AAU relays at Occidental College.

Intramural Roundup

VOLLEYBALL

Intramural Volleyball results have been announced by Intramural director, Vaughan Hitchcock. The Iranian Tigers from the AAA league and Soils Club from the A league won the championship.

SOFTBALL

Intramural softball leagues will wind up with double elimination playoffs this week for championship honors.

The teams on top are Lassen Hall, Beachcomers, Cooper Cats, Fremont I, Crops Club, and Fremont Penthouse.
