

### **NASA Astronaut, Chancellor Reynolds set for day-long program Sept. 27**

A conference designed to encourage young women to expand their professional expectations and options will be offered at Cal Poly on Saturday, Sept. 27.

Called "Step Into the Future," the day-long conference will provide special programs for young women in junior high school, high school, and community colleges, as well as parents, teachers, and counselors.

Highlights will include a keynote address by NASA Astronaut M. Rhea Seddon; a luncheon address for parents, teachers, and counselors by CSU Chancellor W. Ann Reynolds; and workshops, presentations, and tours of Cal Poly facilities.

Her keynote presentation will include pictures of her 1985 space shuttle Discovery mission, in which she worked outside the space shuttle.

Junior high school participants will have the opportunity to take part in hands-on workshops in computer science, chemistry, biology, architecture, the performing arts, and other fields.

Senior high school students will have their choice of presentations by professional women including doctors, attorneys, engineers, educators, veterinarians, chemists, criminologists, fashion merchandisers, managers, businesswomen, architects, and others, who will talk about their

careers, the decisions leading to their career choices, and the education, background, and personality required. More than 50 career fields will be represented.

Additionally, there will be tours led by Cal Poly students through many of the specialized facilities on campus, including architecture, computer assisted design and manufacturing, industrial technology, engineering, agriculture, and other state-of-the-art laboratories.

Teachers, counselors, and parents will hear Dr. Reynolds, a nationally recognized biologist and educator, as well as chief administrator of the 19-campus higher educational system, speak at the formal luncheon.

Adult participants may choose from workshops and presentations such as "Your Child Leaves the Nest," "Creative Financing of a College Education," "What Parents Need to Know About College Entrance Requirements and Procedures," and "The Dual-Career Couple."

Registration fees are \$10 per person. Community college students, along with parents, teachers, and counselors will attend the lunch with Reynolds. Junior and senior high school students will receive a conference T-shirt, a sack lunch with Cal Poly students, and all conference materials.
