**CU sponsored ‘fun’ weekend starts**

All College Union Weekend, filled with activities for students and faculty members, sponsored by College Union, will be held today and tomorrow.

The weekend will feature films, gamling, races, an outing, and a combined stamp and show with music provided by "The Bling Bags" Friday, April 7.

7 & 10 p.m., C.U. Fine Arts Committee will present "A Night at Bergman's "Wild Strawberries.""

The renowned film of 1956's seen a skillful flashback technique and reveals an old dying life before he is to receive a honorary degree from his old school. The film will be shown at the Grand Page at the Berlin Film Festival.

Also shown will be a short film titled "Wild Grass." The film by Norman McLaren is experimental, and was made by directly on black emulsion to be offered in a series of animated films on the film. The film will be shown in the Little Theater, Peninsula in San Luis Obispo.

8-11:30 p.m., C.U. Special Events Committee will present Las Vegas Night. Faculty and staff members will run such gamblings as blackjack, poker, punch and roulette. The popular marquee and dance booths will also be featured, and refreshments will be sold.

Las Vegas Night will be held in the Student Dining Hall. Admission is 75 cents.

A special notice to the staff on Monday, April 3.

1 p.m., C.U. Special Events Committee will sponsor a bicycle race that will take off from the stockade to the Administration Building. Rules for the race are available at the T.C.U. office. The race will begin at 2 p.m. and run on campus only, and 1.2 miles in the actual race.

The race will begin in front of the Administration Building and the entry fee will be 50 cents.

10 a.m. - 8 p.m., C.U. Outings Committee will sponsor an outing to Monterey, Pt. Lobos, and Carmel. Those wishing to go on the 290 mile outing may sign up (continued on page 2).

**Pillsbury’s top winner**

Julie Erickson, notable Home Economics major, has been named the 1966 Pillsbury Award winner.

The Raina, Calif. rod was selected from Holstein at the state finals, including home economics majors from the University of California, the University of Southern California, Portland State College, and Oregon State University.

The award consists of a year’s employment, with the Pillsbury Department as the company’s Minneapolis head- quarters.

Following her year’s tenure, she will be offered a $2500 scholarship for attendance at the University of Minnesota.

Also, as winner, Miss Erickson received a $500 cash prize.

**ASl retirement program studies**

A Mobile Radiotrace Laboratory from the Oak Ridge Institute of Nuclear Studies will be on campus until April 9.

Members of the faculty and advanced science students will take part in activities including series of laboratory experiments and lectures during the laboratory’s two-week stay.

According to the mobile laboratory will be Dr. Keith J. Schnie, Co-Site Director of Colorado State University.

Members of the Oak Ridge staff, who will be lecturers during the lab’s visit.

Both are expected to include such subjects as radiation detection, instrumentation, nuclear theory, radiology safety, and principles and practice of a wide variety of radiotrace applications to chemistry, physics and biology in their presentations.

The laboratory work and demonstrations during the visit will deal with gamma ray counting and spectrometers, different radiological separation techniques, and biological studies.

Lectures open to the public will take place in E-23 each day, with a day’s beginning at 7:30 a.m. as open houses will also be held in the mobile laboratory, which will be located adjacent to the Sci. Bld. on north Poly Vally.

There are 17 faculty sponsors from various departments of Poly, and each will work on a specific project during the laboratory’s stay.

**Good Friday is a holiday**

"Both students and faculty brought about this year’s Good Friday academic holiday, April 7,' said Donald McCaleb, public relations coordinator.

Last year discussions occurred because classes were scheduled for the entire day. Afternoon classes were cancelled at the last minute by President McPhee.

This year because of that discussion, McCaleb’s office released special news earlier than staff on Mar. 26 declaring Good Friday an academic holiday. The announced calendar changes received before the usual promotion from College State Colleges Chancellor Joseph C. Bland, state officials.

The academic holiday will limit the students and faculty in the operations. Some administrative jobs are not subject to the holiday.

"It would be really good," McCaleb said. "This is the only day we have off that is on the pre-arranged calendar."

Known that has not been received as yet this year.

A Mobile Radiotrace Laboratory from the Oak Ridge Institute of Nuclear Studies will be on campus until April 9.

Members of the faculty and advanced science students will take part in activities including series of laboratory experiments and lectures during the laboratory’s two-week stay.

According to the mobile laboratory will be Dr. Keith J. Schnie, Co-Site Director of Colorado State University.

Members of the Oak Ridge staff, who will be lecturers during the lab’s visit.

Both are expected to include such subjects as radiation detection, instrumentation, nuclear theory, radiology safety, and principles and practice of a wide variety of radiotrace applications to chemistry, physics and biology in their presentations.

The laboratory work and demonstrations during the visit will deal with gamma ray counting and spectrometers, different radiological separation techniques, and biological studies.

The Rising Sons • The talented vocal trio musical group will be featured soon on campus. The Rising Sons are sponsored by the College Union Assemblies Committee and they will appear on campus on Sat., April 2 at a store and show from 8:30 to 12:30 p.m. Tickets will be $1.25 per person or $2.00 per couple.

The “Rising Sons” is a six-member band from Los Angeles. Direct from the L.A. “strip,” and the Jethro Caven Blow, this group will provide music for a combined storm and show. This will be held in the Men’s Gym and admission will be $2.00 per person and $3.00 per couple.

Mens Glee, Collegians complete successful tour

The Men’s Glee Club and the Collegians met with enthusiastic response wherever they went on the 25th Cal Poly Music Tour, according to H. C. Davidson, director.

The tour got off to a good start by receiving standing ovations at the first two performances at Downey High School in Downey, March 21 to the 25th. The tour included nearly 1000 student musicians from Los Angeles, Orange, San Bernardino, and Woodland counties.

Racers have busy weekend

Two members of Ford Divi- sion National Championship Council turned in impressive showings this past weekend at the Radial Raceway in Kansas City. Allen Overman of the Ford team and Richard Dyer of the American Eagle team were the big winners, with Dyer taking the $5,000 top prize in the $3,500 class.

The Radial Raceway is a new track located in Kansas City, and it was the first time that the Ford team had competed there. Overman and Dyer both finished in the top ten, with Overman finishing third and Dyer finishing fifth.

High school students to vie in Poly Royal contest

High school students throughout California have been invited to participate in the annual Poly Royal Mathematics Competition. The contest is open to all high school students in California, and it is sponsored by the Mathematics Department of California State Polytechnic University.

Students are required to complete a written examination, which is open only to high school seniors, and the top performers will be announced in the spring.

Mathematics students at Poly Royal are excited about the upcoming contest. The contest is open only to high school seniors, and it is sponsored by the Mathematics Department of California State Polytechnic University.

Students are required to complete a written examination, which is open only to high school seniors, and the top performers will be announced in the spring.

Army gets asst. manager

I am faced with the problem of finding a new assistant manager to work in the store. I have already interviewed several candidates, and I am currently reviewing their qualifications.

I am looking for someone who is experienced in retail management and has a strong background in customer service. The candidate should be able to work well under pressure and have excellent communication skills.

I will consider applicants with experience in the retail industry or related fields. If you are interested, please submit your application and resume to the following address:
