*Jane Lehr, Ethnic Studies/Women’s and Gender Studies (12 years at Cal Poly) Tenured*
Since 2013, I have worked to increase access to inclusive and equitable undergraduate research experiences on this campus (primarily via my position as LSAMP Director and CSU STEM VISTA AmeriCorps supervisor). I also regularly serve as a mentor for tenure-track faculty in grant development and submission, and was the campus nominee to be trained at the CSU level in how to do this more effectively in Winter/Spring 2018. I serve as a panelist for the NSF where I am asked to review proposals utilizing quantitative and qualitative methodologies. While not a humanities scholar, I have knowledge related to and experiences working with students and faculty utilizing a wide variety of disciplinary approaches, including those in humanities areas (which is important for the CLA representative). I am eager to support efforts to continue to grow on- and off-campus supports for research at Cal Poly, particularly those programs that integrate undergraduate students as active doers and knowers.

  Lately I have been involved in the governance of an innovation and excellence center in Europe, uniting the efforts of many industries, i.e., artificial intelligence, IT, design and construction, etc. Currently I am chairing a group called "Digitalization and innovations in the structural design and construction", which unites many different entities from the construction business. The center is directly related to the education and establishes the important connections between business and academic institutions.

ATHLETICS ADVISORY BOARD – 1 vacancy: (2019-2022)
  Adam Bordeman, Accounting (4 years at Cal Poly) Tenure Track
  I am expressing my interest in serving on the Athletics Advisory Board. As an assistant professor of accounting on OCOB, I believe I can contribute to the shared goal of a robust and sustainable athletics program. With my background I am versed in financial planning, with a long term focus. I have also worked within my own area on developing strategy alongside stakeholders both internal and external. Further, I value the goal of equal opportunity for all our athletes. Finally, I am committed to the academic excellence of our students. They represent Cal Poly as both students and athletes. Their athletic endeavors require significant commitment and sacrifice and the advisory board can help maintain policies and procedures to ensure they do not fall behind academically. I look forward to the opportunity to help these members of our community achieve success both on and off the field of play.

FACULTY ADVISORY COMMITTEE ON LIBRARY – 1 vacancy: (2019-2021)
  John Sharpe, Physics (22 years at Cal Poly) Tenured
  I would like to serve on this committee because I am interested in helping the faculty and students take advantage of the resources the library provides.

Questions I would like to address:
1) What now is the role of the library in research given that a huge quantity of high-quality information is freely available on the web? As an example, when our library stopped taking the latest APS journals a few years back I thought there would be an outcry from the Physics Dept. But there wasn’t a peep and my department’s research has never been more vigorous. Clearly, needed materials are available at external author’s websites and at sites like arXive. Yet the library still does subscribe to journals. Which ones are chosen? And why?
2) Is there a role for the library to play in my student’s careers, apart from providing study space? I used to be able to get students to go to the library and look at books related to what we were studying. That does not happen anymore. Again, the web has taken up a lot of that role and I think the students are missing out on formal presentations of material in favor of informational snippets. I do it myself.
3) Since the library does have resources in terms of expertise, staffing, and space, how best can these resources be deployed?

4) As I search our library catalog for books, I am dismayed by how many texts are not held here, but instead at other CSU libraries. Of course, one can get the book through ILL but that is slow and the book needs to be returned quite quickly. Is there any way of accessing digital versions – even scanned versions?

Ashley McDonald, Chemistry (8 years at Cal Poly) Tenured

I understand that in November the academic senate passed a resolution to expand GWR courses across the curriculum. I believe this is a needed and necessary change to help students fulfill the GWR. I teach a writing intensive class in the Department of Chemistry and Biochemistry, and I know there are other courses in many colleges which could also meet the GWR. I have also participated in writing programming on campus; last fall I gave a presentation in a writing workshop sponsored by the CTLT about Calibrated Peer Review.

STUDENT HEALTH ADVISORY COMMITTEE – 1 vacancy: (2019-2020)

SUBSTANCE USE AND ABUSE ADVISORY COMMITTEE – 1 vacancy: (2019-2021)

Candace Winestead, Biological Sciences (13 years at Cal Poly) Tenured

I do program evaluation and grant writing for the syringe exchange and overdose prevention program in SLO. My students perform research projects on site, and we present our results at local, national and international conferences, such as the Harm Reduction Coalition meeting, the Society for Applied Anthropology meetings (most recently) I am a member of the Opioid Safety Coalition, and a County Health Commissioner. I am a harm reduction advocate, and I can provide local community context to the opioid overdose crisis and it's impacts.

STUDENT HEALTH ADVISORY COMMITTEE – 1 vacancy: (2019-2020)
WHEREAS, Chick-Fil-A and its Foundation have a history of donations to anti-LGBTQ organizations; and

WHEREAS, These donations represent direct evidence of a worldview highly inconsistent with our values of diversity and inclusivity at Cal Poly; and

WHEREAS, The presence of Chick-Fil-A on campus negatively impacts campus climate for many students, faculty, and staff; and therefore be it

RESOLVED: That the Academic Senate urges Cal Poly and Cal Poly Corporation to sever ties with Chick-Fil-A and terminate the contract with the on-campus franchise; and be it further

RESOLVED: Cal Poly and Cal Poly Corporation be mindful of the practices and donation patterns of its business partners and that said partners are held to the same high diversity and inclusion standards of as the rest of the campus community.

RESOLUTION ON FACULTY TITLE IX TRAINING

WHEREAS, Faculty and staff who are made aware of sexual misconduct are required to report the incident to Cal Poly's Title IX Coordinator;

WHEREAS, Recent state case law has changed the Title IX procedures from the Chancellor's Office (http://www.calstate.edu/eo/EO-1096-rev-3-29-19.pdf; http://www.calstate.edu/eo/EO-1097-rev-3-29-19.pdf; http://www.calstate.edu/eo/EO-1098-rev-3-29-19.pdf) and the impact they have on Cal Poly students;

WHEREAS, Proposed revisions to Title IX at the federal level could shift both faculty reporting and student experience with investigations;

WHEREAS, The required “Supervisor: Anti-Harassment, Discrimination, Retaliation (CA-13-H)” online training module does not reflect these shifts to policy and procedure, discuss larger Title IX issues at Cal Poly, or offer guidance on best practices for faculty to support students who are undergoing Title IX investigations;

WHEREAS, Incidents of sexual assault and misconduct are known to be significantly underreported, and in light of recent mandates, there has been a freezing effect on students’ willingness to report such cases; therefore, be it

RESOLVED: That the Academic Senate recommends that all faculty members undergo Title IX Refresher Training to understand their responsibilities and opportunities for supporting students; and be it further

RESOLVED: That the Academic Senate recommends that Cal Poly support Title IX training offerings designed and facilitated collaboratively by the Department of Women’s and Gender Studies, the Title IX Office, SAFER, and the Center for Teaching, Learning & Technology; and be it further

RESOLVED: That the Academic Senate recommends that Cal Poly establish incentives to encourage faculty and staff who interact significantly with students to participate in updated Title IX training.

WHEREAS, The President’s Advisory Council for Planning, Process, and Budget was established by President Armstrong to obtain feedback from representatives of the campus community regarding budget and planning issues; and

WHEREAS, The President’s Advisory Council for Planning, Process, and Budget was established by President Armstrong to obtain feedback from representatives of the campus community regarding budget and planning issues; and

WHEREAS, The Academic Senate would prefer to have faculty representatives on the President’s Advisory Council that have an understanding of the budgetary and planning process of the University; and

WHEREAS, Since the Budget and Long-Range Planning Committee has the defined responsibility of reviewing “matters related to the allocation of budgeted resources and representation on bodies formed to review the mechanisms by which campuswide resource allocations are made,” members of the Budget and Long-Range Planning committee have a unique knowledgebase of the budget and planning process for the campus”; and

WHEREAS, The Budget and Long-Range Planning committee believes it is important and beneficial to have representation on the President’s Advisory Council; therefore, be it

RESOLVED: That the Academic Senate Chair designates that the Chair of the Budget and Long-Range Planning Committee or the individual’s designee from the Committee will always be one of three faculty choices for representing the faculty on the President’s Advisory Council for Planning, Process, and Budget; be it further

RESOLVED: If for any reason that an individual from the Budget and Long-Range Planning Committee cannot represent the faculty, then the Academic Senate Chair will designate one of the three faculty representatives on the President’s Advisory Council as an ex officio member of the Budget and Long-Range Planning Committee who will provide reports back to the Committee.

WHEREAS, Coded memorandum AA-2012-01 establishes policies pertaining to CSU graduate degree programs offering simultaneous matriculation of Blended Bachelor's and Master's degree programs; and

WHEREAS, AA-2012-01 provides that issues not addressed in the memorandum shall be determined at the campus level; and

WHEREAS, The purpose of the blended program (AA-2012-01) is to provide an accelerated pathway from a bachelor's to a master's degree and to enhance the undergraduate learning experience; and

WHEREAS, AS-860-19 states that “All Cal Poly undergraduate students shall complete a senior project as part of their baccalaureate degree program requirements”, and that “As a bridge from college to career/postgraduate success, the senior project at Cal Poly is a capstone experience with achievable outcomes that culminates in a self-directed final production or product carried out under faculty direction”; and

WHEREAS, Under Title V, a minimum of 225 total units are required (Bachelor's 180 + Master's 45) for receiving a combined (blended) degree; therefore be it

RESOLVED, That the Academic Senate approve the attached Policy on Blended Programs

Proposed by: Academic Senate Curriculum Committee
Date: April 23, 2019
POLICY ON BLENDED PROGRAMS

ADMISSION to BLENDED PROGRAM

Students may be admitted to a blended program in their third or fourth year of undergraduate study. Admission recommendation is determined at the program level with final approval from the Dean of Graduate Education. The student must submit an Admission to Blended Program Approval form. The specific requirements for admission are set by the program with approval by the Graduate Education Office and Office of the Registrar. Once accepted, students may take graduate-level courses towards master's degree requirements, as their schedules permit, provided they have met the course prerequisites.

TRANSITION to GRADUATE STANDING

Students admitted to the blended program will maintain their undergraduate status until they have reached a minimum of 180 degree applicable units. By the end of the first academic term in which the student has earned the number of units required for their bachelor's degree, the student must file a post-baccalaureate change of degree objective (PBCO) form. Once the form is processed, the student will transition to graduate status and incur the appropriate increase in tuition fees.

Students must have graduate standing for a minimum of two quarters before degree completion.

DOUBLE COUNTING UNITS

A student may apply any units that are in excess of the 180 undergraduate degree minimum requirements towards both their undergraduate and graduate degree requirements, up to a maximum of 9 units (double counted units).

SENIOR PROJECT REQUIREMENTS

Students in a blended program must complete all undergraduate requirements, including senior project requirements as detailed in the Cal Poly Catalog, along with the culminating experience required by the individual graduate program. In cases where the graduate culminating experience is a thesis or project, a student can align the objectives for this culminating experience with those of their senior project. The graduate thesis or project and the senior project must have separate course numbers, each with their own learning objectives and final deliverables.
MEMORANDUM

TO: Provosts/Vice Presidents, Academic Affairs

FROM: Ephraim P. Smith
Executive Vice Chancellor and Chief Academic Officer

SUBJECT: “Blended” or “4 + 1” Bachelor’s and Master’s Degree Programs

This coded memorandum establishes systemwide minimum processes and policies pertaining to CSU undergraduate and graduate degree programs offered to students through simultaneous matriculation. Combinations that blend degree and credential programs are excluded, and issues not addressed in this memorandum shall be determined at the campus level.

Campuses are not required to offer blended programs, and the standards included herein are minimum requirements. Campuses wishing to offer blended bachelor’s and master’s programs will need to be aware that timely coordination is required between the academic department and the campus registrar’s office to ensure accurate recording of the student’s transition from undergraduate to graduate status. This will have direct consequences for student fee assessment and financial aid eligibility, as types of aid and award amounts may vary according to the student’s official academic objective. Appropriate state funding to the campus will also depend on accurate recording of student transition in blended programs.

1. Authorization to Implement Blended Programs
   The president or designee is authorized to implement programs blending existing baccalaureate and master’s degree programs in the same support mode and for the purposes of providing an accelerated pathway to a master’s degree, and to enhance the undergraduate learning experience. Campuses shall establish, monitor, and maintain appropriate academic rigor and quality.
1.1 Authority to grant postbaccalaureate and graduate special-action admission is provided under Title 5 section 41001:

An applicant who does not qualify for admission under the provisions of subdivisions (a) or (b), or both such subdivisions, of Section 41000, may be admitted by special action if on the basis of acceptable evidence the applicant is judged by appropriate campus authority to possess sufficient academic, professional and other potential pertinent to the applicant's educational objectives to merit such action.

1.2 Blended programs must meet all applicable CSU policies and state and federal laws.

2. Reporting

2.1 Blended bachelor’s and master’s degree programs will continue to use the existing CSU degree program codes (formerly “HEGIS”) and Classification of Instructional Programs (CIP) codes for their component undergraduate and graduate degree programs. Unlike concurrent degree programs, new CSU degree codes will not be assigned for the blended bachelor's and master’s programs.

2.2 To ensure that enrollments are reported accurately, the campus is required to notify Academic Programs and Policy in the Chancellor’s Office, signaling an intention to implement the planned blended program. The resultant Chancellor’s Office software edits will allow accurate reporting in the CSU Enrollment Reporting System (ERS), without receiving an “error” message.

2.3 While students in regular, non-blended, baccalaureate and graduate programs have a degree objective code that ranges from digits “2” to “7,” students in blended programs have only the digit “9” as their degree objective code.

2.4 When a blended-program student has earned at least 120 semester/180 quarter units toward program completion, the campus will change the student level code to “5,” signifying graduate standing. As these students have yet to attain either a baccalaureate or master’s degree, their degree held code will remain as either “0” or “1.” The term FTE calculation for these students will be: 12 units equals one FTES.

3. Application to Blended Programs

3.1 A student must apply to the blended program while in undergraduate status and will be admitted as an undergraduate to the bachelor’s component of the blended program.

3.2 Students shall not be required to apply formally for graduate admission.
4. Enrollment and Enrollment Status

4.1 While in undergraduate status, a student in a blended program will take graduate-level courses required for the master’s degree.

4.2 At the end of the first academic term in which blended-program students have earned at least 120 semester/180 quarter units (the minimum required for the regular baccalaureate major degree program), the campus will change the student-level codes to “5,” signifying graduate degree objective status.

4.3 Units considered toward meeting this degree-objective status threshold may include either undergraduate or graduate, and shall include only those units that count toward satisfying either the bachelor’s or master’s requirements in the blended program.

4.4 To ensure proper awarding of degree credit, all lower-division work (including lower-division general education courses and American Institutions courses) shall be completed prior to changing to graduate degree objective status.

5. International (F-1 Visa Holder) Students

A letter must be submitted to the appropriate office on campus to indicate the change of degree status for international students. This requirement is related to the students’ need to maintain full-time status, as the number of units required for full-time status is different at the undergraduate level and graduate level.

6. Tuition Fees

6.1 A student will be assessed the undergraduate State University Tuition Fee only during the time in which the blended-program student has earned fewer than 120 semester/180 quarter units applicable to the blended bachelor’s and master’s degree programs.

6.2 When the degree-objective status is changed to “graduate,” the student will be assessed the graduate student fee, and may continue to take upper-division undergraduate courses.

6.3 Students in a master’s degree program that has been authorized to assess the higher graduate professional degree (“MBA Fee”) will only be charged that tuition fee for courses required to complete the fee-approved master’s degree program.

7. Minimum Requirements for Completion of Blended Programs

A minimum of 150 semester units (120 + 30) or 225 quarter units (BS 180 + MS 45) are required in blended programs.
8. **Provision for Completing the Baccalaureate Portion Only**

If a student in a blended program opts not to complete the master’s program but does complete the undergraduate degree requirements, undergraduate matriculation shall be re-opened in order to grant the baccalaureate degree. There shall be no related cost to the student nor refund of previous graduate fees paid.

9. **Awarding of Degrees**

Both degrees may be awarded during the same term and at a single graduation ceremony, as authorized by Executive Order 971 (http://www.calstate.edu/EO/EO-971.html). Students are evaluated for Latin honors based on the first 120 semester units or 180 quarter units (i.e. the time period of undergraduate degree objective), regardless of the number of graduate courses taken prior to the transition to graduate status.

Campus Advisory Council for Planning, Process and Budget

Introduction / Background

In order to be more transparent and enhance shared governance and our shared mission, President Armstrong and the leadership team, in consultation with the Academic Senate, ASI, CFA and the Labor Council, are forming an Advisory Council for Planning, Process and Budgeting. The Council will be asked to give their informed advice, make suggestions, and highlight issues and concerns the President and Vice Presidents will take into consideration before making decisions on major principles, policies, issues and initiatives. Individual members of the Council may also bring topics to the group.

Council Appointments

Each academic year the Advisory Council to the President for Planning, Process and Budgeting will be appointed by the President. Most appointees serve for two years, with some 1-year terms in the beginning to stagger terms. Those serving as a result of their position (ASI President, Senate Chair, etc.) serve one-year terms. A subset of the Council will be appointed by the President to serve on an Executive Committee.

Proposed members include four representatives each for faculty (including lecturers), staff and students, as follows:

- ASI President (Executive Committee)
- ASI Chair of Board of Directors
- Two additional students nominated by the ASI President and appointed by the President
- Academic Senate Chair (Executive Committee)
- CFA President
- Two additional faculty members nominated by the Academic Senate Executive Committee and appointed by the President
- Labor Council Representative
- Three additional staff members nominated by the Dean’s Council and divisional vice presidents, and appointed by the President in consultation with the Labor Council Representative and Academic Senate Chair.
Senior members of the administration will attend Council meetings on a regular basis. With Executive Committee approval, other faculty, staff and students may be invited to participate in specific council meetings based on the topic.

**Meetings**

It is anticipated that the Advisory Council will meet two or three times per quarter and additionally as needed. The Executive Committee will be convened as necessary.
