Community college counselors to attend Friday conference

Community college counselors from throughout the state will be at Cal Poly on Friday, Oct. 9 for the annual Cal Poly/Community College Counselor Conference.

This year's theme is "Help Us to Help You." The program, which will run from 8 am to 2:30 pm, will be held in Chumash Auditorium.

Emphasis will be placed on ways the staff at community colleges can work with Cal Poly to ease the transition of community college students when they transfer to the university.

Counselors will have the opportunity to visit two of the seven academic schools to observe students, and meet with faculty in laboratories, studios, and classrooms.

Additional workshops will present information on admissions procedures and student services. Counselors will also be able to hear from some of their former community college students (who are current Cal Poly students) about their transfer experiences.

The conference is being organized by Relations with Schools, and POLY REPS, a student organization. For additional information, please contact the Relations with Schools Office at ext. 2792.
