Ashraf Tubeileh, Plant Sciences (7 years at Cal Poly) Tenured
I have joined Cal Poly in 2015, and I am currently teaching a GE class (PLSC 315). I am really interested in serving on this committee because I want to have a say in the focus of GE classes given that I teach one. GE classes are possibly the classes that are taken by most students, so the content taught in those classes is crucial for our educational mission and goals. Making sure values of respect, inclusivity and diversity are of utmost importance to me.

Leyla Cabugos, Library (2 years at Cal Poly) Tenure Track
As librarian for the College of Agriculture, Food, and Environmental Sciences, I offer
instruction to help students develop information literacy, one of five core competencies
assessed at Cal Poly. I am interested in supporting and assessing this competency
beyond direct librarian engagement with students. I strive to ground my instructional
practice in the scholarship of teaching and learning, and have a keen interest in efforts
to share practices and resources for the integration of meaningful assessment into the
learning process.

RESOLUTION ON GRADUATE CURRICULUM FOR SEMESTER CONVERSION

Impact on Existing Policy: Supercedes AS-825-17, amends AS 877-19 (blended programs, section on unit total and double-counting)¹

WHEREAS, The Chancellor’s Office has mandated that Cal Poly convert to semesters by fall of 2026; and

WHEREAS, Conversion to semesters requires that all academic policies be reviewed and revised as appropriate; and

WHEREAS, AS 825-17 specifies the required percentage of graduate level courses in a master’s program; and

WHEREAS, AS 877-19 provides Cal Poly policy on blended programs; there be it

RESOLVED: that the general guidelines for graduate curriculum at Cal Poly in the attached policy shall be adopted.

Proposed by: Academic Senate Curriculum Committee
Date: January 31, 2023

¹ (1) Describe how this resolution impacts existing policy on educational matters that affect the faculty. Examples include curricula, academic personnel policies, and academic standards.
(2) Indicate if this resolution supersedes or rescinds current resolutions.
(3) If there is no impact on existing policy, please indicate NONE.
General Policies on Graduate Curriculum for Semesters (Master's Degree Programs, and Specializations)

1. Number of Units Required in a Master's Degree Program
   a. A minimum of 30 semester units of approved graduate work (Title 5 § 40510).
   b. Not less than 21 semester units shall be completed in residence. The appropriate campus authority may authorize the substitution of credit earned by alternate means for a part of this residence requirement. (Title 5 § 40510).
   c. No fewer than 60% of the units required for the degree shall be in courses organized primarily for graduate students (5000 level).
   d. Certain 4000-series courses may be completed by the graduate student as part of the degree program when this is consistent with university requirements, departmental master's degree specifications, and the candidate's formal program of study.
   e. Only 4000- and 5000-level courses are allowed in an approved graduate plan of study.
   f. In those programs where specific courses below the 4000-level may be essential for a student's success, the student may be conditionally accepted to the program contingent upon completing those courses.
   g. Courses below the 4000-level may not constitute any part of the approved units in the plan of graduate study.

2. Culminating Experience
   a. The culminating experience for the granting of a graduate degree is the successful completion of a thesis, project or comprehensive examination (Title 5 § 40510).
      i. Thesis
         1. A thesis is the written product of a systematic study of a significant problem. It identifies the problem, states the major assumptions, explains the significance of the undertaking, sets forth the sources for and methods of gathering information, analyzes the data, and offers a conclusion or recommendation.
         2. The finished product evidences originality, critical and independent thinking, appropriate organization and format, and thorough documentation.
         3. Normally, an oral defense of the thesis is required.
      ii. Project
         1. A project is a significant undertaking appropriate to the fine and applied arts or to professional fields.
         2. It evidences originality and independent thinking, appropriate form and organization, and a rationale.
         3. It is described and summarized in a written report that includes the project's significance, objectives, methodology, and a conclusion or recommendation.
4. An oral defense of the project may be required.

iii. Comprehensive Examination
1. A comprehensive examination is one of the possible culminating experiences for the master's degree and assesses the student's ability to integrate knowledge, show critical and independent thinking, and demonstrate mastery of the subject matter.
2. The results of the examination should show independent thinking, appropriate organization, critical analysis and accuracy of documentation.
3. A record of the examination questions and responses is maintained.

3. Course Unit Limitations (Title 5 § 40510)
a. No more than six semester units shall be in student teaching.
b. No more than six semester units shall be allowed for a thesis or project. (Title 5, Section 40510)

4. Time Limit for Degree
a. The time allowed to complete coursework in the formal study plan, including thesis and project courses, is seven years. (Title 5 § 40510)

5. Specializations
a. Specializations are defined as an aggregate of courses within a graduate degree program designed to give a student specialized knowledge, competence, or skill.
b. A specialization will include at least 8 semester units from specified courses, course lists, or course categories of 4000- or 5000-level coursework distinct from the major core, but will be less than 50% of the total units in the major.
c. Courses in the specialization will be listed separately from the major program core on the curriculum sheet.
d. Completion of a specialization will be noted on the graduate student's transcript and will be shown on the diploma.
e. In order to ensure accurate reporting of enrollments and degrees granted, the major program core must have more required units than the number required in the specialization. Thus, specializations need to constitute less than 50% of the major curriculum. Conversely, the core must constitute more than 50% of the major curriculum. (ASA-2017-02)
6. **Blended Programs (AS 877-19)**
   a. Blended programs award a bachelor's degree and a master's degree at the same time. The purpose of the blended program (AA-2012-01) is to provide an accelerated pathway from a bachelor's to a master's degree and to enhance the undergraduate learning experience.
   b. Up to 12 semester units **may at the program's discretion** be double counted for both the Bachelor's degree and the Master's degree so that the total number of units may be 138 semester units (Title 5 § 40510), provided that
      i. none of the required graduate classes is replaced by an undergraduate class, and
      ii. the graduate classes that are also counted toward the Bachelor's degree either assume the more rudimentary knowledge taught at the undergraduate level or cover the content of the undergraduate courses that they replace.
   c. Other policies regarding blended programs are specified in AS 877-19
RESOLUTION ON THE GENERAL FACULTY STATUS OF PART TIME LECTURERS

Impact on Existing Policy: None

WHEREAS, members of the General Faculty as defined in our Constitution are allowed to vote for who represents them in the Academic Senate; and

WHEREAS, the Constitution of the Academic Senate defines “(5) lecturers holding full-time appointments of at least one year in one or more academic departments, units, or programs; or (6) lecturers with a current assignment of 15 WTUs for at least three consecutive quarters” as members of the General Faculty but not part time faculty members with less than 45 WTUs per year and as such our part time lecturer faculty members cannot vote for who represents them in the Academic Senate; and

WHEREAS, part-time lecturers (some 15% of our FTE faculty) in our Academic Senate are represented by a single representative because they are not members of the General Faculty according to our Constitution; therefore,

RESOLVED: that the Academic Senate sends to the full faculty for a vote in Winter 2023 to change a portion of the Constitution in Article I to read:

“Voting members of the General Faculty of Cal Poly shall consist of those persons who are employed at Cal Poly and belong to at least one of the following entities: (1) full-time academic employees holding faculty rank whose principal duty is within an academic department, unit, or program; (2) faculty members in the Pre-Retirement Reduction in Time Base Program; (3) full-time probationary and/or permanent employees in Professional Consultative Services as defined in Article III.1.b of this constitution; (4) full-time coaches holding a current faculty appointment of at least one year; (5) lecturers holding full-time appointments of at least one year in one or more academic departments, units, or programs;
or (6) part-time lecturers with a 12.12 entitlement or a 12.3 entitlement of at least 12 semester (or equivalent) units in total for the academic year 15 WTUs for at least three consecutive quarters.”
