Expert on world hunger to speak on May 20

Frances Moore Lappe, author of the best-selling classic, "Diet for a Small Planet," and co-founder of the Institute for Food and Development Policy, will speak at 7:30 pm, Monday, May 20, in the Cal Poly Theatre.

Her first book, "Diet for a Small Planet," has sold over two million copies since being published in 1971 and has been translated into French, German, Swedish, Japanese, and Spanish. In it she explored the meat-centered diet, typical of the United States, and exposed its economic, social, and political impact on world food production.

In 1975 she co-founded the Institute for Food and Development Policy, a not-for-profit public education and documentaion center with a staff of 20. In the nine years since its founding, the institute has become internationally recognized for addressing the political and economic roots of world hunger and demonstrating how ordinary citizens can effectively help to end hunger.

Lappe is a prolific writer and has authored or co-authored over 10 books in the past 15 years. In addition, her articles have appeared in such diverse publications as Harper's Magazine, The Nation, Chemistry, Journal of Nutrition Education, Reader's Digest, New York Times, and Christian Science Monitor.

Tickets for Lappe's presentation are \$2.50 for children and students and \$3.50 for all others, and will be available at the door.

The program is sponsored by Speaker's Forum, a committee of Cal Poly's ASI.

L.A. planning director to talk about his city's future

Los Angeles in the 21st century will be discussed at Cal Poly today (May 16) by the man in charge of planning that future.

Los Angeles Planning Director Calvin Hamilton will also talk about issues such as Metrorail and downtown revitalization that face the metropolis today.

His illustrated lecture is to begin at 8 pm in the ground-floor Gallery of the Architecture and Environmental Design Building, and the public is invited. A \$1 donation will be requested at the door.

Hamilton has been Los Angeles' chief planner for 21 years. As such, he directs a staff of more than 200 planners, architects, and landscape architects and handles an enormous variety of environmental design issues.

Hamilton's lecture is sponsored by the City and Regional Planning and Landscape Architecture departments.

Anthropologist will discuss rural life in China

The first Western social scientist to carry out a full-scale study of a Chinese village since the revolution (35 years ago) will speak at 8 pm, on Thursday, May 23, in Chumash Auditorium.

Steven Mosher, author of the best-selling book, "Broken Earth: The Rural Chinese," will speak on peasant life in modern China, the move from Mao's communal way of life to the family farm, China's one-child per family program and how it is carried out, and the position of women in village life.

He will also discuss the controversy surrounding his expulsion from the doctoral program at Stanford University. His lecture will include slides taken during his studies.

Tickets for his lecture are \$2 for students and senior citizens and \$3 for all others. They can be purchased at the UU ticket office or at the door. Mosher's appearance is a presentation of the Speakers Forum of the ASI.

On-line catalog at library explained

Poly Cat, the on-line catalog for the collection at the Kennedy Library, will be explained at two workshops on Tuesday (May 21) and Thursday (May 23).

Faculty and staff are invited to learn how to use the on-line catalog system to find periodicals and books. The system provides call number information, holdings, and whether or not a book is checked out or on the shelf.

Workshops will be held in Room 202 of the Library, and participants will have an opportunity to use computer terminals. In addition, the rules for searching for periodicals by title and books by title and author will be explained.

The Tuesday program is at noon, and the Thursday workshop is at 11 am.

Photography exhibit set for Library

"A Thousand Words," a photography exhibit, will be on display at the Kennedy Library beginning Monday, May 20.

An opening reception will be held on Monday from 7 to 9 pm and the general public is welcome. The exhibit has been prepared by the photography option of the Art Department.

Photography students in Art 400 have produced the photographs including exposure, processing, printing, mounting and framing.

The juniors and seniors have produced both color and black and white images. The students have also prepared the linen covered panels, hung the exhibit, arranged the reception, and worked with the Ornamental Horticulture Department for floral arrangements at the opening.

Photography students exhibiting prints include: Jenann Alhadad, David Diehl, Dale Ginder, Peggy Grueneberg, Mary Fullwood, Ron Roumas, Cristy Van Berkum, and Rita Wagner.

The Library and the Art Department have entered into an agreement to establish a Photography Gallery on the first floor of the Library. Photography option faculty will be responsible for quarterly rotating exhibits by students enrolled in the photography courses offered by the Art Department.

Helen Kelley of the Art Department and Lynn Gamble of the Library are coordinators of the exhibit space.

Foundation Board meeting

The next regularly scheduled meeting of the Foundation Board of Directors will be Friday, May 24, at 9 am in Admin. 409. This is a public meeting. For further information about the meeting agenda, contact Al Amaral (executive director, Cal Poly Foundation) in Fisher Science 290 or call ext. 1131.

Who, What, When, Where?

Lynn Jamieson, *Physical Education and Recreation Administration*, has become president of the Commercial Recreation section for the California Park and Recreation Society. She also serves as Pacific Service Regional Representative of the National Recreation and Park Association.

Earl Huff, *Political Science*, was a panelist for a roundtable on "Approaches to Teaching" at the recent meetings of the Western Political Science Association in Las Vegas.

Dianne Long, *Political Science*, was a panelist on a roundtable, "Funding and Publishing Research," at the recent meetings of the Western Political Science Association in Las Vegas.

Steve Angle, *Ornamental Horticulture*, served as a member of an accreditation team for Dakota County Area, Vocational Technical Institute, Rosemont, Minn. He also serves as an educator representative on the National Curriculum Committee of the American Landscape Contractors' Assn.

Elaine Pederson, *Home Economics*, has had a research abstract, "Comfort, Clothing, and Rural Families Energy Practices: A Qualitative Approach," published in the ACPTC Newsletter.

Robert Hoover, *Social Sciences*, presented a paper, "World Systems Theory: A Model for Historical Archaeology," at the Society for California Archaeology annual meetings in San Diego. He was also selected to participate in the drafting of a State Historical Preservation Plan by the State Historic Preservation officer.

New employees, transfers and promotions

Jan Pieper, director of personnel and employee relations, announces the following appointments to new positions, transfers, and promotions to the support staff. A hearty welcome is extended to the new members of the Cal Poly staff and congratulations to those who have been promoted!

New employees

Gloria Beck	Registered Nurse I, Health Services
Kathryn Bergener	Mail Clerk, Procurement & Support Services
Karen Blum	Registered Nurse I, Health Services
Marlene Cartter	CA III, Microcomputer/Telecommunications
Karen Christian	Registered Nurse I, Health Services
Robert Dighello	Equip. Tech. I, Electronic/Electrical Eng.
David Grant	Computer Operator, Computer Services
Dennis Hill	Instr. Support Tech. III, Dairy Science
Irene McFee	Custodian, Residence Hall Services
Julia Meyer	Registered Nurse I, Health Services
Roy Mitchell	Custodian, Residence Hall Services
Ellen Polinsky	CA III, Disabled Student Services
Ricardo Uc	Computer Operator, Computer Services
Janet Wallravin	CA II, Advisement Center

Promotions

Cathleen Carter	Instructional Support Tech. II, Food Science and Nutrition
-----------------	--

Evening run through campus scheduled for May 23

Night Moves, the second annual "twilight fun run," will be held on Thursday, May 23. The five-kilometer run through Poly Canyon will begin in front of the Physical Education Building at 6:15 pm.

Awards will be made to the top 10 men and women finishers. There will also be prize drawings. Up to the day of the race, the entry fee with a T-shirt is \$6 for students, faculty, and staff with identification cards, and \$7 for all others. The fee without a T-shirt is \$3 and \$5 respectively. Entries on the day of the race will be \$1 more.

People should sign up in person at the Cal Poly Recreational Sports Office, UU 119A between 8 am and 5 pm on weekdays.

Alum Researcher to speak at Cal Poly May 23

Jospeh M. Early, a 1981 Cal Poly graduate, will discuss "The Identification of a Novel Eucaryotic Transcriptional Promoter Element" on Thursday, May 23.

The seminar, at 11 am in Science B05, will be jointly sponsored by the Biological Sciences and Chemistry Departments.

Early earned a biochemistry degree from Cal Poly, and a master's degree in molecular biology at San Diego State. He is currently doing research on the molecular biology of chloroplasts at the University of Arizona, where he is working towards a doctorate.

In addition to discussing his research, Early will be available after the seminar to answer questions about the preparation for graduate studies he received at Cal Poly.

Architecture wind tunnel

Architecture students and faculty have gained an important new tool for the study of interplay between structures and wind, with the dedication of a low-velocity wind tunnel.

The 30-foot-long device was switched on at a ceremony in the outdoor structural testing area located at the west end of the Engineering West Building.

C.C. Potter Jr. of Pasadena, a 1923 graduate in engineering mechanics, donated \$3,000 to the School of Architecture and Environmental Design to enable completion of the \$10,000 project. In recognition of his essential role in its development, the wind tunnel will be named for him.

Little scientific data is available on the currents and drafts created by structures. The wind tunnel will make Cal Poly one of the few schools where such research can be conducted and undergraduates can see graphic demonstrations of the way air moves around and through a building.

The subject is especially important for urban architecture, because unforeseen air currents can render a \$500,000 plaza useless, make it difficult to get through a door, or turn a street into what is commonly (and ironically, in this case) called a wind tunnel. In some cases wind can become a safety hazard.

Two large fans will push air through Cal Poly's chute-like wind tunnel at speeds of 5 to 20 mph. Several filters and other mechanisms will distribute the air flow evenly and make currents parallel as they pass through the device.

Various obstructions will be built on the floor of the six-foot-wide, three-foot-high tunnel to simulate landforms, vegetation, and structures. Smoke generators will color the air so currents are clearly visible.

Jazz Night '85 scheduled for May 31

Music that filled the airwaves 40 years ago when the war in Europe was ending will fill the Cal Poly Theatre Friday, May 31, as the university's Music Department presents Jazz Night '85.

Featuring the University Jazz Band, the evening of reminiscing will begin at 7:30 pm with the showing of cartoons of Betty Boop, the band's mascot, and the concert is at 8 pm.

Under the direction of Graydon Williams, the Jazz Band will play such World War II favorites as "Chelsea Bridge," "Do Nothing Until You Hear From Me," "Take the 'A' Train," and numbers made famous by Count Bassie.

Michael Carney, currently co-director of the Commercial Music/Jazz Program at Cal State Long Beach, will be one of four guests scheduled to take part in Jazz Night '85. He will be featured on the drums, vibes, and steel drums in solos with the University Jazz Band.

Other guests for the concert include the Sticks, Strings and Hot Air Dixieland Band, and vocalist Robin Marks. From San Diego originally, Marks has been living and working in Canada where she sings on the jazz club circuit. She has also performed in concert at Quebec College and was a participant in this year's Festival International de Jazz de Montreal.

A special appearance will be made by the reigning Miss San Luis Obispo County, Sue Menig, who will be appearing in the Miss California Pageant at Santa Cruz in June.

Tickets for Jazz Night '85 are \$4 for the public and \$2 for students. Seating is on a first-come, first-served basis. Tickets are available at the UU Ticket Office and downtown San Luis Obispo at Boo Boo Records and Cheap Thrills. For reservations, call the Cal Poly Theatre at ext. 1421.

Guest artist will present percussion clinic

Michael Carney, guest drummer for Cal Poly's Jazz Night '85 concert and co-director of the Commercial Music/Jazz Program at Cal State Long Beach, will conduct a free percussion clinic on Saturday, June 1, at 10 am in 218 Davidson Music Center.

For information on the clinic, call Graydon Williams of the music faculty at ext. 2179, or the office of the Music Department, which is sponsoring the clinic, ext. 2406.

Dateline

(\$) - Admission Charged

(!) - Admission Free

THURSDAY, MAY 16

Concert: SABIA, a Latin American folk music group, will perform as part of Cinco de Mayo activities. UU Plaza, 11 am. (!)

Speaker: Louis H. Mackey (Univ. of Texas) will discuss "Creation, Decreation, and Deconstruction," as part of the Arts & Humanities Series. UU 220, 11 am. Discussion will continue at 7:30 pm in San Luis Lounge. (!)

Speaker: Los Angeles Planning Director Calvin Hamilton will talk about L.A. in the 21st century. Ground-floor Gallery of the Architecture & Environmental Design Building, 8 pm. Sponsored by the City and Regional Planning and Landscape Architecture departments. (\$)

Play: "The Miser," continuing through Saturday, Theatre, 8 pm. (\$)

SUNDAY, MAY 19

Concert: Spring Band Concert, Chumash, 8 pm. (\$)

MONDAY, MAY 20

Speaker: Frances Moore Lappe (author, "Diet for a Small Planet") will discuss world hunger. Theatre, 7:30 pm. (\$)

TUESDAY, MAY 21

Homestead Project: Help build a log cabin. Meet at the UU Craft Center, 11 am. (!)

Horsepacking: Limited space for horsepacking trip in the Sierras, Memorial weekend. No experience necessary. Details in the Escape Route, UU 112 or call ext. 1287. (\$)

Summer Trips: Trips to Jamaica, Mexican Caribbean or Canada, limited spaces. For details call UU Travel Center, ext. 1127. (\$)

WEDNESDAY, MAY 22

Speaker: Joseph Earley (University of Arizona) will discuss "Transformation in Chloroplasts." Science, Room E28, 3 pm.

THURSDAY, MAY 23

University Club: Sam Vigil (Civil/Envr. Engr.) will discuss "Creative Solutions to the Garbage Problem or What Else Can We Do With It Besides Burying It?" Staff Dining Room, noon. (!)

Twilight Fun Run: Five kilometer run through Poly Canyon beginning in front of the P.E. Building, 6:15 pm. For more information, call ext. 1366. (\$)

Speaker: Steven Mosher, an authority on rural China, will speak at 8 pm, Chumash Auditorium. His lecture will include slides. Mosher's appearance is a presentation of the Speakers Forum. (\$)

FRIDAY, MAY 24

Concert: Pianist Sergei Edelmann will perform. Theatre, 8 pm. (\$)

Position Vacancies

Vacant staff positions at Cal Poly State University and the Cal Poly Foundation are announced in this column and are posted outside the respective offices. Contact those offices (State: Adm. 110, 805-546-2236—Foundation: mobile unit near the Fire Department (805-546-1121) for applications and additional position details. Both Cal Poly and the Foundation are subject to all laws governing affirmative action and equal employment opportunity. All interested persons are encouraged to apply.

State

CLOSING DATE: 5-31-85

Operating Engineer, \$1722-\$1885/month, various shifts. Plant Operations.

CLOSING DATE: 6-14-85

Administrative Operations Analyst II/III (Athletic Business Manager), \$2015-\$2924/month, full time. Athletics.

Foundation

CLOSING DATE: 5-23-85

Catering Sales Supervisor, \$1262-\$1520/month, occasional variable hours. Catering Department.

Candidates for positions on the faculty of the university are presently being sought, according to Jan Pieper, director of personnel and employee relations. Those interested in learning more about the positions are invited to contact the appropriate dean or department head. This University is subject to all laws governing Affirmative Action and equal employment opportunity including but not limited to Executive Order 11246 and Title IX of the Education Amendments Act and the Rehabilitation Act of 1973. All interested persons are encouraged to apply.

CLOSING DATE: 5-30-85

Lecturers (part-time), salary commensurate with qualifications, experience and time base. Art. An eligibility roster of possible part-time faculty is being established for possible vacancies in ceramics, glassblowing, woods, graphic design, metalsmithing, drawing, watercolor, art history, and photography for Summer, Fall, Winter and Spring Quarters 1985-86. Applicants should be qualified in one or more of the discipline areas, possess a master's or M.F.A. degree and must have university teaching experience.

Lecturers (part-time), salary commensurate with qualifications, experience and time base. Food Science and Nutrition. The department is seeking to compile a list of individuals who wish to be considered for possible part-time lecturer positions during the Fall, Winter, Spring or Summer Quarters of the 1985-86

academic year. Duties in Food Science may include teaching undergraduate lecture and/or laboratory sections in fruit/vegetable processing, packaging, or meats. Master's degree in Food or Animal Science required. Teaching and/or industrial experience may be substituted for degree requirements. Duties in Dietetics-Food Administration may include teaching courses in nutrition and supervising internship students and senior research projects. Master's degree in Human Nutrition, Dietetics or related field required. R.D. preferred.

CLOSING DATE: 7-10-85

Lecturer, salary commensurate with qualifications and experience. Education, 1985-86 academic year. Responsibilities include: teaching courses in language arts, models of teaching, and instructional materials; supervising student teachers; participating in an experimental "lab school" program. Position begins September 1985. Requirements are: Doctorate from accredited university in appropriate educational specialization; university and public school K-8 teaching experience; successful experience supervising student teachers; a background in curriculum and instruction and language arts; and evidence of participation in innovative teacher education programs. Include in application: vita, personal statement of qualifications and instructional objectives, placement papers, 3 letters of recommendation, and official transcripts.
