

Lazere nominee for Outstanding Professor Award

Donald Lazere of the English Department was the university's nominee for the CSU Trustees' Outstanding Professor for 1985-86.

A member of the Cal Poly faculty since 1977, Lazere earned national recognition for his humanities research when he was picked as a Shaughnessy Scholar for 1984-85. He was also featured in a front-page article in the Jan. 9, 1985, issue of *The Chronicle of Higher Education* following his presentations on "What is Literacy Theory?" at the Modern Language Association national convention.

Additional EOP Funds awarded

Earlier this year CSU campuses were informed that 1 percent of the 1985-86 EOP Grant funds were being withheld by the Chancellor's Office for reallocation to select campuses.

A committee from Educational Support Services and Institutional Relations has recommended that these grant funds be awarded to the three campuses with the highest EOP retention/graduation rates. Cal Poly tops that list.

Academic Senate seeks candidates

During the week of March 17-21 the Academic Senate Office is accepting nominations for positions to be voted upon during Spring Quarter. Nominations shall include a signed statement of intent to serve.

Each school and Professional Consultative Services will need to elect senators to fill vacant positions.

In addition to the election of senators, the School of Engineering will need to elect a representative to serve a one-year term on the University Professional Leave Committee (UPLC), while the schools of Architecture and Environmental Design, Communicative Arts and Humanities, and Science and Mathematics will need to elect representatives for two-year terms to the UPLC. The librarians will also need to elect a representative to serve a two-year term.

In addition, the campus needs to elect two representatives to the statewide Academic Senate. The procedures and timetable for election of CSU Academic Senate members will be the same as that for the Senate. However, the nomination shall be by petition of not less than 10 members of the faculty and shall include a consent to serve statement signed by the nominee. Statements are available from the Academic Senate Office. The campus will need to elect a one-year replacement for Barton Olson to complete his term through 1987 and elect a three-year appointment (1987-90). All newly elected senators and UPLC members will serve two-year terms.

All nominations and statements of intent are due in the Academic Senate Office no later than Friday, March 21 at 4 pm.

CPR schedule

The Cal Poly Report will not be published during the break between winter and spring quarters. An issue will be published on March 20, and the next issue will be April 3.

Former IBM VP to speak

Dr. Arthur G. Anderson, retired IBM vice president, will discuss "Why Education Doesn't Stop When You Graduate" at 3 p.m. today in the Faculty/Staff Dining Rooms A and B.

The talk is the second in a series of programs—"Why a Well-Rounded Education Increases Success in the Work Place"—sponsored by the President's Cabinet. A reception will follow the lecture.

Resignation told by Provost Fort

Provost Tomlinson Fort has submitted a letter of resignation to President Baker. He will leave his post on July 1.

Named vice president for academic affairs in the fall of 1982, Dr. Fort became provost in the summer of 1983. Prior to coming to Cal Poly he was provost at the University of Missouri-Rolla.

Executive Director of Foundation in new office

The Foundation's Administrative Office has relocated from 290 Fisher Science to a modular office unit (Bldg. 15T-2) in the Plant Operations quadrant of the campus (the northern edge of the academic core).

The Administrative Office includes Al Amaral, executive director; Robert Griffin, associate to the executive director; James Neal, controller; Lorene Cabrera, secretary; Marlene Guerrero, office aide. Telephone extension numbers for this office are 1131, and 1141.

Men's basketball team loses 2

The men's basketball team lost twice in the NCAA Division II Western Regionals last weekend at Cal State Hayward. They finished the season at 23-8.

On Friday night the Mustangs dropped a 67-65 heartbreaker to the host Hayward Pioneers, and on Saturday night in a meaningless game for third place, the UC Riverside Highlanders won 55-53.

Story update

The Evaluations Office was inadvertently left out as a participant in the Transfer Center program (see Feb. 27 *Cal Poly Report*, page 3). The first paragraph of the article should read:

Representatives from Relations with Schools, Admissions, Evaluations, Student Academic Services, Financial Aid, Disabled Student Services and some academic departments have been making monthly visits since last October to three local community colleges—Cuesta College, Allan Hancock College, and Santa Barbara City College.

Children's home education topic of conference

"The Feeding of Ideas," a conference on education for home and school, will be at Cal Poly on Saturday, April 19. Registration deadline is Tuesday, April 1.

The day-long seminar, sponsored by the university's Fellowship of Active Christian Thinkers organization, will explore different problems and ideas for children's education. Four speakers will attempt to answer the questions of how to build a healthy educational environment.

The conference, which will take place from 8 am to 6 pm in Chumash Auditorium, will include presentations on understanding the tenets of education, educating at home, and selecting children's books and textbooks. A panel discussion on the problems of home education is also planned.

The \$12 pre-registration fee for the conference must be paid by April 1. After April 1 the cost will be \$15. Space is limited, and lunch is not included in the program. For registration information, call ext. 1154. The Fellowship of Active Christian Thinkers is a chartered club of the ASI.

Parking restricted for Poly Royal

Faculty and staff who will be parking on campus after 8 am on Friday and Saturday of Poly Royal will need special passes to get through the barricades at the Grand Ave., Highland Dr., and College Ave. entrances to the campus core.

The passes, which are for access and do not provide parking privileges, are available at the Poly Royal Office, UU 214. Those needing access both days will need to obtain an individual pass for each day.

Employees who normally park within Perimeter Rd., or in the Health Center (C-7) and Davidson Music Center (G-4) Lots are also being asked by the Poly Royal Board to park elsewhere so those lots can be available for activities use, pedestrian circulation, and handicapped and VIP parking.

Faculty and staff needing passes can write the Poly Royal Board, UU 214. Be sure to specify the number of passes needed. The deadline is Friday, April 11.

Those needing additional information about parking and access during Poly Royal or having special requests are invited to contact John Bird, ext. 2487.

Crandall Gym locker request

Faculty and staff using lockers at Crandall Gym are asked to notify the equipment attendant if they wish to continue using them. The deadline is Friday, March 14. The phone number is ext. 2334.

Students to take part in Study Tour of Russia

Nearly half of the Cal Poly students taking part in the university's Spring Quarter 1986 London (England) Study Program will be spending six days in the Soviet Union.

The optional study tour was arranged by Dean Ericson and the American Institute for Foreign Study. The 73 students will be accompanied by Political Science Professor Joe Weatherby, and members of the AIFS staff in London.

The group will fly from London to Moscow, where it will tour the Kremlin. In addition to Moscow, the students will travel to Leningrad. One of the highlights of the program will be a reception with Russian university students.

Alternate study tours and class-related field trips are currently being planned to accommodate students not taking part in the Russian tour.

Thirteen faculty and 159 students will be taking part in Cal Poly's London Study Program. In this, the third year of the program, faculty will represent the following university departments: Art, Biological Sciences, Food Science and Nutrition, Economics, English, History, Music, Physics, Social Sciences, and Speech Communication.

Walters named to Engineering Board

Dean Kenneth Walters of the School of Business has been appointed to the board of directors of the California Engineering Foundation.

The Sacramento-based organization, composed of 40 leaders in California industry and education, is devoted to the goals of improving industrial productivity and creating a comprehensive science and technology policy in the state. (He is the only business school dean on the board.)

Since its founding in 1974 the California Engineering Foundation has conducted research; convened conferences and workshops; and provided expertise to industry, education, and public officials.

In 1980 the Foundation held a conference on the Cal Poly campus to explore the major challenges facing engineering education in the 1980s.

Who, What, Where, When

Sonja Glassmeyer, *Physical Education and Recreation Administration*, was a featured speaker at two workshops for health professionals sponsored by the Santa Barbara County Health Care Services Agency and the Sansum Medical Research Foundation of Santa Barbara. She discussed "Understanding the Practical Techniques to Motivate Clients to Establish a Program of Self-Care."

Lynn M. Jamieson, *Physical Education and Recreation Administration*, has been selected as a reviewer for the President's Commission on Americans Outdoors. She will review information about "Financing in the Leisure Industry," and report to the Commission.

Carl C.F. Hsieh, *Civil & Environmental Engineering*, has been designated as a referee for the Journal of Computing in Civil Engineering. He will also be a member of the Technical Council on Computer Prac-

tices (TCCP) Publications Committee.

Abraham B. Shani, *Management*, has co-authored a paper, "Experiential Learning Revisited: Some Thoughts on Designing More Adaptive Management Education Programs," presented at the 13th annual Conference of The Association for Business Simulation and Experiential Learning in Reno. The paper was published in the Conference's Refereed Proceedings.

George Brown, *Ag Engineering*, has been selected to serve as a referee for the *Journal of Agricultural Mechanization*.

Carolyn Shank, *Physical Education and Recreation Administration*, had an article, "Parent Orientation to Aquatic Programs for Young Children," published in the winter issue of the *National Aquatics Journal*.

Diane Ryan, *Financial Aid*, was a moderator of a panel discussing Department of Education Verification procedures at the Western Regional Assembly of the College Board in Phoenix.

Ron Taskey, *Soil Science*, organized and conducted the winter meeting and field trip of the California Forest Soils Council. It was held in Placerville.

Armando Pezo-Silva and **Locksley Geophagen**, *Student Academic Services*, did a presentation on "Directions in Higher Education" at the three-day Trio Training Workshop at Far West Laboratory for Educational Research and Development in San Francisco. The theme of the workshop was "The Charge, the Challenge and the Change," referring to the future of special programs in the changing arena of higher education.

Norm Pillsbury, *Natural Resources Management*, has been recognized by the California chapter of the Soil Conservation Society of America for his outstanding contributions to the conservation of natural resources. He was one of two persons who received the organization's Distinguished Service Award during a banquet held in conjunction with its recent annual conference in Napa.

Harry Sharp Jr., *Speech Communication*, was the chairman and principal planner for the six programs of the Rhetoric and Public Interest Group at the Western Speech Com-

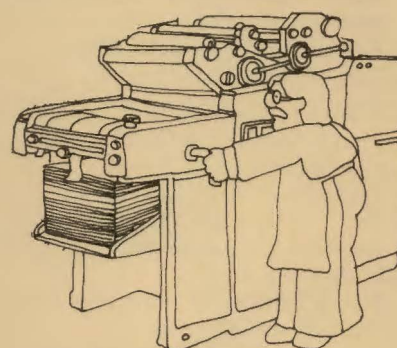

munication Association's annual convention in Tucson.

Rosemary C. Bowker and **Leslie S. Bowker**, *Biological Sciences*, co-authored an article, "Using Computers to Increase Course Efficiency — An Example in a General Ecology Laboratory," in the February issue of *Collegiate Microcomputer*.

Copy deadline

Deadline for *Cal Poly Report* articles is 4 pm on the Thursday preceding the issue. Recently people have brought or mailed copy to the Public Affairs Department on Friday and Monday expecting it to be in the next issue. Because copy needs to be read, possibly rewritten, edited, typeset, proofed, and pasted down, the 4 pm Thursday deadline needs to be firm.

PAYDAY MARCH 31

Surplus equipment

For one week only, Cal Poly department technicians may view the surplus equipment that is designated for the next Surplus Sale. Viewing time is 8 am-3:30 pm (closed noon-12:30 pm,) March 24-28 only at Bldg. 70, University Warehouse. If you wish to transfer any available items to your department, this is the only time to do so. After March 28, all remaining items go up for bid at the Surplus Sale on April 8; no exceptions.

Dateline. . . .

(**\$**) - Admission Charged
(**!**) - Admission Free

THURSDAY, MARCH 13
