

# Cal Poly Report

Vol. 33, No. 44 Thursday, October 7, 1982

## Fort elected to Foundation Board

The new vice president for academic affairs at Cal Poly has been elected to membership on the board that directs operations of the university's auxiliary foundation.

Dr. Tomlinson Fort Jr. was elected to fill the term vacated by Dr. Hazel J. Jones, who retired on Aug. 31 from her duties as vice president for academic affairs at the university and as a member of the Cal Poly Foundation's Board of Directors.

Prior to assuming his new assignment at Cal Poly, Dr. Fort was provost of University of Missouri-Rolla for two years and head of the Chemistry Department at Carnegie-Mellon University, Pittsburgh, Pa., for eight years.

Dr. Fort, whose term as a member of the board will expire in May 1984, was also elected vice chairman of the foundation board through May, 1983.

The nine-member board of directors provides policy direction for operations of the Cal Poly Foundation, a separate legal entity that operates as part of the university under procedures established by the Trustees of the California State University.

A non-profit corporation, the foundation operates the university's food services program; El Corral Bookstore; Communications/Media Productions, which publishes educational materials for secondary schools and community colleges; and enterprise activities associated with the university's educational programs.

It also provides support services for the university's research and fund-raising activities.

## Lecture Series begins today

A talk on technology by Dr. Peter Diamandopolous, president of Sonoma State University, on Thursday, Oct. 7, will open the 11th annual Arts and Humanities Lecture Series at Cal Poly.

The free lecture on "Technology: Problems and Prospects" will begin at 11 am in University Union Room 220.

## Cal Poly Boosters receive 'Mustang Challenge'

Cal Poly's intercollegiate athletic program will be \$75,000 richer if supporters of the program meet the challenge of an alumnus of the university.

Richard J. O'Neill of Santa Fe Springs is sending a letter announcing his challenge to members of the Mustang Boosters Club, parents of athletes presently in the program, and former athletes.

"I am prepared to contribute (up to) \$25,000 to the Cal Poly athletic scholarship program with your help in meeting the 'Mustang Challenge.' For every two dollars you contribute...between now and Dec. 1, I will contribute another dollar," O'Neill said.

(Contributions totalling \$50,000 will insure the full \$75,000 for Cal Poly athletics.)

Richard Heaton, acting director of athletics for the university, described O'Neill's letter as "an act of leadership that is most vital to the continuing success of our athletic program."

Heaton explained that the need for additional scholarship aid is critical at this time because the residence halls that had been used by scholarship athletes are no longer available. The result is that athletes are living in more modern units and additional funds are needed to meet scholarship commitments.

A businessman, O'Neill was one of the prime movers in the development of what is now Mission Viejo. He studied animal science at Cal Poly from 1946-1948.

Coordination of the "Mustang Challenge" campaign is being provided by Denny Martindale, recently appointed executive director of the Mustang Boosters and director of athletic fund raising for Cal Poly.

Martindale said the opportunity to participate in the campaign is not limited to Mustang Boosters, parents of current athletes, and former athletes. He invited those who wish to make contributions or to obtain additional information to telephone him at the university's Athletic Department, 546-2923.

## Sabol acting head

Dr. Joseph Sabol (Agricultural Education) will serve as acting head of the department for the Fall Quarter. He will be replacing Dr. Larry Rathbun, who is recuperating from an illness. Sabol's appointment was announced by President Warren Baker, acting on the recommendation of Dr. Lark P. Carter, dean of the School of Agriculture and Natural Resources.

## Retirement Planning Seminar

Prepare now for your retirement with a Retirement Planning Seminar sponsored by the Cal Poly Retired Faculty/Staff Club, the Alumni Association, Personnel Office and Extended Education.

The series of workshops will be held on Wednesdays from 7 to 9 pm, Oct. 13 - Nov. 3, in the Kennedy Library, Room 202. Topics will include retirement planning, dynamic fitness, housing choices, midlife roles, leisure time, financial security, legal readiness and estate planning. Speakers include Cal Poly staff and faculty as well as community and government representatives.

Cost is \$25 per individual or \$30 per couple and includes a set of books and other materials. Enrollment is limited. For more information, call Cal Poly extended Education at Ext. 2053.

## Dance Club performs

Moon Ja Minn Suhr (Physical Education) and the Orchesis Dance Club received a prestigious invitation to perform in a San Francisco benefit Sept. 26 for a Korean Multi-Services Center.

The invitation was extended by S.K. Hong, who had attended several performances of the club in the past and was "so impressed that I am sure the members will greatly contribute to our event."

Theme for the club's benefit performance was "Visions of Dance," directed by the pert and energetic Suhr. She also choreographed and performed in several of the numbers.

The benefit performance was staged at the Louise M. Davies Symphony Hall, the newest major performing arts facility in the U.S.

## Comic to perform

Comic Steve Landesberg, known to TV audiences as Sgt. Dietrich on "Barney Miller," will perform at Cal Poly on Oct. 10.

The Sunday night, 8 pm show is scheduled for Chumash Auditorium of the University Union. The public is invited.

Students, senior citizens and children under 12 can purchase tickets at the University Union for \$3.50 advance. Door price is \$4.50.

Steve Landesberg first acted on the show in a cameo appearance as a petty criminal. He later joined the cast, contributing his talents as series regular Sgt. Arthur Dietrich and roommate of Det. Harris, the natty would-be novelist.

## Auditions for 'Hamlet' announced

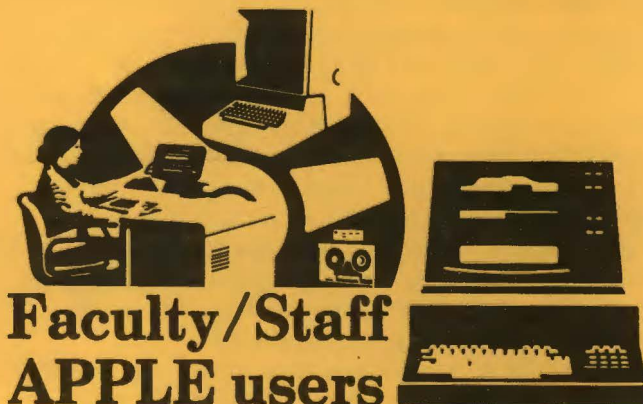

Auditions have been announced for the Cal Poly Winter Quarter production of William Shakespeare's classic tragedy, "Hamlet." Director Craig Heidenreich will be holding two sets of auditions.

The first set of auditions will be only for the role of Hamlet. They will take place on Tuesday and Thursday, Oct. 12 and 14. The remainder of the cast will be chosen from those attending auditions on Monday and Tuesday, Nov. 22 and 23. All auditions will be from 7-11 pm in Room 212 of H.P. Davidson Music Center.

Performance dates for the production will be Thursday, Friday and Saturday, Feb. 17, 18 and 19, at 8 pm in the Cal Poly Theatre.

Reserved seat tickets will be \$3.50 and are available by sending a stamped, self-addressed envelope with your request to: "Cal Poly Theatre Box Office, Cal Poly, San Luis Obispo, Calif., 93407."

"Hamlet" is sponsored by the Cal Poly Speech Communication Department and the School of Communicative Arts and Humanities. For more information regarding auditions, please call 546-2486.

All faculty/staff are invited to attend the second formal meeting of the campus APPLE-user group: Monday, Nov. 1, 6:15 pm, Ag. Engr. Shop #3, Bldg. 8. There will be formal talks/teaching sessions on the first Monday of each month and less formal meetings on the 3rd Monday of each month. For further information contact Robin Grinell (Ag. Engr. Ext. 2638) or Walt Wilson (Physics Ext. 2116).

*Cal Poly Report* is published weekly during the academic year by the Public Affairs Office.

Kip Rutty (Editor) ..... Ext. 2158  
Betty Holland (Graphics Tech.) ..... Ext. 2576  
Cathy Burt (Dateline) ..... Ext. 2246

Typewritten, double-spaced copy must be submitted for *Cal Poly Report* by close of business the Thursday prior to the next publication.

## U.U. activities for faculty & staff

This is an open invitation to all the faculty, staff and their spouses to come and utilize the Craft Center, Travel Center, Escape Route, Games Area, and Recreational Sports Area, all located downstairs in the University Union. Being a member of the Cal Poly community has very definite advantages such as free access to all these facilities plus much more.

The Craft Center offers the chance to explore creative talents inexpensively during one's spare time. One can use free, or for a small fee, such equipment as potter's wheel, ceramic glazes, batik waxes and dyes, complete darkroom facilities, wood lathes, hand and power tools and silk screening materials as well as innumerable other types of equipment. This is an excellent opportunity to design and make meaningful Christmas gifts.

Also at the Craft Center, which operates daily from 10 am to 10 pm, are low-cost courses such as stained glass, silk screening, bonsai, bike repair, calligraphy and ceramics.

The Travel Center helps individual travelers as well as plans tours to such places as Europe, Mexico, South America, Hawaii and the Canadian Rockies, each quarter break and summer vacation. These trips often include all accommodations, transportation (usually by airplane) and insurance, at budget rates typically ranging from \$300-\$400.

Travel Tips (budget travel information) and classes with slide shows with highlighted information are also offered by the Travel Center to help all those who are interested in seeing the world.

Planning an escape for a weekend or quarter-break, renting equipment, offering adventure tips and outdoor information are all a part of the Escape Route that members of the campus community can utilize for outdoor recreation.

Many opportunities are offered by the ASI Outings Committee which plans three to five events a week and from five to eight each quarter break to any location that a leader chooses. Also offered are all types of outdoor activities from backpacking in Alaska, white water river rafting in Oregon, bike riding in Yosemite or birdwatching in Montana de Oro.

Sign-ups for these low-cost trips (usually \$.50-\$30 for week-end trips and \$30-\$100 for quarter break) are held in the committee-run "Escape Route" equipment rental facility where one can also rent, for a very nominal fee, such items as backpacks, snowshoes, sleeping bags, stoves and canoes.

Staff and faculty members can take a break between classes or work and relax by participating in a game of billiards or bowling. Other games such as air hockey, chess and checkers are available to members of the campus community and their guests.

Throughout the year, the Games Area organizes different tournaments and leagues and awards trophies to various winners. At the beginning of each quarter sign-ups are held for bowling leagues. This

is an excellent way to meet new people as well as relax during a break.

The Recreational Sports Program provides a physical and social outlet for individuals and teams alike. Besides serving as a lending facility for an abundance of sports equipment available such as basketballs, rackets, golf clubs and carts to faculty and staff, sixty different quarterly intramural events are also planned through the program's office. Check with the Recreational Sports office for more information.

Your University Union has many excellent recreational opportunities. Take a chance but beware—you may find yourself coming back again and again.

## Foundation Board

The Board of Directors of the California Polytechnic State University Foundation will hold a regular meeting on Friday, Oct. 15, 1982 at 9 am in Adm. Bldg., Room 409 on the California Polytechnic State University campus in San Luis Obispo, California. This is a public meeting. For further information about this meeting or to obtain a copy of the meeting agenda, contact Al Amaral (Executive Director, Cal Poly Foundation) in Fisher Science Hall 290 or call Ext. 1131.

## Just a reminder

The new Campus Supply Catalogs have been distributed to all departments on campus. There are many new items now available. If you have not received your catalog, or are in need of an additional copy, please call the Warehouse at Ext. 2872. Also, orders for the 1983 Calendars for all staff and faculty members on campus must be listed on a separate Supply Order Form and sent to the Warehouse by Oct. 15. Calendars are listed in the new Supply Catalog on page 1.

## Surplus sale

The university is offering for sale the following equipment which has been declared surplus to the University needs:

Semi-trailer—livestock, 1 axle, 4 wheels, 26 ft. long, 8 ft. wide, steel & wood sides, side and rear loading doors, fair condition.

Subject trailer may be viewed in the Transportation Services yard located on the campus. Only sealed bids will be accepted up to 2 pm on Friday, Oct. 8, 1982, at the Transportation Services Office. For details, call 546-2451.

## Dateline

## Position Vacancies

Vacant staff positions at Cal Poly State University and the Cal Poly Foundation are announced in this column and are posted outside the respective offices. Contact those offices (State: Adm. 110, 805-546-2236—Foundation: University Dining Complex, 805-546-1121) for applications and additional position details. Both Cal Poly and the Foundation are subject to all laws governing affirmative action and equal employment opportunity. All interested persons are encouraged to apply.

### CLOSING DATE: 10-21-82

**Assistant Budget Officer, \$1457-\$2103/month; depending on qualifications; one-year temporary position.** Financial Operations. Duties: Assists Budget Officer in preparation and administration of University budgets; prepares financial analyses and recommendations; specific assignments include Special Revenue Fund budgets, Reimbursed Activities and Utilities. Minimum qualifications: Six months experience in budget or administrative analysis, and equivalent to graduation from a four-year college or university.

-----

Candidates for positions on the faculty of the University are presently being sought, according to Donald L. Shelton (Director of Personnel Relations). Those interested in learning more about the positions are invited to contact the appropriate dean or department head. This University is subject to all laws governing Affirmative Action and equal employment opportunity including but not limited to Executive Order 11246 and Title IX of the Education Amendments Act and the Rehabilitation Act of 1973. All interested persons are encouraged to apply.

### CLOSING DATE: 12-4-82

**Two Full-Time Lecturer Positions** at Assistant or Associate Professor level, one to be filled January 1, 1983, for two quarters and continuing through 1983-84 academic year, one to be filled March 20, for one quarter only. *Salary range \$6,348 to \$9,628 per quarter, depending upon qualifications.* Industrial Engineering Department, School of Engineering and Technology. Applicants should be capable of teaching quantitative and management oriented courses in undergraduate and master's level industrial engineering. Ph.D. preferred. Master's degree required and industrial experience highly desirable.

## Who, What, When, Where

George N. Knecht, *Biological Sciences*, attended the Gordon Research Conference on CO<sub>2</sub> Fixation by Green Plants. It was held on July 5-9, 1982, at Andover, New Hampshire. Dr. Knecht presented an invited poster titled "Quantitative and Qualitative Effects on Increased CO<sub>2</sub> Levels on Plant Growth" at the conference.

Max T. Wills, *Chemistry*, is coauthor of "Vascular Platelet Activities of Prostacyclin and PGD<sub>2</sub> Analogs in the Non-Sedated Baboon", presented at the Fifth International Conference on Prostaglandins in Florence, Italy, in May.
