Cal Poly Opens Winter Quarter to Transfer Student Admissions Thanks to State Budget

SAN LUIS OBISPO -- Due to additional funding authorized late this summer by the California Legislature, Cal Poly is increasing access for upper-division transfer students for the 2005 Winter Quarter.

“As a result of the late summer funding granted to the California State University System, we are reopening the application filing period to new, upper-division transfer applicants for winter 2005,” said Assistant Vice President for Admissions & Financial Aid James Maraviglia.

“Applications will be accepted on a rolling basis until our new enrollment goals have been filled.”

Applicants must have 60 or more transferable semester units by the time of transfer. Applicants who have met the CSU and Cal Poly eligibility requirements by the end of the Fall 2004 term will be considered for winter admission in all but the following undergraduate majors: Art and Design; Architecture; Construction Management; Kinesiology; Mechanical Engineering; Music; Psychology; and Speech Communication.

International students and/or those who have obtained all or part of their college education internationally will not be considered for this option.

It is important for applicants to submit transcripts from all colleges attended in support of their application as soon as possible to maximize registration options, Maraviglia stressed.

Students should apply through the California State University Mentor application Web site at: www.csumentor.edu.
