

Despite Crunch **STUDENTS DO FIND HOUSING**

Hard work on the part of university staff and co-operation from landlords and other residents of the central coast area have paid off in an improved housing situation for students of Cal Poly.

Everett M. Chandler (Dean of Students) credited the combined efforts of the university, through

its new Off-Campus Housing Office, and property owners in the area with providing housing for every currently-registered student who needed it. While acknowledging that the problem of housing the university's students has not entirely been eliminated, Dean Chandler said that as far as he has been able to determine every student who desires housing for the Fall Quarter has it. "Not one has come to either my office or the Off-Campus Housing Office and said he or she did not have a place to live," he continued.

Dr. Chandler said a report received in his office last week shows that 154 housing spaces in the county were available for university students at that time. Included were spaces for 34 women, 9 couples, and 13 men, and another 65 for either men or women. Also available for temporary use were spaces for 33 students at Rancho El Chorro, the county education camp located near Camp San Luis Obispo. Among the spaces included in the report were 31 in the City of San Luis Obispo; 65 in the North County, including Los Osos and Morro Bay; 25 in the South County Area; and the 33 at Rancho El Chorro.

Beside praising the County Schools Office for its cooperation in making Rancho El Chorro spaces available to students on an interim basis at \$3 per night, Dr. Chandler said the willingness of motel-hotel owners and other landlords to list vacancies with the new off-campus housing office has been a major factor in the improved housing situation for university students. Walter Lambert, (Coordinator of Off-Campus Housing) said his office had consistently had between 20 and 30 listings throughout the past several weeks and is still receiving as many as four or five new listings a day.

He explained that the arrangement for temporary use of the cabins at Rancho El Chorro was planned to meet the needs of students who arrived to begin their studies and could not immediately find housing. Most of the seven students who were living there last week expect to move into residence halls on campus as space becomes available there. Dean Chandler said that enrollment patterns from recent years indicate that class attendance declines slightly as the year proceeds and that students who are now living in higher priced or below-standard units can improve their living arrangements if they wish.

Conserve Energy

► INDUSTRIAL DISABILITY LEAVE PROGRAM

The Berryhill Total Compensation Act of 1974 provided an Industrial Disability Leave provision which became effective Jan. 1, 1975. Industrial Disability Leave (IDL) procedures are now finalized and the Personnel Office is responsible for the administration of this program on campus. All state employees who are members of the Public Employees' Retirement System (PERS) and/or State Teachers' Retirement System (STRS) are covered by this program.

In most cases, the IDL Program will provide better income protection to eligible employees who are disabled on the job than they would receive under Worker's Compensation. Briefly, the IDL benefits and procedures are as follows:

1. Full net pay for 22 working days; 2/3 gross pay thereafter, less voluntary deductions. IDL benefits are nontaxable.
2. Fifty-two weeks of benefits within two years from the first date of disability. After expiration, employees may be eligible for Worker's Compensation benefits.
3. The State Contribution to health insurance premiums continues.
4. Vacation, sick leave and seniority credit continues.
5. All hospital, medical and surgical expenses will be paid for by the State Compensation Insurance Fund.
6. Employee's full PERS contribution must continue.
7. If deemed necessary, vocational rehabilitation may be required.

Should a disabling occupational injury or illness be suffered, the case will be reviewed by the State Compensation Insurance Fund. If it is determined that eligibility requirements are met, a choice will be offered between Worker's Compensation or Industrial Disability Leave. A representative of the Personnel Office can assist in making the most beneficial choice. If there are any questions regarding the IDL benefits, call the Personnel Office at Ext. 2236.

► PAPERBACK BOOK SALE AT EL CORRAL

Outstanding current and back-list paperback books from leading American publishers will be on special sale at 50% off the cover price at El Corral Bookstore beginning Wednesday (Oct. 8). This special selection will be on display at special sale tables.

The El Corral Mini Art Gallery begins its presentation of works by amateur artists and photographers with an exhibition of drawings by Martin L. Ernst, a third year student majoring in Biological Sciences. The exhibition can be viewed thru Friday, Oct. 17. Faculty and Staff members are reminded that El Corral Bookstore is open Saturdays from 10:30 am through 1:30 pm.

-
- Typewritten copy intended for the next issue of Cal Poly Report must be received prior to 12 noon on Friday (Oct. 3) in the Public Affairs Office, Adm. 210. Copy intended for Cal Poly Dateline is due in the Public Affairs Office by 12 noon on Tuesday (Oct. 7).

► PROJECTION OF SABBATICALS FOR 1976-77

According to Donald L. Shelton (Director of Personnel Relations) a list of eligible faculty members and the tentative number of sabbatical leaves allocated to the schools for the 1976-77 academic year has been forwarded to each dean. The distribution of the 31 positions requested in the 1976-77 budget is based on the ratio of faculty eligible for sabbatical in each school to the total eligible in the University. Shelton reports that for 1976-77, the distribution of positions is as follows:

<u>School</u>	<u>Allocation</u>
Agriculture and Natural Resources	5
Architecture and Environmental Design	2
Business and Social Sciences	2
Communicative Arts and Humanities	5
Engineering and Technology	6
Human Development and Education	4
Science and Mathematics	7
Total.	<u>31</u>

These allocations are tentative and are based on the proposed budget. Allocations will be confirmed when the 1976-77 budget is approved in June or July of 1976. Faculty members are reminded that applications for sabbatical leaves and difference-in-pay leaves must be submitted to their respective department heads by Monday (Oct. 20). Application forms may be obtained in the Personnel Office, Adm. 110.

► EXTENSION COURSE PROPOSALS ASKED FOR WINTER QUARTER

Department heads are now being asked to submit departmental Extension course offerings for the 1976 Winter Quarter. Faculty are urged to request an assignment for the Winter Quarter. Forms for proposing extension courses may be picked up in Adm. 314, or by phoning Ext. 2053. The actual assignment must be approved by the department head, the school dean, and the associate dean, continuing education. The form must be returned to the Continuing Education Office no later than Friday (Oct. 24) in order to be included in the extension announcements for the Winter Quarter.

Cal Poly's extension services area encompasses all of Santa Barbara, San Luis Obispo, and the southern part of Monterey Counties. Extension courses are normally held at on and off-campus location in the late afternoon, evening, or weekend. Extension students seem to prefer specific "how-to-do-it" courses rather than the more theoretical courses.

Approximately \$114,115 has been expended in extension faculty salaries since the inception of the program in 1969, and the program has registered over 9,000 individual course enrollments since its inception. The current instructor salary and student fee schedule is as follows:

Student Fees:	Per lecture unit	\$20
	Per activity unit	\$26
	Per lab unit	\$40
Faculty Salaries:	Per lecture unit	\$332/260
	Per act unit	\$431/338
	Per lab unit	\$498/390

Two ranges are indicated, the higher for Professor/Associate Professor; the lower for Assistant Professor/Instructor.

► PHYSICAL EDUCATION FACILITIES FOR STAFF/FACULTY

The lighting installation of the ten tennis courts behind the Physical Education Building has been completed. The lights are programmed to activate by a plastic lighting card. These cards may be obtained by students, faculty and staff members at the University Union Information Desk during the following hours: Monday through Friday 8 am to 11 pm; Saturday 10 am to 12 midnight; and Sunday 12 noon to 11 pm. Cards may also be secured at any South Mountain Residence Hall, Sierra Madre Hall, or Yosemite Hall during the following hours: Monday through Thursday 12 noon to 10 pm; Friday 12 noon to 12 midnight; Saturday 10 am to 12 midnight; and Sunday 10 am to 10 pm. By completing a request form and surrendering a University I.D. card, the use of the lighting card may be had for a 24-hour period. Failure to return the lighting card within three working days will result in a \$5 late fee. Lost cards will also result in a \$5 charge.

The hours for swimming at the outdoor swimming pool adjacent to the Physical Education Building for the Fall Quarter will be: Monday through Friday from 7 pm to 8 pm, and Saturday and Sunday from 12 noon to 3 pm. This is for students, faculty, and staff and their adult dependents. No children will be allowed.

The weight room, room 125 of the Physical Education Building, will be open for use by students, faculty, and staff of Cal Poly during the Fall Quarter during the following hours: Monday through Thursday from 8 am to 10 pm, except those hours when classes are held; Friday from 8 am to 6 pm; Saturday from 12 noon to 3 pm; Sunday from 12 noon to 3 pm and 7 pm to 9 pm.

► LECTURER WILL TELL HOW TO AVOID RAPE

Frederic Storaska, author of How To Say No To A Rapist and Survive, will speak at Cal Poly on Thursday (Oct. 16). His appearance is sponsored by the Speakers Forum of the Associated Students, Inc., and the public is invited. Admission to the 8 pm presentation in Chumash Auditorium will be \$1 for university students and \$2 for all others.

Storaska, who broke up a brutal gang rape of a teen-age girl, was amazed of the insufficient research done on the psychology of rape. He devoted his time and resources to developing an understanding and solving the problems of assaults on men, women, and children. In the past 10 years, Storaska has lectured to more than a million students in over 500 colleges and universities. His lectures are credited with having prevented serious assault and having saved lives in more than 275 reported cases. More than 11 years of research formed the foundation for his book, which was released in March, 1975.

► WESTPHALL APPOINTED VICE-CHANCELLOR

The appointment of James E. Westphall as Assistant Vice Chancellor, Physical Planning and Development, has been announced by Chancellor Glenn S. Dumke of The California State University and Colleges. Westphall has been Campus Architect at California Institute of Technology in Pasadena since 1970. Westphall, who will head an office which reviews and administers capital outlay programs for the CSUC, succeeds Harry Harmon, whose appointment as Executive Vice Chancellor became effective this summer.

A graduate of USC and member of the American Institute of Architects since 1956, Westphall was Campus Architect at the University of California, Los Angeles, from 1963 to 1969, and at the UC Riverside Campus for the preceding three years. He was Project Architect at UCLA from 1951 to 1955 and again from 1958 to 1960. He was Executive Architect in the Los Angeles firm of Charles Luckman Associates in 1969.

► OPEN ENROLLMENT FOR HEALTH BENEFIT PLANS

The Public Employees Retirement System Board of Administration's annual open enrollment period for all Meyers-Geddes Health Benefits Plans is from Oct. 1 through Nov. 15. Coverage will be effective Jan. 1, 1976. The open enrollment period is designed to allow eligible employees to:

1. Change from one health benefits plan to another provided they reside in the new plan's service area;
2. Enroll in a health benefits plan if they are not currently enrolled but are eligible to do so, provided they reside in the plan's service area;
3. Add to present enrollment all eligible family members who are not currently enrolled. (Note: The addition of dependents 19 to 23 years of age require health statement procedure.)

Enrollment in an employee association sponsored plan requires current membership in the sponsoring organization. For further information refer to your health plan certificate booklet, the Health Benefits Division information pamphlet (HBD 29 or 22), or contact the Health Benefits Officer in the Personnel Office at Ext. 2236.

► CAMPUS HEALTH AND SAFETY OFFICER APPOINTED

Donald L. Shelton (Director of Personnel Relations) has announced the appointment of E. Eugene Starrett as the full-time Campus Environmental Health and Safety Officer. He will assist in coordinating all health and safety activities on campus; promote sound health and safety practices; prepare health and safety reports, summaries, and documents that are necessary for accident prevention efforts. His goal will be to assure that Cal Poly is a safe place to be and is in compliance with the California Safety Orders contained in the California Administrative Code, and the requirements set forth by CAL/OSHA (California Occupational Safety and Health Act of 1973).

Starrett is a graduate of Defiance College in Ohio where he earned a Bachelor of Science Degree. He also earned a Juris Doctor Degree from the College of Law, Ohio Northern University. He has had an extensive background in law enforcement and safety work over the past 23 years.

► CHILDREN'S CENTER HAS OPENINGS

The Cal Poly Children's Center still has spaces left in the afternoon session for three-to five-year old children of students, faculty and staff. The center provides a variety of educational, social and recreational opportunities for children while their parents are on campus. The center is located in the south end of Sierra Hall, next to the library. For more information visit the center or call Alvah Davis at Ext. 1267.

► WOMEN'S CLUB TO HEAR PIANIST CLARA CURZON

Members of the Cal Poly Women's Club will hold their general meeting of the year on Tuesday (Oct. 14) at 8 pm in the Cal Poly Theater. Guest pianist, Clara Jean Curzon, will present a program entitled "Keyboard Kaleidoscope". Ms. Curzon creates for her audience designs and collages to illustrate moods and concepts of music she then plays. Members and guests are invited.

► FALL DEFENSIVE DRIVER PROGRAM

C. Milton Hill (Supervisor, Transportation Services) reminds all staff and faculty of the upcoming Fall defensive driver training program to be held from Tuesday (Oct. 21) through Friday (Oct. 31). Everyone who drives or will drive a state vehicle must attend this four hour program every three years to obtain a valid defensive drive education card. Reservations for these classes may only be made by submitting a written "request for reservation" card. These cards may be requested from Transportation Services. Prospective drivers are advised to submit their reservation requests to Transportation Services early to ensure enrollment on the desired date. For further information, contact Transportation Services at Ext. 2451.

► HAWAIIAN LUNCHEON AT VISTA GRANDE

A Hawaiian luncheon on Wednesday (Oct. 8), will be the first of the many special international luncheons and holiday dinners to be offered at Vista Grande Restaurant this year. The Hawaiian luncheon menu consists of: bean sprout salad; honey glazed pork; coconut sweet potatoes; green beans oriental; banana muffins; pineapple angel pie and beverage. The luncheon, priced at \$2.25, will be served between 11 am and 2 pm. Special decorations and music will add to the luncheon.

► NEW PARKING REGULATIONS AVAILABLE

Faculty and staff who have not had an opportunity to review the new university parking regulations may pick up copies at the University Cashier window (Adm. 131E) or at the University Police & Fire Department office. Changes have been made which relate to alternate permits, pool parking, and enforcement. There have also been some changes in the campus map which relate to parking lot designation.

► COLUMBUS DAY A WORK DAY

Staff employees are reminded that Monday (Oct. 13), Columbus Day, while designated a State holiday, is a normal day of instruction, and is a required work day for all employees. Time worked by support staff employees will be recognized for compensating time off (CTO) and should be retained for use the day after Thanksgiving (Nov. 28) when the campus is closed. The scheduling of an "in lieu" holiday on the day after Thanksgiving will provide a four day weekend.

► ARTS AND HUMANITIES PROGRAM BEGINS

The Arts and Humanities Program for the 1975 Fall Quarter begins on Thursday (Oct. 9) with Charles W. Strong (English) speaking on the topic, "All Coherence Gone." Strong will open the series with an analysis of what he designates as "elitist implications of humanist attitudes." The program is a continuing activity of the School of Communicative Arts and Humanities. The lecture will be given at 11 am in University Union 220.

► INTERNATIONAL STUDENT PICNIC

International Students attending Cal Poly will be hosted at a family style picnic on Saturday (Oct. 11) at 12:30 pm in Poly Grove. Sponsored by the International Student Committee of the Cal Poly Women's Club, all persons interested in attending are welcome. For information about the picnic or "Host Family" program contact Elsa Tellew, 544-0240 or Lili Suchand, 544-7795.

WHO . . . WHAT . . . WHEN . . . WHERE ? ? ?

Alfred M. Bachman (Mathematics) attended the fifth annual conference of the California Mathematics Council, Central Coast, which met at Allan Hancock College on Saturday (Sep. 27). Dr. Bachman was an invited speaker at a sectional meeting. He spoke on "New Directions in Mathematics Curriculum."

Barbara E. Brodsky (Art) has been invited to exhibit two of her pieces in the Homage to the Bag show to be held in the Main Gallery of the Museum of Contemporary Crafts of the American Crafts Council in New York. The exhibition lasts from Oct. 9, 1975 through Jan. and includes functional and non-functional, contemporary, historic and ethnic bags in all media.

John D. Nicolaidis (Aeronautical Engineering), developer of the powered parafoil, was mentioned in the article "Aeronews" in the Aug. Air Progress magazine. The original parafoil was a rectangular airfoil parachute powered by a Volkswagen engine.

Barton C. Olsen (History) has been appointed chairman of the Consortium Advisory Board for the California State University and Colleges system.

Walter E. (Walt) Elliott (Physics) is directing a research effort to develop a prototype cognitive map instrument for quantifying the probability of student success in physics courses for combinations of student learning style, teaching style, and instructional mode (lecture, individualized study, computer-assisted instruction, etc.).

Everett M. Chandler (Dean of Students) spoke to the Santa Maria Rotary Club on "Education - Cal Poly Style," Oct. 7.

Irving M. Babow (Social Sciences) presented a paper on Sep. 1, at the conference in London of the International Association of Accident and Traffic Medicine, co-sponsored by the World Health Organization. Dr. Babow's paper on "Alcohol, Youth, and Traffic Accidents: A Sociological Perspective," will also be published in the volume of conference proceedings.

Leo W. Pinard, II, James W. Coleman, and Richard A. Shaffer (all Social Sciences) attended the annual meeting of the American Sociological Association at San Francisco on Aug. 25-29. Dr. Coleman presented a paper entitled "The Myth of Addiction."

C. Dean Piper (Head, Soil Science) and Delmar D. Dingus, Royce L. Lambert, Thomas Ruehr (all Soil Science) attended the 67th annual meeting of the American Society of Agronomy in Knoxville, Tennessee the last week of August. Lambert presented a paper titled "Tying Up Loose Ends - The Senior Project." Ruehr presented two papers, "From Soils for Freshmen to Projects for Seniors" and "Effects of the Application of Beef Cattle Feedlot Manure on Crop Production on a Nunn Clay Loam."

John F. Kerr (English) was the featured poet at a meeting of the Grace Ballard Poetry Club in Santa Barbara, Sunday (Sep. 28). He read selections from his recent narrative poetry.

Robert E. Alberti (Counselor) is currently serving on the Center for Professional Development Board as a representative for Cal Poly, and will continue serving through 1975-76.

► SUPPORT STAFF VACANCIES LISTED

Vacant support staff positions have been announced by Robert M. Negranti (Staff Personnel Officer). Descriptions of the positions and other vacancies are posted outside the Personnel Office, Adm. 110, ext. 2236. Contact the Personnel Office to obtain an application. This university is subject to the requirements of Executive Order 11246 and is an Affirmative Action Employer. All interested persons are encouraged to apply. The positions are:

Equipment Technician I (\$1037-\$1261/month), Chemistry Department, School of Science and Mathematics. Half-time, temporary-help position. Duties & responsibilities include maintaining and repairing a large variety of electronic, nuclear, optical and x-ray equipment including a nuclear magnetic resonance spectrometer, a mass spectrometer, an x-ray diffraction machine and other scientific instruments. Applicants must have a thorough knowledge of modern electronics including integrated circuits and microelectronics. Two years' experience in design, construction, repair and maintenance of electronic equipment desired. Closing date: October 14, 1975.

Clerical Assistant III-A (\$734-\$892/month), Admissions Office, Student Affairs Division. Duties & responsibilities include coordinating admissions processing of all EOP applicants, serving in liaison capacity between Admissions Office and EOP Office. Requirements: high school graduate, three years clerical experience, typing 45 wpm, and must have taken the General Clerical Test. Applicants with admissions processing experience, and knowledge of admissions requirements and Title 5 of the Administrative Code are desirable. Closing date: October 14, 1975.

Clerical Assistant II-A (\$301.50-\$367.00/month), (half-time), Music Department, School of Communicative Arts & Humanities. Duties & responsibilities include reception & aid of students and visitors to the office and Music Library, typing routine correspondence and instructional items, assisting in planning and layout of programs, and general office duties. Requirements: high school graduate with one year of clerical experience, typing 45 wpm, and must have taken the General Clerical Test. Music background, experience in paste-up, art, or layout desirable. Closing date: October 14, 1975.

► CANDIDATES FOR FACULTY POSITIONS BEING SOUGHT

Candidates for positions on the faculty of the university are presently being sought, according to Donald L. Shelton (Director, Personnel Relations). Those interested in learning more about the positions are invited to contact the appropriate dean or department head. This university is subject to the requirements of Executive Order 11246 and is an Affirmative Action Employer. All interested persons are encouraged to apply. Following is a description of the available positions:

Lecturer, Range B (\$8,488-\$10,320/for two quarters; salary dependent on experience), Physics Department, School of Science and Mathematics. Duties and responsibilities include teaching lecture and laboratory classes in introductory physics. Doctorate degree required, specialization in biophysics and experience with computer-assisted instruction preferred. Full-time position available Winter and Spring, 1976 Quarters only. Closing date is November 24, 1975.

Lecturer, Range B or C (\$4,244-\$6,584/quarter; salary dependent on experience), Mechanical Engineering Department, School of Engineering and Technology. Duties and responsibilities include lectures and laboratories in mechanical engineering fundamentals as well as normal advising duties. Doctorate preferred with relevant experience. Full-time position available Winter and Spring Quarters, 1976. Closing date is October 21, 1975.

encouraging notes

October 7, 1975

Instructional Scientific Equipment Program - National Science Foundation
Deadline: January 19, 1976 (Awards scheduled to be announced in May, 1976)

NSF has just announced the opening of its annual competition for grants to acquire scientific equipment needed to improve undergraduate scientific instruction at colleges, universities and two-year institutions. This program is a matching fund program with the grantee institution providing at least 50 percent of the equipment costs. The equipment program is one of several NSF activities designed to help institutions improve the quality and effectiveness of undergraduate science instruction by updating courses and teaching laboratories. Successful proposals will demonstrate planning to improve content and focus of undergraduate science instruction and a need for scientific equipment to implement these improved courses. (E 76-15)

Further information available by writing: Instructional Scientific Equipment Program, Division of Higher Education in Science, National Science Foundation, Washington, DC, 20550. (202) 282-7760.

* * *

Grants for Research in Broadcasting - National Association of Broadcasters
Deadline: January 1, 1976 (Awards scheduled to be announced by February, 1976)

This program was established to stimulate interest in research as it relates to the many aspects of broadcasting. It is intended primarily to encourage qualified personnel to enter this field and facilitate their training, as well as to assist individuals already working in the area. A secondary purpose is to expand existing knowledge of the role and function of broadcasting. The proposed research should relate to the social, cultural, political, and economic aspects of American commercial broadcasting.

Further information available in Administration 317, or from: Mr. John A. Dimling, Jr., Vice President, Director of Research, National Association of Broadcasters, 1771 "N" Street NW, Washington, DC, 20036.

* * *

Mabelle McLeod Lewis Memorial Fund - For Grants in Aid of Scholarly Work
Deadline: January 15, 1976 (Awards scheduled to be announced in mid-March, 1976)

The present purpose of the Fund is to aid such study and research in the humanities (e.g., literature, history, philosophy). Grants are awarded to bring about the completion, normally within a period of one year, of a scholarly or creative writing project upon which very significant work has already been accomplished.

Further information available in Administration 317. Application forms may be obtained by writing: Mabelle McLeod Lewis Memorial Fund, Box 3730, Stanford, CA, 94305.

* * *

Annual Graphic Communications Fellowship Program - National Scholarship Trust Fund
Deadline: February 1, 1976 (Awards to be announced no later than May, 1976)

Awards will be made for research and study in one or more disciplines or fields of study such as, but not limited to, the following: mathematics, chemistry, physics, industrial education, engineering, and business technology, provided the area of study has potential application in the printing, publishing, and packaging industries. Further information and application forms available in Administration 317 or from: National Scholarship Trust Fund, Graphic Arts Technical Center, 4615 Forbes Avenue, Pittsburgh, PA, 15213.

* * *

Fellowships for International Doctoral Research - Social Science Research Council
Deadline: November 3, 1975

Fellowships available in (a) Africa south of the Sahara; (b) East, South and Southeast Asia; (c) Latin America and the Caribbean; (d) Near and Middle East, from North Africa to Afghanistan; (e) Western Europe.

* * *

Postdoctoral Grants for Research on Foreign Areas - Social Science Research Council
Deadline: December 1, 1975

Grants available for research studies on (a) Africa south of the Sahara; (b) Contemporary and Republican China; (c) The Economy of China; (d) Japan; (e) Korea; (f) Korean Collaborative Research Grants; (g) Latin America and the Caribbean; (h) Latin America Collaborative Research Grants; (i) Near and Middle East; (j) South Asia.

* * *

Ethnic Heritage Studies Program - U. S. Office of Education
Deadline: December 8, 1975

Purpose is to provide assistance designed to afford students opportunities to learn about the nature of their own cultural heritage and to study the contributions of the cultural heritages of the other ethnic groups of the Nation. Further information available in Administration 317 or from: Ethnic Heritage Studies Branch, Division of International Education, Office of Education, U. S. Department of HEW, Washington, DC, 20202. (202) 245-2262.

* * *

Gifted and Talented Program - U. S. Office of Education
Deadline: November 14, 1975

Purpose is to provide training to leadership personnel for the education of gifted and talented children and youth through graduate training programs, internships, and training institutes. Projects and programs should be designed to meet the special educational needs of gifted and talented children at the preschool and elementary and secondary school levels. Further information available in Administration 317.

* * *

Environmental Education and Minigrant Programs - U. S. Office of Education
Deadline: December 1, 1975

Purpose is to support research, demonstration and pilot projects designed to educate the public on the problems of environmental quality and ecological balance. Further information and application forms available in Administration 317.
