

Volume 26, Number 38

May 20, 1975

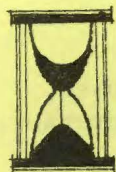

INDUSTRIAL ARTS SHOW WILL OPEN

- Projects ranging from fiber glass canoes valued at more than \$300 to drafting plans and a \$1.50 meat tenderizer will be on display during the second annual Central Coast Industrial Arts Show on Friday and Saturday (May 23 and 24) at Cal Poly. The show, to which the public is invited, will take place in Chumash Auditorium from 12 noon to 6 pm on Friday and from 10 am to 5 pm on Saturday. Admission will be free.

Dan Morgan and Ron Edwards, student coordinators for the event, said more than 100 students from high schools and junior high schools in San Luis Obispo and Santa Barbara Counties have entered original work from their industrial arts classes in the show. Entries in such classes as plastics, metal crafts, drafting, auto power, graphic arts, wood, electricity, and electronics will be judged and merchandise prizes totaling several hundred dollars will be awarded in each class.

The purpose of the show, which is being sponsored by Cal Poly's Industrial Technology Department, is to give high school and junior high school industrial arts students an opportunity to exhibit their best work.

FACULTY PROMOTIONAL FUNDING STILL PENDING

With the 1975-76 budget for The California State University and Colleges system still under consideration by the Legislature, it is still premature to announce promotions, President Robert E. Kennedy has indicated. He referred to an earlier announcement (Cal Poly Report, April 15) extending the prescribed date of May 1 (when faculty members are to be notified of promotion or nonpromotion), as established by the Campus Administrative Manual.

Although subsequent information (Cal Poly Report, April 29) indicated the Department of Finance has supported restoring faculty promotional funds to the 1975-76 budget, the funding has not yet been finalized. If the proposed funds remain in the budget, \$660,816 will be available for faculty promotions, an amount adequate to fund all the promotions previously proposed for the system by the Board of Trustees (with the exception of 55 positions which have been proposed to be held by the Chancellor's Office).

President Kennedy said that faculty promotions become effective Sept. 1, and that all concerned will be advised as soon as assurance is received from state officials that promotion funding will be available for 1975-76.

FINAL REPORT ON AID/UNITED GIVERS CAMPAIGN

President Robert E. Kennedy has announced that, for the second consecutive year, Cal Poly employees have contributed more than \$24,000 to the AID/United Givers campaign. Final tabulations show that \$24,541 was given in cash or pledges during the campaign conducted in November and December of 1974. President Kennedy pointed out that these contributions exceeded those of the previous year by approximately \$500. Contributions made by Cal Poly employees are approximately 20% of the total amount raised in the county during the last AID/United Givers drive.

Local, non-profit youth and service agencies in San Luis Obispo County will benefit from Cal Poly's efforts. Agencies which will benefit from this drive include: Achievement House, American Cancer Society, Boy Scouts, Camp Fire Girls, Children's Home Society, Crippled Children's Society, Girl Scouts, Heart Association, Hot Line, Mental Health Association, Middlehouse, Muscular Dystrophy, Red Cross, Salvation Army, YMCA, and others. President Kennedy expressed appreciation to the 676 Cal Poly employees whose contributions can be viewed as an example of the ever growing involvement of the Cal Poly campus community with the needs and concerns of San Luis Obispo County residents.

NEW ELECTION TO UNSCRAMBLE A S I PRIOR ELECTION

Cal Poly students will go to the polls for a third time in as many weeks on Wednesday and Thursday (May 21 and 22) in an attempt to elect a president of the Associated Students, Inc. Both Mike Hurtado and Rob Chappel failed to receive a majority of the votes in the run-off election held last Wednesday and Thursday (May 14 and 15).

A fluke in the election code which permitted a write-in campaign on behalf of Kevin O'Conner was the reason. O'Conner garnered 88 votes and prevented either Hurtado or Chappel from winning a majority. Chappel received 2,402 votes and Hurtado, 2,372. A total of 4,910 students cast ballots. Because 48 ballots were voided, it would have required 2,431 votes to win the election.

In the vice-presidential run-off held also on Wednesday and Thursday of this week, Phil Bishop defeated Roland Hill, 2,500 to 2,171. Kathy Carlson was named secretary, and Pamela W. Fisher, chief justice, in the first ASI election on May 7 and 8.

MCGRATH WILL RETURN TO TEACHING

At his request, James M. McGrath (Head, Engineering Technology) will return to full-time teaching with the beginning of the Fall Quarter, 1975. McGrath has been head of the Engineering Technology Department since 1973. The formal selection process for selecting a new department head will begin in the near future.

During the interim period, Frederick M. Bergthold (Engineering Technology) has been named by President Robert E. Kennedy as acting department head. Bergthold, who has been on the Cal Poly faculty since 1969, will serve in the position until a permanent department head is named.

MEMORIAL DAY IS ACADEMIC HOLIDAY

Memorial Day, which is Monday (May 26), is an academic holiday for all Cal Poly faculty, staff, and students. Classes will not be in session and all state offices on campus will be closed except for emergency services.

POSTSECONDARY COMMISSION SETS "MAJOR PRIORITIES"

The California Postsecondary Education Commission has designated seven areas of postsecondary education as "major priorities" for 1975-76. During the next twelve to eighteen months, the Commission and its staff will devote primary attention to:

- Development of a statewide information system for postsecondary education
- Review of academic budgets, plans and programs, and facilities as they affect statewide coordination and planning
- Comprehensive planning for adult and vocational education
- Regional approaches to planning for postsecondary education
- The role of California's proprietary schools and colleges
- Programs to provide equal opportunity of access to postsecondary education and affirmative action in the employment of ethnic minorities and women by educational institutions
- Collective bargaining legislation affecting postsecondary education

Donald R. McNeil, Director, described the seven priorities as "significant areas and problems in postsecondary education which call for prompt attention and action" and ones which relate directly to the Commission's responsibility for statewide coordination and planning. Dr. McNeil also pointed out the priorities reflect many of the concerns and interests voiced by legislators during his meetings with them.

ANNUAL COMPETITION FOR OVERSEAS STUDY OPENS

The Institute of International Education has announced the official opening of the 1976-77 competition for grants for graduate study or research abroad in academic fields and for professional training in the creative and performing arts. It is expected that approximately 550 awards to 50 countries will be available for the 1976-77 academic year. The purpose of these grants is to increase mutual understanding between the people of the United States and other countries through the exchange of persons, knowledge, and skills. They are provided under the terms of the Mutual Educational and Cultural Exchange Act of 1961 (Fulbright-Hays Act) and by foreign governments, universities, and private donors.

Applicants must be US citizens at the time of application, who will generally hold a bachelor's degree or its equivalent before the beginning date of the grant and, in most cases, will be proficient in the language of the host country. Except for certain specific awards, candidates may not hold the Ph.D. at the time of application. Candidates for 1976-77 are ineligible for a grant to a country if they have been enrolled in a university or doing research in that country during the academic year 1975-76.

Creative and performing artists are not required to have a bachelor's degree, but they must have four years of professional study or equivalent experience. Social work applicants must have at least two years of professional experience after the Master of Social Work degree; candidates in medicine must have an M.D. at the time of application. Selection is based on the academic and/or professional record of the applicant, the validity and feasibility of his proposed study plan, his language preparation and personal qualifications. Preference is given to candidates between 20 and 35 years of age who have not had prior opportunity for extended study or residence abroad.

Information and application forms may be obtained from Michael Worth (Fulbright Program Advisor) at the International Education Office, Tenaya 138, ext. 2147. The deadline date for receipt of applications in his office is Aug. 30, 1975.

● CONSORTIUM EXTERNAL DEGREE PROGRAMS

The Consortium of the CSUC statewide external degree program proposals in the following academic areas have been received on campus, according to Donald M. Morris (Associate Dean, Continuing Education):

- Arts and Sciences, Bachelor of Arts Degree
- Vocational Education, Master of Arts Degree
- Health Care Education, Bachelor of Arts Degree
- Early Childhood Education, Master of Arts Degree (preliminary description)
- Environmental Planning, Master of Arts Degree (preliminary description)

In addition, the Office of Continuing Education has received a brief description of the Consortium proposal in public administration leading to the Degree of Master of Public Administration. Proposals still to be received will be in the fields of Business Administration (Bachelor of Arts) and a Master of Education proposal.

Consortium external degree programs that are presently in operation include:

- B.A. degree in the Humanities (leads to a degree from California State College, Dominguez Hills).
- M.A. degree in the Humanities (leads to a degree from California State College, Dominguez Hills).
- B.A. degree in Liberal Arts (leads to a degree from California State College, Sonoma).

Any person interested in additional information on individual programs may request specific brochures from the Office of Continuing Education, Ext. 2053.

● FOUNDATION EMPLOYEES GAIN HEALTH BENEFITS PARITY

Employees of California Polytechnic State University Foundation will achieve parity with State employees for health benefit plans as the result of an action by the Board of Directors of the Foundation. President Robert E. Kennedy signed the board's resolution fixing the employer's contribution at the present level of that available to State employees. Current rates for the employer's contribution under the Meyers-Geddes State Employee's Medical and Hospital Care Act are \$21 for self, \$36 for self and one family member, and \$46 for self and two or more family members. The resolution also provides for periodic adjustments as necessary to maintain parity with the State contribution level. President Kennedy noted that the action is part of the Foundation's program for parity in employee benefits for Foundation employees.

● ANNUAL U. S. SAVINGS BOND PROGRAM

Governor Brown has designated May 19 through May 30 as the period during which the annual U. S. Savings Bond drive will be conducted. Each faculty and staff member will be provided with a brochure outlining advantages of participation in this program and provided with the necessary forms for starting payroll deductions. President Robert E. Kennedy has urged the University community to give serious consideration to the support of the savings bond campaign which serves to protect and strengthen the economic future of the Country and at the same time provide a regular savings program.

Anyone having questions with regard to this program, should contact Robert M. Negrant (Staff Personnel Officer) in the Personnel Office, Ext. 2236.

BLACK HISTORY MURALS UNVEILED

Reproductions of two murals tracing the role of the black man in California history will be on permanent display at Cal Poly after having been presented to the university last week. Ivan A. Houston, Sr., president of Golden State Mutual Life Insurance Company, presented the panels to Casandra Guyton, president of the Cal Poly Black Students Union, who in turn presented them to the university's president, Dr. Robert Kennedy. The gift from the Los Angeles-based insurance company was made during a ceremony held on Thursday (May 8) in the second floor foyer of the Walter F. Dexter Library.

Measuring four feet by two feet, the black-and-white reproductions are copies of original color murals by Charles Alston and Hale Woodruff which have adorned the lobby of the home office of Golden State Mutual since 1949. The two black artists visited state and private libraries and historical sites in California before beginning work on their paintings. Alston's mural incorporates documentary material, much of which does not appear in many reports of California history. It includes portrayals of such historic people as Estevanico, a guide with Cabeza de Vaca; philanthropist Biddy Mason; William Leidesdorff, a city government official and trader; and U.S. Counsel Thomas O. Larkin.

The mural by Woodruff illustrates the century of settlement and development from 1850 to 1949. Included are scenes of gold mine workers, workmen on the Golden Gate Bridge, Pony Express riders, and the Convention of Colored Citizens of California. In brief remarks during the presentation, President Houston said Golden State Mutual Life Insurance Company felt a need "to show what our black ancestors have done in the development of California." Golden State Mutual, which was founded in 1925 by William Nickerson, Jr., a black man, currently has more than \$1 billion of insurance coverage in force. The murals and accompanying legends explaining the various scenes, will be on permanent display in the campus library at Cal Poly.

TWO MORE CARE GRANTS APPROVED

The Research Committee has recommended, and Hazel J. Jones (Vice President for Academic Affairs) has approved, two CARE grants, one in the amount of \$600 to Carl E. Lutrin (Political Science), and the other in the amount of \$150 to Dragoslav M. Mistic (Environmental Engineering). The grant to Dr. Lutrin will aid in his study on behavioral characteristics of public safety officials. The grant to Dr. Mistic will aid in his study of parallel and consecutive adsorption from two-component solutions.

PURCHASING DEADLINE REMINDER

All requests (Purchase Requisitions) for supplies or equipment which are to be charged to current 1974-75 appropriations must reach the University Purchasing Office by Monday (June 2) for all items which can be purchased for less than \$1,000.

THURSDAY COFFEE HOUR WILL HONOR FOLSOM

Volmar A. Folsom (Mathematics), who will retire in July after having been a member of the Cal Poly faculty for 29 years, will be honored during a coffee hour to be held Thursday (May 29) between 2:30 pm and 4:30 pm in the Staff Dining Room. The many friends of Mr. Folsom and his wife, Viola, are invited to attend the coffee hour and wish them well. The Mathematics Department will host the event. In addition to his teaching duties, Folsom has also served as Mathematics Department Head, Relations with Schools Coordinator, and has been in charge of the Poly Royal Mathematics Contest for the past 22 years.

● PARKING PAYROLL WITHHOLDING REMINDER

Faculty and staff who already participate in payroll withholding for the payment of parking fees under the 12 month plan should have received during the past week a mail request, at their home address, to confirm vehicle data and mailing address. The confirmation card should be returned to the University Accounting Office, Admin. 131, by Friday (May 23).

If a participant in the 12 month plan has not received a confirmation request in the mail, he or she should go to Admin. 131 at the earliest convenience and see Mary Ann Lefebvre. New annual permits will be sent to 12-month participants by first class mail to their home addresses about June 16. Annual permits for 1975-76 for alternate vehicles may be purchased for \$2 per vehicle from the University cashier, Admin. 131, on or after June 16.

Faculty and staff not currently participating in the program are reminded that the program may be started with the summer quarter. Individuals wishing to participate in the 12-month plan will not be required to make a cash payment if they complete the necessary procedures for payroll withholding on or before June 13. Application may be made after that date (June 14 - July 15); however a cash payment of \$3.33 will be required. New annual permits will be made available to 12-month plan participants about June 16.

Individuals wishing to begin participation in the 9-month Academic Year plan will not be required to make a cash payment if their application is completed prior to June 13. If the application is completed during the period of June 14 - July 15, a cash payment of \$2.50 will be necessary. New annual permits will be furnished to 9-month plan participants about September 15. Individuals wishing to begin participation in the payroll withholding plan should go to the Payroll Services Office in Admin. 109 to obtain forms CD-88 and FO 7403. They should then take these completed forms to the University Cashier in Admin. 131-E.

● "SPRING FLING" PLANNED

The 1975 Spring Fling of the Cal Poly University Club men will be held this year on Saturday (May 31) at White Oak Flat at Santa Margarita Lake. The BBQ will be served at 12 noon, one hour earlier than it has been in the past years. Be there on time to assure proper cooking time for food. Participants may enjoy boating, fishing, horse-shoe pitching, and other outdoor activities. Tickets for University Club members will be \$4 and \$5 for non-members. Those taking cars into the Santa Margarita Lake area will be reimbursed the \$1 parking entry fee.

Tickets may be obtained from: Robert Adams (Plant Operations), Russell K. Anderson (Animal Science), Robert Baldrige (Theatre), James Barrios (Custodial Staff), Howard Brown (Ornamental Horticulture), Louie Budoff (Foundation Custodial Staff), Everette Dorrough (Foundation Food Services), George G. Gowgani (Crop Science), Ferdinand Herriman (Grounds Staff), James M. McGrath (Engineering Technology), Charles E. Mendenhall (Public Affairs), James G. Neelands (Physics), Ed Roberson (Power Plant), Owen L. Servatius (Business Administration), J. Murray Smith (Speech Communication), Richard Tartaglia (Plant Operations), and Guy H. Thomas (Graphic Communications).

● GOLF TOURNEY REMINDER

A limited number of openings remain for the Cal Poly University Club Golf Tournament to be played at the San Luis Bay Club in Avila Beach on Saturday (May 24). Those interested in playing who have not already made reservations, please phone William C. Armentrout (Education) at Ext. 2592 or George Davies (Admissions) at Ext. 2311.

POLY POMONA GROUP WILL PERFORM

A concert of choral music will be presented by the Chamber Singers of Cal Poly, Pomona, on Thursday (May 22). The 17-member mixed ensemble will perform under the direction of Charles Lindsley at 11:10 am in Harold P. Davidson Music Center 218. Admission will be free and the public is invited to attend.

Programmed for the concert by the Cal Poly, Pomona, singers are varied works appropriate for small vocal ensembles including madrigals, motets, and contemporary works. The concert is being sponsored by the School of Communicative Arts and Humanities and the Music Department.

PHOTOGRAPHS IN EL CORRAL MINI GALLERY

Photographs taken of San Luis Obispo County by Tim Tyler (a junior in Ornamental Horticulture) will be on display in the El Corral Bookstore Mini Art Gallery through May 30.

The El Corral Bookstore will be closed Saturday (May 24) due to the Memorial Day Weekend.

ALL AMERICAN LUNCH AT VISTA GRANDE

An all American lunch will be offered at Vista Grande Restaurant on Wednesday (May 21) between 11 am and 2 pm. The menu for the all American lunch consists of: vegetable beef soup, fried chicken, mashed potatoes with pan gravy, green peas, corn bread, apple pie topped with American cheese and coffee, tea, or milk. The all American lunch will be complemented by special decorations and is priced at \$1.95.

FOOD FACILITIES OVER MEMORIAL DAY WEEKEND

John Lee (Food Service Director) has announced that the following Food Services will be available during Memorial Day Weekend (Saturday, May 24 through Monday, May 26):

Burger Bar - Saturday (May 24) - 10 am to 1 am
Sunday (May 25) - 12 noon to 11 pm
Monday (May 26) - 12 noon to 11 pm

Student Dining Room - Saturday (May 24) through Monday (May 26)
Brunch served 11 am to 1 pm
Dinner served 4:30 pm to 7 pm

The following areas will be closed for this three day holiday: Vista Grande Restaurant, Vista Grande Cafeteria, Snack Bar, Staff Room, Annex Sandwich Shop, Annex Donut Shop, Vending Cellar, and Vending Annex. All services will resume normal schedule on Tuesday (May 27).

HORTICULTURAL DISCOUNT EVENT

The annual "two-for-the-price-of-one" sale of the Ornamental Horticulture Department will be held on two weekends this year. Because of the three-day weekend beginning Saturday (May 24), the department has extended the sale to include Saturday (May 31).

Ornamentals and trees will be on sale on a "two-for-the-price-of-one" basis. Additionally, bedding and vegetable plants from student enterprise projects will be offered at sale prices. The sale will be held from 8 am to 5 pm on both May 24 and May 31.

CANDIDATES FOR FACULTY POSITIONS BEING SOUGHT

Candidates for positions on the faculty of the university are presently being sought, according to Donald L. Shelton (Director, Personnel Relations). Those interested in learning more about the positions are invited to contact the appropriate dean or department head. This university is subject to the requirements of Executive Order 11246 and is an Affirmative Action Employer. All interested persons are encouraged to apply. Following is a description of the available positions:

Lecturer (\$15,168-\$23,532/year), Business Administration Department, School of Business and Social Sciences. Duties and responsibilities include teaching Management, Management Policies and Business Research classes. Candidates must have a doctorate. Position available Summer Quarter 1975 and 1975-76 academic year.

Lecturer (\$2,514-\$3,372/quarter), (Part time--7/10 basis), Computer Science and Statistics Department, School of Science and Mathematics. Duties and responsibilities include teaching lower and upper division courses in statistics. Candidate must possess an M.S. in statistics or a related subject matter field. Preference will be given to candidate with college or university teaching experience in statistics and/or industrial experience involving the applications of statistics. Appointment for Summer Quarter 1975 only. Position available June, 1975.

Lecturer, Range B (\$3,960-\$4,816/quarter), History Department, School of Communicative Arts and Humanities. Duties and responsibilities include teaching four U.S. History (general education) courses. Emphasis is on 20th Century America and recent foreign affairs. Candidates with a doctorate preferred. Position available Fall Quarter 1975 only.

Lecturer (\$3,960-\$4,816/quarter), Engineering Technology Department, School of Engineering and Technology. Position open Fall Quarter only of 1975-76 academic year. Duties and responsibilities include teaching courses in Mechanical Technology, including drafting (both lecture and laboratory), student advisement, and Senior Project advising. Masters degree in Mechanical Engineering, at least five years industrial experience, registration as a Professional Engineer and/or prior teaching experience desired.

Lecturer (\$3,960-\$4,816/quarter), Engineering Technology Department, School of Engineering and Technology. Position open Fall Quarter only of 1975-76 academic year. Duties and responsibilities include teaching courses in Welding Technology (both lecture and laboratory), student advisement and Senior Project advising. Masters degree in Welding Engineering, at least five years industrial experience, registration as a Professional Engineer and/or prior teaching experience desired.

Lecturer (\$11,880-\$14,448/year), Engineering Technology Department, School of Engineering and Technology. Duties and responsibilities include teaching courses in Mechanical Technology (both lecture and laboratory), student advisement, and Senior Project advising. Masters degree in Mechanical Engineering, at least five years industrial experience, registration as a Professional Engineer and/or prior teaching experience desired. Position available September, 1975.

SUPPORT STAFF VACANCIES LISTED

Vacant support staff positions have been announced by Robert M. Negranti (Staff Personnel Officer). Descriptions of the positions and other vacancies are posted outside the Personnel Office, Adm. 110, ext. 2236. Contact the Personnel Office to obtain an application. This university is subject to the requirements of Executive Order 11246 and is an Affirmative Action Employer. All interested persons are encouraged to apply. The positions are:

Clerical Assistant II-A (\$561-\$682/month), Electronic & Electrical Engineering, School of Engineering & Technology. Duties and responsibilities include acting as receptionist, general office support and must have the ability to do difficult engineering typing and drawing of circuit diagrams. Requirements: high school graduate with at least one year's clerical experience, typing 45 wpm, and must have taken the General Clerical Test. Closing date: May 27, 1975.

Intermediate Account Clerk (\$561-\$682/month), Financial Operations, Business Affairs Division. Duties and responsibilities include preparation of University obligations for the payment by matching with supporting documentation; verification of footings, extensions and other related computations; calculation of allowable discounts and preparation of payment instruments. Requirements: high school graduate with at least one year's experience in keeping or reviewing financial or statistical records. Applicants with excellent clerical skills; ability to type with accuracy at 45 wpm or better; college-level accounting training or ability and desire to complete such training; desirable. Closing date: May 30, 1975.

Keypunch Operator (\$601-\$730/month), Computer Center, Administrative Affairs Division. Duties and responsibilities include operating IBM keypunch and verifying machines, assisting in sorting and tabulating and performing related clerical tasks. Requirements: high school graduate with six months of experience in the operation of IBM keypunch machines, and must have taken the General Clerical Test. Keypunch proficiency test will be given. Closing date: May 30, 1975.

Clerical Assistant II-A (\$561-\$682/month), Records Office, Student Affairs Division. Duties and responsibilities include working with student records in University Records Office, assisting with registration, preparation of grades, and other clerical duties as required. Requirements: high school graduate with at least one year of clerical experience, typing at 45 wpm, and must have taken the General Clerical Test. Closing date: May 27, 1975.

Typewritten copy intended for the next issue of Cal Poly Report must be received prior to 12 noon on Friday (May 23) in the Public Affairs Office, Adm. 210. Copy intended for Cal Poly Dateline is due in the Public Affairs Office by 12 noon on Tuesday (May 20).

WHO . . . WHAT . . . WHEN . . . WHERE ? ? ?

Teymoor Gedayloo (Physics) is a recipient of a joint grant to conduct research at the University of Kansas this summer. Dr. Gedayloo's work will focus on electron paramagnetic resonance studies on detection and treatment of cancer. This research will be carried out with faculty members from the Department of Radiation Biophysics and from the University Medical Center at the University of Kansas.

Walter E. (Walt) Elliott, Arthur Z. Rosen, and Keith S. Stowe (all Physics) attended the annual spring meeting of the American Association of Physics Teachers, Southern California Section, on May 3 at the University of California, San Diego. Dr. Elliott presented a paper on science education for the 21st century.

James L. Fitts and Daniel E. Krieger (both History) participated in the Pacific Coast meeting of the Conference on British Studies held at the University of California, Santa Barbara, in February, and in the International-Northwest meeting of the Conference held at Simon Fraser University in British Columbia on Apr. 16-17. Dr. Krieger presented a paper titled, "Lloyd George and the African Peace Treaty," and Dr. Fitts read his paper, "Winston Churchill, a Conciliatory Politician," to the 150 attending conference members.

Roy E. Anderson, Charles T. Andrews, Lawrence E. Baur, Jr., Wallace H. Burt, David Nutter, and Karl Putnam (all Business Administration) attended the 10th annual Western Regional meeting of the American Accounting Association in Monterey on May 2-3.

Jack B. Jones (Education) has been elected to the position of Director of Area V of the California Reading Association. Dr. Jones, in cooperation with Mr. John Dagle, has also prepared recommendations regarding juvenile procedures at the request of Sheriff John Pierce.

Roger L. Keep and Raymond A. Wysock (both Industrial Technology) attended the Industrial Arts Curriculum Project Conference held in Charleston, S.C., on Apr. 29-May 2. The Ohio State University Foundation sponsored the conference and financially supported all participants during their stay, the objective being to spread knowledge of the IACP innovative program throughout the U.S.

John M. Rogers and Sham S. Luthra (both Computer Science and Statistics) attended the April meeting of the Southern California chapter of the American Statistical Association held in Hawthorne. They arranged to have Cal Poly students participate in the June 4 meeting, where students will meet practicing statisticians and learn their work in business and industry.

Irvin J. Kogan and William E. Krupp (both Engineering Technology) attended the spring conference of the California Council of Electronic Instructors at Sierra College on May 2-3. Nine presentations were given by members of educational institutions or industry ranging from "Recruiting Students for High School Electronics" to "Applications of the Minicomputer and Microprocessor."

Arthur H. Frietzsche (English) represented Cal Poly at the Northern California Renaissance Conference, held this year at Holy Names College in Oakland, on May 10. A special feature was the production of the early farce "Gammer Gurton's Needle."

(Continued on Page 10)

WHO...WHAT...WHEN...WHERE??? (Continued from Page 9)

Ruth H. James (Home Economics) presented two workshops on developing competencies, objectives, and individualized learning modules for teachers of home economics at the National CBE Conference held at Wayne State University, Detroit, on May 6-9.

Edward Wilk (Library) participated in the CLA Northern California Collections Development Chapter's Workshop on Women's Collections at the University of California, Davis, on Apr. 25. The objective of the workshop was to aid librarians to build their library's collections in the inter-disciplinary areas of Women's Studies.

Chi Su Kim (Library) attended the Northern CSUC Government Documents Librarians' meeting held at Fresno State University on Apr. 11. The purpose of the meeting was to exchange ideas on documents orientation programs and general administration of the documents collection.

Mary Lou Brady (Library) attended the fourth annual Festival of Children's Books held at Fresno State University on Apr. 11-12, which attracted approximately 1,000 people.

Priscilla Graham and Jean Lannon (both Library) represented Cal Poly at the Northern TIE Area meeting at the Laguna Junior High School Library on Apr. 15 for an informal discussion on TIE's future organization, operation, and programs.

Mary Lou Brady (Library) has received notification of her appointment to the CSUC Libraries' Learning Resources Center Committee from Mr. Harold F. Wells, chairman of the Steering Committee of the CSUC Council of Library Directors. The committee is considering audio-visual/library relationships, program costs, volume equivalencies, and space requirements.

Irving P. Babow (Social Sciences) has been advised that his article, "Functions and Dysfunctions of Alcohol," (published in the Journal of School Health, Oct. 1974) is being reprinted by Grassroots, the publication of the National Coordinating Council on Drug Education and the Student Association for the Study of Hallucinogens.

George J. Suchand (Social Sciences) attended the annual meetings of the California Council for Geographic Education at California State University, Chico, on May 9-10. Dr. Suchand served as chairperson for the session on cultural geography.

Walter P. Schroeder (Head, Education) was presented a recognition plaque on May 9 by the 816-member California Association of Work Experience Educators at the association's annual conference in San Diego. The inscription stated: "In sincere appreciation for the many services in support for work experience education programs in California schools." Dr. Schroeder stated that the recognition was an exceptionally fine tribute to Cal Poly for the strong backing given to conferences, workshops, extension courses, special projects, and other services provided work experience and career education in California.

OFF-CAMPUS POSITION VACANCY

Information on the administrative position vacancy listed below can be obtained from the Placement Office, Adm. 213, ext. 2501:

Eastern New Mexico University - President (no salary listed). Doctoral degree, administrative experience, knowledge of fiscal operations of the university, and proven academic and scholarly achievement to command the respect of the total university community required. Deadline for application is Aug. 1, 1975; effective date of appointment is Jan. 1, 1976.

encouraging notes

May 20, 1975

Bureaucracy in Action. The following statement by the editor of "Community and Junior College Corner," a section of the privately printed periodical, Federal Research Report, suggests some of the problems we all have and points out one solution that is being pursued:

"The United States Office of Education, through its new policy of requesting that proposals in competition for a grant award must be postmarked five days prior to the announced program deadline to guarantee acceptance for panel review, in effect reduces the amount of time for developing proposals by five days. The problem is compounded by the government's newly adopted procedure of announcing government support programs in the Federal Register and allowing a maximum of thirty days to develop and submit competitive proposals. From the time the announcement is made in the Federal Register one can expect a minimum of ten days to receive the materials required to complete the forms and develop the proposal to compete for available funds. With the limited amount of time provided for proposal development, it is little wonder that the quality of proposals is decreasing rather than improving. As a panel reader for USOE, I can attest to the poor quality of proposals regularly submitted for funding. Developing a quality proposal requires much more time than the ten days to two weeks that the new USOE procedure allows. Dr. Richard Byerly, a member of the Iowa State Legislature, and Iowa Congressman Neil Smith are generating interest among colleagues to encourage USOE through congressional action to change their restrictive grants policy."

* * * * *

Russell Sage Foundation - Research Interests. In their annual report for 1973-74, the Sage Foundation set out their areas of research interest for the coming years. Eight areas are identified. Four which are designated as major areas are those where larger appropriations are expected over the coming years. The others, the minor areas, are those where funds are expected to shrink over the next few years.

Major program areas: Law and social science; assessing organizational performance; civil liberties and social control; aging.

Minor program areas: Changing social roles; historical studies of social policy; philanthropy; increasing the use of social science research.

For information about particular areas, contact:

Exxon Education Foundation. July 1, 1975, is the next deadline for Exxon's IMPACT program. Grants averaging \$6,000 will be awarded to colleges interested in establishing innovative projects on their campuses. The Exxon Foundation will disseminate information about certain education innovations of demonstrated merit and will share the cost of implementation with institutions that wish to adopt one. The institution

submitting an application is expected to demonstrate that it is sufficiently interested in the project to commit faculty time as well as financial and other resources to the implementation process. Although the foundation will not fund more than one implementation per institution, an institution may receive more than one IMPACT grant for the implementation of different innovations. Additional information is available in Administration 317 or may be obtained from:

IMPACT Program

Rockefeller Foundation - Arts and Humanities. The Rockefeller Foundation plans to place stronger emphasis on the arts and humanities during the next few years. The foundation is planning to spend a total of about \$200 million over the next five years, depending on the nation's economy. That amount will be divided into seven categories:

1. "The Arts, the Humanities, and Contemporary Values"
2. Making the arts more central to general education
3. Assisting creative artists
4. Institution building, i.e., assisting existing theater companies, musical groups, arts centers, etc.
5. Values, ideas, symbols, and law
6. American identity - America's cultural heritage
7. The public humanities

The foundation also plans to emphasize the arts and humanities through the use of television media, by encouraging presentations by artists, humanists and other "non-TV professionals". For other information:

RANN Regional Seminars. The staff of the Research Applied to National Needs (RANN) program of the National Science Foundation will conduct eleven one-day seminars across the country between May 15 and June 13, 1975. In our area, there's one at Stanford on June 5 and one at UCLA on June 4. There's no registration fee, but attendees will be expected to arrange their own transportation, lodging, and meals. If you're interested in attending, check with Howard Boroughs in Adm 317.
