PRESIDENT URGES LEGISLATIVE SUPPORT for LIFE SCIENCE BUILDING

- ★ The fate of Cal Poly's \$6.25 million Life Science Building may turn on actions to be taken by two legislative committees scheduled to meet today (Tuesday, May 27). President Robert E. Kennedy spent Memorial Day and today in Sacramento meeting with the chairmen of the two committees in an effort to obtain a favorable decision on the proposed building.

Two subcommittees of the legislative committees have previously heard justification for the Life Science Building's inclusion in The California State University and Colleges capital outlay budget for 1975-76. The Life Science Building was supported by representatives of both the Legislative Analyst and the Department of Finance at a hearing before the Senate Finance Subcommittee in March. However, the project was not included in the subcommittee's report revealed last Monday, and Dr. Kennedy met Monday with the subcommittee chairman, Senator Walter Stiern, and representatives of the Chancellor's Office to have the building included in the report.

Dr. Kennedy said this morning, "It looks good at this point." He indicated that Senator Stiern had agreed to recommend including the building for consideration by the full Senate Finance Subcommittee meeting later today.

The Life Science Building was also considered by a subcommittee of the Assembly Ways and Means Committee in April, and before that subcommittee it also received support from the Legislative Analyst and the Department of Finance representatives. Last Wednesday (May 21) the subcommittee of the Assembly Ways and Means Committee reported out with a "do pass" recommendation for the Life Science Building. The full Assembly Ways and Means Committee is also scheduled to take action on the building proposal today.

There is an indication that reverted capital outlay funds will be available for the Cal Poly building and two other projects in the CSUC system.

Although the building was not included in the capital outlay construction funds approved by the governor for the 1975-76 budget, it has the highest priority in the category of facilities needed for enrollment as submitted by the Board of Trustees of The California State University and Colleges. The Life Science Building will provide 19 badly needed laboratories for biological sciences, three lecture classrooms, and 41 faculty office spaces with related administrative and clerical support space.

The new Life Science building will accommodate 729 full-time students--524 in lecture areas and 205 in laboratory areas. The preparation of working drawings and specifications at a cost of \$316,000 is currently under way. If funded in 1975, the Life Science Building would receive an additional \$400,000 in equipment funds for 1977 and \$205,000 for equipment funds in 1978 when it would be open to student use.

★ DORROUGH APPOINTED FOOD SERVICE DIRECTOR

A man who has helped manage food service programs at Cal Poly for more than 20 years has been named director of food services. Everett E. Dorrough, who has been in charge of catering and other special services for the Cal Poly Foundation's Food Services Department for the past 10 years, assumed his new duties last week after confirmation of his appointment on Tuesday (May 20) by the Foundation's Board of Directors. Dorrough succeeds John Lee, who retired on Monday (May 19) after having been director of food service since 1972 and a member of the university's food services staff since 1960.

Alfred Amaral (Executive Director, Cal Poly Foundation) said the new director of food service programs at Cal Poly was selected from a field of 65 candidates for the post and was unanimously confirmed by the Foundation Board. Dorrough joined the university staff as manager of the El Corral fountain in 1953 after having been manager of several San Luis Obispo-area restaurants. He became manager of the campus snack bar in 1960 and served in that capacity until he was promoted to special services coordinator in 1965. Dorrough, who makes his home in San Luis Obispo, has received several awards and commendations for his outstanding service to Cal Poly in recent years. The university's Associated Students, Inc. presented its Charles E. Plath Award for outstanding staff employee service to him in 1972, and the Staff Senate named him the outstanding staff employee the following year.

★ FOUNDATION HONORS TWO RETIREES

In its recent meeting the Foundation Board of Directors approved two resolutions, each honoring a campus employee who has served the Foundation and is now about to retire.

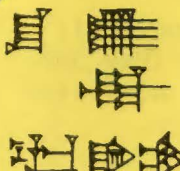

In the case of James M. McGrath (Head, Engineering Technology) the resolution states in part, "He has been a major source of counsel and assistance in the forming of major decisions and policies in the continuing development of the Cal Poly Foundation his ability to bring fresh insight into the problem solving duties of the Foundation Board of Directors the Board of Directors of the Cal Poly Foundation wishes to express to James M. McGrath their appreciation of his many years of service to the Foundation and the campus community, his interest in and compassion for his fellow man in all his dealings with this campus community, and his dedication and personal sacrifices in order to perform these duties." It was erroneously reported in the last week's issue of Cal Poly Report that McGrath would return to teaching in the Fall Quarter, 1975, rather than retiring.

In another resolution the Foundation commended John C. Lee (Director, Foundation Food Services) with the following words: "With his able assistance over the years the campus Food Services has developed and progressed into a many faceted organization providing an essential contribution to the campus community the Board of Directors of the Cal Poly Foundation wishes to express their appreciation to Mr. John C. Lee for his thoughtfulness and concern for the welfare and safety of Food Service employees, his desire to provide the finest possible cuisine to the campus community, and his loyalty and dependability while performing these services." An announcement of the appointment of Lee's successor appears elsewhere in this issue of Cal Poly Report.

★ ★ ★ ★ ★ ★ ★ ★ ★ ★

★ Typewritten copy intended for the next issue of Cal Poly Report must be received prior to 12 noon on Friday (May 30) in the Public Affairs Office, Adm. 210. Copy intended for Cal Poly Dateline is due in the Public Affairs Office by 12 noon on Tuesday (May 27).

★ STAHL APPOINTED FOREIGN LANGUAGES HEAD

 The appointment of Verlan T. Stahl to the position of head of the Foreign Languages Department at Cal Poly has been announced by President Robert E. Kennedy. Dr. Stahl, who has been acting head of the department for the past year and a member of the university faculty since 1968, assumed his new title immediately. President Kennedy said the appointment was recommended by Jon M. Ericson (Dean, Communicative Arts and Humanities) and by a committee of faculty from the department.

A native of Bakersfield, where he attended Bakersfield High School and Bakersfield College, the new department head is a graduate of University of the Pacific, Florida State University, and University of Madrid in Spain, where he earned his doctor's degree in Spanish. He has also studied at University of San Marcos in Lima, Peru. Before joining the Cal Poly faculty, Dr. Stahl served as American program officer in Madrid for the Fulbright Commission, as a member of the faculty at Florida State and at Wake Forest University in North Carolina, and as assistant to the vice president of W.B. Camp and Sons, a San Joaquin Valley area investment concern.

Dr. Stahl, who also served as acting head of the Foreign Languages Department during the 1973 Winter, Spring, and Summer Quarters, was involved in the planning that led to establishment of the Cal Poly department in 1970. A resident of Pismo Beach, Dr. Stahl has been an active participant in programs of the Foreign Languages Conference of the California State University and Colleges. He also belongs to the American Association of University Professors, the American Association of Teachers of Foreign Languages, and related state and local affiliates of both associations.

★ VOELTZ WILL RETURN TO TEACHING

President Robert E. Kennedy has approved the request of Herman Voeltz (Head, History) to return to full-time teaching at the end of the Fall Quarter, 1975.

President Kennedy said, "During your tenure as department head, the History Department has improved the quality of its curriculum and has maintained high standards of teaching effectiveness. I extend my appreciation for your every constructive effort on behalf of the department and university."

The appropriate procedures for establishing a search for a new head for the History Department will be implemented in the near future.

★ FOUNDATION BOARD CHANGES REPORTED

Walter Holtz (Head, Environmental Engineering) has been appointed by President Robert E. Kennedy to a four-year term on the Foundation Board of Directors. He will fill the vacancy created as a result of the impending retirement of James M. McGrath (Head, Engineering Technology). Holtz, who has been Head of the Environmental Engineering Department since September, 1969, has been a member of the faculty since 1968.

J. Cordner Gibson (Dean, School of Agriculture & Natural Resources) and Eugene A. Rittenhouse (Director, Placement) have been reelected to four-year terms on the Board. Election of officers for the Foundation Board of Directors resulted in the following: Robert E. Kennedy, President; Dale W. Andrews, Vice-President; Everett Chandler, Secretary-Treasurer. Alfred W. Amaral is the Executive Director of the Foundation and James Neal is the Comptroller.

★ ORCHESTRAL/CHORAL CONCERT PLANNED

The Cal Poly Chamber Orchestra and University Singers will combine their talents for the final concert of their 1974-75 seasons on Friday (May 30). The concert will take place at 8:15 pm in the Cal Poly Theatre. Admission will be free and the public is invited to attend.

Programmed for the performance, according to John G. Russell and Clifton E. Swanson (both Music), who will share the baton for the event, are compositions by Beethoven, Mozart, Bach, and Schein. Ronald V. Ratcliffe (Music) will be featured as soloist in the orchestra's rendition of Mozart's Piano Concerto No. 23 in A major, K.488. A member of the faculty since 1963, Ratcliffe has gained a reputation for his fine solo performances on the piano and harpsichord throughout the West Coast in recent years. He also performed on a British Open University program televised last year by the British Broadcasting Corporation.

Russell, who joined the Cal Poly music faculty in 1968, will conduct the University Singers. He formerly taught at California State University, Fresno, and is choral conductor for the San Luis Obispo Mozart Festival. Swanson, who also is conductor of the San Luis Obispo County Symphony, has been a member of the Cal Poly faculty since 1967. He formerly taught at University of Texas and has been musical director of the Mozart Festival since its organization in 1971.

The May 30 concert is being presented by the Cal Poly Music Department.

★ JAZZ SOUNDS WILL BE HEARD

A lively evening of jazz featuring four campus musical ensembles will take place on Friday (June 6) at Cal Poly. Jazz Night, which has become an annual musical tradition, will take place in the Cal Poly Theatre. Curtain time will be 8 pm. General admission tickets for the performance will be \$1 for students and \$2 for others. They will be sold in advance at the University Union ticket office.

Featured during the evening will be the University Jazz Band-Collegians, an 16-piece big band ensemble directed by Graydon Williams (Music); the Cal Poly Studio Band, a 20-member group led by William V. Johnson (Music); the Ragtime Ensemble with Clifton E. Swanson (Music) as conductor; and C P's Strutin' Dixie Six, a recently organized addition to Cal Poly's musical repertoire formed by six students. Also planned during the June 6 concert will be an appearance by the Betty Boop look-alike, who will be selected in the 2nd annual Betty Boop look-alike contest to be held on Thursday, May 29, during the University Jazz Band's 11 am concert in the plaza of the University Union.

★ FOLK DANCE FESTIVAL WILL TAKE PLACE

Folk dancing for all will be the focus of attention during the fourth annual Community Dance Festival on Saturday (May 31) at Cal Poly. The free dance festival will be held from 2 to 4 pm on the lawn behind the Cal Poly Theatre near Grand Ave. The program is being planned for all ages and the public is urged to attend.

Being presented by students in Cal Poly's Women's Physical Education Department as a class project under the direction of Moon Ja Minn Suhr (Women's Physical Education) the festival will feature instruction in a number of dances from throughout the world and demonstrations of yet other dances. Dances from Israel, Russia, Mexico, England, Sweden, Scotland, and the United States will all be included on the program.

"WELL DAY" PROVIDES HEALTH INFORMATION

A unique program which will focus on preventive medicine will be offered at the Student Health Center on Thursday (May 29) which has been designated "Well Day" by the Health Center staff. Well Day will offer displays, demonstrations, and staff lectures which will emphasize the Health Center's daily activities in areas of preventive medicine.

Mike Looney (Health Educator), chairman of the committee coordinating the event, said that Well Day is primarily for students, but that the center will welcome visits by faculty and staff members, as well as individuals from the community. Although Well Day is similar to a health fair, it will basically highlight the availability of the regular services offered by the Health Center. "Most students think of visiting the Health Center only when they are ill," Looney said. "However, Well Day is intended to help students to avoid the discomfort of illness and repair jobs."

The Well Day program will be conducted from 8 am to 5 pm with students and others invited to drop in on the Health Center at any time during the day. On-going audio-visual displays and staff demonstrations will be featured. Door prizes and a toothbrush exchange will be included in the program. "As part of our oral health program, we will distribute toothbrushes to the first 250 persons who turn in an old toothbrush," Looney said.

One of the planned displays will be a demonstration of a physical examination conducted by a member of the medical staff. Subjects for the physical examination demonstration will have their bodies painted to indicate heart, lungs, and vital organs. The aim of the demonstration will be to provide consumer education for students and others so that they will have an idea of what constitutes a good, complete physical examination.

Also planned are displays, demonstrations, and distribution of free literature on primary prevention and secondary prevention or detection and screening processes for such subjects as: aerobics, alcohol, allergies, athletic medicine, automobile safety, cancer, child-proof packaging, colds, drugs, economics of care, first aid, flu, genetic advice for couples, hay fever, heart problems, hypertension, immunization, mental health, nutrition, oral health, smoking, venereal disease, women's health problems, and many other topics. A display of books recommended by the Health Center staff on health and preventive medicine will be included in the Well Day program.

"Cal Poly has an outstanding health education program," Looney said. No Health Center in the state college and university system is as well staffed in the area of preventive medicine. The Health Center's advisory student health council has endorsed the program and will be providing volunteers. Members of the Biological Sciences Department's paramedical class and the Health Center's peer counseling program will also provide volunteers for the Well Day program.

★ CHILDREN'S CENTER HAS OPENINGS

The Cal Poly Children's Center has a limited number of openings for children, ages 2-5 years, of staff and faculty for the Summer Quarter, 1975. A balanced learning program will be provided. Hours for the Summer Quarter will be 8 am to 12 noon. Contact Alva Davis (Director, Children's Center) at ext. 4726 for more information.

★ SPECIAL EQUITY ADJUSTMENT FOR CERTAIN POSITIONS

Certain positions were approved by the Chancellor's Office for a special equity salary adjustment retroactive to July 1, 1974. Following are the positions affected and the percent increase. The increase will be included on the May warrant (issued June 1). The Controller's Office has released the retroactive salary increase check (covering the period July 1, 1974 through April 30, 1975).

Code Number	Class Title	Salary Range From		Salary Range To		Effective Date	Percent Increase
1450	Duplicating Machine Operator I	\$ 558-679	(6696-8148)	\$ 572-695	(6864-8340)	7/1/74	2.5
1463	Duplicating Machine Supervisor II	866-1053	(10392-12636)	887-1079	(10644-12948)	7/1/74	2.5
1464	Duplicating Machine Supervisor I	748-909	(8976-10908)	767-932	(9204-11184)	7/1/74	2.5
1466	Duplicating Machine Operator II, Offset	646-786	(7752-9432)	662-805	(7944-9660)	7/1/74	2.5
1467	Duplicating Machine Operator II, Direct Impression	616-748	(7392-8976)	631-767	(7572-9204)	7/1/74	2.5
1470	Reproduction Processes Supervisor II	909-1105	(10908-13260)	932-1132	(11184-13584)	7/1/74	2.5
1471	Reproduction Processes Supervisor I	825-1003	(9900-12036)	845-1027	(10140-12324)	7/1/74	2.5
1472	Reproduction Processes Assistant	713-866	(8556-10392)	730-887	(8760-10644)	7/1/74	2.5
0625	Head Farmer II	983-1195	(11796-14340)	1058-1286	(12696-15432)	7/1/74	7.5
0637	Farm Hand	634-734	(7608-8808)	649-752	(7788-9024)	7/1/74	2.5
0645	Campus Orchard Technician	892-1084	(10704-13008)	914-1111	(10968-13332)	7/1/74	2.5
0671	Supervising Horse Trainer	841-1022	(10092-12264)	862-1048	(10344-12576)	7/1/74	2.5
0672	Hog Ranch Operator	809-983	(9708-11796)	829-1008	(9948-12096)	7/1/74	2.5
0673	Horse Trainer	763-927	(9156-11124)	782-950	(9384-11400)	7/1/74	2.5
0680	Dairy Technician	983-1195	(11796-14340)	1008-1225	(12096-14700)	7/1/74	2.5
0687	Feed Mill Operator	883-1073	(10596-12876)	905-1100	(10860-13200)	7/1/74	2.5
2844	Photographer II	1003-1219	(12036-14628)	1027-1249	(12324-14988)	7/1/74	2.5
2845	Photographer I	866-1053	(10392-12636)	887-1079	(10644-12948)	7/1/74	2.5
1111	Payroll & Personnel Trans. Clerk I	561-682	(6732-8184)	589-716	(7068-8592)	7/1/74	5.0
1110	Payroll & Personnel Trans. Clerk II	682-829	(8184-9948)	716-870	(8592-10440)	7/1/74	5.0
1108	Payroll & Personnel Trans. Clerk III	770-936	(9240-11232)	809-983	(9708-11796)	7/1/74	5.0

Please do not confuse the above information with the retroactive salary payments for certain support staff positions that was denied by the Federal Cost of Living Council for the period July 1, 1973 to April 30, 1974. A suit has been under submission to obtain payment; however, a ruling is still awaited. An announcement will be made as soon as a decision has been made.

BICENTENNIAL TIME-LINE

Ethan Allen captures Fort Ticonderoga and Benedict Arnold captures Crown Point on the St. James River. The Second Continental Congress, meeting in Philadelphia, puts the colonies in a state of defense. British generals William Howe, John Burgoyne, and Henry Clinton arrive at Boston with troops. The Second Continental Congress drafts a message to the people of Canada asking them to join the colonies rather than fight against them.

This feature, which will appear from time to time in Cal Poly Report, covers events of 200 years ago occurring during this week. The information contained in this feature is provided by the Pacific Center for Western Historical Studies at the University of the Pacific in Stockton.

★ PLASTICS PEOPLE WILL SPEAK

Speakers representing many of the nation's top manufacturers and users of plastic products will be featured during a symposium for students, faculty, and staff at Cal Poly on Thursday and Friday (May 29 and 30). Theme for the program, which is being planned as the fourth annual Cal Poly Plastics Symposium, will be "Plastics in Our Environment." Sessions will begin at 9 am both days in Chumash Auditorium.

Kurt Meyer of Oxnard, student coordinator for the two-day symposium, said it will focus attention on plastics as they are used in the environment with particular emphasis on how they are used in agriculture, architecture, and engineering. Speakers who will appear include Rubin Klinger (Molder Service Company), Norry Hastings (Hastings Plastics), Dick Reidesel (Century Plastics, Incorporated), Lou Tallman (Dow Chemical Company), Martin Eckman (EBI Electric Services), and William Gilwee (NASA-Ames Research Center), as well as Fred John (Revell, Incorporated), Seymore Schwartz (Hughes Aircraft), Geoff Ainscow (Hewlett Packard Company), Marvin Sauers (Union Carbide), Sigmond Orchon (Poly Resins), and Richard McKibben (Modern Plastics Company).

The purpose of the symposium is to give students and other members of the campus community an opportunity to study the plastics industry and how important plastics products are in our society. The symposium is being presented by the Industrial Technology Department and the campus student chapter of the Society of Plastics Engineers.

★ FOOTBALL SEASON TICKETS ON SALE

Season tickets for Cal Poly's 1975 football season are now on sale at the Associated Students, Inc. office in the University Union. Season tickets for the five home games are priced at \$21 for the general public and \$10 for students. Home games for 1975 will be: Sep. 27--California State University, Fullerton; Oct. 4--California State University, Fresno; Oct. 18--California State University, Los Angeles; Nov. 8--Idaho State University; Nov. 22--California State Polytechnic University, Pomona. All games will start at 7:30 pm. The Nov. 8 game against Idaho State University has been designated as the Homecoming game.

Former season ticket holders have until Friday (Aug. 29) to renew their ticket orders and retain their 1974 seat locations. Season tickets will be available for pick up starting Tuesday (Sep. 2). A new policy will be in effect in 1975. Persons seeking admittance to Mustang Stadium with a student priced ticket must have appropriate identification with them, such as Student ID card, ASI Associate Membership card, Golden Years card, or Honorary Life ID card. The Associated Students, Inc. Office in the Union will be staffed during the summer from 8 am until 12 noon and from 12:30 pm to 4:30 pm, Monday through Friday.

★ WHITE ELEPHANT SALE AT EL CORRAL

A large variety and selection of items ranging from books to gifts will be placed on special sale at El Corral's annual White Elephant Sale commencing Tuesday (May 27) and continuing thru Friday (June 6). Items at prices 20% to 80% off list include selections of discontinued textbooks, general books, gift books, sweatshirts, jackets, attache cases, cameras and lenses, stationery, report covers, binders, paints, sliderules, moccasins, clogs, picture frames, craft kits, eye glass cases, jewelry craft tools, jute, twine, drafting pens, coloring pencils, etc. All sale items are on display at a special sale area. A gift wrapping service at no charge is available. Faculty and staff members are urged to review the excellent sale selection at the earliest.

★ ACADEMIC SENATE ELECTION RESULTS

Joseph N. Weatherby (Chairman, Academic Senate) has announced that at the May 6 meeting, the Academic Senate completed its selection of Senate officers for the coming academic year. The results of the elections were as follows:

Lezlie A. Labhard - Chairwoman
David R. Saveker - Vice Chairman
Charles W. Jennings - Secretary
Paul F. Murphy - Statewide Academic Senator

★ CALIFORNIA BOULEVARD STOP SIGNS POSTED

E. Douglas Gerard (Executive Dean) announces that as an interim step to improving the safety of the temporary realignment of California Boulevard in the vicinity of the new Architectural Classroom Building and Modoc Hall, the University has installed a crosswalk and boulevard stop signs. The ultimate plan is to install a pedestrian-activated traffic light in this location but delivery on such an installation will be delayed for several weeks.

It is recognized that stop signs in this location are inconvenient to motorists but, because of the numbers of vehicles and the limited visibility, the stop sign/pedestrian crosswalk installation was judged to be the best interim solution.

★ SURPLUS SALE ANNOUNCED

Donald M. Vert (Procurement and Support Services Officer) has announced that miscellaneous surplus items will be offered for sale, including: electronic equipment, furniture, sewing machine tables, gas and electric stoves, etc. These items may be seen from 8:30 am to 4 pm Wednesday (May 28) at the Receiving Warehouse. The sale will be conducted by bid. A successful bidders list will be posted at the Receiving Warehouse at 9 am on Thursday (May 29).

KENNEDYS WILL HOST UNIVERSITY CLUB

President and Mrs. Robert E. Kennedy will entertain the Cal Poly University Club at the final luncheon meeting of its 1974-75 program year on Thursday (June 5) in the patio of their home. There will be a buffet luncheon. \$1.50 for the meal will be collected in the serving line which will be open at 11:30 am. Faculty and staff are cordially invited. Due to limited space, reservations are required and may be made by calling Trudy Beck at Ext. 2476 by noon on Tuesday (June 3).

★ C S E A ELECTION RESULTS

New officers of the Cal Poly Chapter, No. 97, California State Employees' Association, elected in balloting which ended Tuesday (May 20) are:

President, Charles E. Mendenhall (Public Affairs); Vice-President, Frances (Bud) Gunter (Computer Science and Statistics); Secretary, Pat Tupacyupanqui (Business Administration); Treasurer, Jerri Hobberlin (Payroll Services). Delegates are: S. Milton Piuma (Retired, Personnel); Doris Anderson (Payroll Services); Francine Hapgood (Business Affairs); Corwin M. Johnson (Head, Crop Science). Alternates are: William Troutner (Crop Science); Boyd Wettlaufer (Audio-Visual Production); Dottie Munro (Mail Service); Valerie Steinman (Accounting).

★ NEW GENERAL EDUCATION REQUIREMENT ANNOUNCED

President Robert E. Kennedy approved on April 17 the recommendation of the Academic Senate and Academic Council to revise the catalog General Education Breadth Requirement for 1977-79. The changes approved are:

1. Reduce the minimum required units from 63 to 60
2. Permit up to 4 units each in the fields of Art, Drama, and Music in the Humanities category
3. In the statement covering Literature and Philosophy to add the note, "In some cases, the total units in courses designated to satisfy a category may exceed the maximum units for that category. However, the excess units over the maximum may not be used to satisfy any part of the minimum of 60 total units in general education."

★ CLOTHING DRIVE WILL BEGIN

The Student Community Services office has announced a clothing collection drive running from Tuesday (May 27) through Friday (May 30). Old clothes and shoes will be collected in bins in the University Union plaza, on the Library lawn, in the Administration Building parking lot, and in front of Vista Grande Restaurant. Clothing donated will be distributed through organizations such as Grass Roots II and Home Visiting Services to needy people throughout the county. For additional information call the Student Community Services office at Ext. 2476.

★ "SPRING FLING" PLANNED

The 1975 Spring Fling of the Cal Poly University Club men will be held this year on Saturday (May 31) at White Oak Flat at Santa Margarita Lake. The BBQ will be served at 12 noon, one hour earlier than it has been in the past years. Be there on time to assure proper cooking time for food. Participants may enjoy boating, fishing, horse-shoe pitching, and other outdoor activities. Tickets for University Club members will be \$4 and \$5 for non-members. Those taking cars into the Santa Margarita Lake area will be reimbursed the \$1 parking entry fee.

★ HEP ART ON DISPLAY

A very special series of murals at the HEP program area on campus are open for viewing. They were done by high school equivalency program participants in order to enhance their environment. The seven major paintings are impressive in quality and style. Besides the murals there is also an exhibition of HEP photography, folk art, poetry, etc. This show will continue through the end of May. The best times to view the exhibit are as follows: weekdays: noon to 1 pm and 3:30 pm to 5 pm; Fridays, Saturdays, and Sundays: from 12 noon to 4 pm.

★ MAY SALARY WARRANTS WILL BE AVAILABLE ON FRIDAY

May salary warrants for faculty and staff of the university will be available at 4 pm on Friday (May 30), the last day of the pay period. Warrants batched by department may be picked up at the Cashier's Office, Adm. 131-E, and those picked up on an individual basis may be picked up in the Business Affairs Division Office, Adm. 114, after that time.

★ WHO . . . WHAT . . . WHEN . . . WHERE ? ? ?

Donald W. Hensel (History) attended an invitational conference on teaching history by simulation games, held at California State University, Long Beach, on May 9-10. The conference was supported by the Chancellor's Division of New Program Development and Evaluation, and included the members' participation in a simulation game titled, "The Aaron Burr Conspiracy."

Victor A. Buccola (Director of Athletics) has received word that his article titled, "Effects of Jogging and Cycling Programs on Physiological and Personality Variables in Aged Men," was published in the May issue of Research Quarterly. The article was written in collaboration with William J. Stone, director of the Human Performance Laboratory, Arizona State University.

Mead R. Johnson and Arthur H. Frietzsche (both English) represented Cal Poly at the 22nd International Technical Communication Conference of the Society for Technical Communication, held at the Disneyland Hotel in Anaheim, on May 14-17. Both men were in attendance at the educational and research sections of the conference, devoted to professional training and teaching methods. Dr. Frietzsche was a charter member of the STC's predecessor society in 1953.

Charles R. Russell (Mechanical Engineering) spoke on the subject, "Direct Solar Energy Conversion," at University of California, Santa Barbara, on May 5.

Daniel Najera (Foreign Languages) attended a conference on "Medieval Elements in Sephardic Ballads" at University of California, Santa Barbara, on May 16. The conference focused upon the survival of traditional ballads among the Sephardic Jews, especially those dealing with the epic legends of Roncesvalles, the Mocedades del Cid, and the Siete Infantes de Lara, three of the oldest epic poems of Medieval Spanish literature.

James W. Coleman (Social Sciences) has recently been notified by University of California, Santa Barbara, of his completion of the requirements for the Doctor of Philosophy degree in Sociology. Dr. Coleman has been a member of the Social Sciences Department faculty since 1973.

Bradford M. Smith (Social Sciences) has recently been notified by University of California, Santa Barbara, of his completion of the requirements for the Doctor of Philosophy degree in Sociology. Dr. Smith has been a member of the Social Sciences Department faculty since 1973.

Barbara E. Cook (Social Sciences) has recently been notified by Stanford University of her completion of the requirements for the Doctor of Philosophy degree in Anthropology. Dr. Cook has been a member of the Social Sciences Department faculty since 1972.

Neal R. Townsend and Henry B. (Bernard) Strickmeier (both Mathematics) attended the 53rd annual meeting of the National Council of Teachers of Mathematics in Denver, Col. on Apr. 23-26. Dr. Townsend spoke at a sectional meeting on "Asymptotic Triangles of Non-Euclidean Geometry."

Melvin R. White (Speech Communication) presented 18 of the students in his Speech 405 class (Advanced Oral Interpretation) in four plays at Quintana Elementary School on May 23. The four plays were: Dr. Seuss' Gertrude McFuzz, Harold Courlander's Talk, The Little Prince by Antoine de Saint Exupery, and a dramatization of the old folk talk, Peter and the North Wind.

★ WHO...WHAT...WHEN...WHERE??? (Continued from Page 10)

David S. Zarek (Health Center) and Steven H. Yoneda (Men's Physical Education) attended the third annual Sports Medicine Symposium, "The Injured Athlete," presented by the California College of Podiatric Medicine in San Francisco on May 3-4.

Robert J. Huot and Arthur H. Frietzsche (both English) represented Cal Poly at the annual Southern California Renaissance Conference, held at University of California, Los Angeles, on Apr. 26.

Howard Boroughs (Coordinator, Research Development), Donald M. Morris (Associate Dean, Continuing Education), David R. Saveker (Architecture and Environmental Design), and Allen K. Settle (Political Science) attended a conference on Federal, Private, and Corporate Foundation Programs in Support of Higher Education in San Francisco on Apr. 27-29. A large variety of public and private foundation representatives were in attendance.

David R. Saveker (Architecture and Environmental Design) attended a meeting of the Society of Naval Architects and Marine Engineers, held in Vancouver, B.C., on May 14-18.

George J. Hasslein (Dean, Architecture and Environmental Design) attended the annual Association of Collegiate Schools of Architecture meeting on May 15-18, and the annual convention of the American Institute of Architects on May 19-20. Both meetings were held in Atlanta, Ga.

Jens G. Pohl (Architecture and Environmental Design) attended the National Computer Conference and presented a paper. The conference was held in Anaheim on May 19-20.

Robert L. Hoover (Social Sciences) presented an illustrated lecture to the Lompoc chapter of the Santa Barbara County Archaeological Society in the Lompoc Museum on May 20. The subject was "Natural Resources of the California Indians."

Timothy A. Gaskin (Ornamental Horticulture) gave a talk on pesticide safety to professional gardeners of San Luis Obispo County on May 8.

★ SUPPORT STAFF VACANCIES LISTED

Vacant support staff positions have been announced by Robert M. Negranti (Staff Personnel Officer). Descriptions of the positions and other vacancies are posted outside the Personnel Office, Adm. 110, ext. 2236. Contact the Personnel Office to obtain an application. This university is subject to the requirements of Executive Order 11246 and is an Affirmative Action Employer. All interested persons are encouraged to apply. The positions are:

★ VACANT FOUNDATION STAFF POSITION

The Foundation is accepting applications for the following open position as announced by Jack L. Fryer (Foundation Personnel Officer). Interested applicants may apply at the Foundation Personnel Office, UU 212, ext. 1121. This university is subject to the requirements of Executive Order 11246 and is an Affirmative Action Employer. All interested persons are encouraged to apply. The position is:

Merchandising Coordinator (\$782-\$950), Bookstore. Person to plan, prepare, and supervise all aspects of merchandising production, scheduling, and distribution of advertisements, point of sale flyers, displays and signs, etc. Must have proven creative ability. Bachelor's degree in related field and one year of experience. Additional work experience may be substituted for educational requirements. Closing date: June 20, 1975.

★ PANEL OF NEWS BACKGROUND AUTHORITIES ESTABLISHED

As a service to the news media in the community the Public Affairs office has established a program whereby faculty and staff members at Cal Poly may indicate their willingness to be used as "background authorities." Attached to this issue of Cal Poly Report is a form which may be filled out by any faculty or staff member indicating his/her willingness to participate. These forms should be returned to the Public Affairs office, Admin. 210. For additional information call Donald L. McCaleb (Public Information Officer) at Ext. 2576.

May 27, 1975

MEMO: TO FACULTY AND STAFF

SUBJECT: BACKGROUNDING THE NEWS

The Public Affairs Office of Cal Poly is presently engaged in an effort to assist community media in obtaining interpretations and comments concerning current events, especially on the state, national and world-wide level, and technical or scientific news. We are therefore seeking faculty and staff members whose study and experience qualify them as authorities in various fields, from which a listing of authorities willing to provide background information and comment can be compiled.

The list will be distributed in September to local newspapers, radio and television stations, so that they may incorporate local comments with the news, and also may develop feature articles on pertinent topics.

We are asking interested persons to fill out the form below and return it to the Public Affairs Office, Rm. 210 of the Administration Building, by June 3.

NAME _____

DEPARTMENT _____

POSITION/TITLE _____

OFFICE ADDRESS _____

CAMPUS TELEPHONE _____ HOME TELEPHONE _____

SPECIFIC AREAS YOU WOULD BE WILLING TO COMMENT ON:

BACKGROUND AND QUALIFICATIONS RELATED TO AREAS LISTED ABOVE:

I am willing to be contacted either at home or on campus..... ☐

I prefer not to be contacted at home..... ☐

encouraging notes

May 27, 1975

Conference on Research Proposals. Four representatives from this campus attended the recent "Conference on Federal, Private, and Corporate Foundation Programs in Support of Higher Education." Some items from their reports: 1) Don't overlook the possibilities of funding from private foundations; make sure what they're interested in and then submit a preliminary proposal; 2) Funding from all sources is becoming increasingly more difficult because the money isn't there; 3) It's the "big gift" that really carries the load in a campus program, but the harvest of the big gift is dependent upon many years tending to the small gifts; hence the importance of long-range planning to justify the big gift through explaining and defining University future needs. "For clinking money, shake the can. For folding money, work on it man-to-man." Those who attended this conference will be glad to share their impressions and information.

Report on Solar Heating and Cooling Program. The Energy Research and Development Administration and the Department of Housing and Urban Development have submitted an interim report to Congress outlining a plan for conducting nationwide solar heating and cooling demonstrations. Copies of this report may be obtained by writing to the ERDA Technical Information Center, Post Office Box 62, Oak Ridge, Tennessee, 37830, and requesting Document ERDA 23.

* * * * *

Undergraduate Research Participation. The National Science Foundation has announced September 10, 1975, as the closing date for its Undergraduate Research Participation program. The general concept of the program is to provide for the development of undergraduate research projects under faculty supervision in any science discipline, but within those disciplines or specialties in which energy-related research is feasible. The highest priority will be given to projects that fall within the areas specified as "Energy-related General Research." The list is included in the announcement bulletin NSF E-76-41, available in Adm. 317 or obtainable from:

Undergraduate Research Participation Program
Office of Experimental Projects and Programs
National Science Foundation
Washington, DC 20550

Planning the NASA Life Sciences Program in Space. The National Aeronautics and Space Administration has recently issued an invitation for planning the NASA Life Sciences Program in space. The invitation does not solicit formal research proposals; however, based on the general objectives of the Life Sciences Program, an Announcement of Opportunity will be issued in late 1975. In Adm. 317 we have the invitation and forms for making a response. Or the information and response forms may be obtained from the NASA Director for Life Sciences, NASA Headquarters, Washington, DC, 20546. August 15, 1975, is the deadline for the responses.

U. S. Army Research. A copy of the Department of the Army's "Basic Research Problems of the U. S. Army" is available in Adm. 317. It's a useful document to review if you have interests in any of the research areas that the Army lists.

* * * * *

NEH Consultants Program. Details of the National Board of Consultants Program of the National Endowment for the Humanities and a current list of available consultants are available in Adm. 317. The program provides grant support for the services of consultants who will come on campus and will assist in the development, modification, or restructuring of humanities programs. The program is a continuing one and currently has four possible deadlines each year: January 1, April 1, July 1, and October 1.

* * * * *

California Air Resources Board. Interested in proposals of an applied research nature directed toward the solution of specific air pollution problems in California. Long-term basic research projects are not considered within the scope of this program. A copy of the guidelines for the preparation of proposals is available in Adm. 317 or may be obtained from:

State of California
Air Resources Board
1709 - 11th Street
Sacramento, California 95814
