

# CAL POLY REPORT

CALIFORNIA STATE POLYTECHNIC COLLEGE SAN LUIS OBISPO, CALIFORNIA 93401

Volume 22, Number 28

March 7, 1972

## TRUSTEES, C C H E, PREPARE WAY FOR COLLEGE'S NAME CHANGE

Before Cal Poly can adopt the name of California Polytechnic State University important steps must be taken by the Board of Trustees and by the Coordinating Council for Higher Education, President Robert E. Kennedy has pointed out. Adoption of the system-wide change to "The California State University and Colleges" has raised the question as to whether and how soon Cal Poly might gain university status.

President Kennedy has expressed confidence that Cal Poly will meet criteria for university status and will eventually change its name. However, the process by which this will occur is not generally understood, he pointed out.

The first official step for the name change took place on Nov. 29, 1971, when Governor Ronald Reagan signed Assembly Bill 123 authorizing the change of "The California State Colleges" to "The California State University and Colleges." The bill became law 61 days following adjournment of the State Legislature, that is, on March 4, 1972.

Dr. Kennedy has pointed out that changing the designation of any single state college to university will not be automatic. As indicated by Chancellor Glenn S. Dumke in the

(Continued on Page 2)

## DON'T JUMP THE GUN ON C P S U NAME

As of Saturday, March 4, Cal Poly is part of a "new system," but the college continues to have its same old name.

The change of the system name, however, and the prospect that Cal Poly will achieve university status in the near future has initiated a flurry of rumors and some confusion, according to Lachlan P. MacDonald (Director of Information Services).

MacDonald said some college offices and several student organizations have inquired as to how soon they could begin to use the name California Polytechnic State University, San Luis Obispo.

One organization actually attempted to order off-campus printing of letterheads with the university designation. Forms for reprinting have turned up in the Duplicating Center with similar premature name changes.

"Those who request use of the name California Polytechnic State University on letterheads, brochures, and publications are being told to stick with our name as it is," MacDonald noted. References to the system, however, should now use California State University and Colleges. A new seal reflecting the name change appears above.

CRITERIA FOR NAME CHANGE . . . (Continued from Page 1)

attached copy of The Chancellor Comments, both the Board of Trustees and the Coordinating Council will need to agree on criteria before individual colleges can be designated as universities.

President Kennedy said he intends to press for university status, which has already been requested by the Cal Poly Academic Senate. Cal Poly meets the proposed criteria as follows:

1. Number of students enrolled -- Cal Poly enrollment is 11,497 full-time equivalent students.
2. Number of graduate students -- 949 at Cal Poly -- or number of graduate degrees granted -- 351 in 1970-71.
3. Number of degree programs -- Cal Poly offers 48 bachelor's degree and 10 master's degree programs.
4. Number of professional and academic programs accredited -- Cal Poly has 13 such accredited programs.
5. Number of faculty in disciplines in which the doctor's degree is the normal teaching degree -- This criterion applies to 419 Cal Poly faculty, of whom 215, or 51 per cent hold the doctorate.

Dr. Kennedy said the latter criterion was adjusted to accommodate such programs as architecture, agriculture, and engineering fields in which the doctor's degree is not the usual teaching degree.

These particular fields are emphasis fields of study at Cal Poly, mandated by the legislative enabling act of the college. Cal Poly's total faculty of 707 persons includes 281 with doctorates, or 37 per cent of the total.

President Kennedy said that Cal Poly's qualifications in each of the five criteria areas place it well into the top half of the group of universities used for comparison in the name change considerations.

DISTINGUISHED TEACHING AWARD NOMINATIONS DUE MARCH 17

March 17 is the deadline for receipt of nominations for the 1971-72 Distinguished Teaching Awards, according to Donald W. Hensel (History Department), who is chairman of the Cal Poly Academic Senate's Distinguished Teacher Nomination Committee. Copies of the nomination form were attached to last week's Cal Poly Report and are also available from the various academic department offices. Completed forms should be sent to Dr. Hensel, c/o History Department, via campus mail.

PRESCHEDULING WILL BE HELD THIS THURSDAY

Prescheduling for all students planning to attend Spring Quarter will be held at 11 a.m., this Thursday (March 9). Students are requested to consult their major department office and/or department bulletin board for information on meeting locations.

MUSTANG WRESTLERS WIN SIXTH NATIONAL CHAMPIONSHIP

Cal Poly's varsity wrestling team extended its string of national championships to five when it bested a field of some 100 teams and 500 individual entrants to win the National Collegiate Athletic Association's 1972 National College Division Tournament in Oswego, N.Y., last weekend. The first-place finish in the national tourney was the sixth in the past seven years for the Vaughan Hitchcock coached Mustang mat team.

Two Cal Poly entrants reached the finals of the NCAA meet and one -- Glenn Anderson at 142 pounds -- won an individual championship. Larry Morgan at 134 pounds was defeated in a disputed match and finished second. Six other members of the Mustang team reached the semi-final round of the tourney and placed either third or fourth.

North Dakota State University and Northern Iowa University tied for second place in the team standings of the NCAA tournament some 30 points behind the Cal Poly team's effort. Slippery Rock State College and Clarion State College, both of Pennsylvania, finished fourth and fifth respectively. Cal Poly was the only team from the Pacific Coast to place among the top ten in the final team standings for the tournament.

DISPLAY OF HISTORICAL MATERIALS FROM ARCHIVES SHOWN

A selection of historical materials loaned from the Archives Collection of the College Library was on display at the Founders Day luncheon hosted by President Robert E. Kennedy today (Tuesday, March 7), in the staff Dining Room.

Free-standing mounted photographs from a huge ancient scrapbook; the first commencement program announcement and calling cards; a photograph of the first graduating class and San Luis Obispo Telegram-Tribune covering the occasion; the first Cal Poly catalogue (16 pages); photographs of presidents of the college; and other interesting mementos of Cal Poly's past were all shown.

The exhibit was arranged by Joy Berghell (Reference Librarian), Helen Manezon (Library Assistant and Fred Wolf (Coordinator of Special Programs). Fred Genthner (Special Collections Librarian) arranged the loan of the materials.

PROMPT ORDERS OF A-V MATERIALS URGED BY SERVICE OFFICE

Instructors who plan to use films, filmstrips, etc., from outside sources during the Spring quarter are reminded to get their orders in to the Audio Visual Services Office as soon as possible, according to Marcus Gold (Coordinator of Audio Visual Services).

Such materials are particularly hard to obtain during this period and early preparation in ordering is necessary to insure their arrival on the days they may best be used. Order forms may be obtained from the Audio-Visual Services Office, (B.A.&E.-9, 546-2211.)

College-owned materials should also be ordered at the earliest possible time, Gold pointed out. Unless materials have been previously booked for campus use, exchange agreements with the San Luis Obispo County Schools and California State Polytechnic College, Pomona may take them off campus for several days.

AFFIRMATIVE ACTION COMPLIANCE COMMITTEE NAMED BY PRESIDENT KENNEDY

A committee to guide general implementation of Cal Poly's recently-initiated Affirmative Action Program has been appointed by President Robert E. Kennedy. The new Affirmative Action Compliance Committee, will have Carl C. Cummins (Dean of the School of Human Development and Education) as its chairman.

Beside Dean Cummins, members of the newly-appointed committee and the schools, divisions, or units they represent are Harmon Toone (Agriculture and Natural Resources), Edward J. Ward (Architecture and Environmental Design), Sara Behama (Business and Social Sciences), Robert G. Lin (Communicative Arts and Humanities), Evelyn Pellaton (Human Development and Education), and Ramesh Shah (Engineering and Technology).

Also, Tania Shwetz (Science and Mathematics), Pauline Shaffer (Cal Poly Foundation), Lucy Schmidt (Business Affairs), Lorraine Howard (Student Affairs), Barton C. Olsen (Academic Senate), Ysabel Perez (Staff Senate), Oscar Quezada (EOP Director), and William C. Wallace (EOP Director). Clyde Scott, Jr. (Personnel Office) will serve as staff analyst for the committee.

Responsibility of the compliance committee is to review the Affirmative Action Program at regular intervals and advise the president on the progress of implementation by the employment units of the college as well as on needed improvements and revisions of the program and its goals. Its members were selected from nominations made by the respective deans and division heads of the college.

The program reaffirms college policy of equal employment opportunity and is developed with the intent of complying with all state and federal laws, rules and regulations applicable to equal employment opportunity of any qualified or qualifiable person.

As an immediate goal, it is expected that each department, division, school, auxiliary organization, and other employment unit at Cal Poly will demonstrate a significant effort to increase the minority race and women employee numbers in accordance with developed goals and time tables, Dr. Kennedy has said.

LIBRARY EXHIBIT SCHEDULED THROUGH MARCH 17

"Chinese Opera" is the theme of an exhibit of unique interest on view in the Dexter Memorial Library foyer until March 17. Created by Sarah Niu (Reference Librarian), the exhibit consists of four parts: "The Empty City" (a Chinese opera), Chinese Opera costumes, facial makeup, and musical instruments. The opera costumes and facial makeup are depicted with 28 plates, all handpainted in color by Miss Niu. The musical instruments are miniatures of those used in Chinese opera and are part of her personal collections.

TICKETS FOR INTERNATIONAL BOULEVARD DINNER ON SALE

Tickets for the International Boulevard Dinner, which will take place the evening of March 25 in the Veterans Memorial Building, San Luis Obispo, are still on sale, according to information received from the Cal Poly Women's Club and the Cal Poly Staff Club. The event is being sponsored by the two clubs. Priced at \$2.50 each, the tickets may be purchased from Charles Mendenhall (Director of Alumni Affairs), who is president of the Staff Club, or from the chairmen of the various Women's Club sections.

MIME TROUPE PERFORMANCES SCHEDULED THIS THURSDAY AND FRIDAY

The San Francisco Mime Troupe, America's oldest street theater company, will perform at Cal Poly on Thursday and Friday (March 9-10). The presentation by the highly-satirical group will include "The Independent Female or a Man Has His Pride," on Thursday at 8 p.m., and "The Dragon Lady's Revenge," on Friday at 8 p.m. Both productions are to be in the Cal Poly Theater. The public is invited. General admission will be \$1.25 for college students and \$2.50 for all others.

The passionate issue of women's liberation is the dominant theme in "The Independent Female, or a Man Has His Pride," which purports to view the question of a woman's place from a male's point of view. "The Dragon Lady's Revenge" is the company's newest full-length production. It is a satirical expose of the drug crisis in Southeast Asia. The play is staged and costumed as a burlesque of the Oriental melodramas popular in the 1930's.

The Mime Troupe's appearance is sponsored by the Fine Arts Committee of the Cal Poly Associated Students, Inc.

VIDEO RECORDER SYSTEM AVAILABLE FOR FACULTY USE

Reservations are now being taken for the use of videotape recorders for faculty self-evaluation of instruction during Spring Quarter, according to an announcement from John Heinz (Director of Audio Visual Services and Productions).

A videotape recorder system is available for two week loan periods to instructional departments. Instructors may record their class meetings on videotape, then play back the tape through a television monitor to see themselves as their students do.

Faculty participation in this form of teaching self-evaluation is voluntary, with each instructor having control of the replay and erasure of his recorded tape, according to Heinz.

Reservations may be made for instructional departments by contacting William Gold (Audio Visual Technician) 546-2211, BA and E-9.

APPLICANTS FOR FACULTY POSITION BEING SOUGHT

Applicants for a teaching position on the faculty of the Chemistry Department are presently being sought, according to Larry Voss (Director of Personnel Relations). Those interested in learning more about the position or in applying for it are invited to contact the appropriate school dean or department head. Cal Poly is an Affirmative Action Employer. Brief description of the available position reads:

Lecturer, Range D (\$817-\$992), Chemistry Department, School of Science and Mathematics. Duties and responsibilities include teaching undergraduate general chemistry courses, and laboratories. Applicants must have a PhD in chemistry and must possess the ability to work harmoniously with colleagues and show initiative and imagination in building a course to meet the demands of non-chemistry majors.

Typewritten copy intended for the next issue of Cal Poly Report must be received prior to 12 noon Friday, March 10, in the Office of Information Services, Administration-210.

#### KAREN NYSTROM ELECTED QUEEN OF 1972 POLY ROYAL

Karen Nystrom, a five-foot, one-inch blonde, will reign as Cal Poly's Queen of Poly Royal 1972 April 28-29. The 21-year old senior child development major from Santa Cruz was elected queen by Cal Poly students last Wednesday (March 1). The five remaining candidates for the title will serve as her court.

As queen, Miss Nystrom will make appearances at service clubs, in parades, on television, and at special events on behalf of Poly Royal, the open house at Cal Poly which last year attracted about 60,000 visitors. The 48 academic departments of the college will display evidence of their instructional programs during the "Country Fair on a College Campus" which also includes rodeos, dances, band concerts, an aquacade, and other special events.

Serving as princesses for the 1972 Poly Royal are Sharon Ruth Craig, 22, a senior journalism major from Chowchilla; Sue Creer, 21, a senior mathematics major from China Lake; Camilla Gray, 21, a senior home economics major from Petaluma; Margie Kelly, 20, a junior speech major from Monrovia; and Georgia Lynn Pemberton, 22, a senior business administration major from Salinas.

#### PURCHASE REQUISITION DEADLINES LISTED

All requests (Purchase Requisitions) for supplies or equipment which are to be charged to current 1971-72 appropriations must reach the college Purchasing Office within the next few weeks, according to Donald M. Vert (Procurement and Support Services Officer). Deadlines for receipt of the requests vary according to the circumstances of the individual purchase. They are:

March 15 for those equipment items requiring further justification.

April 15 for items which must be processed through the State Office of Procurement on estimate forms.

June 1 for all items which can be purchased for \$500 or less on a local order.

Additional information or clarification can be obtained from the college purchasing office, Adm-120, 546-2231.

#### TAX WITHHOLDING REVISIONS NOTED

Recent federal legislation known as the Revenue Act of 1971, incorporated several additional withholding exemption options, which are now available to all employees whose wages are subject to withholding, Robert J. Miller (Accounting Officer) said today.

Including exemptions associated with the recently imposed state withholding tax, the several options are reflected in the revised Form W-4, Employee's Withholding Exemption Certificate, which is now available in the Payroll Services Office, Adm-109.

All interested employees are invited to contact the Payroll Services Office to avail themselves of the opportunity to update their present exemption certificates, and to take advantage of the opportunity to overcome effects of underwithholding of taxes.

#### NEW E O P DIRECTOR FOR STATE COLLEGES NAMED

The appointment of Mrs. Marguerite Jackson Archie as associate director of special projects for The California State Colleges has been announced by Chancellor Glenn S. Dumke. Included among her responsibilities is direction of the state colleges' Educational Opportunity Programs (EOP).

"Mrs. Archie brings to the position an extensive record of leadership in efforts to provide greater access to higher education," Chancellor Dumke said.

For the past two and one-half years she has served as college counselor in a Rockefeller Foundation program at Locke High School in Los Angeles. She also has directed the Upward Bound Program at Occidental College, and has been a consultant to several counseling projects in inner-city high schools.

Mrs. Archie received her bachelor's degree from Talladega College in Alabama. She completed her master's work and advanced study at Harvard University. Her professional activities include service on a number of national bodies, as well as the Black Education Commission of the Los Angeles City Schools.

#### DAIRY STUDENTS HONOR TWO INDUSTRY LEADERS

James Pappas, Modesto dairyman, is the first alumnus of Cal Poly to be named an honorary member of Los Lecheros, the organization of students majoring in dairy science at the college. Pappas and George DeMedeiros of Tulare received awards at the annual banquet of Los Lecheros in San Luis Obispo on Feb. 25.

The honorary memberships, which recognize outstanding achievements and contributions to the dairy industry by a dairyman and a representative of the processing segment of the industry, were first awarded in 1948.

Pappas grew up in Oakland, graduated from Hayward High School in 1934, and attended Cal Poly from 1937 to 1942, acquiring one of the first bachelor of science degrees offered by the college. Pappas' present herd contains 100 milking cows, of which 29 have been classified excellent.

As a student at Cal Poly, Pappas served as editor of the yearbook, El Rodeo, was a member of the Men's Glee Club and the Collegians dance band, and he served as secretary-treasurer of Los Lecheros for two years. Pappas was a member of the committee that selected the name Los Lecheros for the club.

Pappas served as a vocational agricultural teacher at Gonzales and Galt for two years each during which time he also established the nucleus of the registered Jersey dairy herd, Stardust. He moved the herd to Modesto in 1948.

DeMedeiros for the past 18 years has managed the Dairyman's Cooperative Creamery Association in Tulare, a co-operative which has expanded during a period when other dairy co-operatives were failing.

---

*The Personnel Office has a supply of federal and state income tax report forms available for the convenience of college employees. Those who wish may obtain copies of the reports by contacting the Personnel Office, Adm-110, 546-2236.*

CHAMBER SINGERS WILL OPEN 1972 TOUR WITH SAN LUIS OBISPO CONCERT

A public concert scheduled for 8 p.m. on Sunday (March 12) in Mission San Luis Obispo de Tolosa in downtown San Luis Obispo will open the 1972 Missions Tour of the Cal Poly Chamber Singers. John G. Russell (Music Department), who is director of the mixed vocal ensemble, said the performance will include the musical assistance of members of the Cal Poly Chamber Orchestra.

Programmed for Sunday evening's concert at Mission San Luis Obispo are such numbers as Tomas Luis de Victoria's Missa "O Magnum Mysterium," Stravinsky's "The Dove Descending Breaks the Air," Bassett's "Collect" for chorus with electronic tape, and Bach's "Concerto" in D major for harpsichord and strings.

Also planned as part of the chamber singers' 1972 tour are concerts on March 17, 18, and 19 at Mission San Juan Bautista in San Juan Bautista, Mission Dolores in San Francisco, Mission San Rafael Archangel in San Rafael, and Mission Carmel in Carmel. Admission to all five of the concerts will be free.

SURVEY WILL AID FINANCIAL AID FUND REQUESTS

A survey that will be conducted among members of the college student body during the Spring Quarter registration period is expected to provide data to support annual applications to the federal government for Financial Aid Program funds, according to a statement issued by President Robert E. Kennedy. The nine University of California campuses, several state colleges including those on the quarter system, and many of the state's community colleges are all participating in the project.

The survey form will be distributed to each of the degree-granting departments of the college and then be given to students by their advisors at the time they pick up their registration booklets for the Spring Quarter. All students will be asked to complete the forms and to return them to a specially-marked table in the registration line on March 24-25.

DATE FOR WOMEN'S LUNCHEON ANNOUNCED BY STAFF CLUB

The Cal Poly Staff Club's Women's Luncheon will be held in the Staff Dining Room at 12 noon on Friday, March 31, according to an announcement from Charlie Mendenhall (Information Services Office), president of the club. The luncheon will be free for women who are Staff Club members. Those planning to attend are invited to make reservations by telephoning June Powell (School of Agriculture and Natural Resources Office), 546-2161.

MEMBERSHIP TRANSFERS AVAILABLE FOR SIGMA XI MEMBERS

Society of Sigma Xi members who wish to transfer their memberships from other chapters to the Cal Poly Sigma Xi Club are invited to do so, according to information received from Harry G. Finch (Biological Sciences Department) and Leland S. Endres (Chemistry Department). Appropriate forms for transfers can be obtained by contacting either Dr. Finch, 546-2736, or Dr. Endres, 546-2780.

#### MUSTANG DIAMONDMEN POST FOUR VICTORIES

Four victories in five outings over the weekend by the varsity baseball team highlighted the results of events on the campus sports calendar last week. Head Coach Augie Garrido's charges managed two wins in a three-game series with California Collegiate Athletic Association opponent California State Polytechnic College, Pomona, and then won two more from a touring Sonoma State College nine.

The 14-6 and 2-1 victories on Saturday over Cal Poly, Pomona, followed a 9-3 loss posted on Friday and left the Mustang nine in solid contention with a 5-1 won-lost record in CCAA play this spring. Coupled with the 2-1 and 4-1 wins over Sonoma State on Sunday, they give the Mustangs a glossy 12-3 mark for the young 1972 season.

This week will find the Cal Poly baseballers on the road for an important three-game series with CCAA opponent San Fernando Valley State College on Friday and Saturday (March 10-11) in Northridge. The next home action for the Mustangs will come on March 18 when they meet California Lutheran College in a Doubleheader.

Head Coach Steve Simmons' Varsity track and field team, which continues to post impressive times in early-season non-scoring meets, will not see home action again until March 18 when it will host an alumni team.

The only home events on the campus sports calendar this week will find Coach Bill Hicks' golfers meeting Cuesta College at 12:30 on Friday on the San Luis Bay Club course in Avila Beach, and Coach Ed Jorgensen's tennis team meeting Fresno State College in a 2:30 p.m. match on the courts adjacent to the Men's Gymnasium, also on Friday.

#### PROCESSING OF MERIT SALARY ADJUSTMENTS CONTINUES

Processing of the retroactive merit salary adjustments for employees who were originally approved on Merit Salary Adjustments listings for last September, October, and November is continuing and the State Controller's Office in Sacramento has asked that the college not forward inquiries about the payments until after March 17. Reason for the request that inquiries be delayed until that date, according to James R. Landreth (Director of Business Affairs), is the great amount of research time required to accommodate the large number of employees who are due the retroactive payments.

#### C S U C WASHINGTON REPRESENTATIVE WILL VISIT CAMPUS

Mrs. Rosemary Eck, federal programs coordinator of the Office of the Chancellor of the California State University and Colleges, will be visiting Cal Poly on March 16, hosted by Howard Boroughs (Associate Dean, Graduate Studies and Research). Mrs. Eck maintains a Washington, D.C., office for the CSUC, to maintain liaison between the system and federal programs. Her visit to Cal Poly is to familiarize her with the emphasis areas of the college and explore future areas for federal programs.

#### PRESCHEDULING SCHEDULED ON MARCH 9

Prescheduling for all students planning to attend Spring Quarter will be held at 11 a.m., March 9. Students are requested to consult their major department office and/or department bulletin board for information on meeting locations.

#### SUPPORT STAFF VACANCIES LISTED BY PERSONNEL OFFICER

Two vacancies on the support staff of the college have been announced by S. Milton Piuma (Staff Personnel Officer). Descriptions of the positions are posted on the bulletin board located outside the Personnel Office, Adm-110, 546-2236. Those interested in applying for either of the positions should contact the Personnel Office to obtain an application. Cal Poly is an Affirmative Action Employer. The positions are:

Groundsman (\$562-\$651), Grounds Department, Business Affairs Division. Duties and responsibilities include keeping grounds clean and orderly; preparing and treating soils for planting and spading; fertilizing flower beds; and performing general grounds maintenance work. Applicants must have one year full-time experience in flower gardening and general grounds maintenance work; knowledge of proper methods of planting, cultivating, and caring for hedges, shrubs, flower etc., and ability to follow oral and written directions and direct work of helpers.

Duplicating Machine Operator I (\$435-\$530), Duplicating Office, Business Affairs Division. Duties and responsibilities include running various types of duplicating equipment, collators, folders, stitchers, etc. Applicants must be high school graduates and have passed the General Clerical Test; must be dependable, and be able to get along well with others in an operation that is noisy and crowded; and must be alert to safety precautions around high speed equipment and inflammable materials.

#### TOMORROW IS DEADLINE FOR PURCHASE OF LUNCHEON TICKETS

Tomorrow (Wednesday, March 8) will be the final day for purchase of tickets for the Cal Poly Staff Senate's second annual buffet honoring staff members who have worked at the college for 25 years or more. Staff members with 10 years of service who were not recognized last year will also be honored during the luncheon, which will take place in the Student Dining Room - East, next Wednesday (March 15) starting at noon.

Tickets for the luncheon are priced at \$2 per person. They may be purchased from Mrs. Lucy Schmidt (General Office Supervisor) in Adm-132. The Personnel Committee of the Staff Senate, which is arranging the event, is hopeful that all members of the college staff will attend and honor their co-workers.

#### TECHNICAL COMMUNICATORS INVITED

Members of the technical writing staff of the English Department are interested in forming a chapter of the Society for Technical Communications, an international organization with members in 13 countries. Anyone interested in technical writing, editing, illustrating, printing, photography, information retrieval, or any of the allied skills is welcome to join. Those interested in further information are invited to contact Charles Strong or Mead Johnson (both English Department), 546-2201, or via campus mail.

#### MARCH 4 ISSUE OF "CHANCELLOR COMMENTS" BEING DISTRIBUTED ON CAMPUS

Copies of the March 4, 1972, edition of The Chancellor Comments, a newsletter from the office of Chancellor of the California State University and Colleges Glenn S. Dumke, are being distributed as attachments to this issue of Cal Poly Report.

WHO . . . WHAT . . . WHEN . . . WHERE ? ? ?

Gloria Jameson (Acting Head of the Foreign Language and Linguistics Department) presented a paper titled "Cross Cultural Communication Through Literature" during a research seminar at the national convention of the Teachers of English to Speakers of Other Languages in Washington, D.C., recently. Dr. Jameson also participated in a clearing house for research, a seminar on issues in bilingual education, and pre-convention study groups on instructional hypothesis and teaching techniques, writing with understanding from the beginning, and national biligual materials development.

Robert G. Valpey, who will become dean of Cal Poly's School of Engineering and Technology in July, presided over the spring meeting of the Engineering Liaison Committee for the California Independent Colleges, Public Community and State Colleges, the University of California, which took place March 3 in Stockton. Appointment of Dr. Valpey, who presently is dean of engineering at California State College at Fullerton, to the Cal Poly post was announced last month.

Paul R. Cone (Business Administration Department) was a guest lecturer Feb. 11 in Sherman Oaks at a special conference for real estate managers. Some 125 persons representing the 20 largest real estate firms in California heard Dr. Cone speak on "Getting Favorable Action from Salesmen -- Not Reaction." Dr. Cone is a former member of the University of Southern California faculty and Los Angeles businessman.

Arthur F. Billy (Welding and Metallurgical Engineering Department) spoke on "Man Working in an Underwater Environment" at the Feb. 28 meeting of the Poly Skindivers club. His illustrated talk reviewed the history of diving, man's ability to work underwater, life support systems, tools and techniques, underwater welding, and the surveying and testing of the ocean bottom.

Josephine Stearns (Child Development Department) conducted a training meeting for the Headstart teachers of San Luis Obispo County on Feb. 9. Topic for the meeting was the math and science curriculum for the preschool child.

Gordon Curzon (English Department) was asked, along with Kenneth Rexroth, to represent Southern California poets in a Festschrift-Festival for noted American poet Kenneth Patchen, who died recently. Dr. Curzon read his "Elegy for Patchen" and "Pageant of Poets" and conducted the afternoon poetry reading. Over 500 people attended the event on Feb. 20 at Ojai.

Saul Goldberg (Electronic and Electrical Engineering Department) presented a seminar titled "Computer Applications in Medicine" for the general medical staff of San Luis Obispo at the San Luis Obispo Country Club on Feb. 7. Some 100 physicians attended the seminar and heard Dr. Goldberg's remarks.

Robert L. Hoover (Social Sciences Department) presented an illustrated talk before a meeting of the Cal Poly Sigma Xi Club recently. During his illustrated presentation on "Prehistoric Man and Cal Poly," Dr. Hoover mentioned the recent growth of the anthropology curriculum at Cal Poly and the forthcoming campus visit by L. S. B. Leakey.

Robert F. Williams (Business Administration Department) is the author of an abstract titled "MIS Corporate Planning," which has been published in Management Information Systems, a group of papers from MIS Copenhagen 70. Publisher of the publication is Auerbach of Princeton, N.J.

COMING EVENTS -- COMING EVENTS -- COMING EVENTS

Varsity Baseball -- Sunday, March 5, 12 noon, Sinsheimer Field, San Luis Obispo. Cal Poly vs. Sonoma State College, doubleheader. Public invited.

Varsity Baseball -- Monday, March 6, 2:30 p.m., Baseball field near Poly Grove. Cal Poly vs. Sonoma State College. General admission tickets - students, no charge with ASI card; children 25 cents; all others, \$1.

Founders Day Convocation -- Tuesday, March 7, 11 a.m., Men's Gymnasium. Glenn S. Dumke, chancellor of the California University and State Colleges, will deliver the Founders Day address. Public invited.

Cal Poly Staff Club Luncheon -- Thursday, March 9, 12 noon, Staff Dining Room. Edward H. Barker will discuss "The Economy in the Seventies." Faculty and staff invited.

Mime Troupe Play -- Thursday, March 9, 8 p.m., Cal Poly Theater. The San Francisco Mime Troupe will present The Independent Female, or a Man Has His Pride, a highly-satirical play on women's liberation; sponsored by the Fine Arts Committee of Cal Poly's Associated Students, Inc. General admission tickets - students, \$1.25; all others, \$2.50.

Varsity Golf -- Friday, March 10, 12:30 p.m., San Luis Bay Club, Avila Beach. Cal Poly vs. Cuesta College. Public invited.

Varsity Tennis -- Friday, March 10, 2:30 p.m., Tennis Courts adjacent to Men's Gymnasium. Cal Poly vs. Fresno State College. Public invited.

Mime Troupe Play -- Friday, March 10, 8 p.m., Cal Poly Theater. Performance of The Dragon Lady's Revenge, a satirical play exposing the drug crisis in Southeast Asia; sponsored by the Fine Arts Committee of Cal Poly's Associated Students, Inc. General admission tickets - students, \$1.25; all others, \$2.50.

Chamber Singers Concert -- Sunday, March 12, 8 p.m., Mission San Luis Obispo de Tolosa, San Luis Obispo. Cal Poly Chamber Singers will open their second annual concert tour with a program of religious and classical music under the direction of John Russell; presented by Cal Poly's Music Department. Public invited.

Final Examinations -- Tuesday through Friday, March 14-17, Campus. Winter Quarter final examination period for Cal Poly students and faculty.

Cal Poly Women's Club Home and Garden Section -- Wednesday, March 15, 10 a.m., 1301 Los Osos Valley Rd., San Luis Obispo. Meeting in the native plant garden of Mr. and Mrs. Herman Bender with Robert Rodin available to answer questions. Members invited.

Camp Fire Girls Grand Council Fire -- Wednesday, March 15, 7:30 p.m., Men's Gymnasium. Annual awards program for Camp Fire Girls from throughout San Luis Obispo. Public invited.

End of Winter Quarter -- Friday, March 17. Final day of the 1972 Winter Quarter for members of the Cal Poly student body and faculty.

Varsity Baseball -- Saturday, March 18, 12 noon, Sinsheimer Field, San Luis Obispo. Cal Poly vs. California Lutheran College, doubleheader. Public invited.

# encouraging notes

March 7, 1972

## Fulbright-Hays Program

This office is now the official liason between the College and the Committee on International Exchange of Persons, which includes the Fulbright-Hays Program. The Financial Aids Office was formerly the source of information, but it seemed sensible to transfer that activity here. Presumably, information for both faculty and students will be sent here.

The program for 1973-74 will be available in this office in April or May of this year; applicants must write directly for the application forms.

## National Endowment for the Humanities

This office now has the guidelines of the Youthgrant program announced in Encouraging Notes recently. Humanities is pretty broadly defined and Youth means preferably not over 30.

We have a brochure called Fellowship and Research Opportunities in the Mathematical Sciences, 1971-72, published by the National Academy of Sciences. Most of the programs listed are continuing ones, so the date is relatively unimportant. The list of possibilities contains nothing you couldn't have guessed: National Science Foundation, Office of Naval Research, Air Force Office of Scientific Research, U.S. Army Research Office, Fulbright-Hays, National Academy of Sciences, Exchange Program with USSR and Eastern European Academies, U.S. Atomic Energy Commission, National Aeronautics and Space Administration, and Postdoctoral Research Associateships at several federal laboratories.

## American Research Institute in Turkey

Although we missed the deadline for this year, we should have the program announcement in the fall for 1973-74. This Institute makes research grants to scholars and advanced students in anthropology, archeology, art history, economics, geography, history, linguistics, philology, political science, sociology, and Turcology. The Institute maintains branches in Ankara and Istanbul.

Department of Now They Tell Us: The Environmental Protection Agency no longer has formal deadlines for its training, research, or demonstration grants.

### Better Late Than Never

The Department of Health, Education, and Welfare has ordered a 10.2% reduction in staff by summer. Now fasten your seat belt: that means dropping 11,400 employees. Assuming an average salary of \$10,000, which is probably extremely low, that means a saving to the taxpayers of \$100,000,000 a year.

The U.S. Labor Department has completed work on regulations that will require federal contractors and subcontractors to develop "affirmative action" plans for the employment of women.

Last spring an Association of Women in Science was formed, and one aim was to make available lists of qualified women for appointment to high level positions. Judging from the affiliations of the co-presidents, the Association seems to have adopted a defensive rather than offensive position: one is in the Department of Medicine at Stanford, and the other is in the Department of Psychiatry at the University of Illinois.

### State Department of Education

We have just received a notice from the State Department of Education that some funds are available to support research and research training in Vocational Education. The deadline for submitting a final prospectus is May 1, 1972. The priorities for this year are

- A. Guidance and Counseling
- B. Evaluation of programs for minorities
- C. Occupational needs and opportunities
- D. Cost benefit and cost effectiveness
- E. Curriculum studies
- F. Follow up
- G. Research training

Formal proposals will be requested from among those submitting a prospectus. Up to 90 per cent financing is available. Please see the details in this office.

### National Science Foundation

has just announced a new program that is intended primarily for law schools, but since the program is interdisciplinary, you never know. It's called Law and Social Science, and was established to develop better public and professional understanding of the relationships between law and the social sciences.

If interested, write to:

# The Chancellor COMMENTS

March 4, 1972  
VOL. V, No. 2

**TO THE PRESIDENTS, FACULTIES, ADMINISTRATIVE AND SUPPORT STAFFS, AND STUDENTS OF THE CALIFORNIA STATE UNIVERSITY AND COLLEGES:**

Today marks a milestone of major importance to all of us. I am proud to sign this issue of *Comments* as the first act signifying our new designation as: *The California State University and Colleges*.

In sincere appreciation of all of those whose efforts over the years helped to make Assembly Bill 123 a reality, this appropriate recognition is accepted on behalf of our Trustees, 19 Presidents, 262,000 students, 14,500 faculty, and 10,000 administrative and support staff. It also is accepted on behalf of all those who in the future will have the privilege of teaching in, working with, and being graduated from: *The California State University and Colleges*.

This renaming has significance not only for those of us associated with this system of higher educational institutions, but also to all of the people of California. Every citizen of the State may take special pride in the fact that the campuses which have been supported by the people of California over the past one hundred fifteen years — first as “normal schools,” then as “teachers colleges,” and most recently as “State Colleges,” — have grown and developed to the degree that they may be formally recognized as the State University system of California.

Implementation of AB 123 — preceded by Legislative approval and signing by the Governor last fall — is recognition of the maturity and 10-year development of our system under the Master Plan for Higher Education. It underscores our success as teaching institutions — and is just recognition that, among our 19 campuses, the majority are in fact universities and are fully deserving of this description.

During the next two months, the Board of Trustees working with the Coordinating Council for Higher Education, will approve the renaming of those campuses which meet specific criteria as “state universities.” My staff has been involved in the development of proposed criteria, which currently are being reviewed by the Coordinating Council.

It is appropriate, I believe, on this great occasion — this moment of pride for all of us — to express publicly once again our gratitude to all who have made it possible for *The California State University and Colleges* to take its rightful place among the great institutions of higher education in America.

Sincerely,

Glenn S. Dumke, Chancellor

The California State University and Colleges
