

Volume 22, Number 31

March 28, 1972

DE BELLIS COLLECTION WILL BE SUBJECT FOR CAMPUS ACTIVITIES

One of the largest collections of Italian culture outside of Italy, the Frank V. de Bellis Collection, will be the focal point for an exhibit and program series to be held next month at Cal Poly.

Being sponsored by the School of Communicative Arts and Humanities, the exhibit of some 150 different manuscripts, engravings, drawings, and items of cultural interest from the collection will take place in Room 221 of the Julian A. McPhee College Union from April 10 through 20.

The program series, also sponsored by the School of Communicative Arts and Humanities, is scheduled for the same dates, but will take place in various locations in and around the College Union. Most of the lectures and performances of the series will be held in Room 220.

The de Bellis Collection, considered to be one of the most important such gatherings of Italian Renaissance fine arts items, was gathered by the late Frank V. de Bellis and given to the California State University and Colleges, then the California State Colleges, in 1963.

It is presently housed at San Francisco State College, where de Bellis' widow, Mrs. Serena de Bellis, is its curator.

The extensive collection, which also includes musical scores, recordings, and rare book editions, some of them more than 800 years old, historically documents Italian contributions to the development of Western culture.

Works of Many Masters Included

Featured in the exhibit next month will be a grand piano manufactured by the composer Muzio Clementi in 1805, and manuscripts, books, and other works by such authors as St. Augustine, Cicero, Virgil, Plutarch, Herodotus, Petrarch, Dante, Boccaccio, Machiavelli, and Boethius.

Other Renaissance authors, composers, and artists whose work will be included in the display are Michaelangelo, Galileo, Euclid, Archimedes, Aristotle, Scarlatti, Palestrina, and Raphael.

The program series will feature an opening talk by Mrs. de Bellis the evening of April 10, a lecture by historian Gene A. Bruckner of University of California at Berkeley, a commedia dell'arte (drama) performance, and two concerts of Renaissance music.

Release of the complete list of lectures, performances, and concerts, with dates and times, is expected next week.

Hours for the exhibit will be 9 a.m. to 10 p.m., Sundays through Thursdays, and 9 a.m. to 12 midnight, Fridays and Saturdays. Both the exhibit and the various events of the program series will be open to the public. Admission is free.

EXTENSION COURSES LISTED FOR SPRING QUARTER

Courses in animal science, architecture, biological sciences, construction engineering, education, and English are among those offered during the Spring Quarter by the Cal Poly Extension.

The courses, which will provide college credit to any adult who meets course requirements, will meet in communities throughout San Luis Obispo and Northern Santa Barbara Counties beginning the week of April 3.

Also scheduled during the Spring Quarter are courses in anthropology, art, geography, industrial technology, language, ornamental horticulture, philosophy, psychology, sociology, Spanish, and speech.

Cal Poly Extension courses are scheduled on campus at Cal Poly and at San Luis Obispo Junior High School, Morro Bay High School, Atascadero High School, Righetti High School in Santa Maria, Arroyo Grande High School, and Vandenberg Air Force Base near Lompoc.

Those wishing to register for any of the courses may do so during the first meeting for each course. Fees are \$12.75 per quarter unit for lecture courses, \$16.75 per unit for activity courses, and \$25.25 per unit for laboratory courses.

Free copies of the Extension Bulletin, explaining in detail the courses scheduled for Spring Quarter may be obtained at the Continuing Education Office, Adm-311, 546-2053.

AUDIO VISUAL EQUIPMENT FOR POLY ROYAL

Equipment from the Audio Visual Service Office will again be made available this year for use during Poly Royal, April 28-29, according to Marcus Gold (AV Service Coordinator). Departmental clubs and student organizations should be advised to schedule AV equipment for their Poly Royal projects by first obtaining a Form 81 from the Activities Office, CU-217, and then contacting the AV Service Office, BA and E-9.

With the limited amount of equipment that is available and heavy scheduling anticipated, all equipment now on quarter loan to instructional departments may be recalled for the Poly Royal weekend and reissued for events scheduled as part of the annual open house activity, Gold said.

Requests will be filled on a first-come, first-served basis. Since there is never enough equipment to fill all requests, Gold urged members of the faculty and staff who are advisors to student groups to have their organizations submit their requests now.

PUBLICATION ON EXTERNAL DEGREE PROPOSALS AVAILABLE

Copies of A Manual for Preparation of Proposals for External Degree Programs, a publication of the Commission on External Degree Programs of the California State University and Colleges, are obtainable from the Office of the Dean of Continuing Education and from the Office of the Academic Vice President. In addition, a copy of the manual is available from the College Library. The library also has a complete set of the minutes of the meetings of the Commission.

TRUSTEES APPROVE CRITERIA FOR "UNIVERSITY" STATUS

The five specific criterion against which individual state colleges will be measured before they are granted "university" status were approved by the Trustees on March 22. Trustee approval of the criteria did not involve discussion at either the Educational Policy Committee meeting nor the Plenary session of the board of how the criteria would affect any specific state colleges, according to President Robert Kennedy.

"There was an effort made by the Student Presidents Association at the Educational Policy Committee meeting to eliminate the concept of 'criteria' in an attempt to achieve instant 'university status' for all 19 state colleges. When it was pointed out that the legislative act required 'criteria' to be jointly established by the Trustees and the Coordinating Council, no further discussion of this concept took place," Kennedy added.

The resolutions adopted by the Trustees in implementing this legislative requirement will now be submitted to the Coordinating Council for Higher Education. The Coordinating Council will hear the item for action at its April 4 meeting in Sacramento. President Kennedy and President Robert C. Kramer of Cal Poly, Pomona, have been invited to attend for the purpose of answering any questions which may grow out of the discussion of the fifth criterion, which would require 50 percent of the faculty to possess the doctoral degree -- but with exceptions for those fields in which the doctorate is not the normally expected terminal degree.

The board authorized the Trustees' Committee on Educational Policy to act on behalf of the board during the period March 23 through July 10 in changing the name of campuses to "State University." This action was recommended so that action in individual cases could take place as soon as possible after the Coordinating Council acts. The four resolutions approved by the Trustees are as follows:

"RESOLVED, By the Board of Trustees of the California State University and Colleges, that the following criteria be approved as those to be used in determining qualifications for use of the name "University" by a State College:

1. Size, as measured by total number of individuals enrolled;
2. Size of graduate programs as measured by number of post-baccalaureate students or number of graduate degrees awarded;
3. Complexity and diversity as measured by the number of fields in which bachelors and masters majors are offered for the degree;
4. Quality, as measured by the number of professional and academic programs accredited by national professional accrediting agencies approved for senior colleges and universities by the National Commission on Accrediting and the United States Office of Education;
5. Quality, as measured by faculty possession of the doctoral degree in teaching fields where the doctorate is the usual terminal degree; and be it further

"RESOLVED, That to qualify now or in the future, under criteria one through four, a state college be required to comply at a level in the top half of the 22 accredited universities in California as of 1971, using their published data for the year 1970-71 (1969-70 for degree awarded) as a base reference point; and be it further

(Continued on Page 4)

TWO SUPPORT STAFF VACANCIES LISTED

Two vacant positions on the college support staff have been announced by S. Milton Piuma (Staff Personnel Officer). Descriptions of the positions are posted on the bulletin board located outside the Personnel Office, Adm-110, 546-2236. Those interested in applying for any of the positions should contact the Personnel Office to obtain an application. Cal Poly is an Affirmative Action Employer. The positions are:

Clerical Assistant II-A (\$457-\$556), Physics Department, School of Science and Mathematics. Duties and responsibilities include preparing examinations, general typing, filing, sorting of mail and assisting with numerous routine office responsibilities. Applicants must have passed the General Clerical Test, type 45 wpm, and have one year of office experience. Applicants that have had high school chemistry, physics, and mathematics would be desirable.

Painter I (\$772-\$849), Plant Operations Department, Business Affairs Division. Duties and responsibilities include scraping, sanding, and filling surfaces in preparation for painting and finishing, applying undercoats and finishing coats with brush or spray machines, and mixing and matching paints. Applicants must have completed the eighth grade and a recognized apprenticeship in painting and finishing or three years of experience as a journeyman painter.

APRIL 21 WILL BE DATE FOR 1972 HOME CONCERT

April 21 will be the date for the annual Home Concert, according to Harold P. Davidson (head of the Music Department). The program, which will take place in the Men's Gymnasium starting at 8 p.m., will feature three ensembles with nearly 175 members, including the Men's Glee Club, the Women's Glee Club, and the Collegians stage and dance band.

An annual highlight of the campus Music season at Cal Poly, the concert will also feature three smaller vocal ensembles composed of members of the two glee clubs. They are the Women's Sextet, the Collegiate Quartet, and the "world famous" Majors and Minors.

Although the program for the concert has not yet been announced, it is expected to include vocal renditions of traditional folk tunes, religious songs, and currently-popular numbers, as well as instrumental renditions of current and classical dance music.

TRUSTEES APPROVE CRITERIA . . . (Continued from Page 3)

"RESOLVED, That to comply with criterion 5 the colleges have over 50% of full-time regular faculty in possession of a recognized Ph.D., Ed.D. or equivalent earned doctorate, except that California State Polytechnic College, San Luis Obispo and California State Polytechnic College, Pomona be required to have 50% in all programs with the exception of the schools of agriculture, architecture, landscape architecture, and engineering because of the unique nature of these programs and the particular reference in legislation to the "polytechnic" emphasis of these two colleges; and be it further

"RESOLVED, That an institution meeting any 4 of the 5 above criteria be deemed eligible for designation as a university."

500 EXPECTED FOR POLY ROYAL MATH CONTEST

Some 500 students from high schools throughout California are expected to enter the 20th annual Poly Royal Mathematics Contest at Cal Poly on April 28. Being presented under the sponsorship of the Mathematics Department, the contest will take place in several campus locations.

The top three individual winners in the contest will be awarded cash prizes of \$50, \$30, and \$20, respectively, from a cash donation from Morris and Dee Insurance Brokers of San Luis Obispo. The high school team which wins top honors will receive a travelling trophy, slide rules, and drawing sets. Mathematics books will be awarded to the top ten contestants and members of the winning team.

Two written examinations will be given in the contest. In addition to the written examinations, the contest will feature a "Chalk Talk" competition in which high school juniors will participate in oral presentations.

The annual math contest at Cal Poly is presented as part of the Poly Royal open house, which attracts visitors from throughout California and the Western United States to the campus each spring. More than 60,000 persons attended the 39th Poly Royal last year.

EXPANDED HOURS ANNOUNCED FOR RECREATIONAL SWIMMING

An expanded schedule of hours for the recreational swimming program at the Natatorium adjacent to Crandall Gymnasium has been announced by the Women's Physical Education Department. The new hours, which began yesterday (Monday, March 27) are:

Monday through Friday -- 5 to 6 p.m., for students, faculty, and staff only.

Wednesday - 7:30 to 8:30 p.m., for students, faculty, and staff and their dependents.

Saturday and Sunday - 2 to 4 p.m., for students, faculty, and staff and their dependents.

PROMOTION REVIEW PERIOD EXTENDED TO APRIL 25

At the request of the Academic Senate's Personnel Review Committee chairman, Leon Maksoudian, and Academic Senate Chairman Howard Rhoads an extra ten days has been provided for committee consideration of promotion recommendations for 1972-73. Normally notification letters to promotion-eligible rank and class personnel would be mailed on April 15. The decision to grant an extra ten days for Personnel Review Committee consideration will postpone the mailing of the notification letters until April 25, President Robert E. Kennedy stated.

MARCH SALARY WARRANTS AVAILABLE FRIDAY AT 4 P.M.

March salary warrants for faculty and staff of the college will be available at 4 p.m. on Friday (March 31), the last day of the pay period. Warrants batched by department may be picked up at the Cashier's Office, and those picked up on an individual basis will be available in the Business Affairs Division Office, Adm-114.

NOTES ON GAMES AREA PROGRAMS

Gene Legari (Games Area Manager) reports that a Faculty-Staff Noon Bowling League operates every Wednesday on the bowling lanes in the Julian A. McPhee College Union. Six teams are already signed for the league and, although the first half of the league has been completed, two more teams can still be accommodated.

The Faculty-Staff Noon Bowling League has three-man teams and the charge for the twice a-week play is \$1 per game. Averages in the league range from 90 to 200, according to Legari, who points out that the league is just one way in which the College Union Bowling Lanes serve the faculty, staff, and students of the college.

"This is the one place on campus that is designated for use and involvement by students and faculty and staff, alike," he added. "We invite everyone to take advantage of our recreational facilities and services."

Prices for the Games Area's billiards tables are \$1.20 per hour per table. Bowling costs 55 cents per game for faculty and staff members and 65 cents a game for guests.

Operating hours for the College Union area are 12 noon to 11 p.m. on Sunday; 9 a.m. to 12 midnight on Monday through Thursday; 9 a.m. to 1 a.m. on Friday; and 10 a.m. to 1 a.m. on Saturday. Additional information about the programs and facilities of the Games Area may be obtained by telephoning 546-2866.

EASTER LILIES ON SALE AT O H UNIT

Faculty and staff members are invited to purchase their Easter lilies early this year. Howard Brown (Head of the Ornamental Horticulture Department) says the student-grown lilies already are in bloom.

Telephone orders may be placed by calling 546-2563 or faculty and staff members may go to the Ornamental Horticulture Unit facility on Campus Way to pick out their lilies in person.

The student sales laboratory will be open from 1 to 5 p.m., through Thursday (March 30) and from 8 a.m. to 5 p.m. on Saturday (April 1). Telephone orders will be delivered to faculty or staff members offices.

Three blossom lilies are priced at \$2.75; five blossom lilies at \$3.75. All of the lilies have been produced as student enterprise projects.

STUDENTS ATTEND CONSTRUCTION INDUSTRY CONVENTION

Senior students in the School of Architecture and Environmental Design's new bachelor's degree curriculum in construction engineering participated in the annual convention of the Engineering and Grading Contractors Association in San Diego on Feb. 25-26. Cal Poly's first class of construction engineers was introduced to the California construction industry during the convention and Dave Burke, president of EGCA's campus chapter at Cal Poly, described the new curriculum during a meeting of the association's executive meeting. Helmut Schleicher (School of Architecture and Environmental Design) is faculty advisor to the student group.

HIGHLIGHTS OF C S U C ACTIONS LISTED

The following were among highlights of the actions taken by the Board of Trustees of the California State University and Colleges during their meeting last Wednesday (March 22) in Los Angeles:

- Approved criteria to be used in determining which of the 19 State Colleges will be eligible for designation as a "State University"; criteria will be submitted to the Coordinating Council for Higher Education for approval.
- Authorized the Trustees' Committee on Educational Policy to act on behalf of the Board during the period March 23 through July 10 in changing the name of campuses to "State University."
- Approved modification of the official system seal to reflect the system's new designation as "The California State University and Colleges," which became effective March 4, 1972. (The new seal appeared in Cal Poly Report March 7.)

DISCOUNT TICKET AVAILABILITIES LISTED

With an eye on the approaching vacation periods, the Personnel Office last week called the attention of college employees to the availability of discount cards for certain amusement areas.

In the Southern California area, these include Disneyland Park in Anaheim; Knott's Berry Farm, Movieland Wax Museum and Palace of Living Art, Japanese Village and Deer Park, Movie World "Cars of the Stars," and "Planes of Fame" in Buena Park, and Magic Mountain Park in Valencia.

Also available in Southern California are Los Angeles Zoo, Universal Studio Tours in Los Angeles; Queen Mary Voyagers Club, Long Beach; sightseeing excursions on Catalina Island; Palm Springs Aerial Tramway, Palm Springs; San Diego Harbor Excursion, San Diego Zoo, and Sea World in San Diego.

Discount cards available in the Northern California area are San Francisco Bay Cruise, Red and White Fleet, and Ripley's "Believe It or Not," all in San Francisco, and the Roaring Camp Steam Locomotive in Felton.

Additional information or discount cards for any of these amusements may be obtained by contacting the Personnel Office, Adm-110, 546-2236.

SECURITY OFFICE STILL REGISTERING BICYCLES

The college Security Department is still offering a voluntary, free registration service for bicycles. Purpose of the service is to help protect bicycles by having a record of the type, make, and serial number which will be a valuable identification in case it is stolen. Members of the staff, faculty, and student body who have not already done so are invited to take their bicycles to the Security Office between 2 and 8 p.m. on any weekday to have them registered.

The end of the seventh week of instruction for the 1972 Spring Quarter will be Monday, May 15.

APPLICANTS SOUGHT FOR FOUR FACULTY TEACHING POSITIONS

Applicants for four teaching positions on the faculty of the college are presently being sought, according to Larry Voss (Director of Personnel Relations). Those interested in learning more about any of the positions, or in applying for any of them, are invited to contact the appropriate school dean or department head. Cal Poly is an Affirmative Action Employer. Brief descriptions of the available positions read:

Intermediate Instructor (\$777-\$992), Women's Physical Education Department, School of Human Development and Education. Duties and responsibilities include teaching major class of individual and dual sports, and one or two activity sections; assisting with departmental committee work, student advising, and supervising 12-15 student teachers. Applicants must possess a master's degree with undergraduate major in physical education and secondary teaching experience. College teaching experience is desirable. Position for Fall Quarter, 1972, only.

Lecturer, Range C (\$777-\$945), Philosophy Department, School of Communicative Arts and Humanities. Duties and responsibilities include teaching logic, history of philosophy, and philosophy of science. Applicants must possess an MA degree and show evidence that a PhD in philosophy can be expected by the time tenure is to be determined. Background in the philosophy of science highly desirable. Position for 1972-73 academic year.

Instructor (\$650-\$750), Cal Poly Foundation. Duties and responsibilities include teaching courses in reading and literature for High School Equivalency Program. Applicants should be sensitive to the needs of migrant and seasonal farm worker youths, possess the ability to communicate in Spanish, and must have one year teaching experience.

Intermediate Instructor (\$777-\$945), Agricultural Education Department, School of Agriculture and Natural Resources. Duties and responsibilities include teaching undergraduate and graduate courses in agricultural education, advising students, and working with teachers of agriculture on campus and in the field. Fifty percent of the assignment will be in providing on-campus "back-up" services to overseas programs in agricultural education. Applicants must possess a master's degree with some work toward a doctorate, must have demonstrated success as a teacher of vocational agriculture, and have sound knowledge of agriculture and agribusiness.

ORDERS FOR CAPS, GOWNS BEING TAKEN AT EL CORRAL STORE

Faculty and staff members expecting to participate in commencement activities this year were reminded last week by Mrs. Mary Lee Green (Manager of El Corral Campus Store) to make arrangements for their academic regalia soon.

The El Corral Campus Store now has budget priced caps, gowns, and hoods for sale at very attractive prices. The more expensive regalia may also be purchased. The regular rental plan is available again this year. Rental prices are again \$8 for the bachelor's, \$9 for the master's and \$10 for the doctor's regalia.

The last date for guaranteed delivery on rentals and purchases, according to Mrs. Green, is April 22. Orders may be placed after that date but no promises on delivery can be made.

Friday, April 21, will be the final day for receipt of applications for graduation in June, 1972.

WHO . . . WHAT . . . WHEN . . . WHERE ? ? ?

William M. Boyce (Business Administration Department) has been appointed to the position of senior vice president for the Campus Division by the Society for the Advancement of Management, according to an announcement from Bruce D. McSparrin of Miami University of Ohio, president of the society. In addition to a large and active professional membership, SAM has more than 100 campus chapters and 4,000 student members across the nation. Boyce who formerly was head of Cal Poly's Military Science Department, has been a member of the college faculty since 1966.

Robert E. McCorkle (Director of International Education) was the guest speaker on March 21 for a benefit dinner sponsored by the Rotary Club of Atascadero. McCorkle's talk, titled "Dimensions of Cal Poly International Education," was illustrated with slides of the various international programs in which Cal Poly is involved. Profits from the dinner affair will go to the Atascadero club's "Hands Across the Sea" World Community Service Project. They will be used to provide medical supplies for a developing country.

Cheryl Stillman and Nancy Johnson (both Home Economics Department) attended the first Consumer Education Conference. Objective of the conference, which was co-sponsored by the State Departments of Education and Consumer Affairs was to study the goals for meeting needs for consumer education in the state, and to suggest appropriate avenues for reaching the goals. Featured speakers for the gathering in Sacramento on March 3 were Virginia Knauer, special assistant on consumer affairs to President Richard M. Nixon, and David Schoenfeld, national educational director for the Consumers Union.

John Y. Hsu (Computer Science and Statistics Department) is the author of a paper titled "A Versatile Core Memory with Content Addressability," which has been accepted for the Computer Society Repository of the Institute of Electronic and Electrical Engineers. The paper develops and discusses probabilistic models for various search methods,

Howard F. Smith (Economics Department) participated as a discussant in a conference on "Economic Policy Today: Trade, Taxes, and Controls," which took place in Los Angeles on March 3-4. The conference was sponsored by the Center for Labor Research and Education of the University of California at Los Angeles.

Mead R. Johnson and Charles W. Strong (both English Department) attended the fifth annual Technical Communications Seminar on March 11 in Fullerton. The meeting, which was sponsored jointly by the Department of Communications of California State College at Fullerton and the Society for Technical Communications, focused on problems faced by communicators in adapting to the changing technology, and especially on those posed by the computer.

J. Mac McRobbie (Head of the Industrial Technology Department) participated as Cal Poly's representative at the 34th annual conference on Industrial Education. Major emphasis of the program, which was held March 3 at Anaheim, was upon trade and technical education. It was sponsored by the California State Department of Education.

John D. Lawson (Director of Student Activities) is serving as a member of the resolutions during the 1972 conference of the Association of College Unions - International in St. Louis, Mo. Theme of the conference, which began Sunday (March 26) and will end tomorrow (Wednesday, March 29) is "Focus on the Future." Dr. Lawson, who is serving his third three-year term on the committee, formerly was chairman of the Resolutions Committee. The association has more than 900 college and university members, particularly in the U.S., Canada, and Australia.

CLARIFICATION ON ANNUAL PARKING PERMITS

Annual parking permits, which are available for purchase by members of the college faculty and staff at the start of the Fall Quarter each year, cover campus parking during the Fall, Winter, and Spring Quarters only. An announcement in last week's Cal Poly Report created some confusion regarding the period of time covered by the annual permits, which cost \$27 each.

Quarterly permits for the Spring Quarter are still available for purchase at \$9 each from the State Cashier's Office, Adm-131C. A new registration procedure for the parking permits has been instituted and is being used for the first time this quarter. The new procedure utilizes a brown prepunched IBM card Parking Registration Form, which replaces the white card used previously.

OFFICES, SERVICES CLOSED FROM NOON TO 3 P.M. ON FRIDAY

All offices and services of the college will be closed between 12 noon and 3 p.m. on Good Friday (March 31). Employees who are on vacation, sick leave, compensating time off, or absent without pay for the entire working day, or the entire afternoon of March 31, will be charged the full period of absence.

ALPHA ZETA DELEGATES SLATE CAMPUS CONCLAVE

The question of admitting women into the ranks of Alpha Zeta is expected to be the main issue of a conclave of chapters from throughout the Western States at Cal Poly on April 8. Tony Turkovich, chancellor of the Cal Delta Chapter, the Cal Poly Alpha Zeta affiliate, says delegates are expected from 10 chapters. Alpha Zeta is an honorary scholastic and service society of agricultural students at colleges and universities throughout the United States. Members are elected on the basis of scholastic record and service to their college.

STAFF CLUB WILL HEAR ASSEMBLY CANDIDATE

"The Assembly" will be the topic when Robert Nimmo of Atascadero addresses the weekly luncheon meeting of the Cal Poly Staff Club on Thursday (March 30). Scheduled for 12 noon, the meeting will take place in the Staff Dining Room. Nimmo, now retired, is a Republican candidate for the 29th Assembly District seat. He is an alumnus of Cal Poly and the former commanding officer of Camp San Luis Obispo. Members of the college faculty and staff are invited to attend the luncheon meeting.

CHANGE IN INSURANCE COVERAGE FOR U P C MEMBERS NOTED

Equity Educators Assurance Company's insurance contracts with United Professors of California will terminate on Friday (March 31). The carrier is not renewing the contract with UPC. All UPC members with Equity Educators insurance programs need to call at the Personnel Office Adm-109, 546-2236, to initiate a change in their programs.

Typewritten copy intended for the next issue of Cal Poly Report must be received prior to 12 noon Friday, March 31, in the Office of Information Services, Administration-210.

CONFERENCE ON INTERNATIONAL EDUCATION SCHEDULED NEXT WEEK

Employment opportunities offered through international education will be considered during the International Education Conference to be held at Cal Poly next Thursday (April 6). The student-oriented conference is co-sponsored by the Office of International Education and the Student Council of the School of Agriculture and Natural Resources in cooperation with the College Convocation Series.

The day-long session will cover work experience opportunities abroad for technical students and job opportunities abroad with United States business firms. Representatives of industries which operate overseas and people involved in education abroad have been invited to participate in round-table discussions on the two main subjects.

The conference will begin in the Julian A. McPhee College Union. A keynote address is scheduled by a representative of international education programs of the United States government, yet to be announced. Robert Sprinkle of Chicago, who is executive director of the International Association for the Exchange of Students For Technical Experience, will lead a panel discussion on "Work Experience Abroad for Technical Students."

Following a luncheon break, the session will resume with a round-table discussion on "International Opportunities with U.S. Business Firms." The conference will close with group discussions for the student conferees.

Detailed information on the program can be obtained from Robert E. McCorkle, (Director of International Education), Hillcrest Hall, 546-2147.

EIGHT MEN RECEIVE ARMY OFFICER COMMISSIONS

Eight young men who completed their bachelor's degree studies at Cal Poly earlier this month have been commissioned as second lieutenants in the U.S. Army. They received their commissions during ceremonies on campus last Saturday (March 18), which included an address by James Lau (Business Administration Department). Col. William L. Hastie (Head of the Military Science Department) administered the oath of office.

Those commissioned with their undergraduate degree major, and their army branch are: Richard L. Abbot, mechanical engineering, Corp of Engineers; Arthur L. Carpenter, applied mathematics, Air Defense Artillery; John D. Huston, soil science, Transportation Corps; Stanley R. Keith, electronic engineering, Signal Corps; Brian L. Locke, engineering technology, Field Artillery; Gregory K. McGill, aeronautical engineering, Field Artillery; John F. Ross, physical education, Infantry; and William T. Tarp, agriculture business management, Quartermaster Corp.

LOST AND FOUND SALE NETS \$885 FOR LOAN FUND

The two-day campus sale, recently conducted for the purpose of disposing of unclaimed "lost and found" goods and materials, resulted in a total collection of \$885.58. Among the items sold were unclaimed clothing, books, bicycles, jewelry, slide rules, stereos, and other miscellaneous property accumulated over the past six months by the Lost and Found Section of the college's Plant Operations Department. All proceeds from this sale are committed to assisting students financially and have been deposited in the Student Short-Term Loan Fund which is administered through the Student Financial Aids Office.

BURLINGHAM WILL RETIRE ON JUNE 30

For 24 years, H. H. Burlingham has been telling prospective vocational agriculture teachers, "Be sincere -- sincerely interested in the educational growth and welfare of your students."

Burlingham, head of the Agricultural Education Department in the School of Agriculture and Natural Resources at Cal Poly will retire on June 30 after a total of 42 years service to agricultural education.

Since 1948, Burlingham has been training future vocational agricultural teacher and a supervisor of vocational agricultural instruction.

A native of Oregon, he expected to operate the family farm after graduation from Oregon State College (now university). The depression and a short stint at management training in private industry headed Burlingham for his teaching career.

In succession, Burlingham was director of agriculture at high schools in Willits, Madera, and Paso Robles until his appointment as a regional supervisor in the Superior Region in 1942. Six years later he joined the faculty at Cal Poly.

COLLEGE AND UNIVERSITY ADMINISTRATIVE VACANCIES LISTED

Information on administrative positions at other colleges and universities, for which applicants are currently being sought, is available in the college Placement and Financial Aid Office, Adm-213, 546-2501. Positions presently listed there include:

Chico State College -- Dean of Humanities and Fine Arts, salary \$19,404 to \$23,604 for 12-month appointment, responsible for administration of the School of Humanities and Fine Arts, position available on Sept. 1, 1972.

San Jose State College -- Executive Vice President, salary \$23,040 to \$28,008 annually, equivalent or possession of a doctor's degree and broad experience in academic administration required, position available on July 1, 1972.

San Jose State College -- Dean of the Faculty, \$19,404 to \$23,604 annually, earned doctorate or equivalent and college or university teaching experience are required, appointment position available on Sept. 1, 1972.

Utah State University, Logan, Utah -- Chairman of the Department of Art, salary \$17,000 to \$19,000 for 10 or 12-month appointment depending on interests of appointee, prefer applicants with doctor's degree.

RECEPTION FOR LENA GIANOLINA WILL BE TOMORROW AFTERNOON

Lena Gianolina, who will retire on Friday (March 31) after having been a member of the College Accounting Office staff since 1949, will be the honored guest at a coffee-reception in the Staff Dining Room tomorrow (Wednesday, March 29) afternoon. All of Miss Gianolina's friends are invited to drop by during the reception, which will be from 2 to 4 p.m., to wish her a happy retirement.

COMING EVENTS -- COMING EVENTS -- COMING EVENTS

Grange Youth Conference -- Sunday, March 26 through Wednesday, March 29, all day. Annual conference of the California State Grange Youth organization with activities at both Cal Poly and the San Luis Obispo County Schools Rancho El Chorro Outdoor Education Center; hosted by Cal Poly's School of Agriculture and Natural Resources. By reservation in advance.

Varsity Baseball -- Tuesday, March 28, 12 noon, Baseball diamond near Poly Grove. Cal Poly vs. Stanislaus State College, doubleheader. General admission tickets - students, no charge with ASI card; children 25 cents; all others, \$1.

Varsity Tennis -- Wednesday, March 29, 1:30 p.m., Tennis Courts adjacent to Men's Gymnasium. Cal Poly vs. California State College at Hayward. Public invited.

Sigma Xi Seminar -- Wednesday, March 29, 7:30 p.m., Science Building Room E-26. John R. Clark of the Naval Postgraduate School in Monterey will present a lecture on "Real and Imaginary Crystals"; sponsored by the Welding and Metallurgical Engineering Department. Students and faculty invited.

Electronic and Electrical Engineering Seminar -- Thursday, March 30, 11 a.m., Computer Science Building Room 201. Willis F. Long, a project engineer for Hughes Research Laboratories, will discuss "Modern Control Theory and Power Systems." Faculty, students and guests invited.

Computer Science and Statistics Seminar -- Thursday, March 30, 11 a.m., Computer Science Building Room 256. Talk on "Designing a Cloud-seeding Experiment," by Singchou Wu; sponsored by the Computer Science and Statistics Department. Students, faculty, and staff invited.

Varsity Tennis -- Thursday, March 30, 2 p.m., Tennis Courts adjacent to Men's Gymnasium. Cal Poly vs. California State College at Bakersfield. Public invited.
