

Volume 22, Number 37

May 9, 1972

## INVENTOR, DESIGNER WILLIAM LEAR WILL SPEAK ON THURSDAY

"How to be a Creative and Positive Thinker," is the topic chosen by William P. Lear for his talk at Cal Poly on Thursday (May 11) at 11 a.m. in the Chumash Auditorium of the Julian A. McPhee College Union.

Lear is a man whose career is filled with hundreds of examples of creative and positive thinking. By being a creative person and maintaining a positive attitude, Lear has amassed a vast personal fortune and contributed over 150 inventions that have become common in American life, from the car radio and the eight-track stereo tape to the automatic direction finder and the famous Lear Jet.

When Lear arrives in San Luis Obispo it will be at the controls of his personal jet, although in 1967 he divested himself of interests in Lear Jet Industries. He is currently involved in research and development of low pollution power systems to replace the internal combustion engine.

In February the versatile inventor revealed his steam-powered "bus of the future" at his test facility in Nevada. He has invested \$12 million in the project, conducted at a former air base near Reno which he has renamed Leareno. He has been the subject of recent interview features in Playboy and West magazines. They characterize him as affable, energetic, outspoken and immodest.

### Third in 1971-72 Series

William P. Lear

Lear is a member of the Institute of Radio Engineers, Institute of the Aeronautical Sciences, American Institute of Electrical Engineers, Society of Automotive Engineers, and Tau Beta Phi. His appearance will be the third in the Cal Poly Convocation Series, which earlier this year featured Nobel Prize winner Norman E. Borlaug, and anthropologist Louis S. B. Leakey. Lear's presentation will be co-sponsored by the college and the Student Council of the School of Engineering and Technology.

In 1962 Lear sold his personal and family-owned interests in Lear, Inc., in order to produce the plane, which is the only production aircraft in the world to be developed with personal financing.

Lear, Inc. had been founded by Mr. Lear some 32 years earlier, and had grown to a company doing nearly \$100 million dollars worth of business yearly, having more than 5,000 employees. The company had major plants in California, Michigan, Ohio, and Germany, and specialized in such products as aerospace instruments, electronics, automatic controls, and fluid handling devices.

(Continued on Page 2)

INVENTOR, DESIGNER WILLIAM LEAR . . . (Continued from Page 1)

Development of the Lear Jet was initiated in Switzerland during 1960. It resulted from Lear's conviction that the businessman must be furnished a small, light aircraft that would provide transportation with speed to equal that of jet airliners, but with much greater convenience. The aircraft was eventually built in Wichita, Kan., and the maiden flight was on Oct. 7, 1963.

Subsequently the firm established an Avionics Division in Grand Rapids, Mich., and a Stereo Division in Detroit, where the concept of eight-track stereo sound tape was first developed. After the Lear Jet became the most widely used business jet in the world, Lear sold his holdings as a major stockholder in Lear Jet Industries to Gates Rubber Company of Denver, in 1967.

In 1940 Lear was awarded the Frank M. Hawks Memorial Award for the design of the Lear-matic Navigator. In 1950, he was awarded the Collier Trophy by the President of the United States for "the greatest achievement in aviation in America during the previous year." This was for the design of the Lear F-5 automatic pilot and automatic approach control coupler system.

He is now completing development, design, and production of the world's most advanced autopilot. It is smaller and lighter than any autopilot yet developed and is suitable for any size aircraft.

In 1951 the University of Michigan conferred on Lear the honorary degree of Doctor of Engineering, "to give public expression to its (the University's) appreciation of the advances which your inventive genius have made possible in modern methods of communication and aviation."

In 1954 Lear received the Horatio Alger Award, "for having pulled himself up to the top of his field by his bootstraps." In 1969 the Los Angeles Art Center College of Design conferred on him the honorary Doctor of Science degree.

During residence abroad in 1960, he received Sweden's Thulin Medal for his contributions to the aircraft industry, and was presented the Great Silver Medal by the City of Paris for his aid in developing the autopilot for the Caravelle jetliner.

A long-time crusader for all-weather flight, Lear is recognized as one of the principals whose efforts culminated in the completely automatic blind landings of a Caravelle airliner (using a Lear-designed autopilot), which made aviation history in 1962.

DEAN HIGDON WILL BE PHI KAPPA PHI SPEAKER

Archie Higdon (Dean of Engineering and Technology), who expects to retire this summer, will be the speaker for the annual banquet of the Cal Poly Chapter of Phi Kappa Phi Honorary Society, which will take place in the Staff Dining Room starting at 6:30 p.m. on Thursday (May 11). Topic for Dr. Higdon's remarks will be "What is An Appropriate Liberal Education for the Current Age?"

Mrs. Lorraine Howard (Associate Dean, Women), who is president of the campus PKP chapter, said the newly-selected student members of the society have been invited to join faculty members for the banquet. The new student members will be initiated during a ceremony which will precede the Commencement program June 10.

E O P RECEIVES \$17,000 FROM STATE

Cal Poly has received \$17,000 in additional state funds to apply to the Educational Opportunity Program operating on campus. President Robert E. Kennedy said the funds were made available by the Chancellor's Office as a result of salary savings in the California State University and Colleges.

Dr. Kennedy announced that over 100 continuing EOP students are receiving notification that their National Defense Loans are being reduced by an apportionment of over \$14,000 of the \$17,000.

In addition, three continuing EOP students have been designated to receive state grants to meet Winter and Spring Quarter needs. State grants will also be provided to seven new EOP students, to provide for one half of their college needs during the Spring Quarter.

Distribution of the funds through the Financial Aid Office was reported by Mrs. Mary Eyler (Associate Director of Placement and Financial Aid). The program for distribution of the EOP augmentation was developed in consultation with the co-directors of the Educational Opportunity Program at Cal Poly, Oscar Quezada and William Carl Wallace.

FINALE OF CAMPUS DRAMA SEASON WILL OPEN ON THURSDAY

The cast for You Can't Take It With You, the final production for the Speech Department, has been announced by Robin Lake (Speech Department) who is directing the play. The award-winning play, will run Thursday, Friday, and Saturday (May 11, 12 and 13) evenings with a special matinee on Saturday. Curtain time for the evening performances will be 8 p.m. and the special matinee will start at 2 p.m.

You Can't Take It With You, written by Moss Hart and George Kaufman, concerns the adventures of three families and their efforts to enjoy life with just enough money to take it easy. Their attempts to evade the income tax with a love affair between members of two of the families add spice to the story.

Lake said leading roles in the campus production will be played by Barbara Harris, Kris Van Der Werff, Marjorie Kelly, Bruce Brown, and J. Murray Smith (also Speech Department).

Miss Harris, a senior majoring in English, is playing the role of "Penelope"; Van Der Werff, a sophomore business administration major, is "Grandpa"; Miss Kelly, a senior majoring in speech, is playing "Alice"; Brown, a graduate student in speech, is "Tony"; and Smith, himself a veteran actor and director, is playing "Mr. Kirby."

General admission tickets for all four performances are priced at \$1 for students and \$2 for all others. They will be available at the theater box office prior to each performance.

-----

*Monday, May 29, is Memorial Day under the recently instituted system of three-day national holidays and will be an academic holiday for students, faculty, and staff of the college.*

O H DEPARTMENT WILL BUY OLD POTS, FLATS DURING SALE

The Ornamental Horticulture Department will purchase old flower pots and redwood flats during its annual Mothers Day Sale on Saturday (May 13), according to an announcement from the department. The sale will take place from 9 a.m. to 4 p.m. at the OH Unit located on Campus Way near the Horse Unit.

The going rate for purchases of old clay or plastic pots three inches or more in diameter and redwood flats will be a penny an inch paid in cash on the spot.

On the sale side of the ledger, the Flower Shop at the OH Unit will be ready to create bouquets for mother or to help with selections of arrangements. The shop is featuring "quickie" bouquets priced at \$1 each. Potted plants will also be featured.

Those with landscape problems will also find something to get excited about at the OH Unit's Nursery. Landscape plants will be on sale at two for the price of one and bedding plants and vegetables will also be featured and members of the department faculty and senior students will be available for landscaping advice.

WOMEN'S GLEE CLUB, COLLEGIANS SLATE PERFORMANCES IN SAN JOSE AREA

Eleven performances in three days in the San Jose area dot the itinerary of the annual concert tour of the Women's Glee Club and Collegians stage and dance band from Cal Poly in San Luis Obispo.

Highlighting the concert series that begins tomorrow (Wednesday, May 10) and ends on Friday (May 12) will be a public performance on Wednesday evening at the First United Presbyterian Church in Los Gatos. Admission will be free. Other daytime concerts have been scheduled at high schools in Los Gatos, Cupertino, and San Jose.

Joining the concert tour will be two male vocal specialty groups. They are the Collegiate Quartet and the "world famous" Majors and Minors. The Women's Sextet composed of members of the Women's Glee Club will also perform.

Harold P. Davidson (Head of the Music Department) directs the Women's Glee Club. The Collegians are directed by Graydon Williams (also Music Department).

TICKETS FOR SPRING FLING WILL GO ON SALE SOON

Bob Adams, (Chief of Plant Operations) chairman for the Cal Poly Staff Club Spring Fling on Saturday, May 27, has tickets for the annual event. The ticket price of \$3 for Staff Club members and \$4 for non-member faculty and staff includes a steak barbecue and fishing, horseshoes, and other outdoor activities.

The scene this year is White Oaks Flat at Santa Margarita Lake. Those taking their cars will be reimbursed the \$1 entry fee on presentation of their entry ticket to Robert Baldrige (Theater Manager), co-chairman for the event. Spring Fling is the traditional stag outing of the Staff Club.

-----

*The final examination period for the 1972 Spring Quarter will begin on Tuesday, June 6, and continue through Friday, June 9.*

### LIPIZZAN BLOOD LINE EXTENDS BACK 2,000 YEARS

The Royal Lipizzan Stallions of Austria, whose blood lines extend back 2,000 years, have emigrated to the New World. An 18-event program of equestrian ballet performed by these same Lipizzaners will be presented in Mustang Stadium at Cal Poly at 8:15 p.m. next Tuesday (May 16). The student council of the School of Agriculture and Natural Resources is sponsoring the appearance.

The public is invited. Tickets are offered in a range of prices according to locations. Special rates will be in effect for college students and children. Individual reserved seats in the best location of the stadium will be \$6 for adults and \$3 for children 12 or under and for college students. Adult ticket prices will be \$3, \$4 and \$5 for various reserved sections. Children and college students with identification cards may obtain seating in these sections at half price.

Col. O. J. Herrmann, whose family has trained Lipizzaners for seven generations, began bringing the white stallions to America six years ago and today has about 60 of the famous breed at his holding ranch near Myakka City, Fla.

The Lipizzan horses had ancestors in Andalusia, Spain, where a nimble and sturdy type of horse was known even before the Roman conquest about 200 B.C. The fine horses brought into Spain by the Roman legions were crossed with the Andalusians. About a thousand years later, when the Moors brought in Arab mounts, these also were crossbred with Andalusian stock.

In the 16th century, members of the Royal House of Hapsburg imported the Andalusians into Austria as their personal war horses, and there the breed was crossed with the Kladruher of Bohemia; somewhat later, Neapolitan blood was introduced into the line. All this took place at the stud farm established by the Hapsburg archduke about 1580 near the Carnilian village of Lipizza.

The Lipizzaner of today stands 15 to 16 hands high and weighs up to 1,400 pounds but looks lighter. The added weight comes from large bones and heavy muscling for which he is celebrated. When foaled, the Lipizzaner is dark but he turns lighter as he matures so that by the time he is 8 years old he appears completely white.

### DEADLINE FOR LIBRARY QUESTIONNAIRES EXTENDED TO FRIDAY

The deadline for receipt of the library questionnaires sent to faculty recently has been extended until Friday (May 12), according to an announcement from the committee which is sponsoring the project. The committee urged all faculty members who have not yet completed and returned the questionnaire to L. Harry Strauss (Director of the College Library), to do so.

Only 38.7 percent of the 767 copies of the questionnaire, which was developed by the Subcommittee of the Academic Senate's Library Committee, had been returned by last Friday (May 5). As a result, the original May 8 deadline, was extended. Committee members hope it will provide time so that faculty who have not already done so can complete and return the questionnaire.

Those who may have misplaced the copy of the questionnaire they originally received via the campus mail, or who did not receive one, may obtain one by telephoning Miss Angelina Martinez (Head of Public Services), Library 546-2340.

NEW ADMINISTRATORS NAMED FOR C S U C INTERNATIONAL PROGRAMS

Kibbey M. Horne, commandant of the Defense Language Institute's West Coast Branch at Monterey, last week was named director of International Programs of The California State University and Colleges by Chancellor Glenn S. Dumke.

Chancellor Dumke also announced the appointment of Donald S. Castro, a specialist in Latin American history and faculty member at California State Polytechnic College, Pomona, as associate director of International Programs.

Operated at 14 universities in seven countries, the CSUC International Programs comprise the only statewide instructional unit in the state university and college system. More than 300 students are enrolled.

Dr. Horne has served as the Monterey Institute's ranking administrator since 1968. A professional Army officer, he will retire from 26 years' active duty prior to assuming his new duties directorship on July 1.

He received his bachelor's degree in engineering at the U. S. Military Academy and his PhD in German and linguistics from Georgetown University. Dr. Horne has also studied at Harvard, Middlebury College, and the University of Heidelberg.

Dr. Castro, a member of the Cal Poly, Pomona, History Department since 1967, has served as director of the college's Chicano and American Indian Studies Center and is past chairman of the Board of Directors of the Casa Unida Drug Center in Pomona.

He has studied Spanish, Portuguese, Italian, French, and German, and has conducted field research in Mexico, Guatemala, and South America. His BA, MA and PhD degrees are from the University of California at Los Angeles.

Established in 1963, the CSUC International Programs unit permits California students from the system's 19 campuses to study for a year at an overseas location and to receive academic credit from their home campus.

TWO F F A TITLES WON BY SANTA ROSA TEAMS

Santa Rosa High School was the lone double winner when final results of the state contests of the California Association of the Future Farmers of America were tallied late Saturday (May 6) afternoon. Announcement of the winners in 14 different areas of agricultural competition came at the close of a week of FFA activity at Cal Poly, San Luis Obispo.

The California Association's 44th annual convention took place at the college earlier in the week. More than 1,000 delegates and guests took part in the sessions which were held in the Chumash Auditorium of the Julian A. McPhee College Union.

Santa Rosa HS teams won top honors in the agricultural mechanics judging and in the poultry judging. Nearly 900 members and teams representing 130 FFA chapters located at high schools throughout California took part in the contests to determine team and individual champions in the various contests.

Typewritten copy intended for the next issue of Cal Poly Report must be received prior to 12 noon Friday, May 12, in the Office of Information Services, Administration-210.

#### FACULTY AID ASKED BY INSTRUCTION COMMITTEE

Faculty members who received copies of a special questionnaire on grading practices last week are being asked to return them as quickly as possible to College Union Box S, according to Howard F. Smith (Economics Department), chairman of the Academic Senate's Instruction Committee, and Richard J. Hayden, student member of the committee.

Hayden, who is carrying out the study, said his work is being conducted as part of the requirements for an investigative techniques course and has the approval of the academic deans of the college. Copies of the questionnaire were mailed to 141 members of the teaching faculty of the college last week. Those selected to participate were chosen by random sample.

The student investigator said that data from the questionnaire tentatively will be used as a partial basis for a booklet on grading policies and practices at Cal Poly for new faculty members.

#### VACANCIES ON COLLEGE SUPPORT STAFF ANNOUNCED

Two vacancies on the support staff of the college have been announced by S. Milton Piuma (Staff Personnel Officer). Descriptions of these positions and other vacancies are posted on the bulletin board located outside the Personnel Office, Adm-110, 546-2236. Those interested in applying for any of the positions should contact the Personnel Office to obtain an application. Cal Poly is an Affirmative Action employer. The positions are:

Clerical Assistant II-B (\$492-\$599), Biological Sciences Department, School of Science and Mathematics. Duties and responsibilities include typing, dictation and transcription, filing, record-keeping, and duplicating under supervision of department secretary. Applicants must have passed the General Clerical Test, type 45 wpm, take shorthand at 90 wpm, and be high school graduates with one year of general office experience.

Personnel Assistant (\$710-\$863), Personnel Office, Administrative Affairs Division. Duties and responsibilities include recruiting, testing, interviewing, screening, conferring, and assisting supervisors in placement of job applicants and working with Affirmative Action Program coordinator in testing, hiring, and promotion of minority candidates. Applicants must have general knowledge of principles, problems and methods of public administration including organization and personnel management, and must also have six months of experience in personnel administration and equivalent to graduation from college.

#### MONDAY WILL BE LAST DAY FOR STUDENTS TO WITHDRAW FROM CLASSES

Next Monday (May 15), the final day of the seventh week of instruction, will be the last day that students may withdraw from Spring Quarter classes, according to an announcement from Gerald N. Panches (Registrar). The 1971-72 Catalog of courses provides that "Except for college recognized emergencies, no withdrawals from a course will be permitted after the end of the seventh week of instruction."

Typewritten copy intended for the next issue of Cal Poly Report must be received prior to 12 noon Friday, May 12, in the Office of Information Services, Administration 210.

#### COLLEGE UNION FEE INCREASE ANNOUNCED

An increase that will see the College Union Fee changed from \$20 to \$26 annually starting with the coming Summer Quarter and Summer Sessions has been announced by Tony Turkovitch, who is chairman of the College Union Board of Governors. The announcement said the new fee structure was recommended by the CUBG and President Robert E. Kennedy and approved by Chancellor of the California State University and Colleges Glenn S. Dumke.

Under the newly-approved fee structure, all students attending during Spring Quarter and Summer Quarter will pay \$6 per quarter and those attending during the Fall and Winter Quarters will pay \$7. Summer Session fees will be \$1 per student for each Pre- and Post-Sessions and \$2 per session for each four-week session. A maximum of no more than \$6 will be charged for students concurrently enrolled in the Summer Quarter and Summer Sessions. The differential College Union fee for limited students has been eliminated.

#### STUDENT COMMITTEE IS MAKING HOMECOMING PLANS

Ed Denn of Whittier is heading up the student committee making plans for the 1972 Homecoming events at Cal Poly on Saturday, Oct. 21. Homecoming events include dances, a parade, football game, and special activities for returning alumni. Denn, 21, is a senior graphic communications major who served as vice chairman for the 1971 Homecoming events.

Helping make the plans are Tom Hannum, 21, a senior agricultural business management major, vice-chairman; Mary Coleman, 20, a junior English major, secretary; Carolyn Glass, a sophomore home economics major, treasurer; and Tom Guinn, a senior electrical engineering student, parade chairman.

Also, Judy Guerisoli, a junior child development major, queen chairman; Carol Sharp, 20, a junior home economics major, co-chairman, publicity; Virginia L. Jones, 20, a junior physical education major, co-chairman, publicity; and Janet Coyle, 20, a junior mathematics major, football game half-time activities chairman.

#### SECURITY OFFICE STILL REGISTERING BICYCLES

The college Security Department is still offering a voluntary, free registration service for bicycles. Purpose of the service is to help protect bicycles by having a record of the type, make, and serial number which will be a valuable identification in case it is stolen. Members of the staff, faculty, and student body who have not already done so are invited to take their bicycles to the Security Office between 2 and 8 p.m. on any weekday to have them registered.

#### ACADEMIC SENATE COMMITTEE HEARINGS SCHEDULED ON THURSDAY

The Instruction Committee of the Cal Poly Academic Senate will hold hearings on the subject of possible means of controlling excessive grade changes from 4 to 6 p.m. on Thursday (May 11) in Adm-301. Interested members of the college faculty are invited to attend and express their views.

-----  
*The final examination period for the 1972 Spring Quarter will begin on Tuesday, June 6, and continue through Friday, June 9.*

WHO . . . WHAT . . . WHEN . . . WHERE ? ? ?

Joseph B. Romney (History Department) served as chairman of a session on "Legal Considerations in Oral History" held as part of an Oral History Conference at California State College at Fullerton on April 21-22. The conference was sponsored by the Oral History Association. Although it was organized only four years ago, the association already has a membership of nearly 800. Dr. Romney has been a member of the Cal Poly faculty since 1969.

Francis Hendricks (School of Architecture and Environmental Design) was elected vice president of professional development of the California Chapter of the American Institute of Planners during meetings of the organization held April 23-25 in Palm Springs. Professional development activities of the California group include continuing education, salary standardizations, short courses, membership qualifications for the 1,100 professional planners in the state, professional ethics, and working relationships with the schools of city and regional planning in California.

Raymond A. Wysock (Industrial Technology Department) has received word that he has been granted the Doctor of Education Degree by Utah State University. Dr. Wysock's specializations were in industrial education and manufacturing engineering and his dissertation study was on "An Analysis of the Relationships of Selected Occupational Interests, Aptitudes, and Grade Point Averages of Industrial Arts Education Students in the State of California." A 1968 graduate of Cal Poly, he joined the college faculty in 1970 after completing his master's degree study at Fresno State College.

David L. George (Social Sciences Department) is author of an article titled "An Experimental Study of Attitudinal Conflict and Political Involvement in a Voting Context," which was published in the December, 1971, issue of the Journal of Experimental Study in Politics. The article is concerned with the behavior and cognitions of that subset of the electorate which experiences intrapersonal conflict during the course of an election campaign.

John Y. Hsu (Computer Science and Statistics Department) is the author of an article published recently in the Central Daily News of Taiwan. Dr. Hsu's article, titled, "On Innovative Education," compared the basic differences between Chinese and American education. It was written in Chinese. Dr. Hsu joined the college faculty in 1970 after having worked as an engineer in various capacities in the electronics industry.

Robert E. Norris (Social Sciences Department) presented a paper titled "Toward a More Spatial Political Geography" during the annual meeting of the American Association of American Geographers, which took place late last month in Kansas City, Mo. Dr. Norris has been a member of the college faculty since 1970.

Bilgi Denel (School of Architecture and Environmental Design) delivered a series of lectures and held seminars on basic design at the University of Kansas, University of Cincinnati, University of Tennessee, and Pennsylvania State University during the week of April 23-28.

Joseph N. Weatherby, Jr. (Social Sciences Department) spoke on the middle East Crisis before a ninth grade assembly recently at Paso Robles High School. Dr. Weatherby's lecture was illustrated with colored slides.

Jack R. Lewis (School of Architecture and Environmental Design) attended a meeting of the Construction Specification Institute held last weekend (May 6-7) in Portland, Ore. Lewis has been a member of the Cal Poly faculty since 1971.

### SYMPHONIC BAND SETS SPRING CONCERT FOR MAY 20

Plans are being finalized for the annual Spring concert of the Symphonic Band to be held at 8 p.m. on Saturday, May 20, in the Chumash Auditorium of the Julian A. McPhee College Union on campus. The program is being jointly sponsored by the college Music Department and the Associated Students, Inc.

In addition to the 85-member Symphonic Band, which is becoming well-known for its excellent performances of a broad range of music including marches and symphonies, the concert will also feature the newly-organized Woodwind Quintet and the 17-piece Studio Band.

William V. Johnson (Music Department), who is conductor of the Symphonic Band, said the program would include such numbers as "The Sinfonians Symphonic March" by Clifton Williams, Brent Heisinger's "Statement," "Trois Pieces Breves" by Jaques Ibert, and the currently popular "I'll Be There."

General admission tickets for the May 20 concert are priced at \$1.25 for non-students and 75 cents for students. They are being sold now at Premier Music Company, Brown's Music Store, and Ogden's Stationery, all in San Luis Obispo; at the College Union Information Desk on campus; and by members of the Symphonic Band.

### INJUNCTION DELAYS STUDENT VOTE CERTIFICATION

As the result of a complaint filed by Tom Corl, a representative of the student council of the School of Engineering and Technology, the Student Judiciary has issued an injunction against the ASI Election Committee requiring the committee to investigate charges of election irregularities made by both the winning and losing slates in the election before election results can be certified as official.

James Smith, a dairy major who is Election Committee chairman, says the committee, depending on the results of their investigation of the irregularity charges, can recommend that the results be approved, can recommend a re-run election, or can disqualify specific candidates. Charges vary from over-expenditures to improper campaign practices.

### WOMEN'S SOFTBALL GAME SCHEDULED ON FRIDAY AFTERNOON

Women students of Cal Poly, Pomona, and Cal Poly, San Luis Obispo, will meet in a softball game to be played on Friday (May 12) at 4 p.m. in Mustang Stadium. Miss Mary Stallard (Women's Physical Education Department) is coach of the CPSLO team. The public is invited to watch the game. Admission will be free.

-----

*Monday, May 29, is Memorial Day under the recently instituted system of three-day national holidays and will be an academic holiday for students, faculty, and staff of the college.*

COMING EVENTS -- COMING EVENTS -- COMING EVENTS

Chinese Film -- Tuesday, May 9, 7 p.m. and 9 p.m., Julian A. McPhee College Union Room 205. Showings of Chinese film; sponsored by the Chinese Students Association of Cal Poly. General admission tickets - students, 50 cents; all others, 75 cents.

Computer Science and Statistics Seminar -- Thursday, May 11, 11 a.m., Computer Science Building Room 256. Talk on "Applications Programs" by Luther Bertrando; sponsored by Cal Poly's Computer Science and Statistics Department. Students, faculty, and staff invited.

Convocation -- Thursday, May 11, 11 a.m., Chumash Auditorium, Julian A. McPhee College Union. Talk by inventor and industrialist William P. Lear presented by the College Convocations and Speakers Committee of Cal Poly and the Student Council of the college's School of Engineering and Technology. Public invited.

Cal Poly Staff Club Luncheon Meeting -- Thursday, May 11, 12 noon, Staff Dining Room. Talk on "Ceramics Today" by Roger Bailey. Faculty and staff invited.

Varsity Baseball -- Thursday, May 11, 2:30 p.m., Baseball Diamond near Poly Grove. Cal Poly vs. San Diego State College. General admission tickets - students, no charge with ASI card; children 25 cents; all others, \$1.

Academic Senate Meeting -- Thursday, May 11, 4 p.m., Administration Building Room 301. The Instructional Committee of the Academic Senate will hold hearings on excessive grade changes. Faculty invited.

Phi Kappa Phi Banquet -- Thursday, May 11, 6:30 p.m., Staff Dining Room. Annual banquet featuring talk by Archie Higdon on "What is an Appropriate Liberal Education for the Current Age?" sponsored by Cal Poly's Chapter of Phi Kappa Phi academic honor society. By reservation in advance.

Speech Department Drama -- Thursday, Friday, and Saturday, May 11-13, 8 p.m., Cal Poly Theater. Performances of You Can't Take It With You by students of Cal Poly's Speech Department. General admission tickets - students, \$1; all others, \$2. (See note on matinee on Saturday.)

International Meditation Lecture Society -- Friday, May 12, 7:30 p.m., Julian A. McPhee College Union Room 220. Lecture on the technique of Transcendental Meditation; sponsored by the student International Meditation Society. Public invited.

State College Draft Counselors Conference -- Saturday through Sunday, May 13-14, all day, Julian A. McPhee College Union Room 208. Draft counseling workshop for state university and college draft counselors; hosted by Cal Poly's Student Affairs Division. By reservation in advance.

Cal Poly Women's Club May Luncheon -- Saturday, May 13, 12:30 p.m., San Luis Obispo Country Club. Annual May Luncheon with "Cherry Blossom Time" as its theme. Members invited; tickets are \$2 each.

Speech Department Drama -- Saturday, May 13, 2 p.m., Cal Poly Theater. Special matinee performance of You Can't Take It With You by students of Cal Poly's Speech Department; sponsored by Cal Poly's Speech Department. General admission tickets - students, \$1; all others, \$2.

COMING EVENTS . . . (Continued from Page 11)

Reading Specialists Conference -- Saturday, May 13, 8 p.m., Room 123, Agricultural Education Building. Educational meeting of Central Coast area reading specialists; sponsored by the Reading Specialists of California. Reservations required.

Crafts Display and Competition -- Sunday, May 14, through Sunday, June 4, all day, Julian A. McPhee College Union Room 221. Crafts competition with an accent on design and fiber; sponsored by the Fine Arts Committee of Cal Poly's Associated Students, Inc. Public invited.

Cal Poly Women's Club Bridge Sections Meeting -- Monday, May 15, 8 p.m., Dexter Library Building Room 129. Regular meeting with games for both experienced and beginning players. Members invited.

Cal Poly Women's Club Walking Sections Meeting -- Tuesday, May 16, 9 a.m. Veteran's Memorial Building parking lot Grand Ave., San Luis Obispo. Meeting for a walk in the Cuesta area. Members invited.

Lipizzan Horse Show -- Tuesday, May 16, 8:15 p.m., Mustang Stadium. The Royal Lipizzan Stallions of Austria, under the direction of Col. O. J. Hermmann, will present an equestrian ballet; sponsored by the student council of the School of Agriculture and Natural Resources. General admission tickets - adults, \$3, \$4, and \$6 for reserved seats; children and college students \$1.50, \$2, \$2.50, and \$3.

Speaker's Forum -- Tuesday, May 16, 8:30 p.m., Julian A. McPhee College Union Room 220. S. Dundon, A. Bethel, will discuss "The Moral Question." This is the first of a series of abortion discussions; sponsored by the Speaker's Forum Committee of the Associated Students, Inc. Public invited.

Biological Sciences Seminar -- Thursday, May 18, 11:15 a.m., Science North Building Room 215. Robert Brown will discuss "Mechanism of Osmoregulation"; sponsored by the Biological Sciences Department. Faculty and students invited.

Cal Poly Staff Club Luncheon Meeting -- Thursday, May 18, 12 noon, Staff Dining Room. Ralph Collins will talk about "Music from Africa." Faculty and staff invited.

Education Conference -- Saturday, May 20, 9:30 a.m., Julian A. McPhee College Union Room 205. Regional Conference on education of children; sponsored by the Tri-County organization of the National Association of Education for Young Children. By reservation in advance.

Spring Band Concert -- Saturday, May 20, 8 p.m., Julian A. McPhee College Union, Chumash Auditorium. Annual spring band concert of the 83-member Cal Poly Symphonic Band the direction of William V. Johnson; sponsored by Cal Poly's Music Department. General admission tickets - students, 75 cents; all others, \$1.25.
