

Volume 23, Number 7

September 15, 1972

CONFERENCE, W O W WILL OPEN FALL QUARTER FOR FACULTY, STAFF, STUDENTS

A pair of traditional programs designed to prepare Cal Poly students, faculty, and staff for the academic endeavors of the 1972-73 university year will take place on campus starting this weekend.

The first, a seven-day-long orientation program for freshmen and transfer students who will be enrolling at Cal Poly for the first time this fall, begins on Sunday (Sept. 17) and will continue through next Saturday (Sept. 23).

The second program, for both new and returning members of the university's instructional faculty and support staff, will open on Monday (Sept. 18) morning and continue through next Sunday (Sept. 24) when a reception for new faculty and staff will wind up the week.

Featured events for the 1972 Fall Conference for faculty and staff will come on Monday and Tuesday. Scheduled are a convocation in the Chumash Auditorium of the Julian A. McPhee College Union on Monday morning; an academic overview program on Monday afternoon; and a support services overview on Tuesday (Sept. 19) afternoon. Although the latter two events are planned especially for new faculty and staff, all both new and returning members of the instructional and support staff are invited to the convocation.

Planned during the convocation, which will start at 10 a.m., are an address by President Robert E. Kennedy; greetings from representatives of the Academic Senate, Staff Senate, and Associated Students, Inc.; and recognition of the university's 1972 distinguished teachers, faculty emeriti, staff emeriti, and recipients of 25-year service awards.

Husbands, Wives Invited

The husbands and wives of members of the university faculty and staff are especially invited to participate in several events scheduled during the week-long conference. They are especially invited to attend coffee hours on Monday and Tuesday mornings, the convocation on Monday morning, the academic and support services overviews on Monday and Tuesday afternoon, and bus tours of the campus on Tuesday morning.

More commonly known as Week of Welcome or "WOW," the student orientation program will include a variety of campus activities designed to speed the adjustment to university life for new students. Typical of the events planned are testing; advisement sessions with deans, department heads, and advisors; campus tours; resident hall meetings; sports activities; concerts; student government seminars, movies, and dances.

Registration for Fall Quarter classes will occupy the attention of faculty and both new and returning students throughout the day on both Thursday (Sept. 21) and Friday (Sept. 22). Scene of that activity will be the Men's Gymnasium and the Chumash Auditorium and the areas surrounding both. Classes will officially begin the following Monday (Sept. 25) morning.

TRAFFIC AND PARKING REVISIONS NOTED

The summer months have seen implementations of several minor traffic and parking adjustments designed to provide for safer movement of vehicles and pedestrians on campus roadways and a re-identification of parking areas, according to E. Douglas Gerard (Executive Dean).

Faculty and staff members particularly should be aware that some 70 additional faculty/staff parking spaces have been created in parking lot S-6, directly across Grand Ave. from Vista Grande, the new college dining facility. These additional spaces will provide convenient parking for faculty and staff members now officed in Tenaya.

Additionally, Via Carta, the minor entrance road between the Health Center and Hathaway St., is now a one-way traffic artery for exit-only traffic from the campus. The west-erly curb line has been re-identified for 14 additional faculty/staff parking spaces accessible from Campus Way. The Hathaway entrance to Via Carta has been posted as a "Do Not Enter" artery. This change has been accomplished primarily because of the critical safety situation that has been evident at the intersection of Hathaway and Via Carta for the last year or so.

Dean Gerard said the third change will be the conversion of the small service area between the Graphic Arts Building and the Mechanical Engineering Laboratory Building from its former temporary use as a staff parking area to a service vehicle area for those functions located within the Mechanical Engineering/Power Plant Building.

This change in function, coupled with the creation of curb-side spaces on Via Carta mentioned above, is the first step in a major change in the use of parking lot S-2 that will come about when the Health Center Addition construction begins, now estimated for February, 1973. At that time, a re-evaluation of staff parking needs at this portion of the campus will determine the disposition of the balance of parking lot S-2.

Even though construction has been underway on these minor changes for the past several weeks, the effective date of their implementation will not be until Monday (Sept. 18), according to Dean Gerard.

FALL TEA PLANNED BY CAL POLY WOMEN'S CLUB

Cal Poly Women's Club members and newcomers will meet in the patio of the Presidential Poly House for their annual Fall Tea on Saturday, Sept. 23, from 1 to 3 p.m. Beginning the year of women's club activities, it will be a time to meet old friends and greet newcomers. Special interest sections will be explained by the chairmen, and membership payments will be taken at the tea. The annual dues of \$6 may be paid there or mailed to the treasurer, Mrs. Guy H. Thomas, 331 Cerro Romauldo Ave., San Luis Obispo.

FACULTY AND STAFF SOUGHT FOR CHAMBER ORCHESTRA

Faculty and staff and members of their families are invited to participate in the Cal Poly Chamber Orchestra, an organization which performs a wide variety of music from rarely performed music to familiar symphonic repertoire. Outstanding soloists will highlight this year's busy season. Musicians wishing to audition can contact Clifton F. Swanson (Music Department) 546-2353 for more information.

EXTENSION CREDIT FOR TELEVISED "SUNRISE SEMESTER" COURSE

Interested persons throughout San Luis Obispo and Santa Barbara Counties will be able to study contemporary art without leaving their homes through a new cooperative program developed by Cal Poly. Involved are Cal Poly's extension program; Television Station KCOY, Channel 12, Santa Maria; the CBS Television network; and New York University.

Vehicle for presentation of the course titled "Contemporary Art" (Art E425 ETV) will be a program series on 20th century American art being presented this fall by CBS Television as part of its award-winning "Sunrise Semester" series. It will be aired in color on KCOY at 6:30 a.m. on Mondays, Wednesdays, and Fridays starting Monday, Sept. 25.

Television teacher for the contemporary art course, which is produced and coordinated by New York University, is Ruth Bowman, a member of the NYU faculty. Bernice Loughran, head of Cal Poly's Art Department, will be instructor/coordinator of the televised course as far as Cal Poly Extension is concerned.

Dr. Loughran said those who watch the programs and successfully complete the mid-term and final examinations, which will be given at Cal Poly, will earn three quarter units of university credit. Registration fee for the course is \$18.

The televised art course is among 30 courses on such subjects as architecture, child development, education, engineering, English, home economics, and speech that will be offered by Cal Poly Extension this fall. All of the self-supporting extension courses offered by the university are open to any adult who meets the course requirements.

The classes will be held primarily in public school facilities in Arroyo Grande, Atascadero, Paso Robles, San Luis Obispo, Santa Barbara, Santa Maria, and Vandenberg Village near Lompoc.

Information about the televised contemporary art course, as well as a free descriptive bulletin about all of the Cal Poly Extension courses for the Fall Quarter, may be obtained by contacting the Continuing Education Office, Adm-309, 546-2053.

RETURN TO NORMAL WORK HOURS SCHEDULED ON MONDAY

Beginning with the new academic year (Monday, Sept. 18), the University will return to the normal working hours schedule of 8 to 5, according to an announcement from the Personnel Office. Supervisors are advised to notify their staff of this change.

SECURITY OFFICE STILL REGISTERING BICYCLES

The Security Department is still offering a voluntary, free registration service for bicycles. Purpose of the service is to help protect bicycles by having a record of the type, make, and serial number which will be a valuable identification in case it is stolen. Members of the staff, faculty, and student body who have not already done so are invited to take their bicycles to the Security Office between 2 and 8 p.m. on any weekday to have them registered.

Late registration for Fall Quarter classes will begin on Tuesday, Sept. 26, and continue through Monday, Oct. 2.

RECOMMENDATIONS ON DEAN SELECTION COMMITTEES ENDORSED BY PRESIDENT

Recommendations of the university Academic Senate and Student Affairs Council regarding student membership on dean selection committees have received the endorsement of President Robert E. Kennedy. His acceptance of the two suggestions was announced in a recent communication to both bodies.

Specifically endorsed by Dr. Kennedy were 1) the principle that students should participate in deliberations of dean selection committees, and 2) the addition of two students as members of dean selection committees.

The result is that one of the students, to be selected from those majoring in the school for which the dean is to be selected, will become a voting member with privileges paralleling those of faculty members of the school for which the dean is being selected. The second student member will be from any other school of the university and will have the same privileges as faculty members from other schools.

Section 315.2 of the Campus Administrative Manual has been amended to provide for the revised procedure, according to President Kennedy's statement.

CANDIDATES FOR TWO FACULTY POSITIONS BEING SOUGHT

Candidates for several positions on the faculty of the university are presently being sought, according to Larry R. Voss (Director of Personnel Relations). Those interested in learning more about the position, or in applying for it, are invited to contact the appropriate dean or department head. Cal Poly is an Affirmative Action employer. A brief description of the available position reads:

Intermediate Instructor (\$835-\$1066 per month), Educational Opportunity Program Office, Student Affairs Division. This position is responsible for the planning, developing administering, and evaluating of EOP counseling and tutoring, working in close conjunction with the director of EOP administrative services. In addition, the position will recruit students for the Educational Opportunity Program with an emphasis on Chicano students. As such, the position requires a bilingual person who is reasonably fluent in Spanish. Women and minorities are encouraged to apply.

Lecturer, Range C (half-time position \$418-\$508 per month), Soil Science Department, School of Agriculture and Natural Resources. Duties and responsibilities include teaching courses in introductory soils and possibly laboratory courses in more advanced courses, depending on the applicant's qualification. Candidates must possess a bachelor's degree in soil science. Position is half-time for Fall Quarter, with the possibility of extending through the Winter and Spring Quarters. Minorities and women are encouraged to apply.

PARKING PERMITS AVAILABLE FOR PURCHASE

Parking permits for the Fall Quarter are now available at the State Cashier's Office in the Administration Building. Annual permits covering the Fall, Winter and Spring quarters at a cost of \$27 are also available. Those purchasing the permits will be required to present their faculty-staff ID cards at the time of purchase.

The final day for students to withdraw from Fall Quarter classes without penalty will be Monday, Oct.9.

T V SERIES WILL OPEN IN LOS ANGELES, SAN FRANCISCO

Television viewers throughout much of California will have an opportunity to learn more about the art of flower arranging this fall as a result of an educational television program series produced by Cal Poly.

Plans for airing the 16-week program series on Television Station KBHK, Channel 44, San Francisco, and Television Station KCET, Channel 28, Los Angeles, were announced this week by Don M. Morris (Associate Dean, Continuing Education).

The program series, which had its premiere airings last winter and spring on two stations in the Central California Coast area, features Robert L. Gordon (Ornamental Horticulture Department), who is widely-regarded as one of the world's outstanding floral designers.

Titled "Flower Arrangement," the color program series will begin its run on KBHK on Saturday (Sept. 16) morning. Air time for the first three weeks (Sept. 16, Sept. 23, and Sept. 30) will be 7:30 a.m. The remaining programs of the series will air at 8:30 a.m.

Tuesday, Oct. 3, will be the opening date for the series on KCET, which is the Public Broadcasting Service station for the Los Angeles area. Air time for the entire run of the series on KCET will be 8:00 a.m.

Earn Two Units of Credit

Dr. Morris said that viewers throughout Northern California and Southern Oregon, and throughout most of Southern California, will be able to earn two quarter units of university credit by watching the programs and taking part in a final demonstration of their work.

They will, of course, also be able to view the programs, which originally aired on Television Station KSBW, Channel 8, Salinas, and Television Station KSBY, Channel 6, San Luis Obispo, for their own enjoyment and entertainment.

The series of half-hour programs was originally developed as a joint effort by Cal Poly Extension and the university's Ornamental Horticulture Department using a special grant from the state-wide extension fund of the California State University and Colleges.

Broadcasts of the programs are being made possible in part by grants from the American Florists Marketing Council, the Southern California Floral Association, and the Smithers Company, a plastics and adhesives manufacturer.

Gordon, a member of the Cal Poly faculty since 1967, is the immediate past president of the American Institute of Floral Designers and was winner of the "Telly" award in 1969. That honor is presented annually by the Teleflora organization in recognition of outstanding accomplishment in floral design.

Dr. Morris explained that the final demonstrations for persons who enroll in the television course for credit will be held in locations in Northern and Southern California in an effort to reduce the need for travel as much as possible. Persons wishing to receive credit for the television course will be required to pay a registration fee of \$32.

Monday, Oct. 2, will be the last day for students to add courses for the Fall Quarter.

ANNUAL C S E A BARBEQUE WILL BE OCT. 1

The annual Fall Barbeque for California State Employees Association members and their families and guests will be held at Cuesta Park in San Luis Obispo beginning at 1 p.m. on Sunday, Oct. 1, according to George Gowgani (Crop Science Department), who is social chairman for Cal Poly Chapter 97 of CSEA.

Promised for the event are a full pound of sirloin of beef, beans, salad, garlic bread, and soft drinks, with the opportunity for seconds for those who wish them. Also being planned are games, entertainment, and door prizes.

Tickets for the annual CSEA event are priced at \$2.50 each for adults and \$1.50 each for children under 12 years of age. They may be purchased from Joan Stadt (Library), Barron Wiley (Education Department), Corwin Johnson (Head of the Crop Science Department), Francine Hapgood (Business Affairs Division Office), Howard Rhoads (Crop Science Department), and Dr. Billy Mounts (Director, Health Services).

Others who have the tickets are Peg Sullivan (Food Services Office), Fuad Tellew (Head of the Economics Department), Glen Rich (Agricultural Engineering Department), Dick Tartaglia (Plant Operations Department), Leslie Labhard (Home Economics Department), and Howard Brown (Head of the Ornamental Horticulture Department).

Reservations can also be made by telephoning Mrs. Hapgood, 546-2171.

FOUNDATION WILL SELL SURPLUS VEHICLES

Three pickup trucks that are surplus to its present needs will be sold to the highest bidder by the Cal Poly Foundation, according to information received recently from James Neal (Foundation Controller). The vehicles, which can be examined at the campus Auto Shop any time during regular business hours, include:

1952 International ½-ton pickup, license G32530, serial no. 240176062

1949 Chevrolet ½-ton pickup, license G32531, serial no. GBA 339046

1950 Chevrolet ½-ton pickup, license G32532, serial no. GJPA3055

Neal said that bids on the vehicles must be submitted to the Cal Poly Foundation Business Office, CU-212, by 2 p.m. on Oct. 2. They will be accepted for one or more of the trucks, but must list offering price for each. Inquiries regarding the sale should be directed to Frank Blake (Foundation Accounting Officer), CU-212, 546-2331.

SABBATICAL LEAVE APPLICATION DEADLINE

Friday, Oct. 20, is the deadline for submission of sabbatical leave applications for the 1973-74 academic year to department heads. Application procedures are outlined in Campus Administrative Manual Section 386.5, and application forms are available in the Personnel Office and the offices of the various school deans.

Late registration for Fall Quarter classes will begin on Tuesday, Sept. 26, and continue through Monday, Oct. 2.

GRANT NAMED TO C S U C ADVISORY COMMITTEE

David M. Grant (English Department) has accepted appointment to serve on the Advisory Committee on Continuing Education of the California State University and Colleges, according to an announcement from Charles C. Adams, chairman of the statewide Academic Senate of the CSUC. Dr. Grant will represent the statewide senate on the committee.

Also a member of the statewide Academic Senate's Educational Policies Committee, Dr. Grant has been a member of the Cal Poly faculty since 1950. Beside his duties as a member of the university faculty, he has served on a number of campuswide committees and has been a member of both the Cal Poly Academic Senate and the statewide Academic Senate. He served as acting head of the English Department during a recent leave of absence of Willard M. Pederson, head of that department.

FACULTY, STAFF INVITED TO USE GAMES AREA FACILITIES

All faculty and staff are invited to take advantage of the Games Area facilities in the Julian A. McPhee College Union during 1972-73, according to Gene Legari (Games Area Manager). Activities and games available in the Games Area include billiards, bowling, pinball games, foosball, chess, and other table games.

Legari said plans for re-organization of a Monday Noon Faculty/Staff League for bowlers are being made. The three-member teams will bowl two games between noon and 1 p.m. each Monday. Sign-ups are being taken in the Games Area or by telephoning 546-2866. Also being planned, if enough interest is observed, is a faculty/staff night mixed league. Those interested in bowling in such a league on a weekly basis are also invited to contact the Games Area.

Prices for use of the various facilities of the Games Area are \$1.20 per hour per table for billiards; 55 cents per game for faculty and staff bowling (40 cents per game for league play); and 15 cents for bowling shoe rental. Operating hours for the games facilities are 12 noon to 11 p.m. on Sundays; 9 a.m. to 12 midnight on Monday through Thursday; 9 a.m. to 1 a.m. on Fridays; and 10 a.m. to 1 a.m. on Saturdays.

INTERNATIONAL LOUNGE, HOSTING OPPORTUNITIES AVAILABLE TO FACULTY, STAFF FAMILIES

Two unusual opportunities are presently available for faculty and staff families interested in improved international understanding. Both offered through the Cal Poly Women's Club, they include volunteer hostess opportunities under the club's International Lounge Program and a special workshop for foreign student host families provided as part of its Foreign Student Host Program.

The workshop, being planned for the evening of Tuesday, Sept. 28, at 8 p.m. in the Tenaya Hall Lounge, will include a discussion of plans for the foreign student host program for the coming months and assignment of students to host families. Anyone interested in participating as a host family is invited to attend, according to Mrs. Douglas Genereaux and Mrs. Robert Walters, co-chairwomen of the women's club's Foreign Students Section.

More information about either of the programs of the Foreign Students Section may be obtained by telephoning either Mrs. Genereaux (544-7314) or Mrs. Walters (543-9244).

Veterans Day, Monday, Oct. 23, will be an Academic Holiday for students, faculty, and staff of the university.

VACANT SUPPORT SERVICES POSITIONS LISTED

Five vacant positions on the support staff of the university have been announced by S. Milton Piuma (Staff Personnel Officer). Descriptions of the positions and other vacancies are posted on the bulletin board located outside the Personnel Office, Adm-110, 546-2236. Those interested in applying for any of the positions should contact the Personnel Office to obtain an application. Cal Poly is an Affirmative Action employer. The positions are:

Tractor Operator-Laborer (\$753-\$830), Plant Operations Department, Business Affairs Division. Duties and responsibilities include operating various types of maintenance and construction equipment; determining work routines in patching, oiling, and chip sealing of roadways, parking lots, and other travelled roadways; and acting as lead-man when given work detail to perform work involving the use of tractors. Applicants must possess one year of experience in the operation and care of heavy tractors and mechanical attachments, or comparable farm or highway equipment, and a Class A chauffeur's license. Trade schools education and/or high school graduation desirable.

Automotive Equipment Operator I (\$717-\$791), Plant Operations Department, Business Affairs Division. Duties and responsibilities include performing a variety of manual tasks and assisting all tradesmen as needed and directed. Applicants must possess one year of full-time paid experience in the operation and care of automotive equipment and a valid chauffeur's license.

Nurse (\$783-\$905), Health Center, Student Affairs Division. Duties and responsibilities include general nursing in the Health Center. Applicants must possess an RN degree with a California License.

Custodian (\$517-\$628 or \$258.50-\$314.00), Plant Operations Department, Business Affairs Division. Duties and responsibilities include performing custodial duties in an assigned building or portion thereof and doing other work as required. Applicants must have one year of experience as a janitor or custodian and the equivalent to completion of the eighth grade. (One full-time and one half-time position).

COMPETITION OPEN FOR FULBRIGHT-HAYS AND FOREIGN GRANTS

The 1973-74 competition for about 550 grants for graduate study or research abroad and for professional training in the creative and performing arts opened May 1. These grants are provided under the terms of the Mutual Educational and Cultural Exchange Act of 1961 (Fulbright-Hays Act) and by foreign governments, universities, and private donors.

Applicants must be U.S. citizens at the time of application, who will hold a bachelor's degree or its equivalent before the beginning date of the grant and, in most cases, be proficient in the language of the host country. Except for certain specific awards (such as the Fulbright-Hays post-doctoral and university lecturing grants), candidates may not hold the PhD at the time of application.

Registration forms for the post-doctoral research and university lecturing grants are available at the Office of International Education, Tenaya Hall, Cal Poly. Application forms for other grant programs may be obtained from the Institute of International Education, 809 United Nations Plaza, New York, NY 10017. Requests for applications will not be honored after Oct. 15.

BRIEF NOTES FROM THE SUMMER PAGES OF "CAL POLY REPORT"

June

Selection of James R. Golden to serve as acting head of the Industrial Engineering Department of the School of Engineering and Technology has been announced. He will begin his new duties with the start of the Summer Quarter and will serve during the two-year leave of absence of Donald R. Morgan, who is head of the department. Dr. Morgan will be involved in establishment of a new department of Industrial Engineering for the University of Singapore in the Republic of Singapore during his leave

Persons who enroll for extension and summer session courses offered by Cal Poly can now charge their registration fees through the BankAmericard system. Arrangements for the new service became available with start of summer session programs at the university in late-June Cal Poly's Women's Rodeo Team won second place in the national finals competition of the National Intercollegiate Rodeo Association which took place in late-June in Bozeman, Mont. The three-woman team scored 185 points. A team from Eastern New Mexico University won the five-day meet. Third place went to a team from Utah State University. Cal Poly's Men's Rodeo Team finished 8th among the 16 teams entered in the men's competition at the NIRA finals

Y. Leon Maksoudian, a member of the university faculty since 1963, has begun his new duties as interim head of the Computer Science and Statistics Department. Dr. Maksoudian, who will serve during the 1972-73 university year, succeeds Curtis Gerald. Dr. Gerald asked to be assigned to full-time teaching duties as a member of the department's faculty after having been head of the department since its formation in 1969 A wrestler who put together the finest record of any matman in Cal Poly history has been named the California Collegiate Athletic Association's "Athlete of the Year." He's Glenn Anderson, a junior who won the NCAA College Division 142-pound championship en route to a record setting 37-5 overall record during the 1971-72 season No previous wrestler in the wrestling rich history of Cal Poly has won as many matches in a single season

Appointment of Ernie Wheeler as Cal Poly's head basketball coach was announced by Carl C. Cummins (Dean of Human Development and Education). Wheeler succeeds Neale Stoner, who was selected recently as the new director of athletics at California State University, Fullerton Mrs. Lucy Schmidt (General Office Supervisor), who gained a reputation for pleasantness and efficiency during her tenure as a member of the Cal Poly support staff, will retire on July 1 after having been employed by the university for nearly 16 years.

July

Robert G. Valpey and Thomas Carpenter have begun their new duties as dean and associate dean, respectively, of Cal Poly's School of Engineering and Technology. Dr. Valpey is the former dean of engineering at California State University, Fullerton, and Dr. Carpenter has been a member of Cal Poly's Aeronautical Engineering Department faculty for the past four years. Both started their new assignments on July 1 An increase of 4.2 percent over the number of students who had enrolled a year earlier was recorded when Cal Poly held its regular registration period for the 1972 Summer Quarter on July 1. The 4,187 students who had enrolled on that date was 168 more than the number that had enrolled during the regular registration period for the 1971 Summer Quarter. (Final registration figure for the Summer Quarter, as reflected in the three-weeks report, was 4,225).

BRIEF NOTES FROM THE SUMMER . . . (August Continued from Page 9)

David Grant (English Department) has been appointed to the statewide faculty-administrator Carnegie Program Implementation Team of the California State University and Colleges, which will evaluate and report on the progress of Carnegie grant experimental programs at California State College, Dominguez Hills; California State College, Bakersfield; and California State University, San Francisco. The programs, which are funded by a \$450,000 Carnegie Foundation Grant, will be in operation during the coming academic year. Final evaluation will be completed during the summer of 1973. . . .

Greatly-improved opportunities for students to get "hands-on" experience with computer operation are expected to result from the recent addition of an NCR-315 computer system to Cal Poly's instructional laboratory facilities. The computer, which was given to the university by the National Cash Register Company, was valued at more than \$160,000 when it was new. It is similar to that used in data processing centers operated in locations across the nation by NCR. The new system will be used as laboratory installation for use by students who are studying the operation of computers from a technical and engineering standpoint, rather than from a programming or processing standpoint. . .

President Robert E. Kennedy announced the impending move of his residence from San Luis Obispo, where it has been for more than 20 years, to the Presidential Poly House on campus last month. In his announcement, Dr. Kennedy said that he and Mrs. Kennedy are still dedicated to the use of the house as an educational, cultural, and social asset for the entire campus community and plan to use it in a way that "this hope might be fully realized." He said the move would be completed prior to start of the Fall Quarter. Poly Gardens, the area that surrounds the home, will continue to be available for appropriate social activities as originally planned. . . .

The campus facilities crunch, which has been heightened by a virtual halt of state-financed construction, will be alleviated somewhat this fall by the interim use of a campus residence hall. Faculty members formerly officed in the temporary buildings near the baseball field are being re-located in Tenaya Hall, the red-brick residence hall closest to available parking south of the Music, Speech, and Drama Building. It will provide offices primarily for faculty in history, psychology, English, and architecture. Sierra Hall, one of the temporaries, will continue to be used by the Child Development Department and Modoc Hall will remain in use as faculty offices. . . .

Still on the matter of faculty offices, Dr. Kennedy said only minor remodeling will be necessary in Tenaya Hall to modify the reception room to offices for the International Education Program and the construction of a partition in the lounge to create a large, informal meeting area which will be made available primarily for recognized faculty, staff, and ancilliary groups for meetings and social functions. The location of this new meeting area is particularly desirable because of the proximity to Vista Grande, the new campus dining facility scheduled for completion later this fall. . . .

J. Cordner Gibson (Dean of Agriculture and Natural Resources) has been reappointed to the Liaison Committee on Agriculture and Natural Resources of the statewide Articulation Conference. Dean Gibson's appointment to a new three-year term on the committee, which makes recommendations on articulation between high schools, community colleges, and colleges and universities, was recommended by Cal Poly President Robert E. Kennedy. . . .

Thomas M. Lukes, a member of the Cal Poly faculty since 1962, has been named acting head of the Food Industries Department succeeding F. Raymond Steele, Jr., who has returned to full-time teaching on the department's faculty.

(Continued on Page 11)

BRIEF NOTES FROM THE SUMMER . . . (July Continued from Page 10)

An increase of some \$1.8 million over the level of net support expenditures for 1971-72 is projected for Cal Poly in the final adopted 1972-73 budget for the State of California, according to information received on campus last week. A summary provided by the Office of the Chancellor of the California State University and Colleges places the budgeted expenditure for the university for 1972-73 at \$19.8 million. . . . Although final figures are yet to be announced, the budget includes \$16.15 million for a 7.5 percent general salary increase for non academic employees and \$5.68 million for a 5 percent general salary increase for staff employees. Also included are \$3.1 million and \$2.5 million, respectively, to cover certain inequity increases for the salaries of academic and non-academic employees. . . .

Appointment of Leonard Olguin as head of the Foreign Languages Department of the School of Communicative Arts and Humanities has been announced. Olguin, 47, will begin his new assignment with start of the Fall Quarter in mid-September. The new department head will succeed Gloria Jameson, who had served as acting head of the Foreign Languages Department since its organization in 1970. Dr. Jameson, a specialist in the teaching of English as a second language, has returned to full-time teaching duties as a member of the English Department faculty. A nationally-recognized leader in development of educational programs for Spanish language oriented children, Olguin has been supervisor of elementary teacher training at University of California at Irvine for the past two years. . . .

Student loan and scholarship funds in excess of \$114,000 have been received by Cal Poly from the estate of a prominent Southern California farmer and investor. President Robert E. Kennedy said the Herbert E. Collins Student Loan Fund and the Herbert E. Collins Scholarship fund have been set up with the Crocker National Bank acting as trustee. The will of Collins, a pioneer of California's citrus industry, designates the loan and scholarship monies for use by students who "by their industry, scholarship, and ability have proved themselves entitled to special assistance." Under terms of the bequest, Dr. Kennedy will appoint a three-person board to make decisions on loan fund applications. Scholarships will be awarded by the bank on the recommendation of the board. . . .

Berdy Harr, 36, an assistant coach for the past two seasons, is Cal Poly's new head baseball coach. His appointment was announced by Carl C. Cummins (Dean of Human Development and Education). Harr succeeds Augie Garrido at the helm of the Mustang baseball program. Garrido recently accepted the head baseball coaching job at California State University, Fullerton, after serving as head mentor at Cal Poly for three years.

August

The keynote address by Jesse Owens, the hero of the 1936 Olympic Games, was the highlight of the annual physical education workshops for men and women, which took place on the Cal Poly campus during early-August. Owens held his audience of nearly 1,000 persons spellbound as he discussed the relationship between athletic competition and the man's spiritual life. Site for his appearance was changed from the Cal Poly Theater to Chumash Auditorium in the Julian A. McPhee College Union after intense public interest in hearing the famed black athlete became apparent. . . .

Arrangements to honor BankAmericards in the purchase of tickets for major Associated Students, Inc., sponsored public events for which admission is charged have been announced by Robin Baggett, ASI president. The cards are being honored first for purchases of reserved-seat tickets for Cal Poly's 1972 home football games.

(Continued on Page 12)

BRIEF NOTES FROM THE SUMMER . . . (August Continued from Page 11)

Eight men and a woman will be honored as distinguished alumni during 1972 Homecoming activities at Cal Poly on Friday and Saturday, Oct. 20-21. The university's Alumni Association will honor the former students of its seven instructional schools who have distinguished themselves in their fields of endeavor and in community services. The distinguished alumni for 1972 are:

Jack K. Anderson, ornamental horticulture, 1948, now superintendent of Yellowstone National Park, for the School of Agriculture and Natural Resources Homer Delawie, FAIA, architecture, 1951, now president, Delawie, Macy and Henderson, architectural firm, San Diego, for the School of Architecture and Environmental Design . . . Fred Honore, business administration, 1962, now president, San Jose Steel Company for the School of Business and Social Sciences Robert J. Wilson, history, 1965, now assemblyman, 76th District, San Diego, for the School of Communicative Arts and Humanities

Also, Robert J. Conkling, mechanical engineering, 1952, now vice president, Electrical Welding Division, Linde Company, Union Carbide Corporation, New York, for the School of Engineering and Technology Norris S. Nahman, electronic engineering, 1951, now professor adjoint, University of Colorado, and chief, Pulse and Time Domain Section, National Bureau of Standards, also for the School of Engineering and Technology Martha Eichorn, home economics, 1966, now coordinator of in-service education, consumer and homemaking education, Division of Vocational Education, University of California at Los Angeles, for the Bureau of Homemaking Education, State Department of Education, for the School of Human Development and Education

Also, Charles W. Patterson, M.D., chemistry, 1962, now a psychiatrist in Middleton, O., for the School of Science and Mathematics Robert B. Samuels, chemistry, 1961, now biochemicals program manager, Beckman Instruments, Palo Alto, also for the School of Science and Mathematics

Leonard Gonzales, a native of Santa Maria who recently retired from active duty with the U. S. Air Force as an officer, has begun his duties as Cal Poly's new relations with schools coordinator. He succeeds C. Paul Winner, who retired last year after having been in charge of the university's relations with schools program for several years. Gonzales will also serve as head of the Student Personnel Division's Evaluations Section Raymond V. Leighty (Soil Science Department) has been named a fellow of the Soil Conservation Society of America. Society President J. R. Johnson presented the award at a banquet which concluded the conservation organization's annual meeting in Portland, Ore. The Fellow Award is the highest honor the society confers on its members.

OVERHEAD PROJECT WORKSHOP ANNOUNCED FOR SEPT. 27

A workshop for those interested in uses of overhead projectors, or in the preparation of materials for use with such projectors, will be held on the evening of Sept. 27 from 7 to 9 p.m. in BA&E-13. Many uses besides the straight write-on approach will be demonstrated and preparation of various types of overhead visuals will also be shown. Edward Stillman of the 3M Business Products Co. will be the instructor for the workshop, according to information from the Audio-Visual Services Office, which is sponsoring the event. Additional information can be obtained by telephoning 546-2211.

COMING EVENTS -- COMING EVENTS -- COMING EVENTS

Week of Welcome -- Sunday through Saturday, Sept. 17-23, all day, campus. Orientation and social activities for students entering Cal Poly for the first time; sponsored by the Associated Students, Inc., of the university. By registration in advance.

Fall Conference -- Monday through Sunday, Sept. 18-24, all day, campus. Annual Fall Conference preceding start of the Fall Quarter for members of the Cal Poly staff and faculty; sponsored by Cal Poly. Faculty and staff invited.

Cal Poly Women's Club Bridge Sections Meeting -- Monday, Sept. 18, 8 p.m., Tenaya Hall Lounge. Play for both beginning and experienced players. Members invited.

Registration -- Thursday, Sept. 21, 9 a.m. to 5 p.m., and Friday, Sept. 22, 8 a.m. to 5 p.m., Men's Gymnasium. Registration for Fall Quarter Classes for Cal Poly students.

Meditation Lecture -- Friday, Sept. 22, 7:30 p.m., Julian A. McPhee College Union Room 220. Introductory lecture on meditation; sponsored by the Students International Meditation Society organization of Cal Poly. Public invited.

Cal Poly Women's Club Fall Tea -- Saturday, Sept. 23, 1 to 3 p.m., Poly House patio. Annual Fall Tea for Cal Poly Women's Club members and women who have just joined the university faculty or staff or whose husbands have just joined the faculty or staff.

Varsity Football -- Saturday, Sept. 23, 7:30 p.m., Mustang Stadium. Cal Poly vs. Montana State University. Tickets - adult reserved seats, \$4; Cal Poly student reserved seats, \$2; adult general admission, \$2; student general admission, \$1; children general admission, 50 cents.

Start of Classes -- Monday, Sept. 25, campus, all day. Fall Quarter classes begin for Cal Poly students and faculty.

Cal Poly Women's Club International Host Family Workshop -- Tuesday, Sept. 26, 8 p.m., Tenaya Hall Lounge. Meeting to arrange host families for international students at Cal Poly and discuss plans for the coming year's program of cultural exchange; sponsored by the Cal Poly Women's Club.

Cal Poly University Club Luncheon -- Thursday, Sept. 28, 12:00 noon, Staff Dining Room. Head coach, Joe Harper, will discuss prospects for Cal Poly's 1972 football varsity. Faculty and staff invited.

Christian Coalition Rally -- Friday, Sept. 29, 7 p.m., Mustang Stadium. Rally featuring address by Dr. William Bright, founder and director of Campus Crusade for Christ; sponsored by the Cal Poly Campus Crusade for Christ, Intervarsity Christian Fellowship, and Navigators organizations. Public invited.

Varsity Football -- Saturday, Sept. 30, 7:30 p.m., Mustang Stadium. Cal Poly vs. California State University, Humboldt. Tickets - reserved seats, \$4; Cal Poly student reserved seats, \$2; adult general admission, \$2; student general admission \$1; children general admission, 50 cents.

Typewritten copy intended for the next issue of Cal Poly Report must be received prior to 12 noon Friday, Sept. 22, in the Office of Information Services, Administration-210.

notes

THIS ISSUE OF "ENCOURAGING NOTES" WAS ALSO INCLUDED
IN THE SEPTEMBER 5, 1972, CAL POLY REPORT.

September 15, 1972

The 1971-72 annual report of the University Research Committee and of some aspects of the Office of Graduate Studies and Research was mailed individually to faculty members during the summer. New faculty members and some others did not receive a copy. If you wish a copy, please call this office.

The Sixth Annual Report of the National Endowment for the Humanities may be read in this office. It is often useful to know who got grants for what. In California quite a few faculty members from the state colleges got either fellowships or grants for educational programs.

The American Council of Learned Societies will supply applications for fellowships until October 9; October 15, 1972, is the deadline for receipt of applications. You must have a doctorate, be 50 years or less and want to do research in: philosophy, aesthetics, psychology, languages, literature, linguistics, archeology, art history, musicology, history, cultural anthropology, and folklore. Programs that include humanistic aspects of economics, geography, political science, psychology, sociology, and the natural sciences are also eligible. Write:

Office of Fellowships and Grants
American Council of Learned Societies
345 E. 46th Street
New York, New York 10017

There are several other interesting programs sponsored by either A.C.L.S. or the Social Science Research Council, but they require lots of space to explain. If you are interested, please ask this office for Deadlines, Vol. 16, No. 1 (published by the University of Wisconsin).

Representative Joel Broyhill of Virginia has introduced a Bill (HR15622) which would prevent an institution from getting money from the Office of Education if it sponsors a public event at which the national anthem is prohibited, or prevented "contemptuously" by any individual, faculty, or staff member or researcher. I guess it's all right to prevent the playing of the anthem if the money comes from the Atomic Energy Commission, or if you prevented it in a gentlemanly way. It must have been a hot summer in Washington.

Anyone -- faculty or students -- interested in Fulbright awards should go to International Education, which is now located in Tenaya Hall. The telephone number is 2147.

Graduate Studies and Research • Administration 309 • phone 2630
CALIFORNIA POLYTECHNIC STATE UNIVERSITY • SAN LUIS OBISPO, CALIFORNIA 93401

The Folger Library has fellowships for the support of scholars interested in the Renaissance, both in the U.K. and on the continent, and in American colonial culture. Senior fellowships (which require a Ph.D.) or short-term fellowships for both graduate students and faculty are available. Write to:

Dr. O. B. Hardison, Director
Folger Shakespeare Library
Washington, D.C. 20003

There are two deadlines: October 15, 1972, and February 1, 1973.

The deadline for Guggenheim Fellowships for research in any field of knowledge and for creative activity is October 1, 1972. Write to:

Mr. Gordon N. Ray, President
John Simon Guggenheim Memorial Foundation
90 Park Avenue
New York, New York 10016

The International Research and Exchange Board, 110 E. 59th Street, New York, New York, 10022, has several opportunities for the exchange of senior scholars, younger faculty, and graduate students, with persons in the U.S.S.R., Bulgaria, Czechoslovakia, Hungary, Poland, Romania, and Yugoslavia. The deadline is November 15, 1972, for grants to begin September 1973.

If you are willing to live in Pittsburgh, you may be eligible for an Andrew Mellon Postdoctoral Fellowship in the classics, English, philosophy, fine arts, music, modern languages, history, sociology, anthropology, mathematics, physics biophysics, and microbiology. The appointments are for 9 or 11 months (\$5800 plus \$400/dependent and \$7000 plus \$500/dependent; plus travel expenses). Applicants should submit a completed application form, a research proposal, a list of publications, and three letters of recommendation by January 15, 1973. Write to:

Director of Graduate Programs
Faculty of Arts and Sciences
University of Pittsburgh
Pittsburgh, Pennsylvania 15213

For scholars with an established reputation, NATO offers 2-4 months research fellowships in the humanities and social sciences. The deadline will probably be about mid-November. The results of your studies should "throw light on the history, present status, and future developments of the concept of the Atlantic Community and the problems which confront it." The countries involved are: Belgium, Canada, Denmark, France, Federal Republic of Germany, Greece (Greece borders the Atlantic?!), Iceland, Italy, Luxembourg, Netherlands, Norway, Portugal, Turkey, U.K., and the U.S.A. Write:

NATO Research Fellowships in the Humanities
and Social Sciences
Committee on International Exchange of Persons
Conference Board of Associated Research Councils
2101 Constitution Avenue, N.W.
Washington, D.C. 20418

The Organization of American States has fellowships for advanced study in countries other than that of the applicant. The member nations are all those in this hemisphere except Canada. I am not certain if Cuba is in or out right now. A knowledge of the language of the country is required. The stipends include travel, tuition fees, and maintenance; no dependency allowance. Tenure is from three months to two years. Write:

Secretariat for Technical Cooperation
Office of Fellowships and Training
Organization of American States
Washington, D.C. 20006

The deadline is December 31, 1972, for fellowships to begin in September 1973, and June 30, 1973, for fellowships beginning in January or February 1974.

The Society of Sigma Xi makes grants-in-aid for research in any field of science. The awards are from \$100 or less to a maximum of \$1000. The award committee meets three times a year; December 1 is the next meeting. Write:

Sigma Xi National Headquarters
155 Whitney Avenue
New Haven, Connecticut 06510
Attention: Grants-in-Aid of Research

The National Science Foundation has a program called Student Originated Studies. We have had a grant for each of the two years the program has been in existence. The guidelines for this year's competition are not yet available, nor has the deadline been announced. It will probably be November 1, 1972, so there is not ample time for preparation. You may look at last year's guidelines. They probably won't be changed drastically.

The next deadline for the Petroleum Research Fund grants is December 1, 1972. The interpretation of "research in the petroleum field" is very broad. For additional information, write:

The Petroleum Research Fund
American Chemical Society
1155 Sixteenth Street, N.W.
Washington, D.C. 20036

The Huntington Library has fellowships for scholars to spend time in residence doing research in American and English history and literature. The deadline is December 31, 1972. Write for details to:

The Director
Henry E. Huntington Library and Art Gallery
San Marino, California 91108

The Social Science Research Council, 230 Park Avenue, New York, New York, 10017, has a deadline of December 1, 1972, for preliminary inquiries about research training fellowships. These may be pre- or postdoctoral, and there is no age limit. Stipends are individually determined.

The National Endowment for the Humanities has summer stipends and fellowships for Younger Humanists. Candidates for the fellowships may apply directly, but candidates for summer stipends do not apply; they are recommended by the University.

In its humane way, the Endowment fails to say when a Younger Humanist becomes an Older Humanist. Apparently, Older Humanists get dirty and are hard to clean.

If you are interested in the summer stipends, please let this office know immediately. The University may nominate two, and the applications for both programs are due in Washington by October 16, 1972.

The Wenner-Gren Foundation for Anthropological Research, 14 East 71st Street, New York, New York, 10021, makes small grants-in-aid for research in all branches of anthropology. Proposals are accepted between September 1 and December 31 each year.

The National Science Foundation has discontinued its postdoctoral, senior postdoctoral, and science faculty fellowships, but still accepts applications for graduate students. The deadline is November 27, 1972. Write to:

Fellowship Office
National Research Council
2101 Constitution Avenue
Washington, D.C. 20418

As of this writing, Congress has approved the FY 1973 Authorization Bill for the Department of Commerce's maritime research, development, and other activities. If the President approves, the Bill carries 30 million dollars.

If you have a grant or contract for a training, research, or other project, please do not negotiate directly with the granting agency on any aspect that has fiscal implications. Before you make the request, please discuss the proposed change with Mr. Amaral, if your grant is managed by the Cal Poly Foundation, or with Mr. Landreth, if it was accepted by the University. You may think that a simple extension of the grant period, with no change of budget, is not a fiscal affair, but you are wrong. It is to your advantage as well as the University's to discuss the change in advance. If an auditor disallows a claim two years from now, guess who will be asked to pay up?

This University has a program called CARE, for Creative Activity and Research Effort, and its purpose is to enable faculty to do research, scholarly, or creative work. Applications are made to the University Research Committee by way of the Office of Graduate Studies and Research. There are now three deadlines during the academic year instead of ad lib submissions. They are: November 3, 1972, January 12, 1973, and April 6, 1973. Grants will probably be announced in December, February, and May.
