March 6, 1973

## START OF WORK ON NEW ENTRY ROAD EXPECTED SOON

Construction of the campus portion of Highland Dr., the new major entrance to the campus from Santa Rosa St. (Highway 1), is expected to start within the next two weeks, according to E. Douglas Gerard (Executive Dean). Designed as a third major access to the campus, it will provide access from the intersection of Highland Dr. and Santa Rosa St. to the existing Southern Pacific railroad overcrossing on campus.

Dean Gerard said the new roadway is designed to provide for two lanes of inbound traffic and one lane of outbound traffic for motor vehicles, a sidewalk, a separate bicycle path, and an agricultural vehicle roadway to satisfy the needs of various types of university traffic. Also involved is signalization of the intersection and extension of Highland Dr. from its present termination to Santa Rosa St.

The impact of the construction project will be felt mostly by faculty, staff, and students who normally use the Mt. Bishop Rd. entrance from Santa Rosa St. to the campus. Major revisions in the area of the railroad underpass will make access to the campus via Mt. Bishop Rd. impossible throughout the entire construction period, Dean Gerard said. Appropriate signs telling motorists of that fact are being placed on Highway 1 and at the Mt. Bishop Rd. entrance through cooperation of the California Division of Highways.

Dean Gerard, who said the campus entrance at Mt. Bishop Rd. and Highway 1 will be closed permanently upon completion of the new Highland Dr. entry, said the project is a cooperative venture involving Cal Poly, the Division of Highways, and the City of San Luis Obispo.

## MUSTANG GRAPPLERS RETAIN NATIONAL TITLE

Outstanding individual efforts by Larry Morgan at 134 pounds and Glenn Anderson at 150 led Cal Poly's varsity wrestling team to its sixth consecutive national championship in the National Collegiate Athletic Association College Division Wrestling Tournament in Brookings, S.D., last weekend. The Mustangs' championship effort was also their seventh in the past eight years for the Vaughan Hitchcock-coached Mustangs.

Beside the individual championships won by Morgan and Anderson, both seniors, Cal Poly wrestlers won a host of other place ribbons and honors and Coach Hitchcock was named coach of the year. Morgan, who had placed second in the national tourney twice before, was honored as the meet's outstanding wrestler, and Gary West, a 177-pounder, had the meet's fastest pin with a 33-second effort.

Other placings by Cal Poly wrestlers included two seconds, one third, one fourth, and one fifth. Allyn Cooke, 158 pounds, and Keith Leland, 190 pounds, finished second. Frank Barnhart, who campaigned throughout the past season at 177 pounds, finished third at heavyweight; West was fourth; and Gary McBride, at 126 pounds, was fifth. All but Leland are seniors. He is a junior.

VISTA GRANDE RESTAURANT GRAND OPENING ANNOUNCED

Thursday, Friday, Saturday, and Sunday (March 8-11) have been announced as the Grand Opening dates for the new Vista Grande Restaurant on campus by John Lee (Food Services Director), who invited all members of the university community to take part in the celebration. Lee said a special \$3.75 Roast Sirloin of Beef Dinner with all the trimmings will be offered Thursday and Friday from 4 to 9 p.m. and Saturday and Sunday from 12 noon to 9 p.m.

Also planned during the Grand Opening are tours of the Vista Grande facilities conducted by student members of the Vista Grande Committee, specially decorated desserts by Henry Robinson (Baker, Food Services), a demonstration of Robinson's skills from 4 to 8 p.m. on Saturday, and a display of art by students of David Bodlak (Art) in the lobby of the building.

Lee urged those planning to eat there during the Grand Opening to make reservations by telephoning 546-4784. He said the restaurant, which is open from 11 a.m. to 11 p.m. daily, features complete luncheon and dinner menus and a special late evening menu. It is located near the Grand Ave. entrance to the campus at the corner of Grand Ave. and Mountain Dr.

STUBBS WILL BECOME HEAD OF THE COMPUTER SCIENCE AND STATISTICS DEPARTMENT

Daniel F. Stubbs, a member of the Cal Poly faculty for eight years will become head of the Computer Science and Statistics Department effective at the close of the current Winter Quarter. The appointment of Dr. Stubbs to the position was recently announced by President Robert E. Kennedy.

Dr. Kennedy said Dr. Stubbs will succeed Y. Leon Maksoudian, who requested to be reassigned from his position as the interim head of the department at the close of the Winter Quarter.

Dr. Stubbs joined the Cal Poly faculty after having been a teaching assistant at Purdue University and subsequently an engineer with the General Electric Corporation. He received a Master of Science Degree from the Rensselaer Institute and both the Bachelor of Science and Doctor of Philosophy from Purdue. He has served as an assistant to the department head and has been a member of, or chairman of, several important committees of the Academic Senate.

MUSTANG GRAPPLERS . . . (Continued from Page 1)

Final team standings for the tournament found Cal Poly with 108 points an easy winner over the field of more than 75 teams. Other point totals were Clarion State College (Pa.), 80; North Dakota State University, 59.5; Northern Iowa University, 50.5; Wilkes College (Pa.), 41.5; South Dakota State University, 40.5; Mankato State College (Minn.) 34. California State University, Fullerton, finished 13th with 25.5 points.

The NCAA College Division efforts of five members of the Cal Poly team earned them the right to enter the NCAA University Division Championship Tournament, which will take place this weekend in Seattle, Wash. Morgan, Anderson, Cooke, Leland, and Barnhart, along with Coach Hitchcock, are all expected to be on hand for the meet, which will open Friday (March 9) morning and run through Saturday (March 10).

ANSEL ADAMS WILL SPEAK ON MARCH 26

Noted photographer and conservationist Ansel Adams will bring his wide knowledge of nature photography to Cal Poly on March 26. Appearing in University Convocation Series, he will speak on "Creative Photography" at 8 p.m. in Chumash Auditorium of the Julian A. McPhee University Union. The public is invited to attend the free lecture.

Adams has become the premier nature photographer of the century, having had major exhibitions since 1931 at the Smithsonian Institute, Washington, D.C.; Museum of Modern Art in New York City; Art Institute of Chicago; Yale University, and elsewhere.

Now the official photographer of the Sierra Club, Adams aims his lectures toward the photographer. He uses a slide demonstration to illustrate points and will answer questions from the audience. He will answer questions on conservation only as they relate to photography.

Adams has had several books published including Sierra in Northern California, My Camera in Yosemite Valley, and the Island of Hawaii. In addition to his books, he leads a workshop in Yosemite National Park each summer and teaches photography at the University of California at Santa Cruz.

The famed photographer's appearance at Cal Poly is being cosponsored by the university, and the Student Council of the School of Communicative Arts and Humanities, and the Convocation and Speakers Committee.

BOROUGH'S REQUESTS REDUCED ASSIGNMENT; ASSOCIATE DEAN, GRADUATE STUDIES SOUGHT

The request of Howard Boroughs for a reduction from his present full-time 12-months' assignment as associate dean, graduate studies and research to a half-time academic year position has been approved to become effective with the Fall Quarter, 1973, it was announced by Academic Vice President Dale W. Andrews. In addition, Dr. Andrews indicated that Dr. Boroughs' request for a leave of absence without pay from July 1 until the opening of the Fall Quarter had likewise been granted.

In his announcement, Dr. Andrews said that effective with the Fall Quarter Dr. Boroughs' entire efforts would be devoted to assisting faculty and staff with the development and submission of research and grant requests in his position as associate dean, research.

"This results in a vacancy in the position of Associate Dean, Graduate Studies, a full-time, twelve months' position for which recruiting efforts will begin immediately," Vice President Andrews said. He announced that initial recruitment efforts will be focused on campus and urged individuals who might be interested in the position of associate dean, graduate studies, to submit a letter of interest and appropriate background information to his office (Adm. 415) by March 21.

-----

Employees are reminded that if they wish to enroll for classes during the Spring Quarter, the Registrar's Office will assist with their registration. Those who will be enrolling should complete their registration books and leave them at the Registrar's Office, Adm-219, by March 16. Any student (or staff member) who was not enrolled during the Fall or Winter Quarters must also clear through the Admissions Office.

#### L. WOLF NAMED DIRECTOR OF FINANCIAL AID

Assignment of Lawrence J. Wolf as director of financial aid at Cal Poly has been announced by Everett M. Chandler (Dean of Students). Wolf, who has been functioning as coordinator of student discipline at Cal Poly for over two years, originally came to the university as a member of the Placement and Financial Aid Office staff.

The new position of director of financial aid resulted from the growth in the size and scope of Cal Poly's financial aid operation in recent years (over 4,000 student applicants and \$3.3 million in administered aid at present) and the anticipated future growth.

The commensurate need for establishment of a fully-staffed office separate and distinct from any other within the Student Affairs Division was also involved in the decision to establish the new post. The financial aid operation was formerly part of the Placement and Financial Aid Office. The Placement Office function remains under the direction of Eugene A. Rittenhouse.

Applicants for the position of coordinator of student discipline are currently being sought, according to Dean Chandler.

#### PHI KAPPA PHI TO MEET

All Phi Kappa Phi members (students and faculty) are requested to meet from 12 noon to 1 p.m. on Friday (March 9) in Ag-241 to elect outstanding students to membership, according to Harold Watson (Chemistry) president of the Cal Poly chapter of Phi Kappa Phi. Especially invited are members from other chapters now at Cal Poly.

Phi Kappa Phi is a national honorary society, 75 years old, with 128 chapters. Over 220,000 persons have been elected to membership. It recognizes excellence in all recognized academic fields, the only such national society at Cal Poly. Last year, 89 outstanding juniors and seniors on this campus were initiated on Commencement Day in June.

#### NATIONAL MAGAZINE COVERS EL CORRAL GROWTH

Expansion of the art and engineering materials portion of the El Corral Bookstore is reported in a roundup report on trends in campus store marketing which appears in the February, 1973, issue of College Store Executive. The article, which is accompanied by a photograph of the El Corral interior, says "more selling space is given over to the art and engineering departments than in any store we've visited in the state." Mrs. Mary Lee Green, manager of the store, is quoted extensively in the article.

#### ANNUITY PROGRAMS AVAILABLE AT ANY TIME

Faculty and staff members are advised by the Personnel Office that tax deferred annuities are available for their enrollment at any time. A recent connotation or suggestion of one of the carrier representatives tends to be misleading and misunderstood. All 64 approved programs are available at any time during the year.

Typewritten copy intended for the next issue of Cal Poly Report must be received prior to 12 noon Friday, March 9, in the Office of Information Services, Administration 210.

INSTRUCTIONS, APPLICATIONS FOR PILOT PROJECTS AVAILABLE NOW

The instructions and application forms for Pilot Projects for Innovation in the Instructional Process, 1973-74, have been received on campus. Copies have been sent to the school deans, and will shortly be sent to all department heads. Individual faculty members may request copies from Howard Boroughs (Associate Dean, Graduate Studies and Research) who is the campus coordinator for this program. Dr. Boroughs' office is in Adm-309, or you may telephone 546-2982.

This program is under the direction of Dean David H. Provost, from the Division of New Program Development and Evaluation in the Chancellor's Office. Dr. Provost plans to explain the program to interested faculty at an open meeting in the Theatre at 11:00 a.m., Thursday, March 29, 1973. Dr. Provost will probably have some time to meet with individual faculty after lunch in the lounge in Tenaya Hall.

Briefly, the objective of the pilot project "should be to improve the process of education for students through more effective use of existing resources..." Some types of projects may be (in no priority order): self-paced instruction; programmed learning; auto-tutorial approaches to learning; expanded uses of technology such as television, audio-cassettes, or computers; credit by examination, advanced placement and related independent study; comprehensive/challenge assessments of achievement for the degree major; evaluation of student performances; assessment of off-campus experiences for academic credit; peer instruction; interdisciplinary programs; cooperative education; programs to assist faculty and staff in learning about and experimenting with innovative modes of instruction.

Pilot projects should be applicable to more than the originating campus; a "significant number of students" should benefit from the project by the second year; proposals in the humanities, social sciences, and arts are particularly encouraged; projects for on-campus undergraduates will have first priority, but extension programs or external degree programs are not excluded, nor are projects for graduate education; projects "which involve curriculum development (including that designed to meet the provisions of the Ryan Act) can only be considered if the curriculum encompasses new methods of instruction, student assessment, or other non-traditional approaches designed to increase quality and the efficiency of higher education."

Faculty time cannot be paid for the month of July, 1973, but a grant could begin in August. All funds must be spent by June 30, 1974.

"A primary rationale of the need for the Fund for Innovation and Improvement has been that faculty require assigned time to begin innovation in the instructional process. This fact should be kept in mind in designing the pilot project and developing budgets," Dr. Provost concluded.

Typewritten copy intended for the next issue of Cal Poly Report must be received prior to 12 noon Friday, March 9, in the Office of Information Services, Administration-210.

VACANT FOUNDATION STAFF POSITIONS

The following vacancies are listed on the Foundation staff of the University as announced by J. L. Fryer (Foundation Personnel Officer). Interested persons may call at the Foundation Personnel Office, University Union Building, Room 212, 546-4613, to make application. Cal Poly Foundation is an Affirmative Action Employer.

FOUNDATION FOOD SERVICE

COOK (1) - \$2.84 per hour, full-time. One year experience as dinner cook in commercial restaurant required. Primary duties require preparation of food supply for serving line. All employee benefits.

GRILLMAN (1) - \$2.34 per hour, full-time. One year experience as a fry cook in commercial restaurant required. Primary duties include working of griddle, deep fryers, sandwich making and to assist cook. All employee benefits.

CASHIER (1) - \$2.09 per hour, full-time, through Spring Quarter. Require two years experience, ability to understand and follow oral and written instructions. Primary duties include checking cafeteria food trays, checking student meal tickets, and making change.

CAFETERIA WORKER "A" (4) - \$2.02 per hour, full-time, through Spring Quarter. Require ability to understand and follow oral and written instructions. Primary duties are to set up and serve on Cafeteria line.

CAFETERIA WORKER "A" (2) - \$2.02 per hour, full-time, through Spring Quarter. Require ability to understand and follow oral and written instructions. Duties include salad and vegetable preparation.

CUSTODIAL DEPARTMENT

HOUSEKEEPER (1) - (\$497-\$605), Foundation Custodial Department. Required, under supervision, to perform housekeeping duties in an assigned area; other work as required. Applicants must have completed at least eight grades of elementary education or have qualifying experience which may be substituted on a year for year basis.

VACANT SUPPORT STAFF POSITIONS LISTED

Vacant support staff positions have been announced by S. Milton Piuma (Staff Personnel Officer). Descriptions of the positions and other vacancies are posted outside the Personnel Office, Adm-110, 546-2236. Contact the Personnel Office to obtain an application. Cal Poly is an Affirmative Action Employer. The positions are:

Custodian (\$522-\$635), Plant Operations, Business Affairs Division. Duties and responsibilities include performing typical custodial duties, such as sweeping, scrubbing, mopping, waxing, and polishing floors; cleaning classrooms, laboratories, and lavatories; emptying wastebaskets and removing trash. Knowledge of custodial methods, materials, chemicals, and equipment required.

Duplicating Machine Operator I (\$461-\$562), Duplicating Office, Business Affairs Division. Duties and responsibilities include collating, stapling, paper punching, book stitching, and gum padding; operating mimeograph and ditto machines; billing campus department for duplication work; assisting University personnel with any problems or questions they have concerning the duplication process; and assisting with the preparation of permit mailings. Applicants must be high school graduates and must have passed the General Clerical Test.

Clerical Assistant II-B (\$522-\$635), One half-time position, Activities Office, Student Affairs Division. Duties and responsibilities include general typing, reception, answering telephones, typing of Codes and Bylaws, handles Year-End reports from student organizations, including preparing materials for it and making sure that every organization has one on file. Up-dates and checks out Student Activities Guides. Prepares and checks out Faculty Sponsor Handbooks. Maintains a file of save stencils. Assigns mail boxes to student organizations. Attends all Code & Bylaw Committee meetings and takes minutes. Prepares a roster of club and coded groups. Assistant to Awards Committee. Applicants must have passed the General Clerical Test, type 45 wpm, take shorthand at 90 wpm, be high school graduates with one year of office experience.

GUITARISTS INVITED

Faculty and staff are invited to join with students in the formation of the Cal Poly Guitar Guild. The main emphasis will be upon classical, Flamenco, and Spanish guitar music. For further information call Barron Wiley (Education), 543-6197, or Ron Hansen, 433-1678.

PRESIDENT KENNEDY, A A S C U LEADERS VISIT CONGRESSMEN

President Robert Kennedy of Cal Poly, San Luis Obispo, was among a contingent of state college and university presidents who met with congressional leaders in Washington, D.C., last week to urge their action on what is becoming an emergency student aid situation.

As a member of the 12-man Board of Directors of the American Association of State Colleges and Universities which arranged the legislative conference, Dr. Kennedy and his fellow presidents represented 300 state colleges and universities in the nation in their talks with Congress on Feb. 27-28.

President Kennedy contacted many of the California congressional delegation, impressing upon them the adverse effects which the federal student aid programs could have upon students unless certain provisions are made. Also contacting the California delegation were Presidents Stephen Horn, of California State University, Long Beach, and Robert Kramer of Cal Poly, Pomona.

In a statement released by the presidents during a press conference in the Capitol Building, they stressed the point that, "In the past, presidents have discussed with Congress the need for institutional aid, the construction and remodeling of facilities, and the funding of specific categorical programs. But today we are not here for our institutions -- we are here for our students."

The presidents urged continued funding of the educational opportunity grants and low cost student loans at a realistic level in addition to the funding of the Basic Educational Opportunity Grants proposed by President Richard M. Nixon. The presidents stressed the need for quick action on the FY 1973 supplemental appropriations bill which contains the student aid provisions. Without quick action, institutions will be unable to tell their students what kind of financial aid may be available for next fall.

In a scheduled meeting on the Hill, presidents were briefed by Speaker of the House Carl Albert (D-Okla.); house minority leader Gerald Ford (R-Mich.); James O'Hara, chairman of the House Special Subcommittee on Education (D-Mich.); John Dellenback, ranking minority member of the House Special Subcommittee on Education (R-Ore.); Albert Quie, ranking minority member of the House Committee on Education and Labor (R-Minn.); and Carl D. Perkins, chairman of the House Committee on Education and Labor (D-Ken.).

The congressional leaders congratulated the presidents on their purposefulness and their efforts to contact congressmen, stressing the point that only through such personal contacts can Congress be made aware of the special needs of state colleges and universities and their student.

The full text of a supporting resolution passed by the AASCU board during its meeting on Feb. 28 reads:

"Whereas the uncertainty concerning student aid is causing great distress among our students in the 300 institutions comprising this Association, and,

"Whereas the traditional student body of our institutions enrolls a very large number of students whose family incomes average less than \$10,000 per year, and,

"Whereas the Basic Education Opportunity Grant program, enacted into law in the spring of 1972 would provide needed aid to such students,

(Continued on Page 8)

A A S C U LEADERS VISIT CONGRESSMEN . . . (Continued from Page 7)

"Therefore, be it resolved that on behalf of our member institutions the Board of Directors urges immediate action on the part of the Congress of the United States in passing a Supplementary Appropriations Bill which would include funding for the student aid programs.

"Be it further resolved that the Congress agree to the President's request for BEOG's of \$622 million for the current fiscal year and no less than \$250 million for the College Work-Study program for the current fiscal year.

"Be it further resolved that in keeping with the laws specifications requiring no less than minimal funding for the SEOG and Direct Student Loan program, the Congress appropriate \$130 million for SEOG's and \$293 million for the Direct Student Loan. Building upon the Basic Grants these programs would enable us to provide genuine education opportunity to students whose financial circumstances otherwise would deprive them of it."

THURSDAY HOUR WILL HONOR PHILIP BROMLEY

A coffee hour planned for the afternoon of Thursday, March 8, in the Staff Dining Room will honor J. Philip Bromley (Agricultural Management), who will retire at the end of the Winter Quarter after having been a member of the Cal Poly faculty and administrative staff since 1947. Being sponsored by the Agricultural Management Department, the coffee hour will take place from 2 to 4 p.m. All of Bromley's friends are invited to drop in and wish him well on his retirement next Thursday afternoon.

MARK TWAIN HUMOR WILL BE RE-CREATED ON FRIDAY

The wisdom and humor of Mark Twain will be re-created when the Alpha-Omega Players of Dallas, Tex., present The Diary of Adam and Eve on Friday (March 9) at Cal Poly. Sponsored by the Fine Arts Committee of the Associated Students, Inc., the 8 p.m. program will be held in Chumash Auditorium of the Julian A. McPhee University Union on campus. The public is invited. Admission will be \$1 for students and \$1.50 for all others. Tickets for the performance may be obtained at the University Union Information Desk.

O H STUDENTS PLAN FLOWER SHOW FOR SUNDAY

A flower show with music will be presented by students of the Ornamental Horticulture Department's advanced floral design course on Sunday (March 11) afternoon at the First Presbyterian Church in San Luis Obispo. Titled "Blessed Are They That Mourn," the show will begin at 3 p.m., according to Robert Gordon, who is teaching the course.

Creators of the various designs in the show will be present to answer questions from 3 to 4 p.m., and the Chancel Choir of the church will present a program interpreted by the floral arrangements at 4. Admission will be free.

-----  
The Cal Poly women's basketball team will play UC Santa Barbara on Friday (March 9) in Crandall Gym. The varsity game, which is scheduled for 7 p.m., will be preceded by a junior varsity game at 5:30. The public is invited, and admission will be free.

WHO . . . WHAT . . . WHEN . . . WHERE ? ? ?

Fred Genthner (Special Collections Librarian) has been notified of his selection from several thousand scholars from around the world for inclusion in the 1973 edition of Men of Achievement. The volume, which is scheduled for preparation late this year, is being prepared by Melrose Press, Ltd., of Cambridge, England. It is a standard reference work in the leading libraries and archives of the world.

The research frontier in environmental management and planning was the topic of a state-wide seminar held in Cambria on Feb. 17-18. Among those in attendance were Edward Ward, Ned Rogoway, Harold Lohrentz, and Francis Hendricks (all School of Architecture and Environmental Design). Other Cal Poly faculty in attendance were David Hafemeister (Physics), Richard Krejsa (Biological Sciences), Delbert Venerable (Chemistry), and Lyna Wiggins (Computer Science and Statistics). Hendricks is vice president for professional development of the California Chapter of the American Institute of Planners which sponsored the seminar.

Elizabeth K. Perryman (Biological Sciences) presented a paper titled "Microtubules and microfilaments in stimulated *Rana pipiens* pars intermedia secretory cells" at the Conference on Pigment Cell Biology held recently at Yale University. Selected material from the conference will be published in the Yale Journal of Biology and Medicine, according to Dr. Perryman.

Allen Settle (Political Science) was a witness before a hearing on local government reform conducted in Santa Barbara on Feb. 23 in Santa Barbara. Dr. Settle was among 16 witnesses who appeared before a subcommittee of the California Council on Intergovernmental Relations on such subjects as local government structure, public service responsibilities, fiscal reform, and county boundary lines.

OPEN ENROLLMENT FOR INSURANCE PLANS WILL END MONDAY

Next Monday (March 12) will be the final day of the open enrollment period for the various health insurance plans available to employees of the State of California. Those who wish to make changes in their health insurance but have not done so are invited to contact the Personnel Office, Adm-110, 546-2236.

REMINDER FROM RECORDS OFFICE

Faculty members are being reminded that the Records Office will be open until 12 noon on Saturday, March 17, to accept grades for the 1973 Winter Quarter, according to Gerald N. PUNCHES (Registrar). "Although grades are not due until March 20, we would appreciate receiving them as early as practicable before that date," PUNCHES said. "Grades should not be sent by mail, but delivered personally by the faculty member concerned."

SALE OF PARKING STICKERS FOR SPRING QUARTER BEGINS

Parking stickers for the Spring Quarter will go on sale Monday (March 12) in the Cashier's Office, Adm-131E. Faculty and staff will be required to show their identification cards at the time parking permits are purchased.

NEW HEALTH PLAN AVAILABLE DURING OPEN ENROLLMENT

The Personnel Office learned last Thursday that the health insurance plan sponsored by California Medical Societies is now available to state and foundation employees at Cal Poly. This plan is called the Foundations for Medical Care plan and membership in an employee organization is not required for enrollment.

Page 12 of the Health Benefits Division booklet that was recently distributed to each eligible employee provides information (including rates) regarding the benefits in the Foundations for Medical Care plan. Information on this new plan was also distributed to departments last week. The FMC plan is a comprehensive health benefit plan in that the basic and major medical portions are combined and the rates quoted in HBD 29 reflect this.

To obtain care under this plan, employees and dependents should go to the Foundations for Medical Care physician to receive maximum benefits from this program. The same payments will be made to any physician in the world but non-member physicians may or may not accept the payment made as payment in full. A complete listing of local physicians is not available at this time, but approximately 85 per cent of the practicing physicians in this area will be contract physicians, according to information received from the San Luis Obispo County Medical Society.

State and Foundation employees who are interested in enrolling in this plan or in changing plans during the open enrollment period should contact their respective Personnel Offices before March 12. If an employee has already made a choice during the open enrollment period but now wishes to apply for the Foundations for Medical Care Plan, he must complete an enrollment Form 12. Foundation employees should go to the Foundation Personnel Office, UU-212 (phone 546-4613) and state employees should go to the University Personnel Office, Adm-110 (phone 546-2236) for information or to sign enrollment forms.

UNIVERSITY SINGERS PLAN CONCERT AT MISSION SAN MIGUEL

Cal Poly's University Singers will open their 1973 tour of the Southern California Missions with a performance at Mission San Miguel on Sunday (March 11). The concert is set to begin at 7 p.m. at the Old Mission Church located along Highway 101 north of Paso Robles. The public is invited to attend the free concert.

A forty-voice mixed ensemble, the University Singers perform music of a liturgical nature and various styles of choral music. For their 1973 tour, they will feature songs dating from the time of the founding of the missions to create authenticity in their concerts. Included in their repertoire are di Lasso's Ave Regina Coelorum, Palestrina's Sicut Cervus, Ives' Psalm Sixty Seven, and Mozart's Sancta Maria.

Also included on the itinerary for the 1973 tour are concerts to be given at the missions in San Diego, San Juan Capistrano, Ventura, and Oceanside, and a concluding performance at Mission San Luis Obispo de Tolosa on March 24. An instrumental ensemble composed of members of the Cal Poly Chamber Symphony will accompany the University Singers.

John G. Russell is director of the University Singers and Clifton E. Swanson is conductor of the Chamber Symphony.

COMING EVENTS -- COMING EVENTS -- COMING EVENTS

Cal Poly Women's Club General Meeting -- Tuesday, March 6, 7:30 p.m. Cal Poly Theatre. The combined Men's and Women's Glee Clubs will entertain following a short business meeting. Members, guests and public invited.

Glee Club Concert -- Tuesday, March 6, 8 p.m., Cal Poly Theatre. Combined performance featuring Cal Poly's Men's and Women's Glee Clubs; presented as a program for the Cal Poly Women's Club by Cal Poly's Music Department. Public invited.

Physics Colloquium -- Thursday, March 8, 11 a.m., Science Building Room E-26. Stanley Wojcicki of Stanford University and the Stanford Linear Accelerator Center will talk on "Status of CP Violation;" sponsored by the Physics Department. Faculty, staff, and students are invited.

Interdisciplinary Symposium -- Thursday, March 8, 11 a.m., Dexter Library, Room 128. George Clucas will discuss "The University and the Public Service"; sponsored by the Political Science Department. Public invited.

Cal Poly University Club Luncheon Meeting -- Thursday, March 8, 12 noon, Staff Dining Room. Don M. Morris will present a program titled "You're Speaking - But is Anyone Listening?" Faculty and staff invited.

Computer Science and Statistics Seminar -- Thursday, March 8, 4 p.m., Computer Science Building Room 253. Panel discussion by David Intersimone, Eric Wood, and Jim Sturch on "Computer Chess at Cal Poly;" sponsored by the Computer Science and Statistics Department. Faculty, staff, and students are invited.

Cal Poly Women's Club Choral Section Meeting -- Thursday, March 8, 7:30 p.m., 1646 Fredricks, San Luis Obispo. Meeting in the home of Mrs. Norma Jones.

Drama -- Friday, March 9, 8 p.m., Julian A. McPhee University Union, Chumash Auditorium. The Alpha Omega Players will present The Diary of Adam and Eve, written by Mark Twain; sponsored by the Fine Arts Committee of Cal Poly's Associated Students, Inc. General admission tickets - students, \$1; all others, \$2.

Varsity Track -- Saturday, March 10, 12 noon, New Track Field behind Men's Gymnasium. Cal Poly vs. California State University, Hayward, and California State College, Bakersfield. Public invited.

AIFD Banquet -- Saturday, March 10, 7:30 p.m., Julian A. McPhee University Union, Chumash Auditorium. Banquet celebrating fifth anniversary of founding of the Gordon Chapter of the American Institute of Floral Design, a student organization; sponsored by Cal Poly's Ornamental Horticulture Department. Members and guests invited.

High School Honor Band Concert -- Saturday, March 10, 7:30 p.m., Cal Poly Theatre. Annual concert by a concert band composed of outstanding musicians from high schools located throughout San Luis Obispo County; hosted by Cal Poly's Music Department. Public invited.

Varsity Golf -- Monday, March 12, 12 noon, San Luis Obispo Country Club. Cal Poly vs. Cuesta College. Public invited.

(Continued on Page 12)

### CANDIDATES FOR FACULTY POSITIONS BEING SOUGHT

Candidates for positions on the faculty of the university are presently being sought, according to Larry R. Voss (Director of Personnel Relations). Those interested in learning more about the positions are invited to contact the appropriate dean or department head. Cal Poly is an Affirmative Action Employer. Following are descriptions of the available positions:

Intermediate Instructor (\$10,020-\$12,792/annually), Child Development Department, School of Human Development and Education. Duties and responsibilities include full-time teaching in Nursery School. Candidates must possess a master's degree in Child Development. Minorities and women are encouraged to apply.

Intermediate Vocational Instructor (\$10,020-\$12,192/annually), Natural Resources Management Department, School of Agriculture and Natural Resources. Duties and responsibilities include teaching courses in recreation site development and maintenance, resource ecology, and related subjects. Experience in site design, planning, or construction is desirable. Applicants must possess a doctorate degree or a master's degree and sufficient professional experience at a responsible level to compensate for the doctorate. Minorities and women are encouraged to apply.

Intermediate Vocational Instructor (\$10,020-\$12,192/annually), Natural Resources Management Department, School of Agriculture and Natural Resources. Duties and responsibilities include teaching courses in applied management of wildlife on agricultural land units, wildlands, and refuges, and related natural resources courses. Experience in management applications is desirable. Applicants must possess a doctorate degree in wildlife management, or be a candidate with completion before fall 1973. Minorities and women are encouraged to apply.

Department Head (\$13,308-\$20,664/annually), Social Sciences Department, School of Business and Social Sciences. Duties and responsibilities include half-time supervision of instructional program leading to BS degree in Social Sciences, and half-time teaching in undergraduate sociology. Candidates should possess a PhD and have experience in teaching and research with experience in an academic setting highly desirable. Appointment and salary will be at associate or professor rank depending on qualifications. Minorities and women are encouraged to apply. Position open June or September 1973.
