DA VINCI FESTIVAL WILL FEATURE TALKS BY HISTORIANS

Lectures by three widely-known historians and showings of the CBS Television motion picture series on Leonardo da Vinci are featured on the schedule of events for the da Vinci festival which will open March 21 and run through April 15 at Cal Poly.

With "Leonardo and His World" as its theme, the 26-day-long festival will also include a series of lectures relating the work of the 15th Century artist-scientist to contemporary art, science, and engineering, as well as an exhibit of models of his inventions, which will be on loan from the International Business Machines Corporation.

All of the lectures and the exhibit will take place in the Julian A. McPhee University Union on the Cal Poly campus, according to Jon M. Ericson, dean of the School of Communicative Arts and Humanities, which is sponsoring the festival. The three-part film series will be shown in the campus theatre.

Stanislaus Dundon (Philosophy) chairman of the committee staging the special series of events, emphasized that all of the programs and the exhibit will be open to the public. Admission will be free.

Guest lecturers for the festival, will be Carlo Pedretti of University of California at Los Angeles, Gene A. Brucker of University of California at Berkeley, Carrol Pursell of University of California at Santa Barbara. All three are historians.

Pedretti will discuss "Art and Technology in Leonardo da Vinci" the evening of March 23; Dr. Brucker will speak on "Leonardo and His World" the evening of April 6; and Dr. Pursell will discuss "The Challenge of Technology to Christianity" the evening of April 13.

Dr. Dundon said six other lectures by members of the Cal Poly faculty are scheduled during the festival. The lectures relating the work of da Vinci to various contemporary art, science, and engineering will be given by Bernard Dusek (Art), Charles R. Russell (Mechanical Engineering), Delbert Venerable II (Chemistry), Harry L. Fierstine (Biological Sciences), Vern Swansen (School of Architecture and Environmental Design), and R. Wallace Reynolds (Engineering Technology).

Titled "Leonardo da Vinci," the CBS Television film series will be shown twice during the da Vinci festival -- first on the evenings of March 21, 22, and 24, and again on the evenings of March 29, March 31, and April 1. Dr. Dundon explained that the motion picture, which was originally televised nationally on four consecutive evenings last year, is being divided into three parts for convenience in scheduling.

Although initial showings of the filmed series will take place on March 21, and 22, the festival at Cal Poly will be formally opened the following day. Pedretti's lecture will be featured at 8 p.m.

Copies of the complete schedule of programs for the festival are available at the office of the School of Communicative Arts and Humanities (Engl-200).

WORKSHOP ON ELECTRICAL POWER SCHEDULED FOR APRIL

A professional "Workshop on High-Voltage Direct Current Transmission (HVDCT)" has been scheduled for Apr. 5 and 6 at Cal Poly. The two-day workshop is sponsored by the newly-formed Electric Power Institute at Cal Poly, the first such institute in California.

It will feature prominent members of the electrical industry speaking on a variety of subjects. Announced topics include general introduction to the field of HVDCT, converters, and a future applications and activities, and resource limitations of HVDCT.

The Cal Poly workshop is being planned as tutorial workshop for engineers in the electric power field. Lectures will begin on an introductory level and progress to discussions of contemporary technology.

The Electric Power Institute is dedicated to improved communication between industry and faculty and students at the university through seminars, workshops, and conferences, according to Saul Goldberg, (Electronic and Electrical Engineering), who is director of the institute.

Additional information on the workshop, can be obtained by contacting Dr. Goldberg, EE-100A, 546-2315.

AUDIO-VISUAL EQUIPMENT FOR POLY ROYAL

Equipment from the Audio-Visual Service Office will again be made available this year for use during Poly Royal, April 27-28, according to Marcus Gold (AV Service Coordinator). Departmental clubs and student organizations should schedule AV equipment for their Poly Royal projects by first obtaining a Form 81 from the Activities Office, UU-217, and then contacting the AV Service Office, BAE-9.

With the limited amount of equipment that is available and heavy scheduling anticipated, all equipment now on quarter loan to instructional departments may be recalled for the Poly Royal weekend and reissued for events scheduled as part of the annual open house activity, Gold said.

Requests will be filled on a first-come, first-served basis. Since there is never enough equipment to fill all requests, Gold urged members of the faculty and staff who are advisors to student groups to have their organizations submit their requests now.

LOCATER SERVICE AVAILABLE FOR MINORITY STUDENTS

A Minority Graduate Student Locator Service designed to help graduate schools recruit potential minority students to their campuses is now available, according to information received from the Educational Opportunity Program Office

The new service, which is free to the student, is administered by the Graduate Record Examination Board. A form which requests basic information about the student's background and educational plans is used. Scores from the GRE are not involved in the locator service. Interested students can obtain a Student Response Form for the locator service at the EOP Office, Hillcrest Hall.

ADAMS' PHOTOS RESEMBLE NATURE BETTER THAN NATURE ITSELF

When one speaks of Ansel Adams, thoughts are of a man who has created life-like nature photography and pictures that resemble nature better than nature itself. Appearing under the auspices of the Cal Poly Convocation Series, the noted conservationist-photographer will speak at 8 p.m. on Monday, March 26, in Chumash Auditorium of the Julian A. McPhee University Union. The public is invited to attend his free lecture.

During his 71 years, Adams has developed as the premier nature photographer of the century. He has turned the camera into more than just an instrument of mechanical reproduction, he has turned his equipment into an artist's brush.

Jack R. McGregor, director of San Francisco's M. H. de Young Memorial Museum, says, "That Ansel Adams' photographs are works of art, I think, can never be doubted. While some in the past have felt that the camera, and particularly now, the Polaroid, is merely an instrument that turns out a mechanical reproduction, one has only to compare these magnificent objects to the usual amateurs' photographs of say, Yosemite."

Adams has had photograph exhibits at the Smithsonian Institution in Washington, D.C.; Museum of Modern Art in New York; the Art Institute of Chicago; and Yale University. His published books include Taos Pueblo, The Pageant of History in Northern California, and This is the American Earth.

Born in San Francisco, Adams took his first photo at the age of 14. He did not begin to take photography seriously, however, until he was 21, and he has never had formal training in the field. He has been called "a fascinating individual, full of enthusiasm and, without doubt, . . . one of the top men in his field."

Adams uses a slide presentation to demonstrate during his lectures. He is also available for questions from the audience after his lecture. Among his advice for young photographers in the nature field is "shoot and shoot and shoot. The only way to be a top photographer is to practice and learn from your mistakes."

Adams' appearance is sponsored by Cal Poly, the student council of the School of Communicative Arts and Humanities, and the University's Convocation and Speakers Coordinating Committee.

POLY ROYAL QUEEN NAMED BY BOARD

A diminutive brunette Pomona miss, Gay Draxler, is Cal Poly's 1973 Poly Royal Queen. As queen, she will represent Poly Royal to the public during the month of April and then will reign over the open-house activities at Cal Poly on Friday and Saturday, April 27-28.

Miss Draxler, a home economics major, was selected Thursday evening (March 8) by a vote of the general board of Poly Royal. She was one of 10 candidates seeking the title. Her court will include princesses Janet Anderson of Rio Vista, a physical education major, and Patricia Sibley of Van Nuys, a child development major.

LIBRARY SCHEDULE CHANGES FOR FINAL EXAM, HOLIDAY PERIODS LISTED

Three exceptions to the regular operating hours of the University Library will be in effect during the Final examination period, according to an announcement received from Miss Angelina Martinez (Head of Public Services, University Library).

The exceptions will find the Library remaining open until 10 p.m. and the Reserve Book Room until 12 midnight on Friday (March 16), and from 7:45 a.m. to 5 p.m. on Saturday (March 17). The Reserve Book Room will remain open until 8 p.m. on Saturday. The reserve desk will be open until 8 p.m. on Saturday. The reserve desk will be open for service until 12 midnight every day of the week during the exam period, except Saturday when it will close at 8 p.m.

During the period between quarters (Sunday through Sunday, March 18-25), open hours for the library will be 8 a.m. to 5 p.m. on Monday through Friday; and 9 a.m. to 1 p.m. on Saturday. The library will not be open on Saturday, March 24.

The regular schedule of open hours for the Library will resume on Monday, March 26, according to Miss Martinez.

SINGERS' MISSION CONCERT SERIES WILL CONTINUE MARCH 21-25

Performances at six Southern California missions remain on the schedule for the 1973 concert tour of the Cal Poly University Singers. The tour, which officially opened with a program given last Sunday (March 11) evening at Mission San Miguel north of Paso Robles, will resume on Wednesday, March 21, and conclude on Sunday, March 25.

John R. Russell (Music) conductor of the 40-voice mixed choir, said the University Singers will be accompanied during the four-day tour by an instrumental ensemble composed of members of the university's Chamber Orchestra. Clifton E. Swanson (also Music) will direct the instrumental group.

The 1973 performance tour of the Cal Poly student musicians will include concerts at the missions in Ventura, San Diego, San Juan Capistrano, Los Angeles, and Oceanside, and concerts at Pomona College and California University, Long Beach. An additional concert will be given at Mission San Luis Obispo de Tolosa in San Luis Obispo as the tour's finale.

RECOGNITION LUNCHEON SCHEDULED FRIDAY

The annual recognition luncheon for members of the university support staff with 10, 15 and 20 years of service (not previously honored) will be held on Friday, (March 16) at 12 noon in the new Vista Grande Dining Room. Also featured during the program, which is sponsored by the Staff Senate, will be an award presentation to the outstanding support staff service employee of 1972.

A reminder from the committee which is staging the luncheon points out that tickets for the event will be sold in advance only, they will not be available at the door. Priced at \$1.75 each, they can be purchased now from Mrs. Barbara Ciesielski (Supervisor, General Office), 546-2181; Mrs. Trudy Beck (Secretary, Activities Office), 546-2476; or Mrs. Joan Stadt (Secretary, University Library), 546-2345.

SYMPHONIC BAND TOUR WILL INCLUDE NINE CONCERTS

Performances in nine locations in Northern California have been scheduled for the 1973 concert tour of the Cal Poly Symphonic Band. The five-day tour will begin on Monday, March 20, and conclude on Saturday, March 24.

Composed of 75 student musicians, the popular Cal Poly band will offer its programs of classical, contemporary, jazz-rock music before assembly audiences at high schools in San Jose, Forestville, and Santa Rosa. Evening concerts, to which the public is invited, are also planned in Monterey, Sunnyvale, Livermore, Healdsburg, and Concord.

Also included on the programs for the tour concerts are seven smaller groups composed of members of the Symphonic Band. Included are the Percussion Ensemble, the Brass Quintet, the Saxophone Ensemble, the Trombone Choir, the Clarinet Choir, the Clarinet Quartet, and the Studio Band.

Conductor of the Symphonic Band and the smaller groups is William V. Johnson (Music), a member of Cal Poly's faculty since 1966.

VACANT SUPPORT STAFF POSITIONS LISTED

Vacant support staff positions have been announced by S. Milton Piuma (Staff Personnel Officer). Descriptions of the positions and other vacancies are posted outside the Personnel Office, Adm-110, 546-2236. Contact the Personnel Office to obtain an application. Cal Poly is an Affirmative Action Employer. The positions are:

Clerical Assistant II-A (\$484-\$589), Library, Academic Affairs Division. Duties and responsibilities include maintaining and servicing the collection of microforms; keeping records and statistics of use; inventories collections; instructs patrons in use of reading equipment; types and performs other clerical duties as assigned. Applicants must have passed the General Clerical Test, be high school graduates with one year of office experience. Must be able to type 45 wpm.

Intermediate Account Clerk (\$484-\$589), Accounting Office, Business Affairs Division. Duties and responsibilities include processing and auditing various agency payment obligations, verifying and scheduling suppliers invoices for payment by state controller and performing other duties as assigned. Applicants must have passed the General Clerical Test, be high school graduates with one year specialized training and experience in bookkeeping, accounting and office procedures. Proficiency with office machines and knowledge of ADP procedures desirable.

Computer Programmer II (\$973-\$1183), Computer Center, Academic Affairs Division. Temporary help position until June 30, 1973. Duties and responsibilities include computer programming and systems analysis, principally on university administrative applications and also instructional support programming and consultation and assistance for all campus computer users. Applicants must have a Bachelor's Degree, demonstrated high level of computer programming ability in a variety of languages, and good communications skills. One year experience as a Computer Programmer I (preferably in a university or college environment highly desirable.)

Radiation Protection Specialist (\$842-\$1023), Physics Department, School of Science and Mathematics. Duties and responsibilities include under direction, to perform tests of radioactive sources, calibrate detection instruments, verify inventories, maintain records, provide advice on safe practices in radiation, and conduct surveys of safety on site. Applicants must have a Bachelor's degree in physical or life sciences or engineering or equivalent; experience in at least some of the duties described above. Applicants should have a good background in properties of radiation, radiation detectors, and radiation sources; should have some competence in electronic equipment maintenance; should be able to interpret radiation control regulations; and maintain cooperative relationships with individuals using radiation.

Campus Health and Safety Coordinator (\$772-\$1138), Personnel Office, Administrative Affairs Division. Duties and responsibilities include developing written campus health and safety policies; conducting safety training programs for all levels of the organization; making periodic safety inspections to identify unsafe working conditions, practices, and processes and recommending steps to alleviate such situations; maintaining and interpreting accident and injury statistics and accident cost data; maintaining control of all Workmen's Compensation cases; conferring with injured employees to monitor their recovery and speedy return to work. Equivalent to graduation from college; six months experience in personnel administration with emphasis on safety and training activities desirable. Position available 4/1/73 to 6/30/73 only.

Employees are reminded that if they wish to enroll for classes during the Spring Quarter, the Registrar's Office will assist with their registration. Those who will be enrolling should complete their registration books and leave them at the Registrar's Office, Adm-219, by March 16. Any student (or staff member) who was not enrolled during the Fall or Winter Quarters must also clear through the Admissions Office.

CANDIDATES FOR FACULTY POSITIONS BEING SOUGHT

Candidates for positions on the faculty of the university are presently being sought, according to Larry R. Voss (Director of Personnel Relations). Those interested in learning more about the positions are invited to contact the appropriate dean or department head. Cal Poly is an Affirmative Action Employer. Following are descriptions of the available positions:

Intermediate Instructor (\$10,020-\$12,792/annually), Chemistry Department, School of Science and Mathematics. Duties and responsibilities include teaching undergraduate chemistry courses, mostly laboratories and some evening classes. Initial assignment to be in the area of general chemistry. As one progresses, an attempt is made to allow a person to teach some courses in their area of specialization. Candidates should possess the doctorate in chemistry or an appropriate field or expect to complete the doctorate before becoming eligible for a tenure appointment. Minorities and women are encouraged to apply. Position available September 1973.

Lecturer (\$10,020-\$12,792/annually), Mathematics Department, School of Science and Mathematics. Duties and responsibilities include teaching undergraduate courses in mathematics including some night classes. Applicants should possess the doctorate in mathematics or an appropriate field. Minorities and women are encouraged to apply. Position available September 1973.

Intermediate Instructor (\$10,020-\$12,792/annually), Mathematics Department, School of Science and Mathematics. Duties and responsibilities include teaching undergraduate courses in mathematics including some night classes, student advisory activities and committee assignments. Opportunity to teach upper division and graduate courses in specialty as one progresses. Applicants should possess the doctorate in mathematics or an appropriate field. Minorities and women are encouraged to apply. Position available September 1973.

Lecturers (\$3,512-\$6,888/quarter), Political Science Department, School of Business and Social Sciences. Duties and responsibilities include teaching four courses from among the following topical areas: national government, California government, comparative government, political process, minority politics, international relations, foreign policy, public administration, and constitutional law. Candidates must possess the doctorate and have a minimum of three years of full-time, college-level teaching experience. Minorities and women are encouraged to apply. Three positions for summer quarter only.

Intermediate Vocational Instructor (\$10,020-\$12,192/annually), Agricultural Management Department, School of Agriculture and Natural Resources. Duties and responsibilities include teaching courses in agricultural credit, accounting and managerial accounting, and general agricultural economics, plus completing teaching loads in agricultural business management and farm management. Applicants must possess a master's degree with a doctorate preferred, and have the appropriate experience. Minorities and women are encouraged to apply. Three positions available September 1973.

Instructor (salary dependent upon preparation and experience) Men's Physical Education Department, School of Human Development and Education. Duties and responsibilities include teaching kinesiology, mechanical analysis of sports, professional physical education activities, with competencies in gymnastics desirable. Applicants must possess a master's degree with a doctorate preferred. Minorities are encouraged to apply. Position for September 1973.

Intermediate Instructors (\$10,020-\$12,792/annually), Psychology Department, School of Human Development and Education. Duties and responsibilities include full-time teaching with major emphasis on introductory psychology. In addition, teaching might include courses in social, abnormal, personality and mental health and related fields. Applicants should possess a doctorate. Minorities and women are encouraged to apply. Two positions for September 1973.

Intermediate Vocational Instructor (\$10,020-\$12,192/annually), Food Industries Department, School of Agriculture and Natural Resources. Duties and responsibilities include teaching courses in food preservation and unit operations including canning, freezing, dehydration, fermentation and concentration, including laboratory sections. Applicants must possess a master's degree, doctorate preferred, with appropriate experience. A working knowledge of quality control tests, analyses and programs necessary with a working knowledge of meats desirable. Minority applicants and women are encouraged to apply. Position available September 1973.

Lecturer (\$3,512-\$4,296/quarter), Biological Sciences Department, School of Science and Mathematics. Duties and responsibilities include teaching courses in general botany, and plant taxonomy. Applicants must possess the doctorate. Minorities and women are encouraged to apply. Position for spring quarter 1973.

Lecturer (\$3,512-\$4,296/quarter), Biological Sciences Department, School of Science and Mathematics. Duties and responsibilities include teaching courses in general zoology, primarily vertebrate. Applicants must possess the doctorate. Minorities and women are encouraged to apply. Position for spring quarter 1973 only.

Intermediate or Senior Instructors (\$10,020-\$16,164/annually), Computer Science and Statistics. Applicants must have the Ph.D. or the likelihood of its early completion as well as two years of full-time industrial or teaching experience. Minorities and women are encouraged to apply.

Lecturer (\$1,819-\$2,438/quarter), Computer Science and Statistics Department, School of Science and Mathematics. Duties and responsibilities include teaching two sections of elementary descriptive statistics courses. Applicants must have at least a Bachelor's degree in statistics. Spring Quarter only.

Typewritten copy intended for the next issue of Cal Poly Report must be received prior to 12 noon Friday, March 16, in the Office of Information Services, Administration-210.

WHO . . . WHAT . . . WHEN . . . WHERE ? ? ?

Peter C. Scheffler (Industrial Engineering) attended a meeting of the advisory board of the California Measurement Systems, which took place recently in Sacramento. The board provides standards of calibration and measurement traceability to the National Bureau of Standards as a service to all California industry, government, and educational institutions.

Mrs. Patricia Stewart (Placement Supervisor) began her new duties with the teacher and career placement programs of the Cal Poly Placement Office on March 1. A former teachers aid in the Kern High School District and student affairs trainee at Cal Poly, she is a graduate of Cal Poly, where she earned her bachelor's degree in home economics and master's degree in counseling and guidance. For the past year, she has been a placement interviewer on the staff of the Placement Office.

Walter Schroeder (Head, Education) and Erland Dettloff and Harry Scales (also Education) attended the joint convention of the American Personnel and Guidance Association and the California Personnel and Guidance Association, which took place last month in San Diego. They were joined by a number of graduate students in education who were interviewed at the Job Placement Center held in conjunction with the convention.

Joseph M. Kourakis (School of Architecture and Environmental Design) was a delegate at the 1973 conference on rational policy of the American Institute of Planners. The conference took place Feb. 20-26 in Washington, D.C.

John L. Merriam and E. Joe Glass (both Agricultural Engineering) attended the recent meeting of the California Irrigation Institute in Sacramento. The gathering was concerned with current developments in irrigation methods and practices, and with water quality problems associated with agriculture.

Robert Levison (Education) wrote an article titled "Prediction of Work Release Success at a Federal Correctional Institution Using the MMPI," which was published in the December, 1972 issue of the Journal of Employment Counseling.

Cheryl Stillman (Home Economics) was a participant in the first microwave oven workshop held on March 2, in Los Angeles. The program was sponsored by the Southern California Home Economists in Business organization.

Emmert Lawson, a speed light specialist with Brooks Institute of Photography, Santa Barbara, was a guest speaker for photography classes of the Journalism Department early this month. Lawson spoke about overhead electronic flash and demonstrated the use of publication studio flash.

Robert McCorkle (Director, International Education) and four foreign students studying at Cal Poly were the guests of the Paso Robles Quota Club at a meeting held on March 3 in Paso Robles. McCorkle spoke during the program and the students shared from their culture with the people of Paso Robles.

Arthur Frietzsche and Robert Huot (both English) attended the sixth annual conference of the Medieval Association of the Pacific at Stanford University in Palo Alto on Feb. 23 and 24. Highlight of the two-day gathering was an authentic early-morning Deus Mass presented in the Stanford chapel.

(Continued on page 8)

A T S S LINES NOW AVAILABLE 24 HOURS DAILY

After having previously been available during the day on weekdays only, the ATSS (leased lines) system for long distance telephone calls is now available 24 hours a day and 7 days a week, according to Donald M. Vert (Procurement and Support Services Officer). In announcing the change in service, Vert urged university employees to use the ATSS sytem for as many long distance calls as possible. Questions on whether a particular number can be dialed on ATSS can be referred either to department secretaries or the campus telephone operators.

U.S. - CANADA VOLLEYBALL MATCH SLATED THURSDAY EVENING

San Luis Obispo area residents will be able to view two Olympic volleyball teams in action at Cal Poly at 8 p.m. on Thursday (March 15) in the Men's Gymnasium. The match between the two national teams is being sponsored by the Cal Poly Volleyball Club. General admission tickets are \$1 for college students and \$2 for all others. They are on sale at the Information Desk of the Julian A. McPhee University Union and will be sold at Men's Gym ticket offices on Thursday evening.

LUNCHEON FOR WOMEN BEING PLANNED FOR MARCH 28

Wednesday, March 28, is the date selected by the Cal Poly University Club for its annual luncheon for its women members, according to information received from Mrs. Ruth Gran (University Health Center), secretary of the club. The luncheon will take place in the Staff Dining Room starting at 12 noon. Women who are members of the University Club are invited to contact Mrs. Gran, 546-2151, for reservations.

ROLLER GAME CHAMPS SCHEDULED FOR CAMPUS APPEARANCE

The 1973 World Champion Los Angeles Thunderbirds will battle the powerful Northern Hawks in a roller game on Thursday, March 29, at Cal Poly. Sponsored by Delta Sigma Phi fraternity and the Special Events Committee of the Associated Students, Inc., the 8 p.m. match-up will be held in the Men's Gym on campus. General admission tickets are priced at \$2 for students and \$3 for all others. They are available at the King and Queen Stereo (Ticketron agency) in San Luis Obispo, and the Information Desk of the Julian A. McPhee University Union.

WHO . . . WHAT . . . (Continued from Page 7)

Tanzanian visitors to Cal Poly on March 1 and 2 were E. K. Meena, principle Secretary of the Ministry of Education, and Stefani Tunginie, assistant director for teacher education, Ministry of Education. They were on campus to study teacher education practices and renew acquaintances with Ray Allen (Engineering Technology), Walter Holtz (Head, Environmental Engineering), James McGrath (Head, Engineering Technology), and Roger Sherman (Business Administration). Allen, Holtz, McGrath, and Sherman all worked in Tanzania while under Cal Poly International Programs assignment.

Today, Tuesday, March 13, will be the last day of classes for the Winter Quarter for Cal Poly faculty and students.

CONCERT BY BEACH BOYS SLATED MARCH 24

The first concert of the 1972-73 Spring Quarter at Cal Poly will feature the Beach Boys on Saturday, March 24. Sponsored by the Concert Committee of the Associated Students, Inc. the concert will begin at 8 p.m. in the Men's Gymnasium on campus.

General admission tickets are \$3 for students and \$4 for all others when purchased in advance. They will cost \$3.50 and \$4.50 at the door. The public is invited to attend. Anyone under 18 years of age must be accompanied by an adult. Tickets for the concert may be obtained at the Julian A. McPhee University Union Information Desk on campus, and at King and Queen Stereo in downtown San Luis Obispo.

INCREASED SERVICE FEE LISTED BY BUSINESS AFFAIRS

Recent amendments to state administrative regulations cite an increase in the service fee to be charged by the university for the handling of dishonored checks. According to an announcement from the Business Affairs Division the newly authorized statewide fee of \$5, which will be charged for all checks returned by the bank, is already in effect.

WINTER QUARTER PARKING PERMITS AVAILABLE NOW

Parking stickers for the Spring Quarter are now on sale in the Cashier's Office, Adm-131E. Faculty and staff will be required to show their identification cards at the time parking permits are purchased. Permits may not be picked up by a purchaser's representative without written authorization from the purchaser.

NEW TELEPHONE NUMBER FOR LIBERAL STUDIES COORDINATOR

Members of the university faculty and staff who have occasion to deal with the recently announced liberal studies degree program may wish to make note of a new telephone listing for that office, according to Allen Miller (Coordinator of Liberal Studies). The new telephone number for his office is 546-2935.

REMINDER FROM RECORDS OFFICE

Faculty members are being reminded that the Records Office will be open until 5 p.m. on Saturday (March 17) to accept grades for the 1973 Winter Quarter, according to Gerald N. PUNCHES (Registrar). "Although grades are not due until March 20, we would appreciate receiving them as early as practicable before that date," PUNCHES said. "Grades should not be sent by mail, but delivered personally by the faculty member concerned."

OFF-CAMPUS POSITION VACANCIES

Information about the administrative position vacancies at other colleges and universities listed below can be obtained from the Placement Office, Adm-213, 546-2501;

New Mexico State University, Las Cruces -- Assistant Vice President of Student Affairs, (\$16,000-\$18,000).

COMING EVENTS -- COMING EVENTS -- COMING EVENTS

Varsity Golf -- Monday, March 12, 12 noon, San Luis Obispo Country Club. Cal Poly vs. Cuesta College. Public invited.

Final Exams -- Wednesday through Saturday, March 14-17, campus. Period for final examinations for Winter Quarter courses for Cal Poly students and faculty.

CSEA Luncheon -- Wednesday, March 14, 12 noon, Staff Dining Room. Everett M. Chandler will narrate a slide presentation of pictures he has taken along the "John Muir Trail;" sponsored by Cal Poly Chapter 97 of the California State Employees Association. Faculty and staff invited.

Camp Fire Girls Ceremony -- Wednesday, March 14, 7:30 p.m., Men's Gymnasium. Annual Grand Council Fire ceremony for Camp Fire Girls from throughout the San Luis Obispo area; sponsored by the Natoma Council of Camp Fire Girls, Inc. Public invited.

YMCA Display and Demonstration -- Thursday, March 15, 7 p.m., Crandall Gym. Indian Princesses and Guides displays and meeting demonstrations; sponsored by the San Luis Obispo County Young Men's Christian Association. Public invited.

End of Quarter -- Saturday, March 17. Last day of the 1972-73 Winter Quarter for Cal Poly students and faculty.

Varsity Track -- Saturday, March 17, 12 noon, new Track Field adjacent to Men's Gym. All comers meet hosted by Cal Poly's varsity track and field team. Public invited.

Academic Holiday -- Sunday through Wednesday, March 18-21. Spring vacation between the Winter and Spring Quarters for members of the Cal Poly faculty and student body.

Cal Poly Women's Bridge Sections Meeting -- Monday, March 19, 8 p.m., Tenaya Hall Lounge. Meeting with games for both beginners and advanced bridge players. Members invited.

Advanced Appraisers School -- Monday through Wednesday, March 19-23, all day, Science North Building, Room 215. Advanced appraisal school sponsored by the California Society of Farm Managers and Rural Appraisers and hosted by Cal Poly's Agricultural Management Department. Registration in advance required.

Leonardo da Vinci Festival -- Wednesday, March 21 through Sunday, April 15, Julian A. McPhee University Union. A series of lectures, art, science, and engineering with the theme of "Leonardo and his World;" sponsored by Cal Poly's School of Communicative Arts and Humanities. Public invited.

Registration -- Thursday and Friday, March 22-23, all day, Men's Gymnasium. Enrollment for Spring Quarter classes for Cal Poly students.

Rock Concert -- Saturday, March 24, 8 p.m., Men's Gymnasium. The Beach Boys will present a concert; sponsored by the Concert Committee of Cal Poly's Associated Students, Inc. General admission tickets - advance sale, students, \$3, adults, \$4; at the door, student \$3.50; adults, \$4.50.

Classes Begin -- Monday, March 26, all day, campus. Official start of Spring Quarter classes for Cal Poly students and faculty.

Ansel Adams Monday March 26
