September 23, 1969

PRESIDENT KENNEDY CALLS FOR DISCUSSION OF GOALS, OBJECTIVES

A year of college-wide study and discussion of goals and objectives was called for last Tuesday (Sept. 16) by President Robert E. Kennedy. Addressing over 1,500 faculty and staff members participating in the fall convocation held in Mustang Stadium, Dr. Kennedy described Cal Poly's unique role in the 19-campus state college system. As he welcomed some 200 new faculty and staff members to the college, he noted that Cal Poly's uniqueness since its founding in 1901 has been characterized by independent action, and noted that "it was never an easy road."

President Kennedy, who joined the college in 1940, and served in several instructional and administrative assignments until he became president in May, 1967, noted that concern has been expressed regarding whether Cal Poly will continue its "polytechnic emphasis" or will become a "liberal arts college." He declared that increased student, faculty, and staff involvement in the process of operating the college now makes it possible for the various groups to communicate more readily and to achieve a consensus with regard to the college's goals and directions.

Despite the threat of budget reductions expected during the 1970-71 year, Dr. Kennedy believes the college should be able to overcome such obstacles in expressing its goals. "I am convinced," he said, "that we must have an overarching basic objective for the total college which is not so narrow as to eliminate creativity and innovation, nor so broad as to be a meaningless invitation to try to do everything." Stressing the need for institutional goals flexible enough to permit continual reassessment, the president said, "Such changes should be arrived at by appropriate democratic procedures and must be approved by the President of the college--who in the final analysis is held responsible by the Trustees for every operation on this campus."

President Kennedy quoted educational philosopher Alfred North Whitehead, stating, "The antithesis between a technical and a liberal education is fallacious. There can be no adequate technical education which is not liberal and no liberal education which is not technical; that is, no education which does not impart both technique and intellectual vision." He gave examples of current publications by educators advancing theories for educational innovation which are "operational practices at Cal Poly," and were in effect 30 or more years ago.

Calling for the college-wide study and discussion of goals and objectives, Dr. Kennedy said he believes such discussion can, if approached with an open mind, be beneficial to Cal Poly. "We cannot achieve understanding with one-way communication. So I propose that my remarks today will be made available to every faculty and staff member. During the 1969-70 academic year, we will find time to schedule meetings at the convenience of the faculty and staff of every department so that we can discuss your reactions: agreements or disagreements . . . Those meetings must be long enough and frequent enough so that consensus will be achieved," Dr. Kennedy continued.

INCREASED TRAVEL ALLOWANCES AUTHORIZED BY BOARD OF CONTROL

Increased travel allowances for employees of the State of California on official business have been authorized by the state Board of Control and will become effective Oct. 1, according to information released recently by Donald S. Nelson (Director of Business Affairs). Under the new allowance schedules, the allowable rate where duration of continuous travel is in excess of 24 hours is increased from \$18 to \$22.

Other significant changes in the travel allowance schedule, according to Nelson, include revisions in the allowable rates where the last fractional part of travel is less than 24 hours in duration or where travel is not wholly between the hours of 7 a.m. and 7 p.m. In those circumstances, the new rate for in-state travel is:

Over 2 hours but not in excess of 4 hours	--	\$ 2.75
Over 4 hours but not in excess of 8 hours	--	5.50
Over 8 hours but not in excess of 12 hours	--	8.25
Over 12 hours but not in excess of 24 hours	--	11.00

Under the new allowance schedule, rates for out-of-state travel provide for actual costs of lodging plus reimbursement for meals and incidentals on periods of 24 hours. Periods of less than 24 hours and fractions over that time are figured on the following basis:

Over 2 hours but not in excess of 4 hours	--	\$ 3.00
Over 4 hours but not in excess of 8 hours	--	6.00
Over 8 hours but not in excess of 12 hours	--	9.00
Over 12 hours but not in excess of 24 hours	--	12.00

FALL QUARTER REGISTRATION EXCEEDS 11,000

A regular registration period enrollment of 8,316 students who signed up for classes last Thursday and Friday (Sept. 18-19) pushed registration for the Fall Quarter well past the 10,800 that had been expected. Combined with the 2,974 who had completed enrollment during the summer pre-registration, that figure pushed the total number of students who signed up for classes to 11,290. Late registration began today (Tuesday, Sept. 23) and will continue through Monday (Sept. 29).

CONVOCATION ADDRESS WILL BE AVAILABLE TO FACULTY, STAFF

Copies of the Convocation address given last week by President Robert E. Kennedy are being prepared and should be ready for distribution, along with the attachments mentioned during the talk, within the next few days. They will be distributed through regular campus mail procedures to all members of the college faculty and staff and the staffs of the various auxiliary organizations.

LISTINGS OF RENTALS STILL AVAILABLE FOR FACULTY, STAFF

Listings of homes and apartments for rent in San Luis Obispo, as well as in other nearby areas, are still available to faculty and staff in the Personnel Office, Adm-111, according to Larry Voss (Director, Personnel Relations).

LEARNING RESOURCES COMMITTEE ESTABLISHED BY PRESIDENT

Establishment of a Learning Resources Committee as a partial result of work of the college-wide Ad Hoc Committee on Independent Study and Learning Resources has been announced by President Robert E. Kennedy. Purpose of the new college-wide standing committee, which will meet twice each quarter or on call of its chairman, will be to improve the coordinated use of existing learning resources of the college and to formulate long-range plans for future learning resources.

Chairman of the new committee will be Howard West, who assumed his duties as associate dean, resources and planning, on the college-wide staff of Dale W. Andrews (Academic Vice President) early this month. Other members of the committee will include L. Harry Strauss (College Librarian), John A. Heinz (Head, Audio-Visual Department), Raymond E. Boche (Director, Computer Center), George Mulder (Director, Counseling and Testing), David W. Cook (Associate Dean, Curriculum and Instruction), Douglas Gerard (Associate Dean, Facilities Planning), Lowell H. Dunigan (Director, Institutional Studies), two members of the faculty nominated by the chairman of the Academic Senate, and two members of the student body nominated by the president of the Associated Students, Inc. The two members of the faculty must include one person who is an educational psychologist and the two members of the student body must both be seniors.

Dr. Kennedy expressed his appreciation for the efforts of the Ad Hoc Committee on Independent Study and Learning Resources for time and effort devoted to its study. "I am hopeful that this action will move us further toward accomplishing the goal of promoting independent study and improving the effectiveness of our learning resources," he continued.

STUDENT-OWNED LAMB, STEER WIN TOP HONORS AT L A FAIR

The grand champion market lamb owned by eight Cal Poly students sold for \$5.75 a pound at last Wednesday's (Sept. 17) Los Angeles County Fair livestock auction in Pomona. The lamb weighed 114 pounds. Five other Cal Poly students sold a 1,050-pound market Hereford steer for \$4.10 a pound.

The top-selling animals were the grand champion market lamb and steer of the Junior Division of the fair. In that Los Angeles County Fair division, separate competitions are held for college, Future Farmers of America, and 4-H Club exhibitors, with an overall grand champion market beef, lamb, and hog being chosen.

The eight Cal Poly students exhibited the champion and reserve champion college division lamb, and won all eight of the market classes of lambs. Fifteen students exhibiting Herefords, Angus, and crossbred market beef, won the champion and reserve champion College Division trophies and won all but one of the market beef weight classes. The steers, other than the grand champion, sold for an average of 42 cents a pound.

All of the Cal Poly entries shown were student-owned through the agricultural enterprise program of the college. All were bred and raised on the campus farm.

Student partners in the sheep shown at the Los Angeles County Fair were Ernest Nunes of Sebastopol; John Alkire of Bakersfield; Mary Ballert of Paso Robles; James Loring of Belmont; Sharon Allen of Morgan Hill; and Lindsay Motley of Perris. The five partners in the grand champion Hereford were Steve Greene, San Luis Obispo; Dan Byrd, Kahlitous, Wash.; Ed Bright, Le Grand; Dale Ross, Washtucna, Wash.; and Lloyd Rogers, San Luis Obispo.

CAL POLY ARCHITECTURE PROGRAM RATES BEST WITH PROFESSIONALS

Cal Poly's School of Architecture rates highly with professional architects in Southern California. The professionals consider the college's graduates in architecture the best qualified graduates for employment. Discussing current architectural education trends in the Bulletin of the Southern California Chapter, American Institute of Architects, President Robert D. Bolling reported recently on a chapter survey.

He noted that among architectural firms replying to an AIA 'Question of the Month' survey, Cal Poly's School of Architecture was favored by 80 percent of employers as the program preparing the best qualified graduates. Eleven percent indicated the University of Southern California, and 9 percent indicated University of California at Berkeley. Of the architects hired by answering firms during the past 5 years, 80 were from USC, 67 from Cal Poly, and 35 from UC Berkeley.

With nearly 1,500 students this fall, the School of Architecture at Cal Poly has the largest enrollment in the history of architectural education in the U.S., according to George J. Hasslein, its dean. The next few months will see 75 receive the five-year Bachelor of Architecture Degree from the college and an additional 70 receive the four-year Bachelor of Science Degree--50 in architectural engineering and 20 in city and regional planning.

ALMEIDA CONCERT SET FOR CAL POLY THEATER

The classical stylings of the world-renowned guitarist Laurindo Almeida will come to life Friday (Sept. 26) at 8 p.m. on the Cal Poly Theater stage. Tickets, priced at \$3 for Cal Poly students and \$3.50 for the general public, are on sale now in the Associated Students office on campus. The concert is sponsored by the Associated Students' College Program Fine Arts Committee.

Almeida has earned world-wide fame through his mastery of the classical guitar although he is equally adept with a Spanish or electric guitar in his hands. Each person will find a mood to call his own as it is captured by the Almeida guitar. His fine technical ability and depth of feeling have helped him gain the reputation as a master of the classic.

This is his second Cal Poly appearance in four years. He performed on the campus for the first time in April, 1966.

SPECIAL OVERSEAS TRAVEL GRANTS AVAILABLE

Approval of a policy, criteria, and procedures statement for Special Overseas Travel Grants was announced early this month by President Robert E. Kennedy. Through utilization of earned overhead funds from the college's overseas projects, a \$9,000 fund has been established for the purpose of awarding these overseas travel grants which are available to faculty and other academic personnel at the college.

Applications are to be processed through the newly established Committee on International Education. Copies of the policy statement and application forms are available in the office of Douglas Pierce (Director of International Education) Adm-131. The first deadline for applying for the grants is Nov. 1.

COMING EVENTS -- COMING EVENTS -- COMING EVENTS

Late Registration for Fall Quarter -- Tuesday, Sept. 23, through Monday, Sept. 29, Campus. Late registration period for students who failed to complete enrollment for Fall Quarter classes during the regular registration period.

Classical Guitar Concert -- Friday, Sept 26, 8 p.m., Cal Poly Theater. Concert by classical guitarist Laurindo Almeida; sponsored by Fine Arts Committee of the College Program Board of Associated Students, Inc. Tickets, \$3.50 for adults, \$3 for students and children.

Cal Poly Women's Club Newcomers Coffee -- Saturday, Sept. 27, 10 a.m., Staff Dining Room. Annual welcoming coffee for the wives of new members of the Cal Poly faculty and staff and for women who are new members of the college faculty and staff. Members, as well as women new to the college community, invited.

Varsity Water Polo -- Saturday, Sept. 27, 3 p.m., Pool adjacent to Men's Gymnasium. Cal Poly vs. Monterey Peninsula College. Public invited.

Varsity Soccer -- Saturday, Sept. 27, 1 p.m., Athletic Field adjacent to Men's Gymnasium. Cal Poly vs. University of California, Santa Barbara. Public invited.

Varsity Football -- Saturday, Sept. 27, 7:30 p.m., Mustang Stadium. First home game for Cal Poly Mustangs who host Western Washington State College. Tickets, \$3.50 reserved, \$2.50 general admission, \$1 students, and 50 cents children.

Last Day to Add Classes -- Monday, Sept 29, all day, Campus. Last day for Cal Poly students to add classes.

Books at High Noon Luncheon -- Tuesday, Sept. 30, noon, Staff Dining Room. Ena Marston will review The American Heritage Dictionary. Public invited.

Cal Poly Staff Club Luncheon Meeting -- Thursday, Oct. 2, noon, Staff Dining Room. Head Football Coach Joe Harper will speak on the Mustang's coming grid season. Faculty and staff invited.

Freshmen Football -- Friday, Oct. 3, 8 p.m., Mustang Stadium. Cal Poly Colts vs. Cuesta College. Public invited.

Pop Concert -- Friday, Oct. 3, 8 p.m., Men's Gymnasium. Concert featuring Kenny Rogers and the First Edition, and the Craig Hundley Trio; sponsored by the Associated Students, Inc. Tickets--students, bleachers \$2, chairs \$3; general admission, bleachers \$2.50, chairs \$3.50.

Cal Poly Women's Club Annual Fall Tea -- Saturday, Oct. 4, 2 p.m., Staff Dining Room. Annual Fall Tea for members and newcomers who wish to join the Cal Poly Women's Club. Members and guests invited.

Varsity Soccer -- Saturday, Oct. 4, 2 p.m., Athletic Field adjacent to Men's Gymnasium. Cal Poly vs. Woodbury College. Public invited.

Varsity Football -- Saturday, Oct. 4, 7:30 p.m., Mustang Stadium. Cal Poly vs. Boise State College. Tickets, \$3.50 reserved, \$2.50 general, \$1 students, and 50 cents children.

FACULTY EMERITUS HONORS PRESENTED TO HOOVER, RICKANSRUD

Two men who served students of Cal Poly for a quarter of a century were named professor emeriti during the convocation on campus last Tuesday (Sept. 16).

President Robert E. Kennedy presented certificates symbolizing the honor to Robert F. Hoover, formerly a member of the Biological Sciences Department faculty, and Torleif M. Rickansrud, who was a member of the Physics Department faculty. The convocation, held in Mustang Stadium before some 1,600 members of the college faculty and staff and guests, was part of the annual Fall Conference.

Dr. Hoover had been on the Cal Poly faculty since 1946. He began teaching at the college in a classroom in the oldest building on campus, the Agricultural Education Building. Dr. Hoover, who retired earlier this year, witnessed the growth of biology instruction from one providing service to agriculture students at Cal Poly to one which last year had 349 degree major students and still offered support courses for other instructional programs on the campus. He is putting the final touches on a book, Flora of San Luis Obispo County, soon to be published by University of California Press.

Dr. Hoover joined the Cal Poly faculty after teaching at Yakima Junior College in Washington. He acquired a bachelor's degree at Stanford University in 1934, a master's degree at University of California at Berkeley in 1935, and a doctor's degree from UC Berkeley, in 1937. The now-retired member of Cal Poly's biological sciences faculty, and his wife Betty live in San Luis Obispo.

After coming to Cal Poly in 1944 as an instructor in the U.S. Navy pre-flight training program then conducted on the college campus, Rickansrud joined the college teaching faculty in 1946. He has been active in community affairs in San Luis Obispo as a member of the San Luis Obispo County Fair Board for eight years, as an active participant in Boy Scouts of America programs, and as choir director for three different churches at different times. He is also a past-president of the Kiwanis Club of San Luis Obispo.

Rickansrud was adviser to several campus organizations and was director of the Cal Poly Pipers, a students' wives choral group. The former member of the physics faculty received his bachelor's degree from Luther College in Iowa, in 1922, and a master's degree from Iowa State University, in 1923. He also did graduate study at St. Louis University in Missouri. Rickansrud and his wife, Martha, also reside in San Luis Obispo.

THREE OPENINGS ON COLLEGE SUPPORT STAFF LISTED

Three positions on the support staff of the college that are vacant have been announced by Milton Piuma (Staff Personnel Officer). Descriptions of the positions are posted, along with information on other openings that have been announced recently, on the bulletin board located in the Personnel Office, Adm-111, 546-2236. Brief specifications for the newly listed positions are:

Clerical Assistant (Stenography) II, Range B (\$469-\$571). Educational Opportunity Program Office, Student Affairs Division. Provides clerical support to EOP Director; receives and opens mail; prepares routine correspondence, knowledge of community program helpful; candidates who are bilingual in Spanish and English preferred; must pass General Clerical Test; take shorthand at 90 wpm; and type at 45 wpm.

THREE OPENINGS ON COLLEGE SUPPORT STAFF LISTED (Continued from Page 6)

Clerical Assistant (Stenography) II, Range B (\$469-\$571). Computer Sciences and Statistics Department, School of Applied Sciences. Acts as office receptionist; takes dictation and transcribes shorthand notes for letters and other correspondence; types technical reports and exams involving technical terminology; maintains and files student records; assists departmental secretary in preparing student payroll and maintaining inventory records; must pass General Clerical Test; take shorthand at 90 wpm; and type at 45 wpm.

Departmental Secretary (Stenography) I, Range B (\$492-\$599). Education Department, School of Applied Arts. Directs and coordinates Education Department's clerical functions; acts as office receptionist, takes dictation and transcribes shorthand notes for letters, memos, and minutes of departmental meetings; compiles information and prepares a variety of reports; supervises two student assistants; and establishes and maintains department head's files; must pass General Clerical Test; take shorthand at 90 wpm; and type at 45 wpm.

44 MEMBERS OF COLLEGE FACULTY RECEIVE PROMOTIONS

The names of 44 members of the college faculty who have been promoted to higher ranks have been announced by Larry Voss (Director, Personnel Relations). Those included on the list are listed below with their department of assignment and new rank. Except where noted otherwise, all of the promotions were effective Sept. 1.

School of Agriculture

James Bermann, Agricultural Engineering, Senior Vocational Instructor
Richard Birkett, Animal Husbandry, Principal Vocational Instructor
Bruce A. Dickson, Soil Science, Principal Vocational Instructor
Warren Farrell, Agricultural Management, Senior Vocational Instructor
James R. Flanagan, Animal Husbandry, Senior Vocational Instructor
Robert D. Hooks, Animal Husbandry, Senior Vocational Instructor
Corwin M. Johnson, Crops, Principal Vocational Instructor
Reynold Lonborg, Crops, Principal Vocational Instructor
Robert E. McCorkle, Agricultural Management, Senior Vocational Instructor
Thomas O. Meyer, Food Processing, Principal Vocational Instructor
Glenn W. Salo, Agricultural Engineering, Principal Vocational Instructor

School of Applied Arts

Robert L. Andreini, Speech, Principal Instructor I
Sarah Burroughs, Home Economics, Senior Vocational Instructor
Donovan Cartwright, Education, Principal Instructor I
Ralph C. Collins, Education, Principal Instructor II
James R. Emmel, Speech, Senior Instructor II
Dwayne G. Head, Physical Education, Senior Instructor II
H. Clyde Hostetter, Audio-Visual, Principal Vocational Instructor
James J. Jensen, Physical Education, Principal Instructor I
John R. Jones, Business Administration, Principal Vocational Instructor
John Kerr, English, Senior Instructor II
Loren Nicholson, Journalism, Principal Vocational Instructor

(Continued on Page 8)

44 MEMBERS OF COLLEGE FACULTY RECEIVE PROMOTIONS (Continued from Page 7)

School of Applied Arts (Continued)

James E. Rice, Printing, Senior Vocational Instructor
Isaac N. Walker, English, Senior Instructor II
J. Barron Wiley, Education, Principal Instructor II
Irwin A. Willson, Education, Senior Instructor I
Eugene L. O'Connor, Business Administration, Senior Vocational Instructor

School of Applied Sciences

Harry Fierstine, Biological Sciences, Senior Instructor II
Alfred Lazarus, Biological Sciences, Senior Instructor II
Scott J. Maughan, Social Sciences, Senior Instructor II
Thomas F. Nolan, Social Sciences, Principal Instructor I
Gordon A. Silver, Physics, Senior Instructor I
Daniel F. Stubbs, Mathematical Sciences, Senior Instructor I
Neal R. Townsend, Mathematical Sciences, Senior Instructor I
Marshall S. Wright, Jr., Chemistry, Senior Instructor I

School of Architecture

Benjamin K. Polk, Senior Vocational Instructor
Charles Quinlan, Senior Vocational Instructor
Maurice Wilks, Senior Vocational Instructor

School of Engineering

Richard C. Carlston, Welding and Metallurgical Engineering, Senior Vocational Instructor
Thomas W. Carpenter, Aeronautical Engineering, Senior Vocational Instructor
Harry Hazebrook, Electronic Engineering, Senior Vocational Instructor
Charles A. Herald, Electronic Engineering, Principal Vocational Instructor
Leo E. Rogers, Manufacturing Processing, Senior Vocational Instructor

Student Affairs

Dean Trembly, Counseling, Principal Instructor II

ANNUAL FALL TEA OF CAL POLY WOMEN'S CLUB SCHEDULED OCT. 4

The annual Fall Tea of the Cal Poly Women's Club will take place in the Staff Dining Room the afternoon of Oct. 4 from 2 to 4 o'clock, according to an announcement from the co-chairwomen for the event, Mrs. Wallace Glidden and Mrs. George L. Silva. All wives of faculty and staff, as well as women who are members of the college faculty and staff are invited to attend. The tea is being planned as an opportunity for returning CPWC members and newcomers to get acquainted. In addition there will be an opportunity to pay annual membership dues of \$6 and section chairmen will be on hand to sign up members for section activities.

Cal Poly Report is produced by the Office of Information Services, Administration 210. Material should be submitted in writing prior to noon Friday.

CAMPUS TREE WALK PRAISED BY "SUNSET" MAGAZINE

The fame of Cal Poly's campus tree walk is being spread even wider than it had before through an article and accompanying photograph appearing in the September issue of Sunset magazine. The walk consisting of 30 trees located in the northwest portion of the Cal Poly campus is described by the magazine, which has a circulation of some 900,000 throughout the Western United States, as "an outstanding tree collection." About one mile long and mostly shaded, the walk includes rare trees, as well as outstanding examples of more common trees.

Typical of the Cal Poly tour are a huge American Elm of over 70 feet in branch spread, the unusual-looking Turkey Oak, and a Canary Island Pine that is over 80 feet tall and nearing 70 years in age. Described in a booklet including a keyed map making it possible for individuals to conduct their own tours, the walk begins on the lawn of Dexter Library and continues into the area between Poly Grove and Mustang Stadium along California Blvd. Individual trees are marked for identification and the booklet includes a description, as well as scientific and common name for each.

The descriptive booklet on the campus tree walk can be obtained at the Information Desk in the Administration Building and the Dexter Library Circulation Desk, as well as at the Chamber of Commerce Office and Mission Mall visitors information center, both in downtown San Luis Obispo. They may also be obtained by contacting the Information Services Office, Adm-210.

FRESNO STATE PRESIDENT ACCEPTS NATIONAL POST IN WASHINGTON

Frederic W. Ness, president of Fresno State College since 1964, has resigned to accept the position of president of the Association of American Colleges in Washington D.C., effective Dec. 31. The association, of which Dr. Ness is currently vice chairman, is an information and advisory body for federal legislators, and keeps its members informed on legislative activities. It also acts as a representative of college administrators in cooperating with faculty and student groups, particularly in developing guidelines in such areas as faculty tenure and student rights.

In the five years that Dr. Ness has been president of Fresno State, the enrollment has nearly doubled, an extensive building program has been undertaken and several innovative academic programs introduced. Among the latter has been the Experimental College. The college has also been recognized for its successful Economic Opportunity Program for minority students. Before becoming president of Fresno State, Dr. Ness was executive vice president at Hofstra University in New York. He had previously held high administrative posts at Long Island University and New York University.

RESEARCH, CREATIVE ACTIVITY LEAVE APPLICATIONS FOR WINTER, SPRING DUE OCT. 1

Faculty members who wish to make application for Research or Creative Activity Leaves for either the Winter or Spring Quarter should submit applications to their department heads offices by Oct. 13, according to George Clucas (Director, Research and Development). The application form; "Criteria for Selection of Faculty for Special Leaves for Research or Creative Activity;" and instructions for content of the application may be obtained through the office of Research and Development, Adm-307, 546-2630.

REGULAR PUBLICATION OF "CAL POLY REPORT" RESUMES

The appearance of this issue marks the return to regular publication schedule for Cal Poly Report. Published weekly on Tuesdays during the academic year when classes are in session, Cal Poly Report is edited by the Office of Information Services as an official publication of the college administration. Its primary purposes are to report developments bearing on Cal Poly's place in higher education, significant campus developments, and to disseminate information as a means of precluding broad campus mailings and informing faculty and staff.

Copy or information intended for inclusion in any regular issue of Cal Poly Report must be received in the Information Services Office, Adm-210, by 12 noon on the Friday prior to publication. "Coming Events" information should be received in that office by 12 noon on Thursdays. Suggested copy, which may be mailed or taken to the Information Services Office, should be typewritten, double-spaced, and bear an indication of the information source.

GREEN AND GOLD GRIDDERS GRIND GOLDEN GATORS

Head Coach Joe Harper's Mustang football varsity set a host of records on its way to a 71-7 triumph over San Francisco State College's in the Bay City last Saturday (Sept. 20) afternoon. That total was the largest number of points ever scored by a Cal Poly eleven and the largest ever scored against a San Francisco State team. The Mustangs rolled up a total of 615 yards of total offense to set a third record.

The Green and Gold clad Cal Poly eleven will be seeking to extend its current string of victories to five when it hosts Western Washington State College in the first home contest of its 1969 campaign Saturday (Sept. 27) evening, with game time at 7:30 p.m., in Mustang Stadium. They won the final three contests of their 1968 season and now have won 8 of 11 games played under the coaching of Harper and his staff.

Other sports action slated this weekend will find the Cal Poly water polo team, under the coaching of Dick Anderson; the soccer club, under Coach Mike Cirovic; and the cross-country team, under the leadership of Dick Purcell, all open their 1969 seasons. The first two will be at home for Saturday afternoon encounters, while the cross-country team will be on the road for a dual meet with California State Polytechnic College at Pomona on Friday (Sept. 26).

CAMPUS A I D DRIVE SLATED OCT. 15-30

Dates for the 1969 fund drive of the Associated In-group Donors of San Luis Obispo County on campus have been selected and announced by Milton Piuma (Staff Personnel Officer), who will again this fall serve as campus chairman for the effort. Cal Poly President Robert E. Kennedy is county-wide chairman for 1969 of the AID organization's fund raising activities among employees of the State of California.

Piuma said the drive, which offers donors the opportunity to give unrestricted funds for distribution to a number of charitable and service organizations in the local area or to designate specific groups, either in the local area or elsewhere, will open Oct. 15 and conclude Oct. 30. Additional information about AID and about the campus drive will be included in future editions of Cal Poly Report.

FACULTY COOPERATION INVITED BY AUDIO-VISUAL DEPARTMENT

Cooperation of all members of the college faculty has been requested by the Audio-Visual Department. Marcus Gold (Acting Head of Audio-Visual Department) last week invited the aid of the instructional staff in making more efficient use of the audio-visual equipment available possible.

Gold pointed out that in the past it has been necessary to move equipment and materials only during the breaks between class periods. "Limitations of both equipment and student assistant employees have now made it necessary to adopt a new method which should speed the Audio-Visual Department's set-up service considerably," he continued.

Under the new plan, members of the faculty are being asked to move equipment and materials to the hallway outside their classrooms immediately after use, rather than wait until end of the period. Doing so will make it possible for student employees of the department to pick up, move, and set-up (where possible) the equipment for another use during the hour.

Gold said that not having to wait for the between-classes break will make it possible for more equipment to be moved each hour.

HOURS FOR RECREATIONAL SWIMMING LISTED

Effective tomorrow (Wednesday, Sept. 24), the Natatorium located adjacent to Crandall Gymnasium will be open for recreational swimming. Hours for use of the pool for swimming for recreation by members of the college faculty, staff, and student body will be 5 to 6 p.m., Mondays through Thursdays, Wednesdays from 7:30 to 8:30 p.m., and Sundays from 2 to 4 p.m. Bona fide dependents of faculty, staff, and students may also participate in the Wednesday evening and Sunday afternoon sessions. Those using the pool must provide their own swimming gear and towels and bathing caps are required for women.

In other information from the Physical Education Department it has been announced that the facilities of the Men's Physical Education Building are available for use by men who are members of the college faculty and staff, at any time they are not scheduled for student use. This includes the handball courts, tennis courts, weight training room, etc. Participants must furnish their own personal gear and must have a combination lock before an equipment basket will be issued. Equipment baskets may be obtained at the Equipment Issue Room, MPE-120.

A similar announcement detailing recreational possibilities for women who are members of the college faculty and staff is expected from the Physical Education Department shortly. When available, that information will be published in Cal Poly Report.

AUDITIONS FOR CHAMBER ORCHESTRA INVITED

Cal Poly faculty and staff and members of their families are invited to audition for the Cal Poly Chamber Orchestra, according to Conductor Clifton E. Swanson (Music Department). The Chamber Orchestra is a serious organization composed of students, faculty and staff, and members of the community. Those interested should contact Swanson in his office, MSD-124, 546-2353, as soon as possible.

SEASON TICKETS STILL AVAILABLE FOR SEVEN HOME FOOTBALL GAMES

Season ticket sales for Cal Poly's seven-game home football slate continue to run ahead of last fall, according to Roy Gersten, (Associated Students Business Manager). Gersten reports a steady climb in the demand for 1969 ducats, but there are still a number of good seats for sale in the 35 to 40-yard line areas of Mustang Stadium, he said.

The seven home games will be the most in recent years. Cal Poly will open a four-game homestand Saturday (Sept. 27), against Western Washington State College. Oct. 4 the Mustangs will host Boise State College. Simon Fraser University (British Columbia) will invade Mustang Stadium Oct. 11. The fourth straight home contest will be Oct. 18 against arch-rival Fresno State. All four encounters will start with 7:30 p.m. kickoffs.

After a road game Cal Poly will return to entertain California State College at Long Beach in the annual Homecoming contest Nov. 1 at 1:30 p.m. The season finale Nov. 22 will make the second-ever meeting with California State Polytechnic College at Pomona. This contest will begin at 7:30 p.m.

Again this fall the ASI is offering discount prices on season tickets for Cal Poly faculty and staff, who hold associate ASI memberships. For the first time, Gersten announced a season ticket plan for Cal Poly students. This seven-game package will help cut time spent standing in lines to purchase single game tickets.

Charts of the season ticket areas for the general public and the faculty-staff may be seen at the Associated Students Office located in the Temporary College Union, 546-2411.

GROWTH OF CAL POLY SPOTLIGHTED IN SEPTEMBER ISSUE OF C S E A PUBLICATION

The growth and development of Cal Poly is featured in an illustrated article which appears in the September issue of The Scope, a monthly publication for faculty members of the California State Employees Association. Headlined "'Growth' - A Highlight of the Cal Poly Story," the article traces growth of the college since its founding in 1901.

CANDIDATES FOR C S C POSITION BEING SOUGHT

Applicants for the position of coordinator of continuing education on the system-wide staff of the California State Colleges are being sought. Further information on the post, for which appointment is planned about Jan. 1, 1970 is available in Office of Continuing Education on campus, Adm-311, or may be obtained by contacting Gerhard Friedrich, state college dean, academic planning, at the CSC Offices in Los Angeles.
