March 10, 1970

SYMPOSIUM ON FUTURE OF EDUCATION SLATED FOR TOMORROW EVENING

"Education As We Approach the 1980's" will be the topic when Harold G. Shane addresses a campus audience on Wednesday (March 11) in the college theater. Sponsored by the Education Department as its Winter Quarter Symposium, the program will begin at 7:30 p.m. Admission will be free and the public is invited to attend.

Dr. Shane, presently a professor of education at Indiana University, has broad experience as a teacher, administrator, author, and consultant in the field of education. A former elementary school teacher and principal in Ohio, where he served as state director of elementary education, Dr. Shane has also been a visiting faculty member at University of Michigan, University of Toledo, Ohio University, University of Hawaii, and Harvard University.

Over the years he has been active professionally as a member of the Editorial Board of Childhood Education magazine, chairman of the Publications Committee of the Association for Supervision and Curriculum Development, and as a member of the governing boards of both the National Society for the Study of Education and the National Association for Nursery Education.

Dr. Shane is author or co-author of some 300 books and articles which have had a combined circulation of nearly 50 million. Among the 70 books for which he was either author or senior author are Evaluation and the Elementary Curriculum, The American Elementary School, and Creative School Administration. All three received "outstanding book of the year" honors in the annual Enoch Pratt Memorial Library poll published by the National Education Association's NEA Journal.

NEW PROCEDURE OUTLINED FOR STUDENTS SEEKING SPECIAL PARKING

A new procedure for use by students seeking special parking privileges in staff parking areas has been outlined by Donald S. Nelson (Director of Business Affairs). To become effective immediately, the procedure calls for students desiring such privileges to first secure a statement approving issuance of a permit from the Health Center for a specified length of time. The statement must then be taken to the Security Office, which will issue the special permit. If the need for special parking privileges continues past the expiration date, a new permit will have to be requested in the same manner as the original permit.

RETURN OF SURPLUS INTERCAMPUS MAIL ENVELOPES REQUESTED

Members of the college faculty and staff who have supplies of intercampus mail envelopes that are surplus to their current needs are being asked by the General Office to return them to the Duplicating Room, Adm-129, so they can be put into use.

ANNE BARNUM NAMED "MISS CAL POLY" FOR 1970

Anne Barnum of Fresno, a 21-year-old senior majoring in social sciences, is the new "Miss Cal Poly, Queen of Poly Royal." She will reign over 38th annual Poly Royal festivities at the college on April 24-25. Announcement of her election for the honor, highest that can be given to a coed at Cal Poly, came last week following two days of voting by students.

Miss Barnum, who intends to begin graduate study to prepare for a career in elementary teaching following her graduation in June, topped a field of five finalists in the campus-wide election. The runners-up, all designated as princesses to reign with Queen Anne during the 1970 Poly Royal, are Mary Candiello of El Segundo, Linda Farrell of Gridley, Kathy Nesbitt of San Juan Capistrano, and Carole Vedder of Sacramento. They were selected from an original field of 12 candidates by a panel of judges composed of San Luis Obispo civic and business leaders and members of the college student body and faculty.

Poly Royal traditionally draws a large crowd of friends and guests of the college students and faculty to the campus during the last weekend of April. Between 60 and 70,000 persons are expected this year. Already being planned for the 1970 renewal of the open house event, which is frequently referred to as "A Country Fair on a College Campus," are a wide range of displays, programs, and other activities.

Included will be exhibits, demonstrations, and displays provided by Cal Poly's 41 academic departments; fashion, flower, art, photo, and auto shows; an intercollegiate championship rodeo; several band concerts; a barbecued steak and chicken luncheon; athletic events; and a student-produced carnival.

LOS LECHEROS HONOR TWO DAIRY INDUSTRY VETERANS

Two men who have served the dairy industry for a total of 70 years were honored by Cal Poly's Los Lecheros Club during its annual banquet at the Elks Club in San Luis Obispo on Saturday (March 7). Max Herzog, Sr., of Petaluma and John M. Shea of Modesto were named honorary members of the club.

More than 200 student members and alumni of the Cal Poly club attended the banquet which also recognized the achievements of club members during the past year.

Herzog, who with his son Max, Jr., operates the Sleepy Hollow Certified Milk Company at Petaluma, has been associated with the dairy industry since 1930, when he took over management of the family dairy which had moved from San Anselmo to Petaluma only four years earlier. He has more than doubled the average per cow butterfat production of the herd in the intervening 40 years and developed a widely known herd of registered Holstein-Friesian dairy cattle.

Shea has been associated with the dairy industry since his graduation from the University of California at Davis in 1939, where he majored in dairy manufacturing. He served industry-related firms in Oakland and San Francisco before becoming manager of the California Dairy Council, now disbanded, in 1954. During his six-year term as manager, Shea instituted the California Fieldmen's Conferences and the Dairy Council Market Milk Conferences, both of which brought outstanding dairy leaders of the nation to California for workshops.

CAMPUS DRIVE WILL PROVIDE BOOKS FOR STUDENTS IN SOUTH VIETNAM

High school and college students in South Vietnam will receive much-needed textbooks this spring if Cal Poly students reach the goal for a book drive scheduled to begin this week. Being sponsored by Cal Poly's Vietnamese Students Association, the effort opened last week and continues through close of the Winter Quarter on March 17.

Collection boxes, to which members of the college student body, faculty, and staff are being urged to bring unused texts, will be located in Dexter Library Building and in residence halls and other buildings throughout the campus.

An announcement of the drive lists shortages of and high costs of textbooks as a prime reason that thousands of young people in South Vietnam are unable to attend colleges or universities. Ordinary textbooks cost about 2,000 dong (\$10 in U.S. currency). This is about one-fourth of the average monthly salary earned by a middle-class wage earner in South Vietnam.

Books collected by the Cal Poly Vietnamese students will be packed and prepared for shipment late this month. If present plans are carried out, they will be shipped through San Francisco with assistance of the South Vietnam Consulate in San Francisco.

SECOND ANNUAL MUSTANG INVITATIONAL SPEECH TOURNEY PLANNED

The second annual Mustang Invitational Tournament for college and university debate and speech teams will be held on campus March 20-21, according to James Conway (Speech Department), director of forensics for the college. Invitations to enter the tourney have been extended by Cal Poly's Speech Department and debate team, co-sponsors of the event, to teams throughout California.

Competition in debate, after-dinner speaking, oral interpretation, and persuasive speaking will be divided into upper, lower, and novice divisions. Only speakers with less than one year of collegiate forensics experience will be entered in the latter. Topic for the Cal Poly tournament's debate competition will be "Resolved: That the federal government should grant annually a specific percentage of its income tax revenue to the state governments."

Awards for the 1970 Mustang tourney will include a sweepstakes trophy that will be awarded to the winning team for the next year and will eventually go permanently to any team winning that honor for two consecutive years. In addition, permanent trophies will be awarded to the first and second place teams in each division in debate and a best debater trophy will be presented to the most outstanding debater in each division of the tournament at Cal Poly.

RESEARCH OR CREATIVE ACTIVITY LEAVE APPLICATIONS DUE THIS WEEK

Faculty members interested in applying for Fall Quarter, 1970, Research or Creative Activity Leaves should submit completed application forms to their department heads by March 13, according to a reminder issued by the Research and Development Office. A total of three leaves will be available for the fall term. The policies governing these leaves, the criteria established by the College Research Committee in reviewing the applications, and the forms may be obtained from department heads or from the Research and Development Office, Adm-307, 546-2630.

MEN'S GLEE CLUB, COLLEGIANS SLATE SAN JOAQUIN VALLEY CONCERT TOUR MARCH 16-20

Eighteen performances in the San Joaquin Valley area are included on the concert tour itinerary announced for Cal Poly's Men's Glee Club and the Collegians stage and dance band. The tour will open March 16 and conclude four days later.

With a total membership of nearly 60 students, the two groups will offer their programs of classical, popular, religious, and show music before high school audiences in Bakersfield, Shafter, Wasco, Tulare, Visalia, Clovis, Dinuba, Selma, Kerman, and Fresno. Public concerts are scheduled the evening of March 19 at Dinuba High School and March 20 at the Edison Social Club in Fresno. The latter will be in connection with a gathering of Cal Poly alumni.

Among several performing student groups jointly sponsored by Cal Poly's Music Department and Associated Students, Inc., the 42-member Men's Glee Club will present a wide range of music during its performances. Included will be the spirituals Great Gettin' Up Mornin' and Deep River; the folk song Shendandoah; and More, the theme from the motion picture Mondo Cane.

The 14-member Collegians stage and dance band specializes in music of the "Big Band Era." Among the numbers programmed for its tour performances are Aquarius and Let the Sun Shine In from the musical play Hair; Promises, Promises; Can't Take My Eyes Off of You; and Color Me Brass.

H. P. Davidson (head of the Music Department) directs the two ensembles and is an old hand at concert tours. A graduate of Pomona College and Claremont College, he started Cal Poly's unique music program in 1936. Next month's tour will be the 29th he has made with the student musicians from the college.

Smaller groups made up of Men's Glee Club members also appear on concert programs during the tours. Those participating in this year's tour are the barber shop-oriented "World Famous Majors and Minors" -- that's the group's full name -- and the Collegiate Quartet, which specializes in folk and popular music.

TUESDAY-THURSDAY TIME BLOCKS TO IMPROVE SCHEDULING

President Robert E. Kennedy has approved the recommendation of the Academic Council to make adjustments in the Tuesday-Thursday afternoon scheduling pattern for classes. The adjustment will be reflected in the next set of amendments added to the College Administrative Manual. The section, 235 F., will read as follows:

"Tuesday-Thursday hour-and-one-half classes should be offered as needed. Lecture sections should be scheduled in 0800-0930, 0930-1100, 1200-1300, 1330-1500, 1500-1630, 1630-1800 time blocks when possible. Classes meeting for only one hour during these time blocks should be scheduled so they do not cross over into the next time block."

Dale W. Andrews (Academic Vice President) said the adjustment will permit creation of an early afternoon time block resulting in the possibility of scheduling up to 100 additional three-unit lecture classes. He said the realignment will also reduce conflicts with the 1200-1500 and 1500-1800 laboratory schedule time blocks.

COMING EVENTS -- COMING EVENTS -- COMING EVENTS

Book Drive -- Continuing through March 17. Drive for textbooks for high school and college students in South Vietnam; sponsored by Cal Poly's Vietnamese Students Association. Collection boxes located in Dexter Library Building, residence halls, and other buildings throughout campus.

Cal Poly Women's Club General Meeting -- Tuesday, March 10, 7:30 p.m., Cal Poly Theater. Program by Cal Poly's Men's Glee Club during general membership meeting of women's club. Members invited.

Cal Poly Women's Club Handcrafts Section -- Wednesday, March 11, 10 a.m., City Recreation Center, San Luis Obispo. Regular meeting of section; those planning to attend are asked to bring blown eggs and paint brushes. Members invited.

Cal Poly Women's Club Foreign Students Section -- Wednesday, March 11, 1:30 p.m., Madonna Inn, San Luis Obispo. Meeting with the wives of Cal Poly foreign students for tour of rooms at Madonna Inn. Members and Cal Poly foreign student wives invited.

Education Department Symposium -- Wednesday, March 11, 7:30 p.m., Cal Poly Theater. Harold G. Shane, professor of education at Indiana University, will talk on projections for education in the future. Public invited.

Final Examinations -- Thursday through Tuesday, March 12-17, all day, campus. Winter Quarter final examinations for all Cal Poly students.

Cal Poly Women's Club Bridge Section -- Monday, March 16, 8 p.m., Dexter Library Room 129. Regular meeting of section with play for both beginning and experienced players. Members invited.

Gymnastics Meet -- Saturday, March 14, 8:30 a.m., Crandall Gym. Gymnastics meet for area high school girls; hosted by the Physical Education Department and sponsored by California Association for Health, Physical Education, and Recreation. Public invited.

CSEA Luncheon Meeting -- Tuesday, March 17, 12 noon, Staff Dining Room. Program featuring discussion of the "why" of what is going on in Washington by George Brand of the San Luis Obispo Telegram-Tribune during monthly meeting of Cal Poly Chapter 97 of the California State Employees Association. Faculty and staff invited.

Commissioning Ceremony -- Tuesday, March 17, 2 p.m., Music, Speech and Drama Building Room 218. Ceremony during which graduates of Cal Poly's Reserve Officers Training Corps program will be commissioned as second lieutenants in the U.S. Army; sponsored by the Military Science Department. Public invited.

Academic Holiday -- Wednesday through Sunday, March 18-22. Vacation between Winter and Spring Quarter for all Cal Poly students and academic faculty and staff.

Cal Poly Women's Club Home and Garden Section -- Wednesday, March 18, 9:30 a.m., 1200 Bay Oaks Dr., Los Osos. Discussion on "Do's and Don't's of Gardening" by Cutis Berryman during meeting in home of Mrs. William Lindsay. Members invited.

Camp Fire Girls Grand Council Fire -- Wednesday, March 18, 7:30 p.m., Crandall Gymnasium. Annual gathering of Camp Fire Girls and Horizon Club members to receive honors; sponsored by Natoma Council of Camp Fire Girls. Public invited.

MUSTANG WRESTLERS WILL DEFEND NATIONAL CROWN THIS WEEKEND

Cal Poly's varsity wrestlers, led by Head Coach Vaughan Hitchcock, will depart tomorrow (Wednesday, March 11), for Ashland College in Ohio where they will defend their National Collegiate Athletic Association college division team championship against an expected onslaught from some 100 other college and university teams from throughout the nation on Friday and Saturday (March 13-14).

They will be the only Cal Poly athletes in competition this week as the remainder of Cal Poly's sports teams have scheduled time off for Winter Quarter final examinations through March 17.

For the Mustang matmen, this week's journey to Ashland will find them in quest of their third NCAA crown in succession and fourth in the last five years. Seniors Terry Hall (118) and Rick Arnold (167), and Greg Barnet (heavyweight) are expected to lead the effort. Hall is defending national champion in his weight class and Arnold finished second at 160 last spring. Coach Hitchcock's charges finished their rugged 1969-70 dual match slate with a 20-6 won-lost mark and go into this weekend's action among the favorites to cop the 1970 team title.

Last week's sports action saw Mustang teams meet with varied success. Coach Ed Jorgensen's tennis team chalked up victories over Westmont College (9-0), Fresno State College (5-4), California State College at Hayward (8-1), and Chico State College (9-0) to run its won-lost record for the season to 4-1. On the links, Coach Bill Hicks Mustang golf team lost matches to University of California at Riverside and University of California at Santa Barbara by identical 34-20 margins. Coach Dick Anderson's swim team closed its 1970 campaign with a third-place finish in the California Collegiate Athletic Association championship meet at Cal Poly, Pomona.

Cal Poly's varsity baseballers managed to record a pair of wins in five games played last week. The Mustang diamondmen split a twinbill played with Fresno State (3-0 and 2-5) and won one of three contests with California State College at Fullerton (3-2, 0-2, 1-5). Their next scheduled action will come March 18 when they journey to Fresno for a double header against FSC's Bulldogs.

Coach Dick Purcell's track and field team recorded some pretty good marks in an all-comers meet which was held at Allan Hancock College in Santa Maria. Perhaps the best performance by a Mustang was the "triple" by sophomore Mathyas Michael. He ran 1:54.0 in the 880-yard run, 50.4 for a leg in the mile relay, and set a new Poly record of 9:13.0 in the two-mile run. The next action for the Cal Poly cindermen will be March 24 when they will host Oregon State University in a dual meet on the track field located near Poly Grove on campus.

COMING EVENTS . . . (Continued from Page 5)

Mustang Invitational Debate Tournament -- Friday and Saturday, March 20-21, all day, various campus locations. Second annual Mustang Invitational Debate Tournament for college and university students from throughout California; sponsored by the Speech Department and student debate team. Public invited.

Typewritten copy intended for the next issue of <u>Cal Poly Report</u> must be received prior to 12 noon Friday, Mar. 13, in the Office of Information Services, Adm-210.

COLLEGE SUPPORT STAFF OPENINGS LISTED BY PERSONNEL OFFICE

Six vacant positions on the support staff of the college have been announced by the Personnel Office. The positions, which are posted in greater detail on the bulletin board located in the Personnel Office, Adm-111, are:

Stationary Engineer, Maintenance and Operations Department, Business Affairs Division, \$728-842.

Departmental Secretary I-B, Soil Science, School of Agriculture, (\$492-599).

Custodian, Custodial Department, Business Affairs Division, (\$457-556).

Clerical Assistant II-B, Education Department, School of Applied Arts, (\$469-571).

Clerical Assistant II-A, Library, School of Applied Sciences, (\$435-530).

Clerical Assistant II-A, Records Office, Student Affairs Division, (\$435-530).

U S O E RESEARCH PROGRAM STILL IN OPERATION

The U.S. Office of Education Regional Project Research Program is still operating and additional project research funds will be released. The program has been hampered because funds to pay panel members and readers was not available. However, Walter Hirsch, director of the Regional Research Program in San Francisco, has been able to persuade volunteers to review project proposals. Last year 28 percent of the proposals received were funded by the San Francisco Office with \$350,000 in available funds. Fifty-one projects with a value of \$475,200 were approved but not funded.

In fiscal year 1969, a total of \$2.5 million was available nationally for the Regional Project Research Program. This year the total has been cut to \$2 million and allocations are being made in bi-monthly increments so the administrators do not know in advance how much they will have available locally. Next year there are some hopes that more than \$2 million will be made available. A parallel program, the Regional Research Development Program, designed to develop research competence in institutions, was all but eliminated by administrative action with the Office of Education. Regional Research proposals for educational projects under \$10,000 should be submitted to Hirsch, Regional Research Program, U. S. Office of Education Regional Office, 760 Market, Room 766, San Francisco Office 94102.

C S E A CHAPTER COMMITTEE SCHEDULES NOMINATIONS

The nominating committee of the Cal Poly Chapter 97 of the California State Employees Association will hold an open meeting in Erhart Ag-138 at 5 p.m. on Thursday (March 12). The committee will name a slate of candidates for the offices of president, vice-president, secretary, treasurer, five delegates and five alternates to the general council, regional director, and assistant regional director. Howard Rhodes, (Crops Department) chairman of the nominating committee, says nominations of candidates from the floor will be accepted at the Tuesday, March 17, luncheon meeting of the chapter in the Staff Dining Room. Francine Hapgood (Business Affairs Division Office) and George Beatie (Associate Dean of Special Programs) complete the nominations committee.

FULLERTON V P NAMED SACRAMENTO PRESIDENT

Bernard L. Hyink, vice president for academic affairs at California State College, Fullerton, has been appointed president of Sacramento State College. The appointment was announced by Daniel H. Ritter, chairman of the Board of Trustees of the California State Colleges, and Chancellor Glenn S. Dumke.

Dr. Hyink, a member of the California State Constitutional Revision Commission and the Western Political Science Association, is author of the collegiate textbook, Politics and Government in California.

Dr. Hyink will become president of Sacramento State at the earliest feasible date, as yet undetermined. He will succeed Otto Butz, who has been acting president of the 14,500-student college in Sacramento since June 1, 1969.

Dr. Hyink, 56, has been at Cal State Fullerton since 1960, when he was named dean of educational services and summer sessions. He was appointed dean of instruction and professor of political science in 1961 and has been vice president of academic affairs since 1964.

Dr. Hyink earned his PhD in political science and economics from the University of Southern California in 1943. He received his master's degree in political science in 1936 from the University of California, Berkeley, and his bachelor of arts degree from the University of Redlands in 1935. In 1963, he was the recipient of Redland's Alumni Achievement Award.

N S F OFFICE OF INTERDISCIPLINARY RESEARCH ON SOCIAL PROBLEMS OPENS FOR BUSINESS

Proposals are already arriving at the new National Science Foundation Office of Interdisciplinary Research for work on problems of society. Although the office is still not fully functional, it is operating with a \$6 million budget this fiscal year. Usually, the NSF asks an initial formal proposal, but the new office would prefer to react to a shorter preliminary proposal. Some of the elements to be included in the proposal are a statement of the specific research problem, a discussion of the importance of the problem, the overall plan of research, the interdisciplinary character of the research group, special scientific qualifications and facilities, organizational structure of the group, state of the art and practice, and institutional commitment.

INFORMATION ON AMUSEMENT DISCOUNTS AVAILABLE AT PERSONNEL, S E S L O C OFFICES

Information concerning discounts on admission at several amusement parks located in southern California is presently available in the Personnel Office, Adm-111, for members of the college faculty and staff who wish it. Among those offering discounts for Cal Poly employees are Disneyland in Anaheim, Knotts Berry Farm in Baldwin Park, the San Diego Zoo, and Sea World in San Diego. Magic Kingdom Club cards, which provide savings for those visiting Disneyland, may be obtained. Easter vacation period entertainment is scheduled at the famed park from March 22 through March 29, with an Easter Parade planned for 3 p.m. on Easter Sunday, March 29.

Typewritten copy intended for the next issue of <u>Cal Poly Report</u> must be received prior to 12 noon, Friday, Mar. 13, in the Office of Information Services, Adm-210.
--

WHO . . . WHAT . . . WHEN . . . WHERE ? ? ?

A Cal Poly husband and wife team presented a research paper titled "Inductive Inference in Scientific Thinking" during meetings of the National Association for Research in Science Teaching in Minneapolis last Sunday (March 8). The paper by Stanley B. Brown (Education Department) and his wife, L. Barbara Brown stressed the importance of making valid inductive and deductive inferences. Mrs. Brown, who is completing work on her doctor's degree, was a part-time member of the Psychology Department faculty during the Fall Quarter, 1969.

Dave Hafemeister (Physics Department) attended the annual meeting of the American Physical Society, which took place recently in Chicago. Dr. Hafemeister delivered a paper titled "Mossbauer Study of Co⁵⁷ Implanted in Diamond" during the meeting's Mossbauer Effect Session. He also collaborated with co-workers at Carnegie-Mellon University in delivering another paper on "Pressure Dependence of Positron Annihilation Lifetimes in Teflon" during the Atoms and Molecules Session.

Philip H. Overmeyer (Business Administration Department) was the speaker at the meeting of the Central Coast Chapter of the Industrial Relations Research Association held Feb. 25 in Fresno. Topic for Dr. Overmeyer's remarks was "The Development of Labor Relations in the Public Sector."

H. G. Markos (Dairy Department) has collaborated on two scientific papers appearing in the February 1970 issue of the Journal of Dairy Science of the American Dairy Science Association. Dr. Markos and R. W. Touchberry of University of Illinois prepared a paper covering study of the rate of milk flow and milking time of cows based on 6,073 observations. The second paper, by the same authors, covers a study on the heritability of rate of milk flow and milking time.

Don M. Morris (Associated Dean, Continuing Education) was a member of the Accrediting Commission for Secondary Schools visiting committee which evaluated programs of Atascadero High School March 2-4. The Accrediting Commission for Secondary Schools is a part of the Western Association of Schools and Colleges which is the regional accrediting organization for secondary schools, community colleges, colleges, and universities in the western U.S.

Walter Elliott, Leon Magur, and Lloyd Work (all Physics Department) attended meetings of the Southern California Section of the American Association of Physics Teachers at Whittier College on Feb. 21. Elliott delivered a paper titled "Student-Teacher Perceptions of California High School Physics" during the meeting. His presentation was based on a state-wide survey which included 15,000 students and 400 teachers.

Julie Anne Ayres, a junior home economics major from Auburn, will represent Cal Poly's Crops Club in the California Maid of Cotton Contest in Fresno March 20-21. She was chosen from a field of nine candidates in a contest held on campus early this month. Miss Ayres is active in Week of Welcome activities and a member of the campus chapter of the American Home Economics Association.

Teymoor Gedayloo (Physics Department) is a member of the Lenten Festival Committee of Trinity United Methodist Church of Los Osos, which is sponsoring a series of programs designed to provide opportunity for dialog between segments of the community. He will act as moderator for a discussion on "The Crisis in Our Environment" by a panel of experts from the county and state. It is scheduled for Sunday (March 15), at 7:30 p.m., at the church.

ACTIONS OF C S C TRUSTEES LISTED

The Board of Trustees of the California State Colleges took the following actions Feb. 25, at a meeting which took place in Los Angeles:

- amended Title 5, California Administrative Code, to allow the salary of an employee who takes a one year or less leave of absence without pay to be increased one step at the conclusion of the leave, if the president determines that the teaching, research, or other assignment during the leave was of a nature valuable to the state colleges.
- resolved that year-round operations at CSC Hayward; CSC Los Angeles, Cal Poly Pomona; and Cal Poly San Luis Obispo be continued; and resolved to request an additional \$3.3 million in the 1970-71 budget for the continuation of year-round operations.
- authorized CSC Long Beach; CSC San Bernardino; Cal Poly San Luis Obispo; and CSC Bakersfield to establish and maintain an extension program in accordance with Title 5 provisions and board policy.
- increased the Materials and Service Fee for part-time students beginning in Fall, 1970 to \$36 (from \$18) per quarter and \$54 (from \$27) per semester, bringing the fee to that charged full-time students.
- directed the colleges to continue support of high priority admissions for qualified resident Vietnam veterans, including special consideration in its Educational Opportunity Program; and indicated the board's intention to reflect this policy by amending Title 5 at its March meeting.
- added to Section 42659, Title 5, on approved uses of student body organization funds:
 - (m) Augmentation of counseling services, including draft information, to be performed by the college. Such counseling may also include counseling on legal matters to the extent of helping the student to determine whether he should retain legal counsel, and of referring him to legal counsel through a bar association, legal aid foundation or similar body.
 - (n) Transportation services.

DAY FOR MARCH MEETING OF C S E A CHAPTER CHANGED

The between quarters academic holiday which begins March 18 has prompted change of the March meeting of Chapter 97 of the California State Employees Association to next Tuesday (March 17). Programmed for the meeting, which will take place beginning at 12 noon, in the Staff Dining Room, is a discussion of the "why" of what is going on in Washington, D. C., by George Brand, editor of the San Luis Obispo Telegram-Tribune and a former information director for the U.S. Department of Health, Education, and Welfare.

CAL POLY HORSE PROGRAM FEATURED IN MAGAZINE ARTICLE

Cal Poly's colt training program is featured in the January-February issue of The Paint Horse Journal, a publication of the American Paint Horse Association, Ft. Worth, Tex. It reviews the training program for students and green-broke colts and the achievements of Jilinda J. Henderson, an animal husbandry senior from Grants Pass, Ore. Miss Henderson not only is skilled in horsemanship, but has participated on the Cal Poly livestock judging team.

ASSISTANCE WITH ENROLLMENT OFFERED BY REGISTRAR'S OFFICE TO FACULTY, STAFF

Faculty and staff members are reminded that, if they wish to enroll for classes during the Spring Quarter, the Registrar's Office will assist with their registration. Those planning to do so should complete their registration books and leave them at the Registrar's Office, Adm-219, before March 17. Any student (or faculty or staff member) who was not enrolled during the Winter Quarter must clear through Admissions Office before enrolling for Spring Quarter.

NATATORIUM RECREATIONAL SWIMMING PROGRAM WILL BE CLOSED MARCH 12-24

The Natatorium located adjacent to Crandall Gymnasium will be closed for recreational swimming beginning March 12 and continuing through March 23. In addition, it will not be open for recreational swimming on Easter Sunday (March 29).

SPRING QUARTER PARKING PERMITS AVAILABLE FOR PURCHASE

Faculty and staff parking permits for the Spring Quarter are still available and may be purchased at the State Cashier, Adm-131C. Parking enforcement will begin on March 24, the first day of classes.

SCRATCH PAPER AVAILABLE IN DUPLICATING CENTER

Quantities of scratch paper, particularly useful for in-class work in mathematics courses, are available as long as the supply lasts, from the Duplicating Center located in Adm-129, according to Herman Vandenhoff (Duplicating Services Supervisor).

NEW RESEARCH APPLICATION GUIDE PREPARED BY CAMPUS COMMITTEE

The college Research Committee has completed publication of a Research Proposal and Grant Application Guide - A Summary Outline for Faculty Members Interested in Applying for Grants from Outside Funding Sources. Copies of the new guide may be requested by telephoning the Research and Development Office, Adm-309, 546-2630.

Typewritten copy intended for the next issue of <u>Cal Poly Report</u> must be received prior to 12 noon Friday, Mar. 13, in the Office of Information Services, Adm-210.

COLLEGE AND UNIVERSITY ADMINISTRATIVE POSITIONS AVAILABLE

Information on the administrative positions listed below is available in the college Placement office, Adm-213, 546-2501, to those who are interested in obtaining it:

Stanislaus State College - Dean of Student Affairs, salary \$19,404 to \$23,604 depending upon qualifications, appointment for 12 months with 4 weeks vacation per year.

Stanislaus State College - Associate Dean of Student Services, salary \$10,800 to \$13,776 depending upon qualifications, appointment for 12 months with 4 weeks vacation earned per year.

Stanislaus State College - Coordinator of Counseling Services, salary \$18,288 to \$22,236 depending upon qualifications, appointment for 12 months with four weeks vacation earned each year.

Chaffey College, Alta Loma - Registrar and Admissions Officer, salary and related information not listed.

Chaffey College, Alta Loma - Dean of Occupational Education, salary and related information not listed.

LIST OF EDUCATION RESEARCH PROJECTS PUBLISHED BY U.S. OFFICE OF EDUCATION

The U.S. Office of Education's Division of Comprehensive and Vocational Education Research has released a List of Projects completed between July 1, 1968, and June 30, 1969. Although 75 percent went to universities or colleges, some went to city school systems, state departments of education, professional organizations and research and development firms. Washington State University is shown as having completed 15 separate projects during the period.
