## HEARST ADDRESS ON INTERNATIONAL AFFAIRS SCHEDULED WEDNESDAY IN CAL POLY THEATER

William Randolph Hearst, Jr., will speak on "The International Scene" when he visits Cal Poly tomorrow (Wednesday, May 6). The widely traveled Pulitzer Prize winning journalist will speak on the topic in the Cal Poly Theater at 12:10. The address is open to the public.

Hearst will also be honored at a luncheon for journalism faculty and students from Cal Poly, Cuesta College, Allan Hancock College, and area high schools at 1:30 p.m. The luncheon will be followed by a dialogue between Hearst and journalism students, and by a tour of Cal Poly's Journalism and Graphic Communications Departments.

William Randolph Hearst, Jr.

The Cal Poly appearance by the award-winning journalist is being sponsored by the college as one of a series of convocations. Co-sponsoring Hearst's visit is the Cal Poly campus chapter of Sigma Delta Chi national journalism society. Invitations to journalism educators and students have been extended by John Healey (Head of the Journalism Department).

Hearst, who will speak about current conditions in Western Europe, the Middle East, and Southeast Asia, is the second eldest of five sons of William Randolph Hearst. He began his journalistic career in 1928 as a reporter for the New York American, later serving as assistant city editor and then as publisher, from 1937 to 1956. During this period he covered military operations in Europe during World War II, including the Normandy invasion. After the war he also was publisher of the American Weekly magazine and Puck, the Comic Weekly.

### Won Pulitzer Prize in 1956

Following the death of his father in 1951, Hearst became editor-in-chief of Hearst Newspapers and began a weekly column called "Editor's Report." In his capacity as editor, Hearst has traveled extensively to interview and develop friendships with many outstanding leaders of the time. In 1956 he shared a Pulitzer Prize with J. Kingsbury Smith, European general manager for International News Service, and Frank Conniff, national editor of the Hearst Newspapers for their exclusive interview with Nikita Krushchev.

In 1958, Hearst received the Overseas Press Club award for foreign reporting. He headed President Dwight D. Eisenhower's Committee on Traffic Safety, leading a newspaper crusade for better U.S. highways. In addition to knowing President Eisenhower, Hearst was a close personal friend of President John F. Kennedy and President Lyndon B. Johnson, and has known President Richard M. Nixon for more than 20 years.

#### STEELE WILL HEAD FOOD PROCESSING DEPARTMENT

F. Raymond Steele, Jr., will head the Food Processing Department beginning with the 1970 Fall Quarter in September. He succeeds Dewitt F. Sampson, who requested that he be relieved of department head responsibilities. Sampson will continue on a half-time basis as a member of the teaching faculty.

Dr. Steele has been a member of the Food Processing Department's faculty since Sept., 1968, and previously served on the faculty of the college's Biological Sciences Department from Sept., 1962, until Aug., 1964.

The new department head is a Cal Poly graduate, earning a Bachelor of Science Degree in biological sciences in 1956. He earned his master's and doctor's degrees at Cornell University, the former in 1967 and the latter in 1968. Dr. Steele has had industry experience with Sears and the Pabst Breweries, and was a radiation biology research assistant at Cornell.

Sampson, who has headed the department since its inception in 1961, formerly was a research chemist for the American Can Company. He and his wife, Mary, live at 1326 Oceanaire Dr., San Luis Obispo.

#### C H P COMMANDER PRAISES TWO CAL POLY STUDENTS

Capt. E. G. Tripke, California Highway Patrol commander for the San Luis Obispo area, used a letter written recently to President Robert E. Kennedy to praise the efforts of two Cal Poly students who cared for two children whose father was unable, because of emotional strain, to take care of them after the death of their mother in an automobile accident.

The highway patrol officer said George B. Dunn, a senior business administration major and Karen Henderson, a junior social sciences major, provided comfort and care for the two children until adult family friends arrived.

"These two college students gave unselfishly of their own time to provide this service," Capt. Tripke wrote. "We hear so many ugly things today regarding actions of some of our college students. When two students volunteer to care for two children who are complete strangers to them and in such strained circumstances, I feel it worthy of mention. Please convey our heartfelt thanks to these two fine students."

#### TWO VACANT ADMINISTRATIVE POSITIONS AT OTHER COLLEGES LISTED

Information on the administrative positions at other colleges listed below is available in the college Placement Office, Adm-213, 546-2501, to those who are interested in obtaining it:

The California State Colleges -- Associate Dean for Instructional Programs, salary \$1,524 to \$1,853 per month to a maximum of \$22,236 annually, dependent upon professional qualifications and previous experience.

The California Community Colleges -- Dean for Extended Opportunity Programs, salary \$1,439 to \$1,750 per month, assignment in Sacramento.

TWO FRATERNITIES, SORORITY, RECOGNIZED

Approval of procedures and guidelines for recognition of off-campus living groups and social fraternities and sororities has been announced by President Robert E. Kennedy, who also announced official recognition of three such organizations effective May 1.

Meeting the new procedures and guidelines are: Alpha Gammo Rho, national agriculture fraternity, sponsored by the Fresno Chapter; Delta Chi Omega, sorority; and FarmHouse Fraternity, national agriculture fraternity, sponsored by the Idaho Chapter.

Dr. Kennedy said, "Approval of the procedures and guidelines for recognition of off-campus living groups and social fraternities and sororities also is based on my personal belief that Cal Poly, as a public, tax-supported institution, should not discriminate against any category of student organization whether it be ethnic, religious, political, social, residential, or any combination of categories, for these reasons alone.

"I believe firmly that Cal Poly's student organization recognition procedure should operate so that application by a student organization for a charter should be processed individually and solely on the basis of that organization's stated objectives being consistent with the objectives of the college and the requirements of the Associated Students Incorporated (ASI) Club Recognition Code."

The guidelines also provide for fiscal flexibility and safeguards in addition to the minimum requirements of the ASI club recognition code.

The president noted that he was acting on the basis of recommendations received from both the Academic Senate and the Student Affairs Council in approving the procedures and guidelines for recognition.

ASSOCIATED STUDENTS, INC., SLATES ANNUAL ELECTION OF OFFICERS

Cal Poly students will vote this week (Wednesday and Thursday, May 6 and 7) to determine who will serve as the Associated Students, Inc., president, vice president, secretary, and chief justice for 1970-71. They will have a field of five presidential candidates to chose from.

Seeking the top ASI office are Paul Banke of Livermore, an agricultural business management major; Ken Belskey of Rolling Hills, a farm management major; Dave Johnston of Saratoga, a mathematics major; Gerard Smith of San Marino, a chemistry and mathematics major; and Joe Uremovic of Dos Palos, also an agricultural business management major. All are juniors.

Seeking the vice presidency are Ken Deaver of Plymouth, a junior farm management major, and Tony Turkovich of Winters, a sophomore agricultural engineering major. The single candidate for chief justice is Michael Jones of Venice, a fourth-year architecture major.

Typewritten copy intended for the next issue of Cal Poly Report must be received prior to 12 noon Friday, May 8, in the Office of Information Services, Adm-210.

GRANT, FELLOWSHIP PROGRAM INFORMATION AVAILABLE ON CAMPUS

Information on a number of federally sponsored grant and fellowship programs is currently available in the Research and Development Office, Adm-307, 546-2630, for those interested in obtaining it. The programs, with reference folder numbers shown in parentheses, are listed below. All have June 1, 1970, application deadlines.

Academic Year Institutes for Secondary School Teachers of Science and Math (74)

Institutes and Short Courses for College Science Teachers (79)

Research Participation for College Science Teachers (81)

Research Project Grants - National Institutes of Health (116)

Training Grants - National Institutes of Health (119)

Research and Demonstration Grants - Social and Rehabilitation Service (132)

Follow-Through Child Development Program (248)

Training Grants - National Institute of Mental Health (265, 266, and 267)

University Lecturing and Advanced Research Abroad (284)

Research Grants - Environmental Control Administration (300)

Training Grants and Fellowships - Environmental Central Administration (301)

NEWSLETTER EDITOR WILL ADDRESS CAMPUS GATHERING MAY 14

A special evening program featuring Mrs. Marian Ash, publisher-editor of Skirting the Capitol, a legislative newsletter for women, will be held the evening of Thursday (May 14) in the Snack Bar.

Mrs. Ash was the executive director of the California Advisory Commission on the Status of Women, a charter participant of the California Legislative Roundtable, and legislative aide to two state senators. Currently president of the Fair Oaks Business and Professional Women's Club of Sacramento (BPW), she is listed in the 1969-70 edition of Foremost Women in Communications and was a nominee for Sacramento's woman of the year in 1968.

The program is sponsored by the Cal Poly Student Member Section of the California Home Economics Association. Tickets for the 5:30 p.m. dinner are \$2.90. Reservations for dinner can be made by contacting Karen Goebel (Home Economics Department) by May 12. For those not wishing to attend the dinner, Mrs. Ash will speak at 7 p.m., and the public is invited to attend.

COMING EVENTS -- COMING EVENTS -- COMING EVENTS

Books at High Noon Luncheon -- Tuesday, May 5, 12 noon, Staff Dining Room. Review of Joe McGinniss' The Selling of the President by Donald Hensel. Public invited.

Cal Poly Women's Club Sewing Section -- Tuesday, May 5, 12 noon, 1744 Alisal, San Luis Obispo. Meeting of section for luncheon at home of Mrs. John Allen. Members invited.

FFA State Convention -- Tuesday, May 5, 12 noon, to Friday, May 8, 2 p.m., campus. Delegate sessions and other activities connected with 42nd annual convention of the California Association of the Future Farmers of America; hosted by the School of Agriculture. Members and their guests invited.

College Convocation -- Wednesday, May 6, 12 noon, Cal Poly Theater. William Randolph Hearst, Jr., will talk on the Middle East, Western Europe, and Southeast Asia; sponsored by Cal Poly and the campus chapter of Sigma Delta Chi journalism society. Public invited.

College Hour Speaker -- Thursday, May 7, 11 a.m., Dexter Library Lawn. Talk by Rex Weaver of the Students for a Spiritual Revolution organization; sponsored by the College Program Board Speakers Forum Committee of the Associated Students, Inc. Students, faculty, and staff invited.

Cal Poly Staff Club Luncheon -- Thursday, May 7, 12 noon, Staff Dining Room. Talk on "Professional Career of Julian A. McPhee - Advocate of Vocational Education in California" by Dale Moody of Westmont College. Faculty, staff, and students invited.

Physics Colloquium -- Thursday, May 7, 11 a.m., Science Building Room B-5. Talk on "Noise in Nuclear Counting Systems" by physics student Robert Webb; sponsored by the Cal Poly Physics Department. Faculty, staff, and students invited.

Architecture Lecture -- Thursday, May 7, 8 p.m., Engineering Auditorium. Lecture by Mrs. Esther McCoy; sponsored by the School of Architecture and student chapter of the American Institute of Architects. Public invited.

Poultry Careers Dinner -- Friday, May 8, 7 p.m., Staff Dining Room. Dinner and program on job opportunities in the poultry industry for high school agriculture teachers and Future Farmers of America members following dinner; co-sponsored by Cal Poly's Poultry Club and the Pacific Egg and Poultry Association. By invitation.

FFA Judging -- Saturday, May 9, all day, various campus locations. California state judging finals for Future Farmers of America members from throughout California; sponsored by Cal Poly's School of Agriculture. Competing teams invited.

Mustang Almanac of Ethnic American Music -- Saturday, May 9, 12 noon to midnight, Mustang Stadium. Presentation of folk music, sponsored by the College Program Board Fine Arts Committee of the Associated Students, Inc. Tickets - Cal Poly, Cuesta College, and Hancock College students, 75 cents; general admission, \$1.50.

Cal Poly Women's Club "Luncheon at Tiffany's" -- Saturday, May 9, 1 p.m., San Luis Obispo Country Club. Luncheon of the women's club featuring installation of new officers and outstanding woman students awards. Members invited -- tickets, \$2.75.

(Continued on Page 6)

CAL POLY STUDENT SUGGESTS NEW LEGISLATION

A Cal Poly student's proposal which would enable California state college students to vote assessments above the legal limit on student activities fees has been introduced as a bill in the California legislature. Richard Barrett of San Jose, vice president of Cal Poly's Associated Students, Inc., suggested the plan during a meeting of state college student officers in Sacramento in February.

The proposal, SB 1039, introduced by state Senator Alfred E. Alquist (D) of the 13th senatorial district, San Jose, would permit assessments above the legal limitations if two-thirds of the students of a college voting in a special election approved the assessment. Assessments would have to be designated for a specific purpose.

The legal maximum student activity fees which may currently be charged are \$10 for the Fall Quarter, and \$5 for the Winter, Spring, and Summer Quarters.

COMING EVENTS . . . (Continued from Page 5)

Chamber Music Program -- Sunday, May 10, 3:30 p.m., Music, Speech, and Drama Building Room 218. Concert of chamber music featuring pianist John Russell, clarinetist Virginia Wright, bassist Clifton E. Swanson, harpsichordist Ronald V. Ratcliffe, violinist Virginia Brooks, and the Cal Poly Chamber Orchestra; sponsored by the Cal Poly Music Department. Limited seating; public invited.

Cal Poly Women's Club Walking Section -- Tuesday, May 12, 9 a.m., First Baptist Church, Johnson Ave., San Luis Obispo. Regular meeting of section to explore old section of San Luis Obispo near Southern Pacific Depot. Members invited.

Speakers Forum -- Tuesday, May 12, 11 a.m., Cal Poly Theater. Address by Raymond Haight, candidate for governor of California; sponsored by College Program Board Speakers Forum Committee of the Associated Students, Inc. Faculty, staff, and students invited.

Books at High Noon Luncheon -- Tuesday, May 12, 12 noon, Staff Dining Room. Review of Thomas Dekker's play The Shoemaker's Holiday by a panel moderated by Miss Ena Marston. Public invited.

Mathematics Colloquium -- Thursday, May 14, 11 a.m., Mathematics and Home Economics Building Room 222. Talk on Automatic Reduction, by Paul Lansman; sponsored by the Cal Poly Mathematics Department. Public invited.

Speakers Forum -- Thursday, May 14, 11 a.m., Library Lawn. Talk by Kenneth Hahn, candidate for U. S. Senate; sponsored by the College Program Board Speakers Forum Committee of the Associated Students, Inc. Students, faculty, and staff invited.

College Hour Concert -- Thursday, May 14, 11 a.m., Cal Poly Theater. Concert by Cal Poly's Chamber Singers under the direction of John Russell; sponsored by the Music Department. Public invited.

College Drama -- Thursday through Saturday, May 14-16, 8:30 p.m., and Saturday and Sunday, May 16-17, 2 p.m., Cal Poly Theater. Presentation of Thomas Dekker's play The Shoemaker's Holiday; produced by the college Speech Department. Tickets - adults, \$1.50; students, \$1.

### CAL POLY FILMSTRIP SERIES PLACED HIGH IN NATIONAL COMPETITION

A series of sound filmstrips produced by the Cal Poly Instructional Materials Program has won national honors. The series, titled New Careers in Agriculture, was one of five motion-picture or filmstrip productions selected for special awards during the 1970 Film Festival of the American Personnel and Guidance Association, held in conjunction with the APGA national convention last month in New Orleans.

Two first prizes and three honorable mention awards were presented as a result of the festival in which both commercial and non-commercial producers participated. The Cal Poly production received an honorable mention award, according to Clyde Hostetter (Director of IMP) who received notification of the award last week.

The New Careers in Agriculture series was produced last year as part of the IMP continuing program for production of materials for occupational and vocational education, supported in part by a federal grant administered through the California State Department of Education.

Artwork for the series was produced by members of Cal Poly's audio-visual services staff under Art Director Robert Reynolds. Photographs were made by James Crissey of the IMP staff, and sound tracks were recorded by Robert Kimble, also of the audio-visual services staff. Various members of the college's School of Agriculture faculty served as subject matter consultants, and Hostetter supervised production of the series.

High schools in most of the 50 states and in several foreign countries now are using the series, which is distributed nationally on a non-profit basis by Vocational Education Productions, a department of the Cal Poly Foundation.

### MUSTANG ALMANAC WILL PROVIDE CONTINUOUS ENTERTAINMENT

The noon to midnight Mustang Almanac of Ethnic American Music coming up on Saturday (May 9) in Mustang Stadium is being planned in such a manner that folk music fans may make a day of it, or come and go as they please. Mike Zander, chairman of the student Fine Arts Committee, which is sponsor of the 12-hour event, announced that hamburgers, hot dogs, and other foods will be available at the site for those who want to come and relax and hear the entire program.

"The participating performers offer a wide range of folk music, so that every fan of this American-style music will be able to find his favorite music on the program," Zander said. A return ticket system will be in effect for those who want to view only a few of the seven acts, leave and then return when another of their favorite performers will be on stage.

Booked for the 12-hour marathon of folk music are Merle Travis, country and western style; Sam Hinton, folk singer; Sonny Terry and Brownie McGhee, folk songs; Mike Seeger, country and western; Crabgrass; Bessie Jones and the Georgia Sea Island Singers, spirituals; and Steve Gillette, contemporary folk singer.

Cal Poly, Cuesta College, and Hancock College students will be admitted for 75 cents. Advance tickets at this student rate are already available at the Temporary College Union at Cal Poly. General admission for all others will be \$1.50. These tickets will be available only at the ticket gate of Mustang Stadium, which will open at 10 a.m. on Saturday.

STAFF CLUB SLATES SPRING FLING FOR MAY 23

The annual Cal Poly Staff Club Spring Fling will be held this year on Saturday, May 23, at Coon Creek, according to Robert Adams, chairman of the event. This is the same location as last year. The rock fishing and abaloneing are excellent. There will be a -1.2 low tide at 7 a.m. on this date.

The tickets this year will cost \$3 for Staff Club members and \$4 for non-Staff Club members. New York strip barbecue will be served at 1 p.m. Tickets will go on sale Monday (May 11). They will be available from the following people:

Bob Adams, Maintenance Department  
Fred Blanck, Grounds Department  
James Barrios, Custodial Department  
Ric Bongio, Welding and Metallurgical Engineering Department  
Gene Bowls, Physics Department  
Bill Boyce, Business Administration Department  
Howard Brown, Ornamental Horticulture Department  
Everett Dorrough, Cafeteria  
Charles Elston, Mathematics Department  
J. Cordner Gibson, School of Agriculture  
Wally Glidden, Veterinary Science Department  
Walter Holtz, Environmental Engineering Department  
Jim Landreth, Business Affairs Division  
Bill Loper, Farm Shop  
Jim Neelands, Physics Department  
Derek Price, Mechanical Engineering Department  
Joy Richardson, Mechanical Engineering Department  
Thornton Snider, Cal Poly Foundation  
Dick Tartaglia, Maintenance Department

MOTHER'S DAY SPECIALS ON SALE AT O H UNIT

Cal Poly faculty and staff members can treat their mothers or wives to colorful plants from the college's Ornamental Horticulture Unit for Mother's Day. The student-grown plants being offered include multi-colored Caladiums at \$2.50, Hydrangeas, Gloxinia, florist Azaleas, shade-loving, tuberous Begonias in 6-inch clay pots and hanging baskets, and a wide selection of bedding plants, including tomatoes. The special prices are in effect on Saturday (May 9) from 8 a.m. to 5 p.m.

CAL POLY MATMEN FEATURED IN "N C A A NEWS" FOR APRIL

Cal Poly's 1970 National Collegiate Athletic Association college division champion wrestlers are featured in the April issue of NCAA News, which was distributed to college and university administrators, athletic directors, and coaches throughout the United States. The article reported that the Vaughan Hitchcock-coached Mustang Matmen topped a field of 86 teams and 381 entrants in the tournament which took place in Ashland, Ohio, in mid-March. Their title-winning effort was the third in succession and fourth in five years for Cal Poly wrestling teams.

| Typewritten copy intended for the next issue of <u>Cal Poly Report</u> must be received prior to 12 noon Friday, May 8, in the Office of Information Services, Adm-210. |
|---|

WHO . . . WHAT . . . WHEN . . . WHERE ? ? ?

Walter P. Schroeder (Head of Education Department) and Richard V. Jones (also Education Department) addressed a group of public school teachers during a one-day workshop on supervision of student teachers in home economics and English, which took place on campus April 23. In addition to hearing the talks by Dr. Schroeder and Dr. Jones, the visiting teachers spent a portion of the day working with Mrs. Ellen Stookey (Home Economics Department) and John H. Mott (English Department) who supervise student teachers in their respective disciplines.

Orvin E. Wagner (Physics Department) and W. E. Deeds of University of Tennessee are authors of a paper titled "Electronic Properties of Solutions in Solid Matrices" which was published in the Jan., 1970 issue of Journal of Physical Chemistry. This paper is representative of an ongoing research program which Dr. Wagner developed and with which he is presently engaged.

Richard T. Kombrink (Engineering Technology Department), Paul E. Scheffer (Industrial Engineering Department), and Robert Sykes (Mechanical Engineering Department) all attended the conference on effective teaching which took place under sponsorship of the American Society for Engineering Education, April 23-24 at Asilomar.

Allen D. Miller and Chester H. Scott (both Mathematics Department) were co-directors of California Mathematics Council Central Section Conference, which was held April 17-18, on campus. Among speakers for the program, which was attended by elementary, secondary, and college teachers from throughout Central California, were Kenneth G. Fuller (Computer Science Department) and Charles Haskell and Ralph Wharten (also Mathematics Department).

Mrs. Bernice B. Loughran (Head of Art Department) was an evaluator during the Pacific Regional Conference of the National Art Education Association, April 25-29, in Portland, Ore. As an evaluator, Dr. Loughran summarized reactions to the conference and projected suggestions for future meetings in a speech given during the closing session of the gathering.

Anne C. Fowler and John A. McKinstry (both Social Sciences Department) attended sessions of the Pacific Sociological Association conference in Anaheim. The meetings took place April 16-17.

Walter E. Elliott (Physics Department) delivered a paper titled "Perceptions of Physics and Physics Teachers Teachers" during the bi-annual meeting of the Northern California Section of the American Association of Physics Teachers, which took place at American River College in Sacramento, April 18. Some 60 physicists from colleges and universities throughout California were in attendance.

ADAMSON ELECTED PRESIDENT OF STAFF CLUB FOR 1970-71

Robert W. Adamson (Mechanical Engineering Department) was named president of the Cal Poly Staff Club during the annual election of the group last month. Chosen to serve during 1970-71 with him were Charlie Mendenhall (Information Services Office), vice president; Mrs. Wilavere Lisko (Evaluations Office), secretary; James G. Neelands (Physics Department), treasurer; and directors Robert Baldrige (Cal Poly Theater Manager), Mrs. Ruth Gran (Student Health Center), and S. Milton Piuma (Staff Personnel Officer). They have already begun their terms of office.

OPENINGS ON SUPPORT STAFF OF COLLEGE LISTED BY PERSONNEL OFFICER

Two openings on the support staff of the college have been announced by S. Milton Piuma (Staff Personnel Officer). Posted in greater detail on the bulletin board located in the Personnel Office, Adm-111, the vacant positions are:

Placement Interviewer (\$584-\$710), Placement/Financial Aid, Student Affairs Division. Will conduct, under the supervision of Placement Supervisor, the elementary teacher placement program and assist in secondary teacher placement, career placement, part-time and work study placement, and financial aids. Will be responsible for conferences with employers and faculty, as well as for registration, interviewing and advising candidates. College graduate preferred. Position closes May 8.

Accounting Technician III (\$651-\$791), Accounting Office, Business Affairs Division. Under general direction of Accounting Officer will coordinate and maintain fiscal accounting records and supervise a subordinate group of employees. Will plan, organize, and assign accounting work to subordinates, help to resolve difficult accounting or bookkeeping problems, maintain preestablished budgetary allotment controls and sub-details, review and verify budgetary and fiscal documents for accuracy, etc. Applicants should have a minimum of one year of bookkeeping or accounting equivalent to that required of an Accounting Technician II in service of the State Colleges. Completion of at least twelve semester hours of a professional accounting curriculum, or additional qualifying experience may be substituted, one year of experience for six semester hours. Training in ADP practices and procedures desirable.

POLICY ON ATTENDANCE AT STAFF SENATE MEETINGS ENDORSED BY PRESIDENT KENNEDY

A college policy concerning attendance at meetings of the Cal Poly Staff Senate by members of that group has been approved by President Robert E. Kennedy. The president's action followed approval of the policy originally recommended by the Administrative Council of the college. It provides that members of the Staff Senate and its committees may be given reasonable time off from their regular duties to attend senate and related committee meetings. The new policy will be incorporated in the changes presently being prepared for distribution and inclusion in the College Administrative Manual.

"LUNCHEON AT TIFFANY'S" WILL FEATURE INSTALLATION, AWARDS

Installation of its officers for 1970-71 and recognition of the outstanding woman in each Cal Poly class will be program features when the Cal Poly Women's Club holds its traditional May luncheon. Theme for the event, which will take place Saturday (May 9) beginning at 1 p.m., at the San Luis Obispo Country Club, will be "Luncheon at Tiffany's." Tickets for the luncheon are priced at \$2.75 each. They may be obtained from either Mrs. William Stansfield (543-7901) or Mrs. Neale Stoner (544-4523). The chairmen of the women's club's various special interest sections also have tickets and are selling them.

| Typewritten copy intended for the next issue of <u>Cal Poly Report</u> must be received prior to 12 noon Friday, May 8, in the Office of Information Services, Adm-210. |
|---|

### MUSTANG VARSITY ATHLETES SLATE ROAD CONTESTS THIS WEEK

Road action, the last of the 1970 season in some cases, will occupy the full attention of all four Cal Poly spring sports teams this week. Three of them, including Coach Ed Jorgensen's title-winning tennis team, have scheduled tournament or other action involving a number of teams.

The Mustang netmen, fresh from a 7-2 victory over California State College at Fullerton that wrapped up the first California Collegiate Athletic Association team championship won by a Cal Poly tennis team in nearly 20 years, will enter the CCAA's 1970 Tennis Tournament, which is slated for Friday and Saturday (May 8-9), at Cal Poly, Pomona. With a 22-5 dual meet record for the season, they will be favored to win the lion's share of the individual championships.

Coach Dick Purcell's Cal Poly track and field varsity will be up against big-time competition for the second weekend in a row when it journeys to Fresno for the annual West Coast Relays. Many of the world's top names in that sport will be on hand for the meet, which will find the Mustangs entered in the college division as a team and several individuals entered in open events. The college division action is scheduled for Friday evening and the open division on Saturday, both in Fresno's Ratcliffe Stadium.

Last weekend saw two Cal Poly records fall during the San Jose State College Invitational Track and Field Meet in San Jose. Senior shot putter Junior Olson heaved the 16-pound ball 57-1 to better the former mark of 56-6½ set by Tom Pagani in 1961. Mohinder Gill, the Mustang sophomore triple-jump star from India, skipped 53-2 to erase his former record at 52-7½.

A three-game CCAA series scheduled for Friday and Saturday afternoons at University of California at Riverside will conclude the 1970 regular season for Coach Augie Garrido's Mustang baseball varsity. The Cal Poly nine, which dropped a three-game set to league opponent Cal Poly, Pomona, on the road last weekend, has two postponed games with San Fernando Valley State College to make up, but they will not be played unless they have a bearing on the outcome of the 1970 CCAA title.

Also scheduled to wind up its competition for 1970 this week is Coach Bill Hicks' Cal Poly varsity golfers. They will enter the Southern California Intercollegiate Golf Tournament which will take place Thursday, Friday, and Saturday, at Torrey Pines Country Club near San Diego. Mustang divotmen posted a disappointing effort and finished last in the five-team field that entered the 1970 CCAA Golf Tournament on the Via Verde Country Club course near San Dimas last week.

### REMINDER ON CLASS WITHDRAWALS ISSUED BY REGISTRAR

A reminder concerning the final day for students to withdraw from Spring Quarter classes has been issued by F. Jerald Holley (Director of Admissions and Records). Holley said the 1969-70 Catalog provides that "except for college recognized emergencies, no withdrawals from a course will be permitted after the end of the seventh week of instruction." The seventh week of instruction for the Spring Quarter ends at 5 p.m., Tuesday, May 12.

|   |
|---|
| Typewritten copy intended for the next issue of <u>Cal Poly Report</u> must be received prior to 12 noon Friday, May 8, in the Office of Information Services, Adm-210. |
|---|

### CAL POLY STUDENTS PLACE HIGH IN JUDGING COMPETITION

Four Cal Poly dairy cattle judging teams entered in the Great Western Dairy Show collegiate judging contest in Los Angeles last Saturday (May 2) totaled two first place awards, a second, and a third. In addition, team members won two high individual awards, a second, a third, and a fourth. Two of the teams were entered in the division for freshman and sophomore teams and two in the senior division. A total of seven teams competed in each of the two divisions.

Another Cal Poly team won first place nationwide in the college division of the Hoard's Dairyman dairy cattle judging contest. The teams judged pictures of five breeds of dairy cattle published in the national dairy magazine. The cattle classes are placed officially by nationally known dairy cattle judges. From among the 111,120 individual entrants in the college and open division of the national contest, Franklin Rego of Gustine, a senior dairy major, ranked fifth.

Herman Rickard (Dairy Department), coach for the dairy cattle judging teams, said no information is available on the total number of college teams entered.

### INFORMATION ON RETURN OF RETIREMENT CONTRIBUTIONS

College employees separating from service prior to July 1, 1970 will not receive interest on their retirement contributions accumulated during the current fiscal year. Separation documents must be dated July 1 or after in order to claim any accumulated interest.

Retirement contribution accounts of less than \$500 may not be retained in the Public Employees Retirement System unless the separating employee is being employed by another State agency. It should be pointed out to separating employees that it normally takes 6 weeks to 2 months to receive contribution checks from PERS. It generally takes a little longer to process the return of retirement contributions through PERS during the peak summer work load period. Separating employees should notify the Payroll Office where such checks are to be mailed.

### PRESENTATION ON PATENTING, LICENSING SLATED ON CAMPUS

Faculty members interested in the patenting and licensing process and the services provided by a special arrangement between the Cal Poly Foundation and the Battelle Development Corporation, are invited to attend a presentation at 1 p.m., Thursday (May 7). The meeting will be confined to a maximum of 20 persons. Those interested in attending are invited to call the Research and Development Office, 546-2630, for a reservation.

### SCIENCE NORTH TOUR SLATED FRIDAY AFTERNOON

A conducted tour of Science North Building, including the greenhouse, is being planned for Friday (May 8) at 3 p.m. All faculty and staff members interested in taking part in the tour are invited to meet at the main second floor entrance of the building promptly at 3 o'clock.
