March 9, 1971

## A C T P PRESIDENT WILL ADDRESS CAMPUS GATHERING WEDNESDAY EVENING

When Fred F. Harclerod addresses a campus audience on "Issues of the 70's in Education" this week, he will be speaking with authority. As a matter of fact, he wrote the book. Dr. Harclerod is editor of the newly-published Issues of the 70's, a Jossey-Bass anthology.

Dr. Harclerod, former president of California State College at Hayward, and president of the American College Testing Programs, is scheduled to speak in the Cal Poly Theater at 7:30 p.m. tomorrow (Wednesday, March 10).

The American College Testing Program, which he heads, is a non-profit corporation governed by representatives from individual states. Membership is composed of more than 1,800 colleges, universities, and other institutions which require or recommend the ACT test battery.

Tests and other ACTP services are used in developing data for college admissions, educational advisement, scholarships, and career planning. Approximately one million students received ACTP testing last year. The program maintains more than 2,600 test centers in the United States and overseas.

Dale W. Andrews (Academic Vice President) said Dr. Harclerod's address will be co-sponsored by the college, its Graduate Education Club, and its Student California Teachers Association organization.

A graduate of Colorado State College from which he received both his BA and MA degrees, Dr. Harclerod obtained his PhD from Stanford University in 1948 and wrote his doctoral dissertation on The Influence of Organized Student Opinion on the College Curriculum: An Historical Study.

The ACTP President is also the author of many textbooks and research publications, including Learning Resources in Colleges and Universities, and Historical Background, Current Status, and Future Plans of the Developing State Colleges and Universities.

A consultant to such agencies as the U. S. Department of Health, Education, and Welfare, the U. S. Office of Education, and the American Association of Colleges for Teacher Education, Dr. Harclerod is included in Who's Who in America. He is a member of Phi Delta Phi and other honor societies in history, general scholarship, music, forensics, education, and undergraduate leadership.

In addition to the address in the Cal Poly Theater, the ACTP president is also slated to meet with students, faculty, and staff of the college in two different gatherings.

Dr. Harclerod will be a classroom resource consultant at a meeting of the graduate course in counseling and guidance offered by the Education Department tomorrow morning, and will participate in an informal coffee conference with graduate students, faculty, and staff of the college at 3 p.m. in BA and E-215.

COLLEGE UNION DEDICATION ADDRESS IS TRIBUTE TO PRESIDENT EMERITUS MC PHEE

"Faith is the substance of things hoped for" and the perseverance of a college president in striving for a goal were the keynotes of the dedication address by President Robert E. Kennedy at the Julian A. McPhee College Union Building last Saturday (March 7). An audience of some 1,000 persons was on hand for the dedication in the Multipurpose Room of the College Union.

Dr. Kennedy, recalling memories of years of working closely with President Emeritus Julian A. McPhee, talked of the late president's hope that "seeds of friendship" among students might take root in a place like the new building. "He hoped that these friendships would bear fruit over the years among Poly graduates and nourish them throughout their lives. Those were his hopes -- but it was his faith that it could happen that eventually made it happen."

"During the three-year construction period when floods, and strikes, and similar unplanned complications seemed destined to delay the project beyond the patience of all involved, I kept reminding myself -- and others -- that faith was still needed," the president continued.

After outlining some of the purposes of such a building, Dr. Kennedy pointed out that large buildings tend to become monuments and last indefinitely. "We see in history that this is true -- provided that the community or the society has the will to maintain and to preserve and to develop such a structure and to agree upon its function and use."

"Disagreement and conflict has led to the destruction of as many great monuments as have earthquakes and natural disasters. This building is a living monument -- the people who use it are what will be important. It is a College Union and the key to its role on our campus is unity. This is not a place to come together in order to tear each other apart," Dr. Kennedy added.

Tax Funds Not Used

President Kennedy pointed out for his listeners that, at a time when a crisis in the ability of state monies to pay the costs of government exists, no state tax funds had been used in the design, construction, or operation of the new facility. He said that fact is one that would have given the late President McPhee pleasure.

Dr. Kennedy described McPhee as a man who loved both work and play and one who counted authority and order as the needed limitations on man's desire for freedom and liberty. "The world -- and this college -- has changed greatly since Julian McPhee's death on November 10, 1967. The qualities one seeks in a man have not changed.

"As an educator, Julian McPhee had faith in tomorrow's crop of men and women," President Kennedy said. "He had faith in students. He believed in disciplined growth toward a philosophy of life. He was a wise man who recognized that the educative process needed patterns of relationship that dealt in the everyday experiences of work and leisure time. He believed that if a person 'would serve himself, he must serve others.' He loved the paradox of his favorite expression: 'The way to be selfish is to be unselfish.'"

(Continued on Page 3)

LARGE CROWDS PARTICIPATE IN DEDICATION ACTIVITIES FOR COLLEGE UNION

Festivities connected with dedication of the new Julian A. McPhee College Union last Friday, Saturday, and Sunday (March 5-7) drew many visitors to the building. Beside a large crowd that attended the dedication program on Saturday morning in the new building's Multipurpose Room, hundreds of others visited the building during the three-day-long observance.

An audience of nearly 1,000 persons, including alumni, students, faculty, staff, and friends of the college, heard the dedication address delivered by President Robert E. Kennedy. He commended the late President Emeritus Julian A. McPhee, for whom the union building is named, and others whose faith has made the building possible.

Those attending the dedication program, and a ribbon-cutting ceremony which followed, included Mrs. McPhee and 35 other members of the former Cal Poly president's family; State Senator Donald L. Grunsky; and State Assemblyman William M. Ketchum.

Dr. Kennedy's remarks were preceded by a brief welcome by Associated Students, Inc. President Paul Banke. The Cal Poly Symphonic Band, under the direction of William V. Johnson (Music Department), provided music for the occasion and Rev. Bruce Tjaden, a campus minister, gave both the invocation and the benediction.

The series of dedication activities arranged by Banke and committees of the ASI's College Program Board included concerts by a variety of groups including the Collegians stage and dance band, the Studio Band, and the Dixieland Band; several dances; a film marathon; and a Trivia Bowl program. Music for the dances and concerts ranged from country and western to rock, folk, mariacchi, and blues. Tours of the new building were also provided throughout the three-day dedication program.

COLLEGE UNION DEDICATION ADDRESS . . . (Continued from Page 2)

"His unselfish service to others brought Julian McPhee in his lifetime, unsought for honors. More important to him, it brought frequently expressed words of gratitude from former students who recognized the influence of this man's work upon their lives. He wanted every Poly student to work for his right to be under the sun and to flourish as a good citizen in whatever community he chose to become a part.

"This building we are dedicating today, beautiful and sturdy as it is -- can't bring about brotherhood. Brotherhood can't be legislated nor manufactured with a lathe. Brotherhood is a quality of human experience -- a quality of the heart," Dr. Kennedy said in conclusion.

"I have faith that the people who will come together here in the Julian A. McPhee College Union will do so in a spirit of unity. Let us, then, dedicate ourselves to creating a unity in this union, in this college, and by extension of our experience here, to the community and the world around us. Let the Julian A. McPhee College Union be known always as a unifying force."

### 93 PER CENT OF STATE COLLEGE APPLICANTS RECEIVE SPACE RESERVATION NOTICES

More than 93 per cent of an initial group of applicants this week were notified that space is reserved for them next fall in the California State Colleges, Chancellor Glenn S. Dumke announced last week. The applicants are those who filed between Nov. 2 and 30, 1970, the first phase of the state colleges' new Common Admissions Program. Colleges have been receiving late applications since Dec. 1.

Chancellor Dumke said reservation notices were sent to 88,516 November applicants. A space reservation is a college's commitment to provide an applicant with the opportunity to enroll once academic eligibility is established. Another 6,455, unable to be accommodated at a state college they listed on their November applications, will have priority at alternate colleges and can be accommodated within the college system.

"The Common Admissions Program is fulfilling its major objectives," Chancellor Dumke said. "It has afforded prospective freshmen -- and all November applicants -- equitable processing of their applications in all the colleges. It has met our highest priority commitment to community colleges by assuring space for 97 per cent of transfer students at the junior level. And it has permitted graduate applicants, as well as those in other categories, a period for greater future planning."

David Kagan, coordinator of admissions services, said 32,937, or 92.7 per cent of the 35,503 beginning freshman applicants during the November period, have been sent space reservations at a college of their choice. Of 49,124 total transfer applicants for undergraduate standing, space reservation notices were sent to 45,520, or 92.6 per cent. Among these students, 36,540 are at the junior level and come primarily from California community colleges.

Dr. Kagan said 9,956 or 97.4 per cent, of the 10,220 applicants for graduate-level standing, were informed they can be accommodated at their college of preference. And, in an additional group of 124 undergraduate applicants whose class levels are undetermined, 103 received space reservation notices.

Students receiving space reservation notices have been asked to submit grade transcripts and test score records as the next step in the admissions process. Applicants not accommodated at a college they listed in November have been sent names of state colleges at which Fall vacancies still exist. They will be considered at any of these colleges ahead of late applicants and without additional payment of a \$20 application fee.

State colleges which have reached capacities and are now closed for undergraduate admissions next Fall are Cal Poly at San Luis Obispo, Chico State College, Humboldt State College, Sacramento State College, San Diego State College, and San Francisco State College.

### SOCIAL SCIENCES LIBRARY EXHIBIT FEATURES ETHNIC ARTIFACTS

A display of prehistoric Indian artifacts from California and tools and containers of contemporary Africa will be on display in the foyer of Dexter Library Building this week and next. The display is sponsored by the Social Sciences Department. Display materials were loaned by Robert L. Hoover (Social Sciences Department), Robert J. Rodin (Biological Sciences Department), and the Lowie Museum of Anthropology at the University of California at Berkeley.

COMING EVENTS -- COMING EVENTS -- COMING EVENTS

Varsity Tennis -- Tuesday, March 9, 2:30 p.m., Tennis Courts adjacent to Men's Gymnasium. Cal Poly vs. Fresno State College. Public invited.

Cal Poly Women's Club General Meeting -- Tuesday, March 9, 7:30 p.m., Cal Poly Theater. General membership meeting of the club with entertainment by Cal Poly's Men's and Women's Glee Clubs under the direction of Harold P. Davidson. Members invited.

Coffee Conference -- Wednesday, March 10, 3 p.m., Business Administration and Education Building Room 215. Informal roundtable Coffee Conference with Fred F. Harclerod of the American College Testing Program; sponsored by the Education and Psychology Departments and the Counseling Center. Faculty, staff, and graduate students invited.

Education Lecture -- Wednesday, March 10, 7:30 p.m., Cal Poly Theater. Lecture titled "Issues of the 70's in Education" by Fred Harclerod, president of the American College Testing Program; sponsored by Cal Poly and the college Graduate Education Club and Student California Teachers Association chapter. Public invited.

Prescheduling -- Thursday, March 11, 11 a.m. Prescheduling of classes for current Cal Poly students planning to continue their studies at the college during the Spring Quarter; students are requested to check their department's bulletin boards for departmental prescheduling programs.

Cal Poly Staff Club Luncheon Meeting -- Thursday, March 11, 12 noon, Staff Dining Room. Program on the U. S. Navy Blue Angels precision flying team. Faculty and staff invited.

Phi Kappa Phi Meeting -- Thursday, March 11, 4:30 p.m., Erhart Agriculture Building Room 241. Quarterly meeting of the Cal Poly Chapter of Phi Kappa Phi national honorary society. Members invited.

Dance Concert -- Friday, March 12, 8 p.m., Cal Poly Theater. Annual modern dance concert presented by students under the direction of Mrs. Moon Ja Minn Suhr; sponsored by the Women's Physical Education Department. General admission tickets - \$1.

Tree Planting -- Saturday, March 13, 8 a.m. to 12 noon, campus. Planting of 65 trees contributed by clubs, faculty, and friends of Cal Poly for beautification of the portion of Outer Perimeter Rd. between the Administration Building and Erhart Agriculture Building; sponsored by the Ornamental Horticulture Club. Public invited.

Cal Poly Women's Club Foreign Students Section Meeting -- Saturday, March 13, 1 p.m., 2033 Skylark Ln., San Luis Obispo. Luncheon with foreign student wives, who will provide the food, in the home of Mrs. Richard Johnson. Members invited; call Mrs. Glenn Rich (543-3293) or Mrs. Fuad Tellew (544-0240) for reservations.

Varsity Tennis -- Sunday, March 14, 10 a.m., Tennis Courts adjacent to Men's Gymnasium. Cal Poly vs. Chico State College. Public invited.

Final Examinations -- Monday through Thursday, March 15-18, campus. Winter Quarter final examinations for all Cal Poly students.

Cal Poly Women's Club Bridge Sections Meeting -- Monday, March 15, 9 p.m., Dexter Library Building Room 129. Regular meeting of the sections with play for both experienced and beginning players. Members invited.

COMING EVENTS . . . (Continued from Page 5)

Cal Poly Women's Club Walking Section Meeting -- Tuesday, March 16, 9 a.m., Safeway Store parking lot, Marsh St., San Luis Obispo. Meeting for walk in the Buchon St. and Old Town area of San Luis Obispo. Members invited.

Cal Poly Women's Club Home and Garden Section Meeting -- Wednesday, March 17, 10 a.m., 2361 Claranita Ave., Los Osos. Regular meeting of the section in the home of Mrs. Ben Polk; for directions to the Polk home see the March issue of the Cal Poly Women's Club Flyer. Members invited.

Grand Council Fire -- Wednesday, March 17, 7:30 p.m., Men's Gymnasium. Annual awards ceremony for Camp Fire Girls from throughout San Luis Obispo; sponsored by the Natoma Council of Camp Fire Girls, Inc. Public invited.

End of Winter Quarter -- Thursday, March 18. Official close of the Winter Quarter for all members of the Cal Poly faculty and student body.

Agricultural Leadership Seminar -- Thursday through Saturday, March 18-20, all day, Erhart Agriculture Building Room 128. Seminar presented as part of the Agricultural Leadership Program for a selected number of young agricultural leaders from throughout California; sponsored by the Agricultural Education Foundation and hosted by Cal Poly's School of Agriculture and Natural Resources. By invitation.

Teachers Conference -- Thursday, March 18, all day, Music, Speech, and Drama Building. Professional conference for teachers from throughout the Central California area; sponsored by the State Department of Education and hosted by Cal Poly's Education Department. By invitation.

Spring Academic Holiday -- Friday through Wednesday, March 19-24. Annual holiday between the Winter and Spring Quarters for Cal Poly students and faculty.

Mustang Invitational Speech Tournament -- Friday and Saturday, March 19-20, all day, campus. Third annual invitational speech tournament for teams of students from colleges and universities throughout California; sponsored by Cal Poly's Speech Department. Public invited.

Commissioning Ceremony -- Friday, March 19, 10 a.m., Music, Speech, and Drama Building Room 218. Commissioning ceremony for students who are completing their degree studies at Cal Poly and the U. S. Army Reserve Officers Training Corps program; sponsored by the Military Science Department. Faculty and staff invited.

Staff Recognition Luncheon -- Friday, March 19, 12 noon, Student Dining Room. No-host luncheon honoring members of the college staff with 10 or more years of service; sponsored by the Staff Senate. Faculty and staff invited.

Varsity Golf -- Friday, March 19, 12:30 p.m., San Luis Obispo Country Club Course. Cal Poly vs. Vandenberg Air Force Base. Public invited.

Varsity Baseball -- Friday, March 19, 2:30 p.m., Baseball Diamond near Poly Grove. Cal Poly vs. Sonoma State College. Public invited.

Varsity Track and Field -- Saturday, March 20, 11 a.m., new Track Field near Men's Gymnasium. Cal Poly vs. California State College at Fullerton and the Stockton Track Club. Public invited.

"COMMUNICATION IN DANCE" CHOSEN AS THEME FOR FRIDAY CONCERT

"Communication in Dance" has been chosen as theme of the 1971 dance concert to be performed Friday (March 12) in the Cal Poly Theater. Scheduled for 8 p.m., the concert will be open to the public, as well as members of the campus community. The concert is presented annually by the Women's Physical Education Department. Directing the more than 70 dancers scheduled to appear will be Mrs. Moon Ja Minn Suhr (Women's Physical Education Department).

"The content of our dance concert will include all varieties of the art such as the Gregorian Chant, jazz, oriental fan dance, ballet with primitive theme, folk dances, and contemporary dance with electronic music," states Mrs. Suhr. "Dance is communication," she continues, "but we would like to communicate further to the community by inviting some local school dance groups to this concert." Mrs. Suhr acknowledged that students from Cuesta College, San Luis Obispo Senior High School, and Los Ranchos Elementary School will participate in the show.

An advance sale of tickets for the concert is in progress, according to Mrs. Suhr. The tickets are priced at \$1 and are being sold on campus at the Julian A. McPhee College Union Building and in San Luis Obispo at Brown's and Premier Music Stores.

SALE OF LOST, FOUND ITEMS IN PROGRESS

A sale of items collected in the campus Lost and Found Center in the Plant Operations Office in recent months began this (Tuesday, March 9) morning and will continue through tomorrow (Wednesday, March 10), according to an announcement from Donald S. Nelson (Director of Business Affairs). Such things as books, watches, jackets, sweaters, umbrellas, drafting supplies, and sunglasses are being displayed in the Temporary College Union Building and will be sold on a sealed bid basis.

Nelson pointed out that "lost and found" sales such as the one planned for next week are governed by Section 580.1 of the College Administrative Manual. Unclaimed items must be held for at least six months before being sold and proceeds from the sale are earmarked for deposit in a loan or scholarship fund for use of Cal Poly students. Nelson said successful bidders in the March 9-10 sale may pick up their purchases on Friday and Saturday (March 12-13) in the TCU.

WOMEN'S CLUB MEMBERS WILL HEAR GLEE CLUBS

The Cal Poly Men's and Women's Glee Clubs under the direction of Harold P. Davidson (Head of the Music Department) will present the program when the Cal Poly Women's Club holds a general membership meeting in the campus theater at 7:30 p.m. this (Tuesday, March 9) evening. Planned by the glee clubs is a preview of the programs for their forthcoming concert tours. Beside members of the Women's Club, faculty and students of the college Music Department, the music departments of the San Luis Coastal Unified School District schools and Cuesta College, as well as the Bel Canto Singers, have also been invited to the program. Also slated to take part in the program is the Women's Sextet.

Typewritten copy intended for the next issue of Cal Poly Report must be received prior to 12 noon Friday, March 12, in the Office of Information Services, Administration-210.

FIVE VACANCIES ON SUPPORT STAFF LISTED BY PERSONNEL OFFICE

Five vacant positions on the college support staff have been announced by S. Milton Piuma (Staff Personnel Officer). Descriptions of the positions, which may be filled by promotion or transfer of Cal Poly staff only, are posted on the bulletin board located in the Personnel Office, Adm-111, 546-2236. Guidelines for filling the positions are also posted in the Personnel Office. The positions are:

Clerical Assistant II-B (\$492-\$599), School of Architecture and Environmental Design. Duties include shorthand, typing, filing, operating various office machines, and working with student records. Must be able to assist parents, future students, and visitors with general information regarding curricula and operations in the School of Architecture and Environmental Design. Applicants must have passed the General Clerical Test, type 45 wpm, and take shorthand at 90 wpm. (two positions)

Administrative Assistant I (Working Title: Budget Officer) (\$863-\$1048), Business Director's Office, Business Affairs Division. Under supervision of director of business affairs, the budget officer is responsible for developing requests, analyzing, reviewing, making recommendations and finalizing the college's annual operating budget. Upon approval of the budget, he is responsible for coordinating the allocating, administering and adjusting of the budget at the college level and maintaining effective liaison with the Chancellor's Office. He is responsible for carrying out of special assignments including studies and preparing reports. Applicants must have at least one year of professional experience beyond a training level involving the preparation, justification and analysis or the control and administration of a budget or budgetary program. Equivalent to graduation from college desired, but experience can be substituted.

Clerical Assistant II-B (\$492-\$599), Social Sciences Department, School of Business and Social Sciences. Duties include shorthand, typing, senior project cataloging, and receptionist. Applicants must have passed the General Clerical Test, type 45 wpm, and take shorthand at 90 wpm.

Keypunch Operator (\$473-\$576), Computer Center, Academic Affairs Division. Duties include data preparation, keypunching, and related Computer Center clerical duties. Applicants must be high school graduates with minimum of six months' keypunch experience or equivalent.

PHI KAPPA PHI MEETING WILL BE THURSDAY

The regular quarterly meeting of Phi Kappa Phi national honorary society will be held in Erhart Ag-241 at 4:30 p.m. on Thursday (March 11), according to Kenneth G. Fuller (Computer Science Department), who is president of the campus chapter. Purpose of the meeting is to approve new members from eligibility arising during the Winter Quarter. A revision of the chapter's constitution and by-laws may or may not be ready for discussion at the March 11 meeting.

RECORDS OFFICE WILL BE OPEN MORNING OF MARCH 20

The college Records Office, Adm-222, will be open from 8 a.m. to 12 noon, on March 20 to receive students' Winter Quarter grades from members of the faculty, according to an announcement issued by F. Jerald Holley (Director of Admissions and Records).

EXTENSION PROGRAM WILL OFFER 31 COURSES DURING SPRING QUARTER

Cal Poly will offer 31 classes in 11 communities through its Extension program during the Spring Quarter beginning March 25. The courses in 18 departments will enable residents of the central coast to continue study toward a degree or take a class for personal interest.

Communities that will be participating in the Extension program during the Spring Quarter are San Luis Obispo, Arroyo Grande, Atascadero, Paso Robles, Morro Bay, Santa Maria, Orcutt, Soledad, Lompoc, Vandenberg Air Force Base, and Santa Barbara.

Cal Poly Extension offers classes for both the professional seeking additional academic credit and courses for people who are interested in a subject for their own personal enrichment. All courses offer regular college credit.

"In its first year, the Extension program is steadily growing into a far-reaching and well-attended program," says Dr. Don M. Morris (Associate Dean of Continuing Education). "The program is very successful and is exceeding expectations. This quarter, for example, we are offering 11 courses more than last quarter."

Seven Courses Slated in San Luis Obispo

Seven courses will be offered in the immediate San Luis Obispo area. They are Advanced Crafts (Art E325), Sculpture (Art E347), Introduction to Air Pollution (Environmental Engineering E324), Geology of San Luis Obispo County (Geology E203), Bonsai Culture (Ornamental Horticulture E145), History of Philosophy (Philosophy E211), and Voice of Phonetics (Speech E306).

Atascadero and Paso Robles residents can choose from five courses. The Middle School (Education E581-02) will be offered in Paso Robles, and Supervision of Student Teachers (Education E590), Children's Literature (English E205), Mexican History (History E341), and Barrio Spanish (Spanish E351) will be taught in Atascadero.

Advanced composition (English E300) and Landscape Plants (Ornamental Horticulture E430) will be offered in Morro Bay and four courses are scheduled in Arroyo Grande. They are Administration of School Health Education (Physical Education E405), Basketball Theory (Physical Education E422), Implementing New State Art Framework (Art E470), and Ornamental Gardening (Ornamental Horticulture E230).

In Santa Maria four courses will be offered by Cal Poly Extension. They are Digital Computer Symbolic Programing (Computer Science E221), School-Community Relations (Education E517), Oral Language Program (Language E401), and Barrio Spanish (Spanish E351).

Counseling and Guidance (Education E503) is scheduled in Soledad to serve the entire Salinas Valley, and Advanced Counseling Theories (Education E528) and Wrestling Theory (Physical Education E327) will be offered in Santa Barbara.

Seven classes will be taught at Vandenberg Air Force Base. They are Quality Systems Applications (Industrial Technology E350), Technical Management Problems (Industrial Technology E470), Aerospace Science (Aero E407), Aerospace Science (Aero E425), Analysis of Engineering Systems (Electrical Engineering E470), Active Network Synthesis (EL E425) and Abnormal Psychology (Psychology E307).

(Continued on Page 10)

LIBRARY ANNOUNCES SPECIAL HOURS FOR EXAMINATION PERIOD

In order to provide study space for students prior to final examinations week, the Reserve Book Room (Room 210) of Dexter Library Building will remain open until 12 midnight this Friday and Saturday (March 12-13). L. Harry Strauss (Librarian) said regular hours will be maintained from Sunday through Wednesday (March 14-17) and, as usual, the Reserve Book Room will remain open until midnight. The library will close at 5:00 p.m. on Thursday, March 18, the last day of finals.

During the vacation period, March 19-28, the Library will maintain the following schedule:

Friday, March 19	8 a.m. - 5 p.m.
Saturday, March 20	Closed
Sunday, March 21	Closed
Monday-Friday, March 22-26	8 a.m. - 5 p.m.
Saturday, March 27	9 a.m. - 1 p.m.
Sunday, March 28	Closed

The regular Library schedule will be resumed on March 29, the first day of classes for the Spring Quarter.

CAL POLY JOURNALISM STUDENT CHOSEN FOR SUMMER PROGRAM

Elwood F. Goulart, a Cal Poly journalism student, is one of 60 students from across the nation who will participate in the Wall Street Journal's Newspaper Fund copyediting internship program this summer.

Goulart, a third-year student from San Luis Obispo, will attend a three-week course in advanced copyediting and will work nine weeks as copyeditor on a selected daily newspaper. The interns are paid regular wages by the newspapers. Goulart has been assigned to the Oakland Tribune.

The Newspaper Fund, a foundation which encourages talented young people to consider newspaper careers, will also award a \$700 scholarship to Goulart in September. The Newspaper Fund also sponsors a reporting internship-scholarship program and awardees are given \$500 scholarships. Interns in both programs were selected in a national competition that included nearly 600 applicants.

Goulart, a graduate of Cuesta Community College, has been active on the editorial staff of Mustang Daily and on the staff of the campus radio station, KCPR-FM.

EXTENSION PROGRAM . . . (Continued from Page 9)

Any adult who meets the course requirements may take Extension courses. Students do not have to be formally enrolled at Cal Poly. Registration for the classes is at the first class meeting and the tuition fee is mailed to the college. Tuition for the self-supporting Extension program is \$12.75 per quarter unit for lecture courses and slightly higher for activity and laboratory courses.

Further information may be obtained by contacting the Continuing Education Office, Adm-311, 546-2053.

COLLEGIANS, MEN'S GLEE CLUB ANNOUNCE PLANS FOR 30TH ANNUAL CONCERT TOUR

Performances in 10 different Sacramento and San Joaquin Valley cities are included in the itinerary for the 30th annual tour of the Cal Poly Men's Glee Club and Collegians dance and stage band. Highlight of the week-long concert series, which will open March 22, will be a noon-hour performance in the Rotunda of the State Capitol in Sacramento.

Other assembly and public concerts planned by the Cal Poly student musicians will be at high schools in North Highlands, Fair Oaks, Elk Grove, Oakdale, West Sacramento, Tracy, Ceres, and Galt. Also scheduled are concerts at Sierra College in Rocklin and the Goodwill Industries facility in Sacramento.

Joining the 42-member Men's Glee Club and the Collegians for their start-of-spring tour this year will be two specialty groups composed of members of the glee club. They are the Collegiate Quartet, a vocal group specializing in popular and folk music, and the "World Famous Majors and Minors," a 13-member vocal ensemble which delights in music of the gay 90's.

Harold P. Davidson (Head of the Music Department) directs the Men's Glee Club, which is best known for its vocal renditions of a wide range of musical styles, including folk tunes, spirituals, and popular songs, as well as more formal and liturgical music. For Davidson, who also directed the Collegians until this year, the March 22-27 program tour will be the 30th. He originated the annual concert series in 1941.

Currently popular music, as well as that of the big band era of the 30's and 40's, is the forte of the Collegians. The 15-member instrumental ensemble performs under the direction of Graydon Williams (Music Department), who joined the college faculty last fall after having taught at College of the Ozarks in Arkansas for the past 11 years.

LIBRARY WILL BEGIN USING NEW OVERDUE FEE SCHEDULE

A revised overdue fee schedule, devised for all the libraries in the state college system, will be implemented at the beginning of the Spring Quarter starting on March 29, 1971. The new fee schedule raises the per item overdue fee on a regular two-week loan from 5 to 15 cents per day. Reserve books and periodicals will be charged 25 cents for the first hour and 25 cents for each additional hour overdue. Two-day and other short term loans will be charged at the rate of 25 cents per day. The processing or service fee charged for lost materials was raised from \$1 to \$3.35 per item. The list price plus a \$3.35 processing fee will be charged per library item that is lost. Faculty members are exempt from overdue fees.

WOMEN'S GOLF, TENNIS TEAMS WIN 5 OF 6 EVENTS ON ROAD TRIP

Cal Poly teams, as members of the Southern California Women's Intercollegiate Conference, spent a busy and successful weekend in the Southland. The women's tennis team, coached by Joanne Climie, made its trip a complete success by winning over Scripps College 8-1, and beating California State College at Long Beach 5-4. The women's basketball team, under the coaching of Mary Stallard, also came away with honors as the "A" team beat both California State College at Los Angeles and San Fernando Valley State College. The "B" team lost to Cal State-L.A., but won its game with San Fernando Valley State.

WHO . . . WHAT . . . WHEN . . . WHERE ? ? ?

James R. Emmel (Head of the Speech Department) and Robert Cleath and James Conway (both also Speech Department) were judges for the Cambria District Lions Club Speech Contest, which took place in Cambria on Feb. 23. Dr. Emmel is in the process of re-writing rules and judging criteria contest, which is held on a national basis.

Walter E. Elliott (Physics Department) delivered a demonstration-lecture dealing with lasers and laser light for some 200 students at Frances Judkins Intermediate School in Pismo Beach on March 1. His selection of demonstration topics not only delighted the students but also introduced them to fundamental physical optical concepts.

Capt. James A. Lovell, Jr., Fred W. Haise, Jr., and John L. Swigert, Jr., the astronaut crew for the National Aeronautics and Space Administration's Apollo 13 space flight, are the recipients of an unusual collection of clippings from newspapers in England. Vincent J. Gates (Journalism Department) gathered the clippings that reported progress of the astronaut's mission while on Sabbatical leave from his campus teaching duties. He sent the clippings to the NASA crew recently.

Robert J. Rodin (Biological Sciences Department) attended the annual meeting of the California Botanical Society, which took place in Berkeley on Feb. 20. Among highlights of the gathering was a presentation on the ecology and flora of Lower California.

Ronald R. Reece, a senior majoring in environmental engineering at Cal Poly, has been granted a \$350 scholarship made possible by the Foundation for Refrigeration, Heating, and Air Conditioning Education of Los Angeles. Known as the ALPAC Scholarship, the award is given annually to a junior or senior majoring in engineering at Cal Poly.

10 TEAMS COMPETE IN ANNUAL GYMNASTICS COMPETITION

Cabrillo High School of Lompoc used first place finishes in each of the divisions to win the team championship of the second annual Cal Poly Gymnastics Meet, which took place in the Men's Gymnasium last Saturday (March 6). The more than 100 entrants from 10 high schools and junior high schools were on hand for the competition. Other teams from Morro Bay, King City, Salinas, San Luis Obispo, Santa Maria, and Santa Ynez entered the competition.

Some 100 Cal Poly students who are enrolled in physical education courses assisted with operation and judging the meet, which was under the direction of Evelyn Pellaton (Women's Physical Education Department) and Andrew Proctor (Men's Physical Education Department). The meet, which lasted the entire day and was viewed by some 300 persons, was jointly sponsored by the campus chapter of the California Association for Health, Physical Education, and Recreation and the Women's Physical Education Department.

PRESCHEDULING SLATED THIS THURSDAY MORNING

Prescheduling for all present students planning to continue their studies at Cal Poly during the Spring Quarter will be held at 11 a.m. on Thursday (March 11), according to F. Jerald Holley (Director of Admissions and Records). Students are requested to check their departmental bulletin boards for their department's program for the prescheduling period.

#### AUDIO VISUAL EQUIPMENT FOR POLY ROYAL

Equipment from the Audio Visual Service Office will again be made available this year for use during Poly Royal, April 23-24, according to Marcus Gold (AV Service Coordinator). Departmental clubs and student organizations should be advised to schedule AV equipment for their Poly Royal projects by first obtaining a Form 81 from the Activities Office, CU-217, and then contacting the AV Service Office, BA and E-9.

With the limited amount of equipment that is available and heavy scheduling anticipated, all equipment now on quarter loan to instructional departments may be recalled for the Poly Royal weekend and reissued for events scheduled as part of the annual open house activity, Gold said.

Requests will be filled on a first-come, first-served basis. Since there is never enough equipment to fill all requests, Gold urged members of the faculty and staff who are advisors to student groups to have their organizations submit their requests now.

#### A S I, FOUNDATION CASHIERING FUNCTIONS NOW LOCATED IN UNION

Cashiering functions of the Associated Students, Inc. and the Cal Poly Foundation are now being handled through the Cashier's Office in the new Julian A. McPhee College Union. The new cashiering office adjacent to the Foundation Business Office, CU-212, will receive all payments and deposits for the Associated Students and the Cal Poly Foundation. In addition, the primary check-cashing service for the college will be provided at this office.

All payroll and miscellaneous checks issued by the Foundation will be available at the College Union Cashier's Office. Student employees of ASI, however, will continue to pick up paychecks at the ASI Business Office, CU-202. Faculty and staff supervising student assistants on the Foundation payroll should advise their student employees to pick up their paychecks at the new location. Scheduled hours for the College Union Cashier's Office are 8:30 a.m. to 4:30 p.m., Monday through Friday.

#### DATE, LOCATION FOR STAFF RECOGNITION CHANGED

The date and location for the recently-announced staff recognition luncheon have been changed, according to information received from Cal Poly Staff Senate, which is sponsoring the event. The luncheon honoring members of the college and auxiliary staffs will take place beginning at 12 noon, next Thursday (March 19) in the Student Dining Room. It had previously been scheduled for next Tuesday (March 17) in the Staff Dining Room. Gene Brendlin (Manager of the Cal Poly Foundation) will be master of ceremonies for the luncheon.

#### FEDERAL/STATE INCOME TAX REPORT FORMS AVAILABLE IN PERSONNEL OFFICE

Blank state and federal income tax report forms are available in the Personnel Office to those who desire them. They may be obtained by going to or telephoning the Personnel Office, Adm-111, 546-2236.

Typewritten copy intended for the next issue of Cal Poly Report must be received prior to 12 noon Friday, March 12, in the Office of Information Services, Administration-210.

CAL POLY TEAMS WILL ENTER N C A A COMPETITION THIS WEEK

Green and gold clad athletes representing Cal Poly will be in competition in three National Collegiate Athletic Association championship events across the nation this week. The competition, which will be in such geographically diverse areas as Tacoma, Wash.; Detroit; and Fargo, N.D., will see Cal Poly entrants competing in wrestling, basketball, and indoor track and field.

Coach Neale Stoner's Mustang basketball varsity will be entering NCAA competition for the first time in history of the sport at Cal Poly when it encounters University of Puget Sound in the first round of the College Division national championships in Tacoma on Thursday (March 11) evening.

The Mustangs finished with a 16-10 won-lost mark for the regular portions of their 1970-71 season and were chosen to represent the Southern California area in the regional event. Should they win Thursday, they will meet the winner of the San Francisco State College vs. Seattle Pacific College game on Saturday (March 13) evening, also in Tacoma. The winner of that contest will qualify for the national finals in Evansville, Ind., March 18-20.

A veteran team has been chosen by Coach Vaughan Hitchcock to represent Cal Poly in the NCAA College Division national wrestling championships, which are scheduled for Friday and Saturday (March 12-13) at North Dakota State University. It will be favored to extend a string of victories that has seen Mustang teams win the last three College Division crowns in succession in that event and four of the last five.

The Mustang matmen compiled a 20-2-1 won-lost-tied mark in dual meet competition that saw them defeat 5 of the nation's top 10 teams during the 1970-71 campaign. That performance resulted in their move from the 11th spot in mid-season rankings of the nation's university teams to 3rd in the final standings. They maintained their number one ranking among the country's college teams throughout the season.

Three of Track and Field Coach Steve Simmons' charges will wear the Cal Poly green and gold in the NCAA Indoor Track and Field Championships in Detroit Friday and Saturday. All given a good chance of placing in the meet, they are high jumper Reynaldo Brown, triple jumper Mohinder Gill, and sprinter Bobby Turner. All three have been particularly impressive in indoor competition across the nation this winter.

MUSTANG BASEBALL, TENNIS TEAMS SLATE ROAD CONTESTS

The schedules of Cal Poly's varsity athletic teams are well stocked with road contests this week. Beside the basketball, wrestling, and track and field teams, which will all enter National Collegiate Athletic Association championship events across the nation, the Mustang baseball and tennis teams both will be on the road this weekend.

San Fernando Valley State College and California State College at Fullerton will host Coach Augie Garrido's Mustang baseballers when they attempt to improve on an already-impressive 12-2-1 won-lost-tied record for the still-young season. The Cal Poly nine will be at SFVSC for a single game this (Tuesday, March 9) afternoon and then will journey to Fullerton for a single game on Friday (March 12) afternoon and a twinbill the following (Saturday, March 13) afternoon.

PHYSICAL EDUCATION, CHILD DEVELOPMENT PROGRAMS WIN RECOGNITION

The teaching credential programs of Cal Poly's Men's and Women's Physical Education Departments and Child Development Department have been recognized as academic by the State Board of Education following recommendations of the State Accreditation Committee. Students who graduate with teaching majors from these departments will have all the advantages attendant to the academic designation for credential purposes, according to a statement from the State Department of Education.

REGISTRATION ASSISTANCE OFFERED FOR FACULTY, STAFF MEMBERS

Faculty and staff members who expect to enroll for classes to be offered during the Spring Quarter received an offer of registration assistance from the Records Office last week. Those who plan to enroll should complete their registration books and leave them at the Registrar's Office, Adm-219, on or before March 18. Any student (or staff member) who was not enrolled during the Fall or Winter Quarters must clear through the Admissions Office, Adm-206, before they can enroll for the Spring Quarter.

SHORTHAND TESTS WILL BE GIVEN SOON

Since several persons have expressed an interest in taking the 80-, 90-, or 100-word per minute shorthand tests, the Personnel Office is presently planning to schedule a period for those tests soon. Anyone interested in signing up for either of the tests are invited to contact Clyde Scott (Personnel Office), Adm-110, 546-2669.

MUSTANG BASEBALL, TENNIS . . . (Continued from Page 14)

This week's action will officially open California Collegiate Athletic Association competition for the Mustang nine, which added three victories to its record last week. They topped University of California at Santa Barbara 8-2 and then posted 8-7 and 5-0 victories over California State College at Hayward before dropping a 3-1 decision to the Hayward nine. All four games on tap this week for the Cal Poly baseballers are with CCAA opponents.

Coach Ed Jorgensen's tennis team has four matches scheduled this week. After hosting Fresno State College in an encounter billed for 2:30 p.m. today (Tuesday), they will journey to meet San Francisco State College and Cal State at Hayward in a pair of matches on Friday and Saturday and then wind up their play for the week by hosting Chico State College at 10 a.m. on Sunday (March 14). Both of the home matches are slated for the varsity tennis courts located near the Men's Gymnasium.

# encouraging notes

March 9, 1971

I want to apologize for misdirecting possibly three or four faculty members, and take this opportunity to explain how a college policy is on a collision course with a federal policy.

This College is perhaps unique in permitting faculty members to engage in research (or training) projects on an overload basis, up to 20 per cent, and not to exceed 15 full-time weeks during the calendar Year (CAM 452.5).

In an effort to keep everyone honest with respect to College policy, I forgot that federal policy prevents a grantee from earning more than 100 per cent of his salary, you may not use federal funds to pay for an overload. There are some trivial exceptions to this policy. This applies to all co-workers on the grant. To the best of my knowledge we have no one on a grant or contract who is violating federal policy.

Funds from private foundations or companies, or which we get as a subcontractor on someone else's grant, are not subject to these federal regulations.

The Secretary of HEW, Mr. Richardson, in a recent speech referred to the "Educational Assistance Act of 1972" which would give to the 50 states a block grant with discretion at the state level to support programs in 36 categories in five general areas: "vocational education, impacted aid, compensatory education, education for the handicapped, and educational support services." State educational agencies would submit comprehensive plans for approval by the U.S. Office of Education.

The National Science Foundation has a list of advanced training projects at universities all over the United States for training and research in many fields. Most projects are during the coming summer. Some projects are conferences, some short courses, and some are for the academic year. Interested persons should write to the institution directly, not to National Science Foundation. The list may be seen in this office.
