

Volume 21, Number 30

March 16, 1971

MUSTANG MATMEN DOMINATE N C A A TOURNEY, WIN FIFTH NATIONAL CROWN

Cal Poly's top-rated varsity wrestling team justified that placing last Friday and Saturday (March 12-13) when it romped to its fifth national championship in the last six years and fourth in succession. The Mustang matmen tallied 119 points to easily outdistance the field of 386 wrestlers representing 84 colleges and universities that entered the National Collegiate Athletic Association's 1971 College Division Championship Tournament.

The Cal Poly team's effort in the event, which took place at North Dakota State University in Fargo, was led by Gary McBride and Tim Kopitar, who both won national championships. McBride, a sophomore, won the 118-pound division championship and Kopitar, a junior, won the heavyweight crown.

Final team standings in the meet found the Mustangs far in front of the field. They more than doubled the point totals turned in by Slippery Rock State College of Pennsylvania and Mankato State College of Minnesota, which finished second and third with 58 and 51 points respectively. North Dakota State with 46 was fourth, and Wilkes College and East Stroudsburg State College, both of Pennsylvania, had 42 points and tied for fifth. Seattle Pacific College, the only other West Coast team to place in the top ten, finished in a three-way tie for eighth.

In Charge Throughout Meet

Coach Vaughan Hitchcock's charges were in charge throughout the meet. Nine of the 10 men on the team were seeded in the top eight men in their weights prior to start of the action and 7 advanced into the semi-final round. The Cal Poly team, which had five men in the championship finals, actually had the team championship wrapped up after the semi-finals. Beside the two individual champions, three Mustangs finished second; three were third; and one was fifth. Larry Morgan, at 134 pounds; Pat Farner, 177; and Gary Maiolfi, 190, were the second place finishers. Earning third place awards were Glenn Anderson at 136; Lee Torres, 142; and John Finch, 158. Allyn Cooke was fifth at 150. Morgan, Farner, Anderson, and Cooke are all sophomores and the other three are seniors.

Finch's third-place finish in the meet at Fargo gave him the distinction of being the first man in the nine-year history of the NCAA College Division mat tourney to place four times. He also won the championship at 152 pounds in 1968, was second at 152 in 1969, and was second at 158 last year.

Still on tap for Coach Hitchcock and his charges is the 1971 NCAA University Division Championship Tournament, which is scheduled for March 25-27 at Auburn University in Alabama. Anderson, Farner, Finch, McBride, Maiolfi, Morgan, Kopitar, and Torres, by having placed fourth or better in the College Division meet, have all qualified for the University Division tourney, but Hitchcock has not yet announced which men will make the trip.

HARCLEROAD STRESSES FLEXIBILITY AND ACCOUNTABILITY IN CAMPUS ADDRESS

The 1970s will see increased use of standardized measurements in the evaluation of teachers and students, according to the head of the nation's largest academic testing program. Fred F. Harclerod, president of the American College Testing Program, told a Cal Poly audience last Wednesday (March 10) that flexibility in developing new curricula and new ways of evaluation will characterize higher education during this decade.

Speaking on the topic, "Issues of the 70s in Education," at the Cal Poly Theater, the former head of California State College at Hayward said present college curricula based on a four-year plan with many prerequisites and general education requirements deprives students of freedom to change their courses.

"Flexibility is the key word," stated Dr. Harclerod, "curricula must change so students can move." He said more and more students will go in and out of different colleges until they find a school that can give them what they want, and that many will go to proprietary schools in order to avoid the standardization of regular colleges.

Dr. Harclerod said faculty members must increasingly make themselves available for the students and recover a sense of devotion to their teaching role. Describing new forms of evaluation, the president of ACTP, which tested approximately one million students at 2,600 test centers last year, said establishing accountability will be the chief goal of educators during the 1970s. To do this, he said, performance contracting will be developed to set standards for teachers and measure their accountability. At the same time, output measuring will be developed to test students in a way that will reveal how much they have learned from a teacher.

The ACTP president said hopefully educators will thus be able to find their weaknesses and correct them in the best interests of the students. He suggested 5-year contracts, instead of the present system of tenure, to provide some security for teachers, but also to motivate them to improve their services to students.

Dr. Harclerod was one of several speakers appearing during the year as part of the Cal Poly Convocations Series. His visit was sponsored by the college, the Graduate Education Club, and the Student California Teachers Association.

DAIRY INDUSTRY LEADERS HONORED BY DAIRY STUDENTS

Two men who have served the dairy industry in many capacities for nearly half a century have been named honorary members of Los Lecheros, the organization for Cal Poly dairy students. A. Wendell Fuhrman of Logan, Utah, and Neil McPherson of Sacramento were initiated into honorary membership at the annual banquet of the student organization in San Luis Obispo last Saturday (March 13) night.

Fuhrman has served as field representative for the American Guernsey Cattle Club in Arizona, California, Colorado, New Mexico, Nevada, and Utah since 1953, while McPherson currently serves the Dairy Council of California, after retirement as a dairy farmer.

McPherson, who is compiling a museum of dairy equipment as a hobby, operated a drive-in dairy plant in Sacramento until his retirement in 1964. A daughter, Heather, a Cal Poly graduate, served as California dairy princess in 1964. She now is Mrs. Wayne Jensen of San Miguel. Mrs. Jensen graduated as an animal science major in 1968.

MUSTANG ATHLETES WIN N C A A TRACK AND BASKETBALL HONORS

Cal Poly's varsity basketball team and Mohinder Gill, a member of the college track and field team, joined the Mustang wrestling team in a frontal assault on National Collegiate Athletic Association championship honors last weekend.

The result was the fifth College Division championship in the last six years for the wrestling team, a third place finish in the NCAA College Division Western Region tournament for the basketball team, and an individual championship in the NCAA national indoor track and field championships for Gill.

Coach Neale Stoner's Mustang cagers dropped a hard-fought 81-69 decision to eventual champion University of Puget Sound in the first round of the tourney at Tacoma and then fought back to a 70-68 win over San Francisco State College to win the battle for third place.

Lewis Jackson, a senior guard, was the lone Cal Poly player to be named to the all-tourney team for the meet, which closed the 1970-71 season for the Cal Poly quintet. Last week's split gives the Mustang cagers a 17-11 record for the 1970-71 campaign.

Gill, who won the triple jump title in the NCAA University and College Division national outdoor championship meets last spring, outleaped a strong field to win that event at the NCAA's indoor championship meet in Detroit last weekend. His jump of 52-plus feet gave Cal Poly six points and a tie for eighth in team standings for the meet, which included both college division and university division athletes.

Details of the Cal Poly wrestling team's successful defense of its NCAA college division national championship appear on page one of this issue of Cal Poly Report.

FACULTY, STAFF INVITED TO ATTEND RECOGNITION LUNCHEON

Members of the college faculty and staff are invited to attend the recognition luncheon for members of the staff being planned for Friday (March 19), according to Mrs. Trudy Beck, a spokesman for the Staff Senate, which is sponsoring the event. College and auxiliary staff employees who have worked for the college for 10 years or more will receive special diplomas during the no-host buffet luncheon, which will begin at 12 noon in the Student Dining Room West. Gene Brendlin (Foundation Manager) will be the master of ceremonies. Reservations for the luncheon, which will cost \$1.50, may be made by telephoning 546-2431.

STUDENT COMMITTEE WILL DEVELOP SPRING FORUM SERIES

A five-man committee composed of Student Affairs Council members will develop a continuing series of forums to permit students, faculty, and administration to talk about issues and concerns at Cal Poly during the spring academic quarter which begins March 29. The committee was named by Tony Turkovich, vice president of the Associated Students, Inc.

The committee will work with concerned student groups on campus to develop a series of meetings at which college administrators, including President Robert E. Kennedy, will discuss subjects of concern both to students and faculty members. Turkovich said members of the committee are Russ Hurley, David Vaughn, Joe Martinez, Patricia Jane Aye, and Martin F. Forte.

PERSONNEL REVIEW COMMITTEE SCHEDULES MARCH 25-26 MEETINGS

The Personnel Review Committee of the Academic Senate will meet on March 25-26 to review promotion recommendations, according to George R. Mach (Mathematics Department) who is chairman of the committee. Cases where there is disagreement in the recommendations made by the department committees, department heads, and school deans, or where an individual has received all negative recommendations, will be reviewed by the group, which makes its recommendations to President Robert E. Kennedy.

Faculty members whose promotion recommendations are being reviewed are invited to contact members of the committee and to submit in writing to Dr. Mach any information which will assist the committee in its review. Dr. Mach said they may also request that he schedule for them an appearance before the committee on either March 25 or 26. During the week of March 22-26, mail, messages, telephone calls, and other contacts with the committee can be directed through Dr. Mach's office, M and HE-110, 546-2206.

Other members and alternate members of the Personnel Review Committee are Emmett Bloom (Animal Science Department), Robert Asbury (School of Architecture and Environmental Design), Dominic Perello (Economics Department), William V. Johnson (Music Department), George Hoffman (Industrial Engineering Department), Stuart Chestnut (Physical Education Department), Marcus Gold (Audio Visual Coordinator), and Terry Gomes, who is a student member.

Also Frank Thrasher (Crops Sciences Department), Charles Quinlan (School of Architecture and Environmental Design), Philip Overmeyer (Business Administration Department), Robert Boothe (Foreign Language and Linguistics Department), Enrico Bongio (Welding and Metallurgical Engineering Department), Edward Ernatt (Education Department), Leon Maksoudian (Computer Science and Statistics Department), Angelia Martinez (Public Services Librarian), and Richard Skidmore, also a student member.

HONORARY DEGREE WILL BE AWARDED TO IRVING STONE

Noted author Irving Stone will be awarded an honorary Doctor of Literature Degree by The California State Colleges at 8:15 p.m. on Monday (March 22) at the college system's Los Angeles headquarters. Stone will speak at the ceremony on "The Role of a Writer in a Troubled World."

Participating in the ceremony will be E. Guy Warren, chairman of the Board of Trustees of the State Colleges, and Chancellor Glenn S. Dumke. Invitations have been sent to Trustees, college presidents, community leaders, and literary figures.

Stone will be honored at the ceremony as a man of letters, a patron of the arts, and as an educator who has encouraged and fostered high literary attainments of others.

He served as a lecturer in The California State Colleges in 1966, and has also taught at the University of Southern California, University of Washington, University of Indiana and University of California, Berkeley.

Stone and retired Los Angeles attorney Benjamin B. Smith initiated the Founding Collection of art work for The California State Colleges in 1967. Mr. and Mrs. Stone have presented several paintings to the collection.

COMING EVENTS -- COMING EVENTS -- COMING EVENTS

Final Examinations -- Monday through Thursday, March 15-18, campus. Winter Quarter final examinations for all Cal Poly students.

Cal Poly Women's Club Home and Garden Section Meeting -- Wednesday, March 17, 10 a.m., 2361 Claranita Ave., Los Osos. Regular meeting of the section in the home of Mrs. Ben Polk; for directions to the Polk home, see the March issue of the Cal Poly Women's Club Flyer. Members invited.

Grand Council Fire -- Wednesday, March 17, 7:30 p.m., Men's Gymnasium. Annual awards ceremony for Camp Fire Girls from throughout San Luis Obispo; sponsored by the Natoma Council of Camp Fire Girls, Inc. Public invited.

End of Winter Quarter -- Thursday, March 18. Official close of the Winter Quarter for all members of the Cal Poly faculty and student body.

Agricultural Leadership Seminar -- Thursday through Saturday, March 18-20, all day, Erhart Agriculture Building Room 128. Seminar presented as part of the Agricultural Leadership Program for a selected number of young agricultural leaders from throughout California; sponsored by the Agricultural Education Foundation and hosted by Cal Poly's School of Agriculture and Natural Resources. By invitation.

Teachers Conference -- Thursday, March 18, all day, Music, Speech, and Drama Building. Conference on poverty in the schools for teachers from throughout the Central California area; sponsored by the State Department of Education, the San Luis Obispo County Office of Education, and Cal Poly's Education Department. By invitation.

Spring Academic Holiday -- Friday through Wednesday, March 19-24. Annual holiday between the Winter and Spring Quarters for Cal Poly students and faculty.

Mustang Invitational Speech Tournament -- Friday and Saturday, March 19-20, all day, campus. Third annual invitational speech and debate tournament for teams of students from colleges and universities throughout California; sponsored by Cal Poly's Speech Department. Public invited.

Commissioning Ceremony -- Friday, March 19, 10 a.m., Music, Speech, and Drama Building Room 218. Commissioning ceremony for students who are completing their degree studies and the U. S. Army Reserve Officers Training Corps program at Cal Poly; sponsored by the Cal Poly Military Science Department. Faculty, staff, students, and guests of the commissionees invited.

Staff Recognition Luncheon -- Friday, March 19, 12 noon, Student Dining Room West. No-host luncheon honoring members of the Cal Poly staff with 10 or more years of service; sponsored by the college Staff Senate. Faculty and staff invited; telephone 546-~~2482~~
2431 for reservations.

Varsity Golf -- Friday, March 19, 12:30 p.m., San Luis Obispo Country Club course. Cal Poly vs. Vandenberg Air Force Base. Public invited.

Varsity Baseball -- Friday, March 19, 2:30 p.m., Baseball Diamond near Poly Grove. Cal Poly vs. Sonoma State College. Public invited.

(Continued on Page 6)

OPEN ENROLLMENT PERIOD FOR P E R S HEALTH INSURANCE PLANS WILL BEGIN NEXT WEEK

The Board of Administration of the Public Employees' Retirement System has scheduled an open enrollment period for the State Employees' Medical and Hospital Care Program beginning next week and continuing through April 10, 1971. It will provide an opportunity for every eligible employee to enroll in a basic and/or major medical plan regardless of preexisting illness and without any physical examination or to change enrollment as prescribed by the regulations. Literature on all the plans will be campus mailed to each employee prior to the open enrollment period. Additional information may be obtained from the Personnel Office, 546-2236.

COMING EVENTS . . . (Continued from Page 5)

Varsity Track and Field -- Saturday, March 20, 11 a.m., new Track Field near Men's Gymnasium. Cal Poly vs. California State College at Fullerton and the Stockton Track Club. Public invited.

Varsity Baseball -- Saturday, March 20, 12 noon, Baseball Diamond near Poly Grove. Cal Poly vs. Sonoma State College, doubleheader. Public invited.

Cal Poly Women's Club Walking Section Meeting -- Tuesday, March 23, 9 a.m., Laguna Village Inn parking lot, San Luis Obispo. Meeting of the section for walk in the Laguna Lake area of San Luis Obispo. Members invited.

Cal Poly Women's Club Choral Section Meeting -- Tuesday, March 23, 8 p.m., 954 Montalban St., San Luis Obispo. "Talent Night" meeting of the section in the home of Mrs. Lloyd Dietrich. Members invited.

Registration for Classes -- Thursday and Friday, March 25-26, all day, Men's Gymnasium. Registration for Spring Quarter classes for Cal Poly students and faculty.

Cal Poly Women's Club Books and Music Section Meeting -- Thursday, March 25, 9:45 a.m., 213 Albert Dr., San Luis Obispo. Mrs. Richard Johnson will review several current books at the section's regular meeting in the home of Mrs. C. H. Gregory. Members invited.

Varsity Tennis -- Friday, March 26, 2:30 p.m., Tennis Courts adjacent to Men's Gymnasium. Cal Poly vs. Pomona College. Public invited.

Varsity Baseball -- Friday, March 26, 2:30 p.m., Baseball Diamond near Poly Grove. Cal Poly vs. Stanislaus State College. Public invited.

Varsity Tennis -- Saturday, March 27, 10 a.m., Tennis Courts adjacent to Men's Gymnasium. Cal Poly vs. Claremont-Mudd College. Public invited.

Varsity Baseball -- Saturday, March 27, 12 noon, Baseball Diamond near Poly Grove. Cal Poly vs. Stanislaus State College, doubleheader. Public invited.

Pop Concert -- Sunday, March 28, 8 p.m., Men's Gymnasium. Program of country rock music featuring vocalist Linda Ronstadt and Sweetwater, a country rock group; sponsored by the Assemblies Committee of Cal Poly's Associated Students, Inc. General admission tickets - college students, \$2; all others, \$3.

Classes Begin -- Monday, March 29, all day. First day of Spring Quarter classes for Cal Poly students and faculty.

SPRING QUARTER EXTENSION BULLETINS OFFERED BY CONTINUING EDUCATION OFFICE

Spring Quarter Extension Bulletins describing each of the courses scheduled and giving full information on registration and course schedules, are available now from the Continuing Education Office, Adm-311, 546-2053.

The Spring Quarter course list includes 30 courses, a jump of 10 scheduled courses from last quarter. The classes are in 17 departments and all offer regular college credit. Any adult who meets the course requirements may enroll at the first class meeting. Formal matriculation is not necessary.

Courses are scheduled throughout the Central Coast from Soledad in the north to Santa Barbara in the south. Communities where courses will be taught are Soledad, Paso Robles, Atascadero, San Luis Obispo, Morro Bay, Arroyo Grande, Santa Maria, Orcutt, Lompoc, Vandenberg, and Santa Barbara.

RONSTADT, SWEETWATER CONCERT WILL BRING NEW SOUND TO CAL POLY

When Linda Ronstadt and Sweetwater share billing in the Men's Gymnasium at 8 p.m. on Sunday, March 28, they will bring to Cal Poly the new sounds in rock. Linda Ronstadt, backed up by her own group, Swampwater, bridges the gap between country and rock music, and Sweetwater, a group that rose to prominence at an appearance at the first Griffith Park "love-in" in Los Angeles, plays country-rock with a melodic sound.

Linda Ronstadt grew up on country music in her home town of Tucson, Ariz. Her father was a guitarist. With Bobby Kimmel and Ken Edwards, she formed the Stone Poneys who recorded for Capitol. When Stone Poneys split up, she cut her own album, "Hand Sown Home Gown." Linda recently was signed by Screen Gems as hostess for a variety series planned for television next season.

Sweetwater creates its new sound with a flute, conga drums, cello, assorted keyboards, bass and standard drums. It has two albums on the Reprise label -- "Sweetwater" and "Just For You."

The public is invited and general admission tickets are on sale on campus at the Julian A. McPhee College Union and at five off-campus locations -- Brown's Music Store, Supersonic, Stereo-West, Ogden's Stationary, and Krasnow and Krasnow -- in San Luis Obispo. They are priced at \$2 each for college students and \$3 for all others.

LIBRARY WILL BEGIN USING NEW OVERDUE FEE SCHEDULE

A revised overdue fee schedule, devised for all the libraries in the state college system, will be implemented at the beginning of the Spring Quarter starting on March 29, 1971.

The new fee schedule raises the per item overdue fee on a regular two-week loan from 5 to 15 cents per day. Reserve books and periodicals will be charged 25 cents for the first hour and 25 cents for each additional hour overdue. Two-day and other short-term loans will be charged at the rate of 25 cents per day. The processing or service fee charged for lost materials was raised from \$1 to \$3.35 per item. The list price plus a \$3.35 processing fee will be charged per library item that is lost. Faculty members are exempt from overdue fees.

VACANT SUPPORT STAFF POSITIONS LISTED BY PERSONNEL OFFICE

Six vacant positions on the college support staff have been announced by S. Milton Piuma (Staff Personnel Officer). Descriptions of the positions, which may be filled by promotion or transfer of Cal Poly Staff only, are posted on the bulletin board located in the Personnel Office, Adm-111, 546-2236. Guidelines for filling the positions are also posted in the Personnel Office. The positions are:

Clerical Assistant II-A (\$457-\$556), Social Sciences Department, School of Business and Social Sciences. Duties include maintaining central department files of majors, typing, duplicating, collating, stapling, distributing materials, and miscellaneous office tasks. Applicants must have passed the General Clerical Test, type 45 wpm.

Clerical Assistant II-A (\$457-\$556), Records Office, Student Affairs Division. Duties include working with student records, assisting with registration, preparing of grades, etc. Applicants must have passed the General Clerical Test; must be high school graduates with one year of office experience desired and typing proficiency preferred.

Departmental Secretary II-B (\$562-\$683), Business Administration Department, School of Business and Social Sciences. Duties include supervising three full-time clerical assistants and two student assistants, and responsibility for all secretarial functions related to the department head office and the department of business administration. Applicants must be high school graduates with 3 years of experience. Cal Poly experience preferred.

Clerical Assistant III-B (\$562-\$683), Office of Information Services, Administration. Duties include working as secretary/receptionist for the office. Provides answers or referrals to continual inquiries from the public and students regarding campus activities and administration. Effective communication and attention to detail are essential. Types copy for Cal Poly Report, daily news releases, and college publications supervises student assistants. Applicants must have passed the General Clerical Test and be high school graduates with at least two years' secretarial experience. Some college desirable; publications or public relations experience helpful. Must type 45 wpm and take shorthand at 90 wpm.

Departmental Secretary I-B (\$517-\$628), Institutional Research Office, Academic Affairs. Duties and responsibilities include dictation and transcription of memoranda and reports, compilation and calculation of statistical data, typing statistical tables, screening phone calls and mail, office receptionist. Applicants should have several years of responsible clerical and stenographic work. Must be high school graduate with some college.

Administrative Assistant I (Working Title: Budget Officer) (\$863-\$1048), Business Director's Office, Business Affairs Division. Under supervision of director of business affairs, the budget officer is responsible for developing requests; analyzing, reviewing, making recommendations and finalizing the college's annual operating budget. Upon approval of the budget, would be responsible for coordinating the allocating, administering, and adjusting of the budget at the college level and maintaining effective liaison with the Chancellor's Office; would be responsible for carrying out of special assignments including studies and preparing reports. Applicants must have at least one year of professional experience beyond a training level involving the preparation, justification, and analysis or the control and administration of a budget or budgetary program. Equivalent to graduation from college desired, but experience may be substituted.

BUSINESS ADMINISTRATION MAJOR IS 1971 POLY ROYAL SUPERINTENDENT

Dave Wright of Fortuna, a senior business administration major, is serving as general superintendent of the 1971 Poly Royal -- the Cal Poly open house which has attracted more than 60,000 visitors in past years. Poly Royal will be held this year, on Friday and Saturday, April 23 - 24.

Wright, who was assistant general superintendent last year, directs an 18-student executive board in making general plans for the event which includes displays in the college's 46 instructional departments and special activities such as intercollegiate rodeos, horse shows, dances, a student carnival, band concerts, and the traditional barbecue. Preparations for Poly Royal will involve hundreds of students in school, departmental, and special activities committees.

The assistant superintendent is another Fortuna resident, Chris Barkdull, a senior agricultural business management major. She served as chairman of publicity for the 1969 and 1970 Poly Royals.

Other executive board members include Sandra Parsons, a junior home economics major, secretary; James L. Parsons, a senior farm management major, director of school events; William E. Metz, an animal science major, chairman of arrangements; and Mark Everts, a senior business administration major, chairman of special events.

Also, Richard Giacomini, a senior business administration major, chairman of publicity; Charles Simmons, a senior animal science major, rodeo chairman; William Cilker, a senior farm management major, and Andrew C. Wilson, a senior electronic engineering major, co-chairmen of the student carnival; and Larry Hopson, an architecture major, who is in charge of arrangements for the Poly Royal Queen.

BASEBALL, GOLF, TRACK TEAMS SLATE HOME EVENTS

Home events featuring Cal Poly's varsity baseball and track and field teams are at the top of the campus sports schedule for this week. Coach Augie Garrido's Mustang diamondmen have three games scheduled for Friday and Saturday (March 19-20) and Coach Steve Simmons' thinclads have a triangular meet slated for Saturday afternoon.

Sonoma State College will provide the opposition for the Cal Poly baseball varsity for a single game at 2:30 on Friday and a twinbill starting at 12 noon on Saturday. The Mustang nine, which opened its 1971 California Collegiate Athletic Association schedule with a pair of victories last week, now has an overall won-lost-tied record of 14-2-1. It beat San Fernando Valley State College 8-3 and California State College at Fullerton 7-3 last week.

Cal Poly's track and field varsity will meet Cal State at Fullerton and the Stockton Track Club when it returns to competition at 11 a.m., Saturday, on the new track field near the Men's Gymnasium. The Mustang track team, which won the 1970 NCAA's national College Division championship last spring, was idle last week while Coach Simmons and two members of the team were in Detroit for the NCAA national indoor championship meet.

The only other event on the campus sports calendar this week will find Coach Bill Hicks' varsity golfers playing host to the Vandenberg Air Force Base team on Friday. Starting time for that match, which is scheduled for the San Luis Obispo Country Club course, will be 12:30 p.m.

WHO . . . WHAT . . . WHEN . . . WHERE ? ? ?

James Hayes (Journalism Department) was instrumental in arranging for installation of a United Press International "Unifax" machine in the Journalism Department. A grant of \$800 from the San Francisco Examiner Benefit Fund made the installation possible. Availability of the new machine in the Graphic Arts Building makes regular use of UPI news photographs in Mustang Daily, the campus newspaper, possible.

Clyde Scott (Employment Representative, Personnel Office) recently participated in a one-day workshop on "Affirmative Action Programs" which was held recently at the University of Southern California. Some 50 representatives of colleges and universities, government, and industry attended the program. Discussed during the event, which was sponsored by the National Council of University Research Administrators, were equal employee opportunity regulations as they relate to minority employees.

Steven C. LaMarine (Instructional Materials Program) took part in the 35th annual meeting of the National Wildlife Federation, which took place in Portland, Ore. recently. He gave informal showings of the first two filmstrips from a set of five on ecology and the agricultural environment that are now being produced on campus. Included in the multi-media materials of the new set are recorded segments of speeches of Robert Stack, Walter Cunningham, and others given at the NWF conference.

Barry Whelchel (Personnel Analyst) is the author of an article titled "Informal Bargaining in Construction," which appeared in the February, 1971, issue of Industrial Relations. The paper reviews a study of the San Diego construction industry which disclosed clandestine agreements between contractors and construction workers to circumvent the provisions of collective bargaining agreements.

"Electronics in Ocean Science" is one of many topics that one Cal Poly student explored at the International Exhibition and Congress on the Exploitation of the Oceans in Bordeaux, France, last week. Carson T. Kalin, a sophomore majoring in farm management, attended the event at his own expense to further his own knowledge and interest in oceanography and its related sciences. Covered during the week-long congress were such topics as marine transportation and port development, air cushion vehicles and equipment, and industrial development of the seacoast.

Four Cal Poly students shared \$450 in cash awards for essays on engineering submitted during Engineering Week recently. The \$150 first prize for an essay by an engineering student went to John McCarthy, a transportation engineering major. A second prize of \$75 was earned by William T. Holmes, an aeronautical engineering major. In the division for non-engineering students, Warner Chabot, an architecture major, won the \$150 first prize and Thomas Beatty, a business administration major, won the \$75 second prize.

REGISTRATION ASSISTANCE OFFERED FOR FACULTY, STAFF MEMBERS

Faculty and staff members who expect to enroll for classes to be offered during the Spring Quarter received an offer of registration assistance from the Records Office last week. Those who plan to enroll should complete their registration books and leave them at the Registrar's Office, Adm-219, on or before Thursday (March 18). Any student (or staff member) who was not enrolled during the Fall or Winter Quarters must clear through the Admissions Office, Adm-206, before they can enroll for the Spring Quarter.

SERVATIUS WILL DELIVER COMMISSIONING ADDRESS

Owen L. Servatius (Head of the Business Administration Department) will deliver the principal address when eight Cal Poly students who have completed their bachelor's degree studies and the course of study for the U. S. Army Reserve Officers Training Corps are commissioned as second lieutenants in the U. S. Army on Friday (March 19) morning. The ceremony, to which members of the college faculty, staff, student body, and guests of the commissionees are invited, will take place in MSD-218 starting at 10 a.m. The ROTC program is an activity of the college Military Science Department.

INFORMATION ON ADMINISTRATIVE POSITIONS AT OTHER COLLEGES AND UNIVERSITIES AVAILABLE

Detailed information on the administrative positions at the colleges and universities listed below is available in the campus Placement and Financial Aids Office, Adm-213, 546-2501:

San Diego State College -- Dean of the College of Professional Studies, contact selection committee for further information.

State University College at Buffalo, New York -- Academic Vice President, annual salary \$31,000 to \$33,000 depending upon experience and background, earned doctoral degree desired.

University of Idaho -- Vice President for Administrative and Student Services, position available July 1, 1971.

CAMPUS VISIT PLANNED BY P E R S REPRESENTATIVE

Louis Larson, a Public Employees' Retirement System representative, will be on campus April 27, 28, and 29. Any employee who will be retiring in the near future and desires an appointment with Mr. Larson should contact the Personnel Office, Adm-111, by March 26.

RECORDS OFFICE WILL BE OPEN THIS SATURDAY MORNING

The college Records Office, Adm-222, will be open from 8 a.m. to 12 noon, on Saturday (March 20) to receive students' Winter Quarter grades from members of the faculty, according to an announcement issued by F. Jerald Holley (Director of Admissions and Records).

Typewritten copy intended for the next issue of Cal Poly Report must be received prior to 12 noon Friday, March 19, in the Office of Information Services, Administration-210.

encouraging notes

March 16, 1971

Here is a first-class Encouraging Note. President Kennedy has recently approved a change in CAM relating to the expenditure of the National Science Foundation Institutional Grant funds, and the money available from indirect costs of grants and contracts. Our overseas contracts are covered by another CAM policy. The exact wording of the revision has not yet been settled; we will publish it later. For the moment, it is important to announce that the Research Committee has money available for supporting research and creative activities of the faculty. The Office of Graduate Studies and Research has the application forms. The Committee is authorized to solicit proposals from the faculty for:

- a) research, development, or other scholarly and creative activities
- b) equipment and supplies
- c) travel to professional meetings
- d) publication costs
- e) other projects consonant with the educational functions and policies of the College

subject to the approval of the Academic Vice President.

Representative Albert Quie and ten co-sponsors have introduced a bill in the Congress, H. R. 5193, that would give colleges grants based on the number of baccalaureate degrees granted the previous year. The formula begins with \$500/degree for the first 200 degrees and slides down to \$100/degree for more than 2,000 degrees.

Don't hold your breath until this bill becomes law.

Last year the National Science Foundation announced a new program called Student Originated Studies. It had a budget of \$1.5 million, which is next to nothing for a national program. In spite of the heavy competition (there were 560 proposals requesting \$8.2 million), Cal Poly has a winner! John Robinson, a student in the School of Architecture and Environmental Design is the project director, and Mr. S. E. Swickard, an instructor in the School, is the faculty advisor. Seven other students from Social Sciences, Business Administration, Computer Science, and Transportation Engineering will be involved in a study of air transportation in the Antelope Valley. The grant is for \$10,530.

The Office of Education

has made awards to about 50 universities for National Defense Foreign Language Fellowships. About 750 fellowships are available for 1971-72. The languages are mainly non-Western European and languages from the Middle and Far East and Africa. Applicants must be working for an advanced degree and have some proficiency in the language. For details see the brochure in this office: Awards for Modern Foreign Language and Area Study 1971-72.

This office has a bulletin from the Organization of American States describing several opportunities to teach at all levels in Latin America. The programs are sponsored by many agencies, both public and private. You may read the bulletin in this office.

Department of Worthless Information

Normally, U.S. citizens who reside for a minimum period abroad are exempt from income tax. A recent note in College and University Reports called attention to the fact that Antarctica did not belong to any government. Therefore, it is not a foreign country and income earned there is taxable.
