1967 HOMECOMING FESTIVITIES PLANNED FOR THIS WEEKEND

Members of the Classes of 1916-1920 and 1960-1966 will be honored during 1967 Homecoming festivities on campus this Friday, Saturday, and Sunday (October 27-29). About 35 members of the Classes of 1916-1920 are expected to gather at their reunion and numerous members of the 1960-1966 classes, as well as other alumni, are also expected to attend the traditional activities.

More than 10,000 former students of Cal Poly have been invited to attend events which include the annual Queen's Luncheon to honor the 1967 Homecoming queen and other special activities. The Queen's Luncheon is planned for 11:45 a.m., Saturday, in the Staff Dining Room.

The Alumni Dinner, scheduled for 7:00 p.m. that evening, also in the Staff Dining Room, will feature an address by President Robert E. Kennedy and will honor Donald Van Harreveld, the college's "alumnus of the year" for 1967. Two breakfasts, one for members of the Classes of 1960-1966 and other alumni, and the other--an "Old-Timers" Breakfast--for members of the Classes of 1916-1920, will be held Sunday morning at 8:30 in the Staff Dining Room.

Homecoming Parade Scheduled Saturday

Other activities planned for Saturday include the Homecoming Parade through the business district of San Luis Obispo at 10:00 a.m., the Homecoming Football Game between Cal Poly's Mustangs and California State College at Long Beach that afternoon at 1:30 in Mustang Stadium, and the Coronation Ball in the Men's Gymnasium beginning at 9:00. Friday evening events include the Bonfire Pep Rally in the Grand Avenue Parking Lot at 6:30 p.m., and the College Union Assembly Concert by The Doors at 8:30 p.m. in the Men's Gymnasium.

Also scheduled Saturday morning are registration of alumni from 8:00 to 12:00 in the lobby of the Administration Building, open house in instructional departments throughout the campus from 9:30 to 12:00, and an intercollegiate horse show from 7:00 to 12:00 in Collett Arena.

OCTOBER PAY WARRANTS DUE NOVEMBER 1

November 1 is the first day of the new pay period and pay warrants of regular state employees will be available in the office of the Business Management Division, Room 114, Administration Building, on that date.

#### VAN HARREVELD NAMED "ALUMNUS OF THE YEAR"

Donald Van Harreveld of San Luis Obispo has been named Cal Poly's "alumnus of the year" for 1967 and will be an honored guest during annual Homecoming festivities on campus this weekend. A lifetime member of the Cal Poly Alumni Association and an employee of the Union Oil Company of California since his undergraduate days, he is presently manager of that firm's Northern Division Pipeline Department.

Van Harreveld, who received his BS degree in mechanical engineering in 1950, is a past president of the alumni association; a vestryman of St. Stephen's Episcopal Church, San Luis Obispo; and a member of Rotary International. In addition to his present duties, Cal Poly's alumnus of the year has been instrumental in establishing several major pipelines for Union Oil and was manager of its Southern Pipeline Department before assuming his present duties.

#### CAMPUS INAUGURATION COMMITTEE ISSUES CALL FOR ORGANIZATIONAL INFORMATION

Members of the Cal Poly faculty and staff have been asked to provide information about recognized learned societies and educational organizations to which they belong for use by the Inauguration Committee in developing invitation lists for the inauguration of President Robert E. Kennedy.

Those who belong to such groups are asked to provide such information so invitations to the inauguration can be sent, according to Roy E. Anderson of the Business Administration Department, chairman of the committee. Dr. Anderson said this week that it would be helpful if the name and address of the specific group, as well as the name of its national president, could be provided.

#### COMMITTEE ON FORMATION OF A SCHOOL OF ARCHITECTURE ANNOUNCES OPEN MEETING

The Faculty-Staff Council's Committee to Study the Formation of a School of Architecture has scheduled an open meeting from 11:00 a.m. to noon, Thursday (October 26), in the Staff Dining Room. Purpose of the meeting will be to obtain opinion of members of the college faculty and staff concerning creation of such a school. George Hasslein, head of the Architecture and Architectural Engineering Department, will present a resume of the case for creation of a School of Architecture at the beginning of Thursday's meeting. A period of free discussion will follow.

#### ADMINISTRATIVE VICE PRESIDENT SOUGHT AT KELLOGG-VOORHIS

The administrative vice-president's position at Cal Poly, Kellogg-Voorhis, is open, the post being filled only temporarily by Dr. Robert Maurer as acting administrative vice-president. President Robert C. Kramer of Kellogg-Voorhis has requested President Robert E. Kennedy to publicize the vacancy to those at San Luis Obispo and has supplied descriptions of the position which may be seen in the offices of the president and vice-presidents. Applications are to be made to President Kramer.

#### DEADLINE FOR ARTICLES APPEARING IN NEXT WEEK'S STAFF BULLETIN IS FRIDAY NOON

DEADLINES FOR REQUESTING AUDIO-VISUAL SERVICE LISTED

To assure satisfactory audio-visual service for instructors and to attempt to overcome in part the short supply of equipment, faculty members are asked by the Audio-Visual Department to meet deadlines which have been set for requesting use of its equipment. Requests for classes which meet before 1:00 p.m. must be made to the Audio-Visual Service Office before 5:00 p.m. of the previous class day. Requests for classes which meet after 1:00 p.m. must be made before 11:00 a.m. the day the class meets.

Instructors who cannot meet these deadlines may still arrange to use the desired items by having them picked up in the A-V Service Office. The pickup may be made by the instructor or by someone whom he authorizes. All items checked out from the A-V Service Office must be returned to that office by the borrower. Responsibility for items thus borrowed remains with the borrower until they are checked into the A-V Service Office. Long and disastrous experience has proved that having Audio-Visual Department employees pick up items which instructors have borrowed directly from the service office does not work.

C A T A REGION-AT-LARGE ANNOUNCES ANNUAL MEMBERSHIP DRIVE

The Region-at-Large of the California Agricultural Teachers Association is in the midst of its annual membership drive, according to an announcement received from James P. Webster of the Agricultural Engineering Department, who is secretary-treasurer of the group. Consisting of members of the Cal Poly faculty and staff who are former members of CATA or who are interested in furthering agricultural education, the Region-at-Large hosts quarterly meetings and other fellowship activities.

Those interested in affiliating with the CATA group may pay their dues, priced at \$1.00 for the year for associate members and \$3.00 for active vocational agriculture teachers, by contacting Webster in his office, Room 105, Agricultural Engineering Building, or by telephone by calling 546-2384.

"BOOKS AT HIGH NOON" PLANS REVIEW BY ART INSTRUCTOR

Bernard Dusek, an art instructor on the Education Department's faculty, will be the featured reviewer during the Books at High Noon luncheon program being planned for next Tuesday (October 31), starting at noon, in the Staff Dining Room. Topic of his review, which will be illustrated with slides, will be Gerald Hawkins' Stonehenge Decoded.

MEMBERS OF PHI KAPPA PHI INVITED TO AFFILIATE WITH CAMPUS CHAPTER

The campus chapter of Phi Kappa Phi has invited members of the Cal Poly faculty and staff who may have been elected to that society while at other colleges and universities to affiliate with it, if they have not already done so. Those interested in such a step are asked to contact Corwin W. Johnson, who is secretary of the chapter and head of the Crops Department, in his office, Room 130, Erhart Agriculture Building, or by telephone, 546-2489.

DEADLINE FOR ARTICLES APPEARING IN NEXT WEEK'S STAFF BULLETIN IS FRIDAY NOON

#### MEETINGS OF SECTION GROUPS PLANNED BY CAL POLY WOMEN'S CLUB

Meetings of four of the Cal Poly Women's Club's special interest groups are scheduled during the next several days, according to a calendar of activities issued by the club's Publicity Committee.

Among the meetings listed are that of the Book, Music, and Art Section this (Tuesday, October 24) evening, starting at 8:00 o'clock, in the home of Mrs. Emmett Bloom, 283 Lincoln, San Luis Obispo, and the Newcomers Section tomorrow (Wednesday, October 25) evening, beginning at 8:00 o'clock, in the home of Mrs. Byron Harrison, 1856 Corralitos, San Luis Obispo.

Also slated are meetings of the Walking Section, which will gather at Laurel Lanes Bowl, San Luis Obispo, at 9:00 a.m. next Tuesday (October 31) for a walk in the Shell Beach area, and the Bridge Section (including beginners), at 8:00 p.m., November 1, in Room 129 of Dexter Memorial Library. Those planning to take part in the Walking Section's Shell Beach trek are asked to bring a sandwich.

#### STAFF CLUB SLATES TALK BY HENSEL FOR LUNCHEON PROGRAM

"A Yankee in Dixie" will be the title of remarks to be made by Donald W. Hensel of the Social Sciences Department when he delivers the featured address for the weekly luncheon meeting of the Cal Poly Staff Club. The meeting, which is scheduled for noon, Thursday (October 26), will be in the Staff Dining Room. Dr. Hensel, who returned to his campus duties this fall after a sabbatical leave which took him through much of the southern and eastern United States, is expected to describe some of the racial conflict he saw there.

#### INFORMATION ON USE OF A T S S TELEPHONE SYSTEM

A memorandum issued recently by the head of a campus instructional department for information of his faculty and staff is worthy of repeating for benefit of the entire faculty and staff, according to College Business Manager Donald S. Nelson. Repeated here in its entirety, the memorandum reads:

"The yellow cards placed in boxes early this fall regarding the use of the Direct Distance Dialing and the Automatic Telecommunication Switching System need some clarification. Since the cards were published by the Pacific Telephone Company, it is understandable that no distinction was made between DDD and ATSS regarding cost.

"In DDD where the number dialed is preceded by the use of "9," regular long distance charges will be made for each call.

"In the use of ATSS where either the seven-digit (on-net) or the 10-digit (off-net) call is preceded by the use of the number "8," the charge per call is considerably less than when DDD is used. ATSS charges are approximately eight cents per minute for daytime calls and approximately 1-1/2 cents per minute for calls after 5:00 p.m."

#### DEADLINE FOR ARTICLES APPEARING IN NEXT WEEK'S STAFF BULLETIN IS FRIDAY NOON

WHO . . . WHAT . . . WHEN . . . WHERE ? ? ?

Leon F. Osteyee, head of Mechanical Engineering, attended a meeting of the statewide Engineering Liaison Committee in Goleta early this month. The committee, made up of representatives of the California State Colleges, University of California, and junior colleges, concerns itself with the future direction of engineering education in California.

Logan C. Carter, head of Soil Science, has been invited to participate in the working conference of the Commission on Education, Agriculture, and Natural Resources of the National Research Council in Washington, D. C., November 9-10. The meetings come just as Dr. Carter is putting final touches on the new degree major in natural resources management which will be offered by the School of Agriculture beginning next fall.

Roderick W. Carruthers, head of Printing Technology and Management, attended the 31st annual Pacific Newspaper Mechanical Conference in Phoenix, Ariz., earlier this month. While at the gathering he visited with Spencer Nesbitt of Mergenthaler Linotype Company, and Sam Cole and Bill Miller, both of the Compugraphic Corporation. All three are graduates of the printing department.

Harold J. Hendricks, Michael Hawes, and Donley J. Winger, all Electronic Engineering, took part in the meeting of the Santa Barbara Section of the Institute of Electrical and Electronics Engineers, held October 18, in Goleta.

Robert F. Hoover and Robert J. Rodin, both Biological Sciences, have furnished a number of sheets of botanical material to the University of California at Berkeley. They were provided for the university in exchange for 600 sheets of dried herbarium specimens which were collected by Richard McMinn, author of several books on trees and shrubs of California. The McMinn specimens have been added to the college herbarium resources.

Frank J. Hendel, Aeronautical Engineering, will be chairman of sessions on space science and present two papers during the Pacific Conference on Chemistry and Spectroscopy, Monday and Tuesday (October 30-31) in Anaheim. Titles of Dr. Hendel's papers are "Diminution of Fire Hazard in Manned Spacecraft and Orbiting Laboratories" and "Chemistry of the Upper Atmosphere and its Relationship to Hypersonic and Hypervelocity Gas Dynamics."

Ray Osborne, a senior journalism student, has been selected to represent Cal Poly at the national convention of the Public Relations Society of America in Philadelphia Pa., next month. Cal Poly is one of six colleges and universities in the nation named to send student representatives to the annual meeting of the professional public relations group. This is but the second year the society has invited students as its guests during its national convention.

Forty-five student leaders representing 18 of the California State Colleges and about 190,000 students took part in the quarterly conference of the California State College Student Presidents' Association on campus last weekend (October 20-22). Topics discussed during the conference included block booking of lecturers and entertainers, establishment of a statewide information center for matters of student interest, and establishment of an organizational newsletter.

INTERNATIONALLY-KNOWN OCEANOGRAPHER WILL ADDRESS SIGMA XI

An internationally-known oceanographer will be the featured speaker at a public meeting of the campus Society of Sigma Xi Club next Tuesday (October 31). The club's meeting, during which Dr. Willard J. Pierson, Jr., of New York University will speak, will be held in Room E-27 of the Science Building, beginning at 8:00 p.m. Members of the college faculty, staff, and student body, as well as the public, are invited to attend the program, which will be presented without admission charge.

Dr. Pierson, whose lecture is expected to be on the turbulence and wave motions of the ocean surface, is a graduate of New York University and University of Chicago. His current research includes development of a global wave forecasting method using a special radar aboard a polar-orbiting spacecraft to obtain data on initial wave conditions. He also is studying the integration of such information into the problem of specifying the velocity and pressure fields in air over surfaces of oceans.

SEMINAR ON DATA PROCESSING SCHEDULED FOR LATER THIS QUARTER

Plans for a seminar on data processing for members of the college faculty and staff have been announced by William Buschman, director of the Computer Center. The seminar, which will be given by employees of International Business Machines Corporation, is scheduled for later this quarter. Further information on the seminar is expected to be available in time for listing in next week's Staff Bulletin.

APPLICANTS FOR VACANCIES ON CAMPUS SUPPORT STAFF BEING SOUGHT

Applicants for four vacancies on the support staff of the Business Management Division are being sought this week by the Personnel Office. Among those listed in the announcement of vacancies are openings for two duplicating machine operators, a senior account clerk, and a stock clerk. The latter two positions are with the Accounting Department, while the former is with the Mimeograph Room. Those interested in learning more about any of these vacancies, or in making application for any of them, may do so by contacting the Personnel Office, Room 110, Administration Building.

PLACEMENT CALENDAR -- INTERVIEWS ON CAMPUS THIS WEEK

ROHR CORPORATION. G. J. Balkam, senior employment representative, will interview seniors in aero, IE, ME, and WM. (10/24)

MARYSVILLE JOINT UNIFIED SCHOOL DISTRICT. Leonard L. Larson, director of personnel, will interview teaching candidates for elementary positions and secondary positions in biological sciences, chemistry, English, industrial arts, math and any other teaching candidates interested in the Marysville area. (10/24)

LITTON INDUSTRIES, ELECTRON TUBE DIVISION. Robert J. Moore, industrial relations manager, will interview seniors in EL and physics. (10/24)

GENERAL ELECTRIC COMPANY. R. W. Coyle, E. L. Wyneken, and R. J. Skilton will interview December graduates in aero, chemistry, environmental engineering, EE, EL, IE, math, ME, physics, TA and WM for positions in marketing, manufacturing, or research, development and design, at all locations and activities throughout the United States. (10/24)

PLACEMENT CALENDAR (Continued from Page 6)

BETHLEHEM STEEL CORPORATION. Jerry J. Bentley, college relations representative, West Coast, will interview seniors in architectural engineering, business administration, EE, IE, ME, math, physics, TA and WM for the company's 1968 Loop Course, a training program which leads to careers in research, steel plant operations, sales, mining, accounting, and shipbuilding. (10/24)

TOUCHE, ROSS, BAILY AND SMART, Los Angeles. Tom Gogo, audit supervisor, and Julian R. Bockserman, coordinator of college recruiting, will interview seniors in accounting and engineering. (10/24)

CHEVRON CHEMICAL COMPANY, ORTHO DIVISION. A. Shields, branch sales manager, and Warren A. Wolfe, assistant branch manager, will interview seniors in ABM, biological sciences, and crops interested in a career in agricultural sales. (10/25)

NAVAL WEAPONS CENTER, CORONA LABORATORIES, and FLEET MISSILE SYSTEMS ANALYSIS GROUP, Corona. R. D. Orr will interview seniors in aero, EL, ME, and physics. (10/25)

WESTERN ELECTRIC COMPANY. Ed Austin, college relations representative, will interview seniors in EE, EL, IE, and ME for assignment as a manufacturing engineer, systems engineer, or military service engineer; seniors in math for assignment in design, development and application of computer equations, systems and programs, and/or operations research in various corporate and general business areas; and seniors in business administration (accounting, industrial relations, management and marketing) and technical arts for assignment in the Management Development Program with management and supervisors assignments. (10/25-26)

PACIFIC TELEPHONE AND TELEGRAPH COMPANY. J. R. O'Neill, college relations supervisor, and W. R. Rees, college relations supervisor, will interview seniors in all engineering majors for engineering at the management level, seniors in all applied arts and sciences for management and supervisory assignments, and seniors in math and physics for management assignments in many of the above types of work. In addition, Mrs. Mary Stocker, college employment representative, will interview senior women in all majors interested in careers in management. (10/25-26)

CONTINENTAL DEVICE CORPORATION. Pete Johnson, industrial relations manager, will interview seniors in EE, EL, IE, and ME and physics and chemistry. (10/26)

KIMBERLY CLARK CORPORATION. J. Calvin Young, industrial relations superintendent, will interview seniors in architectural engineering, business administration, chemistry, EE, IE, and ME. (10/26)

B F GOODRICH. James H. Johnson, personnel assistant, and A. R. Weber, plant manager, will interview seniors in chemistry interested in production and seniors in business administration, EE, IE, ME, and TA interested in production management. (10/26-27)

THE BOEING COMPANY. T. J. Johnston, chief, college relations; A. G. Sandona, senior personnel officer; and J. R. McGatlin, personnel engineer, will interview seniors in aero, EE, EL, environmental engineering, IE, ME, math, physics, and WM. (10/26-27)

ZELLERBACH PAPER COMPANY. Robert G. Goldstein, personnel manager, and Paul H. Leiber, sales manager, Printing Paper Department, will interview seniors in all engineering majors, printing, business administration, and other applied arts majors. (10/27)

PLACEMENT CALENDAR (Continued from Page 7)

CESSNA AIRCRAFT COMPANY, MILITARY DIVISION. Roger E. Winn, professional placement, will interview seniors in aero, architectural engineering, EE, and ME. (10/27)

SQUARE D COMPANY, Los Angeles. L. F. Dudley, administrative and personnel manager, will interview seniors in EE, EL, IE, and ME for positions in design, development, research, production, field sales, and application engineering. (10/27)

ARMSTRONG RUBBER COMPANY, Hanford. Lionel V. Talbot, personnel administrator, will interview seniors in chemistry, EE, IE, math, ME, and TA for positions at the Hanford facility. (10/27)

ARMY MEDICAL SPECIALIST CORPS. Capt. Frances N. Yokoi, Army Medical Specialist Corps personnel counselor, will interview men and women students with home economics, biological sciences, or PE majors for positions in the fields of occupational therapy, physical therapy, and dietetics. (10/30)

W.T. GRANT CO. Leonard N. Block, college representative, will interview seniors in business administration and all other majors interested in Grant's management training program. (10/30)

ROBERTSHAW CONTROLS COMPANY, Grayson Controls Division, Long Beach. O. V. Pope, director of industrial relations, and D. L. Wheeler, director of industrial and plant engineering, will interview seniors in business administration, IE, and TA. (10/30)

SAN FRANCISCO BAY NAVAL SHIPYARD. D. Bottenberg, team leader; K. J. Pieper; and W. D. Drowne, will interview seniors in all engineering majors. (10/30)

TEXACO, INC. J. T. Tippit, assistant plant manager, Refining Department, Wilmington, Calif., will interview seniors in EE, IE, ME, and TA for positions in production, refining and sales. (10/30)

FIBREBOARD CORPORATION. Richard C. Volberg, personnel manager, will interview seniors in business administration for positions in accounting and sales, and EE, IE, and ME for engineering positions, and printing. (10/31)

GREEN GIANT COMPANY. Charles Calleros, manager of operations services, Watsonville, will interview seniors in ABM, agricultural engineering, MA, biological sciences, business administration, chemistry, food processing, IE, OH, and soil science for positions located throughout the United States in the areas of production, research, quality control, engineering, and sales. (10/31)

HUNT-WESSON FOODS, INC. Jerry Williams, professional staffing specialist, will interview seniors in chemistry, IE, and ME. (10/31)

INTERNATIONAL TELEPHONE AND TELEGRAPH CORPORATION. J. Delancey, supervisor of employment, ITT Gilfillan, will interview seniors in EE, EL, IE, and physics. (10/31)

HUMBLE OIL AND REFINING COMPANY, ESSO PRODUCTION RESEARCH COMPANY, ESSO RESEARCH AND ENGINEERING COMPANY, and ENJAY CHEMICAL CO. J. L. Murray, engineering recruitment representative, will interview seniors in architectural engineering, EE, IE, and ME. (10/31-11/1)

CAMPUS CALENDAR -- WEEK OF OCTOBER 24-31, 1967

Tuesday, October 24

Noon	Books at High Noon Luncheon Program	S D R *
8:00 p.m.	Cal Poly Women's Club - Book, Music, and Art Section Meeting	San Luis Obispo *

Wednesday, October 25

8:00 p.m.	Cal Poly Women's Club - Newcomers Section Meeting	San Luis Obispo *
-----------	---	-------------------

Thursday, October 26

11:00 a.m.	Committee to Study the Formation of a School of Architecture Open Meeting	S D R *
Noon	Cal Poly Staff Club Luncheon Program	S D R *

Friday, October 27

2:00 p.m.	Freshman Football - Cal Poly vs. University of California at Santa Barbara	Mustang Stadium
4:00 p.m.	Varsity Water Polo - Cal Poly vs. California State College at Fullerton	Natatorium
6:30 p.m.	Homecoming-Bonfire and Pep Rally	Parking Lot S-6 *
8:00 p.m.	Homecoming-College Union Assembly Concert - The Doors	Men's Gym

Saturday, October 28

7:00 a.m.-Noon	Intercollegiate Horse Show	Collett Arena *
8:00 a.m.-Noon	Homecoming-Registration for Returning Alumni	Admin. Bldg. *
9:30 a.m.-Noon	Homecoming-Open House in Instructional Departments	Campus *
11:00 a.m.-Noon	Varsity Water Polo - Cal Poly vs. California State College at Long Beach	Natatorium
11:45 a.m.	Homecoming-Queen's Luncheon	S D R *
1:30 p.m.	Homecoming Football Game - Cal Poly vs. California State College at Long Beach	Mustang Stadium *
10:30 a.m.	Varsity Soccer - Cal Poly vs. University of Southern California	Athletic Field
7:00 p.m.	Homecoming-Alumni Dinner	S D R *
9:00 p.m.	Homecoming-Coronation Ball	Men's Gym *

Sunday, October 29

8:30 a.m.	Homecoming-Old-Timers Breakfast	S D R *
8:30 a.m.	Homecoming-Breakfast for Other Alumni	S D R *

Tuesday, October 31

9:00 a.m.	Cal Poly Women's Club - Walking Section Meeting	San Luis Obispo *
Noon	Books at High Noon Luncheon Program	S D R *
