O H GRAD IS 1968 "ALUMNUS OF YEAR"

Ronald D. Regan, a 1950 ornamental horticulture graduate, has been named Cal Poly's Alumnus of the Year for 1968. He will be honored guest at 61st annual Homecoming festivities, which are scheduled for Oct. 25-26.

Regan's recognition credits his role in the revitalization of agricultural instruction in the Los Angeles City Schools. He joined the Los Angeles City Schools system in 1959 as a vocational agriculture instructor at Cleveland High School. In 1964 he became supervisor of agricultural education in the Los Angeles City Schools system. At the time, agricultural instruction programs in the system were diminishing and vocational aspects were being de-emphasized.

Under Regan's direction, vocational orientation of agricultural instruction was revived and offerings expanded. Today, 24 Los Angeles city high schools have vocational agriculture departments. To compensate for the lack of opportunities to provide practical experience to agricultural students in the schools, Regan developed a mobile turf maintenance laboratory which is made available to individual agricultural instructors for a week at a time. He is also an advocate of landscaping values as a member of the Los Angeles Beautiful Committee.

Planning for 1968 Homecoming festivities is presently being finalized. Among the events being planned are a bonfire and pep rally on Wednesday (Oct. 23) evening, and a concert by recording star Ray Charles and a dance on Thursday and Friday (Oct. 24 and 25) evenings, respectively. Scheduled for Saturday (Oct. 25) are the Homecoming parade, Homecoming football game, queen's luncheon, alumni banquet and social hour, and coronation ball.

ARCHITECTS NAMED FOR CAL POLY PROJECTS

Trustees of the California State Colleges, meeting in Los Angeles on September 25-26, designated the following project architects for Cal Poly:

Office of Architecture and Construction for remodeling Science Building I, relocation of baseball field, physical education facility swimming pool, and 1969 utilities.

Anthony M. Guzzardo and Associates for 1969 site development.

Fred Keeble and George Rhoda, Architects, for residence dining facilities in Phase III.

Joseph Esherick and Associates, Inc., for college dining hall conversion.

A I D FUND DRIVE SCHEDULED

Faculty and staff of the college are again being urged to support AID-United Givers, the combined charitable fund drive for San Luis Obispo County. President Robert E. Kennedy, who is chairman of the 1968 campaign for contributions among state employees working in San Luis Obispo County, said last week the campus effort would be Oct. 21 through 31.

"Cal Poly people have always distinguished themselves by giving of themselves and their talents to the many endeavors throughout the communities of this county," Dr. Kennedy pointed out in his announcement of the 1968 campaign. "I am now asking that we again unite with our neighbors in making this year's drive a tremendous success so that assistance might be made available to a greater number of the disadvantaged members of our communities."

The AID-United Givers program, which is the only one authorized for payroll deductions in this area, contributes funds to 14 different community service organizations in the county. They are Achievement House, American Cancer Society, American Red Cross, Boy Scouts of America, Camp Fire Girls, Children's Home Society of California, Crippled Children's Society, Family Service Center, Girl Scouts of the U.S.A., Heart Association, Mental Health Association, Muscular Dystrophy, Salvation Army, and the Young Men's Christian Association.

As part of the 1968 campaign effort, the state controller has distributed pre-identified pledge cards for every employee of the college. Purpose of the card is to facilitate processing pledges for those who wish to use the monthly payroll deduction plan. The same cards, however, may be used by those who wish to make a one-time donation.

To make certain that every member of the campus community will have an opportunity to participate in the campaign, the campus has been divided into areas of 20 employees each. Captains for each area have been appointed by President Kennedy and are responsible for seeing that each employee is contacted during the campaign period. They will distribute the pledge cards and other information and will be available to answer questions. The pledge cards will be picked up and returned to the Personnel Office at the conclusion of the fund drive.

REFRINTS OF DUMKE INTERVIEW AVAILABLE

Reprints of an interview with Glenn S. Dumke, Chancellor of the California State Colleges, are being distributed in the campus mail. The interview, entitled "Campus Violence--Crackdown Coming," appeared in U.S. News & World Report, Sept. 23, 1968. A few additional copies are available in the Office of Information Services (Adm. 210).

MUSTANG FOOTBALLERS PREPARE FOR FRESNO STATE ENCOUNTER

Head Coach Joe Harper's Mustang varsity football team, fresh from a convincing 31-0 thumping of California Western University in San Diego last week, are in the midst of preparation for their 1968 encounter with traditional rival Fresno State College. That game, scheduled for Saturday (Oct. 19) evening in Fresno, will be the first of the California Collegiate Athletic Association schedule for the Cal Poly eleven, which now owns a 3-1 won-lost record for 1968. Fresno State, which walloped San Fernando Valley State College 35-12 last weekend, is now 2-2.

FACULTY PROMOTIONS ANNOUNCED

President Robert E. Kennedy has announced the following faculty promotions for the 1968-69 college year. All are to the first step of the new rank, effective Sept. 1, 1968, except where otherwise indicated.

School of Agriculture:

Duane Seaberg	Agricultural Management	Senior Vocational Instructor
Edgar J. Carnegie	Agricultural Engineering	Senior Vocational Instructor
Gerald Westesen	Agricultural Engineering	Senior Vocational Instructor
Frank W. Fox	Animal Husbandry	Principal Vocational In- structor
John V. Stechman	Animal Husbandry	Senior Vocational Instructor
Dr. Robert Wheeler	Animal Husbandry	Senior Vocational Instructor
James Klaustermeyer	Crops	Senior Vocational Instructor
Wesley Conner	Ornamental Horticulture	Senior Vocational Instructor
Raymond V. Leighty	Soil Science	Senior Vocational Instructor

School of Applied Arts:

Lawrence Baur	Business Administration (Effective 1-1-69)	Senior Vocational Instructor
Philip Overmeyer	Business Administration	Principal Vocational In- structor
Walter Rice	Business Administration	Senior Vocational Instructor
Roger Sherman	Business Administration	Senior Vocational Instructor
Faud Tellev	Business Administration	Principal Vocational In- structor
Dr. Edward Ernatt	Education	Senior Instructor II
Mrs. Erna Knapp	Education	Senior Instructor I
Dr. Bernice Loughran	Education	Principal Instructor II
Dr. Harry Scales	Education	Senior Instructor II
Dr. Robert Sorensen	Education	Senior Instructor II
Mrs. Elizabeth Anderson	English (Effective 1-1-69)	Senior Instructor I
Miles Johnson	English	Senior Instructor I
Willard Pederson	English	Principal Instructor I
James Peterson	English	Senior Instructor I
Vincent Gates	Journalism	Principal Vocational In- structor
John Healey	Journalism	Principal Vocational In- structor
Ronald Ratcliffe	Music	Senior Instructor I
Edward Jorgensen	Physical Education	Principal Instructor I
Miss Mary Stallard	Physical Education	Senior Instructor I
Rod Carruthers	Printing Technology and Management	Senior Vocational Instructor
Keith Nielsen	Speech	Senior Instructor I

School of Applied Sciences:

Dr. Tracey G. Call	Biological Sciences	Senior Instructor II
Dr. Aryan I. Roest	Biological Sciences	Principal Instructor II
Dr. Shirley R. Sparling	Biological Sciences	Senior Instructor II

(Continued on Next Page)

FACULTY PROMOTIONS (Continued from Preceding Page)

School of Applied Sciences (Contd.):

Dr. William Stansfield	Biological Sciences	Senior Instructor II
Dr. Howard D. Walker	Chemistry	Principal Instructor II
Sabah Al-hadad	Mathematical Sciences	(Effective Intermediate Instructor I, 1-1-69) Step 4
John H. Lowry	Mathematical Sciences	Senior Instructor I
Dr. Herman Voeltz	Social Sciences	Senior Instructor II

School of Architecture:

William H. Brown	Architecture	(Effective Principal Vocational In- 2-1-69) structor
------------------	--------------	---

School of Engineering:

Alexander Landyshev	Electrical Engineering	Principal Vocational In- structor
Thomas T. L. Chou	Electronic Engineering	Senior Vocational Instructor
Dr. Harold Cota	Environmental Engineering	Senior Vocational Instructor
Rodney Keif	Environmental Engineering	Principal Vocational In- structor
Kenneth Kimball	Industrial Technology	Senior Vocational Instructor
Laurence Talbott	Industrial Technology	Senior Vocational Instructor
Laurence H. Carr	Mechanical Engineering	Senior Vocational Instructor
Roger Keech	Mechanical Engineering	Senior Vocational Instructor
Orien Simmons	Welding and Metallurgical Engineering	Principal Vocational In- structor

Student Affairs Division:

Dr. Lorraine Howard	Counseling	Senior Instructor II
Walter Walker	Counseling	Senior Instructor I

Academic Administration:

Dr. James Simmons	Associate Dean, School of Applied Arts	Senior Instructor II
Howard West	International Education	Principal Vocational In- structor

GANDHI ESSAY CONTEST OPEN TO STUDENTS, OTHERS

Two prizes for students and two for the general public are being offered by the Gandhi Centenary Celebrations for essays in English, French, Spanish, Russian, or Arabic. Essays up to 8,000 words must be submitted by Jan. 31, 1969, to the Embassy of India, Washington, D.C. Further details of the competition, open only to non-Indian nationals, are available in the Library and from the Office of Information Services (Adm. 210). The Chancellor's Office has urged a good response by California students and others who are eligible to enter.

CAL POLY GETS COMMITTEE SUPPORT IN PROPOSITION 3 LEAFLET

A STATEWIDE COMMITTEE SEEKING PASSAGE OF PROPOSITION 3 IN THE NOVEMBER GENERAL ELECTION HAS FEATURED CAL POLY IN A LEAFLET SUPPLIED TO THE SAN LUIS OBISPO CITIZENS COMMITTEE WHICH IS WORKING TO BRING ABOUT PASSAGE OF THE BOND ISSUE CONTAINED IN THE PROPOSITION. THE CONVENIENT INFORMATION SHEET (BOTH SIDES SHOWN BELOW) IS AVAILABLE IN QUANTITIES FOR INDIVIDUALS AND GROUPS WHICH WISH TO SUPPORT THE CAMPAIGN BY DISTRIBUTION OF THE MATERIAL AS A FLYER IN MAILINGS, ON COUNTERS, OR AT MEETINGS. COPIES ARE AVAILABLE FROM THE SAN LUIS OBISPO COUNTY CITIZENS' COMMITTEE FOR 'YES' ON PROPOSITION 3, 297 SANTA ROSA STREET, ACCORDING TO ALBERT S. MARIARTY, JR., CHAIRMAN, AND FROM THE OFFICE OF INFORMATION SERVICES (ADM. 210).

Will The Doors to California's Schools, Colleges, and Universities Remain Open?

yes
IF PROPOSITION

3

PASSES

Proposition 3 is the \$250 million bond issue on the November ballot to provide urgently needed facilities for urban schools, state colleges and university campuses

At Cal Poly, San Luis Obispo

California State Polytechnic College, San Luis Obispo, has more at stake in Proposition 3 than any of the other 18 California State Colleges. It will receive the largest share of the bond issue to be realized for higher education's capital outlay of all the California State Colleges. Cal Poly's allotment to be realized from the bonds will amount to \$14,647,000, to be augmented by matching Federal funds. Cal Poly will construct four major buildings:

- Engineering South, \$5,169,000.
- Classroom Building No. 3, \$3,165,000.
- Life Science Building, \$2,230,000.
- Library, \$6,783,000.

Work on the Engineering Building will begin in 1969-70; the other three buildings will be started in 1970-71.

Bob Hope • Robert H. Finch • Hugh M. Burns
Alan Cranston • Max Rafferty • Joseph Alioto
Sam Yorty • Simon Ramo • Edgar Kaiser
Thomas M. Bradley

They All Agree...Yes on 3

Why is Proposition 3 necessary?

Enrollment in California's system of public higher education increases by 14,000 students every year. We must provide classrooms for them.

How will the funds be used?

- \$100 million for construction on the nine campuses of the University of California.
- \$100 million for construction on the nineteen California State College campuses.
- \$50 million to repair run-down, dilapidated urban schools.

Should bonds be used for construction?

We are moving toward pay-as-you-go in construction for higher education, but meanwhile bonds should be used for the same reason that you mortgage your house or buy a car on time.

Is Proposition 3 a partisan measure?

No. It was passed by the Legislature with both Democratic and Republican support and was signed by the Governor. It is backed by the leaders of both parties.

What will Proposition 3 cost?

Average cost per person per year during the 25-year life of the bonds will be about 50 cents.

Why Build Now?

Delay is costly. Construction costs rise at the rate of 5% annually. Bond money is currently available at 4½ %.

Citizens Committee for "Yes" on Proposition 3

Suite Three, 2100 North Sepulveda Boulevard
Manhattan Beach, Calif., 90266 • Telephone: (213) 379-2468

Honorary Chairmen: Mr. Bob Hope, Hon. Robert H. Finch
Chairmen, Southern California: Dr. Simon Ramo,
Hon. Thomas M. Bradley
Chairman, Northern California: Mr. Edgar Kaiser

C S E A CHAPTER JOINS GROUPS SUPPORTING PROPOSITION 3

Directors of the campus chapter of the California State Employees' Association are among four San Luis Obispo County organizations that have joined similar groups from throughout California in their official endorsement of Proposition 3, the \$250 million college, university, and public school construction bond measure which will appear on the General Election ballot next month. The others are the Board of Directors of the San Luis Obispo Chamber of Commerce, Plumbers and Steamfitters Union 403, and the San Luis Obispo Building Trades Council.

All four groups pointed, in their resolutions, to the nearly \$15 million in funds from the proposed bond issue which would be used for development of new instructional facilities at Cal Poly and to the college's need for facilities to handle its mushrooming student body. Among the buildings that will be constructed at the college if voters approve the bond issue are an engineering building, a classroom building, a life science building, and a library building.

Among groups throughout the state which have endorsed the proposition are:

California Congress of Parents and
Teachers Associations
Board of Directors of the California
State Employees' Association
California Teachers Association
California Medical Association
California State Chamber of Commerce
California Federation of Labor,
AFL-CIO

Trustees of the California State
Colleges
Regents of the University of California
California Association of School Ad-
ministrators
International Brotherhood of Electri-
cal Workers
California College and University
Faculty Association

NOVEMBER HOLIDAY SCHEDULE REPORTED

Holidays during November will not include Nov. 5 (General Election Day), according to Larry Voss (Director of Personnel Relations). Instead, Friday, Nov. 29, has been established as a college holiday. The schedule will permit staff members to plan Thanksgiving weekends or to elect to work on Friday, Nov. 29, and thus save CTO (Compensating Time Off) credits for another time.

The November schedule is as follows:

Tuesday, Nov. 5 (General Election Day). Scheduled workday.
Monday, Nov. 11 (Veteran's Day). College holiday.
Thursday, Nov. 28 (Thanksgiving Day). College holiday.
Friday, Nov. 29 ("In-Lieu-Of" Day). College holiday.

The CTO credit for Nov. 5 will apply to all non-academic, B-10, and B-12 personnel. Employees who do not have CTO credit to permit time off on Nov. 29 may use available vacation credit or make arrangements to work on this day.

CAMPUS GROUPS ANNOUNCE DINNER DANCE FOR NOVEMBER

Dansk Hostfest (Danish Harvest Festival) will be the theme for a dinner dance to be staged Nov. 15 by the Cal Poly Staff Club and the Cal Poly Women's Club. Sale of tickets for the event, which is scheduled for 7 p.m. to 12 midnight at the Elks' Club in San Luis Obispo, will begin soon, according to an announcement from the sponsoring groups.

RATCLIFFE CONCERT SLATED FOR THURSDAY

Compositions by five 17th Century composers have been programmed for the College Hour Concert by Harpsichordist Ronald V. Ratcliffe, which is scheduled for 11 a.m. Thursday (Oct. 17) in the Cal Poly Theater. Included are the work of G. F. Handel, J. S. Bach, J. Kuhnau, J. P. Rameau, and D. Scarlatti.

Ratcliffe (Senior Instructor), a member of the faculty of the Music Department, which is sponsor of the College Hour-Concert series, is well known as a concert pianist and harpsichordist in this area as well as throughout California and the West Coast. He has been a frequent soloist and featured performer for campus concerts for the past five years. In addition, the Cal Poly faculty member has performed with the Spokane Symphony Orchestra, the Bakersfield Philharmonic Orchestra, and as a guest on the former "Stan Kenton Show" on national television.

Numbers programmed for Thursday morning's concert, which will be presented without an admission charge, include the air and variations from the "Harmonious Blacksmith" portion of Handel's "Fifth Suite in E Major;" two preludes and fugues from Bach's "Well Tempered Clavier;" Kuhnau's "The Combat of David and Goliath;" Rameau's "Les Cyclops;" and two Scarlatti sonatas.

SET POLICY ON EMPLOYMENT OF RELATIVES

A revision of the college policy on employment of relatives has been announced by President Robert E. Kennedy, and will be incorporated in the new College Administrative Manual being prepared. Under the new policy, concurrent employment of close relatives within the college and official auxiliary enterprises is not encouraged, but may be authorized when in the best interests of the college.

A close relative is defined as a son, daughter, brother, sister, mother, father, husband, or wife. The new regulations bar appointments or reappointments of close relatives in the same department or under the supervision of a relative. Further information is available from Larry Voss (Director of Personnel Relations).

JUNIOR COLLEGE ARTICULATION CONFERENCE SET FOR NOV. 8

Invitations are being extended to some 88 California junior colleges to send representatives to a Junior College Articulation Conference to be held on campus Friday, Nov. 8. The purpose of the conference is to provide junior college administrators, counselors, and interested faculty with information about Cal Poly courses and programs and how they relate to the needs of today's transfer students.

Each of the college's five instructional schools and the counseling center will make presentations during the morning session of the conference. The afternoon has been set aside for the junior college visitors to meet with school or department faculty, tour the campus, and/or meet with their former students.

All departments are encouraged to invite junior college personnel to the conference. Individual faculty members may also recommend persons to be invited. Names should be given to Don Coats, Associate Dean, Educational Services, prior to Friday, Oct. 18.

COMING EVENTS -- COMING EVENTS -- COMING EVENTS

Photo Exhibit -- Now through Nov. 3, during regular open hours, Dexter Memorial Library foyer. Exhibit of work by artist Robert Capa titled "Image of War" sponsored by the College Union Fine Arts Committee. Public invited.

Books at High Noon Luncheon -- Tuesday, Oct. 15, 12 noon, Staff Dining Room. Michael J. O'Leary (Senior Instructor) of the faculty of the Social Sciences Department will review John Updike's book "Couples." Public invited.

Varsity Soccer -- Tuesday, Oct. 15, 3:30 p.m., athletic field. Cal Poly vs. University of California at Santa Cruz. Public invited.

Cal Poly Women's Club Garden Section -- Wednesday, Oct. 16, 9:30 a.m., 617 Al Hil Drive, San Luis Obispo. Roger S. Bailey (Senior Instructor) of the faculty of the Education Department will discuss ceramics. Members and guests invited.

Nutrition Lecture -- Wednesday, Oct. 16, 7:30 p.m., Engineering East Building, Room 128. Lecture titled "Nutrition and Growth: Energy Needs and Effects of Disease" by Dr. Malcolm A. Holliday of University of California School of Medicine, presented under joint sponsorship of the campus chapter of Beta Beta Beta biological sciences society and American Medical Association.

Harpsichord Concert -- Thursday, Oct. 17, 11 a.m., Cal Poly Theater. College Hour Concert Series program featuring Harpsichordist Ronald V. Ratcliffe (Senior Instructor) of the music faculty, sponsored by the Music Department. Public invited.

Society of Sigma Xi Meeting -- Thursday, Oct. 17, 11 a.m., Science Building, Room E-26. Control systems will be the subject of a talk by W. F. Horton (Principal Instructor) of the Electrical Engineering Department faculty. Also planned is election of officers. Members and guests invited.

Cal Poly Staff Club Luncheon -- Thursday, Oct. 17, 12 noon, Staff Dining Room. James G. Davis, assistant area manager for the California State Department of Parks and Recreation, will speak and show motion pictures on the areas of Hearst Castle which have recently been opened to the public. Members and guests invited.

Varsity Water Polo -- Thursday, Oct. 17, 3 p.m., swimming pool. Cal Poly vs. San Francisco State College. Public invited.

Foreign Student Picnic -- Saturday, Oct. 19, 11:30 a.m., Poly Grove. Annual picnic for Cal Poly foreign students sponsored by Cal Poly Women's Club. Members of club, their families, and foreign students invited.

Varsity Cross Country -- Saturday, Oct. 19, 1 p.m., start and finish at rear of Men's Gymnasium. Cal Poly vs. San Jose State College. Public invited.

Cal Poly Bull Sale -- Monday, Oct. 21, 11 a.m., Livestock Pavilion. Annual auction sale of range and trial bulls jointly sponsored by Cal Poly and the Tri-County Hereford Breeders Association. Public invited.

Cal Poly Women's Club Bridge Section -- Monday, Oct. 21, 8 p.m., Dexter Memorial Library Building, Room 129. Tables available for both beginning and experienced players. Members and guests invited.

COMING EVENTS -- COMING EVENTS (Continued from Preceding Page)

Cal Poly Women's Club Walking Section -- Tuesday, Oct. 22, 9 a.m., parking lot, College Square Bank of America, San Luis Obispo. Walk in the feedmill area of the Cal Poly campus. Members and guests invited.

Books at High Noon Luncheon -- Tuesday, Oct. 22, 12 noon, Staff Dining Room. Dale W. Andrews (Vice President for Academic Affairs) will review Dr. Kenneth H. Cooper's widely-read book, "Aerobics." Public invited.

Lecture on Teaching -- Tuesday, Oct. 22, 4 p.m., Science Building, Room E-27. Theodore Harding, principal of Morro Bay High School, will present a lecture on secondary school teaching under sponsorship of the Social Sciences Department. Those interested are invited to attend.

Cal Poly Women's Club Books, Music, and Art Section -- Tuesday, Oct. 22, 8 p.m., 213 Albert Dr., San Luis Obispo. Talk on "A New Look at Marriage" will be presented by Bruce Tjaden, a minister on the Campus Christian Center staff. Members and guests invited.

Bonfire and Pep Rally -- Thursday, Oct. 23, 7:30 p.m., near rear of Men's Gymnasium. Traditional rally for Cal Poly students during which results of the election for the college's 1968 Homecoming queen will be announced. Sponsored by Associated Students, Inc. Public invited.

Cal Poly Women's Club Newcomers' Section -- Wednesday, Oct. 23, 8 p.m., Dexter Memorial Library, Room 129. Talk on "Things to See and Do in this Area" will be given by Mrs. Harmon Toone. Members and guests invited.

Cal Poly Staff Club Luncheon -- Thursday, Oct. 24, 12 noon, Staff Dining Room. Guest speaker will be Cal Poly Alumnus of the Year, Ronald D. Regan, who is supervisor of agriculture for Los Angeles City Schools. Members and guests invited.

Varsity Water Polo -- Thursday, Oct. 24, 3 p.m., swimming pool. Cal Poly vs. Cerritos College. Public invited.

Ray Charles Concert -- Thursday, Oct. 24, 8 p.m., Men's Gymnasium. Concert by popular recording artist Ray Charles and his orchestra sponsored by Cal Poly's College Union Assemblies Committee. Tickets, \$3.50 and \$4.00 for adults and \$2.75 and \$3.25 for students and children.

61st Annual Homecoming -- Friday and Saturday, Oct. 25 and 26. Annual Homecoming activities for alumni and students sponsored by the Cal Poly Alumni Association and Associated Students, Inc. See other calendar entries for details on individual activities.

Homecoming Stomp -- Friday, Oct. 25, 8 p.m., Men's Gymnasium. Informal dance for Cal Poly students, sponsored by Associated Students, Inc.

Homecoming Parade -- Saturday, Oct. 26, 10 a.m., San Luis Obispo Business District. Annual parade of floats, special bands, and floats.

WHO . . . WHAT . . . WHEN . . . WHERE ? ? ?

Larry F. Talbot, Industrial Technology, addressed the Western Plant Engineering Maintenance Conference held at the Anaheim Convention Center last month. Topic for his remarks before the conference, which was attended by some 3,200 professional plant engineers, was "The Development of a Plant Engineering Curriculum for Higher Education."

Col. Elmer H. Bauer, head of Military Science until June 30 when he retired from active duty with the U.S. Army, has been awarded the Legion of Merit medal and certificate. The citation for the award commended Col. Bauer for his contributions to the training and development of junior officers "and to the enhancement of the United States Army and the Reserve Officers Training Corps image in the community." The Legion of Merit is among the highest such honors which the Department of the Army awards.

John H. West, associate dean of agriculture, is taking part in meetings of the California State Grange convention being held in Fresno this week. He was to have addressed today's session in the Fresno Convention Center. Scheduled to address convention delegates during tomorrow's meetings is David Loquaci, a sophomore food processing major who is treasurer of the California Association of Future Farmers of America.

John G. Russell, Music, is composer of three choral music works which have just been published by Walton Music Corporation. They are "A Clear Midnight," "I Fear Thy Kisses, Gentle Maiden," and "Who Has Seen the Wind?" Russell, who teaches voice, piano, and music theory, joined the college faculty last month.

George J. Hasslein, dean of architecture, is one of 11 prominent Californians who have been appointed to the Committee on Environmental Design and Urban Studies of the California Coordinating Council for Higher Education. Purpose of the committee is to undertake studies of California's needs in those broad fields. The new group includes representatives of the various systems of higher education in California, as well as the general public and the State Architect's Office.

Roger Bailey and Howell Pinkston, both Education, are currently exhibiting their prize-winning ceramics and sculpture in the Delta Art Association Juried Exhibition in Antioch. Bailey won first prize in the conservative pottery category with his lidded pot and second prize in progressive pottery for his "moon pot." Pinkston received first prize in progressive pottery for his "horned box" and second prize in progressive sculpture for his "pork pie box."

Richard T. Kombrink, Mechanical Engineering, spent two months this summer working as a consultant in the use of computers for designing shipboard ventilation ducts at South San Francisco Bay Naval Shipyard. He also conducted a seminar on programming of computers for key engineering personnel at the huge Bay Area base.

Vaughan Hitchcock, Physical Education, has won two national honors in recent weeks. He has been named "College Division Coach of the Year" by "Amateur Wrestling News" magazine, and appointed to coach the West team in the National Collegiate Athletic Association's annual East-West All-Star Wrestling Match for 1969. Hitchcock, who also finished third in voting for "coach of the year" among all colleges and universities, has been head wrestling coach at Cal Poly since 1962. During that time Mustang wrestlers have won two national championships (1966 and 1968) and have never lost a dual match to a California college or university team.

DESIGN BY ARCHITECTURE STUDENTS WINS NATIONAL HONOR

The design for the Steel Bridge Studio by students of Cal Poly's School of Architecture is one of 15 structure designs from across the nation which have received American Institute of Steel Construction Awards for Excellence. More than 150 designs were considered for the awards which were presented during the annual convention of the California Council of the American Institute of Architects last week in San Francisco.

More than three years of work by architecture students went into design and construction of the building which is located in the School of Architecture's project area in Poly Canyon just north of the main campus. Paul R. Neel (Senior Vocational Instructor), who is presently studying in England while on sabbatical leave, was faculty advisor on the project.

In addition to the Cal Poly students' design, five other California projects and architects received AISC awards. Included were the Alcoa Building, San Francisco, by Skidmore, Owings, and Merrill, Architects; the Fairchild Semiconductor Headquarters Building, Mountain View, by Povl Rasmussen-Simpson, Strata and Associates, Architects; and the Los Angeles Federal Savings Building, Los Angeles, by Douglas Honnold, Honnold and Rex, Architects.

COORDINATING COUNCIL RECOMMENDS TERMINATION OF ENGINEERING AT HUMBOLDT STATE

Termination of the engineering degree program at Humboldt State College was recommended by the California Coordinating Council for Higher Education during its meeting in Los Angeles last week. Also recommended by the council, which advises the governor and the legislature on matters pertaining to higher education in the state, were annual reviews of the engineering programs at both San Francisco and Chico State Colleges.

All three recommendations resulted from extensive study of engineering education by Frederick E. Terman, former provost of Stanford University. That report said that in 1967 there were only 8 degrees in engineering granted by Humboldt State, 16 by San Francisco State, and 31 by Chico State.

In other action, the council voted to recommend that \$5 million be allocated to finance faculty research in the California State Colleges during 1969-70; to endorse Proposition 3; and to oppose Proposition 9 which would postpone the college and university construction bond issue, if approved.

LLOYD, GORDON STRATHEARN DIE IN AIRCRAFT CRASH

Two prominent alumni of Cal Poly perished in the crash of their twin-engined aircraft in the Gulf of Mexico near San Felipe, Mexico, last week. Killed with their father, David L. Strathearn, 73, of Simi, they were Lloyd M. Strathearn, 40, of Monterey and Gordon G. Strathearn, 37, of Klamath Falls, Ore. A brother, Bruce, was a witness to the crash, but not injured.

The dead brothers were among five sons of the elder Strathearn who attended Cal Poly during the years following World War II. Lloyd and Gordon were both animal husbandry students. They are survived, in addition to Bruce, by David, Jr., and Robert. All three are residents of Simi.

POSITIONS ON CAMPUS SUPPORT STAFF VACANT

Two vacancies on the support staff of the college have been announced by Milton Piuma (Staff Personnel Officer). More detailed descriptions of the positions and other current openings are posted on the bulletin board in the Personnel Office, Room 111, Administration Building. The current openings are:

Clerical Assistant (Typing) II-A (\$415-\$505). Purchasing Department, Business Management Division. Types and codes purchase orders. Typing at a minimum of 45 wpm is required.

Groundsman (\$505-\$584). Grounds Department, Plant Operations, Business Management Division. Cares for grounds, assists in supervising student assistants. One year of full-time experience required.

ARGENTINE EDUCATOR SCHEDULES CAMPUS VISIT

Carlos Lopez, head of the Animal Science Department of Argentina's National Institute of Technology, will observe agricultural instruction methods on campus Friday (Oct. 18). The visitor, who is making a tour of the nation as a guest of the U.S. Department of State, will be guided on his tour of Cal Poly by Corwin Johnson, head of the Crops Department, and will be a luncheon guest of John H. West (Associate Dean of Agriculture). Lopez formerly was Argentina's minister of agriculture.

RETIRED EMPLOYEE EXPRESSES APPRECIATION

Mrs. Kathryn Boysen, who retired last month after more than 15 years as a member of Cal Poly's secretarial staff, expressed her appreciation for the gifts given her by her many friends among faculty and staff of the college in a note received on campus last week.

"I just want to thank all of my very good friends for the lovely coffee hour and the money tree," Mrs. Boysen said. "All of you made it possible for me to buy a stereo-radio console. I enjoy it constantly and am very gratified to each of you. Again, thank you very much," she concluded.

INTERESTED FACULTY INVITED TO ENGINEERS GATHERING

Interested members of the Cal Poly faculty are invited to attend the October dinner meeting of the Central Coast Chapter of the California Society of Professional Engineers, which is planned for this (Tuesday, Oct. 15) evening beginning at 7 p.m. at the Rancho, located on South Broadway in Santa Maria. "Recent Developments in Atomic Energy" will be the topic of the featured talk by Robert A. Adamson (Principal Vocational Instructor) of the Mechanical Engineering Department faculty.

Those interested in attending are invited to contact Herb Miles (Intermediate Vocational Instructor) of the Electronic Engineering Department or Roger Keech (Senior Vocational Instructor) of the Mechanical Engineering Department. Miles is president of the local chapter.

The Cal Poly Staff Bulletin is produced by the Office of Information Services, Administration 210. Material should be submitted in writing prior to noon on Friday.
