TRUSTEES APPROVE 1966-67 BUDGET, NEW CAMPUS SITE

A \$171.1 million 1966-67 operating budget for the 18 California State College campuses and site for a new campus in southwestern Los Angeles County were authorized by the Board of Trustees of the college system during its meeting on the California State College at Long Beach campus, Oct. 14.

The budget, up \$30 million over the current fiscal year, reflects an estimated enrollment increase of 11,272 full-time students. Enrollment is expected to reach a total of 132,907 full-time students next year. The budget now goes to the State Department of Finance for presentation to Governor Edmund G. Brown and the Legislature. At a later date the trustees are also expected to request a salary increase for state college personnel in addition to the current budget request.

The campus site selected to service southwestern Los Angeles County is located in the Dominguez Hills. A 346-acre site, it is bounded on the north by Victoria Street, on the east by Central Avenue, on the West by Avalon Boulevard, and on the south by 190th Street. Planned to eventually accommodate 20,000 full-time students, the new location replaces the Palos Verdes Peninsula campus site, which the trustees had earlier approved, but were unable to purchase because of insufficient funds available for acquisition.

Action on the matter by the board followed a recommendation in favor of the Dominguez Hills location by Chancellor Glenn S. Dumke, who based his recommendation on four factors: adequate acreage to service the number of high school graduates in the area, largest in the state; transportation access to the site and its proximity to the center of student population; promise of rapid acquisition; and the consulting architect's assurance that the location could be developed into a beautiful campus.

The trustees also approved academic master plans for San Jose and Chico State Colleges, including a number of new graduate and undergraduate degree programs at both institutions, during the meeting. In other action they approved schematic plans for a \$3.9 million business classroom building and a \$192,000 air conditioning project for the Music Building at San Jose State, and \$143,000 in site development projects at Cal Poly's Kellogg Campus.

REGISTRAR ISSUES REMINDER ON WITHDRAWAL

Campus Registrar F. Jerald Holley last week issued a reminder on student withdrawals from courses for benefit of members of the faculty in planning their mid-term examinations. His statement reads:

"Except for college-recognized emergencies, no withdrawals from a course will be permitted after the end of the seventh week of instruction."

"INTERNATIONAL WEEK" ACTIVITIES WILL CONTINUE THROUGH SUNDAY

Colorful native costumes, foreign displays, discussions, speeches, soccer matches, and a bazaar, are highlights of International Week activities which began on campus Sunday and will continue through next Sunday (October 31). The week's events are sponsored by the student People-to-People Council and People to People Club.. The Council represents various campus ethnic groups, while the club is comprised of all interested international students. There are currently more than 400 students from foreign nations enrolled in classes on campus.

A soccer match between the club and a group of Latin American students, Sunday afternoon, opened the week's activity and yesterday was Costume Day. Throughout the day foreign students were attired in their native dress and a bazaar displayed costumes, souvenirs, and cultural objects from native lands. The bazaar took place in the Snack Bar.

Today (Tuesday, Oct. 26), "bull sessions," centered on the topic of international problems, are scheduled for 7:30 to 9:30 p.m. in the lounge of Santa Lucia Residence Hall. Ten international students and co-chairmen Joe Zallen and Chris Bunn will lead the discussions. Tomorrow (Wednesday, Oct. 27) night, Alpha Zeta national agricultural honor society will entertain foreign students. At 7:00 p.m., Dr. Robert Rodin, a member of the Biological Sciences Department faculty, will deliver an address titled "Understanding Internationals." Alpha Zeta President Richard Smiley will be coordinator for the event, which will take place in the Staff Dining Room.

Thursday (Oct. 28) evening will see the student Model UN organization present a panel discussion by members of the faculty and student body on "The US, The UN, and You." Jacob Wumnaya is chairman of the discussion, which will take place in Room E-27 of the Science Building.

Annual highlight of the week-long International Week observance on campus is the talent show, which is being planned for Friday and Saturday (Oct. 29-30) nights, beginning at 8:00 p.m., in the Little Theater. Eight student groups -- including the Arab Students Association, Poly Chi, the Cultural Society of India, and groups composed of Latin American, African, Pakistani, and Philippine students --- will perform during the two-hour show each evening. For the first time this year, Hui O'Hawaii, which includes students from Hawaii among its membership, will represent the U.S. during the talent show. Tickets for the show, priced at \$1.00 each for the public and \$.50 for students, will be sold at the door each evening.

Another soccer match, scheduled for 2:00 p.m., Sunday (Oct. 31), on the campus playing fields, located near the Men's Gymnasium, will conclude the week's activities.

HOURS FOR LIBRARY XEROX COPY SERVICE ANNOUNCED

Hours for use of the Xerox copy machine located in Room 206B (just off the Periodicals Reading Room) of the Library have been announced. They are:

day/s	morning	afternoon	evening
Monday through Thursday	10:00-12:00	2:00-4:00	7:00-9:00
Friday	10:00-12:00	2:00-4:00	-----
Saturday	-----	2:00-4:00	-----
Sunday	-----	-----	7:00-9:00

Cost for the service is \$.10 per exposure.

EDUCATION DEPARTMENT WILL PRESENT GUEST SPEAKER

Dr. Joseph Lohman, chairman of the Department of Criminology at University of California in Berkeley, will deliver an address titled "Can Education Solve the Poverty Problem?" on campus tomorrow (Wednesday, Oct. 27), beginning at 7:30 p.m., in the Little Theater. The public is invited to hear the address, which is being co-sponsored by the campus Education Department and the California College and University Faculty Association.

Commenting on Dr. Lohman, Dr. Edward Ernatt of the Education Department faculty said, "I heard Dr. Lohman speak at a Compensatory Education Conference at San Fernando Valley State College and he impressed me, as well as other members of our delegation, as being an extremely dynamic speaker with a significant message."

After receiving his Bachelor of Arts degree at University of Denver, Dr. Lohman continued his education, receiving his Master of Arts degree from University of Wisconsin, in addition to other graduate study at University of Chicago. He served as research sociologist for the State of Illinois and instructor of sociology at University of Chicago and, after being state treasurer for Illinois from 1959 to 1961, came to California as professor and chairman of the Department of Criminology at Berkeley.

Among his published writing is "The Police and Minority Groups," prepared for the Chicago Park District Police, which is now generally accepted as the definitive work in that field. He is also co-author of "Study of Contemporary Society," and has written "Convicted Felons as a Manpower Source," "Segregation in Washington," and a monograph on juvenile delinquency.

DR. LOUGHRAN WILL BE "BOOKS AT HIGH NOON" REVIEWER

Fahrenheit 451 and Martian Chronicles by Ray Bradbury will be reviewed by Dr. Bernice Loughran, a member of the Education Department's faculty, during the regular Books at High Noon program being planned for Tuesday, Nov. 2, beginning at noon, in the Staff Dining Room.

Dr. Loughran, who has recently been reading science fiction, says that Fahrenheit 451 is about the value of books and gets its name from the burning point of paper. Martian Chronicles, according to Bradbury, was inspired by Sherwood Anderson's Winesburg, Ohio when he decided it would be fun to look at the future instead of the past, as Anderson had done.

Bradbury, one of the best-known writers of science fiction, has said: "Science fiction is the law-abiding citizen of imaginative literature; obeying the rules, be they physical, social, or psychological, keeping regular hours, eating punctual meals; predictable, certain, sure." A Cambridge University professor, writing in introduction to Martian Chronicles, says that they are in one of the oldest literary traditions, the first piece of science fiction having been The Iliad by Homer.

OCTOBER PAYROLL WARRANTS WILL BE DISTRIBUTED NEXT TUESDAY

Since the pay period for October runs through Monday (November 1) state payroll warrants for members of the faculty and staff will be available Tuesday (Nov. 2) in Room 114 of the Administration Building for distribution.

DEADLINE FOR ARTICLES APPEARING IN NEXT WEEK'S STAFF BULLETIN IS FRIDAY NOON.

FOLK MUSIC GROUP SCHEDULES CONCERT ON CAMPUS

Talented folksinging coupled with classy comedy will bring a front porch of delightful entertainment to campus November 9th when the Back Porch Majority presents the second campus assembly of the fall season. The College Union Assemblies Committee--which brought Louis Armstrong to Cal Poly to initiate this year's concert series--will sponsor the entertainment by the seven-member folksinging-instrumental-comedy team. The Men's Gymnasium will serve as the "porch" with performance time scheduled for 8:00 p.m.

The Back Porch Majority, conceived and developed by The New Christy Minstrels as a talent pool or "back up" group, mastered the Christy style, then went on to perfect a style of its own. The four-men, three-girl team struck out on its own career in the competitive folk world and achieved success. A careful combination of talented singing of folk arrangements with a knack for clever comedy presentation earned The Back Porch Majority wide acclaim. A good blend of sparkling personality and bright, appealing flare have brought the group campus bookings, recording work, and club engagements.

Tickets for the concert went on sale yesterday at four San Luis Obispo business locations -- Brown's Music Store, Premier Music Company, Wickenden's Men's Store, and Riley's Fashion Center in the College Square. Priced at \$2.25 and \$2.50 each for public reserved seating and \$2.00 for public general admission, they are also on sale in the Associated Students, Inc., offices on campus at special prices for members of ASI.

SEPTEMBER EDITION OF "C S C REVIEW" DISTRIBUTED ON CAMPUS

Copies of the September edition of The California State Colleges Review arrived on campus last week and are being distributed to members of the college faculty and staff as an attachment to this issue of Staff Bulletin. The Review is published monthly, throughout the year, by the office of Chancellor Glenn S. Dumke in an effort to keep members of the faculties of the 18 state college campuses informed on the activities of the colleges and their faculty colleagues.

SALE OF TICKETS FOR "INSTITUTE ON GOVERNMENT" BEGINS

Sale of tickets for the California State Employees Association-sponsored Institute on Government, planned for November 4, on campus, has begun and is being managed by Owen Servatius, head of the Business Administration Department, who announced last week that sales would be handled by individual departmental representatives. The one-day meeting has been endorsed by Governor Edmund G. Brown, who has authorized state-agency heads in the Central Coast Area to permit their employees who desire to attend it during their regular working day, insofar as it is consistent with the operation of the agency.

Patterned after similar meetings that have been held by CSEA for several years throughout the state with approval of state government officials, next month's institute here will include discussions of taxes, civil service employee motivation, natural resources, fringe benefits and CSEA services to employees. It is being sponsored by CSEA chapter in Region XVIII, which includes all chapters in San Luis Obispo County and Santa Maria.

Tickets for the event which will admit the purchaser to all general and discussion sessions are on sale at \$2.00 each. Tickets that include a luncheon in the Staff Dining Room, as well as admittance to the general and discussions sessions, are priced at \$3.00.

DR. TELLEW WILL BE STAFF CLUB LUNCHEON SPEAKER

Dr. Fuad Tellev of the Social Sciences Department faculty will be the guest speaker when members of the Staff Club gather for their weekly luncheon meeting Thursday (Oct. 28), beginning at noon, in the Staff Dining Room. He is expected to relate some of the findings made by himself and another educator who visited Pakistan as members of the California State Colleges' International Studies Project last summer.

Following Dr. William Alexander's discussion of his visit to India by one week, Dr. Tellev's remarks are expected also to include comments on recent Pakistan-India crisis.

C S C L A PRESIDENT RESIGNS; ACTING-PRESIDENT NAMED

Dr. John A. Greenlee, 54, was appointed acting-president of California State College at Los Angeles last week by Chancellor of the California State Colleges Glenn S. Dumke. Dr. Greenlee will succeed Dr. Franklyn A. Johnson, whose appointment as director of the national Job Corps and resulting resignation as president of CSCLA was announced concurrently by President Lyndon Johnson and Dr. Dumke, earlier in the week.

Dr. Greenlee will assume his new duties when Dr. Johnson leaves sometime in November and will continue in the post until a permanent president is selected. He has served as vice-president for academic affairs and as professor of history at the Los Angeles college since July of this year. Prior to that time he was for six years an executive in the electronics industry in Cedar Rapids, Iowa.

A graduate of the State University of Iowa, Iowa City, Dr. Greenlee also earned his graduate degrees in history there. In addition, he has studied at University of Chicago and University of California at Berkeley. The acting-president served on the history faculty of Iowa State University of Science and Technology at Ames, from 1940 to 1959. For 10 years during that time he was also assistant to the director of the university's technical research center.

Recalling that Dr. Johnson was named president of Cal State Los Angeles in July, 1963, Chancellor Dumke commended him as "an able man who has scarcely had time to demonstrate fully his outstanding talents."

MUSTANG ELEVEN WILL CONCLUDE HOME STAND THIS WEEKEND

Cal Poly's Mustang football team will wind up its current home stand with a contest scheduled for Saturday (Oct. 30), in Mustang Stadium on campus. The varsity encounters a nationally-ranked California State College at Long Beach eleven that should provide plenty of fireworks for fans, in a contest planned for an 8:00 p.m. kickoff. Next home contest after this weekend's encounter will be Nov. 20, when the Mustangs host University of California at Santa Barbara in their annual Homecoming game.

Last weekend's action saw the two Cal Poly teams break even. The frosh club upped its record for the season to 3-1 with a relatively easy 26-7 victory over cross-town rival Cuesta College, while the Mustangs were receipting for a 17-0 loss at the hands of California Western University. Next action for the Colts is Nov. 4 when they journey to San Jose to meet San Jose State College's frosh.

BUDGET COPY AVAILABLE IN LIBRARY

One of three copies of the 1966-67 Support Budget of the California State Colleges, which arrived on campus last week, has been placed in the campus Library to be available to members of the college faculty and staff who wish to study it.

CAL POLY PUBLICATIONS AVAILABLE ON REQUEST

Faculty and staff members may obtain Cal Poly publications by contacting the Publications Office, Room 210C, Administration Building, (546) 2246. Publications available at the present include:

Emphasis for Tomorrow; 1963-64 Annual Report; 1964-65 Annual Report; Toward Tomorrow; Notes for Counselors (Spring, 1965); Occupational Education (booklet describing all San Luis Obispo Campus curricula); The Education Department; Agriculture, Cal Poly, and You (Agriculture Division Folder); and Careers in Soil Science.

Also Philosophy and Objectives--A Long Range Planning Statement; Opportunities in Animal Husbandry; Careers in Fair Management; Your Career as a Florist; Cal Poly Today (alumni publication, Oct., 1965); Financial Aid for Students; Your Engineering Decision--A Counseling Bulletin (published by the Engineering Division); Electrical Engineering; Mathematics; Careers in Biochemistry; Preparing for a Career in Chemistry; and Careers in Physics.

HOSTESS-AUTHOR SCHEDULED AS SPEAKER FOR WOMEN'S CLUB GENERAL MEETING

highlight of activities scheduled by members of the Cal Poly Women's Club during the next two weeks will be the guest appearance of Mrs. Virginia Stanton of Carmel Valley as speaker for a meeting of the club's general membership, Nov. 2, at 8:00 p.m., in the Little Theater.

Mrs. Stanton was party editor of House Beautiful magazine from 1949 to 1964; is author of the book, Guide to successful Entertaining; and is well-known as a consultant and decorator. Due to limited seating capacity of the campus theater, attendance at the meeting will be limited to members of the women's club, campus home economics students and faculty, and home economists in homemaking. Parking will be available behind the Little Theater in lots located near the Grand Avenue entrance.

Meetings of the Bridge, Newcomers, and Sewing Sections and the newly-formed Walking Group are also planned this week and next.

The Newcomers will meet tomorrow (Wednesday, Oct. 27) evening, beginning at 8:00 p.m., at the San Luis Obispo County Museum, in San Luis Obispo. Mrs. Louisiana Dart, curator for the museum, will discuss "Historical Places in San Luis Obispo." Refreshments will be served following the meeting in the home of Mrs. William Armentrout, 348 Lincoln Avenue, San Luis Obispo. All members of the section are urged to attend.

Next Monday (Nov. 1) is date of the next meeting of the club's Bridge Section. The meeting will take place in Room 129 of the Library Building at 8:00 p.m. Tuesday (Nov. 2) has been set as date for the Sewing Section's next gathering. Planned for the home of Mrs. Bert Fellows, 208 Hathway Street, San Luis Obispo, the meeting will begin at 2:00 p.m.

A "town walk" will be the primary item of "business" when members of the newly-formed Walking Group when it meets Monday (Nov. 1). They will gather at the home of Mrs. Loren Nicholson, 103 La Entrada, San Luis Obispo, at 9:00 a.m. Those interested in obtaining further information are invited to call Mrs. C. H. Gregory (543-5672).

Discarded greeting cards, new envelopes of any size, broken jewelry, lace, wool, rick-rack, fake flowers, felt, feathers, etc., are being collected by members of the CPWC's Ways and Means Mardi Gras Committee. Also being sought are white elephants. Those having any of these items they wish to contribute are invited to contact any member of the committee or call Mrs. Nelson Smith (544-0613).

NOTES FROM THE KELLOGG AND VOORHIS CAMPUSES

Acknowledgement of President Julian A. McPhee's 33 years of leadership for Cal Poly will highlight the Kellogg Campus' annual Homecoming activities which are planned for this Saturday (Oct. 30). Among events scheduled are a special banquet in the president's honor, plus the traditional parade, football game, and dance. Also honored during the festivities will be "alumnus of the year" Henry House, who is dean of student personnel at the Kellogg Campus . . . More than 500 feet of color motion pictures of the famed Kellogg Arabian Horse Show was shot recently at the Kellogg Campus and will be used as part of the "Happy Wanderers" television show. The episode, which includes eight of the show's feature acts, is scheduled for viewing on KRCA, Channel 4, Los Angeles, at 7:00 p.m., December 9.

WHO . . . WHAT . . . WHEN . . . WHERE ? ? ?

Dr. J. Dan Lawson, associate dean, activities, and E. Douglas Gerard, building coordinator, were recently reappointed members of the Student Affairs Council of the Associated Students, Inc. Their appointments, made by President Julian A. McPhee, were for the 1965-66 academic year.

Dr. Milo E. Whitson, head of Mathematics; Millard Fotter, head of Industrial Engineering; and Lyman L. Bennion, head of Animal Husbandry, were honorary coaches and sat on the bench with Head Coach Sheldon Harden, his coaching staff, and members of the varsity football team during the California Western University game last Saturday night. Honorary coaches for other games this fall have been (Linfield College) Dr. Corwin Johnson, head of Crops; F. Jerald Holley, registrar; and Stanley L. Barr, English and Speech; (Fresno State College) Dr. Aryan I. Roest, Biological Sciences; Dr. William Armentrout, Education; and Vincent Gates, Technical Journalism.

Dr. Fred Clogston, Biological Sciences, has been reappointed to membership on the Associated Students, Inc., Board of Athletic Control by President McPhee. His term will be the 1965-66 academic year.

Glenn Rich, Agricultural Engineering, served as judge for the annual Farm Improvement Contest of the California Young Farmers Association, October 11-16. He joined two other judges in visiting and scoring 11 entries in two divisions of the competition. Objective of the contest was to encourage local Young Farmer chapters in their efforts to improve farming practices and family living in their communities.

Eugene Rittenhouse, placement officer, is again a member of the College Union Program Board of the Associated Students, Inc., after being reappointed by President McPhee. His term will be the 1965-66 academic year.

Dr. Fuad Tellew, Business Administration, was speaker and honored guest during a formal "dining-in" dinner and program staged October 21, by the 395th Strategic Missile Squadron at Vandenberg Air Force Base. The nearly 200 guests who heard Dr. Tellew's discussion of the recent India-Pakistan crisis included Brig. Gen William S. Rader, commander of the 1st Strategic Aerospace Division, ranking officers of the huge Air Force missile base, and the 395's non-commissioned officers.

Richard Hall, Machine Shop, has been reappointed to membership on the Associated Students, Inc., Music Board of Control. Named to the committee by President McPhee, Hall's term will run through close of the 1965-66 academic year.

DEADLINE FOR ARTICLES APPEARING IN NEXT WEEK'S STAFF BULLETIN IS FRIDAY NOON!!

PLACEMENT CALENDAR -- INTERVIEWS ON CAMPUS THIS WEEK

NEW YORK LIFE INSURANCE COMPANY, Santa Barbara. I. Fred Sommers, C.L.U., general manager, will interview seniors in all majors interested in sales and sales management positions. [10/26]

VISTA. Sam Fisk, field representative, will head a recruitment team to be on campus Tuesday through Thursday to inform students about the VISTA Program and its unique role in the war on poverty. [10/26 - 10/28]

UNION OIL CO., Los Angeles. V. W. Frederickson, manager of employment services; J. G. Baird, superintendent, Northern Division Pipelines; and J. R. Kirkland, manager of personnel and training, will interview seniors in business administration, EE, ME and TA. Positions are available in the transportation, communications, marketing, and distribution areas. In addition, juniors in business administration, EE, ME and TA interested in summer employment also are invited to sign for appointments. Freshmen and sophomores particularly interested in the Union Oil Company should contact the Placement Office for further information. [10/27]

UNITED STATES STEEL CORP., Pittsburg. Jack McGervey, supervisor, organization planning, and Ron Heden, supervisor, project engineering, will interview seniors in business administration, EE, IE, ME, WM and TA for positions in engineering, industrial engineering, operations research, production planning, metallurgy, personnel, organization planning, and line production management. [10/28]

RELIANCE ELECTRIC AND ENGINEERING CO., Burlingame. H. N. March, sales engineer, will interview seniors in EE, IE and ME for sales engineering positions. [10/28]

THE BOEING COMPANY. Ted Johnston, chief of college relations; Tony Sandona, senior personnel supervisor; and Al Gowans, personnel officer, Vandenberg Air Force Base, will interview seniors in Aero, EE, EL, IE, ME, Physics, Math, and WM for opportunities in the following areas: research (fundamental and applied), development, design, test, production and service in areas such as aerodynamics, structures, mechanical and electrical systems, instrumentation, tooling, materials and processes, and others. [10/28 - 10/29]

NORTHROP, KING AND CO., Fresno. L. G. Hanson, division superintendent, will interview seniors in ABM, Crops, and FM. [10/29]

APPLIED RESEARCH LABS, INC., Glendale. C. F. Hartman, personnel director, will interview seniors in EL, ME, and Physics. [10/29]

UNITED TECHNOLOGY CENTER, Sunnyvale. Jay W. Waste, manager, employment; and Ken Hindersinn, test manager, will interview seniors in Aero and ME for positions as engineers, chemists, physicists and mathematicians. [10/29]

CHEVRON CHEMICAL COMPANY, Ortho Division. R. C. Hike, training coordinator, and D. P. Hogan, Jr., regional manager, will interview seniors in business administration and all agriculture majors for sales trainee positions. [11/1]

TEXACO, INC. J. T. Tippit, assistant plant manager, Refining Department, Wilmington, will interview seniors in EE, IE and ME. Positions are available in production, refining, research and technical, and sales. [11/1]

PLACEMENT CALENDAR (Continued from Previous Page)

UNITED STATES AIR FORCE. Capt. Gerald L. Doherty and T/Sgt Richard E. Mulliken, will interview seniors in all majors for placement in the US Air Force. They are particularly interested in discussing the pilot and navigator programs with eligible seniors and also the various Air Force engineering fields with eligible engineering seniors. In addition, they will talk with seniors in business administration, applied arts and applied sciences, regarding the various officer administrative positions. Personal interviews may be arranged in the Placement Office, and representatives will be available in the Snack Bar area of the Dining Hall to discuss the US Air Force Officer Programs with interested students. [11/1 - 11/2]

PACIFIC MISSILE RANGE, Point Mugu; U.S. NAVAL SHIP MISSILE SYSTEMS ENGINEERING STATION, Port Hueneme. Howard E. Hawkins, head Avionics Division, will interview seniors in Aero, EL, ME and Physics (with a strong interest in electronics). [11/2]

SQUARE D COMPANY, Los Angeles. L. F. Dudley, administrative and personnel manager, will interview December and March graduates in EE, EL, IE and ME, for positions in design, development, research, production, field, sales, and application engineering. [11/2]

E. I. duPONT de NEMOURS AND COMPANY. R. W. Smith, technical sales, Bio-Chem, will interview December and March graduates in agricultural engineering, ABM, bio-chemistry and chemistry primarily for sales positions and training in various categories in Bio-Chem. [11/2]

SAN FRANCISCO BAY NAVAL SHIPYARD. Richard R. Coffin, head, Manpower Branch, will interview seniors in all engineering and science majors. [11/2]

INFORMATION ON N S F FELLOWSHIPS AVAILABLE IN FACULTY READING ROOM

Information on the National Science Foundation's graduate and postdoctoral fellowships for 1966-67 arrived on campus last week and is presently available in the Faculty Reading Room of the Library. Those interested in either of these possibilities are invited to peruse the material there.

DEADLINE FOR ARTICLES APPEARING IN NEXT WEEK'S SATFF BULLETIN IS FRIDAY NOON!!

THE CALIFORNIA STATE COLLEGES REVIEW

News from: San Jose State College (1857) / Chico State College (1887) / San Diego State College (1897) / San Francisco State College (1899) / California State Polytechnic College—San Luis Obispo (1901) / Fresno State College (1910) / Humboldt State College (1913) / California State College at Los Angeles (1947) / Sacramento State College (1947) / California State Polytechnic College—Pomona (1949) / California State College at Long Beach (1949) / California State College at Fullerton (1957) / California State College at Hayward (1957) / San Fernando Valley State College (1958) / Stanislaus State College (1959) / Sonoma State College (1960) / California State College at Palos Verdes (1960) / California State College at San Bernardino (1960)

SEPTEMBER, 1965
VOLUME 3, NO. 3

TWO NEW STATE COLLEGES OPEN

The first new CSC campus to be activated in four years will welcome its pioneer contingent of students when the doors of Cal State at San Bernardino open for registration on Oct. 1.

Enrollment of approximately 300 freshmen and juniors is expected. Sophomores and seniors will be admitted next year, and graduate programs begin in 1970.

The California State College at San Bernardino is located five miles north of the City of San Bernardino on 430 acres at the foot of the San Bernardino National Forest. A special arrangement of existing and future buildings with extensive tree plantings and landscaping around small courts, plazas and well-protected exterior spaces will make the campus an oasis of shade in the summertime and a compact academic complex designed for "the walking student" when wintertime caps the surrounding mountains with snow. The campus mall begins at the terminus of State College Parkway which connects it to Highway 395, the Barstow freeway.

President John M. Pfau

Planning for the College started when it was established by Legislative action in 1960. In January of 1962, its president, Dr. John M. Pfau, was appointed. He had joined the CSC system in 1957 as chairman of the division of social sciences at Chico SC, and later served in that capacity at Sonoma SC. Previously, he had been a member of the faculty at North Central College in Illinois and an administrative head of a branch of Chicago's Teachers College. Dr. Pfau received his A.B., A.M. and Ph.D. degrees in history from Chicago U.

The College has adopted a three-course, three-quarter academic program. The academic year extends from Oct. to June and is divided into terms of approximately 11 weeks each. Under the three/three plan, each full-term course will normally meet four times a week. Thus a student will be in class about 12 hours a week instead of the traditional 15 to 18. The reduction in classroom time will be balanced by increased laboratory work and independent study. In each academic year a student will take a total of nine courses. Thirty-six are required for graduation.

At present the College offers B.A. degree programs to entering freshmen in the following fields: Biology, English, French, History, Mathematics, Political Science and Spanish.

(Continued on Page Three)

BOARD DISTRIBUTES FACULTY PAY RAISE

A faculty salary boost of 10% across-the-board for academic and closely related positions was granted by the CSC Trustees at their September meeting in San Francisco.

The increase will be retroactive to Jul. 1.

In taking the action, the Board noted that the Legislature ordered the raise last June but intricate calculations of cost and certification of the availability of funds from the Dept. of Finance had required extra time. "It's ludicrous," said Trustee Simon Ramo, "that the Legislature requires more accuracy in our calculations than you need to launch an intercontinental missile."

Trustee Albert J. Ruffo, who assumed the chairmanship of the Board at the Sept. 2 meeting, said that one of his principal objectives will be to gain fiscal flexibility for the system.

Pointing out that this was one of the provisions of the Master Plan which the Legislature established five years ago, Ruffo said that failure to carry out this provision has been "a constant source of turmoil and misunderstanding."

The Board also instructed Chancellor Dumke to continue to gather data demonstrating further the salary needs of the Colleges. Dr. Dumke estimated that faculty salaries should be increased by more than 10% next year for competitive purposes, and said administrators should have greater increases to compensate for inequities under which a dean might now earn less than a professor.

The Chancellor was asked by the Board to "advise all appropriate parties" of the urgent need to have action taken on next year's increases as soon as possible so as to have the greatest possible impact on the faculty recruiting efforts of the Colleges this coming fall.

Personnel classifications for some 7000 faculty members who will share in the granted increase totaling approximately \$7.5 million include: Instructional Faculty, Academic and Institutional Studies Associates, Counselors, Instructors, Lecturers, Librarians, Placement Officers, Publications Managers, Research Associates, Test Officers, and Vocational Instructors.

A wide range of administrative and non-instructional positions had previously been granted raises ranging from 2.5 to 5% which becomes effective as of Jul. 1 and were reflected in paychecks last month. About 6500 CSC employees received these increases.

Additional pay adjustments for non-academic classifications will soon become a pressing need, the Trustees indicated. Upward adjustments, they said, will definitely be required by Jul. 1 of next year.

FACULTY TEAMS MAKE OVERSEAS SURVEY

Fifty-seven CSC faculty members grouped in ten survey teams will visit India, Israel, Pakistan, Poland and Yugoslavia this year to gather data on non-Western studies and comparative education for future use in developing foreign-area courses at the Colleges.

The first five teams left last month. The second contingent will depart in December.

Survey trips are scheduled for 30 days each and are sponsored by the U. S. Office of Education of the Dept. of Health, Education and Welfare. Transportation is provided by the sponsoring agency plus per diem expenses funded from U. S. credits abroad which must be spent in the countries granting the credits. Dollar value of the project, including transportation, is estimated at \$100,000.

Participants in the August visits (by countries visited, with the names of team chiefs listed first in each group) are:

India—Gerard J. Foster, Cal State at Long Beach; Allan Anderson, San Diego SC; David B. Chan, Cal State at Hayward; Richard P. Marsh, San Francisco SC; and Virgil Stevens, Cal State at Los Angeles.

Israel—Amos Perlmutter, San Jose SC; William C. Beatty, Jr., Fresno SC; Fred H. Marcus, Cal State at Los Angeles; and Carl A. Neidengard, Cal State at Long Beach.

Pakistan—Dudley Moorhead, San Jose SC; and Faud H. Tellew, Cal Poly SLO.

Poland—Thomas H. Southard, Cal State at Hayward; and Daniel C. Gerould, San Francisco SC.

Yugoslavia—Karl Falk, Fresno SC; Leonard Mathy, Cal State at Los Angeles; Glenn C. Morgan, San Jose SC; Theodore E. Nichols, Cal State at Long Beach; Dorothy N. Overly, Sonoma SC; Thelwall Proctor, Humboldt SC; and Stanley H. Ross, San Fernando Valley SC.

Coordinators of the survey project are Dr. Thomas Lantos of the CSC International Programs and Dr. Joseph Axelrod, associate dean for academic planning, San Francisco SC. Nominations of faculty members to participate in the December visit will be made by the Colleges at the beginning of the fall term.

PLANNERS CALLED TO INGLEWOOD

Two appointments to CSC's campus planning staff have been announced by Chancellor Dumke.

Dr. Robert G. Bonde, 34, of Huntington Beach, a facilities planner, and Manual Brilliant, 45, of Los Angeles, an assistant facilities planner, were assigned to the Chancellor's Office where they will work on the building development program of the Colleges.

Bonde was formerly an associate professor of industrial arts at Cal State Long Beach. Brilliant has been on the campus planning staff of UCLA for the past three years.

Patty J. Opdyke, a junior journalism major at Fresno SC, is the winner of the \$500 Edith R. Allan Memorial Scholarship awarded annually by the California Newspaper Publishers Association.

The ACADEMIC SENATE REGISTER

During the first two years of its life circumstances have often made it difficult for the Academic Senate to control its own agenda. Much of its time and energy have been consumed in responding to situations of crisis and to the immediately pressing problems of a new and huge educational system. The urgency of problems rather than their place in a consciously ordered hierarchy of importance has often tended to dictate their priority on our agenda. Our response to these problems has been effective. Still, much of the time we have had to say, with Caspar Milquetoast, "I make all the major decisions, my wife makes the minor ones; of course, she decides which are major and which are minor."

The Senate's position has not been unique. The same pressures and crises often have consumed the energies and defined the agendas of Trustees, college Presidents, and the Chancellor's Office. We are now all, I believe, more nearly in a position to pose the questions and define the issues for ourselves, and to the extent we are able to do so we put ourselves in a position to act rather than react, to create initiatives in response to opportunities and challenges rather than merely to respond to pressing exigencies or to the issues posed by others.

The greater range of these possibilities is reflected in the Senate agenda. The committees of the Senate will be continuing studies already begun or initiating new inquiries in such areas as the *Ad Hoc Committee Report on Policies and Administrative Procedures*, teacher education requirements, the implications of the *Byrne Report* for the State Colleges, the opportunities opened up by the pending legislative interim study of higher education, fiscal flexibility and responsibility, and a study of faculty evaluation called for in a recent Trustee's resolution. In these and other areas are reflected efforts which will bring us measurably closer to defining the meaning of the "academic excellence" to which we are committed and to specifying the conditions necessary to its pursuit.

— John C. Livingston, Chairman.

Dr. Reuben Mehling, recently appointed professor of journalism and communications at Cal State Hayward, will assume the leadership in development of a major in mass communications to be offered by the College in the fall of 1967. The inter-divisional major will include the divisions of social and behavioral sciences, humanities and creative arts. Dr. Mehling will serve as chairman of an Interdivisional Committee on Mass Communications.

Mehling was awarded the Ph.D. degree in mass communications from Stanford U. in 1957, and the master's degree in community journalism from the University of Iowa in 1950. He received the bachelor's degree in journalism-advertising from UC in 1949.

TWO CSC'S (SB AND PV) TO OPEN THIS MONTH

(Continued from Page One)

Entering juniors are offered English, French, History, Mathematics, Political Science and Spanish.

The library of Cal State San Bernardino now consists of a general undergraduate collection of 50,000 volumes plus 2000 bound periodicals. It currently subscribed to 750 periodicals.

Also slated for a fall opening, though not yet on its permanent campus, is another new unit of the college system — Cal State at Palos Verdes. The doors it will open on Sept. 22 to enrollees forming a cadre of its eventual student body are in rented quarters at Rolling Hills Estates where its planning staff has been working. Meanwhile, efforts of the Trustees to acquire land for the permanent campus of the College are continuing. A limited enrollment of about 75 students for which provision was made in a temporary operating measure recently passed by the Legislature, is now expected. Assembly Speaker Jesse M. Unruh and Assemblyman Vincent Thomas were co-authors of the enabling bill.

AT BASE OF majestic mountains, first buildings of new California State College at San Bernardino will soon add landscaping and students to 430-acre campus just outside city.

Enough facilities and equipment are already on hand at the rented "campus" to start instructional programs, and the College's present staff will assume the necessary teaching responsibilities in addition to those of planning and administration they now handle.

President of Cal State Palos Verdes is Dr. Leo F. Cain, who received his A. B. degree from Chico SC and his graduate degree from Stanford U. He holds a California life diploma granted on general elementary and secondary credentials, the general school administration credential, and is certified by the State Board of Medical Examiners as a psychologist. He was vice-president of San Francisco SC when he was appointed, in 1962, to the presidency of CSPV.

The College will enroll its inaugural group of freshmen and juniors under a unique academic plan that will characterize the future development of the College. Two new concepts have

been introduced: a comprehensive program of basic studies which covers Humanities, Fine Arts, Natural Science and Mathematics, and Social Science; and a required dual major — the first in a departmental field of traditional disciplines, the second in an interdepartmental field.

President Leo F. Cain

The interdepartmental concept, says President Cain, "is receiving renewed emphasis in American higher public education and is one with which leading authorities in academic planning agree. They maintain that intensive specialization should not be undertaken until the fifth year of study."

Plans for the College also include a part that will not come into existence until 1969, but it has already been discussed at every major meeting on higher education in the country. This is CSPV's "small college" for undergraduates within the larger College. It is the first such venture in the CSC system, according to President Cain. An experimental laboratory for higher education, this college-within-a-college will test a variety of curricular plans and will serve as a training ground for graduate students planning a career in college teaching. When it is established, the total enrollment at CSPV will be about 4500, yet the "small college" will never have more than 500 students.

Psychology and American Studies have been selected as the first majors to be offered along with the basic studies for students enrolling this month at CSPV.

APPOINTMENTS AND ADVANCEMENTS

Cal State Los Angeles — President Franklyn A. Johnson was recently appointed by the Association of American Colleges to the Commission on the College in Society. The commission concerns itself with the relation of colleges of liberal arts and sciences to other types of educational institutions and to local, state and federal government. +++ Rudolph F. Sando, dean of CSLA's school of education, has announced that the College was chosen by the U.S. State Dept. and the American Association of Colleges for Teacher Education to be one of six institutions that will participate in a program of assistance to American-sponsored schools overseas. The project is expected to extend over a three-year period. +++ Physics Professor Lester Hirsch has been granted a patent on a method of tactile communication for use in directing aircraft from within a plane or from the ground.

Cal State Hayward — Three new honors recorded for President Fred F. Harclerod: the Alameda County Education Association presented him its Gold Service Award for outstanding service to public education; the Association of State Colleges and Universities elected him to a four-year term on its board of directors; and the U.S. Office of Education credited him as principal investigator in its newly published document, "Learning Resources for Colleges and Universities."

WORLD AFFAIRS INSTITUTE CONSIDERS CASE OF "DEMOCRACY ON TRIAL"

The three-week series of public lectures are panel discussions of international problems by diplomats, scientists, military leaders, clergy and businessmen which comprised the 23rd annual Institute on World Affairs opened at San Diego SC on Aug. 9, with a keynote address by U.S. Ambassador to the Republic of Ghana, William P. Mahoney, Jr.

"Democracy on Trial" was the subject under discussion. Institute Director Minos D. Generales, who is also professor of political science at SDCS, said: "Democracy is the keystone in the arch of Western political philosophy. Its major political distinctions determine the politics of the East and the West. The objective of this year's inquiry is to gain insight into the life blood of Western and American policies."

In the days following, 41 speakers and panelists contributed to the discussion. Among them were: Michael Arnon, consul general of Israeli; Sigmund Arywitz, California labor commissioner; Gen. William Draper, population research specialist; Cherif Guellal, Algerian ambassador to the U. S.; Kalevi J. Holsti, professor of political science, University of British Columbia; the Rt. Rev. Msgr. Joseph Moody of St. Peter's Church, N. Y.; C. V. Narasimhan, *chef de cabinet* to U. N. Secretary-General U Thant; Col. Irving Salomon, former U.S. delegate to the U. N.; Adm. U. S. G. Sharp, USN, Pacific commander-in-chief; Harold Stassen, former presidential special assistant on world disarmament; Harold Urey, Nobel-prize chemist; Counselor Bui Van Anh of the Vietnam Embassy, Washington, D.C.; and J. K. Waller, Australian ambassador to the U. S.

Specific topics discussed by the speakers included: "The Challenge of Vietnam," by Admiral Sharp; "The Defense of Freedom in Vietnam," by Counselor Van Anh; "Problems of Political Institutions in the Newly Emerging Countries," by Ambassador Guellal; "The Agonies of Power: Ethics, Morality and Diplomacy in the Democratic Polity," by Professor Holsti; Ambassador Mahoney's keynote address on democracy in Africa; and Harold Stassen's up-to-the-moment assessment of space ships as "sentinels of peace."

From the first presentation to the concluding remarks on Aug. 27, San Diego SC's educational radio station KEBS broadcast the proceedings live, rebroadcasting some morning sessions at night for the convenience of its listeners. Tape recordings of the Institute's meetings are now being distributed by KEBS to radio stations throughout the U. S.

Institute speaker Harold E. Stassen listens to a student-posed question on space-age issues.

FELLOWSHIPS AND SCHOLARSHIPS

Fulbright grants have been awarded to:

Chico SC—Dr. J. M. Schmidt, associate professor of engineering, to teach physics and mechanical engineering at Aleppo University, Syria.

San Diego SC—Robert Berg, associate professor of art, to film Le Corbusier's Ronchamp Chapel near Paris. Of 21 grants awarded for study in France, Berg's was the only one in fine arts.

Cal Poly SLO—Dr. Frank E. Young, senior instructor in chemistry, to teach chemistry at the newly established University of the Northeast at Khonkaen, Thailand.

Fresno SC—Dr. Frederick Brengelman, associate professor of English, to serve as the coordinator of the Fulbright Foundation's English Language Program in Greece, beginning Sep. 1. + + + Dr. John H. Duke, professor of journalism for the past 19 years, to teach in Seoul, Korea, next fall. + + + Sharlynn Mae Mar, sister of Patricia Mar, education writer for the San Francisco *Examiner*, and a senior with a double major in history and German, to study 19th century Central European history next year at the University of Vienna, Austria. + + + David MacDonald, also a senior majoring in history, to attend the University of Heidelberg where he will study ancient European history under the auspices of the CSC International Programs.

Humboldt SC—Dr. Clarence Howe, assistant professor of philosophy, to attend an institute in Indian Civilization, starting at the University of Mysore and continuing at Calcutta and New Delhi, India. + + + Dr. Ralph Samuelson, chairman of the division of language arts, to guide the research of American literature students at Ain Shams University in Cairo, Egypt, and to do guest lecturing at Cairo University. + + + Dr. Jack Shaffer, associate professor of psychology, to do research and to lecture at Thammasat University, Bangkok, Thailand.

Cal State Los Angeles—Dr. Thomas P. Onak, associate professor of chemistry, to do research in inorganic chemistry at Cambridge U., England. + + + Dr. Joseph Stubbins, professor of education in guidance and rehabilitation counseling, to be lecturer and consultant in vocational rehabilitation at the Instituto Peruano de Rehabilitacion, Lima, Peru. + + +

PROFESSOR Minos D. Generales (right), director of San Diego SC's 23rd annual Institute on World Affairs, welcomes Vietnam Counselor Bui Van Anh to the sessions held last month at the College.

Dr. James P. Welsh, associate professor of zoology, to lecture on marine biology at Ege University, Izmir, Turkey.

Cal State Long Beach—Chester Kyle of the division of engineering to lecture on fluid mechanics at the National University of Engineering in Lima, Peru.

San Fernando Valley SC—Dr. James Woodress, dean of the school of letters and science, to lecture on American literature at the University of Milan, Italy.

Woodrow Wilson Fellowships have been awarded to Ronald L. Oaxaca, a senior economics major at Fresno SC, and Carolyn Giannotti, a senior education major at Sacramento SC. Miss Giannotti plans to undertake work toward her master's in English at Northwestern U.

Thomas C. Veblen, Cal Poly SLO alumnus, has been named one of 15 men who will be White House Fellows for a year under a program sponsored by the Carnegie Foundation. Four of the finalists will be on the White House staff, one in Vice-President Hubert Humphrey's office and 10 with Cabinet officers.

BOOKS, MAGAZINES AND PAPERS

Dr. Hugh Bell, professor of psychology at Chico SC, has received a translation into Polish of his "Adjustment Inventory of Personality Analysis—Student Form," issued by the Psychometric Laboratories of the Polish Academy of Sciences, Warsaw. The "Inventory," widely used in the U.S., has been translated into French, German, Italian, Spanish, Czech and Chinese. It is used in 21 foreign countries, and is now being translated into two East Indian dialects and one dialect in Pakistan.

+++ Richard Ginther, assistant professor of industrial arts, recently authored a monograph on graduate programs in industrial education which is being distributed to more than 100 colleges and universities. +++ Dr. Maria Haynes, associate professor of modern languages, has been advised by Odyssey Press, N.Y., that late this year it will publish her book illustrating a new concept in presenting German culture to the American college student. +++ W. H. Hutchinson, book reviewer for the *San Francisco Chronicle* and lecturer in history at the College is the author of what he calls "a true biography," which is also a two-volume study of a half-century of California's growth. It is "Oil, Sand and Politics," published by the University of Oklahoma Press. The work concerns the life of the late senator from California, Thomas R. Bard, who was the first president of the Union Oil Company of California.

The San Diego State College Press has announced publication of "The Catalogue of the Aguiar Collection in the Arizona Pioneers' Historical Society," by Paul and Greta Ezell. An important reference work of interest to libraries, to graduate departments, and to all scholars in the social sciences engaged in research connected with Mexico and the southwestern

U.S., it is priced at only \$3.60, an unusually low figure for a reference work. +++ Phi Alpha Theta's Best First Book Award has been presented to Dr. Martin Ridge, professor of history at San Diego SC, for his 1962 publication, "Ignatius Donnelly: The Portrait of a Politician." The award, given once every two years, carried with it a prize of \$500 to Ridge and \$100 to the history department of the College. Ridge won the American Historical Association Pacific Coast Branch Best First Book Award in 1963 for the same work (*CSC Review*, Oct., 1963). +++ A paperback text, "Anatomy and Kinesiology," written by Dr. George B. Pearson, professor of physical education, has been published by All American Productions and Publishers, San Diego. The book contains more than 100 illustrations in two colors by Charles Papp of Riverside. +++ Recommended by its publishers, Harper & Row, for youngsters of 11 and older is "First Around the World: A Journal of Magellan's Voyage," by Dr. George Sanderlin, professor of English. The book is illustrated by artist Alan E. Cober, whose work has appeared extensively in national magazines.

Dr. Laurence P. Dowd, professor of business and director of San Francisco SC's Center for World Business, has authored the first new management textbook in this field to be published in the past several years. Its title is "Principles of World Business," and it will be published by Allyn and Bacon, Inc. +++ A Danforth Teacher Grant renewal will enable Herbert C. Feinstein, assistant professor of English and journalism, to complete this year his forthcoming book, "Mark Twain's Lawsuits," scheduled for publication by Little, Brown & Co. +++ Dr. Robert Stollberg, professor of physical science at SFSC, and Faith Fitch Hill, former instructor in physics at Oberlin College, are co-authors of a new high school physics text. Their book, "Physics Fundamentals and Frontiers," was published by Houghton-Mifflin. +++ National Book Award-winner Herbert Kubly filled the instructional position previously held by authoress Kay Boyle, now a fellow of the Radcliffe Institute where she is working on a modern history of Germany. Kubly recently published "At Large," a book about Switzerland. His satirical view of the academic world, "The Whistling Zone," was published in 1964.

Dr. James Wright, winner of the Yale Younger Poets Award for his book, "The Green Wall," initiated Fresno SC's first year of participation in the California Circuit of the Academy of American Poets. Ten colleges are included in the Academy's visiting-poet program for the state. +++ The State Printing Office has published "A Statistical Approach to Real Estate Value with Applications to Farm Appraisal," a book reporting two years of research funded by a grant from the state's Division of Real Estate and conducted by Dr. Irving F. Davis, Jr., assistant professor of business administration at FSC.

Dr. Edward A. Nelson, professor of finance at Cal State Los Angeles, has had his book, "Managing Personal Finances," released by Prentice-Hall. He collaborated in the preparation

of this book with William H. Rodda of Chicago + + + Dr. Kent L. Steckmesser, assistant professor of history, has published a book entitled "The Western Hero in History and Legend." Issued by the University of Oklahoma Press, the volume examines the interrelationships of history, fiction and folklore in the careers of several noted frontiersmen. + + + Dr. John C. Bushman and Dr. Marvin Laser, professors of English, are chief authors of "Scope/Reading I," published last week by Harper & Row. This is the first volume of an 8-volume literature and language series for high school English classes comprised of educationally and culturally disadvantaged students. Remaining volumes in the *Scope* series are scheduled for publication later this year and in 1966. + + + Rufus P. Turner, assistant professor of English, has published his eighteenth book, "Technical Writer's and Editor's Stylebook," recently issued by Bobbs-Merrill. + + + Leon Surmelian, also assistant professor of English at CSLA, is enjoying wide critical attention accorded to his new book, "Daredevils of Sassoun," the Armenian national epic. It has been the subject of major reviews in *New York Times* and other papers. + + + Dr. Kenneth Zimmer, associate professor of business education, was recently notified that the textbook he co-authored for Gregg Publishing Company, "Business English and Communication," has been adopted by the Los Angeles Public Schools, effective next fall.

Dr. Ben Siegel, head of the language arts department at Cal Poly, Pomona, is co-author of "The Puritan Heritage: America's Roots in the Bible." It was written in collaboration with religious author Joseph Gaer and published by the New American Library. Another of Dr. Siegel's books, "Biography — Past and Present," which he co-authored with William Davenport of Harvey Mudd College, is published by Scribner's. Siegel is now working on a critical biography of novelist Sholem Asch for Twayne's *U.S. Authors* series.

Francis Donahue, assistant professor of foreign languages at Cal State Long Beach, authored a recent book, "The Dramatic World of Tennessee Williams," on the current trade list of Frederick Ungar Publishing Co., New York.

For the past two years, Dr. Harry Stone, associate professor of English at San Fernando Valley SC, has been compiling, editing and annotating an 800-page edition of hitherto uncollected works by Charles Dickens. "We will be able to reprint," Dr. Stone says, "over 100,000 words from Dickens' magazine, *Household Words*. They are from the period of his maturity, when he was writing such novels as 'David Copperfield,' 'Bleak House,' and 'Hard Times,' and contain memories and ideas as well as his comments on the events of the day." + + + Morris Schonbach of the history department is the author of "Radicals and Visionaries," a part of a series sponsored by the State of New Jersey in observance of its tercentenary. + + + Richard G. Hubler of SFVSC's English department is co-author with Lester Morrison of a novel, "The Trial and the Triumph," published by Crown. + + + Dr. David Bidna, associate pro-

fessor of education, has co-authored with Dr. Robert O. Hahn of Cal State Los Angeles a new college text, "Secondary Education: Origins and Directions." + + + The chairman of SFVSC's Department of Sociology, Dr. Lewis Yablonsky, is the author of a sociological work, "The Tunnel Back: Synanon," recently published by Macmillan. Dr. Yablonsky has spent fifteen years on the problems of crime and narcotics addiction. He is the author also of "The Violent Gang" and other works in the field of his specialization. + + + A monograph titled "Automatic Merchandising" has been published by the American Marketing Association in cooperation with the National Automatic Merchandising Association. Its author is Dr. Charles R. Goeldner, associate professor of marketing. + + + Dr. F. Lynwood Wren, professor of mathematics, is the author of "Basic Mathematical Concepts." It is a textbook for elementary school teachers. In addition, Dr. Wren and Charles H. Butler, professor of mathematics, Western Michigan University, have produced a revision of an established textbook in the field, "The Teaching of Secondary Mathematics — Fourth Edition." Both books are published by McGraw-Hill.

Dr. William O. Cord, associate professor of Spanish at Sonoma SC, has been named editor of the Latin American section of Twayne's *World Authors* series — about 700 books in all — which surveys the literature of the world. Dr. Cord will compile a list of foremost writers of Latin America from times past to the present, contract with scholars to write "life and-works" books about them in English, and edit each manuscript. + + + An SSC art professor has written a "new wave" novel called "Boom!" which was published by E. P. Dutton. He is Dr. Leland Gralapp, associate professor of art, an expert on Balinese paintings, and a prize-winning printmaker. This is his first work of fiction. He describes it as "a surreal satire," a commentary on "flagrant over-emphasis on sexuality and commercialism and technology in American society," but "actually a book of good will."

Dr. James N. Javaher, associate professor of mathematics, is the author of a textbook "Elementary Foundations of Mathematics: An Intuitive Approach," which has recently been published by the McCutchan Publishing Corporation of Berkeley. According to Professor Javaher, the text "is directed toward the preparation of elementary and junior high school teachers who must learn the essentials of the 'new math.'" + + + The Stanislaus SC library has acquired copies of most of the publications of Ralph L. Milliken, the Los Banos Historical Museum curator, who, during the past 50 years, has been the author of a continuing pamphlet-series on local history. + + + The second edition of "Music Fundamentals for the Classroom Teacher" by Dr. Gene C. Wisler, associate dean for curriculum and professor of music at the college, has been recently published by Allyn and Bacon.

THE CALIFORNIA STATE COLLEGES: Glenn S. Dumke, Chancellor; Raymond A. Rydell, Executive Vice-Chancellor; Harry E. Brakebill, Vice-Chancellor, Business Affairs; C. Mansel Keene, Assistant Chancellor, Faculty and Staff Affairs. *The California State Colleges Review* is issued by the Public Affairs Office, 2930 West Imperial Highway, Inglewood, California 90303.
