## CHANCELLOR DUMKE EXPRESSES APPRECIATION FOR SUPPORT OF PROPOSITION 2

Chancellor of the California State Colleges Glenn S. Dumke last week expressed his appreciation to members of the faculty and staff and student body of the college for their support of Proposition 2, the State Higher Education Construction Program Bond Act of 1966, which appeared on the General Election ballot November 8. Dr. Dumke's note read:

"Now that our building and site acquisition program is assured for the next two years, I want to express my appreciation to the students, faculty members and administrators who gave so generously of their personal time and effort in support of Proposition 2 on the November 8 ballot.

"As the expansion program moves forward on your campus, you may take just pride in being instrumental in the achievement.

/s/ Glenn S. Dumke"

## PERSISTENCE STUDY RECOMMENDATION CLARIFIED

Clarification on one of the recommendations made by the Student Persistence Study Committee in its report issued near the start of the Fall Quarter came in an announcement received last week from Joics B. Stone, associate dean, counseling and testing, and chairman of the committee.

Dr. Stone's announcement referred specifically to the comment that "faculty advisors will be encouraged to invite their advisees to the Staff Dining Room in small groups or to other areas for lunch or snacks, or "brown bags." His clarification statement reads:

"One of the recommendations of the Student Persistence Study Report was that a Faculty Advisor invite his advisees to meet with him more or less informally and in large or small groups.

"Such conferences can be accommodated in one of three ways: (1) a reserved area in the Snack Bar (portion of the Campus Dining Hall), (2) a conference room, or (3) after 4:00 p.m. in the Staff Dining Room. If you wish to lunch with your advisees and such lunch must be purchased, you may reserve space in a section of the Snack Bar designated for this purpose. You should contact the Activities Office to place your reservation and this contact must be made a few days in advance at least. Reservations will be accepted on a first-come, first-served basis.

"Reservations for conference rooms (with or without "brown bag lunch") and/or the Staff Dining Room (after 4 p.m.) may be made through the Activities Office (telephone 2476) in the usual procedure (Employees Handbook, Section 305.11 and 305.12)."

### REVIEW OF "ARTS AND TECHNIQS" SLATED FOR "BOOKS AT HIGH NOON" MEETING

Lewis Mumford's Arts and Technics will be reviewed by Bernice Loughran, a member of the Education Department's faculty, during the Books at High Noon series luncheon meeting being planned for next Tuesday (November 22), beginning at noon, in the Staff Dining Room. Dr. Loughran is expected to illustrate Mumford's points with slides of contemporary paintings.

Mumford's book "is 15 years old, yet its message is even more urgently needed now than in 1951" according to Dr. Loughran. Mumford seeks a balance between the machine and art. He writes, "The great mass of comfortable well-fed people in our civilization lead lives of emotional apathy and mental torpor, of dulled passivity and enfeebled desire -- lives that belie the real potentialities of modern Culture."

On today's (Tuesday, November 15) program, students enrolled in the English and Speech Department's "Oral Reading" course will give a series of readings of prose, poetry, and drama to illustrate that oral reading may be effectively used to increase understanding of literature. Starting time and place for today's program will both be same as those announced for next week's Books at High Noon luncheon.

### ALPHA PHI OMEGA CHAPTER WILL HOST REGIONAL CONFERENCE THIS WEEKEND

Cal Poly's student chapter of Alpha Phi Omega national service fraternity will host the Southern California Sectional Conference of that organization in San Luis Obispo this weekend (November 19-20). Guests attending the conference, which is being planned to promote APO's ideals of leadership, fellowship, and service, are expected to include Dr. Lester Steig of San Francisco, past-national president of the society; Joseph Scanlon of Kansas City, Mo., national executive director of APO; and Irwin Gerst of Canoga Park, a member of the organization's national executive board.

Some 125 student members of APO from eight chapters located at colleges and universities in Southern California are expected to take part in the two-day conclave, according to Bob Whitaker, an aeronautical engineering major from Oakland who is president of the Cal Poly chapter. Robert Adams, campus chief of maintenance, is faculty advisor for the local chapter.

### STAFF CLUB SCHEDULES TALK ON HONDURAS

"Holiday in Honduras" will be the topic when Otto Houser, a world traveler and missionary in the Philippines, addresses the weekly luncheon meeting of the Staff Club being planned for noon, Thursday (November 17) in the Staff Dining Room. Dr. Houser is the father-in-law of Dr. Glenn Noble, head of the Biological Sciences Dept.

### "WORLD'S FASTEST COMPUTER" WILL BE PROGRAM TOPIC

The "world's fastest computer," Control Data Corporation's 6600, will be the topic when R. E. Porter, an official with that firm, addresses members and guests during a meeting of the student chapter of the Institute of Electrical and Electronic Engineers on campus, Tuesday (November 15) evening. Scheduled for 7:30 p.m., the program will take place in the Air Conditioning Auditorium and the faculty, staff, and students of the college are invited to attend.

## PERSONNEL OFFICE ANNOUNCES OPEN ENROLLMENT PERIOD FOR INSURANCE PROGRAMS

Announcement of an open enrollment period for various insurance plans of the California State Employees Association and the State Employees Retirement System came from the campus Personnel Office last week. The Personnel Office statement, which said the open period would be from November 21 through December 10, reads:

"The California State Employees' Association and the State Employees' Retirement System have jointly announced an open enrollment period from November 21 through December 10, 1966. During this same period an open enrollment on other health and life insurance coverages will be in effect.

"An employee, during the open enrollment period, may enroll himself or self and family in one of the basic health plans or change his enrollment. This is the coverage to which the state contributes \$6.00 monthly. The combination of changes may be from non-enrolled; from one plan to another; from self only to self and family; or from self and family to self only.

"CSEA, with SERS, co-sponsors six of the basic health plans. Membership in CSEA is not required for participation. Included in the open enrollment period is the coverage sponsored by the Association of the California State College Professors with the Federated Life Insurance Company. Brochures relative to the open enrollment period and the various basic health coverages will be mailed out to all staff members. These booklets will list the new plans offered, the increased benefits and services, and a schedule of new rates which become effective January 1, 1967.

"Effective on that date the CSEA-CW Plan Code 52 and the SERS-CWO Plan Code 53 will be merged. Increased benefits and services will result. Persons enrolled in either CSEA-CWO (Code 52) Plan or the SERS-CWO (Code 53) Plan who desire to remain in the merged CSEA-SERS-CWO Plan are not required to take any action. Those having CSEA-SERS-BC-BC coverage, who do not wish to change, are not required to do anything. Those having SERS-CSEA-BC-BS Partial Service Plan must change to another program before December 10, 1966, if they wish to have coverage as this plan is being cancelled effective 1-1-67. Persons desiring to change plans must come to the Personnel Office, 117 Administration Building, and complete a Health Benefit Form 12 during the "Open Enrollment" period and indicate the desired change of plans.

"There are other coverages that are available during this open enrollment period which do not require any evidence of insurability. They are: Cal Western Occidental Group Ordinary Life Insurance; Supplemental Life Insurance; Cal-Western Occidental Major Medical; and, Mutual of New York Insurance Protection Plan.

"Effective January 1, new employees will have six months in which to enroll, without evidence of insurability, in one of the basic health plans. This new policy will also apply to Major Medical Offerings and life insurance programs."

## SUMMARY OF C S C ACADEMIC ACTIONS DISTRIBUTED

Copies of the Summary of Actions for the October 6-7 meeting of the Academic Senate of the California State Colleges have arrived on campus and are being distributed as attachments to this issue of Staff Bulletin as long as they last. Those who do not receive one on their copy of Staff Bulletin and wish to have one for review will find one on file in the Faculty Reading Room in Dexter Library.

### CAST FOR "WAY, WAY, WAY OUT THERE" INCLUDES STUDENTS FROM THROUGHOUT STATE

Students from throughout California are among the cast for Way, Way, Way Out There, a play by Edwin Schoell which will get its world premiere staging on campus this weekend. The performances, scheduled for Thursday, Friday, and Saturday (November 17, 18, and 19) evenings, will take place in the Cal Poly Theater. Curtain time each evening, contrary to earlier announcements, will be 8:30 p.m.

Cast in the three-act comedy's leading roles are Jim Sweeney of Bakersfield, a senior mechanical engineering major who plays Henry Wilkins; Evan Artram of Van Nuys, a sophomore printing engineering and management major who plays The Visitor; and Linda Sweeney also of Bakersfield, a junior English major who plays the only female role, Aunt Mathilda.

Plot of the play, which is being directed by Murray Smith, a member of the English and Speech Department's faculty, revolves around a visitor from outer space who encounters a host of unusual experiences in his initial contacts with earth men. Schoell, its author, is a member of the University of California at Santa Barbara faculty.

Other members of the play's cast are Greg Jones, a freshman animal husbandry major from Oakland; Dale Kreiger, a senior social sciences major from Lancaster; Carl Daughters, a sophomore physical education major from Arroyo Grande; Raymond Down, a freshman business administration major from Hawthorne; Don Coughlan, a junior agricultural engineering major from Alameda; Bruce Nepple, a junior electronic engineering major from San Jose; Jeff Schultz, a junior social sciences major from Santa Barbara; Art Fritz, also a junior social sciences major, from Walnut Creek; Lynn Haines, a junior technical journalism major from Bakersfield; Tim Kessler, a sophomore technical arts major from Pomona; and Jonathan Hull, a senior electronic engineering major from Redwood City.

Tickets for all performances may be purchased in advance at the Associated Students, Inc., office, which is located in the Temporary College Union, or prior to curtain time each evening at theater box offices.

### CAMPUS CHAPTER OF PHI KAPPA PHI INVITES INQUIRIES FROM POTENTIAL MEMBERS

Potential members of the campus chapter of Phi Kappa Phi national honor society in any of three categories have been invited to contact the local organization if they are interested in possible affiliation. Those specifically mentioned in the chapter's announcement are persons who may have been elected to Phi Kappa Phi while at another college or university, those who may belong to other honor groups such as Phi Beta Kappa, and those who were members of the former Cal Poly Honor Society.

Under terms of the campus chapter's charter, persons who were members of the Cal Poly Honor Society may, on the basis of that membership, become members of PKP. However, application for membership must be made within one year of the chartering of the PKP group on campus. Those who fall in this category have until November 28, 1966, to make their application.

Regardless of which of the above listed categories potential members of PKP fall in, those wishing to obtain further information on the chapter and possible membership are invited to contact Shirley Sparling, either by telephone (546-2189) or in her office (Room E-42, Science Building).

DEADLINE FOR COPY INTENDED FOR USE IN THE NEXT STAFF BULLETIN IS NOON, NOVEMBER 18

### PERFORMANCE BY LITTLE SYMPHONY SCHEDULED FOR COLLEGE HOUR

The Cal Poly Little Symphony will give the initial concert of its 1966-67 season during a College Hour Concert scheduled for 11:00 a.m., Thursday (November 17) in the Cal Poly Theater. Also featured on the program, which will be presented by the Music Department, will be a string quintet.

Numbers listed on the concert program are Allegro from "Brandenburg Concerto in F Major" by Bach; "Divertimento" by Mozart; "Clarinet Quintet in A Major" by Mozart; Allegro from "String Quintet in F Major" by Brahms; and Adagio from "Symphony Number 3" by Mendelssohn.

The Little Symphony, now in its third year as a performing organization, has a membership of some 30 students and members of the faculty and staff. Admission to the concert, as are all presentations of the College Hour Concert series, will be free.

### CAL POLY WOMEN'S CLUB NEWS

CPWC Directory Supplement - Plans for issuance of a supplement to the annual directory of the Cal Poly Women's Club are being made. Those who were not included in the 1966-67 directory, but wish to be listed in the supplement may be upon payment of their dues. They may be sent to Mrs. Robert Matheny, 104 Rafael Way, San Luis Obispo.

Book, Music, and Art Section - Members of the CPWC's Book, Music, and Art Section will meet tomorrow (Wednesday, November 16), at 8:00 p.m., in the home of Mrs. Edward Stoffel, 241 Luneta Drive, San Luis Obispo, for their next program. Mrs. Richard Johnson will speak on Fine Art of Hytochonbria or How Are You by Ace Goodman. Her presentation is expected to be a short, sweet, funny cure for that dread disease imaginary illness. Mrs. Johnson will also discuss new books as gift suggestions for Christmas giving. Any Cal Poly women who wish to attend the meeting are invited to do so.

Bridge Section - Next meeting of the club's Bridge Section will be next Monday (November 21). Announced for Room 129 of Dexter Library, on campus, it will begin at 8:00 p.m.

Home and Garden Section - A talk on "Seasoned Greetings" by Anne Rupp, home economist for Southern Counties Gas Company, is being planned for the next meeting of members of the women's club's Home and Garden Section. Planned for 10:00 a.m., tomorrow (Wednesday, November 16), the meeting will take place at the SCGC's facilities in Santa Maria.

Newcomers Section - The home of Mrs. Glenn Rich, 222 Longview Lane, San Luis Obispo, will be location of the next meeting of the Newcomers Section of the club. Mrs. Beth Law of The Hobby Shop, San Luis Obispo, will present a program entitled "Ideas for Christmas Decorations and Gifts" during the meeting, which is scheduled for 8:00 p.m., tomorrow (Wednesday, November 16). Any Cal Poly women who wish to attend are invited to do so.

### DEMONSTRATIONS OF I B M OFFICE EQUIPMENT SLATED

Demonstrations and "helpful hints" on the operation of IBM electric typewriters will be presented during demonstrations which are being planned for tomorrow (Wednesday) and Thursday (November 16 and 17), according to an announcement received from the General Office. Open to all interested employees of the college, the demonstrations are scheduled for 8:00 to 9:00 a.m., tomorrow, in Room 218 of the Administration Building and the same time, Thursday, in Room 106 of the Administration Building.

### LIVESTOCK JUDGES WIN CHAMPIONSHIP AT COW PALACE

Seven agriculture students who represented Cal Poly have the championship of the Grand National Intercollegiate Livestock Judging Contest to show for their recent visit to San Francisco. They topped a field of 12 teams representing colleges and universities from Washington, Oregon, Wyoming, Utah, Texas, Idaho, and California, who entered the contest held November 5, at the Bay City's famed Cow Palace.

Members of Cal Poly's championship team were James Bright of LeGrand; Al DeRose of Hanford; Tom Hunton of Junction City, Ore.; John A. Emery of San Miguel; and Ron Hathaway of Burney. Alternates on the team were Robert C. Cummings of Redwood City and Stevan Jaegar of Condon, Ore.

In its sweep to victory at the Cow Palace, the Cal Poly team topped all entries in the contest's beef cattle and swine divisions and placed third in horse judging. Individually, DeRose won the contest's high individual judge in all divisions honors and Bright was the high individual judge in both beef cattle and swine.

Runners-up for the contest's team laurels were University of Idaho, which placed second, and Fresno State College, which finished third. Other division champions were University of Wyoming, which won the horse judging, and Idaho, which won the sheep judging.

The victory at the Cow Palace was the second major livestock judging competition won by the Cal Poly team this fall. It romped off with the team championship of the Pacific International Livestock Judging Contest, which took place in Portland, Ore., last month. Results of the team's performance in the Golden Spike Intercollegiate Judging Contest, which took place in Logan, Utah, last weekend, were not available at time of this writing.

### MUSTANG FOOTBALLERS JOURNEY TO GOLETA FOR SEASON FINALE

Coach Sheldon Harden's football varsity, which closed its 1966 home season with a 34-32 victory over a highly-regarded University of Santa Clara eleven last Saturday, will journey to Goleta, where it will encounter an equally-powerful University of California at Santa Barbara team, in its season finale Saturday (November 19) afternoon.

The Mustangs, who had to come from behind to post their win over Santa Clara, will be seeking their sixth victory of the season, more than a Cal Poly team has won in a single campaign since 1959. Scheduled for 1:30 p.m., Saturday afternoon's encounter will take place in UCSB's new 12,000-seat campus stadium.

### PLANS FOR PRE-HOLIDAY COFFEE HOUR ANNOUNCED BY MEAL MANAGEMENT CLASS

An invitation to all members of the college faculty and staff to attend its Pre-Holiday Coffee Hour, being planned for November 23, has been issued by the Meal Management Class of the Home Economics Department. The affair will take place in Room 114 of the Mathematics and Home Economics Building between 10:30 and 11:30 a.m., on that date. Coffee, tea, and assorted sweet rolls will be included in the \$.50 charge.

Those wishing to make reservations for the Coffee Hour may do so by calling 546-2289 on or before Friday (November 18). Capacity of the facilities limits the number of persons that can be accommodated for the event to 150.

STONEWARE BY STUDIO POTTER JANE RIDER FEATURED IN LIBRARY EXHIBIT

Ceramics by Cambria artist Jane Rider, wife of Rol W. Rider, Jr., an instructor on the Business Administration Department's faculty, are featured in an exhibit being shown in the foyer of Dexter Library through November 28.

Each of the "one-of-a-kind" ceramic pieces on display is made from a specially-formulated clay and uses chemically formulated glazes created by the artist from basic chemicals. The result is a stoneware of earthy effect with depth in color contrasting with textural surfaces, sometimes in natural simplicity and other times with sculptured surface design. Many of the pieces are multi-functional for use in the home as well as artistically decorative.

Mrs. Rider, who studied sculpture, ceramics, and glaze technology at University of California at Los Angeles, Scripps College, and Chouinard Art Institute and has had extensive professional and teaching experience, specializes in large samovars and lamp bases. All of the ceramics in the current display are stoneware fired at cone 5 in an electric kiln.

In addition to her exhibit in the campus library, Mrs. Rider will demonstrate her art on the potters wheel at the San Luis Obispo Art Association Gallery, located on Broad Street near Higuera in downtown San Luis Obispo, as part of that association's program for the new art center. Her demonstrations are scheduled for 12:00 to 3:30 and 7:00 to 9:00 p.m., Thursday (November 17) and from 12:00 to 3:30 p.m., on both Friday and Saturday (November 18 and 19).

WHO . . . WHAT . . . WHEN . . . WHERE ? ? ?

Carl G. Beck, executive secretary of Cal Poly Alumni Association, will be honored by alumni living in the area north of San Francisco during a retirement dinner scheduled for Saturday (November 19) in Petaluma. Both Beck and his wife, Muff, are expected to be on hand for the dinner which is being sponsored by the North Bay Section of CPAA. "Gus," as Beck is known by his friends, recently announced his retirement from his position with the association, effective December 31. He retired from his duties as a member of the faculty in 1963 after a tenure of 31 years.

Clay Hatfield, Biological Sciences, attended a portion of the 94th annual meeting and scientific sessions of the American Public Health Association and presentation of the Bronfman Prizes for achievements in Public Health, November 3 and 4, in San Francisco.

Chester O. McCorkle, dean of the college at Cal Poly, Kellogg-Voorhis, and a former member of the Cal Poly, San Luis Obispo, faculty and administrative staff, last week announced his plans to move his home to Santa Rosa following his retirement. Dean McCorkle, whose plans to retire effective next week had been announced several months ago, said he expects to make the move right away. The new address and telephone number are 340 Belhaven Place, Santa Rosa, and area code 707, 544-4897.

J. Mac McRobbie, head of Technical Arts, participated in the second annual Conference on Industrial Technology in American Higher Education, held November 4-5 at Kent State University, Ohio. Representatives from 70 colleges and universities located throughout the nation attended the conference.

1965-66 CAL POLY ANNUAL REPORT ISSUED

Cal Poly's Annual Report 1965-66 is being distributed to each member of the campus faculty through the campus mail system. Any faculty member who has not received a copy is urged to inform the Publications Office (546-2246) of that fact so a copy of the report may be sent to him.

WHO . . . WHAT . . . WHEN . . . WHERE ? ? ? (Continued from Page 7)

Mansfield Clinnick, Mathematics, attended a meeting of the San Francisco Chapter of the Association for Computing Machinery, which took place October 20, in Palo Alto. Clinnick was taken on a brief tour of the Stanford Linear Accelerator project, which was the principal item of discussion during the meeting.

Robert F. Hoover, Biological Sciences, was a participant in a meeting and field trip of the Southern California Botanists, held in the desert area near Palm Desert, October 15. The trip also included study of plants in the San Jacinto Mountains.

PLACEMENT CALENDAR -- INTERVIEWS ON CAMPUS THIS WEEK

OWENS-ILLINOIS, San Francisco. W. Abbott Roberts, personnel director, will interview seniors in business administration, IE, ME, and TA for positions as manufacturing trainees, mechanical engineers, industrial engineers, and industrial technologists. (11/15)

CARRIER AIR CONDITIONING COMPANY, Syracuse, N.Y. Robert C. White, Western Region Manager, will interview seniors in AC and R and ME for positions in development and product, manufacturing, industrial service and application engineering, and field office engineering in sales or service. (11/15)

PHILCO CORPORATION, AERONUTRONIC DIVISION, Newport Beach. George Gerner, personnel coordinator, will interview seniors in aero, EE, EL, and ME. (11/15)

U S ATOMIC ENERGY COMMISSION, Las Vegas, Nev. George W. Mapes, personnel specialist from the Nevada operations office, will interview seniors in business administration (accounting), EE, EL, and ME. (11/15)

PHILCO, MICRO-ELECTRONICS DIVISION, Santa Clara. Richard C. Gardner, supervisor, employment, will head a team interviewing seniors in business administration, chemistry, EE, EL, and physics. (11/15)

U S NAVAL MISSILE CENTER, Point Mugu. Howard E. Hawkins, deputy Sparrow III/Side-winder Program officer, will interview seniors in aero, EE, EL, ME, and physics with a strong interest in electronics. Positions are available with the Naval Missile Center, the Pacific Missile Range, and the Naval Ships Missile Systems Engineering Station. (11/15)

BECHTEL CORPORATION, San Francisco. Richard S. Jamar, Jr., college relations representative, will interview seniors in architectural engineering, EE, ME, and WM. (11/15)

FIRST WESTERN BANK AND TRUST COMPANY, Los Angeles. Michael Torres, training coordinator, will interview seniors in all ag majors, business administration, and all other majors particularly interested in careers in banking. (11/15)

PLACEMENT CALENDAR (Continued from Page 8)

BEHLMAN-INVAR ELECTRONICS CORPORATION, Santa Monica. Harold B. Rose, director of engineering, will interview seniors in EL and ME. (11/15)

AMERICAN NATIONAL RED CROSS. Howard D. Hoops, assistant director, recruitment, will interview seniors in PE and social sciences. Any other major particularly interested in the American National Red Cross may sign for an interview. (11/15)

PRECISION INSTRUMENTS, Palo Alto. Stewart Smith, vice president of engineering, will interview seniors in EE, EL, and ME. (11/16)

USP CORPORATION, San Jose. David C. Devenot, industrial relations manager, will interview seniors in business administration and food processing. (11/16)

FLUOR CORPORATION, LTD., Los Angeles. Frank Leach, employment supervisor, and an engineering representative will interview seniors in AC and R, architectural engineering, EE, and ME. (11/16)

BETHLEHEM STEEL, San Francisco. J. Richard Rhodes, college relations representative, West Coast, will interview seniors in architectural engineering, business administration, chem, EE, IE, ME, math, physics, TA, and WM for the company's 1967 Loop Course, a training program which leads to careers in research, steel, plant operations, sales, mining, accounting, and ship building. (11/16-17)

THE BELL SYSTEM. Frank Zimmerman, general personnel manager, will head a recruiting team which will include E. Austin, college representative, Western Electric; J. R. O'Neill, college relations supervisor, and W. R. Rees, college relations supervisor, both of Pacific Telephone; and Mrs. Stephanie Ladd, college employment representative, Pacific Telephone. Mr. Austin will interview seniors in EE, ME, math, physics, chem, applied arts, business administration and accounting for assignments in California, Arizona, virtually every major city in the United States, and around the world in the Defense Activities Organization. Mr. O'Neill and Mr. Rees will interview seniors in all engineering majors for engineering at the management level; in business administration and all applied arts and applied sciences majors for management and supervisory assignments in areas of data processing, force and quality control, customer contacts, plant construction and operation, sales, and marketing; and math and physics majors for management assignments in many of the above types of work. Mrs. Ladd will interview senior women in all majors interested in careers in management. (11/16-17)

INTERNAL REVENUE SERVICE, Los Angeles. James A. Pugh, technical recruiter, will interview seniors in business administration as well as any other major with a particular interest in opportunities with the Internal Revenue Service. (11/17)

FIRESTONE TIRE AND RUBBER COMPANY OF CALIFORNIA, Salinas. Alex Stocks, comptroller, will interview seniors in business administration, chem, IE, ME, and math. (11/17)

GENERAL ATOMIC DIVISION, General Dynamics Corporation. J. C. Kerns, professional placement, will interview seniors in architectural engineering, EE, EL, ME, physics, math, and WM. (11/17)

GOODYEAR AEROSPACE CORPORATION, Arizona Division. R. J. Wojno, college relations, will interview seniors in EE, EL, IE, ME, and physics. (11/17)

PLACEMENT CALENDAR (Continued from Page 9)

THE BUNKER-RAMO CORPORATION, Canoga Park. Don Kalal, supervisor, college relations, and an engineering representative will interview seniors in EE, EL, and physics, for field engineering openings in the continental USA. (11/17)

SPRECKELS SUGAR COMPANY, San Francisco. M. E. Akridge, chief industrial engineer, will interview seniors in IE, chem, and physics. (11/17)

UNITED TECHNOLOGY CENTER, Division of United Aircraft Corporation, Sunnyvale. M. M. Degmetich, employment representative, and Dr. R. Felix, manager, systems engineering, will interview seniors in aero, chem, EE, EL, and ME. (11/18)

SIGNETICS CORPORATION, Sunnyvale. C. J. Westover, administrative manager, will interview seniors in chem, EE, EL, IE, ME, and physics. (11/18)

APPLIED RESEARCH LABORATORIES, INC., Glendale. C. F. Hartman, personnel director, will interview seniors in EL, ME, and physics. (11/18)

STOUFFER FOODS CORPORATION. Joseph A. Day, manager restaurant division, Orange, Calif., will interview seniors in food processing, home ec, and business administration for restaurant management positions. (11/18)

U.S. ARMY CORPS OF ENGINEERS. John W. Gerhart, supervisory civil engineer, and Joseph G. Loomis, supervisory personnel management assistant, will interview seniors in agricultural engineering, architectural engineering, EE, EL, and ME. (11/18)

OWENS-CORNING FIBERGLAS CORPORATION, Santa Clara. P. E. Schaefer, employment supervisor, and C. J. Szukalski, production manager, will interview seniors in AC and R, business administration, EE, IE, ME, and TA. (11/18)

U.S. DEPARTMENT OF AGRICULTURE, CONSUMER AND MARKETING SERVICE, San Francisco. Sterl Miller, personnel management specialist, will interview seniors in biological sciences and all Ag majors with 12 quarter units in chemistry for positions in meat grading, meat inspection, and fruit and vegetable inspectors. He will also interview seniors in ABM and business administration and others interested in administrative positions in the Federal Food Stamp Program. The Federal Service Entrance Examination (FSEE) is required. (11/18)

U.S. NAVAL ORDNANCE LABORATORY and U.S. FLEET MISSILE SYSTEMS ANALYSIS AND EVALUATION GROUP, Corona. E. A. Harris, head, Countermeasures Evaluation Branch, will interview seniors in aero, EE, EL, ME, and physics. (11/21)

GREAT LAKES CARBON CORPORATION, Lancaster. Frank Oliver, Jr., personnel administrator, and D. S. Meletiou, technical superintendent, will interview seniors in EE and ME. (11/21)

GREEN GIANT COMPANY, Le Sueur, Minn. Charles Calleros, manager of operations services, Watsonville, Calif., will interview seniors in ABM, agricultural engineering and MA, biological sciences, business administration, chem, crops, food processing, OH, and soil science for positions located throughout the United States in the areas of production, research, quality control, engineering, and sales. (11/21)

TOUCHE, ROSS, BAILEY, & SMART, Los Angeles. Joseph B. Ryan, senior consultant, will interview seniors in business administration (accounting), for 40 domestic and 110 international offices. (11/21)

PLACEMENT CALENDAR (Continued from Page 10)

NORTHWESTERN UNIVERSITY SCHOOL OF LAW, Chicago, Ill. Harold D. Shapiro, professor, will interview students interested in continuing their education at law school. (11/21)

O'MEARA-SANFORD-ALESSI, INC., Sacramento. Keith C. Sanford, vice president, will interview seniors in AC and R. (11/21)

WALLACE AND TIERNAN INC., Monrovia. Dean S. Duffy, executive assistant division manager, will interview seniors in all engineering majors and TA for positions in technical sales for the Industrial Products Division. (11/21)

ARO, INC., Ames Division, Moffett Field. R. F. Piasecki, assistant engineering manager, will interview seniors in aero and ME for positions as project engineers for wind tunnel tests at Ames Research Center. (11/21)

VERITRON WEST, INC., Chatsworth. C. J. Rawson, executive vice president and general manager, and E. W. Emmerich, director of engineering, will interview seniors in chem, ME, and WM. (11/22)

EDGERTON, GERMESHAUSEN AND GRIER. David B. Hill, personnel administrator, Santa Barbara Division, will interview seniors in EE, EL, math and physics. Mr. Hill will represent the company's Albuquerque and Las Vegas facilities as well as the Santa Barbara operation. (11/22)

DEADLINE FOR COPY INTENDED FOR USE IN THE NEXT STAFF BULLETIN IS NOON, NOVEMBER 18

CAMPUS CALENDAR -- WEEK OF NOVEMBER 15-22, 1966

Tuesday, November 15

Noon	Books at High Noon Luncheon Meeting	S D R
------	-------------------------------------	-------

Wednesday, November 16

8:00 a.m.	IBM Typewriter Demonstration	Admin. 218

ACADEMIC SENATE OF THE CALIFORNIA STATE COLLEGES

---

A SUMMARY OF ACTIONS

October 6-7, 1966

CSC Headquarters - Los Angeles

CHAIRMAN'S REPORT Dr. Allen reported on the actions taken by the Executive Committee two of which could be considered substantive in terms of policy: recommended the 6.7 salary increase be distributed across the board; approved modification of the Senate's recommendation on composition of the Inter-American Institute. He reported on the negotiations with the Chancellor relative to consultation on appointments in the Chancellor's office. (Resolutions were passed relative to consultation during the meetings. See minutes for full details.)

VICE CHAIRMAN'S REPORT Sol Buchalter reported on the CCHE and on Delegation of Authority. He drew attention to the increasing power of the CCHE; the Senate indicated it would take further interest in the CCHE role. Relative to delegation, he noted the establishment of the Chancellor's committee to pursue the matter.

CHANCELLOR'S COMMENTS Dr. Dumke charged the Senate to take action in a variety of academic and professional fields. (Details of Chancellor's comments in minutes.)

SENATE ACTIONS & POLICY FILE Dr. Livingston reported on the policy file and indicated that prevailing conditions tend to mute the voice of the Academic Senate. The Senate directed Dr. Livingston and Dr. Allen to refine and return the report in such form that it can be acted upon at the next meeting; they were also commended for their effort.

CONSULTATION Consultation on appointments of statewide positions at rank of Dean or above was further discussed; the Senate's position that consultation must take place in all such cases was reiterated. The Chairman was requested to ask the Chancellor to forward the Academic Senate position to the Board of Trustees.

The Chancellor has made clear his disagreement with the Senate position on new State College presidents; the Executive Committee was requested to ask the Chancellor to forward the Senate position to the Board of Trustees.

CURRICULUM DEVELOPMENT The Academic Senate APPROVED a resolution from the Educational Policies Committee, reiterating the necessity for full and early Senate consultation on the development of new programs, with particular reference made to the proposed Academy of Arts and the MIST project at Long Beach Harbor.

SALARIES Proposed salary increases for next year were discussed; because of the pressures involving the Trustees' and CCHE schedules, the Senate authorized the Executive Committee to meet with the Chancellor's staff to arrive at a Senate posture with respect to salaries. The Fiscal Affairs Committee was requested to report to the Senate within six months on a proposed structural reorganization of the entire salary scale.

MARC TOOL REPORT The Senate symbolically received the Marc Tool Report. Receipt of this report by the Senate indicated neither approval nor disapproval of Dr. Tool's data or recommendations; it is hoped, however, that the Report will provide a starting point for future Academic Senate recommendations. (Dr. Tool, Professor of Economics at Sacramento State College, took a leave of absence last Spring to do a thorough study of the California State Colleges position under the Master Plan. The report will be published October 24, 1966.)

ACADEMIC FREEDOM The Legislative Liaison Committee moved the adoption of a statement on Academic Freedom and the State Superintendent of Public Instruction. Request for waiver of two-reading rule failed; the motion will be on the agenda of the November meeting for Second Reading.

COLLECTIVE BARGAINING The Ad Hoc Committee on Collective Bargaining presented a recommendation for a series of systemwide elections; the committee also reported to the Senate on the progress of the issues and answers booklet. Prior to a vote on the committee's motion to waive the two-reading ruling, the Senate moved into a Committee of the Whole; a two and one-half hour debate ensued on the issues raised

by the committee's report. Upon reconvening as the Senate, the Ad Hoc Committee withdrew both its motion to waive the two-reading rule and its proposed resolution. A substitute motion was accepted by the committee and APPROVED by the Academic Senate:

1. That the Academic Senate (CSC) will conduct simultaneous, systemwide election (s) on the issues of collective bargaining during the current academic year;
2. That the Ad Hoc Committee on Collective Bargaining be directed to prepare an issues and answers booklet for presentation to the Academic Senate (CSC)
3. That the faculties be advised that such a booklet will be distributed to the campuses prior to the election;
4. That the Academic Senate (CSC) strongly encourage the local Senates and Councils to oppose the holding of local elections on their campuses in the interim;
5. That the Ad Hoc Committee on Collective Bargaining be directed to prepare and present a sample ballot at the next Academic Senate (CSC) meeting.

The Executive Committee, on a motion from the floor, was also directed to prepare "a position paper which indicates the position of this body in relation to Collective Bargaining, and after approval of the Academic Senate, that this paper be distributed to the faculty with the prepared issues and answers booklet."

NEXT SENATE MEETING The next meeting of the Academic Senate will be held in San Francisco on November 17 and 18, 1966.

Respectfully submitted,

Lee R. Kerschner, Secretary  
ACADEMIC SENATE, C.S.C.
