KENNEDY BEGINS DUTIES AS CAL POLY'S NINTH CHIEF EXECUTIVE

Robert E. Kennedy, elevated to the position of president of Cal Poly by Trustees of the California State Colleges during their April meeting last week, has begun his new duties. To be effective yesterday (May 1), his appointment as ninth chief executive of the college came at the conclusion of the trustees' two-day meeting at the state college system's Los Angeles headquarters.

Glenn S. Dumke, chancellor of the state colleges who recommended Kennedy, said that "the state colleges are extremely fortunate to have found an educator with Dr. Kennedy's qualifications within the system to fill this important assignment." The new president succeeds Julian A. McPhee, who was chief executive of Cal Poly for 33 years before his retirement last July 1.

Dr. Kennedy, 51, is a graduate of San Diego State College. He received his master's degree in journalism from Stanford University and his PhD in educational administration from Claremont Graduate School. He joined the Cal Poly staff in 1940 as head of the Journalism Department and was named public relations director in 1949. In 1954 he was promoted to assistant to the president and served from 1957 to 1959 as dean of the Arts and Sciences Division before becoming vice president of both the San Luis Obispo and Pomona campuses of Cal Poly in 1959. Last year the campuses were divided into separate colleges.

TRUSTEES SELECT SITES FOR TWO NEW STATE COLLEGES

Sites for new state colleges in Ventura and Contra Costa Counties were selected last week by Trustees of the California State Colleges as they concluded their two-day meeting in Los Angeles.

Chosen for the Ventura County campus was a 425-acre site known as Rancho Las Posas and located in the west portion of the Somis-Las Posas Valley, south of Santa Paula and east of Oxnard. Cost of the acreage, which is owned by the Berylwood Investment Company, is estimated at \$3.3 million.

A 380-acre site in the Cowell Ranch area near Concord was selected for the Contra Costa County campus. The Newhall Land Company, owner of the land, said it would provide 255 acres for \$1.53 million and donate the additional 125 acres without charge. Both colleges are expected to open in the early-1970's and eventually serve 20,000 students.

In other action, the trustees took final steps to permit the state colleges to charge students for college catalogs and other publications to cover publishing and distribution costs. The board also raised the admission application fee from \$5 to \$10 effective next December.
