Care 4 A Calf

Our Mission Statement:

To ensure the future of the Legendary Cal Poly Dairy Herd and Cal Poly Dairy Science state of the art educational program.

Care 4 A Calf is a student run ongoing fund raising project. A group of 7 students make up the student committee. There are two student leaders that serve as Committee Chairperson and Committee Co-Chairperson, This group of students have come forward to form this Committee, volunteering their time and effort to strive for stainability and continued excellence at the Cal Poly Dairy. This group of student leaders are now reaching out to you and asking that you help support the Legendary Cal Poly Dairy and its hands-on, "learn by doing" state of the art educational program.

Thank You

The Care 4 A Calf Committee and the Faculty, Staff, & Students of Cal Poly Dairy Science Department would like to extend their gratitude for your act of kindness and support.

Donations of all sizes are greatly appreciated. By helping us feed our calves, you are helping us build the future of a program that has been making history for over 100 years.
As a friend and supporter of Cal Poly Dairy Science,
you are a friend of education and agriculture stainability.
