1	I work in Arroyo Grande. My Commute is Santa Margarita to Arroyo Grande.	Apr 3, 2013 10:11 AM
2	If I worked full time in SLO, I would definitely ride the bus several days a week if the times coordinated with my work schedule. Currently I work in Atascadero. If our local Dial-A-Ride was more convenient, I would take that a few days a week, but it doesn't go late enough.	Apr 2, 2013 11:25 AM
3	I am very unhappy that you do not have adequate bus service in Los Osos and no Dial a Ride for seniors. I would like to take the bus down to 2nd St. in LO and right now, no such service exists. Also Dial a Ride for other trips. Zero, none available.	Apr 1, 2013 12:16 PM
4	A quick, non or one stop route from SLO to AG getting there by 7:45ish would help. Maybe this exists?	Apr 1, 2013 11:33 AM

I think its time for the county or you to do the same. Then I would take the transportation. As it is now I have to take two buses to get to county office on Hwy 1. 33	I work with clients who need transportation to/from the listed cities for later times in the evenings.	Mar 25, 2013 9:12 AM
34	I prefer to drive myself because I do not wish to interact with people before I get to work. But, mostly because bus time (1 - 1.5 hrs) versus (.5 hr) drive time wastes my time. Cost will not outweigh peace of mind and the ability to gather my thoughts for the upcoming work day. I rode buses in larger cities when I was younger and have had the 'pleasure' of being packed in with people with poor hygiene (early in the morning, yuck). Buses here take far too long to get to/from a destination and are spaced too far apart (1 - 2 hrs between buses) to be convenient. I would never choose to ride a bus as long as I can drive. Thank you for the survey and your wish to improve service.	Mar 25, 2013 9:03 AM
35	The timing of the bus service from Cayucos/ Cambria area is horrible. I used to ride the bus, but I just can not justify a 2 hour+ commute to ride the bus. Most people who work in SLO work 8 to 5. The bus schedule is not set up to accomodate this.	Mar 25, 2013 8:57 AM
36	I believe having an express bus that does not go to Cal Poly would be beneficial. I would be able to ride the bus and make it to work on time. The only reason I do not ride the bus is because of that extra 15-20 minutes thru Cal Poly makes me late to work and it adds extra time on the way home.	Mar 25, 2013 8:49 AM

39	I considered riding the bus to work when I first started working for the county, at least on the days I didn't need my car. The commute is way too long and there isn't really a direct or semi direct stop near my place of employment. It would be nice to be able to take the bus at least half of my working days worth in a month.	Mar 25, 2013 8:38 AM

42	Please take a look at providing bus or shuttle transportation non-stop from Orcutt (Clark & 135 or Bradley & Rice Ranch Rd or Union Valley Pkwy & 101) to Palm & Santa Rosa in downtown SLO. If you care to comment, you can email me at metaltiger88@yahoo.com. Thank you!	Mar 25, 2013 8:18 AM
43	If a route 9 bus were to stop at the south end of San Luis Obispo near DMV/Social Security and Social Services, I believe that more north county commuters would ride RTA. The additional cross city bus makes it a deterrent for some to take the bus. Thank you!	Mar 25, 2013 7:48 AM

48	There is little service to Nipomo, so many low income people cannot get to work from Nipomo. I don't know if it is feasible financially to have a bus ride around Nipomo, but I believe there are several people who would use it. I wouldn't because I frequently need my car for work.	Mar 22, 2013 7:19 PM
49	I am within walking distance from my workplace at this time, but if I were ever transferred to an office in San Luis Obispo and services from Five Cities would allow me to get to and from work in a timely manner, I would consider public transportation due to the high price of gas. 54	I would love to use public transportation, I spend 30 minutes driving one way from Cayucos, but would spend up to 1 hour with public transportation if it was do-able.	Mar 22, 2013 11:11 AM
55	There are no routes that travel direct from Los Osos to SLO or to AG. One quick commuter bus that goes only from Los Osos up Los Osos Valley Road and strait into SLO would be incredibly useful. even routes that would go into other cities like AG. Also the bus stops in Los Osos have no trash cans and people litter at the bus stops because there are no trash cans. Please put in trash cans.	Mar 22, 2013 10:55 AM
56	There are several individuals that i work with from North County that would take advantage of the bus more often if it were available at resonable pick up and drop off locations and if the time that they picked up and dropped off fit the time schedule better	Mar 22, 2013 10:53 AM
57	There are many commuters who use the Hwy 227 corridor, who work in SLO, but live south of SLO. I drive in that traffic every day. I think if a new route was created for the Hwy. 227 corridor, a pick-up point at Los Ranchos Rd. and other southerly locations in Pismo, Grover Beach and Arroyo Grande, it would be used by commuters. 60	I would love to ride the bus more since I'm paying the monthly fee for it but when I start at 7:30 and neither one of the express buses can get me to work on time. Then to get on the bus that doesn't leave until 5:15 we don't get inot Paso until 6:10 or later. I need a more direct bus that I'm not so late getting home.	Mar 22, 2013 10:16 AM

66	Saturday service is unusable. I work Tuesday thru sat and would be late to work every Sat AND have to either leave work early on Sat or wait until 7:33 pm to catch the bus to go home. How about a route that arrives before 8 am and leaves a bit after 5:00 pm? You are missing all those people who may work on Saturdays....yes, you get shoppers, maybe wouldn't you get more consistant ridership on Sat if you target an audience that HAS to be in SLO at a certain time?	Mar 22, 2013 9:25 AM
67	If there was a bus that would come to south county (Arroyo Grande) without transferring or going to downtown SLO, it would help a lot.	Mar 22, 2013 9:15 AM

74	I had been using RTA from 5-cities to South Higuera/Prado. The last schedule change eliminated the Higuera/Prado stop, NO LONGER CONVENIENT I REOPTED TO DRIVE ALONE	Mar 22, 2013 8:50 AM
75	As I am in Administration, my departure time is very unpredictable. It can vary by 90 minutes each day. I live in Arroyo Grande and I am provided a specific parking space at the CO Govn't Center, so I'm a hard sell.	Mar 22, 2013 8:46 AM
76	A more direct trip from Cambria to SLO with fewer stops. With an arrival time of either slightly before 7:00 and returning slightly after 4:00 pm. My current commuting partner would ride too.	Mar 22, 2013 8:44 AM
77	I commute from Paso to downtown on a daily basis. I would like to see a better way to get to downtown without looping thru the CalPoly campus. I understand that there is a reasonably good number of people on the 630 am Xpress bus who go to CalPoly stops, but it adds 15 minutes, at least to the trip time to downtown. However, since more people go all the way into downtown than get off at Poly, perhaps a reversal of that final loop would be the solution. Looping thru CalPOLY pretty much knocks the Xpress concept out of the reality of the trip since the only thing eliminated are the local stops from Atascadero to Santa Margarita. Same for the return trip. By the way, the new low floor shuttle buses that you seem to be intent on putting into service pretty much suck for a one hour plus trip- they are clearly designed for short ride commuting and EVERYBODY hates them, perhaps aside from those who are actually confined to wheelchairs. The steel seats are extremely uncomfortable, they are too close together, and the sound level is similar to the inside of a combat tank. I am serious when I say that NOBODY likes those piles of junk. 87	Would love to see an even earlier service from the Five Cities that could get me to work by 7am. Currently, I my commute would take me 2 hours by bus because I am in an area of SLO that is not readily serviced. Additional stops near the airport and south broad would be appreciated too! Thanks for all your good work RTA!	Mar 22, 2013 7:29 AM
88	I take the 12 south from Kansas Ave every day at 516 and when it gets to the SLO Gov center the 10 X South is pulling out so I always miss that bus. If the 12 South ran on time and picked me up at Kansas at 5:12 like the schedule says, I would be able to catch the 10 X south. Instead I have to catch the 10 local and it is much slower. Also the first 10 X north in the mornings arrives at the SLO GC at 6:40, and that is 7 or 8 minutes after the 12 North leaves the SLO GC so catching that 12 north to Kansas ave is not an option	Mar 22, 2013 7:16 AM
89	I think this survey is a GREAT idea...and I would LOVE to use RTA but my childcare obligations and the need to be available in an emergency currently prevent my participation. Keep up the good work, though!	Mar 22, 2013 7:13 AM
90	the ride from Atascadero is very efficient but with leaving work at 3:30, the local bus takes too long and there is no express bus until 4:15 pm. When you add the extra time to go through Cal Poly, it takes too long to get home. Having the bus stop at City Hall works out just fine-the new bus stop is very nice. 98	You would likely get more riders if you offered service for the 8am to 5pm workday crowd. Before I worked 9 hrs, the service at 7:30 wasn't available so I didn't take the bus. Now that is in place for route 10, and I hope it remains!	Mar 21, 2013 4:33 PM

102	If I lived outside SLO and worked in SLO and the time was about the same to drive vs. using transit, I would use transit. I just live too close now for it to matter. :)	Mar 21, 2013 4:18 PM
103	The scheduled bus connections between SLO and Five Cities could be optimized. Currently the waiting time to make the connection for me is 60 minutes, compounded to the 20 minute ride the total is 80 minutes, that is a whole hour more that if I were to drive myself home. It is certainly a huge inconvenience not to drive my car, hope that situation could be improved by adding more buses and improving the local routes so I do not have to travel downtown to make the bus connection. 106	I'm perhaps not a typical case. I have a ~15 minute bike ride to work, so the only way I'd switch to riding the bus is if buses ran every 5 minutes and made few stops between my home and work. But if I lived far enough away that biking wasn't a via option, then faster/more frequent bus service would defintiely cause me to use the bus more often.	Mar 21, 2013 4:10 PM

117	The first question does not ask what time I leave home to start work by 08:00 am so this survey has a huge gap in terms of what hours the bus service should begin. FYI: It takes 45 minutes minimum for me to get to work daily in my own car obeying traffic laws..	Mar 21, 2013 3:56 PM
118	You've done a pretty good job of providing a number of bus routes through Los Osos. I just live too far away from the nearest stop to have much incentive to use it. And it only takes me 25 mins to drive to work, where I would probably need to allot at least 75 mins to catch the bus and all the transfers to get to my office in SLO.	Mar 21, 2013 3:55 PM

129	Currently there are 15 commuters in Cambria/Cayucos that are on Rideshare. If RTA had a direct route from Cambria to SLO, I believe more commuters would take advantage of the tremendous cost savings.	Mar 21, 2013 3:39 PM
130	It would be nice to have an RTA Rte 9 N/B express bus that leaves the Gov't Center between 5:00 & 5:20 or so, and omits Cal Poly, like the 4:00 N/B bus.	Mar 21, 2013 3:39 PM

136	I carpool and ride the bus once or twice a week. The current hourly on service route 9 works great. I often take the bus home in the evenings when my carpool partner is not available (aka as my wife). The morning schedule doesn't work for me since I need to be at work by 8 am. If the schedule were adjusted on the 1/2 hour (ie 6:30, 7:30 am , etc) I would be riding the morning route more often. Thanks.	Mar 21, 2013 3:35 PM

150	It's close to 36 miles round trip for my commute. My car gets around 30mpg and gas is about \$4.30/ gallon. If I take the bus both ways, I don't feel like I'm saving much and the cost of adhering to the bus's schedule isn't always worth it to me. I ride the bus when I can, but hate to fill the bike rack for someone who might need it more.	Mar 21, 2013 3:26 PM
151	I stopped using bus because of time. I don't like stopping at Cal Poly and Atascadero. Too time consuming. If RTA went directly from Paso Robles/Templeton to County Government Center, I would take it. Cal Poly and Atascadero stops are time killers.	Mar 21, 2013 3:25 PM
