The President's Cabinet, a College-wide administrative advisory body to the President, meets regularly to discuss College issues. Seated, left to right: C. O. Corkle, Dean of College, Kellogg Campus; Robert E. Kennedy, Vice President; Julian A. McPhee, President; Dale W. Andrews, Dean of College, San Luis Obispo Campus; Hugh O. La Bounty, Executive Dean of Planning and Development. Standing, left to right: Gene Brendlin, Foundation Manager; Howard West, Assistant to the President, Ex officio Board Member, and Secretary; Kenneth Kitch, Assistant to the President, Director of Educational Conference Center, Voorhis Campus. Not pictured, Harold Wilson, Executive Dean of Operations Analysis.

**PRESIDENT'S MESSAGE**

One of the cherished traditions of almost every college in the United States and at Cal Poly is the publication of the yearbook which captures for all time the memorable events of the school year. This year's EL RODEO does just that. As you look through these pages you will review through pictures and the written word the activities of the 1963-64 school year—the athletic events, the College Union concerts and programs, drama productions, Homecoming, Poly Royal, departmental and club activities, and a multitude of other events.

Beyond that, however, this year's EL RODEO captures that special and unique spirit which characterizes Cal Poly, its students, faculty and staff. Beneath the surface there is that "something extra" which has been the key to the college's growth and the success of its students. Dedication to a known objective, personality, attitude and citizenship are all part of this something special which fills the pages of this book.

This year's EL RODEO, like the time you have spent at Cal Poly, is something special and I know you will cherish it just as I will.

Through the annals of time, societies have risen, flourished, and given way to the new order. As in all great societies, its leadership has risen from among the educated.

In a world society as complex as ours, understanding of others is the first order of the day. I know of no other way understanding may come save through the influence of religion and education.

Education—what a wonderful institution! Before us lie the keys to understanding. Let us accept our responsibility of being educated; educated through the classroom for future occupations, through student activities for better understanding of our fellow man, through student government as we help guide the destiny of our Cal Poly society.

May we help create in our earthly days a great society of understanding. The keys are before us—the responsibility is ours!

Roy Killgore, ASB President

ASSOCIATED
STUDENT
BODY
OFFICERS

STEVE SCOFIELD, Vice-President

JANA MOSGAR-ZOULAL, Secretary

DR. DAN LAWSON, Associate Dean, Activities
The Student Affairs Council operates in the general interest of all the students. It is the principal legislative body on campus. Whatever the interests of all the students, S.A.C. represents them in passing upon budgets, handling A.S.B. funds, appointing boards and committees.

Inter-Class Council helps to plan and organize inter-class activities. The main objective of this organization is to promote better understanding between classes, fellowship among students, and high morale for all.

INTER-CLASS COUNCIL
SENIOR CLASS OFFICERS

CAP PEAKE, President

These hard working senior class officers help to coordinate activities during their last year at Poly. The class carried on the traditional tree planting ceremony, as well as the barbecue, class gift, and commencement activities.

THOMAS McMANIS, Treasurer

SCOTT ADLER, Vice-President

JAMES QUICK, SAC Representative
JUNIOR CLASS OFFICERS

Row One, left to right: Sandy Wright, Kathy Jones, Clark Puntigam, President, Linda Baugh, Gini Clark. Row Two: Alvin Jacobson, Fred Karig, C. W. Vrooman, advisor, Mac Graham.

SOPHOMORE CLASS OFFICERS

Mike Elliott, Betts Williams, James Lawton, President, Gigi Green, Darwin Grigg, Steve Snow.

FRESHMAN CLASS OFFICERS

The main function of the Assembly Committee is to provide concerts for the student body. This past year we had The Brothers Four, Dick Gregory, and Vince Guaraldi. These functions were thoroughly enjoyed by those who attended. By presenting better performances, the committee sought to make more money to be used for more and better assemblies. The Assembly Committee is also responsible for arranging the College Hour programs.

The policies and criteria for awards are established by the Awards Committee. They recommend students for "Who's Who in American Colleges and Universities," and designate the senior to be given the award of the "Outstanding Mustang of the Year." Selection of this student is based on achievements during the academic year.

The Awards Committee is also responsible for the recognition of students for their services to the student body.
This Committee, under the leadership of Steve Scofield, establishes policies and procedures for all student body code changes. It also processes all club and organization codes for final approval by the Student Affairs Council.

Again this year it was necessary for the committee to review the entire constitution and code structure of the ASB, and to make a number of changes to bring the constitution and codes into agreement.

The Dance Committee administers and schedules the all-college dances, and several times each year sponsors a campus "Nightclub." The efforts of this committee have been well rewarded in many a memorable evening.
DONATIONS COMMITTEE

The main function of the Donations Committee is to be responsible for processing applications from student organizations who wish to sponsor donation drives. They are directly responsible to the Student Affairs Council. The Donation Committee also sees that the profits from these drives are submitted to the correct places.

DRAMA COMMITTEE

The Drama Committee's main purpose is to provide entertainment for the student body. Through use of the Little Theater and plays, they can take their audiences almost anywhere. This year, the Drama Committee has worked to present "Blithe Spirit," "Antigone," and "Romanoff and Juliet."
ELECTION COMMITTEE

Row One, left to right: Pam Scoville, Jan Brubaker, Sue Dollar, Jean Stueve, Judy Pettit, Gini Clark, Sandy Wright, June Trask. Row Two: Mary Hall, Susan Boldridge, Taffy Rowe, Sue Cristich, Patti Hill, Sue Beatt, Barbara Foley, Pat Bright, Patte Reber, Ann Hurley. Row Three: Sharon Kenek, Laurel Wunschum, Christine Kelly, Diane Thomas, Barbara Smith, Steffi Nelson, Nancy Goldsmith, Joyce Potter, Paula Connolly, Delby Dietz. Row Four: Andy Liddell, Ken Slocum, Chuck Cruikshank, Todd Wilburton, Gordon Lou, Bruce Farby, Joe Crosslin, Steve Cofield, Dr. Dan Lawson, Advisor.

FINE ARTS COMMITTEE

John H. Jacobson, Richard Mansell, Dan Robidoux, Chairman, Pedro M. Stern.

BOARD OF ATHLETIC CONTROL

Row One, left to right: Lyman Ashley, Fred Clogston, Tim Healy, Jeff Capell, Bob Spink, Dick Anderson. Row Two: Gary Walker, Tom Hobbick, Lloyd Petrolje, Ernie Bray, Dennis Rast, Don Fields, Dick Marvel.
The Games and Hobbies Committee serves as a co-ordinating central council with all the hobby-interest clubs on campus. Highlighting this year's program was the annual table tennis tournament.

Under the leadership of Larry Schwab, the Homecoming Committee, presented the alumni, faculty, students, and community with five of the most beautiful girls on the Poly Campus as Queen and Princesses of Homecoming.

Organizing and presenting Homecoming is the prime function of the committee. They also handle publicity and arrange a year end report to present to the next year's committee. These guidelines help the committee in establishing a bigger and better Homecoming each year.
The Inter-Faith Council was organized to promote the religious growth of the students on campus. It co-ordinates the various church youth groups to sponsor religious drives and activities.

**MUSIC BOARD OF CONTROL**

The Music Board of Control formulates all the policies for Cal Poly's music department, which is made up of the Women's Glee, Band, and the Collegians. It draws up the budgets, and finds ways to finance the various music tours throughout the year. It also promotes all the activities within the music department.
The Outings Committee is in charge of organizing all outdoor campus activities and field trips. To enable the students to enjoy their trips and activities is the goal of this Outings Committee.

Poly Royal is a busy time on campus and the Poly Royal Board has the responsibility of organizing and coordinating all activities. These activities include queen selection, departmental displays, dances, carnival, and the inter-collegiate rodeo. The major divisions on campus all have representatives to this board and work to give the campus an enjoyable Poly Royal.

POLY ROYAL BOARD
One of the most exciting groups in College Union is the Public Relations and Publicity Committee. Their job is to advertise the College Union program and they do it by making posters, arranging photographic displays, writing newspaper articles, arranging radio and TV publicity, and promoting advertising stunts.

The Personnel Committee aids committees in orienting new members to the College Union program. The committee records and maintains data for honors and awards, and sponsors the annual Activities Carnival.

PERSONNEL COMMITTEE
Welcome Week, an important part of Cal Poly life, gives new students a chance to get a head start in college work and student life by acquainting them with the College’s educational offerings, its staff, activities, and philosophy.

Welcome Week is sponsored by the Associated Student Body and the Student Personnel Division, and is divided into two phases. One is a camp program, run by a bunch of jolly nuts called Camp Counselors, and the other is a campus program. They occur simultaneously.

CAMPUS WELCOME WEEK
COLLEGE UNION BOARD

Row One, left to right: Ruth Dietterle, Linda Homlin, Bea Sandy, Sandi Cameron, Sandy Wright.

FINANCE:

Row One, left to right: Doris E. Hofmann, Beverley Bentley, Martia Davis, Kent Foster.

FILMS:

BOARD OF PUBLICATIONS

The Board of Publications oversees the production of El Mustang, El Rodeo, and other ASB student publications. It is financed through the Student Affairs Council. The Board also makes awards for outstanding publication work.

EL MUSTANG NEWS STAFF

Sally Boss
Business Manager of Publications

EL MUSTANG ADVERTISING STAFF

Left to right: Butch McCann, John Berilla, advisor Loren Nicholson, Karen Jorgenson, Marty Sheff.
Each year, the staff and editor of EL RODEO attempt to present a yearbook that they as well as the college will be proud of. We hope we have given you a memorable book, with many of the activities and friends you will long remember.
The persons pictured on these two pages have earned the prestige offered students throughout the nation who have senior or graduate standing, who have a grade point average at least equal to the average of the college, and who have participated in at least three major campus functions.

CROPS HOUSE

... and this is their house ...
Wired for sound?

Prince Charming entertains the girls.

Memories

...and then baby bear said...

Diona answers the Alexander Graham Bell at the dorm.
An extra-curricular activity?

Ah! Finally made it to the last flight.

Just off-hand I’d say he isn’t hiding up here.

Smile, you’re on Candid Camerat
His very own Bunnies.

Grace personified.

Now, how do I get it down?

Dear Santa Claus . . . .

Let Kickapoo Joy Juice do this for you too!
Serving the needs of more than 2,500 students, Robert M. Bostrom is responsible for all of our on-campus housing and the students living here.

Bostrom, a Cal Poly graduate, has been employed by the college for eight years. He has been Housing Co-ordinator for four years, and before that, worked for three-and-a-half years as Graduate Manager.

Originally from Pasadena, California, Bostrom graduated from Cal Poly as an Animal Husbandry major. He has had the equivalent of two college careers as a staff member at Poly. He currently lives on campus.

His major hobby at present is student piloting. He maintains an active affiliation with the Naval Reserve and likes attending football games, watching plays, and listening to music. He enjoys working with people, a fortunate circumstance, as his work involves a close association with students.

When asked what he thought of Poly students, he answered that he thought they were the friendliest, most mature, most courteous, and the best all-around students that he had ever come in contact with.

"Their objectives are clearer because they establish their major early in their careers," Bostrom said.

MISS

COLLEGE

AVENUE

LINDA GIBSON

Representing Heron Hall, Linda Gibson swept the honors from 23 other girls in the Miss College Avenue Contest, which is sponsored annually by the men of Deuel Hall. With this title, Miss Gibson is designated as the Sweetheart of Deuel Hall and has the duty of upholding the standards of womanhood at Cal-Poly.
PRINTING WEEK
JANUARY 13-17, 1964

Princess Sue Dollar with Printing Queen Heather McPherson.
Along with International Week came dancing, songs, and laughter, as Cal Poly's foreign students introduced us to a little of their native culture. This exciting week was highlighted by a keynote address from Dr. Edwin Lee, former dean of education at UCLA.
... "Good-by for the moment, my dears. I expect we are bound to meet again one day, but until we do I'm going to enjoy myself. You can break up the house as much as you like—I'm leaving it anyhow. Think kindly of me and send out good thoughts—nice work, Elvira — Persevere. Good-by again—parting is such sweet sorrow!"

ORGANIZATIONS
The main purpose of the Applied Arts Council is to coordinate the activities of the departmental clubs. This council also serves a communication function between the Student Affairs Council and the Applied Arts division clubs. The departments of this division are: Business, English and Speech, Home Economics, Music, Physical Education, Printing Engineering and Management, Technical Arts and Technical Journalism.
Alpha Psi Omega, an honorary drama fraternity, lends a helping hand in
the presentation of dramatic productions. During Poly Royal this club presents
several one-act plays for the enjoyment of the students, faculty, and visitors.
Membership to this honorary fraternity is invitational and requires active
participation in all dramatic presentations.

The Art Club’s primary concern is to encourage students in their own particular
fields of art, including those not offered in classes.
This club has been active on campus for two years. This year it sponsored a
Patio Ceramic Show on December 7. At the show students sold their ceramic and
sculpture works.
BUSINESS CLUB

The Business Club, open to all members of the Business Department and all others who are interested in business, strives to keep its members up-to-date with the rapidly changing business world. In doing this, the club presents several speakers throughout the year.

This club has been active on campus for three years. Activities during the year include an annual banquet and display during Poly Royal.

BLOCK "P" SOCIETY

The Block "P" Society, a club for Cal Poly lettermen, coordinates activities among these outstanding athletes for the betterment of the college. This club conducts several activities during the year, among them an Awards Banquet and neophyte initiation ceremony.
CAL POLY PRESS ASSOCIATION

The Press Association is celebrating its thirteenth year as a chartered organization on the Cal Poly campus. The club has traditionally sponsored a banquet at Poly Royal for newsman throughout California.

At its regular meetings the club sponsors speakers in agricultural and industrial journalism.

CAMERA GUILD

Camera Guild, which was chartered in 1960, is a group of camera enthusiasts who meet to exchange ideas on photography. They make photo trips together and in general try to promote photography as a hobby.

This organization has access to a darkroom in the Temporary College Union building.
Throughout the year the Home Economics club listened to many guest speakers. At each meeting they discussed a subject within their field. On December 12, they presented a program called, “Holiday Hostess.” Miss Verrill was the guest speaker.

On May 31 they sponsored the Senior Breakfast honoring the graduates of 1964.
Organized in 1950, Mat Pica Pi’s main objective is to provide fellowship and closer contact with developments in the field of printing. Members participate in numerous activities, such as a Poly Royal banquet and display. They also took part in float competition this year during Homecoming weekend.

STUDENT CALIFORNIA TEACHERS

The Student California Teachers Association attempts to stimulate the highest ideals of professional ethics and attitudes; to promote the social, professional, and economic welfare of teachers; to foster active cooperation between the student groups of teacher education institutions; to develop professional attitudes among student teachers; and to improve educational services.

They reach these goals by presenting panel discussions, motion pictures, and guest speakers.
TECHNICAL ARTS SOCIETY

This club is organized for the purpose of promoting the Technical Arts Department and its activities on the Cal Poly campus. Each year the club sponsors several field trips and arranges social activities related to the department. In the three years this club has been active on campus, it has become noted for its exceptional Poly Royal exhibits.

WRITER'S FORUM

The Writer's Forum has been a chartered organization on campus for six years. It was organized for those people who are interested in creative writing. The members of this club come from every department on campus.

Writer's Forum sponsors the yearly publication of POLY SYLLABLES, a student project put out every spring.
The Applied Science Council is the co-ordinating group for all clubs and organizations in the Sciences division. It is composed of elected representatives from each departmental club and meets semi-monthly. The Council elects three representatives to the Student Affairs Council, and serves as a primary communication device between SAC and the departmental clubs.
The Amateur Radio Society is celebrating its sixteenth year as an active club on campus. This organization is open to those students who have their amateur radio licenses and want to continue their hobby while in college. They have access to a departmental room with radio transmitting and receiving equipment.

Beta Beta Beta or Tri-Beta is an honorary scholastic society for the students of the Biological Department. The membership is based upon grade point averages.

Some of Tri-Beta's activities for this year were maintaining Poly Canyon, holding its annual banquet and hosting several guest speakers in the biological fields.
C.A.P.H.E.R.

C.A.P.H.E.R., the California Association of Health, Physical Education, and Recreation is a state organization devoted to furthering physical education.

Membership consists mainly of physical education majors, but any student or instructor may join.

Among the club's many activities is an annual potluck dinner.

KAPPA MU EPSILON

Kappa Mu Epsilon, a national honorary mathematics society which was chartered in 1957, is open only to math majors and double majors. The object of the fraternity is fourfold: to further the interests of mathematics in those schools which place their emphasis on the undergraduate program, to help the undergraduate realize the important role that mathematics has played in the development of western civilization, to develop an appreciation of the power and beauty mathematics possesses, and to provide a society for the recognition of achievements in mathematics at the undergraduate level.

MATH CLUB

The Math Club is open to all students interested in the fields of mathematics. Its purpose is to promote professional service among math majors. The club’s meetings usually consist of movies, speakers, and demonstrations to acquaint the students with the many opportunities in the field of mathematics. This year they participated in the float competition during Homecoming.

PHYSICAL SCIENCE

The Physical Science Club, which has been active on campus since 1957, was founded by the Physics Department. The purpose of the club is to promote the students’ interests in the physical sciences. This club goes on several field trips to research laboratories and military installations participating in scientific research, and they also present several guest speakers.

The Social Science Club has a wide range of interests, and they pursue them by sponsoring speakers with a wide variety of backgrounds. The organization supports departmental functions and serves as a focal group for departmental social functions.
The Agriculture Council is a central body of elected representatives of the departmental clubs. Its main purpose is to present the problems and the viewpoints of the Agriculture Division to the Student Body, and to promote the cooperation and coordination among the Agricultural Clubs. Departments of the Agriculture Division are Agricultural Business Management, Agricultural Engineering, Animal Husbandry, Crops, Dairy Husbandry and Manufacturing, Farm Management, Food Processing, Ornamental Horticulture, Poultry Industry, Soil Science, and Veterinary Science.
AGRICULTURE BUSINESS CLUB

This club is one of the most active clubs on campus. It is open to all students who are Agriculture Business majors. Its primary functions are to develop fellowship, scholarship, and improve occupational opportunities in this field.

Some of the club's activities include a barbecue at the beginning of the year for new members, the Coronation Ball at Homecoming, and during Poly Royal, a refreshment stand at the rodeo along with their usual display.

AGRICULTURE EDUCATION CLUB

The Agriculture Education Club or Future Farmers of America is a very active organization on campus. This club attempts to train prospective agriculture teachers in their duties as F.F.A. advisors. Activities carried on by the club are designed to provide a "learn-by-doing" opportunity for the members.
The purpose of the Ag Engineering Society is to disseminate knowledge of engineering and mechanization, as applied to agriculture. Expanding agriculture needs and requires the knowledge of these engineers. Activities of this club include an annual three-day field trip, guest speakers, joint meetings with other agricultural division clubs, a huge Poly Royal display, and an end of the year barbecue. This year they also participated in the float competition at Homecoming.

Alpha Zeta is an honorary agricultural fraternity. Membership is based upon scholarship, leadership, and character. Its objectives are fourfold: to foster a spirit of fellowship among all its members, to strive for unity and accomplishment of ideals, to render service to the students, the agricultural division, and the faculty of Cal-Poly, and to promote the profession of Agriculture.
A feminine touch in the pasture.

The sight of beauty captures an admiring eye.

Cal Poly students enjoy viewing flower arrangements on O.H. field trip.

And I thought milk came from cows!
The Cal Poly Campus Farm Center, organized in 1957, has the distinction of being the first collegiate farm center in the nation.

The main purpose of the club is to familiarize its members with the services rendered by the farm bureau on the county, state, and national level.

Throughout the year the club sponsors dances, barbecues and field trips. Membership is limited to Agriculture, Biological Science, Soil Science, and Home Economics students.

The members of the Cal Poly 4-H Club serve as junior leaders in this nationwide organization. From time to time they invite 4-H clubs from neighboring schools to sit in on their meetings.

They also sponsor field days for the Home Economics and Agricultural departments. Demonstrations are given on these days and 4-H members assist in the judging that takes place.
The Crops Club's main purpose is to bring the students of the Crops Department closer together socially and academically. Some of the outstanding activities of this club include sponsoring of the annual F.F.A. Crop Judging contest, a Spring Banquet, and an exhibit at Poly Royal.
CUTTING & REINING

The Cutting and Reining Club is celebrating its eighth year as a chartered club at Cal Poly.

The club promotes the Poly Royal horse show as well as sponsoring the girls' rodeo team. Instructions in show ring technique, halter class fittings, hackamore and cutting classes are included in the many services rendered by this club.

FARM MANAGEMENT CLUB

The Farm Management Club's purpose is to promote fellowship among the students of the farm management department. A variety of activities, including Poly Royal displays, an end-of-the-year banquet, supplemented by many guest speakers throughout the year, add up to a full program.
The Food Processing Club was organized for the purpose of bringing together those students interested in the general preparation of food-stuffs. The organization maintains contacts with industry, arranges for speakers, and social functions for the general enjoyment and education of its members.
The Los Lecheros Club is Cal Poly’s dairy club representing one of the college’s busiest departments. Its members attend to the college’s prize winning dairy herd, prepare the Dairy Yearbook, and carry out a big program of other departmental activities.
The Ornamental Horticulture Club represents an ever widening field with a very vigorous program. The meetings, besides the regular business meetings, include speakers and exhibits. These speakers come from the fields of Ornamental Horticulture, Landscape Architecture and Nursery Operation. The club helps with garden shows and furnishes floral arrangements for most of Cal Poly's functions. The big event of the year for this club is the annual Poly Royal Flower Show. Also, some members are sent to national shows with their floral arrangements.

POULTRY

The Poultry Club was organized for those students who are interested in the Poultry Industry or its related fields.

Annually the club enters a float in the Homecoming Parade and sponsors the Poultry Show during Poly Royal. Additional functions include the Alumni Turkey Banquet and the Spring Barbecue. The club is also an active participant in intramural sports.
RODEO CLUB

SOIL CONSERVATION CLUB

This organization’s purpose is to bring members together in good fellowship and provide them with information about vocational opportunities in their field. The club participates in land-judging contests, sponsors the State F.F.A. land-judging contest, and has many other interesting and valuable projects.

One of the oldest and most active organizations on campus is the Rodeo Club. Activities of this club include rodeos, dances, and a barbecue. The aim of the Rodeo Club is to have the students enjoy watching and participating in the events of rodeos. Some of these events are bronco riding, bull riding, and calf roping. The Rodeo Team travels a rodeo circuit of the schools and competes in intercollegiate competition. The big event of the year for this club is the Intercollegiate Rodeo at Poly Royal.

SOILS CLUB

This club was organized so the Soil Science majors could become better acquainted with each other and the faculty. The club features many activities including various speakers. They take field trips to farms and hold an annual picnic.

WOOL GROWERS

The Woolgrowers is one of the oldest and most active clubs on campus. This club is dedicated to the improvement of the sheep industry in the state and nation. Some of this club's activities include movies, field trips, pioneers, and an annual banquet. Guest speakers are also presented at their meetings and a judging team is sponsored.
YOUNG FARMERS

The main purpose of the Engineering Council is to promote cooperation and unified action among the engineering divisions. These divisions include Aeronautical, Air Conditioning and Refrigeration, Architectural, Electrical, Electronic, Industrial, Machine Shop, Mechanical, and Welding and Metallurgical Engineering divisions.
Although this club has many group activities it is most noted for its annual Awards Banquet. It also sponsors a bi-monthly guest speaker, awards presentation, picnics, smokers, intramural sports, student conferences, model airplane meets, student speaker contests, and a Poly Royal display.
The California State Polytechnic Student Chapter of the American Institute of Architects seeks to promote an understanding of ideals of the present and future potentials of the Architectural profession, and to develop professional fellowship, cooperation, and spirit. The Architects have a new and happier home in the new Engineering West Building, which they moved into last year. They have guest speakers, barbecues, Poly Royal exhibits, and banquets to make a full and busy year.
The American Society of Heating, Refrigeration and Air Conditioning's main objective is to aid in the education of the students in this major. The students investigate new methods that are introduced in this field and strive for a better understanding of the industry. They often host guest speakers at their club meetings.
The American Welding Society is composed of welding and metallurgical engineering students. They have an excellent speaker program sponsored by the American Society of Metals.

Among their many activities are various dinners and social meetings as well as a display during Poly Royal.

The phases of engineering that are represented by this club are mechanical engineering, industrial engineering, and some technical arts. As a member of the national organization, the club presents speakers from these fields. Displays are sent to national industrial shows.
The Industrial Engineers formed their club 8 years ago to bring together students with similar interests.

The highlights of the club's activities are an annual barbecue and installation, field trips through industries, a display at Poly Royal, and several social gatherings.

MECHANICAL ENGINEERING CLUB

The members of the Mechanical Engineering Club are active in many Cal Poly functions. ME conducts technical meetings, field trips to industrial plants, a spring smoker, and participates in float competition during Homecoming.

A service that the club is proud of, is their helping new students with scheduling and registration.
The SCARAB organization is an honorary architecture fraternity with chapters in colleges offering an architecture curriculum. Interesting facts on architectural design are presented to the members by speakers at their regular meetings. The Cal Poly chapter is one of ten across the nation.

The Poly Phase Club is a service organization for members of the electrical engineering department. The group holds both a formal and an informal initiation for new members, creates lighting effects for local service clubs, and operates a book exchange for Cal Poly students.
The Society of Automotive Engineers seeks to promote engineering standards and practices dealing with designs, construction, and utilization of automotive apparatus. In their meetings, the S.A.E. fulfills this purpose by having speakers, readings, and discussions of professional papers and reports. They also strive to promote good fellowship among their members. Organized in 1952, it is now the third largest student chapter in the United States.

 Tau Sigma, an honorary engineering fraternity, promotes interest in all fields of engineering, and honors achievements in these fields. Members are chosen from the upper one-third of the engineering division on the basis of scholarship, sociability, and leadership.

This national service fraternity of ex-Boy Scouts has a motto of leadership, friendship, and service. Pledges' initiation consists of serving the college in such ways as maintaining the school's program bulletin board and Poly Grove, ushering at various functions, and sponsoring the Ugly Man Contest during Homecoming time. Alpha Phi Omega's members are always ready to offer their services to any worthwhile project.

ARAB STUDENTS ASSOCIATION

The Arab Students Association is a large group, consisting of students from the thirteen Arab States. Highlights of the club’s meetings are speakers sponsored by the national chapter of the Arab Students Association. The clubs’ many activities include displays for Poly Royal, participation in International Night, and an annual picnic.

BLUE KEY

The local chapter of Blue Key, a national honorary service fraternity, was organized on campus in 1952. The members are selected from junior and senior classmen. Requirements for membership are scholastic achievement, a good activity record, and a willingness to work for the good of the organization.
The Honor Society was organized to give special recognition to those students who have achieved a high standing in scholarship.

It also strives to encourage other students to take an active interest in their studies so that they also may achieve a high academic standing.
CAL POLY RIFLE AND PISTOL CLUB

The Cal Poly Rifle and Pistol Club is open to all students, although currently it is composed mainly of ROTC members. This club holds marksman meets, social gatherings and maintains a firing range.

CANTERBURY CLUB

The Episcopal Church college group known as the Canterbury Club initiates the new school year with a meeting to welcome new students. The year's activities include discussions, dinners, breakfasts, and parties.

Retreats during the year also aid in the knowledge of fellowship and good feeling.
CARDINAL KEY

Cardinal Key is a national honor sorority organized in 1932 as a counterpart for Blue Key. The Cal Poly chapter was established in the spring of 1962 through the local Blue Key chapter.

Membership is extended to twenty-five junior and senior class women, and is based on scholastic achievement and extra-curricular activities.

One of the group’s main projects is to provide a hostess service for campus visitors and prospective students.

CHESS CLUB

Another name for the Chess Club is the Caissa Club. Meetings are on the second floor of the Erhart Building and both students and professors are invited to show their abilities at chess.

The Club enters intercollegiate tournaments, and also travels to various chess clubs in cities surrounding San Luis Obispo.
CHI ALPHA

Chi Alpha, which stands for Christ's Ambassadors, was established during the 1958-1959 school year.

The purpose of Chi Alpha is to promote worship, fellowship, and training for the benefit of the student body as a whole, and to develop the spiritual life of the college.

CHRISTIAN FELLOWSHIP

The Christian Fellowship desires to provide a common meeting place for Christians of all denominations, and to introduce Jesus Christ to those who have no church affiliation. With this in mind, members of the fellowship strive to promote growth in Christian faith and service through Bible study, prayer, free discussion, and fellowship. Activities include speakers, music, movies, prayer, and social meetings.
The main function of this organization is to hold Christian Science religious meetings and to encourage the study of Christian Science.

The club's largest event is the annual fall get-together. Weekly testimonial meetings were also held throughout the year.

The Kiwanis International sponsors this club, and others across the country. Service is their motto. Their activities include decorating the campus Christmas tree and ushering at many college functions. They are also very active at Poly Royal.
The College Union Club has representatives from each College Union Committee. The Committees sponsor varied events for the enjoyment of the Poly students.

CULTURAL SOCIETY OF INDIA

Learning and understanding Indian customs is the prime concern of the Cultural Society of India. The members are motivated in the education of others, in the cultural aspects of the Indian people, their government, and their ideas. They hope to broaden understanding and friendship between the people of India and those of America and other countries.
De Molay is a junior organization of the Masons, an international men's society. The organization sponsors dances and parties on behalf of the membership.

Through De Molay, members become familiar with fraternity ritual and the traditions of the organization.
HILLEL

Cal Poly's Jewish organization discusses problems pertaining to the Jewish faith. They present the ideas of the Jewish faith to other students to foster understanding and amicable relations among American citizens of different faiths. They celebrate the religious holidays of their faith together. Picnics and an end-of-the-year function also help the Hillel Club celebrate in a unity of fellowship.

HUI O' HAWAII

Hui Hawaii brings together students who come from Hawaii. The club is best known for its celebrated Hawaiian Luau.
INTERNATIONAL RELATIONS CLUB

The main objective of the International Relations Club is to promote relationships between the American students and the foreign students. This rapidly growing club began seven years ago. It sponsors trips, barbecues, and their main event, the enjoyable "International Night."

IRANIAN STUDENTS ASSOCIATION

The Iranian Students Club seeks to promote better understanding and closer friendship between the Iranian and the American students. The club presents speakers, panel discussions, social gatherings, and participates in "International Night." They are also active in the field of sports.
LAMBDA DELTA SIGMA

This Mormon group of Cal Poly students discuss current religious problems involving college youth, and the attitudes of the Mormon church and other religions.

Among the activities included are dinners throughout the year and a banquet held at the end of the year.

MUSTANG FLYING CLUB

The Mustang Flying Club attempts to promote interest in aviation by providing facilities through which members can receive experience and instruction in flying on an economical basis. Including both students and faculty, it was founded in 1946.
The Newman Club, part of a nationwide Catholic organization, is one of the larger and more active clubs on campus. One of the five members of the Inter-Faith Council, its purpose is to foster the spiritual, intellectual, and social interests of the students. Monthly Communion Breakfasts, taking part in Religion in Life Week, and a Religion Retreat are a few of the many activities of this group.

PEOPLE TO PEOPLE

As the international viewpoint at Cal Poly has become more and more important on the campus, a new organization representing this viewpoint has developed. First organized by ex-president Dwight D. Eisenhower, People to People organizations have spread to campuses all over the United States. The organization brings together persons of all nationalities, and promotes a better understanding between peoples of many nations.
POLY CHI

POLY CORINTHIANS

This club was organized to stimulate the interest of Cal Poly students in sailing and boat racing activities. Corinthians sponsor instructions in beginning sailing and inter-collegiate and inter-club races. Among their many activities are races against San Luis Obispo and Morro Bay yacht clubs, week-end sails, and such social events as their annual dinner meeting and the yearly shipwreck party.

The major interest of Poly Chi is to promote the interests of the Chinese and Chinese-American students at Cal Poly and to help create a friendly atmosphere and easy adjustment to college life.

The Cal Poly chapter is a local one, founded 10 years ago. It is affiliated with a statewide Chinese Club.

The organization has a barbecue and a display at Poly Royal, along with dances, picnics, and parties.
The only college motorcycle club chartered under the American Motorcycle Association is the Poly Penguins. This club sponsors rides, trial runs, and skill events. The biggest event of the year is the High Mountain Enduro, which is a difficult cross-country contest, attracting cyclists from all over the West.
POLY SKIN DIVERS

Under the guidance of Mr. John Applegarth, the club advisor, the Poly Skin Divers seek to promote an understanding of the mechanics of skin diving. Good sportsmanship is also stressed. Among the many highlights is their instruction in scuba diving.

POLY TWIRLERS

The Poly Twirlers is one of the newest and most active clubs on campus. This club was established at the start of the fall quarter, and is open to anyone interested in square dancing. Its purpose is to promote square dancing and friendships. The club sponsors dances on campus, makes visitations to other clubs, and puts on exhibition squares.
RALLY CLUB

The Rally Club is one of the most active organizations on campus. Their major objective is to promote college spirit. They organize the rooting sections at football and basketball games, and provide ushers at games and concerts. They decorate for various athletic events, sponsor athletic events, and schedule pre-game and halftime activities.

ROADSTER CLUB

Founded in 1950, the Cal Poly Roadster Club, also known as the Turtles, serves students who are interested in all phases of motoring. During Poly Royal the group sponsors a car show.
ROGER WILLIAMS FELLOWSHIP

This organization provides a meeting place for Cal Poly students of the Baptist religion. They enjoy many discussions and activities to encourage the study of the Baptist religion.

Row One, left to right: Virginia Roller, Barbara Brown, Jane Hickerson, Sallie Patton.
Row Two: Tim Brown, Jack Herbert, Tom Kipp, Dennis Betscher.

SCABBARD AND BLADE

Scabbard and Blade is a military organization which attempts to raise the standards of military education in American colleges. It also unites the students in closer relationship to the military departments, promotes good fellowship, and stresses the qualities of good officers. They sponsor the annual Military Ball and choose a queen to reign over this event.

Row One, left to right: John Lawson, Harry Franke, Michael Howard, Wayne Crawford, Calvin Deters, William Ritter, Frank Rivera, Wayne Onomura.
Row Three: Bob Collinsworth, Clint Phalen, George Coughlin, Martin Schwarzbach, Roger Beckel, Brit Grim, John Meek, Dwight Filley, Matti Meskiep.
Row Four: Jim McNeill, Fred Little, Tom Bleier, Ed Buchler, Bob Speers, George Betz, Doug Clark, Ted Climrol, Warren Luce.
"Semper Fidelis", always faithful, is the motto of the United States Marine Corps. The Cal-Poly Semper Fi Club includes students in the Corps under the Platoon leader class. These men will become officers at the end of their college education. Meetings consist of current happenings in the Corps and techniques used in training and in action for the Marines.

From left to right: George S. Olivas, Louis G. Manville, Lee Stephenson.

The Ski Club is open to all students interested in skiing. It accommodates beginning and advanced skiers. They sponsor trips to nearby ski resorts, present skiing movies, and host guest speakers.

Row One, left to right: Jo-Ann Campbell, Dotty Burkert, Karen Arndt, Penny Patisson, Candi Yeager, Richardson Leong, Tom Holm. Row Two: Laurie Meyer, Barbara McClintock, Kathleen Flynn, Wendy Ping, Deanna Jensen, Raymond Byrne, Boren Cook, Bob Vredenburg. Row Three: David A. Smith, Jim Barcus, Chris Proctor, Gary Lewis, Jerry Hitchcock, Bob Segesman, Joy Mitchell.
SPORTS CAR CLUB

The Cal Poly Sports Car Club was organized to motivate interest and cooperation among sports car owners.

The Club’s activities include Rallies, gymkhanas, tours to statewide sports car races, and movies of European sports car races.

The club encourages safer driving habits and hopes to establish a better understanding of sports cars among college students.
WESLEY FOUNDATION

This is a Methodist organization which strives to deepen the spiritual life of its members by having weekly religious programs, recreational activities, and dinners. They are able to offer a closer relationship between the church and campus with their many activities.

WESTMINISTER FELLOWSHIP

The Westminster Collegiate Fellowship is an organization through which Presbyterian students strive to serve the campus. It helped organize Inter-Faith Council and Religion-In-Life Week. Fellowship activities include study courses, worship, retreats and social events.
The Young Democrats discuss the current political affairs concerning our national government. Among their many activities is their assistance during the processing of the ballots. Also, they hope to enlighten the Cal Poly campus about the Democratic Party and its functions.

Left to right: Gerry Ohlson, Sharon Shuman, Margaret Clowdus.

CALIFORNIA
COLLEGE REPUBLICANS

Among their many activities, the Young Republicans act as hosts for visiting Republicans, organizing and hosting banquets, and discussing current political affairs. Also, prior to the fall election, Republican dinners were held honoring various candidates. Members assisted in the election by processing ballots.

IEEE is the world's largest professional society—Cal Poly's IEEE organization enjoys the distinction of being the largest student branch in the United States. This organization is an emergence of the American Institute of Electrical Engineers and the Institute of Radio Engineers.

Its purpose is to disseminate knowledge of the theory and practice of all aspects of electrical and electronic engineering and allied fields as well as to further the professional development of the students.
AND ELECTRICAL ENGINEERS

Row One, left to right: Harold Hendriks, Robert Goldsmith, Dwight Ensor. Row Two: Robert Barnett, Bruce Farly, Glenn Stuck.

Head Coach Sheldon Harden confers with team captain Gil Stark.

**FOOTBALL**

The Mustangs of coach Sheldon Harden, with a 2-8 win-loss season record, were again plagued with injuries. Guards Ron Oxley and Terry Evans, end Gary Chilcott and halfback Paul Lewis were among those who saw limited action for the Green and Gold.

But, the future looks bright. All but six Hardenmen will be returning next season plus an abundance of new talent from the 1963 Frosh.
Playing their last season for the Mustangs are seniors Bob Erblond, Jack Clark, Roy Scialabba, Wayne West, Jim Ramos and team captain Gil Stork.

Larry Cermeir hauls in pass against USC Fresh.

USC tacklers corral Colt Josh Carter.

Mustang surrounded by USC opposition.
FROSH FOOTBALL

Vic Buccola's Colt gridmen scored possibly the biggest Frosh upset of the season as they defeated San Jose freshmen 12-7. A week later they downed Fresno State Bullpups.

The team possessed the ability to move well both on the ground and in the air. Defensively very strong, the team closed the season with a 2 win, 3 loss record.

Frosh footballers spend much time observing each other while developing their skills.
CROSS COUNTRY

Cal Poly's Cross Country team placed 5th in the annual AAU Run held at UCSB on Oct. 12. The Cross Country team, coached by Dick McElveny, was led by Don Fields and Roland Lint. Both boys placed high in the annual AAU Run and both turned in outstanding performances all year. Fred Reich, Mike McKenry and Pete Gudmunson are newcomers to the team who will aid greatly in next year's season.

Savagely driven by the threat of the bite of the cat-o-nine tails, several people scurried around showing amazing bursts of energy during the process of putting together this yearbook. I would like to thank them if I could find them. However, in lieu of this, I would like to express my gratitude to the following people.

First, I would like to thank our advisor, Mr. Loren Nicholson, for his long hours and able advice, for tearing what little hair he had left, and most of all, just for putting up with all of us. The students on the staff, responsible for my developing such magnificent muscles in my whip arm, were indispensable.

The Taylor Publishing Company, represented by Mr. Viga Hall, was a constant source of both help and consternation. (Which I am sure we were to them, also). Thanks should also go to Chuck Knowles for designing our cover and the S. K. Smith Company who produced it, represented by Mr. Robert Hopkins.

Mr. Mickey Dunlap and Mr. Burt Turney of Dunlap-Turney Photographers conjured up our senior pictures. Mr. Clyde Hostetter and Mr. Jack Hill assisted with the group shots taken in the Little Theater. Mr. Charles Plath also helped in this respect. Mr. Boyd Wettlauffer, who permitted us to use the Audio Visual Studio for the pictures of the Administration and the Poly Royal Queen and her court, must be thanked.

Special thanks to Harold Shreve, associate editor, and Dan Schilling, Photographer. And also to Don Depue who helped us out of some of our confusion.

And last of all, thanks to those of you who bought the book, because without you we would be broke. (Come to thing of it, maybe we are anyway!)

Judy Cochran
