Freshmen Take Notice
We, the Sophomore class, wish to thank the said class for the kind
way in which they treated our small but well-earned present. It is
hoped by all the Sophomore class that the little botany was well taken
over and not be a bad moment to be handed down to the
preceding Freshman classes.

(Signed) Sophomore Class.

Varieties of John Smith.
In Latin John Smith became Jo-
annes Smithii; in Italian he is
known as Giovanni Smithii; in French
he becomes Jean Smith; the Hindustan
calls him Joseph Smithianus; the Dutch
know him as Pieter Smithii; the Welsh

Track Meet

Track, the almost forgotten sport at Poly, has come back to us with a victory for Poly. Poly staged a track meet on the sixth of May, inviting the four high schools of the county. The high schools had the privilege of sending junior college men if desiring, but all of this did not deter Poly winning by the larger end of the points.

With the hard work of Mr. Anzal, Mr. Gary and the students, the track was put in shape and was in first-class condition. Much interest was given to the track meet and a few hours of entertainment was present. There were three cups donated for the meet and Poly holds two of them. The team winning the most points and the winning relay team. Harry of Paso Robles won the high point man cup, which he showed capability of earning.

Space forbids the printing of the complete score, the time, and the events. Those are all posted on the bulletin board.

The final score stood, Poly, 64; Paso Robles, 46; San Luis High, 6; Arroyo Grande, 6.

The slugging nine will journey to Santa Barbara next Saturday to play the Junior College. Here's hoping for another victory.

News of Special Students

One of the special students who was visiting in San Francisco for a few days brings back some news of the "payment or bail" that was held in the Civic Auditorium on Friday evening, May 5. One hundred callers were in attendance, each one having been wounded while serving in the world war, and were decorative for service worthy of praise. The very best vaudeville acts that could be obtained from the different theaters were presented. The leading actors and actresses of the movie world were present for the grand ball, and the presence of a person like Rudolph Valentino caused quite a sensation amongst the ladies. This pageant was held for the benefit of the Disabled American Veterans, in order to raise funds for the coming convention to be held in San Francisco from June 6 to 8. There is no doubt but what it was an elaborate affair as they went over the top and raised $16,000 in one night.

K. E. Stevven, adjutant of the Disabled American Veterans, has returned to the school after an absence of one week, due to sickness. Special students demanding any information as regards the organization can receive same by calling at his new address, 1402 Marsh street, at any time after school hours.

Timothy Barry, or better known to the Federal students as "The Englishman," has been sick and has recuperated his absence from the school for some time, and the doctor pronounces him completely recovered, and ready to return to his studies. We sincerely hope that he will be feeling better and able to contribute with his studies.

BASSEAL

The slugging nine of Poly is still undefeated, winning seven games straight and ready for the next victory. The team this year is one of the strongest teams of the junior college rating on the coast and it is hoped that a game can be scheduled with some northern or southern team to decide our standing.

The team this year is one of the strongest Poly has ever turned out and through these work other schools will have to look up to Poly as having the strongest team. A trip to Santa Barbara is expected on the twentieu* in length with the Santa Barbara State Teachers' College and Poly is looking forward to a victory over the "Ocean Breeze Nine." A further schedule of games is undecided, but at least two more are expected. A game may be scheduled for Memorial day.

DECATHLON CONTEST

Mr. Richardson says the boys have half day off Wednesday for the decathlon contest. It seems, that it should have been a day instead of a half day because only a portion of the events were run through. The groups were divided up according to size, height and weight and the scores are reported on the bulletin board. Scores will be posted until all of the events are over, then the boy having the highest percentage will get the medal and will be classified as the best athlete in Poly. The winner will win all probability get more praise than the winner of the beauty contest.
