WHEREAS, It appears that California Polytechnic State University, San Luis Obispo will be implementing a multiple criteria system for admission of undergraduate students; and

WHEREAS, The specific criteria used in such a system and the relative importance of each criterion will affect the academic qualifications of incoming students; and

WHEREAS, The non-academic criteria used in such a system will affect the overall character of the student body and the character of student life at Cal Poly; and

WHEREAS, The faculty via its Academic Senate has a responsibility for assuring the quality of the educational environment at California Polytechnic State University, San Luis Obispo; and

WHEREAS, The faculty via its Academic Senate has a responsibility for maintaining and improving the quality of the various academic programs on the campus; therefore be it

RESOLVED: That the governing structure of the multiple criteria admissions system include seven, four-member committees (one from each School), appointed by the Executive Committee of the Academic Senate upon recommendation of the caucus of each respective School. Each committee shall recommend appropriate criteria for admission to its School to the Vice President for Academic Affairs; and be it

RESOLVED: That the governing structure of the multiple criteria admissions system include a four-member ad hoc committee of the Academic Senate, appointed by the Chair of the Academic Senate, to review all proposals for criteria and their relative importance to insure the integrity of the admissions criteria university-wide. The recommendations of this committee are to be forwarded to the Vice President for Academic Affairs and the Chair of the Academic Senate.
